THE LIBRARY OF THE

JUL 27 1956

UNIVERSITY OF ILLINOIS

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

Correction affecting Calendar Number 573-55-BZ.

Notice of Public Hearing on Proposed Amendments of
Oil Burner Rules.

CALENDAR

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 17, 1956 subject to regular procedure, to consider extension in area of the premises; and

WHEREAS, a public hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin; laid over to May 22, 1956, for inspection and decision; hearing closed; then to June 5, 1956, for inspection and decision; then to June 26, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 170th Street and Boston road are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated November 10, 1955 acting on N.B. Applic. 1443-55, reads:

"1. The proposed demolition and reconstruction of the existing gas station, stores, motor vehicle repair shop and office to a 'gasoline service station, parking and storage of motor vehicles, lubritorium, minor auto repairs, utility room, store, car washing' in a business district is contrary to Sect. 4 of the Zoning Resolution and to the Bd. of S. & A. resolutions Cal. 437-27-BZ & Cal. 144-52-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 110 ft. frontage by 133.97 ft. in depth, irregular, presently developed with a gasoline service station having a frontage of 85 ft. on Boston road and a frontage of 133.97 ft. on East 170th street; that this gas station is developed with five 550 gallon gas storage tanks, four dispensing pumps, an 8 ft. 4 in. by 26 ft. one story building of class 3 construction, used as an office and sales room, and six open lubricating pits; that the gas station was originally installed under S.A. 585 of 1925 and certificate of occupancy N.B. No. 2172 of 1925; that the gas station was extended under Alt. 234 of 1927 and a variance of the Board under Cal. No. 437-27-BZ; that no new certificate of occupancy was issued; that the site is further developed with a one story building of class 3 construction having a frontage of 25 ft. on Boston road and erected under N.B. No. 112 of

MINUTES

1913 as a store building; that the building was later altered under Alt. No. 147 of 1936 to convert to an auto laundry and repair of tires, and later altered under Alt. No. 980 of 1951 and a variance granted by the Board to use the building as a motor vehicle repair shop; that certificate of occupancy No. 15212 was issued on November 16, 1954 for this use; that it is proposed to remove all of the buildings and open pits now on the site and erect a new accessory building of class 3 construction, one story in height, having a frontage of 44 ft. a depth of 30 ft. 6 in. and containing the conjunctive uses of lubritorium, car wash, minor auto repairs, utility room and store; that it is further proposed to maintain the five present 550 gallon gas storage tanks and install three additional tanks of 550 gallon capacity each, making a total of eight; that the four present gas pumps are to be relocated to 10 ft. back of the Boston road building line; that the present gas station is legal as well as the present auto repair shop, so that the new additional use is car washing; and

WHEREAS, the applicant contends that the removal of the present open greasing lifts and the rehabilitation of the site will improve the conditions and appearances for the entire community; that since the present gas station has been in continuous use since 1925 it has proven that it is a required service at this point and its rehabilitation and extension will enable it to render a more efficient service to the public; that the extended portion of the gas station will only replace the present legal non-conforming use of the motor vehicle repair shop; and

WHEREAS, the applicant states that the present owners have held title to lot 14 since June 15, 1932 and to lot 17 since April 30, 1936; that the assessed valuation of the land is \$27,000 and of the building \$10,500 making a total of \$37,500; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition to permit extension of the area and reconstruction; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the reconstruction of the lawfully existing gasoline service station and to permit the extension substantially as proposed *on condition* that all buildings on the premises shall be demolished and the premises shall be reconstructed and arranged as indicated on such plans marked "Received December 8, 1955", 6 sheets; that the accessory building shall be of the design, location and arrangement as indicated on such plans and shall be faced with face brick except on the rear; that there shall be no cellar under the accessory building; that pumps shall be of a low approved type and erected not nearer than 15 ft. to the street building line of Boston Road; that the balance of the premises where not proposed to be occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that along the rear lot line to the west from the accessory building to the building line of Boston Road there shall be erected a masonry wall not less than 5 ft. 6 in. in height; that curb cuts shall be restricted to two curb cuts to Boston Road each 30 ft. in width and two curb cuts to East 170th Street 30 ft. in width; that no portion of any curb cut shall be nearer than 5 ft. to a lot line as prolonged; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the borough president; that under Section 7i of the zoning resolution, there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line of one post standard at right angles to Boston Road building line for

supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not over 4 ft.; that there may be metallic standards, located where shown, for lighting, provided such lights have metallic shades to reflect toward the center of the premises; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that any existing tanks shall not be reused unless they are tested by the Fire Commissioner and found to be in good condition; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

5-33-BZ—Vol. II

APPLICANT—Patrick D. Concagh, for Thomas and Louis Filomio, owners.

SUBJECT—Application reopened October 25, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7i, 7e and 7h, of the zoning resolution to permit in a business, retail and residence use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, sales and storage room, for auto accessories and minor repairs, and parking and storage for more than 5 cars.

PREMISES AFFECTED—3480-3498 Baychester avenue and 3800-3812 Boston road, southeast corner, Block 5257, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 25, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for inspection and decision; hearing closed; then to June 19, 1956, for applicant to file a financial statement as to the return on the present conforming use; then to June 26, 1956, for further consideration and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in business, retail and residence use, C area, class 1 height districts; Boston road is in a business use, C area, class 1 height district. Baychester avenue is in business, retail and residence use, C area, class 1 height districts; DeReimer avenue is in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated March 9, 1956 acting on N.B. Applic. 1544-55, reads:

"1. Proposed gasoline service station, car wash, lubritorium, minor auto repairs, storage & sale of accessories, parking and storage of more than five motor vehicles in a business, residence & retail district is contrary to Art. II Sect. 3, 4 and 4-A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 150.23 ft. frontage by 147.58 ft. in depth, improved with a one story non-fireproof building used as a restaurant and cocktail lounge with accessory parking at the rear for more than five cars for the convenience of patrons, permitted under certificate of occupancy No. 15805 issued February 18, 1955; that this supersedes certificate of occupancy No. 7674 issued September 7, 1950 after completion of the above structure under N.B. Applic. 33-50; and

MINUTES

WHEREAS, the applicant states that Boston road at this point is situated in a business use district to a depth of 100 ft., and Baychester avenue 100 ft. south of Boston road is located in a retail district; that the balance of the plot, approximately 50 ft. by 55 ft., is zoned for residential use; that the entire plot is located in a C area and class 1 height district; that as of July 26, 1916 the entire plot was zoned for residential use; that on January 20, 1927 this designation was changed to business use along Boston road and on Baychester avenue to a depth of 100 ft.; that on August 26, 1954 that portion of the plot facing on Baychester avenue, 100 ft. south of Boston road, was changed to retail use; that the area and height designations go back to 1916 without change; that there is no petition pending before the City Planning Commission to change the present designations; and

WHEREAS, the applicant contends that the present owners purchased this property in 1950 for the purpose of opening up an attractive restaurant which would cater to the wants of a high class clientele, particularly those traveling along Boston road to and from the City; that a large amount of money was expended both on the construction of the building and on the furnishings and decorations within the restaurant and an open outside terrace extending along the entire front of the building was provided for those who chose to dine outdoors; that the type of clientele anticipated never materialized; that instead the owners must cater to the wants of the transient "hot dog and hamburger trade" with the result that they have been steadily losing money on their venture since its opening and will soon be forced to close; that the property has a high assessed valuation and this, with the cost of upkeep, makes the problem of meeting fixed charges very burdensome upon the owners; and

WHEREAS, the applicant states that it is proposed to demolish the present building and construct an attractive gasoline service station of modern design with accessory uses of lubritorium, car wash, sales and storage rooms for auto accessories and minor repairs, with parking and storage of more than five motor vehicles; and

WHEREAS, the applicant further contends that the proposed use is particularly adaptable for this site which faces on Boston road and Baychester avenue; that Boston road is a very heavily trafficked highway leading in and out of the city to and from Westchester county and New England; that Baychester avenue will within a very short time be an important link in the chain of highways feeding into the New England thruway, now nearing completion; that this new parkway is located only two or three blocks from the site; that a grant of this application will not adversely affect the immediate neighborhood or adjoining property owners; that of the 41 lots within the area of notification, 26 are vacant; that the Dyre avenue extension of the east side I.R.T. subway runs close to the site at the rear and there are no residential properties so near the site as to be adversely affected; and

WHEREAS, the applicant states that the present owners have held title to the property since February 2, 1950; that the assessed valuation of land is \$21,500 and of the building \$11,000, making a total of \$32,500; that the building was erected in 1950; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant filed a financial statement of the existing restaurant showing receipts and expenditures; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Sections 7f and 7e for a term of 15 years to permit the premises to be occupied as a gasoline service station substantially as proposed and as indicated on plans filed with this application marked "Received January 26, 1956", 4 sheets, "February 2, 1956" 2 sheets, and

"March 12, 1956", one sheet, *on condition* that the existing restaurant building and all other buildings and uses now on the premises shall be completely removed and the plot shall be graded substantially to the grade of Boston Road and Baychester Avenue and constructed and arranged substantially as shown on such plans; that there shall be erected on the two interior lot lines to the east and south a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 ft. 6 in.; that suitable masonry terminating posts shall be erected at the building lines and in view of the length shall be amply supported to keep the fence erect; that the accessory building shall be located toward the center of the premises, as shown, and shall be faced with face brick on the exterior sides; that revised plans showing the design of the building shall be submitted to the Board for further consideration; that pumps shall be of a low approved type erected not nearer than 15 ft. to the street building line of Boston Road and Baychester Avenue, as shown; that the number of tanks shall not exceed twelve 550 gallon approved tanks; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the borough president; that curb cuts shall be restricted to two curb cuts to Boston road each not over 30 ft. in width and two curb cuts of similar width to Baychester Avenue; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that there shall be no cellar under the accessory building; that the accessory building shall in all other respects comply with the requirements of the Building Code; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line at the intersection and also at the easterly end a post standard at each location for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 ft.; that under Section 7h, for a similar term, there may be parking of cars provided such parking does not interfere with the servicing of the station; that under Section 7i, for a similar term, there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution after the revised plans for the accessory building have been submitted to the Board and have been approved by the Board.

147-34-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Socony Mobil Oil Company, Inc. and Peter J. Pccorelio, owners.

SUBJECT—Application reopened March 13, 1956 as Vol. II—re (decision of the borough superintendent) under sections 7c, 7i and 7A of the zoning resolution, to permit in a retail use district, the proposed extension of existing gasoline service station, office, lubritorium and auto laundry, to include sales, minor auto repairs (hand tools only) and parking of cars in open areas, with curb cut on 188th street closer to residence district than permitted and curb cuts on Hillside avenue and 188th street contrary to resolution of the Board.

PREMISES AFFECTED—187-37 to 187-45 (187-41 official) Hillside avenue and 87-90 to 87-98 188th street, northwest corner, Block 9960, Lot 1, Hollis, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Henry Borst.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 13, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Hillside avenue are in a retail use, D area, class $\frac{1}{2}$ height district; 188th street is in retail and residence use, D area, class $\frac{1}{2}$ height districts; and

WHEREAS, the decision of the borough superintendent, dated February 3, 1956 acting on Alt. Applic. 2362-55, reads:

"1. The proposed extension of the existing gasoline service station, office, lubritorium and auto laundry, on an increased plot in a retail use district, to include sales, minor auto repairs (hand tools only) & parking & storage of cars in open area, is contrary to the decision of the B. S. & A. Cal. 147/34 BZ on 9/25/34, and is contrary to Art. 2 Sec. 4A of the Zone Res.

2. The proposed curb cut of 40' on 188 St. & proposed curb cuts on Hillside Ave., are contrary to the above mentioned decision of the B. S. & A.

3. The location of curb cut on 188 st. is contrary to Art. 2 Sec. 7A of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 125.8 ft. frontage by 100 ft. in depth, on which is located a gasoline service station, lubritorium, minor auto repairs, car washing, office and sales, parking and storage of motor vehicles; that the premises are presently developed with a gasoline service station having a legal frontage of 75 ft. on Hillside avenue, 100 ft. on 188th street, 71.08 ft. on the northerly lot line and 97.08 ft. on the westerly lot line, consisting of five 550 gallon gasoline storage tanks, four dispensing pumps and an accessory building one story in height, of class 3 construction, having a frontage of 53 ft. and a depth of 31 ft. 3 $\frac{1}{2}$ in.; that this gas station was erected under N.B. Applic. 502-1934 and also under a conditional variance granted by the Board under Cal. No. 147-34-BZ; that certificate of occupancy No. 54322 was issued for use as office, lubrication, auto laundry and gasoline selling; that the original gas station was in existence since prior to 1916 and the records of the fire department indicate the issuance of annual permits for a gas station; that in 1925 the fire department issued permission to relocate the gasoline pumps and the gas station was described as being a plot of 75 ft. by 100 ft.; and

WHEREAS, the applicant states that it is now proposed to maintain the present legal uses of office, lubritorium, car washing and gas station; that it is also proposed to add the uses of sales, minor auto repairs (hand tools only) and the parking and storage of motor vehicles in the open areas; that it is further proposed to extend the gas station westerly along Hillside avenue for a distance of 50.81 ft., thereby making a total frontage of 125.81 ft. on Hillside avenue; that it is also proposed to remove the present pumps, install new low type pumps 15 ft. in back of the Hillside avenue building line and add five 550 gallon buried gasoline tanks, making a total of 10 tanks; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in a business use district, class 1 height district and class C area district; that the present use designation became effective on January 21, 1947 and the present height and area designation became effective on June 30, 1952; and

WHEREAS, the applicant contends that inasmuch as the existing gasoline service station has been in continuous operation prior to 1916, it has proven a vital necessity to

the neighborhood and the enlargement of the station will allow the owners to render a more complete and efficient service to the public; that Hillside avenue is a main auto lane and as such the present gas station and its extension are entirely within keeping at this point; that the inclusion of minor auto repairs with hand tools only is a conjunctive use and a service all gas stations are expected to render; that the inclusion of parking and storage of motor vehicles will help alleviate the parking problem in this area and also make certain that the cars awaiting service will be kept off the street; that 188th street is to be widened at some future date but to date the city does not have title to the proposed widened area and no proceedings are pending to acquire title; that in any event it is not proposed to place any part of the structure upon that part of the proposed widened area; that at the present time there are no curbs in front of the premises on 188th street and only approximately 40 ft. of curb in front of the westerly part of the site on Hillside avenue; that the curbs and sidewalks to be installed on Hillside avenue and 188th street are acceptable to the Bureau of Highways at this time; that the proposed curb cut on 188th street within 75 ft. of the residence zone is required for efficient operation of the gas station and will result in a better condition than now exists, with no sidewalks, curbs or curb cuts; that the proposed curb cut on 188th street will not have any greater effect upon the residential aspect of 188th street than the many curb cuts serving as entrances to all of the private garages on said street; and

WHEREAS, the applicant states that the present owner has held title to parcel A since November 26, 1934; parcel B, July 18, 1955 and parcel C since January 5, 1942; that the assessed valuation of land is \$44,500 and of the building \$5,000 making a total of \$49,500; that the building was erected in 1934; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 25, 1934, under Vol. I by adding thereto:

"that in the event the owner desires to extend the area of the existing gasoline service station, erected under the resolution above cited, as now proposed and as indicated on plans filed with this application for extension marked 'Received February 6, 1956', 6 sheets, such extension in the area of the plot may be permitted as indicated on such plans; that any fence erected between the existing building and the extension may be removed; that along the northerly and westerly lot lines there shall be erected a woven wire fence of the chain link type on a masonry base continuing from the present masonry wall at the north to the street building line of Hillside Avenue where a substantial masonry post shall be erected for such wall; that the balance of the new premises shall be paved with concrete or asphaltic pavement; that storage tanks may be permitted consisting of five 550 gallon approved tanks; that pumps shall be of a low approved type and erected not nearer than 15 ft. to the street building line of Hillside Avenue; that an additional curb cut may be permitted to Hillside Avenue where shown, not over 30 ft. in width, and a new curb cut to 188th Street shall be removed to the building line as soon as 188th Street has been widened; that the existing curb cut near the intersection to Hillside Avenue shall be moved westerly so as to be not nearer than 5 ft. to the street line as prolonged; that within the intersection there shall be erected a block of concrete extending not less than 5 ft. along either street line, not less than 12 in. in height; that the existing light poles may remain in the present location until the street widening is completed, after which new poles may be erected; that within the new intersection of Hillside Avenue and 188th Street there may be a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting

MINUTES

such sign to extend beyond the building line at right angles to Hillside Avenue for a distance of not over four feet; that under Section 7c there also may be parking and storage of motor vehicles on spaces where servicing of the station will not be interfered with; that under Section 7i there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that in all other respects the resolution above referred to as adopted September 25, 1934, shall be complied with where not inconsistent with this amended resolution; and that all permits shall be obtained, including a new certificate of occupancy, and all work completed within the requirements of Section 22A of the Zoning Resolution."

66-38-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Bankers Federal Savings and Loan Association, owner.

SUBJECT—Application reopened January 17, 1956 as Vol. III—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a local retail use district the proposal to use the 2nd floor of a 2 story building of class 1 construction for offices.

PREMISES AFFECTED—340 Avenue of the Americas and 151 West 4th street, northeast corner, Block 552, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama, Millard Henlein and C. Harry Minners.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on January 17, 1956 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Avenue of the Americas is in a local retail use, C area, class 1¼ height district; West 4th street is in local retail and residence use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 22, 1955 acting on amendment to N.B. Applic. 52-54, reads:

"1. Proposal to use 2nd floor for offices in a bldg. located in a Local Retail District is contrary to Sec. 4c, Art. II Zoning Resolution and should be referred to Board of Stds. and Appeals under Resolution Cal. No. 66-38-BZ, Vol. II."

and

WHEREAS, the applicant states that the premises consist of a plot, 61 ft. frontage by 67 ft. 2¼ in. in depth, presently developed with a building 2 stories in height, of class 1 construction, having a frontage of 61 ft. on Avenue of the Americas, 67 ft. 2¼ in. on West 4th street, 67 ft. 2¾ in. on the northerly lot line, and 32 ft. 4½ in. and 33 ft. 1 in. on the easterly lot line; that this building was erected under N.B. Applic. 52 of 1954 and variance granted by the Board under Cal. No. 66-38-BZ, Vol. II; that temporary certificate of occupancy No. 44612 was issued for 90 days for use as cellar—vault, toilets and mechanical equipment; 1st floor—bank, mezzanine; bank, 2nd floor not shown on certificate is vacant; that said 2nd floor was approved for use as one family dwelling; that it is proposed to maintain

the present legal uses of cellar—vault, toilets and mechanical equipment; 1st floor—bank; mezzanine bank; that it is further proposed to change the use of the 2nd floor from 1 family dwelling, to offices; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in a business use district, class 1½ height district and class B area district and received the present use, height and area designation on July 12, 1940; and

WHEREAS, the applicant contends that the Bankers Federal Savings and Loan Association is one of New York's leading banks and in order to properly provide an efficient banking service for its customers it is necessary that they expand their office facility; that the building is highly modern in design and with the 2nd floor built as a pent-house with setbacks from both streets, and the rear yard, the residential aspect of the neighborhood will be maintained, and as the same outward appearance of a dwelling will be maintained, the community will not be affected; that the property is high is assessed value and it is mandatory for the bank to utilize every inch of space in order to receive an equitable return on their tremendous investment; that the assessed value of the land shown on the Board's form has been assumed, as the tax records only indicated a combined assessed value of \$206,000 for Lots 1 and 5, which were formerly one lot known as lot No. 1; that the tax office has not assessed the new building on the site to date, and the actual cost of construction of \$375,000 has been indicated; and

WHEREAS, the applicant states that the present owner has held title to the property since December 29, 1953; that the assessed valuation of land is \$61,000 and of the building \$375,000 making a total of \$436,000; that the building was erected in 1955; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board,

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 4, 1955, under Vol. II, only so far as it refers to change of use of the apartment space on the second floor, by adding thereto:

"that the apartment space formerly permitted on the second story may be changed in use to office space for the bank, substantially as proposed and as indicated on plans filed with this application marked 'Received December 16, 1955' 10 sheets, *on condition* that in all other respects the requirements of the resolution above cited, as to this building and the plot on which the building is located, shall be complied with."

778-54-BZ—Vol. II

APPLICANT—Charles M. Spindler, for Tally-Ho Realty Corp., owner.

SUBJECT—Application reopened January 31, 1956 as Vol. II—re (decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use, E-1 area district, the erection and maintenance of a gasoline service station, auto washing, lubrication, office, accessory sales, minor repairs, and the construction of the building on the street line without the required setback.

PREMISES AFFECTED—1320-1342 Remsen avenue, west side, 263 ft. 10¾ in. north of Avenue K, Block 8041, Lot 56, Borough of Brooklyn.

MINUTES

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 31, 1956 subject to regular procedure, for rehearing under section 21 of the zoning resolution; and

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; laid over to June 26, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Remsen avenue and Avenue K are in a residence use, E-1 area, class $\frac{1}{2}$ height district; and

WHEREAS, the decision of the borough superintendent, dated April 11, 1956 acting on N.B. Applic. 1150-54, reads:

"1. The proposed construction of a gasoline service station, auto washing, lubrication, office, accessory sales and minor repairs with hand tools only, in a residence use district is contrary to the Zoning Res. Art. 11 Sect. 3.

2. The construction of the bldg. on the street line as proposed in an E 1 district is contrary to Art. IV Sect. 15-A requiring a 15'-0" setback."

and

WHEREAS, the applicant states that the premises consist of a plot, 175 ft. 5 in. frontage by 47 ft. 10 $\frac{1}{2}$ in. in depth, irregular, now vacant; that it is proposed to erect a building 30 ft. front by 30 ft. 8 $\frac{3}{4}$ in. in depth, irregular, to be located at the southerly end of the plot and to be surfaced with face brick on all sides, including the blank walls facing the cemetery property; that an ornamental brick fence wall, surfaced with face brick on both sides, will be provided along the rear lot line adjoining the cemetery and will return to Remsen avenue along a line 8 ft. from the northerly end of the site; that Canarsie cemetery which abuts the entire rear line of the site is at an average grade of 6 ft. below the grade of the site; that a concrete retaining wall will be constructed along the rear lot line up to the grade level of the site, above which the face brick fence wall will be provided; that the 8 ft. wide strip of land along the northerly lot line will be surfaced with grass and will be sloped down toward the adjoining greenhouses to the north; that this condition will insure that the present proposal will not interfere with light and air for the greenhouse property; and

WHEREAS, the applicant states that the height zoning of this property was changed from 1 to $\frac{1}{2}$ on July 22, 1954; that the area zoning of the site was changed from D to E-1 on May 12, 1955; that there has been no change in the use district designation since July 25, 1916; and

WHEREAS, the applicant further states that although the site has a frontage of about 175 ft. on Remsen avenue it has a depth at the south lot line of 30 ft. 8 $\frac{3}{4}$ in. and a depth on the north lot line of 47 ft. 10 $\frac{1}{8}$ in., resulting in an average depth of 39 ft.; that Canarsie cemetery abuts the site along the entire rear lot line; that adjoining the site to the north (lot 50) is a plot developed with greenhouses and a dwelling at the northerly portion on lot 50 used in conjunction with the greenhouses; that adjoining the site to the south (lot 1) is a shallow plot with a frontage of about 263 ft. on Remsen avenue; that this plot, although not part of the cemetery, is used in conjunction with the cemetery; that in 1955 a comfort station and office built for cemetery use was completed on this plot, within a residential zone, under N. B. 1544-51; and

WHEREAS, the applicant contends that the extremely shallow depth of the site and the surrounding conditions previously mentioned results in a clear case of practical difficulty and unnecessary hardship within the meaning of section 21 of the zoning resolution; that it is felt that the standards that have been established by the courts as a basis for the application of section 21 apply to this site; that the hardship is unique and not generally shared by other properties in the neighborhood, which is a fundamental requirement for the application under section 21; that the only other lots which are affected by a shallow depth backing on the cemetery are the two lots previously mentioned, and both of these adjoining lots are already devel-

oped with non-conforming uses; that the proximity of a cemetery is ordinarily a deterrent to the construction of dwellings, and while there are a few instances in which dwellings have been built abutting cemeteries, these are ordinarily in choice residential areas where land is at a premium; that with the non-conforming uses on both sides it is reasonable to assume that no builder will construct dwellings on this site, even if the plot had sufficient depth to accommodate them; that in addition to the physical difficulty inherent in lot size and the practical difficulties created by the surrounding uses, the site was recently rezoned to an E-1 area district which requires a 15 ft. setback from the building line; that since both the comfort station and the office building to the south and the greenhouses to the north do not have this 15 ft. setback, permission is requested under this application to permit the proposed building to be constructed on the building line; that it would be extremely impractical to set this building back and no benefit would be obtained since adjoining buildings now extend well beyond this 15 ft. setback; that a maximum effort is being made under the present proposal to protect the cemetery from any possible adverse effect; that because of the grade condition, the top of the proposed fence wall along the rear lot line will be about 11 ft. above the cemetery grade; that this fence wall as well as the rear and southerly side wall of the accessory building will be constructed of face brick without any openings therein; that because of the height of this fence wall, the gas station itself, and its operations, will be completely hidden from the view of anyone in the cemetery; that Remsen avenue is a heavily traveled traffic artery and there is a real need for a service station in this area; that there are no gas stations on either side of Remsen avenue for more than $\frac{1}{2}$ mile to the north of the site, and no service stations whatsoever to the south of the site for the entire length of Remsen avenue; and

WHEREAS, the applicant states that while it is felt that a real practical difficulty and unnecessary hardship exists, this application is also made under section 7e of the zoning resolution, which permits the Board to exercise its discretion to grant even if it feels that the standards for the use of section 21 have not been fully proven; and

WHEREAS, the applicant states that the present owner has held title to the property since September 23, 1954 and that the assessed valuation of land is \$3,400; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee has noted that there are residential buildings on the other side of Remsen Avenue which have been constructed since the previous application; and that the Borough President of Brooklyn has reiterated his objection to the use of the premises as a gasoline service station in a recent letter dated June 6, 1956, because of the presence of the cemetery; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the zoning resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N. B. App. 1150/54, Objection No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

816-54-BZ—Vol. II

APPLICANT—Burke, Green and Groh, for Eli Brody, owner.

SUBJECT—Application reopened November 9, 1955 as Vol. II—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, F-1 area district, the proposed erection of a one story and cellar building of class 3 construction, to

MINUTES

be used for doctors' offices, with less than the required rear yard.

PREMISES AFFECTED—21-35 Bell boulevard, east side, 241.21 ft. north of 24th avenue, Block 5958, Lot 57, Bay-side, Borough of Queens.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 9, 1955 subject to regular procedure, to consider revised proposal, previously withdrawn; and

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for applicant to report to the Board as to parking facilities and also as to proposed use of the cellar; then to June 26, 1956, for applicant to submit statement to the Board as to the sewerage situation and the proposed use of the basement; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Bell boulevard and 24th avenue, are in a residence use, F-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 11, 1955 acting on N.B. Applic. 3378-54, reads:

"1. Size of proposed rear yard in an F-1 area district does not comply with Art. IV, Sec. 16A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 62 ft. frontage by 143.42 ft. in depth, irregular, now vacant; that it is proposed to erect and maintain a one story and cellar building of class 3 construction, 52 ft. front, 108.6 ft. in depth, irregular, with less than the required rear yard; and

WHEREAS, the applicant states that as of July 25, 1916 the property in question was in a one times height district and a D area district; that at that time the portion of the property within 100 ft. of Bell boulevard was in a business district and the remainder in a residence district; that the zoning modifications establishing the present use, height and area zoning pattern became effective December 19, 1938; that on October 29, 1954 the area was changed to an F-1 area district; and

WHEREAS, the applicant contends that the only problem in the Board is that the rear yard of the building as now designed does not comply with Article IV, section 16A of the zoning resolution; that except for all references as to the area of the building, the description of proposed work still applies; that the depth of a rear yard of a building located in a residence use district shall be at least 30% of the depth of the lot, but need not exceed 30' (see art. 4, sect. 16-F districts which also applies to F-1 districts); that as can be seen from the plot plan, the rear yard dimensions are considerably smaller than those required; and

WHEREAS, the applicant states that an F-1 area district it is required that there be a 30 ft. rear yard; that the rear yard of the building in question varies from 8 ft. 4 in. to 28 ft. 3 in. in distance from the rear lot line; and

WHEREAS, the applicant states that the present owner has held title to the property since October 16, 1953 and that the assessed valuation of land is \$1,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant failed to

substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 3378/54, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

108-55-BZ

APPLICANT—Henry Nordheim, for John Salpizi, owner.
SUBJECT—Application February 11, 1955—re (decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a structure located in a residence and business use district the proposed manufacturing, in addition to existing bakery use.

PREMISES AFFECTED—614-616 East 180th street, south, side, 145 ft. east of Arthur avenue, Block 3069, Lot 80, Borough of The Bronx.

For Applicant: Henry Nordheim.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Build-ings and John J. Saunders, Board of Education.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Klein-ert, Commissioner Keating and Deputy Chief Con-nolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for inspection and decision; hearing closed; then to June 26, 1956, for applicant to file revised plans showing cellar stairway, enclosed, elevator enclosed and as to exits; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Hughes avenue are in business and residence use, B area, class 1¼ height districts; East 180th street and Arthur avenue are in a business use, B area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated January 26, 1955 acting on amendment to Alt. Applic. 735-54, reads:

"2. Proposed manufacturing in a residence use district of a bldg. partly in business and partly in residence use district is contrary to Sect. 3 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50.56 ft. frontage by 146.12 ft. in depth, irregular, on which is located a one story building of class 3 construction, being used as a bakery and factory. 50.56 ft. front, 153 ft. in depth; that it is proposed to add the use of manufacturing lamp bases to the existing bakery use; and

WHEREAS, the applicant states that the building in question was constructed under N. B. Applic. 2682-1926 and certificate of occupancy No. 656 was issued April 13, 1927; that the occupancy then was "bakery and market", a commercial use and from its shape on its southeast rear end it may be noted that it is not parallel to the east lot line; that this was so arranged to parallel the boundary line between the residence use district and the business use district, thus the building stood entirely in the business use district; that the bakery still exists in the easterly store, but the very much larger section of the building became a failure as a market and has been vacant for a long time; that this westerly section is entirely too deep for use as a store, being over 150 ft. deep, and has an additional area in the rear ell and therefore the owner decided to move his own type of business in such store, that of manufacturing lamp bases; that these bases are made entirely of cement and will require employing 8 men thus bringing the operation under factory

MINUTES

law; that only the front 100 ft. of this store is located in a business district, the rear 50 ft. being in a residential district, all of this being caused by the changing of the district lines; that, however, the building is still a commercial building; and

WHEREAS, the applicant states that it is proposed to install a new front show window and entrance doors commensurate with the balance of the building; that in the interior a partition will be erected to provide an office and show room and in the rear portion, two spraying tables with exhaust hoods and 12 in. by 12 in. vent ducts to the roof; that in the rear a drying room will be erected of 8 in. concrete blocks with fireproof door, electrically heated, no open flame, 20 ft. by 9 ft. 6 in.; that the rest of the floor space will be used for the storage of sand and cement; that all of the arrangements will conform to the building code and the labor law; and

WHEREAS, the applicant contends that the subject building conformed to the zoning resolution at the time of its erection, and in which manufacturing could be done in its entire area; that on March 31, 1937 the line between the two districts was altered and cut through the building 100 ft. south from the 180th street front, establishing the front 100 ft. as business and the rear 50 ft. as residence district; that the area of the store to be converted to factory use comprises about 5,300 sq. ft., of which the portion now in a residence district is 2,020 sq. ft.; that these 2,000 sq. ft. would be useless unless consideration is granted as permitted by section 21; and

WHEREAS, the applicant states that the present owner has held title to the property since May 25, 1954; that the assessed valuation of land is \$15,000 and of the building \$13,000 making a total of \$28,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which did not approve of the conditions on the premises, especially as to exits; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the zoning resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on amendment to Alt. App. 735/54, Objection No. 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to June 5, 1956, for inspection and decision; hearing closed; then to June 26, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Utica avenue and Flatlands avenue are in a business use, D area, class 1 height district; Avenue K is in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated July 5, 1955 acting on N.B. Applic. 1496-55, reads:

"4. Proposed gasoline service station, lubritorium, auto laundry (non-automatic) minor auto repair shop with hand tools only, parking of motor vehicles awaiting service in a Business zone is contrary to Article II, PP. 4a, subsections 29 and 46 of the Zoning Resolution.

5. Proposed curb cuts, to be used as business entrances, show windows and signs within 75' of a Residence zone is contrary to Article II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 73.81 ft. frontage by 100 ft. in depth, now vacant; that it is proposed to erect a gasoline service station, lubritorium, auto laundry, with provision for the making of minor auto repairs with hand tools only and for the parking of motor vehicles awaiting service on premises located on the east side of Utica avenue between Flatlands avenue and Avenue K; and

WHEREAS, the applicant states that the premises in question consist of an irregular shaped plot of land having a frontage of approximately 74 ft. on Utica avenue and a minimum depth of 100 ft.; that they have been owned by the present owner since October 3, 1952 but prior to that time title was held by an affiliated corporation who acquired the same on the following dates: lot 6, February 28, 1950; lot 8, February 7, 1950; lot 9, November 22, 1949; that the property in question is located within a business district and has been so zoned since 1916; and

WHEREAS, the applicant contends that Utica avenue is a heavily travelled thoroughfare running in a northerly-southerly direction; that it is 100 ft. wide at this point; that Flatlands avenue, which crosses Utica avenue at an angle is likewise heavily travelled and is of equal width; that Avenue K which crosses Utica avenue at right angles is only 80 ft. in width but also serves as a heavy traffic artery; that the intersection of these three streets is traffic controlled by traffic lights stationed at Utica avenue and Flatlands avenue; that although Utica avenue is heavily travelled, it has not fully developed along business lines;

MINUTES

that much of the property is vacant; that there is a gas station located at the northeasterly corner of Utica avenue and Flatlands avenue, directly opposite the premises under appeal, permitted by the Board; that because of the character of the improvements of Utica avenue, the heavy traffic on the streets and the fact that the premises under appeal can be reached from most of the nearby properties only by crossing a heavily travelled street, renders this property unsuitable for any conforming use; and

WHEREAS, the applicant states that the present owner has held title to the property since October 3, 1952 and that the assessed valuation of land is \$8,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied for a gasoline service station and accessory uses, substantially as proposed and as indicated on plans filed with this application marked "Received July 14, 1955," one sheet, and "April 4, 1956", 3 sheets, *on condition* that all buildings, structures and uses now on the premises shall be removed and the premises shall be levelled to the grade of the abutting streets; that the accessory building shall be of the design and arrangement as indicated on plans marked "Received April 4, 1956"; that there shall be no cellar under the accessory building; that the building shall be faced with face brick or common brick painted; that the doors to the toilet rooms shall be so located as not to be contiguous; that pumps shall be of a low approved type, erected not nearer than 15 ft. to the building line of Flatlands and Utica Avenues, where shown; that curb cuts shall be restricted to two curb cuts to Flatlands Avenue not over 30 ft. in width, two curb cuts to Utica Avenue not over 27 ft. in width, and one curb cut to Avenue K, within the first 25 ft. from the intersection; that no portion of any curb cut shall be nearer than 5 ft. to any lot line as prolonged; that on the rear lot line to the east there shall be erected a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 ft. 6 in. with suitable masonry terminating posts erected and maintained at the building lines of Flatlands Avenue and Avenue K; that the premises, where not occupied by the accessory building and pumps, shall be paved with concrete or bituminous paving; that the number of gasoline storage tanks shall not exceed 12-550-gallon approved tanks; that signs shall be restricted to permanent signs attached to the facades of the accessory building facing Utica Avenue and Flatlands Avenue and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line of two post standards, where shown, advertising only the brand of gasoline on sale and permitting such signs to extend beyond the building line for a distance of not over four feet; that lights for general illumination may be permitted on standards where shown provided the lamps have metallic reflectors reflecting away from the adjoining residential occupancies; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that there may be parking and storage of motor vehicles provided such motor vehicles do not interfere with the servicing of the station; that under Section 7i, for a similar term, there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that curb cuts herein permitted where Section 7A applies are hereby granted under such section; and that all permits shall be obtained, including a certificate of occupancy, and all work

completed within the requirements of Section 22A of the Zoning Resolution.

584-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Charlotte W. Sanders, owner.

SUBJECT—Application July 15, 1955—re (decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district the proposed demolition, reconstruction and extension of an existing gas station, office and sales, storage, lubritorium, car washing and minor auto repairs.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to June 5, 1956, for inspection and decision; hearing closed; then to June 26, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, B area, class 1½ height district; Park avenue is in business, manufacturing and unrestricted use, B area, class 1½ height districts; Morris avenue is in business and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 22, 1955 acting on N.B. Applic. 1053-55, reads:

"1. Proposed demolition, reconstruction & extension of an existing gas station, office and laundry to gasoline service station, office & sales, storage, lubritorium, car washing & minor auto repairs in a business use district is contrary to Art. II Sect. 4 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 ft. frontage by 29.40 ft. in depth, on which is located a gasoline service station consisting of three 550-gallon gasoline tanks, two dispensing pumps, one open lift, a one story in height building of class 3 construction and class 5 construction, having a frontage of 43 ft. and a depth of 35 ft., irregular; that it is proposed to rehabilitate the entire gas station site; that the present structure will be removed and a new accessory building, one story in height, of class 3 construction, with a frontage of 27 ft. 4 in. and a depth of 53 ft. will be constructed, and will contain the conjunctive uses of lubritorium, motor vehicle repairs, car wash, storage and office; that it is further proposed to install six 550 gallon-gasoline storage tanks in addition to the two present storage tanks; that the two existing gas pumps are to be relocated and two new gas pumps are to be installed, all 10 ft. back of the street building lines; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in an unrestricted use district and received its present use designation on July 31, 1947; and

WHEREAS, the applicant states that this gas station was established under S.A. No. 1499 of 1924 on a plot having a frontage of 75 ft. on Morris avenue, 29.40 ft. on East 155th street, 86.05 ft. on Park avenue and 71.44 ft. on the southerly lot line; that the one story metal building was erected under Applic. No. S.P. 1647 of 1924 for use as

MINUTES

an 8-car garage; that under Alt. Applic. No. 175 of 1936, certificate of occupancy No. 152 of 1936 was issued for use of the premises for gas station, office and laundry; that the premises are now being used for gas station, lubritorium, car wash, motor vehicle repairing, office, storage and 4-car garage; and

WHEREAS, the applicant contends that the uses of gas station, office and auto laundry are present legal uses so that this application only requests the additional new uses of lubritorium and motor vehicle repairs; that the entire affected area opposite the site and for 400 ft. in each direction is in an unrestricted zone and is developed with a noisy depressed railroad; that the affected area on the south side of Park avenue approximately 275 ft. west of the site is in a manufacturing zone and it is legal to erect gas stations in this area; that the existing gas station has been in continuous operation since 1924 indicating it has rendered a vital and required service to this area; that the removal of the existing structures and their replacement with a new modern building will be in keeping with the improvements in this area; that there are no other gas stations within the affected area and the rebuilding will enable the owner to render a more efficient service; and

WHEREAS, the applicant states that the present owner has held title to the property since December 19, 1935; that the assessed valuation of land is \$14,500 and of the building \$4,000 making a total of \$18,500; that the building was erected in 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the reconstruction of the lawfully existing gasoline service station substantially as proposed and as indicated on plans filed with this application marked "Received July 15, 1955", 4 sheets, and "May 11, 1956", 2 sheets, *on condition* that all buildings and uses not proposed to be retained where shown shall be removed and a new accessory building shall be constructed of the design and arrangement as indicated on such plans; that the building shall be faced with face brick on the exterior walls; that there shall be no cellar under such building; that the toilet rooms shall be arranged so that the doors thereto shall not be contiguous; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs but permitting the maintenance of one post standard facing Morris Avenue for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and shall not extend beyond the building line for a distance of more than four feet; that the existing sign at right angles to Park Avenue may be continued; that under Section 7i there may be minor repairing with hand tools only for adjustments; that such repairs shall be maintained only within the accessory building; that pumps shall be of a low approved type erected not nearer than 10 ft. to the street building line of Morris Avenue; that curb cuts shall be restricted to two curb cuts each 25 ft. in width to Morris Avenue and two of similar width to Park Avenue; that there shall be no curb cuts to East 155th Street; that at the intersections of Morris Avenue and Park Avenue there shall be maintained a block of concrete extending for a distance of not less than 5 ft. from the intersections, not less than 12 in. in height; that the number of gasoline storage tanks shall not exceed a total of ten; that there may be six new such tanks; that all existing tanks shall be tested by the Fire Department before the same are reused; that the balance of the plot where not occupied by accessory building and pumps shall be paved with concrete or tarvia;

that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the borough president; that on the rear lot line to the accessory building and from the accessory building to the building line of Morris Avenue there shall be erected a masonry wall not less than 5 ft. 6 in. in height; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

662-55-BZ

APPLICANT—Robert Gottlieb, for Vito and Frank Savino, owners.

SUBJECT—Application August 9, 1955—re (decision of the borough superintendent) under section 7a of the zoning resolution, to permit in a residence use district, the extension of a non-conforming use (residence and stores).

PREMISES AFFECTED—2075 Edenwald avenue and 4104 Murdock avenue, northeast corner, Block 5026, Lot 57, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 10, 1956 after due notice by publication in the Bulletin; laid over to May 8, 1956, for inspection and decision; hearing closed; then to June 5, 1956, for inspection and decision; then to June 26, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Edenwald avenue and Murdock avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated July 21, 1955 acting on Alt. Applic. 566-55, reads:

"1. Extending non-conforming (business) use in residence district is contrary to Section #3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 ft. frontage by 100 ft. in depth, on which is located a 2 story and attic frame building 22 ft. by 25 ft., of class 4 construction, accessory storage sheds and 2-car private garages; that it is proposed to remove the porch at the front and side and landscape the plot; that no signs are contemplated; and

WHEREAS, the applicant further states that this building and the one at opposite corner are the only properties used for business in the vicinity; that the building at 2074 Edenwald, across the street, is occupied as a bar and grill, has been rehabilitated and modernized and is in conformance with the neighborhood; that the owners of the subject building would like to do likewise but need more room inside to make a modern clean store and remove the stands and open porch; that this application is therefore made to permit the alteration of the 1st floor and extension of the present store to the rear of the building; that the neighbors all know and use the store for their daily purchases; and

WHEREAS, the applicant contends that the building and sheds were erected before 1900 as a store and one family residence; that in 1905 a two story extension was erected at rear, 1st floor use was business and 2nd floor residence; that the store use has been continuous, but rooms and baths were installed making it an illegally converted 3-family house and store; that the apartments have recently been vacated;

MINUTES

that the premises are located in a residence, D-1 district and the use has never been changed; that the business use on the 1st floor therefore antedates the zoning resolution; that the present owners leased the store 4 years ago and have run it as it previously was—a general grocery store; that in May 1955 they purchased the entire property with a view to legalizing the apartments and modernizing the store and in keeping with the fast growing residential community; and

WHEREAS, the applicant states that the present owner has held title to the property since May 18, 1955; that the assessed valuation of land is \$4,200 and of the building \$8,300 making a total of \$12,500; that the building was erected before 1900 and altered in 1905; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition for a temporary term; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7a for a term of ten years to permit the alteration and extension of store use within the present building as proposed and for the use as proposed and as indicated on plans filed with this application marked "Received August 9, 1955", 6 sheets, and "March 26, 1956", one sheet, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto other than as modified this day by resolution adopted under Cal. No. 663-55-A; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that there shall be no signs erected on the premises except that there may be one sign on the front of the building not over 25 ft. in area advertising the store use and the merchandise sold; that the upper floors may be maintained with not over two apartments as proposed on condition that they meet the requirements of the law for such occupancy; that the cellar and store ceilings shall be fire retarded as proposed; that the plot shall be landscaped, as proposed; that suitable fences shall be maintained; that all permits, including a new certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

663-55-A

APPLICATION—Robert Gottlieb, for Vito and Frank Savino, owners.

SUBJECT—Application August 9, 1955—Appeal from a decision of the borough superintendent—re frame building business use.

PREMISES AFFECTED—2075 Edenwald avenue and 4104 Murdock avenue, northeast corner, Block 5026, Lot 57, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated July 21, 1955, on Alt. App. 566/55, reads:

"2. Extending business in frame bldg. is contrary to Sec. 2.1.3.5 of the Bldg. Code."

and

WHEREAS, the applicant states that the building is 2½ stories, 25 ft. in height, 22 ft. by 55 ft. in area, of Class 4 construction, erected prior to 1900 on a lot 75 ft. front by 100 ft. in depth, in a residence use, D area, Class 1 height district; used and occupied since erection as follows: cellar—storage and boiler; 1st floor—store and vacant apartment; 2nd floor—dwelling; proposed to be used and occupied: cellar—same; 1st floor—store; 2nd floor—dwelling, two families; that the building is provided with one 3 ft. wide wood stairs, frame enclosed, equipped with wood doors which are not self-closing; stairhall leads direct to street; and

WHEREAS, the applicant states the building has been used as a grocery and general store on the first floor which has been in operation for over 55 years; that under Alt. App. 458/05 an extension was added with the business use on 1st floor and the 2nd floor for residence; that the business use in the rear was discontinued many years ago and an illegal apartment installed; that it is now proposed to remove the apartment and use the entire first floor as a grocery store; that the entire ceiling will be fire-retarded and the stair to 2nd floor rebuilt on the exterior of the building; that the use of the second floor will be confined to two apartments, consisting of one 3-room and one 4-room apartment; and

WHEREAS, the applicant contends that in view of the fact that the first floor was originally for business and the hazard is not great and as the cellar and first floor ceilings will be properly fire-retarded it is requested that a variance of the requirements of the Building Code be granted to permit the proposed alteration; and

WHEREAS, the premises were inspected by a committee of the Board.

Resolved, that the decision of the borough superintendent, dated July 21, 1955, acting on Alt. App. 566/55, Objection No. 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted this day under Cal. No. 662-55-BZ a.c. complied with.

763-55-BZ

APPLICANT—Norman Lederer and Leonard Joseph, for Ellen Licata, owner.

SUBJECT—Application September 27, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, G area district 1 times height district an extension of a one family residence for a play room, bath room porch and 2 car accessory garage.

PREMISES AFFECTED—142-07 Hoover avenue, north side, 100 ft. west of Daniels street, Block 9721, Lot 251, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Leonard Joseph.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; laid over to June 26, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, G area, class 1 height district; Hoover avenue is in a residence use, G and E area, class 1 height district; Main street is in a residence use, DD area, class 1 height district; Daniels street is in a residence use, E area, class 1 height district; Coolidge street is in a residence use, E and G area, class 1 height district; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated September 16, 1955 acting on Alt. Applic. 2100-54, reads:

"1. The east side yard of the proposed extension is contrary to Art. 4 Sec. 16B(c) of Zone Res." and

WHEREAS, the applicant states that the premises consist of a plot, 80 ft. frontage by 100 ft. in depth, on which is a class 4 construction building, 40 ft. by 21 ft. in area and 8 ft. in height; that it is proposed to erect an extension 40 ft. by 21 ft. in area and 8 ft. in height for play room, bath room, porch and a 2-car accessory garage; and

WHEREAS, the applicant contends that on February 25, 1952 an application was filed with the building department for alteration of the subject premises under Alt. Applic. 393-52; that the alteration consisted of a one story extension to contain a play room, bathroom, porch and accessory two car garage; that the application was approved on April 10, 1952; that for over two years the owner was prevented by personal matters from carrying out the work of the alteration; that in September 1954 he proceeded with the work, not knowing that the approval of the application had expired by limitation and that before starting work he should have secured a permit from the building department; that on August 27, 1954 Alt. Applic. 2100-54 was filed; that the examiners in the department raised the objection that section 16B(c) of the zoning resolution required a 10 ft. side yard, whereas the drawing, as originally approved, showed 5 ft.; that the original approval had obviously been in error; that the owner feels that in view of the fact that the department had erred in approving the original application, the building should be permitted to remain as built, even though the work was done without a permit; and

WHEREAS, the applicant states that the present owner has held title to the property since July, 1948; that the assessed valuation of land is \$2,500 and of the building \$11,000 making a total of \$13,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 to permit the extension of the existing building, for which plans have been previously approved, *on condition* that the building shall not be further increased in height or area; that the building shall be maintained as shown on plans filed with the application marked "Received September 27, 1955", 3 sheets; that the building shall continue to be occupied solely as a one family house and in all other respects shall comply with all laws, rules and regulations applicable thereto.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 10, 1956 after due notice by publication in the Bulletin; laid over to May 8, 1956, for inspection and decision; hearing closed; then to June 5, 1956, for inspection and decision; then to June 26, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; College avenue is in residence and business use, B area, class 1½ height districts; East 165th street is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated February 28, 1956 acting on Alt. Applic. 906-55, reads:

"1. Proposed extension of use of parking and storage for more than five motor vehicles into a residence use district is contrary to Art. II Sect. 3 of the Z.R." and

WHEREAS, the applicant states that the premises consist of a plot, 126.43 ft. frontage by 98.45 ft. in depth, irregular, now vacant; that it is proposed to occupy this lot No. 6 in conjunction with lot No. 1 as a parking lot for more than 5 motor vehicles; that lot No. 1 is already so occupied with a certificate of occupancy; and

WHEREAS, the applicant states that the plot in question is in a residential zone and is adjacent to and contiguous with lot No. 1, in a business zone, a plot 100 ft. by 100 ft. on the northeast corner of 165th street and College avenue; that the latter plot, lot No. 1, is now occupied as an auto parking plot, pursuant to certificate of occupancy issued by Department of Housing, Bronx county; that it is the purpose to extend the parking lot to include the adjacent plot, lot No. 6, 125 ft. by 100 ft., for which this variance has been requested; that lot No. 1 now used as a parking lot is occupied to capacity by 43 cars; that the other proposed plot, lot No. 6, will have room for about 55 more cars; and

WHEREAS, the applicant contends that there is an urgent need in this vicinity for the opening of lot No. 6 as a parking plot to accommodate pleasure car owners living in the immediate vicinity; that East 165th street is a business street; that through that street, only 60 ft. wide, the No. 2 Grand Concourse bus of the Surface Transportation company, ending at the Hub, is routed; that College avenue is also a 60 ft. street; that the surrounding streets are continually blocked by cars parked on the street, bumper to bumper; that ever since Lot No. 1 has been filled, further requests for parking space have been received but of course have not been able to comply until authorization can be obtained from the Board; that all applicants for parking space in the presently unused part of lot No. 6 reside within 3 blocks of the proposed parking lot and it is the intention of the parking lot operators to limit the occupancy to those car owners in the immediate vicinity; and

WHEREAS, the applicant states that the present owner has held title to the property since January 7, 1930 and that the assessed valuation of land is \$15,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the

MINUTES

extension of the existing parking lot as proposed and as indicated on plans filed with this application marked "Received October 18, 1955", 2 sheets, and "March 12, 1956" one sheet, *on condition* that the added premises shall be graded to the grade of College Avenue and shall be surfaced with clean gravel or steam cinders and properly rolled and treated with a binder; that there shall be erected on all lot lines, except on the rear lot line of the existing parking area on Lot One, a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, except where masonry walls of adjoining buildings occur on lot lines; that openings therein shall not exceed two to College Avenue not over ten feet in width, fitted with gates, and curb cut opposite not exceeding 12 ft. in width; that the existing chain link fence to the south may be removed so that this lot may be used in conjunction with the lot at the corner of College Avenue and 165th Street, a certificate of occupancy for which has been issued by the Department of Buildings; that signs shall be restricted to a permanent sign attached to the fence, not illuminated, and not extending beyond the building line and not exceeding 15 sq. ft. in area each, advertising the parking and storage use and rates charged and such other information as may be required by the Commissioner of Licences; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that during the term of this variance the premises shall be occupied for no other use than as herein permitted; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

882-55-BZ

APPLICANT—Leonard F. Rothkrug, for Eldorado Enterprises, Inc., owner.

SUBJECT—Application October 26, 1955—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit partly in a business and partly in a residence use district the erection and maintenance of an auto laundry and to permit the sale and display of used cars on a vacant portion of premises for a term of 10 years.

PREMISES AFFECTED—166-174 Kings highway and 1676-1684 West 12th street, southwest corner and 33-47 Quentin road, Block 6619, Lot 42, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly ... 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 29, 1956 after due notice by publication in the Bulletin; laid over to June 19, 1956. for inspection and decision; hearing closed; then to June 26, 1956, for applicant to file more complete plans, showing building set back parallel with adjacent building to the west; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in business and residence use, C area, class 1 height districts; Kings highway is in a business use, C area, class 1 height district; Quentin road is in business and residence use, C area, class 1 and class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 26, 1955 acting on N. B. Applic. 2312-55, reads:

"1. Proposed building and premises, partly in a Business and partly in a Residential zone, to be used for automatic washing of automobiles and sales lot for more than 5 used cars is contrary to Article II, PP. 4a, subsection 52 and Art. II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 105 ft. 10¾ in. frontage on Kings highway, 82 ft. 3¾ in. on West 12th street, 140 ft. frontage on Quentin road and 100 ft. in depth, presently vacant, except that the owner operates a used car sales lot on a portion of the premises entirely within the business use district; that it is proposed to erect a one story building 88 ft. by 18 ft. 2 in. in area and 13 ft. 4 in. in height on the southwest corner of Kings highway and West 12th street, to be occupied as an automatic auto laundry; that it is also proposed that entrance to the premises be from Kings highway, leading to the reservoir parking space which is large enough to accommodate 20 cars, and exiting from the building will be out to West 12th street. so that the two curb cuts proposed will be out to the business streets and are curb cuts which would be permitted if the premises was used as a parking lot or used car lot; that there will be no curb cuts or business entrance or exit from Quentin road or show windows on Quentin road; and

WHEREAS, the applicant contends that the site is principally located in a business district; that a very small portion is in a residence district resulting from the irregular shape of the tax block caused by the convergence of Kings highway and Quentin road; that the tax block to the east is entirely within a business use district; that there is no economic demand for the construction of retail stores at the subject premises as nearby stores adequately serve the needs of the neighborhood and any additional stores would depreciate the rental value of existing retail stores in the neighborhood; that in addition, there are a large number of vacant retail stores along Kings highway, many of which have been vacant for a long period; that there are several non-conforming uses in the area—block 6618, lot 25—gas station and lot 27—gas station; block 6619, lot 53—gas station and lots 33 and 27 contain motor vehicle repair shops; that the premises adjoin the Amoco gas station in this tax block, is opposite the repair shops on Kings highway, is opposite a vacant factory building on West 12th street and is diagonally opposite the large accessory parking lot of the nearby supermarket; that there is no economic demand for the development of the premises for factory uses and the few factory occupancies which were established in the area in the past years were unsuccessful and left the area; and

WHEREAS, the applicant further contends that this area of Kings highway has been established as an automobile servicing center by the existing uses for many years; that there is an economic demand for the use of the subject premises as an auto laundry and gives assurance that a substantial investment will yield a reasonable return; that because of the 6 gas stations and 5 used car lots within the immediate area there is a demand for adequate modern car washing facilities as a community service; that a grant would not adversely affect the neighborhood which would receive greater protection through regulatory restrictions imposed by the Board as conditions of the zoning variance, than if the property was developed with conforming uses and would have no adverse effect upon real estate values in the area but would result in a substantial increase of the assessed valuation of and tax revenue from the premises; and

WHEREAS, the applicant states that the present owner has held title to the property since June 23, 1955; that the assessed valuation of land is \$23,000 and of the building \$500 making a total of \$23,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; the applicant has filed revised plans which are designed to protect the people on Quentin Road, which is the only portion of the area generally that is entirely residential; the committee recommended that in accordance with revised plans the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does

APPLICANT—Angelo S. Mongiello, for Louis F. X. and Alfred E. Santangelo, owners.

SUBJECT—Application November 9, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—92 Madison street, south side, 247 ft. 10 in. east of Catherine street, Block 276, Lot 43, Borough of Manhattan.

APPEARANCES—

For Applicant: Angelo S. Mongiello.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Madison street are in a residence use, C area, class 1½ height district; Market street is in a retail use, C area, class 1½ height district; Catherine street is in retail and residence use, C area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 28, 1955 acting on Alt. Applic. 1285-55, reads:

"1. Parking and storage of more than five (5) motor vehicles is contrary to section 3 of Article 11 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 100 ft. 11¼ in. in depth, now vacant; that it is proposed to maintain proposed parking lot for more than five motor vehicles; and

WHEREAS, the applicant states that this property as of July 25, 1916 was zoned as a business use district, 1½ height district and a B area district and that existing designation of residence district became effective on March 1, 1939; that there is no amendment for a zoning change contemplated by the city planning commission to this property; and

WHEREAS, the applicant contends that Madison street is in a residence zone district and the existing non-conforming uses were erected when the zone was in business use district; that there has been little or no erection of conforming use buildings within the affected area since March 1, 1939, thus maintaining this street in a business use category, and the proposed parking lot is entirely in keeping with the trend of this street use; vacant—block 277, lots 5, 6, 12, 15 and 19; parking—block 277, lots 8 and 9; that there are existing stores at block 277, lots 2, 10, 11, 13, 14, 16, 17, 18 and 20; block 276, lots 28, 30, 31 to 37 inclusive, 39, 40, 41, 42, 45, 48 and 52; that block 276, lot 38 is a parking lot; that the operation of the proposed parking lot will be controlled by attendant stationed across the street in block 277, lots 8 and 9, which is a parking lot under the same ownership; that the parking and traffic situation in this area is acute and this proposal will help to remedy this condition; that this property is in a residence use district and the erection of a conforming use structure would be impractical because of the existence of low cost housing developments in this area; that the revenue derived from a residence structure, if kept comparable with low cost housing, would not give the owner a fair return for his investment; and

WHEREAS, the applicant states that the present owner has held title to the property since January, 1955 and that the assessed valuation of land is \$7,000; and

WHEREAS, the premises and surrounding area are familiar to the members of the Board, the Board having seen them on previous inspections; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles, as indicated on plans filed with this application marked "Received November 9, 1955," 3 sheets, *on condition* that all buildings and uses shall be removed and the premises leveled substantially to the grade of the abutting streets, graded with steam cinders or clean gravel, treated with a binder and properly rolled; that on all lot lines where walls of adjoining buildings do not occur, there shall be erected a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height, with no openings therein except one for exit and entrance, 10 ft. in width and with curb cut opposite of similar width; that such portable fire fighting equipment shall be maintained as the fire commissioner shall direct; that during the term of this variance the premises shall be used for no other use and no building shall be erected thereon; that signs shall be restricted to one sign attached to the fence near the entrance, not over 15 sq. ft. in area.

MINUTES

advertising only the parking and storage use, the rates charged and such other information as may be required by the commissioner of licenses; that such sign shall not be illuminated and shall not extend beyond the building line; that the sidewalk and curbing abutting the site shall be reconstructed or repaired to the satisfaction of the Borough President; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Monroe street are in a residence use, C area, class ½ height district; Market street is in a retail use, C area, class ½ height district; Catherine street is in retail and residence use, C area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 28, 1955 acting on Alt. Applic. 1283-55, reads:

"2. Parking and storage of more than five motor vehicles in a Residence use district is contrary to Article II section 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 101 ft. 4 in. in depth, now vacant; that it is proposed to maintain proposed parking lot for more than five motor vehicles; and

WHEREAS, the applicant states that this property as of July 25, 1916 was zoned as a business use district, 1½ height district and a B area district and the existing designation of residence district became effective March 1, 1939; that there is no amendment for a zoning change contemplated by the City Planning Commission to this property; that Monroe street is in a residence use district and the existing non-conforming uses were erected when the zone was in a business use district; that excepting the Knickerbocker Village housing project which was erected about 1930, there has been little or no erection of conforming use buildings within the affected area since March 1, 1939, thus maintaining this street at the northerly side in a business use category, and the proposed parking lot is entirely in keeping with the trend of this street use and will also be beneficial to Knickerbocker village dwellers; that in block 276, lots 16 and 18 are vacant; that there are existing stores on lots 3 and 4, 6 to 12 inclusive, 14, 17, 19, 20 and 21; that in block 253, lot 1 there are existing stores 100 ft. west of Market street and 100 ft. east of Catherine street; and

WHEREAS, the applicant contends that the proposed parking lot will be rented by the month to individuals who will be given a key to open gate when parking is desired; that the parking lot will comply in all respects with the building code and other city departments having jurisdiction; that the parking and traffic situation in the entire city and in this area in particular is acute and this proposal will help remedy this condition; that this property is in a residence use district and the erection of a conforming use structure would be impractical because of the existence of low cost housing developments in this area; that the revenue derived from a residence structure, if kept comparable with low cost housing, would not give the owner a fair return for his investment; and

WHEREAS, the applicant states that the present owner has held title to the property since June, 1952 and that the assessed valuation of land is \$12,500; and

WHEREAS, the premises and surrounding area are familiar to the members of the Board, the Board having seen them on previous inspections; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles, as indicated on plans filed with this application marked "Received November 9, 1955," 3 sheets, on condition that all buildings and uses shall be removed and the premises leveled substantially to the grade of the abutting streets, graded with steam cinders or clean gravel, treated with a binder and properly rolled; that on all lot lines where walls of adjoining buildings do not occur, there shall be erected a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height, with no openings therein except one for exit and entrance, 10 ft. in width and with curb cut opposite of similar width; that such portable fire fighting equipment shall be maintained as the fire commissioner shall direct; that during the term of this variance the premises shall be used for no other use and no building shall be erected thereon; that signs shall be restricted to one sign attached to the fence near the entrance, not over 15 sq. ft. in area, advertising only the parking and storage use, the rates charged and such other information as may be required by the commissioner of licenses; that such sign shall not be illuminated and shall not extend beyond the building line; that the sidewalk and curbing abutting the site shall be reconstructed or repaired to the satisfaction of the Borough President; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 19, 1956 after due notice by publication in the Bulletin; laid over to June 26, 1956, for applicant to file an area plot plan, showing correct dimensions of the portions of the plot in the two zones; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in manufacturing and local retail use, D area, class ½ height district; Farmers boulevard is in manufacturing, local retail, residence and unrestricted use, D area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 17, 1955 acting on N. B. Applic. 4415-55, reads:

"1. Proposed use of premises located partly in a local retail and partly in a manufacturing use district as a gasoline service station, sales and service, doing car washing, minor auto repairs with hand tools, and lubricatorium is contrary to Art. II Sec. 4-c of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 163.61 ft. frontage by 160.36 ft. in depth, on which is located a 1½ story frame dwelling, to be demolished; that it is proposed to erect a modern gasoline service station consisting of two islands and 12 approved 550 gallon gasoline tanks; that the building itself will be constructed of cement block and shall contain two lifts for lubricating purposes and minor repairs with hand tools only; that said section of the garage shall have wood overhead doors; that the property itself is triangular shape, the apex of the triangle consisting of a section 58 ft. by 50 ft. irregular; that all of the property is within a local retail district; that there exists on the said apex of the triangle located in said retail district at the present time, a cement block garage, which garage shall remain standing and be used solely for storage; that the balance of the property is located in a manufacturing district; that it is proposed to construct a new 5 ft. high chain link fence on the northerly property line and there is an existing railroad chain link fence 5 ft. high on the southerly property line; that there will be three 30 ft. curb cuts constructed on both north and south side property lines and a post standard sign 12 in. high on a concrete island shall be erected; and

WHEREAS, the applicant states that the property referred to is presently zoned as a class ½ height district and a D area district; that the portion of property within 100 ft. of the easterly right-of-way of the Long Island railroad is presently zoned as a manufacturing district and the remainder, if any, is zoned as a local retail district; that as of July 25, 1916 the portion of the property westerly of the then tentatively mapped Montauk street was zoned as an unrestricted district and the remainder was located within the bed of the street; that the entire property was then zoned as a one times height district and the present height zoning became effective on June 30, 1952; that on December 19, 1929 the use zoning of the property was adjusted to conform with the then officially mapped Montauk street; that the portion of property westerly of the then mapped Montauk street was zoned unrestricted and the remainder was located in the bed of the mapped street; that on January 21, 1947 the portion of the property south of a line normal to Farmers boulevard and 500 ft. southerly of 121st avenue as measured along Farmers boulevard and within 100 ft. of Farmers boulevard was placed in a local retail district and the remainder was placed in a residence district; that the present use zoning became effective on July 20, 1950; that the area designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that inasmuch as the greater portion of this property is located in a manufacturing district at the present time, the main part of this variance concerns itself with the small portion located in the local retail district; that said property is located next to the

Long Island railroad and the existing 1½ story frame house now located on the premises will be demolished; and

WHEREAS, the applicant states that the present owner has held title to the property since August 23, 1949; that the assessed valuation of land is \$4,000 and of the building \$2,000 making a total of \$6,000; that the building was erected prior to 1918; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the inclusion of a portion of the premises proposed to be occupied as a gasoline service station and accessory uses where such portion of the plot is located in the local retail zone to the northeast, with an area of approximately 200 sq. ft. and as indicated on plans filed with this application marked "Received December 16, 1955," 5 sheets, and "April 11, 1956," one sheet, *on condition* that in all other respects the gasoline service station shall comply with all laws, rules and regulations applicable thereto when erected in the manufacturing use district; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

20-56-BZ

APPLICANT—Frederick A. Ketcher, for Springhill Realty Corp., owner (Pembroke Corp., lessee).

SUBJECT—Application January 17, 1956—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a local retail use district an electric ground sign.

PREMISES AFFECTED—219-11 Hillside avenue, north side, from Springfield boulevard to 219th street, Block 10689, Lot 16, Springfield Gardens, Borough of Queens.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 29, 1956 after due notice by publication in the Bulletin; laid over to June 5, 1956, for inspection if necessary and decision; hearing closed; then to June 26, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a local retail use, D area, class 1 height district; Springfield boulevard is in a residence use, D area, class 1 height district; Hillside avenue is in a local retail use, D-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 15, 1955 acting on B.N. Applic. 1281-55, reads:

"1. Proposed ground sign in a Local Retail Use District is contrary to Art. II Sec. 4C of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 180.1 ft. frontage by 100 ft. in depth, on which is located a building 44 ft. front by 37 ft. in depth, 1½ stories in height, occupied as a restaurant, with an illuminated

MINUTES

ground sign; that it is proposed to permit the maintenance of an illuminated ground sign accessory to the present restaurant; and

WHEREAS, the applicant states that the premises affected by this application is in a local retail use district; that the use district in 1916 was business and on January 21, 1947 it was changed to local retail; that there has been no change in height or area use districts since 1916; that there is no proposed housing development for the area; and

WHEREAS, the applicant states that the restaurant building and this sign were erected at the same time under N.B. Applic. 3837-41 and completed in 1942; that the sign was shown on the approved plan and was erected in accordance with approved plan, at which time the use district was business; that inasmuch as the sign was inside the building line, no fees were required; that there was no notation on the plan that a separate permit would be obtained for the sign; that certificate of occupancy No. 26789 was issued July 10, 1942 for a restaurant but did not include a sign and department records indicate that no complaints were ever made; and

WHEREAS, the applicant contends that the ground sign is the only sign on the entire plot; that it is irregular in shape, 27 ft. 8 in. high, 10 ft. and 17 ft. 6 in. wide, the total area is 301 sq. ft. and is set inside of the building line; that the neon lighting is sparingly used; that only the figurine and the top 4 lines with some 38 letters are outlined with neon runners; that is is a non-flashing sign except for the animated dog's tail and the boy's hand in the figurine on top, which is the trade mark of the Howard Johnson's restaurants; that the building is a traditional New England colonial and it was expressly designed to retain the charm and effectiveness of the early period and to insure the attractiveness, no signs whatsoever are permitted on the building or in the windows; that the sign is a neat, proportional and balanced business sign, which is the standard for every Howard Johnson colonial restaurant and has been accepted all over the states; that it is actually the menu which indicates the business being conducted in the building; that it does not detract from the character of the neighborhood; that the building and sign were intentionally designed as a unit; that the building was kept clear of all signs and the sign was set apart for the very purpose of retaining the charm of the building and enhancing adjoining property values; that there are absolutely no other business signs whatsoever on the entire premises identifying the restaurant other than this sign; that to the north the applicant owns the entire block, besides the 1½ story building hides the sign from the buildings on Spencer avenue; that to the west, the multiple dwellings were erected in 1950, 8 years after the restaurant and sign were in existence; that to the south, on Hillside avenue (173 ft. wide), there is a proposed underpass and across the street there are a supermarket and a diner; that to the east there are stores, a gas station and a funeral parlor; that these existing conditions indicate that the continuance of this sign should not affect any owner adversely; that it would be an extreme hardship to compel the owner to remove this business sign; and

WHEREAS, the applicant states that the present owner has held title to the property since February 10, 1942; that the assessed valuation of and is \$62,500 and of the building \$12,500 making a total of \$75,000; that the building was erected in 1941-2; and

WHEREAS, this matter was laid over for inspection by a committee of the Board; the committee has seen the site many times and understands that the sign was shown on approved plans although there is no mention of it in the certificate of occupancy; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e to permit the continuance of an existing ground sign for a term

of ten years from the date of this resolution on condition that no additional signs shall be constructed; that the sign as permitted herein shall be as shown on plans marked "Received January 17, 1956" 4 sheets; and that all permits shall be obtained and all work completed within six months from the date of this resolution and a certificate of occupancy shall be obtained.

67-56-BZ

APPLICANT—Angelo S. Mongiello, for Louis F.X. and Alfred E. Santangelo, owners.

SUBJECT—Application January 30, 1956—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, parking and storage for more than 5 motor vehicles.

PREMISES AFFECTED—102 Madison street, south side, 262 ft. west of Market street, Block 276, Lot 38, Borough of Manhattan.

APPEARANCES—

For Applicant: Angelo S. Mongiello.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1½ height district; Madison street and Catherine street are in residence and retail use, C area, class 1½ height districts; Market street is in a retail use, C area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated January 19, 1956 acting on Alt. Applic. 2086-55, reads:

"1. Parking and storage for more than five (5) motor vehicles in a Residence Use District is contrary to Article II Section 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 100 ft. 11½ in. in depth, now vacant; that it is proposed to maintain proposed parking lot for more than five motor vehicles; and

WHEREAS, the applicant states that this property as of July 25, 1916 was zoned as a business district, 1½ height district and a B area district and that existing designation of residence district became effective on March 1, 1939; that there is no amendment for a zoning change contemplated by the City Planning Commission to subject premises; and

WHEREAS, the applicant states that Madison street is in a residence district and the existing non-conforming uses were erected when the zone was in business use; that there has been little or no erection of conforming use buildings within the affected area since March 1, 1939, thus maintaining this street in a business use category and proposed parking lot is entirely in keeping with the trend of this street use; that in block 277, lots 5, 6, 12, 15 and 19 are vacant; also block 276, lot 92; that parking lots exist in block 277, lots 8 and 9; that there are existing stores at the following premises: block 277, lots 2, 10, 11, 13, 14, 16, 17, 18 and 20; block 276, lots 28, 30, 31 to 37 inclusive, 39, 40, 41, 42, 45, 48 and 52; block 275, lot 27; block 274, lot 38; that the operation of the proposed parking lot will be controlled by attendant stationed across the street, block 277, lots 8 and 9, which is a legal parking lot under the same ownership; and

MINUTES

WHEREAS, the applicant contends that the parking situation in this particular area is acute and this proposal will help to remedy this condition; that this property is in a residence use district and the erection of a conforming use structure would be impractical because of the existence of low cost housing developments in this area; that the revenue derived from a residence structure, if kept comparable with low cost housing, would not give the owner a fair return for his investment; and

WHEREAS, the applicant states that the present owner has held title to the property since September, 1955 and that the assessed valuation of land is \$7,000; and

WHEREAS, the premises and surrounding area are familiar to the members of the Board, the Board having seen them on previous inspections; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles, as indicated on plans filed with this application marked "Received January 30, 1956," 3 sheets, on condition that all buildings and uses shall be removed and the premises leveled substantially to the grade of the abutting streets, graded with steam cinders or clean gravel, treated with a binder and properly rolled; that on all lot lines where walls of adjoining buildings do not occur, there shall be erected a woven wire fence on the chain link type, not less than 5 ft. 6 in. in height, with no openings therein except one for exit and entrance, 10 ft. in width and with curb cut opposite of similar width; that such portable fire fighting equipment shall be maintained as the fire commissioner shall direct; that during the term of this variance the premises shall be used for no other use and no building shall be erected thereon; that signs shall be restricted to one sign attached to the fence near the entrance, not over 15 sq. ft. in area, advertising only the parking and storage use, the rates charged and such other information as may be required by the commissioner of licenses; that such sign shall not be illuminated and shall not extend beyond the building line; that the sidewalk and curbing abutting the site shall be reconstructed or repaired to the satisfaction of the Borough President; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; laid over to June 26, 1956, for inspection and decision, hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, D area, class 1 height district; Rowland street is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated February 2, 1956 acting on N.B. Applic. 163-56, reads:

"1. Proposed erection of a gasoline service station, auto washing, lubrication, office accessory sales and minor repairs with hand tools only on a lot in a Retail use district is contrary to Art. 2 Sec. 4-A of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 95.11 ft. frontage on Westchester avenue and 69.23 ft. on Rowland street, occupied as a used car lot, unbuilt upon; that it is proposed to develop the site with a modern gasoline service station, the proposed building to have face brick walls facing both streets; and

WHEREAS, the applicant states that the site is unbuilt upon and is occupied as a used car lot by the owner who also operates an auto showroom, garage and repair shop on the adjoining lot to the east in block 3974, lot 53; that the owner has operated his automotive business on this adjoining lot for approximately 20 years; that the owner proposes to develop the site with a modern gasoline service station; that the proposed building will have face brick walls facing both streets; that pumps will be installed only along the Westchester avenue frontage and only one curb cut will be installed on Rowland street; that this latter curb cut will be located near the intersection in compliance with section 7A of the zoning resolution; that an iron picket fence on a concrete base will be provided along the northerly half of the frontage along Rowland street and planting and shrubbery protected by a concrete curb will be provided along this fence; that the entire easterly lot line of the site abuts the blank brick wall of the adjoining garage and repair shop under the same ownership as the site; that along the north lot line there exists the blank brick side wall of an apartment house for a depth of about 27 ft. from Rowland street; that a woven wire fence will be provided for the small portion of the north lot line not occupied by the accessory building or by the lot line wall of the adjoining building; and

WHEREAS, the applicant contends that there is an elevated railroad along Westchester avenue in front of the site and all of the affected area along said avenue, which acts as a deterrent to development with a conforming use; that adjoining the site to the east is the showroom, garage and repair shop previously mentioned; that approximately 100 ft. to the east of the site on the north side of Westchester avenue is a one and two story powerhouse supplying electricity to the I.R.T. system in this area; that this powerhouse, Block 3974, lots 43 and 48, has a frontage of 145 ft. on Westchester avenue; that opposite the site across Westchester avenue, Block 3848, lots 26 and 18, is a cemetery burial ground used in conjunction with a church located at the easterly end of the area affected by this application; that to the west of the site along Westchester avenue there are a number of stores, many of which are used for industrial and wholesale purposes, such as cabinetmaking, warehousing and distributing; that there is no demand in this area for any additional retail stores as is evidenced by the type of occupancy in the stores already in existence; that another evidence of the unsuitability of the site for a conforming use is the fact that this property was undeveloped for many years and the former owner allowed the city to acquire it as a result of non-payment of taxes; that the present owner acquired the site from the city for use in conjunction with his auto sales agency next door; that since used car sales have fallen off sharply in recent years the site is no longer useful for the temporary purpose for which

MINUTES

he purchased it, and the type of development proposed under this application seems to be the only feasible method of development that will yield an income to the owner and a tax return to the city; and

WHEREAS, the applicant states that the use zoning of the property was changed from business to retail on June 3, 1947 and the area zoning was changed from C to D on the same date; and

WHEREAS, the applicant states that the present owner has held title to the property since November 7, 1951 and that the assessed valuation of land is \$16,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of 15 years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received February 20, 1956", 4 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Westchester Avenue and shall be constructed and arranged as indicated on such plans; that the accessory building shall be faced with face brick on all sides except the east and north where such walls may be of common brick and painted; as to the north elevation there shall be no windows or other openings in the rear of the accessory building; that there shall be erected on the street lot line to the west a masonry wall not less than 2 ft. in height with a steel picket fence thereon to a total height of 5 ft. 6 in. with suitable masonry terminating posts; that along the northerly lot line there shall be a woven wire fence of the chain link type where the opening of the adjoining court occurs; that on the easterly lot line the existing wall shall be painted except that the Packard sign may be retained; that pumps shall be of a low approved type erected not nearer than 15 ft. to the street building line of Westchester Avenue; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the borough president; that curb cuts shall be restricted to two curb cuts each 30 ft. in width to Westchester Avenue and one curb cut within the first 25 ft. of the intersection of Westchester Avenue and Rowland Street; that a planting area shall be maintained where shown along the wall of Rowland Street with suitable planting material and properly protected with a masonry curb not less than 8 in. in height and not less than 6 in. in width; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that under Section 7i for a similar term there may be minor repairing maintained solely within the accessory building; that such repairing shall be with hand tools only for adjustments only; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing Westchester Avenue and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to Westchester Avenue for a distance of not more than 4 ft. beyond the building line; that at the intersection there shall be a block of concrete extending for a distance of not less than 5 ft. along either building line and not less than 12 in. in height; that no curb cut shall be nearer than 5 ft. to a street building line as prolonged; that such porta-

ble fire-fighting appliance shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

TUESDAY AFTERNOON, JUNE 26, 1956, 2 P. M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

454-25-SA

APPLICANT—Todd Shipyard Corp. Products Division, owner.

SUBJECT—Application for consideration—reopened March 20, 1956 as to amendment of resolution as to additional models and relocation of preheater—Todd Rotary Burner, Models A, B and C; previously approved.

APPEARANCES—

For Applicant: J. A. Flynn.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 454-25-SA

Subject: Amendment to resolution as to additional models and relocation of preheater.

Todd Shipyard Corp. Products Division requested by letter dated February 21, 1956 that the resolution adopted July 28, 1925 and amended November 8, 1933 under Cal. No. 454-25-SA be amended to include additional models of Todd Oil Burners. The application was reopened by a vote of the Board March 20, 1956.

Purpose

The oil burners are intended for firing low or high pressure boilers and for warm air furnaces in commercial or industrial plants.

Description

The burner unit consists primarily of an atomizer spinning cup, driven in conjunction with a fan, at 3500 RPM from a 3500 RPM electric motor (direct drive) or at 3500 RPM from a 1750 RPM electric motor (belt drive). Oil is drawn from the storage tank by an approved type remote pump, part of the oil is delivered into a cylindrical atomizing cup from which it is discharged centrifugally and part of the oil is returned to the fuel oil storage tank. The oil flows into and spreads over the inside length of the atomizing cup and reaching the end is thrown off at a right angle as a thin sheet of oil. Primary air delivered by the fan assists in the atomization of the oil and is uniformly directed at this thin sheet of oil breaking it down into finely atomized particles which is ignited by a gas-electric ignition assembly. Additional air, known as secondary air, is supplied as required directly underneath the fire by a standard secondary air door or through openings in the checkerwork floor by a special air door, the draft being created by the stack.

In event of ignition failure or flame extinguishment while there is a demand for heat, the safety combustion

MINUTES

control operates to shut off the burner, which then cannot be started without manually operating the reset button on the control assembly.

The burner is provided with an Underwriter's Laboratories, Inc., listed momentary contact latch switch as manufactured by A. H. & H. As an alternate a four prong polarized plug of Underwriter's Laboratories, Inc., listing, either one wired in series with the magnetic oil valve circuit and burner motor circuit, the twist lock plug connector is mounted on the burner front plate so that the burner has to be closed in firing position to complete the circuit and contact is immediately broken should the burner be swung out of the furnace before the oil is shut off. An Asco or General Control Magnetic oil valve is installed in the oil supply line which provides a means of shutting off the oil to the burner when the circuit is broken.

All burner models are essentially the same design and differ only in the size of some of the parts and capacities as follows:

Model "A" has a capacity range between 2 gals. and 8 gals. per hr. and is equipped with a $\frac{1}{3}$ HP motor.

Model "B" has a capacity range between 6 gals. and 30 gals. per hr. and is equipped with a $\frac{1}{2}$ HP motor.

Model "C" has a capacity range between 10 gals. and 47 gals. per hr. and is equipped with a 1 HP motor.

Model "C-1" has a capacity range between 10 gals. and 62 gals. per hr. and is equipped with $1\frac{1}{2}$ HP motor.

Model "D" has a capacity range between 18 gals. and 103 gals. per hr. and is equipped with 4 HP motor.

Model "E" has a capacity range between 27 gals. and 156 gals. per hr. and is equipped with a 5 HP motor.

The types "RA" and "RAH" are equipped or provided with an Underwriter's Laboratories, Inc., listed Safety Combustion Control, such as Fireye Combustion Control System CCC-26-RJ-8 program control with 48-PT-1 flame scanner of Minneapolis-Honeywell R-178 protectorelay with Minneapolis-Honeywell C-7003 photocell or Minneapolis-Honeywell R-161-B protectorelay with Combustion Control Fireye F-18-T or Minneapolis-Honeywell stackswitch C-403 with Minneapolis-Honeywell protectorelay R-161-B.

In addition the Model RAH is equipped with Vulcan Electric Co. immersion heater element with a heater body or a Wells CAAQF electric heater element having an integral thermostat and contactor to control the supply of electric power and also prevent operation of the burner if the oil is not heated to a proper temperature.

Inspection

Details of the construction were examined by Asst. Engr. J. A. Darts Committee on Test. The appliances have been approved by the Underwriter's Laboratories under MP-539, Application 54-C-3562.

Recommendation

The Committee on Test recommends that the resolution adopted July 28, 1925 and amended November 8, 1933 under Cal. No. 454-25-SA be amended so as to include the Models A, B, C, D, C-1, E, RA & RAH when constructed as herein described on condition that the requirements of the resolution adopted July 28, 1925 and as amended March 8, 1933 under Cal. No. 454-25-SA be complied with.

(Sgd.) HARRIS J. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of July 28, 1925 and November 8, 1933 in accordance with the above report.

561-38-SA

APPLICANT—The Clayton Manufacturing Company, owner.

SUBJECT—Application for consideration—reopened January 10, 1956 as to amendment as to Clayton-Kerrick Steam Cleaner, Models C, LH and LHR—re Kerrick, Kleaner, Models J and L; previously approved.

APPEARANCES—

For Applicant: William B. Summerville.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly

Negative

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 561-38-SA

Subject: Amendment as to Clayton-Kerrick Steam Cleaner, Models C, LH and LHR.

The Clayton Manufacturing Company, requested by letter dated November 28, 1955 that the resolution adopted July 2, 1940 under Cal. No. 561-38-SA be amended so as to include the Clayton-Kerrick Steam Cleaner, Models C, LH and LHR. The application was reopened by a vote of the Board January 10, 1956.

Description

The request of the Clayton Mfg. Company indicated that early models L and J will now be superseded by the new models C, LH and LHR as part of their present line of industrial and automotive cleaners. As previously, the new models will burn #2 fuel oil or kerosene, will use electric pump operation to eject the hot cleaning solution under pressure and will be either portable or stationary. Burner design and operation is to be basically the same as in the models L and J.

Fuel tanks on models LH and LHR will have a capacity of 13.5 gallons as against 10 gallons on models L and J. The model C will be provided with a 6 gallon tank.

Recommendation

On the basis of the above, the Committee on Test recommends that the approval granted by the Board on July 2, 1940 under Cal. No. 561-38-SA for Kerrick-Kleaner, Models L and J be amended to include the new Clayton-Kerrick Cleaner, Models C, LH and LHR provided that the conditions set down in the original approval relative to installations in garages be complied with, namely to be installed "in fireproof boiler rooms or other fireproof rooms of garages when completely separated from the garage space by fireproof walls, with entrance to such room from the exterior of the building, with cleaning solution pipe line containing vapor solution only being permitted to pass into the garage and to be operated by remote control, the pipe to be sealed in the wall" and in addition that each installation in any building shall be in accordance with the provisions of Article 12 Administrative Building Code and the Oil Burner Rules of the Board, and further that each appliance will bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for voluntary installation under Cal. No. 561-38-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of July 2, 1940 in accordance with the above report.

800-39-SM—Vol. IV

APPLICANT—United States Gypsum Company, owner-manufacturer (Wm. Bainbridge, agent).

MINUTES

SUBJECT—Application for consideration—reopened May 24, 1955 as to amendment to resolution as to additional acoustical plaster—re USG Red Top Cement Plaster, fibered, unfibered, extra fibered; USG Red Top #1 Moulding Plaster; USG Red Top Special Cement Plaster; USG Structo-Base Plaster, Structo-Gauge Plaster, Structo-Trowel Plaster (previously approved re USG Sabinite M, USG Sabinite Float Finish and USG Sabinite Trowel Finish, USG Structural Base Coat, USG Structural Gauging Plaster and USG Structocal Trowel Finish Plaster, USG Perfortable Savinite) previously approved.

ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 800-39-SM Vol. IV

Subject: Amendment to resolution as to additional acoustical plaster.

United States Gypsum Company, New York requested by letter dated May 2, 1955 that the resolution adopted November 17, 1942 and amended at various times through July 14, 1953 under Cal. No. 800-39-SM Vols. I, II, III and IV be amended so as to include the material known as Audicote, an acoustical plaster and Red Top No. 1, Moulding Plaster. The application was reopened by a vote of the Board May 24, 1955 under Cal. No. 800-39-SM Vol. IV.

Purpose

The plaster is applied as a finish coat plaster to interiors to absorb sound.

Description

Audicote is not setting material, hardens by drying and is composed basically by bentonite clay and perlite and may be applied over properly prepared gypsum plaster or portland cement-lime plaster basecoats, or direct to monolithic concrete.

Inspection and Test

Inspection of application was made by Asst. Engr. J. A. Darts Committee on Test and bond tests were conducted on the material and the average bond strength was 2½ lbs. per sq. inch. The material also met the requirements of C26-88.0 Administrative Building Code.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends that the resolution adopted November 17, 1942 and amended at various times through July 14, 1953 under Cal. No. 800-39-SM Vols. I, II, III, and IV be amended to include the material "Audicote" an acoustical plaster to be used as an incombustible finish coat plaster on condition that the requirements of the resolution adopted November 17, 1942 under Cal. No. 800-39-SM be complied with.

The Committee further recommends the approval of material known as "Red Top No. 1 Moulding Plaster" which inadvertently, was recommended for approval December 23, 1952 as Red Top No. 2 Moulding Plaster under Cal. No. 800-39-SM Vol. III.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby amend the resolutions of November 17, 1942 through July 14, 1953 in accordance with the above report.

160-47-SA

APPLICANT—Gilbert and Barker Manufacturing Company, owner.

SUBJECT—Application for consideration—reopened January 31, 1956 as to amendment of resolution to include new model Dispensing Pumps—re Gilbert and Barker Gasoline Dispensing Pumps, Models M96ER, M96HG, M98HG and M101; previously approved.

APPEARANCES—

For Applicant: R. C. Beckman.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 160-47-SA

Subject: Amendment to resolution as to include new model Dispensing Pumps.

Gilbert and Barker Mfg. Company, Inc., requested by letter dated December 27, 1955 that the resolution adopted May 13, 1947 under Cal. No. 160-47-SA be amended so as to include their new model 96HG and 98HG gasoline dispensing pumps. The application was reopened by a vote of the Board January 31, 1956.

Description

The new model 96HG and 98HG gasoline dispensing pumps are similar to the previously approved M96HG and M98HG with the exception of a new type round air separator which replaces the square cast iron separator installed in the earlier models.

The new models are equipped with standard 1" hose, 10 ft, 10" in length; dispensing nozzle must be held open by the operator when in use.

Inspection and Test

These new models 96HG and 98HG were examined at the premises of the applicant by Asst. Engr. G. F. Sklenarik Committee on Test and representatives of the applicant. The units are approved by the Underwriter's Laboratories, File MH1941.

Recommendation

The Committee on Test recommends that the resolution adopted May 13, 1947 under Cal. No. 160-47-SA be amended so as to include the new models 96HG and 98HG on condition that the requirements of the resolution adopted May 13, 1947 under Cal. No. 160-47-SA be complied with; all electrical work to be in accordance with the Electrical Code of the City of New York.

(Sgd.) HARRIS J. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of May 13, 1947 in accordance with the above report.

829-48-SA

APPLICANT—The Nu-Way Corporation, owner.

SUBJECT—Application for consideration—reopened July 6, 1955 as to amendment to resolution as to additional model Nu-Way Oil Burners—re Nu-Way Oil Burner, Models A-2, A-4, XL-2, XL-6, XL-12, XL-20 and XLO (Model XLO to be marked as Afco Oil Burner, Bard Oil Burner, Certified Oil Burner, Fire Power-O-Matic Oil Burner, Hall-Neal Victor Oil Burner, J & C Oil Burner, Poweroil Burner, Lesson Oil Burner, McDonald Oil Burner, Meyer Furnace Co., Oil Burner, Round Oak Co., Oil Burner, Rudy Oil Burner, Shephard Oil Burner, Silver Seal Oil Burner, Thatcher Oil Burner, Waterbury Oil Burner, Weil-McLain Oil Burner and Model A to be marketed as Fire Tender Oil Burner previously approved.

APPEARANCES—

For Applicant: Robert Neville.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 829-48-SA

Subject: Amendment to resolution as to additional model Nu-Way Oil Burners.

The Nu-Way Corporation, Rock Island, Illinois, requested by letter dated June 15, 1955, that the resolution adopted November 23, 1948 under Cal. No. 839-48-SA be amended so as to include additional models of Nu-Way Oil Burners. The application was reopened by a vote of the Board July 6, 1955.

Description

The requested models are similar to the models approved by the Board November 23, 1948. The only difference being in the firing range, ranging from 0.40 to 20.0 gallons of oil per hour. The new models have been approved by the Underwriter's Laboratories under Misc. Petroleum 216.

Recommendation

The Committee on Test recommends that the resolution adopted November 23, 1948 under Cal. No. 839-48-SA be amended so that the models recommended for approval, including those previously approved, are as follows: Nu-Way Oil Burner, Models A-2, A-4, XL-2, XL-6, XL-12, XL-20, XS-2, XS-4, XLO, F, CO-800, XL-1500, XL-2000, C, E, NLP, XLOP and XL-2000NF for use in New York City in domestic and commercial installations with fuel oil not heavier than No. 5 U. S. Department of Commerce Standard when installed in accordance with this report and the Oil Burner Rules of the Board of Standards and Appeals. The Committee further recommends that Models A-2 and A-4 may be marketed under the trade name of "Fire Tender Oil Burner" and that Model XLO may be marketed under the following trade names: "Afco Oil Burner, Bard Oil Burner, Certified Oil Burner, Fire Power-O-Matic Oil Burner, Hall-Neal Victor Oil Burner, J & C Oil Burner and Power Oil Burner, Leeson Oil Burner, McDonald Oil Burner, Meyer Furnace Co., Oil Burner, Round Oak Co. Oil Burner, Rudy Oil Burner, Shephard Oil Burner, Silver Seal Oil Burner, Thatcher Oil Burner, Waterbury Oil Burner and Weil-McLain Nu-Way Oil Burner provided the burner bears a label permanently affixed reading: "Approved by the Board

of Standards and Appeals for use in New York City under Cal. No. 829-48-SA."

(Sgd.) HARRIS H. MURDOCK,

847-51-SA

APPLICANT—Carrier Corp., owner-manufacturer.

SUBJECT—Application for consideration—reopened December 6, 1955 as to amendment to resolution as to include Carrier Weathermaker, Model 38C2 and 38C4—re Carrier Weathermaker, Models 38B4, 38B6 and 38B8; previously approved.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: Cal. 847-51-SA

Subject: Amendment to resolution to include Carrier Weathermaker, Model 38C2 and 38C4.

The Thermodyne Corp., New York requested by letter dated November 15, 1955 that the resolution adopted March 29, 1955 under Cal. No. 847-51-SA be amended to include the Carrier Weathermaker, Models 38C2 and 38C4. The application was reopened by a vote of the Board December 6, 1955.

Description

The Carrier Weathermaker, Models 38C2 and 38C4 are similar to the Weathermaker, Models 38B4, 38B6 and 38B8 previously approved by the Board under Cal. No. 847-51-SA with the following differences noted.

The 38C models are assembled in a single frame steel housing for easier fabrication and installation.

The refrigerating systems in the new models have been rearranged and slightly redesigned so that the water cooled condenser is installed in a vertical rather than horizontal position. Its diameter has been reduced to 3 inches. The frangible disc used on the 38B models as a means of pressure relief has been replaced by a soft-soldered connection at the top of the condenser. The solder used for this purpose has a melting point of 350°F and is composed of 50% lead and 50% tin. This manner of pressure relief conforms to the standards of the Underwriter's Laboratories. Under service conditions pressure will relieve at about 250°F because of the effect of refrigerant pressure on the joint. This will conform to the requirements of Section C19-103.a.2 of the Administrative Code.

The Model 38C2 has a 2 hp. unit charged with 4 lbs. of F-12.

The Model 38C4 has a 3 hp. unit charged with 4 lbs. of F-22.

For winter operation the 38C2 and 38C4 models will be equipped with AGA approved gas burning equipment just as their counterpart 38B models but in addition the 38C models will also be designed to burn fuel oil instead of

MINUTES

gas if so desired. The oil burner will be of the high pressure atomizing type approved by the Board under Cal. No. 234-54-SA.

In other respects the 38C models will be similar to the 38B models previously approved.

Inspection and Test

A sample of the model 38C Weathermaker was inspected by Asst. Engr. G. F. Sklenarik, Committee on Test at the premises of the Carleton-Stuart Corp., 237 West 54th Street. Also present were Wm. Linderman, Service Mgr. of the Thermodyne Corp. and A. Jakoby, Service Mgr. of the Carleton-Stuart Corp.

Recommendation

The Committee on Test recommends that the resolution adopted March 29, 1955 under Cal. No. 847-51-SA be amended so as to include Carrier Weathermaker, Models 38C2 and 38C4 as described, on condition that the requirements of the resolution adopted March 29, 1955 under Cal. No. 847-51-SA be complied with and in addition that the oil fired models also be installed in accordance with the Oil Burner Rules of the Board.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 152-52-SA

Subject: Clow Gasteam Radiators—6 Tube, 38" and 32" Vented.

Eddy Valve Company, New York for James B. Clow and Sons, Chicago, Illinois filed February 18, 1952 an application with the Board of Standards and Appeals for approval of the Clow Gasteam Radiator, 6 Tube, 38" and 32" Vented, under the provisions of Article 12, Chapter 26 Administrative Building Code.

Purpose

A steam radiator heated by gas flame for the heating of rooms.

Description

The Clow Gasteam radiator is a complete steam heating unit designed to heat the room in which it is located. The steam is generated within the radiator. The water for making the steam is located in a water chamber in the lower part of the radiator section. Directly beneath the water

chamber is a gas burner. The gas flames are entirely enclosed by the lower part of the radiator sections. The heat from the gas flame boils the water and the steam rises in the radiator tubes where it condenses, giving up heat to the surrounding room air. The water from the condensed steam returns to the water chamber where it is again evaporated. No water pipe connections are required. The radiators require one pint of water per section at initial filling, by means of a filling cup or any water container with a spout. Thereafter, replacement of water which has escaped as vapor through the air valve is required.

The height of the gas flame is controlled by an automatic steam pressure regulator (Robert Shaw 2 ES Control). An automatic air vent permits air to leave the radiator as steam is generated but will not let steam escape. A steam pressure relieve valve (safety valve) relieves excessive steam pressure. A pilot lighter and safety pilot valve shuts off gas in case of flame failure. A thermostat can be provided if required. A base safety valve is provided. The appliance has been approved by the American Gas Association, Inc., for natural, manufactured and mixed gas Certificate #2-(625-2.0-3.0-5.0 & 7.0) .001 and 2-(62.5-16.0-18.0-20.0 & 22.0) .001.

Inspection and Test

The appliance was inspected by Asst. Engr. J. A. Darts, Committee on Test at 1197 Broadway, Brooklyn, New York May 23, 1956. The appliance operated as designed and controls functioned as required.

Recommendation

On the basis of this inspection and test, and the data submitted by the applicant, the Committee on Test recommends the approval of the Clow Gasteam Radiators 6 tube 32 inch and 6 tube 38 inch vented for use in New York City, when installed and operated in accordance with this report, and the requirements of C26-696.0 Administrative Building Code, provided each radiator bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. 152-52-SA," that all ports and orifices shall be maintained for the type of gas used, and that sufficient ventilation to outer air be provided for any room in which this radiator is installed; and further this appliance shall not be used in garages or places with explosive atmospheres.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. 708-52-SM

Subject: Bethlehem Steel Company, High Strength Bolts.

Bethlehem Steel Company, New York, filed July 29, 1952 an application with the Board of Standards and Appeals for approval of the material known as the Bethlehem Steel Company High Strength Bolts under the provisions of C26-322.0, C26-368.0, C26-520.0 and C26-521.0 Administrative Building Code as amended by Local Laws 107, 108, 109 and 110 of 1955.

Purpose

The material is for fastening structural steel.

Description

The bolts, nuts and washers are manufactured in conformity with the requirements of the Specification of Quenched and Tempered Steel Bolts and Studs with Suitable Nuts and Hardened Steel Washers (ASTM A325). The bolts are identified by marking on the top of the head with three radial lines, with the letters BS and with an I beam between the two letters. The chemical composition of the bolts, nuts and washers is as follows:

Chemical Composition	Bolts	Nuts	Washers
			Carburized & Tempered
Carbon	0.30 Min.	0.25 Max.	
Manganese	0.30 Min.	1.00 Max.	
Phosphorus	0.048 Max. 0.13 Max.	0.048 Max. 0.048 Max.	
Sulfur	0.058 Max. 0.23 Max.	0.058 Max. 0.058 Max.	

Inspection and Test

The Bolts and nuts were tested in single and double shear plate assemblies September 20, 1954 at Lehigh University in the presence of Asst. Engr. J. A. Darts Committee on Test and J. J. Higgins; W. H. Jameson; J. L. Durkee and F. K. Kennedy representing the applicant.

1. Lap Joint—(2) $\frac{3}{8}$ " x 12" plates (A-7 Steel) (3) $\frac{3}{4}$ " diameter bolts.
2. Lap Joint—(2) $\frac{3}{8}$ " x 12" plates (A-7 Steel) (5) $\frac{3}{4}$ " diameter bolts.
3. Butt Joint—(2) $\frac{3}{8}$ " x 12" plates to (1) $\frac{3}{4}$ " x 12" plate (A-7 Steel) with (5) $\frac{3}{4}$ " diameter bolts.
4. Butt Joint—(2) $\frac{3}{8}$ " x 12" plate to (1) $\frac{3}{4}$ " x 12" plate (A-7 Steel) with (3) $\frac{3}{4}$ " diameter bolts.

Results of the tests were as follows:

1. 100,000 lbs. max. load—failed by shear in bolts.
2. 154,500 lbs. max. load—failed by shear in bolts.
3. 301,500 lbs. max. load—failed by shear in bolts.
4. 190,500 lbs. max. load—failed by shear in bolts.

Recommendation

On the basis of the inspection and test and the date filed by the applicant, the Committee on Test recommends the approval of the material known as Bethlehem Steel Company, High Strength Bolts for use in New York City under the provisions of C26-322.0, C26-368.0, C26-520.0 and C26-521.0 Administrative Building Code as amended by Local Laws 107, 108, 109 and 110 of 1955 on condition that all bolts, studs, nuts and washers shall comply with the requirements of ASTM-A325 and further that all containers or cartons in which the material is to be marketed shall be tagged, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 708-52-SM," and further that each bolt shall be identified with the marking herein described.

The Committee further recommends that when the High Strength Bolts are used in construction the following conditions shall apply:

Torque shall be sufficient to provide an average stress on the bolt at least fifteen percent in excess of the minimum required bolt tension specified in subdivision d4 of Section C26-520.0.

The parts to be bolted shall be brought tightly together by sufficient high-strength bolts used as fitting-up bolts.

Bolts shall then be installed in the remaining holes and their nuts shall be made finger tight, which shall mean tightened firmly by hand or spud wrench only, without the use of torque or impact wrenches.

After the nuts have been made finger tight, each nut shall be given one complete turn to tighten the bolt.

The fitting-up bolts shall be then loosened and the nuts thereon shall be retightened finger tight. Each nut shall then be given one complete turn.

Bolts shall not be forced into holes. Holes out of alignment shall be drilled or reamed.

Impact wrenches shall be regulated so as to produce one turn of the nut on the bolts in place, in approximately ten seconds.

The tightness of the bolts may be tested by turning the nuts one-sixteenth of a turn tighter with a torque wrench and measuring the resulting torque. The torques on the nuts shall not be less than shown in column 4 of the following table for the size of the bolt.

Sufficient bolts shall be checked to determine whether the required tightness has been obtained.

Bolt Tension and Torque Values

1	2	3	4
Bolt Size Inches	Bolt Tension for Calibrating Wrenches Pound	Required Minimum Bolt Tension Pounds	Approx. Equiv. Torque for required Min. Bolt Tension Pound—Feet
$\frac{1}{2}$	12,500	10,850	90
$\frac{5}{8}$	20,000	17,250	180
$\frac{3}{4}$	29,000	25,600	320
$\frac{7}{8}$	37,000	32,400	470
1	49,000	42,500	710
$1\frac{1}{8}$	58,000	50,800	960
$1\frac{1}{4}$	74,000	64,500	1,350

Nuts may be tightened by calibrated wrenches in place of giving each nut one turn. In such case, wrenches shall be calibrated not less than once each day, by means of an approved calibrating and tension measuring device. The wrench shall be calibrated for the tension specified for the size of bolt in Column 2 of the table.

Where threads of bolts are injured, or the bolt is damaged in any way, the bolt shall be removed and replaced.

The installation of high-strength bolts shall be supervised by a licensed professional engineer or registered architect employed by the owner and acceptable of the Commissioner, to insure that high-strength bolts are installed according to the design and code requirements. Such acceptability shall not be unreasonably withheld. Upon the completion of the installation of the high-strength bolts, the licensed engineer or registered architect shall file a statement with the department, in a manner determined by the Commissioner, that the installation of the bolts was in accordance with the requirements of the Administrative Code and the design.

The licensed professional engineer or registered architect shall not be employed by nor receive compensation from any of the contractors engaged in the construction or alteration of the building.

The licensed professional engineer or registered architect or his representative shall be present at all times when high-strength bolts are installed. He shall observe whether the bolts are installed in compliance with the Administrative Code and this recommendation and wherever bolts do not conform to the code and he shall direct that such bolts be replaced or shall promptly report in writing such improperly installed bolts to the Borough Superintendent and the contractor.

Upon completion of the installation of the high-strength bolts, the licensed professional engineer or registered architect shall file a sworn statement in affidavit form, that the bolts were installed in accordance with the requirements of the Administrative Code and of this recommendation, unless

MINUTES

the bolts were not so installed, in which case the Borough Superintendent shall be advised in writing of the manner in which the bolts were not properly installed.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 548-54-SM

Subject: Ventalarm Signal, Series C (for installation on heavy oil tanks).

The Scully Signal Company of Melrose, Mass., filed June 24, 1954 an application with the Board of Standards and Appeals for approval of their Ventalarm Signal, Series C for installation on heavy oil tanks for voluntary use in New York City under the provisions of the Oil Burner Rules of the Board.

Purpose

A whistle signal to indicate when a fuel oil storage tank has been filled.

Description

The Scully Ventalarm Signal, Series C for heavy oil, consists of a three piece assembly; a whistle signal, an intrusion which is a length of $\frac{3}{4}$ " pipe that may be installed in a tank opening by means of a suitable fitting and a pressure vent cap which incorporates a brass disc weight that covers the vent opening in a weatherproof hood.

The signal sound is created at the end of the signal vent line. A separate $\frac{3}{4}$ " pipe line is installed from the tank to outdoors for this purpose. It terminates near the filling point so that the signal would be audible to the tank truck operator at that point.

The depth to which the intrusion pipe extends down into the tank determines the cut-off point at which the sound signal would cease to operate indicating the filling of the tank to that level. This is generally established at 5% of full capacity.

The pressure vent cap is installed at the termination of the vertical run of the main vent line. The relief feature assures that the initial venting vapors exit through the intrusion and whistle. On sealing of the intrusion by rising liquid level or whenever the rate of fill causes the pressure in the tank to exceed 4 ounces per square inch, the brass disc lifts and venting takes place through the pressure vent cap. The cap is designed for a 2" vent pipe.

Inspection and Test

All data submitted and a sample Ventalarm were examined at the offices of this Board by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the data submitted by the applicant, the Committee on Test recommends the approval of the Ventalarm Signal, Series C for voluntary use in New York City under the provisions of the Oil Burner Rules of the Board and when installed in accordance with this report provided each device will bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 548-54-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

618-54-SA

APPLICANT—Bradley T. Sheridan, for Iron Fireman Manufacturing Co., owner.

SUBJECT—Application July 12, 1954—Iron Fireman Gas-Oil Burner, Type RCF, approval of.

APPEARANCES—

For Applicant: Bradley T. Sheridan.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 618-54-SM

Subject: Iron Fireman Type RCF Gas Oil Burners.

The Iron Fireman Manufacturing Company of Cleveland, Ohio, filed July 12, 1954 an application with the Board of Standards and Appeals for approval of the Iron Fireman Type RCF Gas Oil Burners under the provisions of C26-, Article 12 Administrative Building Code, C19-57.0 Administrative Code and the Oil Burner Rules of the Board of Standards and Appeals.

Purpose

The Iron Fireman Type RCF combination gas-oil burners are completely packaged burner units for automatic firing or either gas or fuel oil.

Description

They consist essentially of multiple jet ring type gas burner and horizontal rotary cup type oil burner, concentrically mounted in a refractory combustion throat with plenum chamber, forced draft fan, air flow safety switch, gas electric pilot, electronic safety combustion controls, burner operating controls, piping and wiring, factory assembled on a structural steel support.

Proper air fuel ratio is maintained for either fuel at all firing rates through modulating range of five to one input ratio by positive displacement oil control and butterfly gas valve linked to air volume controls. Burners start at low fire position only.

MINUTES

Interlocking controls make it impossible to fire both fuels simultaneously. The type of fuel burned is changed by manual operation of a transfer switch.

Two types of automatic control systems are used. "M" models require manual closing of a switch to start. These are principally used in power plants where starting by an attendant is desired. "A" models are automatically started by a thermostat or similar control. These are principally used in heating plants. Model numbers ending in "H" are for use with heavy fuel oil such as commercial Standard No. 6 which required heating. Models not ending in "H" do not have electric oil heaters and oil thermostats and are used for No. 5 and lighter oils which do not require heating.

All models are equipped with integral electronic combustion controls, factory mounted, wired and tested.

Gas controls include U.L. listed modulating valve, gas pressure regulator, automatic shut-off valve and manual shut-off valve of the lubricated plug valve type. These burners are made in eight capacities.

Inspection and Test

The appliance was inspected and tested at 356 Fourth Avenue, Brooklyn and found to operate as designed. Present at the test were Chief Engr. L. V. Huber of the Committee on Test and a representative of the applicant. The appliance has been listed by the Underwriter's Laboratories Inc., reference No. MP-810, Application No. 53C1343 and 53C1344.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Iron Fireman Type RCF Gas Oil Burners, for use in New York City in residential, industrial or commercial installation when installed in accordance with the requirements of Article 12, Chapter 26 Administrative Building Code and the Oil Burner Rules of the Board, provided each gas oil burner bear a label permanently affixed as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 618-54-SM." The Committee further recommends that this appliance shall not be installed in garages or places of explosive atmospheres.

Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

196-55-SA

APPLICANT—Ingersoll Conditioned Air Division of Borg-Warner Corp., owner.

SUBJECT—Application March 7, 1955—Ingersoll Suspended Oil-fired Warm Air Furnaces.

APPEARANCES—

For Applicant: Stephen J. Dowling.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly ... 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 196-55-SA

Subject: Ingersoll Suspended Oil-fired Warm Air Furnaces.

Ingersoll Conditioned Air Division of Borg-Warner Corp., owner-manufacturer filed March 7, 1955 an application with the Board of Standards and Appeals for approval of the Ingersoll Suspended Oil-fired Warm Air Furnaces under the provisions of C19-57.0 Administrative Code and the Oil Burner Rules of the Board.

Purpose

An oil fired suspended warm air furnace for domestic and/or commercial installation.

Description

This is a suspended oil fired furnace. These furnaces are built with a 22 gauge casing and a 14 gauge heat exchanger having a 12 gauge head. The combustion chamber is precast refractory shipped in position in the furnace. The fan and limit control is a Crise FAL-10A or FAL-40. The primary oil burner controls are either Mercoid or Minneapolis-Honeywell controls. All models are fired with an approved (Williams-Oil-O-Matic) burner. The burner is an assembly of approved parts suitable for use with each other for the service intended as approved and the burner is provided with suitable safeguards to prevent abnormal discharge of oil. The burner as assembled was tested for defects and proper functioning throughout its operating range and was found to function properly as designed with no flare backs or undue carbon deposits. With the oil cut off the controls functioned in 50 seconds, with a stack temperature of 485° and CO₂ content of the flue gases was 10%.

The burner has been listed by the Underwriter's Laboratories Guide #160E2, File No. MP2228-B.

Inspection and Test

The furnace was inspected and tested at 6908 38th Avenue, Woodside and found to operate as designed. Present at the test were Chief Engr. L. V. Huber of the Committee on Test and Stephen Dowling representing the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant the Committee on Test recommends the approval of the Ingersoll Suspended Oil Fired Warm Air Furnace for use in New York City in domestic and commercial installations with fuel oil not heavier than #2 U. S. Department of Commerce Standards when installed and operated in accordance with this report and the Oil Burner Rules of the Board of Standards and Appeals provided the furnace bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 196-55-SA." The Committee further recommends that the furnace may be marketed by the Eureka Williams Company under the trade name of Eureka Williams, Model 80-A and 100-A. The Committee further recommends that these units shall not be installed in garages or places of explosive atmosphere.

(Sgd.) HARRIS H. MURDOCK,
Chairman.

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer.

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

307-55-SM

APPLICANT—Wade Manufacturing Co., owner (Agnew and Tomlinson, Agents).

MINUTES

SUBJECT—Application April 11, 1955—Wade "Carrier Fittings" for Wall Hung Closet Bowls, Models W-310, W-320, W-330, W-340, W-350 and W-360, approval of.

APPEARANCES—

For Applicant: Peter R. Agnew.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 307-55-SM

Subject: Wade Carrier Fitting for Wall Hung Closet Bowls, Models W-310, W-320, W-330, W-340, W-350 and W-360.

Agnew and Tomlinson for Wade Manufacturing Company, Illinois filed April 11, 1955 an application with the Board of Standards and Appeals for approval of the Wade Carrier Fitting for Wall Hung Closet Bowls, Models W-310, W-320, W-330, W-340, W-350 and W-360 under the provisions of C26-1240.0 Administrative Building Code.

Purpose

The fitting is designed to support wall hung closets and make connection with the soil lines.

Description

The fitting is of extra heavy cast iron construction for use in permanent type construction where it is essential to support the fixture independent of the wall to prevent damage to the wall. The basic fitting has an integral 2" vent hub and has ends for either drainage screw threads or hub and spigot soil pipe connections. The face of the fitting includes an elongated opening which faces the closet fixture and allows for vertical adjustment in the mounting of the fixture to compensate for pitch requirements. There is also a gasket recess which prevents the gasket from slipping out of place during the installation process. Two slots for T bolts are cast integral to accomplish the securing of the gasket plate.

A carrier of heavy cast iron is provided for either below-out or siphon jet fixture with four holes for securing to basic fitting and with stud and T bolt tapping fixture studs. The outlet tapping is threaded for 4" pipe. This face plate has a vertical adjustment of 4" with respect to the basic fitting due to the vertical elongated slot in the basic fitting. The adjustable sleeve is 4" pipe size and has a horizontal of 1 1/4". The sleeve is finally secured and seated by means of packing and lock nut. The gasket to seat the carrier plate against the fitting is a replaceable, precast, integrally poured lead seal gasket of a diamond cross section.

Inspection and Test

A standard fitting was mounted and strapped to a heavy concrete base with soil and closet connections plugged and with bushed to accommodate a 1 1/2" pipe extending vertically 3 ft. Closet studs were inserted into the face plates and extended horizontally with a 200 lb. weight concentrated 5'-0" from the face plate to simulate a fixture installation under extreme conditions of overhang.

The 200 lbs. weight was applied constantly for a two month period. Vibrations and strains were applied to further simulate extreme conditions. The 1 1/2" vent pipe was filled with water and a pressure of 18 psi was applied during the two month period. Thus, a constant pressure against plumbing drainage portion of the structure, particularly the seal formed by the lead gasket, between the face plate and the face of the basic fitting while under load was maintained.

The fitting and structure withstood the above test without failure in any element of the device, the lead gasket showing no signs of compression or flow of the lead which might eventually be the cause of leakage.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Wade Carrier Fitting, Models W-310, W-320, W-330, W-340, W-350 and W-360 for use in New York City when installed as herein described and in accordance with the requirements of C-26-1240.0 Administrative Building Code and that each face plate have a foot bearing on and directly secured to the floor to give positive restraint against further movement vertically downward after final adjustment for height, provided each device bears a label or tag reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 307-55-SM." This approval does not include the spud connection to the water closet bowl which must meet New York City Code requirements.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

859-55-SA

APPLICANT—Thermobloc Division of Prat-Daniel Corp., owner.

SUBJECT—Application October 18, 1955—Overhead Panel-bloc Gas-fired Infra-Red Radiant Heater, Models CR-63, CR-63B, CR-63BA, CR-125, CR-125B and CR-125BA, approval of.

ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: 859-55-SA

Subject: Overhead Panelbloc Gas-fired Infra-Red Radiant Heater, Models CR-63, CR-63B, CR-62BA, CR-125, CR-125B and CR-125BA.

The Thermobloc Division, Prat-Daniel Corp., filed October 18, 1955 an application with the Board of Standards and Appeals for approval of the Overhead Panelbloc Gas-fired Infra-Red Radiant Heater, Models CR-63, CR-63B, CR-63BA, CR-125, CR-125B and CR-125BA under the provisions of Article 12, Chapter 26 Administrative Code.

Purpose

Suspended type gas-fired radiant heaters for commercial or industrial use.

Description

The Overhead Panelbloc heater is a self contained gas fired unit completely factory assembled and flame tested prior to shipment.

It is designed for overhead operation in the space to be heated.

Each heater is equipped with a heat exchanger extending above the gas burners, arranged with a combustion chamber to accommodate the gas flames, communicating with a passageway through which the gases of combustion can travel

MINUTES

upwardly under natural draft conditions to a stack or flue connection to the outside. The heat exchanger is arranged to keep gases of combustion from entering the space being heated.

All surfaces of the heat exchanger and combustion chamber, both inside and outside, are coated with a high heat resisting and corrosion resisting type vitreous enamel fused to the metal at a temperature of about 1600°F.

A combination back draft diverter and flue gas outlet is provided at the top of the heat exchanger on each heater.

The combustion chamber portion of the heat exchanger is provided with inspection windows for observing the gas flames and an access door that may be opened for lighting the pilot light.

The outer surfaces of the heat exchanger are surrounded with a series of curved reflectors that deflect the radiant heat given off by the heat exchanger in a downward direction spreading outwardly. The reflecting surface of the deflectors in a smooth, bright non-corrosive metal (aluminum) and the top or non-reflecting surface of the reflectors is coated with a flat, black heat-absorbing coating.

No fans or blowers are used for heat circulation.

The gas burners used are a cast iron, drilled port, atmospheric type having primary combustion air inspirator, fixed gas inlet orifice and primary air adjustment. The burners are provided with secondary combustion air deflectors and are surrounded with a shielded secondary combustion air intake cover.

Each heater is equipped with an AGA approved thermo-electric generating type automatic gas pilot and a magnetic diaphragm gas shut off valve, arranged so that gas supply to burners will shut-off automatically in case pilot light shall become extinguished. The operating current is generated by means of a thermo-couple placed at the pilot flame. Shut-off is accomplished in approximately 45 seconds after flame failure of pilot.

The heater may be turned on or off by means of a manual switch or a thermostat switch actuating the thermo-electric supply to the magnetic gas shut-off valve. A separate electric power source is not required unless remote control is desired.

Each heater is equipped with a gas pressure regulator installed in the line near the magnetic control valve which is set at 4" water column pressure for natural, manufactured or mixed gas; at 11" water column pressure for liquefied petroleum gas.

Gas is supplied to the heater through a standard gas cock and a 3/4" gas pipe line. A separate line (tubing) taken off the 3/4" line supplied gas to the pilot light. The pilot line has its own manual shut-off. Pilot is ignited manually.

The Model CR-63 is designed for natural, manufactured or mixed gases and has an input rating of 62,500 BTU per hr.

The Model CR-63B is designed for Liquefied Petroleum Gas and has an input rating of 57,500 BTU per hr.

The Model CR-63BA is designed for Liquefied Petroleum Gas and air mixtures and has an input rating of 57,500 BTU per hr.

The Model CR-125 a larger version of the CR-63 is designed for natural manufactured or mixed gases and has an input rating of 125,000 BTU per hr.

The Model CR-125B is designed for Liquefied Petroleum Gas and has an input rating of 115,000 BTU per hr.

The Model CR-125BA is designed for Liquefied Petroleum Gas and air mixtures and has an input rating of 115,000 BTU per hr.

The "B" and "BA" models, because they are designed to burn Liquefied Petroleum Gas which is heavier than air as contrasted to natural, manufactured or mixed gas which is lighter than air, are provided with complete automatic shut-off in case of flame failure of the pilot, cutting off the gas supply to both pilot and burners.

Inspection and Test

A model CR-63 was examined and tested at the premises of the Consolidated Edison Company, Flushing, Queens.

Present at the test were Asst. Engr. G. F. Sklenarik, Committee on Test and F. C. Hayes and W. H. Engels of the Prat-Daniel Corporation.

The appliance operated as designed and the controls function as described. All models submitted for approval are AGA approved.

Recommendations

On the basis of the test and the data submitted, the Committee on Test recommends the approval of the Overhead Panelbloc Gas-fired Infra-Red Radiant Heaters, Models CR-63, CR-63B, CR-63BA, CR-125, CR-125B and CR-125BA for voluntary use in New York City for commercial or industrial installations other than in garages or places of explosive atmospheres as these gas heaters are not provided with flashback screen protection around the combustion air intake openings; all installations to comply with Article 12 Administrative Building Code and each appliance to bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 859-55-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

969-55-SM

APPLICANT—Lawrence Lavagetto, for Queens Tank and Boiler Corp., owner.

SUBJECT—Application November 29, 1955—Queens Tank and Boiler Corp., 275 Gallon Fuel Oil Storage Tank, (with sump), approval of.

APPEARANCES—

For Applicant: Aldrich Peralta.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connelly 4

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 969-55-SM

Subject: Queens Tank and Boiler Corp., 275 Gallon Fuel Oil Storage Tank with Sump.

Lawrence Lavagetto, Pres., Queens Tank and Boiler Corp., filed November 29, 1955 an application with the Board of Standards and Appeals for approval of the Queens Tank and Boiler Corp., 275 Gallon Fuel Oil Storage Tank and Sump under the provisions of the Oil Burner Rules of the Board.

Purpose

A 275 gallon storage tank with a double bottom for draining of water from the oil.

Description

The tank is obround of welded construction using number 10 gauge (.134) commercial grade hot rolled steel with a lateral weld with a minimum of 1 inch lap. The heads are dished offset with 1 1/2" flange. The tank dimensions are 63" long 44" height and 26" wide. The tanks are

MINUTES

provided with four 2" steel forged threaded flanges to receive 2" pipe connected and 3/4" coupling for gravity discharged at base.

The tanks weighed approximately 375 lbs. without lugs or 2" flanges.

The tanks will have welded to it a double bottom so designed that starting from 0 inch at rear of tank (opposite the 3/4" outlet) it will slope down to 3 1/8" at the front end, with a pitch of 5/8" to the foot sufficient to allow water to drain to the lowest point where a 1" opening permits drainage.

There are two one inch holes at the bottom of the tank, one at each end of the tank allowing water to flow into double bottom or sump.

The material of sump is 3/8" commercial grade hot rolled steel plate except the head which is 1/4" hot rolled steel plate.

The head will set back 1/4" allowing for full fillet weld. The double bottom is welded to the bottom of the tank employing full fillet welds.

The weight will be approximately 75 lbs.

Inspection and Test

A sample tank was inspected and tested at the plant of the Queens Tank and Boiler work, 126-42 37th Avenue, Corona, L. I., New York.

The tank was subjected to a hydrostatic test of 100 lbs. per sq. in. and found to sustain the test without deformation or leaking. Present at the test were Chief Engr. L. V. Huber of the Committee on Test and representatives of the applicant.

The tank successfully met the Rule 10-3 of the Oil Burner Rules, details of construction, workmanship and the protection of steel were found to comply with the Rules of the Board.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Queens Tank and Boiler Corp., 275 gallon fuel Oil Storage Tank with Sump for use in New York City when constructed and installed in accordance with the report and the requirements of the Oil Burner Rules provided each tank bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 969-55-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

Leslie V. Huber,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

232-56-SM

APPLICANT—Certified Industrial Products, Inc., owner.
SUBJECT—Application March 14, 1956—All-Weather Crete Insulation, approval of.

APPEARANCES—

For Applicant: Dominic De Blasi.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 232-56-SM

Subject: All Weather Crete Insulation.

Certified Industrial Products, Inc., Hillside, New Jersey filed March 14, 1956 an application with the Board of Standards and Appeals for approval of the material known as All-Weather Crete Insulation under the provisions of C26-191.0 Administrative Building Code.

Purpose

The material is to be used as an insulating fill on roof construction.

Description

The material is a hot applied monolithic light weight insulation and is composed of a thermo-plastic and perlite which forms a lightweight insulating concrete fill. The material has a "K" factor of .44 at 18 lbs. per cu. ft. and .46 at 23.31 lbs. per cu. ft. The density of the material varies from 15 to 24 lbs. per cu. ft. depending on its use and has a compressive strength of 10 lbs. per sq. ft.

Inspection and Test

Samples of the material were inspected by Asst. Engr. J. A. Darts Committee on Test and it was noted that the surface carbonizes on the application of flame.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as All Weather Crete Insulation for voluntary use in New York City as an insulating fill over a structural roof. The Committee further recommends that this material in no way shall be considered to be a structural material and that when applied to a structural roof it shall be covered with an approved roof covering and that all plans submitted to the Department of Buildings showing the proposed use of this material as an insulating roof fill shall be marked or stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 232-56-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated October 20, 1955, on Alt. App. 1905/55 reads:

"1. The proposed extension of a business use into the vacant portion of a frame building is contrary to 4.2.1 of the Administrative Code.

Note: These premises were the subject of a conditional variance by the Board of Standards and Appeals Cal. No. 603/38/A.

"2. Provide for the second floor of Building "A" a second means of egress complying with the provisions of Sec. 271 of the Labor Law.

"3. Provide from the second and third floors of Bldg. "B" a primary enclosed stairway leading directly to street complying with the provisions of Section 271 of Labor Law.

"4. Provide for Building "C" on the second floor, occupied for storage of pickles, an additional means of egress complying with Section 271 of Labor Law.

"5. (a) In Building "C" storage of rags on the second floor. The Fire escape used as a second means is not provided with a counter-balanced stair leading to street as per Sec. 271 of Labor Law.

(b) The first floor is required to have two exits as per Sec. 271 of Labor Law. (The portion used for storage and baling of rags.)

"6. The exits from Building "D" which are required to comply with Sec. 270 of the Labor Law are not in conformance therewith, in that: A 3'-8" stairway properly enclosed in one hour partitions and leading directly to street and roof is not provided for mezzanine which is over 2500 sq. ft. in area and exceeds 50% of the floor below.

and

WHEREAS, the applicant states the building is one, two and three stories, 21 ft. 3 in. 27 ft. 4 in. and 34 ft. 4 in. in height; 220 ft. front by 100 ft. in depth of class 3 and 4 construction, erected 1904 and 1921, on a lot 220 ft. front by 100 ft. in depth in a manufacturing use, B area, class one height district and used and occupied since 1935 as follows: 1st floor—pickle works, storage and baling of rags, storage of reclaimed clothing, 18 persons; 2nd floor—storage of pickles, loading and storage of rags, storage of re-

MINUTES

claimed clothing and sorting and baling of reclaimed clothing, 5 persons; 3rd floor—storage of reclaimed clothing no persons; no change in use or occupancy is proposed. The building is provided with a one-source sprinkler system; there are six interior stairs, 2 ft. 4 in. to 3 ft. 8 in. in width, of wood construction, enclosed in partitions of wood and in fire retarded partitions equipped with fireproof self-closing doors, 3 of the stairs lead direct to street and one leads to roof bulkhead; there are two fire escapes at the front, extending to street by stair and by ladder; window and door openings on the course of the fire escape are fireproof selfclosing; and

WHEREAS, Violation No. 944/55 was issued by the Borough Superintendent March 3, 1955 for occupying entire premises on first, second and third floors for the sorting of second hand clothing and baling contrary to Certificate of Occupancy #100127 which permits the first floor to be used as a pickle works and baling and storage and sorting of rags pursuant to resolution adopted by the Board under Cal. No. 603-38-A, February 28, 1939 and that all portions of the premises were not equipped with adequate exits as required by the resolution of the Board; and

WHEREAS, Certificate of Occupancy #100127 issued February 21, 1941 against Alt. App. 6185/40 pursuant to resolution adopted by the Board February 28, 1939 under Cal. No. 603-38-A permits the following use and occupancy: 1st floor—pickle works and baling and storage of rags, 12 persons; 2nd floor—pickle storage and storage and sorting of rags, no persons; and

WHEREAS, the occupant was convicted and fined in Municipal Term, Magistrates' Court, October 4, 1954, on a charge of violating the Administrative Code; and

WHEREAS, the applicant states that the premises are developed with four buildings of class 3 and class 4 construction as follows:

Building "A" is two stories in height of class 4 construction, 50 ft. front by 61 ft. in depth, erected under N.B. App. 1580/1904 for use as "millwork"; No certificate of occupancy was ever issued for this building; Building "B" is 3 stories in height of class 3 construction having a frontage of 39 ft. and an irregular depth of 59 ft. was erected under N.B. App. 160/1906 for use as follows: 1st floor—engine and boiler room; 2nd floor—storage and drying of lumber; 3rd floor—storage and drying of lumber. No certificate of occupancy was issued for this building. Building "C" is two stories, class 4 construction, 100 ft. front and 100 ft. in depth, erected under Alt. App. 7541/1911, for use as "carpentry and Millwork". No certificate of occupancy has been issued for this building; Building "D" is one story and mezzanine, class 3 construction, 70 ft. front by 100 ft. in depth erected under N.B. App. 4354/1921 for use as "storage of lumber". Certificate of Occupancy #25681 was issued for that use. That all of the buildings were altered under App. No. 6185/40 and resolution adopted by the Board under Cal. No. 603-38-A and the uses were changed as follows: Building A, vacant; Building B, Vacant; Building C and D, 1st floor—pickle works and baling and storage of rags; 2nd floor—pickle works and storage and sorting of rags; and Certificate of Occupancy #100127 was issued for these uses; and

WHEREAS, the applicant states that the one-source dry pipe sprinkler throughout Buildings A, B and C was installed under Misc. App. 563/51; that the entire premises now being used and occupied as follows: 1st floor—pickle works, storage and baling of rags, storage and sorting of reclaimed clothes; 2nd floor—storage of pickles, storage and sorting of rags, storage of reclaimed clothes, sorting and baling of reclaimed clothes; 3rd floor—storage of reclaimed clothes; and

WHEREAS, the applicant states that a variance is requested so as to permit the continuance of the existing uses; and

WHEREAS, the applicant contends as to Objection One, issued by the Borough Superintendent relating to the extension of the business use into the frame constructed Building A that this will not create any greater hazard than now exists as Building C of frame construction now has a legal use of pickle works and baling and storage of rags; that

the extension of the business use into Building B, which is of class 3 construction is permissible; that Buildings A, B and C are sprinklered throughout; that Building C is provided with a central office alarm box and an alarm bell with ADT telegraph control box; and

WHEREAS, the applicant contends as to objection 2, that Building A is now provided on the second floor with one 3 ft. 8 in. wood stairs which it is proposed to enclose in fire retarded material and lead direct to the street; that as a second means of egress there is a horizontal exit to the masonry wall and a 4 ft. 8 in. fireproof self-closing door leading to Building B, thence to a fire escape with an iron drop ladder to the street; that inasmuch as there are only two employees on this floor it is felt that the exits are adequate; and

WHEREAS, the applicant contends as to Objection 3 issued by the Borough Superintendent that Building B is now provided with on the third floor with a 3 ft. 8 in. wide open wood stair leading to the second floor, thence to a fire escape with an iron ladder to the street, that the second floor has additional egress through a horizontal exit to Building A and is provided with a 3 ft. wide 60° fire escape leading direct to the street by a drop ladder from the second floor; that this building is of class 3 construction and as the third floor does not have any permanent occupancy and is used only for storage on all floors, it is deemed that the exits are adequate; and

Whereas, the applicant contends as to objection 4 issued by the Borough Superintendent; that the portion of Building C occupied by the pickle works on the second floor, used for the storage of pickles, is now provided with a 3 ft. 8 in. wide wood stairs which it is proposed to enclose in fire retarded material and lead directly to the street; that it is further provided with a 3 ft. 8 in. wide horizontal exit leading through Building D and thence to the street; that inasmuch as there are no permanent occupants and the area is used only for storage in this section, the exits are therefore deemed to be adequate; and

WHEREAS, the applicant states that Objection 5(a) issued by the Borough Superintendent will be complied with by the erection of a new Labor Law fire escape with counter-balanced stair to the street; and

WHEREAS, the applicant contends as to Objection 5(b) issued by the Borough Superintendent that the portion of the first floor in Building C used for the storage and baling of rags will be provided with two 3 ft. by 7 ft. exit doors leading directly to the street; that inasmuch as there are only two occupants in this portion these exits are deemed to be adequate; and

WHEREAS, the applicant contends as to Objection 6 issued by the Borough Superintendent that the mezzanine in building D is provided with a 2 ft. 4 in. wide wood stair from the locker room, enclosed in a wood partition leading to the first floor and thence to the street, that it is also proposed to provide a new 3 ft. 8 in. steel stair at the rear from the mezzanine to the first floor and thence to the street; and it is also proposed to provide a horizontal exit to that portion of the second floor of Building C now used by the pickle works for the storage of pickles, with egress from there through a 3 ft. 8 in. wide wood stair which will be fire retarded and lead direct to the street; that as there are no permanent occupants on the mezzanine of Building D it is deemed that these exits will be adequate; and

WHEREAS, the applicant contends that in view of the facts stated and as the use proposed is permitted in a manufacturing use district the extension of the now legal use in Buildings C and D to Building A and B does not create any greater hazard as Buildings A, B and C are completely sprinklered throughout; and

WHEREAS, under Cal. No. 596-28-A the Board, on January 8, 1929, modified Item 1 of Order No. 30574-F issued by the Fire Commissioner to the then occupant, the Eastern Wood Working Company, to install a standpipe system on condition that the building be not extended in height or area; that it shall be equipped with a supervisory watchman service provided with central office connection; that there

MINUTES

shall be distributed throughout the premises such auxilliary fire-fighting appliances as shall be directed by the Fire Commissioner; and granted so long as conditions otherwise remain substantially unchanged; and

WHEREAS, the Board under Cal. No. 603-38-A, Vol. I on July 22, 1938, modified Order No. 546 LF, issued by the Fire Commissioner requiring the installation of an automatic sprinkler system throughout the building so long as the one-story brick building to the north is operated by a pickle manufacturer and so long as the masonry dividing wall has all openings protected with fireproof self-closing Underwriters Fire Doors and modifying as to the requirements for the 3 story building on Lott Avenue so long as this portion of the building remains vacant and is not connected with any other part of the building, and on the condition that the balance of the building be protected with a sprinkler system which may be a dry pipe system having one-source of supply and granted so long as the building is used for the sorting of rags and for junk or any other occupancy deemed equally hazardous by the Fire Commissioner; and

WHEREAS, the Board under Cal. No. 603-38-A, Vol. I on February 28, 1939, modified the resolution previously adopted on July 22, 1938 by providing that the sprinkler system need not be installed on condition that the portion of the building formerly occupied by a dealer in junk is entirely vacant; and that the conditions are maintained as set forth in a letter from the Fire Department dated February 23, 1939, and on the further condition that any opening between the portion of the building occupied for the sorting of rags and any other space to either side shall be blocked up with approved masonry; and

WHEREAS, under date of March 22, 1949, under Cal. No. 603-38-A, Vol. II, the Board denied an appeal from Order No. 19751-LF, issued by the Fire Commissioner May 1, 1947, requiring a separate and distinct system of automatic sprinklers through the building and stated in its opinion that the requirements of the resolution adopted July 22, 1938, should be complied with and the amended resolution adopted February 28, 1939, considered as having no effect in view of the fact that the building at the corner, formerly occupied by a dealer in junk, was then occupied by a dealer in second hand clothing and the resolution adopted by the Board on July 22, 1938 had not been complied with in other respects; and

WHEREAS, this appeal was reopened by a vote of the Board December 6, 1955, as Vol. III to consider the decision of the Borough Superintendent dated October 20, 1955 on Alt. App. 1905/55 as cited above; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended that the appeal should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 1905/55, Objections 1, 2, 3, 4, 5 and 6, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

226-45-A

APPLICANT—Samuel R. Buxbaum, for My-R Construction Corp., owner. (872 Gerard Avenue Corp., lessee.)

SUBJECT—Application for consideration—reopening as to extension of term of variance which expired June 2, 1956—re Appeal from a decision of the borough superintendent; previously granted for a temporary term.

PREMISES AFFECTED—872 Gerard Avenue and 81-95 East 161st street, northeast corner (2nd floor), Block 2476, Lot 56, Borough of The Bronx.

APPEARANCES—

For Applicant: Samuel R. Buxbaum.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on October 16, 1945, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on June 2, 1954; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 16, 1945, as thereafter *amended* by resolutions adopted through June 2, 1954, only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"that the present occupancy on the second floor consisting of a dress store may be continued for two years from the date of this amended resolution; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that a new certificate of occupancy shall be obtained." (Alt. App. 594/54.)

APPLICANT—Lama, Proskauer and Prober, for Merkel Inc., owner.

SUBJECT—Application June 17, 1954—Appeal from an order and decision of the fire commissioner relating to the direct method of refrigeration.

PREMISES AFFECTED—94-01 to 94-19 Sutphin boulevard and 147-01 to 147-43 95th avenue, northeast corner and 147-02 to 147-18 94th avenue, Block 9999, Lots 1, 3, 5, 7, 21, 34, 35 and 37, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, Order #508 issued by the Fire Commissioner January 22, 1954, and referred to in a decision of the Fire Commissioner dated June 21, 1954, reads:

"1. Discontinue and remove the direct method of refrigeration from that part of the building prohibited by C19-98 0-b, Administrative Code. (A9).

This applies to 4000 lb. 400 ton ammonia system which circulates ammonia above the 1st floor."

and

WHEREAS, the applicant states the building is 3 stories in height, 200 ft. front by 425 ft. and 175 ft. in depth at 1st floor; 200 ft. front by 250 ft. and 175 ft. deep in area at typical floor, of Class 1 and 3 construction, erected in 1917 in an unrestricted use, D area, Class 1½ height district; used and occupied since as follows: Cellar—freezers; 1st floor—retail and wholesale meat supply house; 2nd floor—offices and meat supply house; 3d floor—locker rooms and meat supply house. No change in use or occupancy is proposed. The building is equipped with a partial sprinkler system, an approved interior fire alarm system and regular monthly fire drills are maintained. There are six 3 ft. 8 in. wide interior steel stairs, fireproof enclosed, equipped with fireproof, self-closing doors leading direct to street and one leads to roof; and

WHEREAS, the applicant states the building on lot 1 was erected under NB 222/17; the building on lot 3 erected under NB 1958/22; the building on lot 5 was erected under NB 4577/27; the building on lot 7 erected under NB 2805/30 as a 1-story building and 2nd story was added under Alt. App. 3090/46 pursuant to a variance granted by the Board under Cal. No. 316-47-BZ; that the building on lot 21 was erected under NB 7787/50; the building on lot 3 erected under NB 2054/17; the building on lot 35 erected under NB 4577/27; the building on lot 34 was erected under Alt.

MINUTES

App. 1694/49 which included change to buildings on lots 35 and 37 under the same application; that Certificate of Occupancy #92481 was issued for the building on lot 21 and Certificate #44215 was issued for the building on lot 7; and

WHEREAS, the applicant states that at present in part of the building there exists a 4000 lb. 400 ton ammonia system circulating ammonia above the first floor; and

WHEREAS, the applicant contends that the original ammonia system was installed in 1922 and additions made up to 1928 and permits were issued by the Fire Department up to 1953; that the plant operates on a 24-hour basis seven days a week and the refrigeration is under supervision by a licensed engineer; that this is not a hazardous condition and it would create unnecessary hardship on the owner and seriously affect his business if compelled to comply with the Fire Commissioner's order. It is therefore requested that the Board relieve the owner of compliance, subject to such conditions as would safeguard the property; and

WHEREAS, the applicant states the suction and return lines are protected from mechanical injury by a cork covering; and

WHEREAS, the premises were inspected by a representative of the Fire Department.

Resolved, that the decision of the Fire Commissioner as expressed in Order #508, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that all doors between the boilerroom and the storage room where ammonia is stored shall be made fireproof, self-closing; that all risers used for ammonia shall be protected within 6 feet from the floor against damage as shown on plans marked "Received June 17, 1954", 4 sheets, and "May 16, 1956", 5 sheets; and that in all other respects the buildings and occupancy shall comply with all laws, rules and regulations applicable thereto.

THE RESOLUTION

WHEREAS, the decision of the Borough Superintendent, dated November 30, 1954, on Alt. App. 4852/53, reads:

"1. Stairway #1 should be completely enclosed in 3 hr. fire resistive partitions, as required by Sect. 6.4.1.8.1 of the Bldg. Code.

2. Stairway #2 should be enclosed in partitions having a fire resistive rating of at least 3 hrs. as required by Sect. 6.4.1.5.1 of the Bldg. Code. Wire glass enclosure as shown has no fire resistive rating.

3. Stairway #1 should be at least 3'-8" in width as required by Sect. 6.4.1.1 of the Bldg. Code.

4. Each portion of the floor called mezzanine on plans should have access to at least two exit stairs enclosed in 3 hr. fire resistive partitions as required by Sect. 6.1.2.2.3 of the Bldg. Code.

5. Provide at least two exits from the cellar enclosed in 3 hr. partitions leading to the street and available from all portions of the cellar."

and

WHEREAS, the applicant states the building is 12 stories, 140 ft. in height, 63 ft. 9 in. by 135 ft. in area, of fireproof construction, erected in 1914, now in a restricted retail and retail use, B area, Class 2 height district, used since erection as follows: Subcellar—storage and kitchen in conjunction with cellar restaurant—10 persons; Cellar—restaurant record room, bank vault, 364 persons; 1st floor—bank and stores, 30 persons; Mezzanine—storage, offices and banking, 30 persons; 2nd to 12th floors—offices, 74 persons per floor. Proposed to be used and occupied: Subcellar—Storage of old records, 1 person; Cellar—Stationery & office furniture, retail sales, record rooms and bank vault, 27 persons; 1st floor—bank and storage, 30 persons; Mezzanine—storage, offices and bank, 30 persons; 2nd to 12 floors—offices, 74 persons per floor. The building is provided with a one-source sprinkler system in the subcellar and an approved standpipe system. There are two interior stairs; stair #1 is 3 ft. 6 in. wide, extends to roof bulkhead is of steel, enclosed in masonry, equipped with self-closing doors of steel and wire glass; Stair #2 is 3 ft. 8 in. wide of steel, enclosed in partitions of masonry and wire glass, equipped with steel and wire glass doors, which are self-closing; stairhall leads direct to roof. There is one fire escape or exterior stairs on rear which does not extend to roof but to yard by stair; there is no means of egress to the street from the rear; window and door openings on course of the fire escape are fireproof, self-closing; and

WHEREAS, Certificate of Occupancy #88108 was issued July 1, 1938, against Alt. App. 5494/38, permitted the following use: Cellar—heating and storage; 1st floor—bank and stores; 2nd to 12th floors—offices; number of occupants unstated; and

WHEREAS, Exit Order #12/54 was issued by the Borough Superintendent October 5, 1954, reading as follows:

"In accordance with the provisions of Section C26-276.0 of the Administrative Code of the City of New York, you are hereby ordered to provide proper means of egress and exit facilities from the structure at the above location as follows:

1—Provide a continuous one-hour incombustible enclosure for open stairs at front of building leading directly to street. All doors opening on enclosure to be ¾ hour fireproof self-closing doors. This enclosure to be erected in such a manner as will permit access to both stairs of all the occupants of each floor without passing through the enclosure.

2—Provide exit signs and lights at all doors to stairs from public halls.

3—Remove portion of fire escape below first floor and as fire escape now terminates in subgrade court from which there is no access to street arrange doors to fire escape so that they are readily openable from fire escape side.

Note: No exit signs are to be placed over doors leading to fire escape.

In lieu of repairing fire escape and providing proper egress these fire escapes may be removed if items 1 and 2 are fully complied with."

and

WHEREAS, the applicant states the purpose of this appeal is to obtain relief from decisions of the Borough Superintendent on Alt. App. 4852/53, dated November 30, 1954, Objections 1, 2, 3, 4 and 5; and

WHEREAS, the applicant states the only change in the occupancy of the premises involves the cellar and subcellar formerly occupied as a restaurant with an occupancy of 364 and now to be used as a store for the sale of stationery and office furniture with a total occupancy of 27 persons, thus greatly reducing the hazard in this portion of the premises; and

WHEREAS, the applicant states that the 2nd to 12th floors are provided with two stairs, each leading direct to street; that stairway #1 is a continuous flight of steel stairs from

MINUTES

cellar to roof, 3 ft. 6 in. wide, at the southerly end of the building adjacent to the elevator bank, enclosed on three sides with masonry and on the 4th side it is contiguous and connected with the public corridor which is fireproof throughout; that stairway #2 is enclosed at west end of the building, constructed of steel, 3 ft. 8 in. wide and runs from the 1st to 12th floors, enclosed on three sides with masonry materials except for the easterly side, which is of steel flats and sections with $\frac{1}{4}$ in. rough wire glass panel; doors leading to stairways are constructed of steel frame with $\frac{1}{4}$ in. wire glass and are self-closing; the enclosure of the stairs on 1st floor, mezzanine and 2nd floor is terra cotta blocks, plastered on both sides, equipped with self-closing fireproof doors; and

WHEREAS, applicant states on east wall of middle wing is a fire escape from 2nd to 12th floors; that from 2nd floor balcony there is a stairway to the arcaway with access through a 3 ft. wide door opening outwardly on each floor; that doors and windows on course thereof are fireproof; and

WHEREAS, applicant contends that at no point from 2nd to 12th floors are stairways #1 or #2 more than 30 ft. from any office entrance and the maximum distance between stairs is not more than 60 feet; and

WHEREAS, applicant states that egress from cellar corridor stairway #1 leading to south corridor leads to Court street and through subway stair to Joralemon street; that as an alternate egress from cellar corridor, stairway #1 extends from cellar floor to 1st floor and as a further means egress from cellar can be had by stairs from cellar to 1st floor direct to Court street; that this stair is 6 ft. wide and was used primarily by patrons of the cellar restaurant for many years; that additional egress from cellar can be had through stairs at northeast corner of this area, leading to landing in connection with subway stairs leading to Joralemon street, which stair is 5 ft. wide; and

WHEREAS, applicant states as to rear cellar area designated as #1 on the plans used in conjunction with store on 1st floor for the sale of artists' and architects' supplies, egress can be had through a 3 ft. wide fireproof door, equipped with panic bolt leading into area occupied by the stationery and retail office furniture; that it is proposed to provide a new iron stairs 3 ft. 8 in. wide leading from cellar to 1st floor level; that for area #3 a pair of fireproof doors will be provided leading into corridor at south side; that the subcellar is provided with a sprinkler system and in addition there is a 3 ft. wide steel stairs, enclosed in fireproof block partitions, with self-closing fireproof door, leading up to the area occupied by the stationery business in the cellar and there is additional exit through boiler room to stairs leading to corridor in cellar on the south side or under stairway #1 which leads directly to street through subway stairs; and

WHEREAS, the applicant contends as to Objections 1 and 3, that compliance is a practical impossibility due to present conditions; that in order to build an enclosure so that continuous travel can be had, it would be necessary to invade the corridor directly adjoining the present stairs and to erect a partition in corridor 4 ft. away from the stair ballustrade, thus leaving 2 ft. 8 in. space between it and the existing corridor wall; that such an arrangement would completely isolate the westerly portion of the corridor, aside from effecting a bottleneck, such arrangement would ruin the approach to the various offices on each floor, rendering them undesirable and resulting in a loss of tenants and revenue; that the present 3 ft. 6 in. wide stairs complied with the law in 1914; that to provide an additional width of 2 in. would necessitate the complete removal of stairs throughout the building and the installation of a new stairs; that in addition, the present steel framing on each floor would have to be increased in width, thus entailing an outlay of a great sum of money besides the practical difficulties involved; that in view of the occupancy on each floor, it is requested the existing 3 ft. 6 in. wide stairs be accepted as adequate; and

WHEREAS, the applicant contends as to Objection 2, that the existing stairs are enclosed on three sides with masonry

walls with the easterly section open and contiguous with fireproof corridor; that the present steel and glass enclosure was legally erected in 1914, including the door and while it does not comply with the strict letter of the law, as it adjoins a fireproof corridor, this type of enclosure has been in use for many years in public schools and other institutions and is effective as a barrier for fire and smoke under the prevailing conditions; that to be required to remove same and erect a masonry 3-hr. wall would entail a great deal of hardship and expense; and

WHEREAS, the applicant contends as to Objection 4, that sections of the mezzanines are occupied as follows: Area #1, 1523 sq. ft. occupied by bank using the 1st floor as follows: Conference room, telephone operator, loungeroom for female employees, air conditioning room, storage for records over bank vault; that this has been so used by bank since completion of building and at most 8 to 10 persons occupy this area at one time; that there is a stairway from mezzanine to banking floor, which is provided with adequate exits; that Area #2 is occupied by tenant of store for artists' and architects' supplies having an area of 1841 sq. ft. and has two exits leading to street; that Area #3 occupied by the same store tenant with an area of 832 sq. ft. is used only for dead storage, very rarely occupied except when one person is there to place contents for storage; that exit from stairway #1 direct to 1st floor lobby leads to Court street; that applicant feels this exit is adequate; and

WHEREAS, applicant contends as to Objection 5, that as the cellar occupancy has been changed from restaurant for 364 persons and the new occupancy for retail stationery and office supplies will involve only 27 occupants, the present exits are adequate for the proposed use; and

WHEREAS, applicant states it is proposed to provide at top floor of stairway #2, a 2 x 3 ft. scuttle in roof with fixed 70° iron ladder leading thereto; to provide a new 3 ft. 8 in. wide steel stairs from cellar to 1st floor from floor level area #1; to provide at all exit doors to stairways 2nd to 12th floors at front of stairs #1 and #2, a red light with exit sign 8 in. high and to remove the present iron stairs leading down from 2nd floor fire escape balcony into arcaway at east side of middle wing of the building; to provide new railing at open end of fire escape balcony; to reverse the swing of door from washroom to said balcony to open to the toilet room and to provide an approved panic bolt on exterior of such door; also to provide exit sign and light over said door on outside; and

WHEREAS, the Board has received a communication dated January 26, 1955, from the Borough Superintendent reading as follows:

"Permit me to call your attention to what appears to be an error in the filing of the above numbered appeal with the Board. The application under Item A states Order 12/54 issued October 5, 1954 and Application 4882/53.

"Order 12/54 is an exit order issued under authority of Section C26-276.0 of the Administrative Code. On October 15, 1954, a notice was received from the owner of the building requesting a survey.

"It appears to me there is no authority under law for a direct appeal to the Board on both an exit order and on an application filed with direct reference to the same subject matter, namely, exits. The remedy is stated in Section C26-276.0, namely, a review by a board of survey."

and

WHEREAS, the applicant has amended this appeal so as to delete therefrom reference to Exit Order 12-1954 as a basis of appeal; and states that under date of October 15, 1954, by a notice addressed to Bernard J. Gilroy, Commissioner of Buildings, a copy of which was given to Mr. Benjamin Salzman, Borough Superintendent, Terminal Fire Brokerage, Inc. requested the appointment of a Board of Survey, as provided in the Administrative Code, and notice was given that the said Terminal Fire Brokerage, Inc. designated Philip Freshman, licensed architect, as its appointee to be one of

MINUTES

the three persons to make the survey; that since that time no notice has been received by Terminal Fire Brokerage, Inc. of the designation of an appointee on behalf of the City or the designation of a third member of the Survey Board; as recently as January 26, 1955, Mr. Salzman in a conversation with Mr. Eisenberg, counsel for Terminal Fire Brokerage, Inc., advised among other things that they would let the survey go for the time being; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of Borough Superintendent, dated November 30, 1954, acting on Alt. App. 4852/53, be and it hereby is *modified* and that the appeal be and it hereby is *granted* as to Objections 1 and 2, to permit the continuance of existing enclosures including the wire glass enclosure, but not clear glass, which shall be replaced either with wire glass or approved fire-resisting material; as to Objection 3, to permit the continuance of Stairway No. 1 of its present width; as to Objection 4, to permit the existing exits from the mezzanine, as shown on plans filed with this appeal, marked "Received December 10, 1954" (5 sheets), showing proposed conditions and (5 sheets) showing existing conditions and additional plan marked "Received March 19, 1956" (1 sheet); as to Objection 5, that the exits from the cellar, now used as a showroom for furniture and other equipment, shall be altered as proposed on such plan showing proposed conditions and with extra doorways as indicated thereon; that in such portion of the building, such fire-fighting equipment shall be maintained as the Fire Commissioner shall direct; that the means of exit from the rear fire escape shall be by means of a steel balcony and door, cutting down an existing window so as to permit direct exit from the fire escape to the 2nd floor to the stairhall.

99-56-A

APPLICANT—Morris Zeitlin, for Elco Dairies Inc., owner.
SUBJECT—Application February 14, 1956—Appeal from a decision of the borough superintendent re review of decision of Borough Superintendent, re area occupied.

PREMISES AFFECTED—2691-2699 Nostrand avenue, east side, 220 ft. south of Avenue M, Block 7666, Lot 32, Borough of Brooklyn.

APPEARANCES—

For Applicant: Morris Zeitlin and Joseph Halligan.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated January 30, 1956, under Alt. App. 162/56 reads:

"1. Proposed extension will exceed area for a (D) district & will violate Art. 4 Sect. 14c of zoning resolution."

and

WHEREAS, the applicant states it is proposed to erect an extension to the existing building and to increase the loading area as indicated on plans filed with this appeal; and

WHEREAS, the applicant contends that Section 19 (g and h) of the Zoning Resolution clearly permits the area of the unloading space to be added to the area permitted to be occupied by the first floor of the building; that Section 19A does not limit but rather provides minimum requirements for loading area; and

WHEREAS, the applicant further contends that the nature of the process conducted in the building is such as to require frequent delivery of fresh supplies of raw materials and frequent delivery of the perishable manufactured products and thus, consequently, frequent movement of trucks to and

from the cold storage area in the rear of the building are essential to the conduct of the owner's activity; and

WHEREAS, the applicant states that the building is one story, 16 ft. in height, 80 ft. by 71 ft. in area, erected 1946 on the business use district portion of a lot located partly in a residence use district, used and occupied since 1949 pursuant to certificate of occupancy No. 126606, issued June 28, 1950, against Alt. App. 2697/49 as follows: bakery, warehouse and office; and

WHEREAS, the applicant states that the Zoning Resolution in Article IV, Section 19(g) titled "Area District Exceptions," clearly states that "In any district, except a residence district, where provision is made for parking and unloading within a building, the area of such parking and unloading facilities may be added to the area permitted to be occupied by the first floor of the building"; and that Article IV, Section 19-A, titled "Loading Space" does not limit but rather provides minima for loading areas. The obvious intent of the law is to discourage needless interference with traffic on sidewalks and along curb sides by trucks awaiting their turn to be loaded or unloaded. The approval of application Alt. 162/56 would relieve just such a nuisance to pedestrian and vehicular traffic in the vicinity of the building under consideration while, at the same time it would relieve the owner of serious hardships; and

WHEREAS, the Board found that the unloading space proposed should have been permitted with the extension of similar area of the building, as proposed; and

WHEREAS, the Board deems that this space is not out of proportion for the use proposed and the area of the buildings but that this modification should not be deemed a precedent for other appeals.

Resolved, that the decision of the Borough Superintendent, dated January 30, 1956, acting on Alt. App. 162/56, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the proposed storage area as shown and the extension of the building for a refrigerator of similar area, as proposed and indicated on plans filed with this appeal marked "Received February 14, 1956" (2 sheets).

280-56-A

APPLICANT—Aaron N. Kiff, for York and Sawyer, Architects, Kiff, Colean, Voss and Souder, for St. Luke's Hospital, owner.

SUBJECT—Application April 2, 1956—Appeal from a decision of the borough superintendent re partitions, shaft opening, etc.

PREMISES AFFECTED—1091 Amsterdam avenue and 443 West 113th street, northeast corner, Block 1866, part of Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Aaron H. Shopsis, Lloyd H. Gaston, Leland J. Mamer and J. L. Hamilton.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 5, 1956, acting on Alt. App. 158/55 reads:

"7. Repeated. Information booth cannot exceed 36 sq. ft. Section C26-289 subd. g, B.C.

8. Corridor partition on the 2nd floor must be good for one hour test.

9. Shaft opening into passageway unacceptable. Denied."

and

WHEREAS, the applicant states the building is ten stories and penthouse, 124 ft. in height, 201 ft. 10 in. front by 197

MINUTES

ft. 2½ in. in depth, of Class 1 construction, erected January 19, 1955 in a residence and business use, B area, Class 1½ height district, used and occupied as a hospital, for which Certificate of Occupancy #43645 was issued January 19, 1955, against N.B. 69/55; and

WHEREAS, the applicant contends as to Objection 7, that the admitting desk is not an information booth but serves to admit in In-Patients, register clinic patients and supply control for entire first floor and is open 24 hours a day every day of the year; that the area of the Admitting Section is of the utmost importance for proper function and control of the hospital; that any attempt to separate the Emergency Section from the Admitting area on the 1st floor will defeat the purpose of control and prevent the coordinated functions of vital importance in a hospital; and

WHEREAS, the applicant contends as to Objection 9, that to dispose of soiled linen from the Emergency Section on the 1st floor, it is proposed to utilize the linen chute by installing an access door of approved type, 1½ hour fireproof, self-closing; that lack of access to the linen chute would severely handicap the functioning of the Emergency section on the 1st floor; and

WHEREAS, the applicant contends as to Objection 8, that it is necessary to have absolute control over all areas open to the public with unobstructed visibility of the entire corridor from the Receptionist's Office (#252); that in order to accomplish this, it is proposed to include the Receptionist's Office with the Corridor and provide the required 1-hour separation between receptionist's office #252 and the patients area, to be separated with 1-hour partition and fireproof, self-closing doors and corridor to be provided with sliding glazed metal sash on a masonry counter.

Resolved, that the decision of the Borough Superintendent, dated March 5, 1956, acting on Alt. App. 158-55 be and it hereby is *modified* and that the appeal be and it hereby is *granted* as to Objection 7, that the information booth shall not exceed the area as indicated on plans filed with this appeal marked "Received April 2, 1956" (11 sheets); as to Objection 8, that the corridor partition on the second floor may be continued; as to Objection 9, that the shaft openings in the passageways to the linen chute opening shall be fitted with fireproof, self-closing doors and that a sprinkler system shall be maintained in the top of such chute.

805-54-A

APPLICANT—Pearl Plastic Corp., lessee, for 767 East 132nd Street Realty Corp., owner.

SUBJECT—Application October 22, 1954—Appeal from a decision of the fire commissioner—re storage of inflammable materials.

PREMISES AFFECTED—767 East 132nd street, north-west corner of Willow avenue, Block 2561, Lot 50, Borough of The Bronx.

APPLICANT—Fred C. Dahlem, for Cosmetology Publishing Co., owner.

SUBJECT—Application for consideration—reopening as to extension of time to complete which expired October 26, 1954—re Application (decision of the borough superintendent); previously granted on condition, under section 7c of the zoning resolution, permitting in a structure located in a residence and business use district, the use of more floor space for manufacturing than is permitted.

PREMISES AFFECTED—3837-3839 White Plains road, west side, 75.31 ft. south of East 221st street and 684 East 221st street, Block 4655, Lot 42, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem.
For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. III, on July 24, 1951, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on October 26, 1954; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 16, 1924, as thereafter *amended* by resolutions adopted through October 26, 1954, for the applicant to file an affidavit of ownership, which has been filed, only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that the work is substantially complete, that all permits required shall be obtained and all work completed within six months from the date of this *amended* resolution."
(Alt. App. 102/51.)

202-30-BZ—Vol. II

APPLICANT—A. L. Andujar, for The Texas Company.

SUBJECT—Application for consideration—reopening as to amendment as to tanks—re Application (decision of the borough superintendent); previously granted on condition, under sections 7c, 7i and 7h of the zoning resolution, permitting in a business use district, the reconstruction and extension of existing gasoline service station (previously granted by the Board) to include additional uses of auto laundry (non-automatic) motor vehicle repair shop and the parking of motor vehicles waiting to be serviced.

PREMISES AFFECTED—220-06 Northern boulevard, south side, from 220th street to 220th place, Block 7473, Lot 1, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Joseph B. Lynch.
For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II on March 1, 1955, on certain conditions; and

WHEREAS, the resolution was amended and time extended to complete the work on January 31, 1956; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 1, 1955, as thereafter amended by resolution adopted through January 31, 1956 by adding thereto:

"that the ten existing 550 gallon tanks shall be sealed to the satisfaction of the Fire Commissioner and that there may be installed twelve new 550 gallon approved gasoline storage tanks and three additional approved dispensing pumps on the existing gasoline pump islands as indicated on revised plans marked "Received June 14, 1956" (one sheet), *on condition* that in all other respects the requirements of the resolution above cited shall be complied with where not inconsistent with the terms of this *amended* resolution." (Misc. App. 537/54 and N.B. 1868/54.)

181-41-BZ—Vol. II

APPLICANT—Michaels and Michaels, for Jacques Galef, owner (Jacob Goldstein, lessee).

SUBJECT—Application for consideration—reopening as to extension of term for parking—re Application (decision of the borough superintendent); previously granted on condition, under section 7h of the zoning resolution, permitting in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—302-308 East 34th street, south side, 80 ft. east of 2nd avenue, Block 939, Lots 55-58, Borough of Manhattan.

APPEARANCES—

For Applicant: William A. Michaels.
For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on October 28, 1947, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on June 8, 1948; and

WHEREAS, the term of variance was extended from time to time and last extended on September 14, 1954; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 28, 1947, as thereafter *amended* by resolutions adopted through September 14, 1954, only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * granted under Section 7, subdivision h for a term of two years from the date of this *amended* resolution, to permit * * *; that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed with the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N.B. App. 154/47.)

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on May 22, 1956, as they appeared in Bulletin No. 22, Vol. 41, are hereby corrected to read as follows:

573-55-BZ

APPLICANT—Paul Friedman, for Joseph G. Gentle, owner.

SUBJECT—Application July 13, 1955—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs (hand tools only), auto wrecking (non automatic), office, sales and storage of auto accessories, parking of cars waiting to be serviced, for a term of 15 years.

PREMISES AFFECTED—17-32 to 17-46 (17-42 official) Clintonville street, 154-02 to 154-04 17th road, southwest corner and 17-27 to 17-37 154th street, Block 4730, Lot 4, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Arthur Levine.

For Opposition: None.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Application granted on condition. THE VOTE TO GRANT, ON MARCH 13, 1956—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connolly 3

Negative: Commissioner Keating 1

ACTION OF BOARD ON MARCH 16, 1956—Laid over from March 16, 1956 to April 17, 1956, at 10 A.M. for further consideration after selection by Board of Estimate of school site; publication of Board's action of March 13, 1956 withheld; hearing previously closed.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 9, 1955 after due notice by publication in the Bulletin; laid over for inspection and decision; hearing closed; date to be set, awaiting information as to action of Board of Education and the Board of Estimate as to proposed adjacent school; then set for January 17, 1956; then laid over to February 15, 1956, for information from the Board of Education; then to March 13, 1956; then to March 16, 1956; then to April 17, 1956, for further consideration after selection by Board of Estimate of school site; publication of Board's action of March 13, 1956 withheld; then to May 15, 1956, to await the selection by the Board of Estimate of a school site; then laid over from May 15, 1956 to May 22, 1956, for further plan and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a local retail use, D area, class ½ height district; Clintonville street is in local retail and business use, D area, class ½ height districts; 154th street and 18th avenue are in local retail and residence use, D area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 24, 1955 acting on N.B. Applic. 2525-55, reads:

"1. The use of the premises as a gasoline service station, lubritorium, minor repairs (hand tools only), auto washing (non-automatic), office, sales and storage of auto accessories, parking of cars waiting to be serviced in a local retail use district is contrary to Article II, Sec. 4-c of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 145.888 ft. 38.96 ft. and 125.02 ft. frontage by 113.365 ft. in depth, irregular, presently vacant; that it is proposed to erect a one story gasoline service station, of class 3 construction, 45 ft. and 62 ft. 8 in. front, 29 ft. in depth, 13 ft. height, in a local retail use district; that as of July 25, 1916 the subject premises was zoned as a business district and a one times height district and the present use and height designation became effective on July 7, 1953; that the area designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states that the subject premises consists of a vacant, irregular, trapezoidal corner parcel, having a frontage of 145.485 ft. on Clintonville street, 38.96 ft. on 17th road and 125.02 ft. on 154th street; that the interior lot line dimension is 113.365 ft.; that Clintonville street is indicated at a width of 80 ft. on the final map; that the old road, about 50 ft. wide, is dedicated to public use according to an opinion of the corporation counsel dated April 25, 1946; that there is a proposed widening of about 20 ft. on the westerly side and about 10 ft. on the easterly side of the dedicated area, which is in private ownership, and there is no proceeding pending to acquire title to the proposed widening; that it is proposed to erect and maintain, for a term of 15 years, a gas station, lubritorium, minor repairs with hand tools only, non-automatic auto washing, office, sales and storage of auto accessories and parking of cars awaiting service; that no portion of the building will be located in the bed of the mapped street; and

MINUTES

WHEREAS, the applicant contends that the premises cannot be used or developed for a conforming use so as to yield a reasonable return on the investment for the following reasons: that the premises cannot be developed for residential use as it is directly opposite a large dry cleaning factory, nor can it be developed for local shops as there is insufficient support for such uses; that there is no residential support north and east of the premises since this area is devoted to the above mentioned dry cleaning factory and to an established and extensive garden nursery; that south and west of the premises the area of notification has a beer depot, 20 residences, two of which have neighborhood stores on the 1st floor, and vacant plots; that local needs are accommodated by the two existing stores but the shopping trend in the neighborhood is toward supermarkets and shopping centers in the general vicinity, but outside of the area of notification; that the plot is too small for the establishment of a supermarket or shopping center; that the plot is irregular and trapezoidal in shape and the contemplated street widening will further decrease the size of the plot and render it less adaptable for development for any purpose other than as herein proposed; that there is an economic demand for the use of the subject premises for a gas station, as it is located at the intersection of three streets in an area where no similar facilities exist for the convenience of the public in the immediate neighborhood; that a grant of this application would not adversely affect the neighborhood as the proposed use, designed as proposed, would materially enhance the appearance of the property and the immediate neighborhood and would result in the elimination of the potential threat to public safety which exists when a plot, such as this, is undeveloped and dangerously dark at night; that adjoining property owners will be adequately protected by the following conditions and safeguards; that the proposed building will be an attractive parkway type structure of brick construction, with an asphalt shingled peaked roof; that the building will be set back to the southerly lot line with an unpierced rear wall; that adjoining properties, which have garages on the lot line common with the subject premises, will be buffered and protected by the erection of a 5 ft. 6 in. high brick and picket fence wall on the southerly lot line, extending from the unpierced rear wall of the proposed building to the street lines and by the maintenance of a landscaped shrubbery area, protected by a 6 in. by 6 in. concrete curb; that it is proposed to erect a 3 ft. 6 in. brick and picket fence wall on the 17th road frontage and to maintain a 5 ft. wide landscaped shrubbery area adjacent thereto; that there will be two parkway type pump islands constructed, each set back 15 ft. from the Clintonville street and 154th street frontages; that in the event of a street widening of Clintonville street, the proposed pumps can be readily relocated to adjust to the new conditions; that the balance of the plot will be concrete or tarvia paved and signs will be limited as shown on plans; that the location of the building at the southerly end of the plot will leave the plot unbuilt upon at and near the intersection of Clintonville street, 17th road and 154th street, thereby contributing to public safety by providing clear traffic visibility at the corner; that the limitation of the term of the gas station would serve as a protection to the neighborhood so that, in the event the character of the neighborhood should change, the proposed gas station use may be terminated; that a grant of this application would result in a substantial investment to improve the property, thereby increasing the assessed valuation and the real estate tax revenues for the City of New York; and

WHEREAS, the applicant states that the present owner has held title to the property since July 16, 1954 and that the assessed valuation of land is \$4,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate

case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e of the zoning resolution for a term of fifteen years to permit the premises as proposed to be occupied as a gasoline service station as shown on plans filed with this application marked, "Received July 13, 1955" (3 sheets) and "October 25, 1955" (one sheet) *on condition* that all buildings and uses on the premises shall be removed and the premises shall be levelled substantially to the grade of the abutting streets; that the premises shall be constructed and arranged substantially as indicated on such plans above cited; that the space mapped for the proposed widening of Clintonville street shall not be used as a part of the station except as a means of access thereto from the curb cuts to Clintonville street; that the accessory building shall be of the design and arrangement as indicated; that there shall be no cellar under the accessory building; that the pumps shall be of a low approved type, erected not nearer than fifteen feet to the existing building line of 154th Street; that such pumps facing Clintonville street may be located so as to be not over fifteen feet from the present building line of Clintonville street but shall be removed so as to be not nearer than fifteen feet to the mapped line of Clintonville street when such widening takes place; that gasoline storage tanks shall be limited to ten (10) 550 gallon approved tanks; that on the southerly lot line there shall be erected a masonry wall, agreeing with the brick work used on the accessory building, not less than 5 ft. 6 in. in height, except that such wall may be reduced to a height of not less than 4 ft. 6 in. within 5 ft. of the building line; that planting areas shall be maintained as shown to the north and south; that at the *north* building line there shall be constructed a similar wall to a total height of not less than 3 ft. 6 in.; that such planting areas shall be planted with suitable planting and protected with concrete curbing not less than six inches in width and six inches in height above grade; that the balance of the premises shall be paved with concrete or asphaltic pavement where not occupied by accessory building or pumps; that the proposed strip as mapped for the widening of Clintonville street shall be similarly paved and shall be used for no other use than for crossing for access to the gasoline service station; that the curbing and sidewalks abutting the premises shall be constructed and maintained to the satisfaction of the Borough President; that curb cuts shall be restricted to two curb cuts each 30 ft. in width to 154th street, and two of similar width to Clintonville street; that no portion of any curb cut shall be nearer than five feet to a lot line as prolonged; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7e, for a similar term, there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that also under Section 7e there may be parking of cars for a similar term provided that such parking does not interfere with the servicing of the station; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the building line at 154th street of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend beyond the building line for a distance of not more than four feet; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—Reference in the resolution to the construction of a wall at the "south" building line, changed to "north" building line, as indicated in italics in the resolution.

PUBLIC HEARING

PROPOSED AMENDMENTS OF OIL BURNER RULES

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on Friday morning, September 14, 1956 at 10 A.M., in Room 1013, Municipal Building, Manhattan, on Proposed Amendments of Oil Burner Rules.

Matter in *italics* is new; matter in brackets [] old matter to be deleted. Only such rules as are proposed to be amended are published.

OIL BURNER RULES (217-21-SR)

RULES COVERING THE INSTALLATION AND USE OF OIL BURNING EQUIPMENT AND THE STORAGE OF OILS USED IN CONNECTION THEREWITH

Adopted by the Board of Standards and Appeals June 15, 1934, Amended July 12, 1935, January 28, 1936, December 4, 1936, July 1, 1941, June 15, 1948 and July 13, 1951, effective August 13, 1951.

(Superseding Fuel Oil Rules adopted by the Board of Standards and Appeals, November 6, 1919; amended January 6, 1922; January 18, 1924; November 3, 1926; September 11, 1928; January 11, 1929; March 20, 1931; May 12, 1931; November 24, 1931; May 10, 1932; June 24, 1932; November 4, 1932).

Authority: Section 666, paragraph 2 of the New York City Charter and C19-57.0 Administrative Code.

Rule 2. Definitions.

- 2.6 CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous *or intermittent* operation.
- 2.10 ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth *outside of buildings*, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:
- 2.14 INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes[.] *under same requirements as for Commercial Installations.*

Rule 3. Oil Permitted.

- 3.1 Oil permitted under these rules shall be any hydrocarbon oils free from acid, grit and fibrous or other foreign matter. The fuel oils shall be classified as provided in *current* Commercial Standard [CS12-38] published by the U. S. Department of Commerce, and shall have a flashpoint not lower than 100 degrees Fahrenheit when tested in a Pensky-Martens closed cup tester (American Society for Testing Materials Method D-93-36) and marketed under the following commercial grades:

{ Range Oil
{ No. 1 Fuel Oil
No. 2 " "
No. 4 " "
No. 5 " "
No. 6 " "

Rule 4. Standards for Approval of Oil Burners by the Board.

- 4.1 Approved burners, including oil-burning heaters, shall be an assembly of approved parts *and electrical controls* suitable for use with each other for the service intended, as approved, such burners shall be provided with suitable safeguards to prevent abnormal discharge of oil.

Rule 6. Location of Tanks.

6.1 Inside of Buildings, Above Ground.

- 6.1.2 Storage tanks having a capacity of more than two hundred and seventy-five (275) gallons, when installed inside of buildings shall be located on the lowest floor level and all portions of such tanks above the floor shall be protected by [a continuous jacket of] not less than four inches (4") of *masonry* [Portland cement concrete reinforced with not less than No. 20 gauge steel wire cloth 2" x 2" mesh, and extending at least four inches (4") beyond the horizontal outline of tank in all directions], with weep holes along the bottom one inch in diameter not more than 3 ft. apart. *The masonry walls of a structure may be used as part of the protection.*

[Each storage tank] *Storage tanks* may be placed in a protective enclosure having solid masonry walls not less than eight inches (8") in thickness and of dimension not less than fifteen (15") greater on all sides than the outside dimensions of the storage [tank] *tanks*. The walls of enclosure shall be carried up to a height not less than two feet (2') above the top of the tank[.] *or to the ceiling where the ceiling is less than two feet (2') above the top of the tank.* A fireproof access door shall be installed in the enclosure above the point where the enclosure has a capacity equal to the *largest tank[;]* installed, and for each additional 10 feet or fraction thereof by which the longest inside dimension of the enclosure exceeds 35 feet an additional fireproof access door shall be similarly installed at one or more intervals of not less than 10 feet.

6.3 Outside of Buildings, Below Ground.

- 6.3.3 All buried storage tanks [larger than two hundred and seventy-five (275) gallons,] prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting material. All tanks shall be electrically grounded.

Columns, pipes, or similar obstructions, may project into the required fifteen inches (15") of space within the enclosure, provided that access door or doors are so arranged that all portions of the enclosure are accessible. The ceiling above the tank enclosure shall be either fireproof or fire-retarded.

6.4 Outside of Buildings, Above Ground.

- 6.4.1 Storage tanks of a capacity greater than 275 gallons located outside of buildings above ground shall be not less than one and one-quarter (1¼) tank diameters and in no case less than ten feet (10') from the line of adjoining property, the nearest building or adjacent tank. Such tanks shall be electrically grounded. The maximum capacity of individual tanks located outside of buildings

PUBLIC HEARING

above ground shall be fixed by the following schedule:

If distant 25 feet from line of adjoining property which may be built upon.....	16,000 gallons
If distant 30 feet.....	24,000 "
If distant 40 feet.....	36,000 "
If distant 50 feet.....	48,000 "
If distant 60 feet.....	60,000 "
If distant 75 feet.....	96,000 "
If distant 85 feet or more.....	100,000 "

6.4.1.1 *Two hundred and seventy-five (275) gallon tanks shall be located so as not to interfere with or obstruct any means of egress.*

6.4.3 All above ground storage tanks [larger than two hundred and seventy-five (275) gallons], prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting materials. All tanks shall be electrically grounded. *All above ground two hundred and seventy-five (275) gallon tanks shall be protected against injury in a manner satisfactory to the Administrative Official.*

6.5 Tanks Located Along Line of Subways.

6.5.1 Along the line of subways no buried tank shall be placed within twenty feet (20') [of any wall,] *from the outside line of the subway wall, [separating a building from the subway,] and, where practicable, tanks shall be placed in a lower position than the roadbed of the subway, except as may be modified in specific instances by the Board of Standards and Appeals. Where an above ground tank within a building is located within the outer lines of the subway, or within twenty feet (20') from the outside line of the subway wall, such tank shall be placed within a welded steel oil-tight pan of not less than 18 gauge metal of adequate capacity to contain the contents of the tank.*

Rule 7. Piping.

7.2. Relief Valves.

7.2.2 Oil preheaters shall be of approved type and provided with a relief or pressure regulating valve in the piping system to prevent excessive oil pressure. Oil preheaters shall not be installed in the steam or water space of the boiler and shall be so designed that in the event of oil leakage within the preheater, the oil shall be prevented by an approved method from entering the water or steam circulation system. *Water piping connection shall be equipped with a blow-down system providing positive flushing of the water side of the preheater. Two (2) thermometers shall also be installed, one on the intake oil line of the preheater and the other on the discharge oil line.*

7.2.3 Relief valves shall be set to discharge at not more than one and one-half (1½) times the maximum working pressure of the system. The discharge from relief valves shall be returned to storage tank or to the supply line. *Pressure regulating valves and viscosity valves are not included within the scope of this subdivision. There shall be no shut-off valve in the line of relief.*

7.3 Vent Pipes.

7.3.4 Vent pipes shall be provided with an approved weatherproof hood having a free area of not

less than the pipe size area and shall terminate outside the building not less than two feet (2') from any building opening and not less than two feet (2') nor more than twelve feet (12') above the fill pipe terminal, except as may be otherwise approved by the Board. When such openings are fixed and constructed of incombustible materials they shall not be deemed openings within the intent of this rule. If the vent pipe terminal is not visible from the fill pipe terminal location, a one-inch (1") line shall be connected to tank and shall parallel the fill pipe and terminate at the fill pipe terminal with unthreaded end. Such tell-tale lines shall be provided with a check valve set to prevent flow of surface water to storage tank.

Rule 7.4 Fill Pipes.

7.4.1 Fill pipe shall terminate outside the buildings with the fill pipe terminal located at or above grade at least two feet (2') [of] *from any building opening [or] and five feet (5') from any subway grating, at or below the level of the fill pipe terminal. No fill pipe shall be less than two inches (2") in diameter [.] and no fill pipe for #6 oil shall be less than three inches (3") in diameter. The fill pipe terminal shall be located within three feet (3') of the curb, unless otherwise required by the Highway Department or the Transit Authority. Where there are facilities for the delivery tank truck to drive onto the premises, the fill pipe terminal may be located elsewhere than at the curb provided that the location complies with the other requirements of this rule.*

7.4.3 Where the top of the storage tanks is above the fill pipe terminal the fill pipe shall be connected to the top of the tank and be provided with a shut-off valve and swing check valve which shall be located at the fill pipe terminal [.] *or the shut-off valve may be located inside the building at or below the level of the fill pipe terminal, in an accessible location.*

Rule 8. Valves and Control of Oil Flow.

8.2 Each supply line for storage tanks of more than two hundred and seventy-five (275) gallons' capacity, shall be provided with a shut-off valve at the burner and where the top of the tank is above the oil inlet connection to the burner and/or transfer pump, shall be provided with an approved anti-siphon device located at the highest point in the supply line, except that where heavy oil (No. 6 Commercial Standard Grade) having a viscosity of one hundred (100) seconds or more Saybolt Furol at one hundred and twenty-two degrees Fahrenheit (122° F.) is used, the anti-siphon device shall not be required. *No anti-siphon device shall be required where a foot valve is installed at the inlet of the suction line.*

Rule 10. Permits, [Plants], Plans, Inspection and Tests of Storage Tanks and Piping.

10.1 Permits.

10.1.2 Application for permit shall be made *and fee covering the permit as per Rule 10.4.1 be paid within ten days after the completion of the installation* by the installer who holds a certificate of license issued by the Fire Commissioner, on forms furnished by the Fire Commissioner [and] *which shall [provide for] include the location of the building in which the installation [is to be] has been made, name and address of owner and/*

PUBLIC HEARING

or occupant, name and address of installer, make and approval number of burners, pumps and other devices, capacity, number and location of storage tanks, together with approval of such [proposed] installation by the Borough Superintendent of Buildings when required under Rule 10.2.

- 10.1.3 No permit shall be issued by the Fire Commissioner until [the installation has been inspected by his representative and the installer has furnished an affidavit] *the installer has furnished an affidavit that the installation complies with all requirements*, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 per cent without smoking.

10.3 Inspection and Tests of Installations of Storage Tanks and Piping.

- 10.3.1 All fuel oil storage tanks and piping installed as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and to the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A sworn statement by the installer in proper affidavit form attesting to such installation and test shall be filed with the Fire Commissioner. [and a copy thereof be posted in the boiler room.]

(See Sections of the Administrative Code C19-19, as amended by Local Law 46 of 1951 and C19-152).

Rule 12. Ventilation.

- 12.1 No burner shall be installed in any boiler, heater, range or stove unless each boiler, heater, range or stove be connected to a legal chimney, complying with Article [11] 12 of the [Administrative] Building Code, except that [in high pressure mercantile and industrial plants] several units may be connected to a *common* [boiler room stack] chimney.
- 12.2 Adequate ventilation, at least equivalent to area of the smoke pipe at the point where it enters the flue, shall be provided in all rooms in which burners are installed[.], *except that in commercial installations the area for natural fixed ventilation shall be at least equivalent to eight (8) square inches for each gallon of oil for which the fuel burning equipment is rated. Where the fixed ventilation is supplied mechanically and electrically interlocked with the burner, at least the equivalent of two (2) square inches for each gallon of oil for which the fuel burning equipment is rated, shall be provided.*
- 12.3 Dampers shall be so constructed that they cannot completely cut off the passage of flue gases at any time[.]. [and on all installations in one and two family dwellings on approved automatic draft control of the same size as the cross-sectional area of the pipe or breaching shall be installed in the breaching or flue pipes.] *Approved automatic draft controls may be installed when necessary to provide proper draft where the draft is excessive.*

Rule 14. Fire Protection.

- 14.6 Oil burning devices designed for installation with storage of not more than six (6) gallons shall be

[firmly anchored to the floor,] set level and *firmly anchored*. The floor beneath [the] stoves or any such heating devices *shall be* protected by a shield of $\frac{1}{2}$ " asbestos or equivalent extending at least twelve inches (12") beyond the projected area of such device where required within the specific approval of each burner. Approved safety cans only shall be used for the storage and filling of oil containers. The fuel oil used for these burners shall be range oil or No. 1 or No. 2 fuel oil. The manufacturer or installer of these burners shall within 48 hours after each installation notify the Fire Department in writing of the name of the person to whom this burner is sold and the address of the premises where installed.

- 14.7 Near each boiler, [or] furnace *or suspended* [of a] fuel oil-burning unit there shall be [kept ready for use fire extinguishing equipment of not less than two quart capacity approved as suitable for oil fires or not less than two pails of sand, the pails to have rounded bottom.] *immediately available one (1) approved hand fire extinguisher of not less than two quart capacity suitable for oil fires or two (2) rounded bottom pails filled with sand.*

Rule 15. Instruction Cards and Certificate of Fitness.

- 15.2 *Except as provided in Rule 15.2.1 every* [Every] heating system in which the oil is preheated or systems not fully automatic when operating shall be under the direct supervision of a person holding a certificate of fitness issued by the Fire Commissioner and who shall be in the building at all times while the burners are in operation, except, that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941, under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burners" shall not be required to obtain such certificate.

15.2.1 *The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, while in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who is regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner" shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the Fire Commissioner for the installation of such oil burning equipment.*

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

Rule 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fireresisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horsehoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;
(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

Notice of Public Hearing on Proposed Amendments of
Oil Burner Rules.

PETITIONS AND ORDERS OF CERTIORARI

SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On June 27, 1956, Copy of Petition and Order of Certiorari was served on the Board by Berman & Silver, attorneys for Consolata Grace Alantta, an objecting property owner, seeking a review of the Board's determination on May 22, 1956, granting a variance under Sections 7, subdivisions f and i, and 7A of the Zoning Resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, storage room, office and sales, parking and storage of motor vehicles, with proposed show windows and signs, as stated in resolution; Cal. No. 618-55-BZ; Premises 3902-3924 Ave. U, south side, from Ryder St. to Kimball St., 2201-2211 Ryder St. and 2202-2212 Kimball St., Borough of Brooklyn.

On June 27, 1956, Copy of Petition and Order of Certiorari was served on the Board by John DiLeonardo, attorney for Evelyn M. Rogoff, Joseph & Margaret Ognibene and Walter & Helen Bunker, objecting property owners, seeking a review of the Board's determination on May 22, 1956, granting a variance under Section 7, subdivisions e and h, of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, for a period of fifteen (15) years, with accessory uses substantially as proposed, such as lubritorium, minor repairs (hand tools only), car washing (non-automatic), office, storage and sale of auto accessories, and the parking of cars waiting to be serviced; Cal. No. 754-53-BZ, Vol. II; premises 76-31 to 76-45—164th Street and 164-01 to 164-09—77th Avenue, northeast corner, Flushing, Borough of Queens.

COURT DECISION

Matter of Di Bari vs. Board—On January 25, 1949, the Board denied, under Sections 7e and 21 of the Zoning Resolution, a variance to permit in a residence and business use, C area district, the erection and maintenance of a store building on a plot on which there are an existing gasoline service station and a garage, permitted by the Court; Cal. No. 700-48-BZ; premises 1140-1158 McDonald Avenue; west side, 63 ft. 5 3/4 in. south of 20th Avenue, 49-11-4935 20th Avenue and 939 Dahill Road, Borough of Brooklyn. At Special Term, Part I, Kings County, Mr. Justice Keogh reversed the Board. (N.Y.L.J. July 31, 1951, page 175).

Upon further appeal, the Appellate Division, Second Department, reversed the lower court and reinstated the Board's determination in the following decision:

"In a certiorari proceeding, the Board of Standard and Appeals of the City of New York appeals from a final order which annulled the determination of the Board denying respondent's application for a variance of the provisions of the Zoning Resolution, and directed the issuance of a permit by the Superintendent of Buildings, Borough of Brooklyn. The respondent made application for a permit to erect stores in a residence district and to use the wall of his garage and gasoline station, in the adjoining manufacturing district, as part of the walls of the store building and to permit construction on more than 60 per cent. of the residence district in violation of section 13 (b) of the Resolution. The application was made pursuant to section 21 providing for a variance when there are practical difficulties or unnecessary hardships, and pursuant to section 7 (e) authorizing a permit for a stated term of years, in harmony with the general purpose and intent of the regulations. Final order granting respondent's motion to sustain the order of certiorari and denying appellant's motion to dismiss the petition and to sustain and confirm the determination of the Board of Standards and Appeals reversed on the law and the facts with \$50 costs and disbursements, petition dismissed, and the determination of the Board confirmed, without costs. It does not appear from the record that the Board abused its discretion, or acted in bad faith, or that its action was unreasonable, arbitrary, discriminatory or illegal in refusing to

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly	4
Negative	0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 1, 1956 subject to regular procedure, to consider extension of building; and

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 57th street are in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 24, 1956 acting on Alt. Applic. 851-56, reads:

"1. Proposed extension and alteration to a building and change of use from carpenter shop, welding shop, storeroom, asphalt roller storage and open storage shed to carpenter shop, office, storage room, sign shop, spray room and sign storage in a residence zone is contrary to Art. II, PP. 3 of the Zoning Resolution and contrary

MINUTES

to the Bd. of Standards and Appeals variance under Cal. No. 69-36-BZ." and

WHEREAS, the applicant states that the premises consist of a plot, 415 ft. frontage by 112 ft. 10 in. in depth, on which are located three 1-story buildings, 163 ft. by 34 ft.; 100 ft. by 60.5 ft. and 18 ft. by 33 ft.; and

WHEREAS, the applicant states that under Cal. No. 69-36-BZ, the following was legalized: 1st floor—carpenter shop, welding shop, store room, asphalt roller storage and open storage shed; basement—low pressure steam boiler; that the dimensions of the lot are as follows: 414 ft. 7 in. by 87 ft. 9 in. by 409 ft. 4 in. by 112 ft. 10 in.; building dimensions are 163 ft. by 34 ft.; and

WHEREAS, the applicant contends that the dimensions of the lot remain the same as above stated; that the addition and alterations consists principally of an extension of approximately 17 ft. to the existing building and which is to be used for small street sign paint spraying operations and street sign storage; that it is proposed to enclose the open storage sheds for use as street sign shop, relocate the carpenter shop and eliminate the welding shop and asphalt roller storage; and

WHEREAS, the applicant states that the present owner has held title to the property since October 29, 1896 and that the building was erected in 1936; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e to permit the extension of the building substantially as proposed and as indicated on plans filed with this application marked "Received April 10, 1956", 2 sheets, and "May 25, 1956", one sheet. *on condition* that the spraying shall be as approved by the State Labor Department and shall be of a type that will control the fumes; that the welding shop and the asphalt roller storage shall be omitted as proposed and the carpenter shop may be relocated as proposed in such plans; that the building shall not be further increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that this variance shall continue only so long as the premises as a whole are maintained and occupied by the Borough President of Brooklyn; and that all permits including a new certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

624-37-BZ—Vol. II

APPLICANT—Fred C. Dahlem, for William L. McDonald, owner (Herman Wald, lessee).

SUBJECT—Application reopened January 10, 1956 as Vol. II—re (decision of the borough superintendent) under section 7e and 7i of the zoning resolution, to permit in a business use district, the proposed auto repair shop with hand tools only, no body and fender work, and car washing and polishing.

PREMISES AFFECTED—2421 Boston road, northwest corner of Waring avenue, Block 4430, Lot 57, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem and Herman Wald.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings and Charles J. De Peri, Board of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 10, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, B area, class 1½ height district; Waring avenue is in business and residence use, B area, class 1½ height districts; White Plains road is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated November 3, 1955 acting on Alt. Applic. 1034-55, reads:

"1. Proposed auto repair shop with hand tools, no body or fender work, car washing and polishing on a lot located in a Business use district s contrary to Art. 2, Sec. 4a, items 28 and 52 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 24.93 ft. frontage by 83.11 ft. in depth, irregular, on which is located a one story building of class 4 construction 24.11 ft. by 35 ft. and 18 ft. by 11 ft., now used as auto repair shop; that it is proposed to maintain auto repair shop, with hand tools only, no body or fender work, and car washing and polishing; and

WHEREAS, the applicant states that the plot is an irregular parcel of land 24.93 ft. front on Boston road, 83.11 ft. on Waring avenue and 55 ft. rear lot line and 71.78 ft. north lot line; that a one story metal frame building was erected on the plot, the building being 15 ft. by 35 ft., under N.B. 986-27 and upon completion certificate of occupancy No. 2507 was issued on December 5, 1927 for an auto laundry; that combustible permits were issued to the lessee from 1934 to 1950; and

WHEREAS, the applicant states that on January 15, 1937 the department of buildings wrote the lessee that due to the fact that the fire department had issued permit No. M-53799 on March 6, 1931 for auto laundry, brake service, ignition work, light welding work with not more than 4 cars, that prosecution would be held in abeyance if no nuisance were created by the repairing of motor vehicles; that in 1951 the fire department issued order No. 82208LC requesting discontinuance of the repair of motor vehicles; that on September 24, 1954 the department of buildings, by letter, gave permission to conduct an auto laundry and polishing service, but that the frame extension which was erected and connected to the metal frame building without permission, must be removed, including parking of cars on the remainder of the lot; and

WHEREAS, the applicant contends that the lessee has leased the premises since 1933; that he is a teacher of motor vehicle construction and engine operation in Samuel Gompers high school and opens his shop at 3:30 in the afternoon, after school; that the plot is too small to build on for taxpayers or apartments; that there is a gas station next door but that most of the surrounding property is vacant; that permission is requested for the lessee to conduct this repair shop with hand tools only and to retain the frame extension which will be completely fire retarded inside with ½ in. plaster board and 26 gauge metal, or fire retard with materials such as the Board may demand; that this place has been operated since 1937 without any complaints; and

WHEREAS, the applicant states that the present owner has held title to the property since February 4, 1936; that the assessed valuation of land is \$5,600 and of the building \$900 making a total of \$6,500; that the building was erected in 1927; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district

MINUTES

regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e and i for a term of five years to permit the uses in the existing building substantially as proposed and as indicated on plans filed with this application marked "Received November 29, 1955", 3 sheets, *on condition* that there shall be no body or fender work; that the use of the premises shall be solely for repairing with hand tools only for adjustments and car washing and polishing, including simonizing; that the requirements of the resolution adopted this day under Calendar No. 28-56-A shall be complied with; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the building shall not be increased in height or area; and that all permits shall be obtained, including a new certificate of occupancy, and all work completed within the requirements of Section 22A of the Zoning Resolution.

28-56-A

"2. Proposed frame extension within the fire limits is contrary to 4.1.2 and 4.2.1 of the Bldg. Code."

and

WHEREAS, the building is one story, 10 ft. in height, 24 ft. 11 in. by 35 ft. irregular in area, of class 4 construction, erected 1927, located on a lot in a business use, B area, class 1½ height district and used and occupied since 1933 as a motor vehicle repair shop and proposed to be used and occupied as a motor vehicle repair shop (no body or fender work) hand tools only and car washing, 2 persons; and

WHEREAS, the applicant states there is an existing metal frame building 15 ft. by 35 ft. in area, erected under N.B. Applic. 986-27 for which certificate of occupancy 2507 was issued December 5, 1927 for use as an auto laundry; that in 1933 the present lessee leased the premises for motor vehicle repairs and operated a repair shop until the Fire Department ordered it discontinued; that a frame extension to this metal building was erected as part of the motor vehicle repair shop; and

WHEREAS, the applicant contends that there are no dwellings; that there is no body or fender work carried on; that all repairs are done with hand tools and consist of brake service, ignition, carburetor work and wheel alignment; that the premises are open from 3:30 p.m., to about 6:30 p.m.; and

WHEREAS, the applicant requests permission to maintain the frame extension by fire retarding it on the inside with 26 gauge metal and ½ in. plaster board and to surface the exterior with asbestos shingles or to provide any other suitable fire retarding or conditions the Board may impose.

Resolved, that the decision of the borough superintendent, dated November 3, 1955, acting on Alt. 1034/55, Objection No. 2 be and it hereby is *modified* and that the appeal be and

it hereby is *granted on condition* that the requirements of the resolution adopted this day under Cal. No. 624-37-BZ, Vol. II, shall be complied with; and that the fire retarding within the building with plaster board and 26 gauge metal shall be carried out to the satisfaction of the borough superintendent.

670-39-BZ—Vol. II

APPLICANT—Otto J. and Warren A. Sambach, for Theodore Potash, owner.

SUBJECT—Application reopened July 12, 1955 as Vol. II—re (decision of the borough superintendent) under section 7a of the zoning resolution, to permit in a business use, C area district, the extension of the an existing building, using more than the area permitted.

PREMISES AFFECTED—41-25 102nd street, northeast corner of 42nd avenue, Block 1976, Lot 10, Corona, Borough of Queens.

APPEARANCES—

For Applicant: Warren A. Sambach.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 12, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; laid over to July 3, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, C area, class 1¼ height district; National street and 102nd street are in business and unrestricted use, C area, class 1¼ height districts; 103rd street and 42nd avenue are in business and residence use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated June 10, 1955 acting on Alt. Applic. 23-55, reads:

"1. The covered area of plot is contrary to Art. 4 Sec. 13(b) of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 140 ft. in depth, on which is new located a building 84 ft. by 140 ft., irregular, occupied as a retail store and produce storage building; that it is proposed to erect a two story extension to the existing building 43 ft. by 40 ft. plus passageway 7 ft. in width on ground floor, 1st floor to be used at store, 2nd floor as apartment for the owner's use; and

WHEREAS, the applicant states that the permitted square footage of property to be occupied at the time of filing for the existing building in 1953 was 9,150 sq. ft., but due to the fact that two loading berths were provided, the chief engineer of the Borough of Queens permitted an additional 1500 sq. ft. of building to be built because the building is situated on three street fronts; that since that time, the City Planning commission amended the zoning resolution, effective July 22, 1954, which allows 11,000 sq. ft. of area to be occupied by a building; that the proposed building extension has 1,720 sq. ft., therefore the existing building of 10,560 sq. ft. and the proposed extension of 1,720 sq. ft., gives a total of 12,280 sq. ft.; that the square footage in excess of allowable area will be 1,280 sq. ft.; and

WHEREAS, the applicant contends that prior to 1953 the market was operating in a series of old ramshackle buildings converted to stores and due to the increase in business in this area, a new store was erected together with a produce storage warehouse in the rear; that as soon as the new store was

MINUTES

opened, business tripled due to the wide variety of vegetables that were sold at all times of the year and the new invocation of self-service with a check-out corner; that due to the increase in sales, the owner wishes to expand his business by erecting an addition to the display and sell dairy products and other items that the area warrants, in the way of food; that the subject location is the main shopping and business area of Corona and at present there are additional apartments being built on the outlying sections of Corona which will mean more people will be shopping and buying in this location; and

WHEREAS, the applicant states that the present owner has held title to the property since May, 1935; that the assessed valuation of land is \$40,000 and of the building \$105,000 making a total of \$145,000; that the building was erected prior to 1900; and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercises of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is granted under Sections 7a and 21, to permit the extension in area, as proposed and indicated on plans filed with this application, marked "Received June 28, 1955", 4 sheets, "May 3, 1956", 2 sheets, on condition that the building shall not be further increased in height or area and in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the entire premises on the street floor shall be used as proposed by the Potash Open Air Market; that such space herein permitted shall be used as an addition to the store; that all permits required, including a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

330-42-BZ—Vol. V

APPLICANT—Gilbert Lazerus, for Jeron Company, Inc., owner.

SUBJECT—Application reopened May 15, 1956 as Vol. V —re (decision of the borough superintendent) under section 19A(j) of the zoning resolution, to permit in a business use, C area district, the erection and maintenance of a one story business building, without required loading berth, and differing in layout from plans approved by the Board under Cal. No. 330-42-BZ Vol. IV.

PREMISES—AFFECTED—95-40 to 95-48 Queens boulevard, south side, 130 ft. west of 63rd drive, Block 3080, Lot 31, Rego Park, Borough of Queens.

APPEARANCES—

For Applicant: Gilbert Lazerus, Marvin Fine, Albert G. Stillman, Bernard Alpert and Harold G. Corwin.

For Opposition: S. Bodian, City Construction Coordinator.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. V on May 15, 1956 subject to regular procedure, to consider rearrangement and additional uses, and loading berth; and

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning

resolution show that the site and Queens boulevard are in a business use, C area, class 1 height district; 63rd drive is in business and retail use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated April 6, 1956 acting on N.B. Applic. 2200-55, reads:

"1. Secure approval of Bd. of Standards and Appeals for proposed changes of store layout as same are not as plans submitted to B of S. under Cal. No. 330-42-BZ.

2. Provide loading area as per Sect. 19A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 86 ft. frontage by 100 ft. in depth, on which is located a one story building of class 3 construction, 86 ft. front by 90 ft. in depth, now under construction; that it is proposed to extend the permitted retail use into the cellar, creating total retail space of 8,000 sq. ft., and omitting the required loading berth; and

WHEREAS, the applicant states that the affected premises are located on the south side of Queens boulevard, 130 ft. west of 63rd drive, and have a frontage of 86 ft. along Queens boulevard and a depth of 100 ft.; that the premises are located in a business use C area and class 1 height district; that by resolution of the Board dated July 12, 1955 bearing Cal. No. 330-42-BZ, Vol. IV, the owner was granted permission to erect a one story basement and store building in a business C district covering more than the area permitted by section 13(b) of the zoning resolution, and so as to permit a second means of egress from the cellar of the proposed building to the lot adjacent to the premises on the south, which lot is in the same ownership as the plot in question; that the building, as proposed at the time of the prior resolution of the Board, indicated that the first floor would be used for 6 separate stores, each of which would have a storage basement; that the indicated total floor space to be used for retail sales, therefore, at that time amounted to 7,740 sq. ft.; that the proposed building is now in process of construction and has been entirely enclosed; that the owner has entered into a lease with a large chain store engaged in the sale of men's clothing, for one store and basement approximately 40 ft. in width; that the proposed tenant, however, is not able to operate its business at the premises unless it can use the basement space beneath the store for retail sales and accordingly the lease is conditioned upon such basement space being legally usable; that in the event this store and basement were to be used for retail sales purposes, the entire floor area of the building devoted to such purposes would amount to approximately 10,670 sq. ft.; that under section 19A of the zoning resolution, a building located in a C area, as in the case in question, having floor space devoted to retail sales totaling in excess of 8,000 sq. ft. but less than 25,000 sq. ft., is required to have one off-street loading berth; that such a loading berth in the case in question, however, would result in unnecessary hardship without any equivalent benefit to the public welfare; and

WHEREAS, the applicant contends that the purpose of section 19A is to prevent the creation of traffic congestion in the area in which the building is located; that to permit the proposed tenant to use its basement space for selling in lieu of storage will in no way increase this tenant's loading and unloading operations at the curb; that the amount of business which the proposed tenant will do will not be affected by the additional basement sales space, but will only facilitate the handling of sales and provide greater room for customers to try on garments, etc.; that there will be no greater amount of garments in the store as a result of the use of such basement space for a sales area; that the same number of garments will be hung along the racks in the basement as would have been hung if the basement space were used only for storage purposes; that accordingly, the use of the basement space for retail sales will in no way create traffic congestion and will not violate the spirit and

MINUTES

intention of section 19A; that Queens boulevard is one of the most beautiful boulevards in the City of New York; that the facades of the shopping facilities, particularly in the area in which this property is located, are constructed according to the highest standards of dignity for such areas, and in fact, nowhere in this area is there a loading berth on Queens boulevard; that since the only loading berth which could be constructed for the property in question would have to face on Queens boulevard, a strict compliance with section 19A would result in a disfigurement to Queens boulevard in this area; that in fact, many merchants in the area and several civic associations have indicated to the owner that they support this application and would very much regret any loading berth on Queens boulevard in this neighborhood; that the building on the plot in question has already proceeded to the point which to require the construction of a loading berth would result in a prohibitive cost to the owner; that other buildings in the area, all of which were constructed before the enactment of section 19A, contain stores with selling basements and have floor areas devoted to retail sales in excess of the amount permitted without loading berths under section 19A; that such situations exist at Crawford clothes, 95-15 63rd drive, which is the building adjoining the plot in question, and at Famous fashions, 95-02 63rd drive, which is the northwest corner of 63rd drive and Saunders street, at Davega stores, 96-70 Queens boulevard, Howard clothes, 96-66 Queens boulevard and Paris decorators, 96-44 Queens boulevard; that to require the property in question to have such a loading berth, therefore, would result in discrimination against this particular property, which would then be placed at a disadvantage in competing against neighboring buildings, although such neighboring buildings themselves do not have the loading berths required by section 19A; and

WHEREAS, the applicant further contends that it is proposed to separate the store, which will have a selling basement, from the remainder of the building by the construction of an 8 in. cinder block partition in both the basement and the 1st floor; that the result will be as if the space in which the ground floor and basement will be used for selling purposes were an entirely distinct and separate building from the remainder of the structure where the basement space will be used for storage purposes only; that if that portion of the building in which the basement will be used for retail sales purposes were to be treated as a separate building because of this 8 in. cinder block partition, this separate building would have a total floor space devoted to retail sales of approximately 6,500 sq. ft. or 1,500 sq. ft. less than the minimum amount for which a loading berth is required under section 19A; that the granting of permission to use approximately 40 ft. of the basement space for retail sales purposes in the proposed building without requiring an off-street loading berth would be entirely within the spirit and intent of section 19A, would not result in any increase of loading or unloading operations at the curb or in the creation of any traffic congestion; and

WHEREAS, the applicant states that the present owner has held title to the property since October 1, 1940; that the assessed valuation of land is \$86,000 and of the building \$15,000 making a total of \$101,000.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 12, 1955, by adding thereto:

"that in the event the owner desires to combine several of the stores on the first floor and maintain a salesroom in the cellar, as proposed and shown on plans filed with this application, marked "Received April 13, 1956", 5 sheets, and "June 11, 1956", 1 sheet, such combination of the stores formerly proposed and permitted with a sales store in the basement for Simon Ackerman Clothes may be permitted, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified by the above cited resolution and by the resolution adopted by the Board this day under Cal. 370-56-A;

and, as to Objection 2 of the borough superintendent's decision, the application be and it hereby is granted under the powers vested in the Board by Section 19A, subdivision j of the Zoning Resolution, to permit the omission of the required loading berth."

370-56-A

APPLICANT—Gilbert Lazerus, for Jeron Company, Inc., owner.

SUBJECT—Application April 13, 1956—Appeal from a decision of the borough superintendent re egress.

PREMISES AFFECTED—95-40 to 95-48 Queens boulevard, south side, 130 ft. west of 63rd drive, Block 3080, Lot 31, Rego Park, Borough of Queens.

APPEARANCES—

For Applicant: Gilbert Lazerus, Marvin Fine, Albert G. Stillman, Bernard Alpert and Harold G. Corwin.

For Applicant: Gilbert Lazerus, Marvin Fine, Albert G.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated April 6, 1956, on N.B. 2200/55 reads:

"3. (a) Provide two means of exit from cellar. Sect. 6.1.2.2.3

(b) Direct to street and enclosed. Sect. 6.4.1.11."

and

WHEREAS, the applicant states the building is 1 story, 18 ft. in height, 86 ft. front by 90 ft. in depth, of class 3 construction, now in course of erection on a lot 86 ft. front by 100 ft. in depth, in a business use, C area, class 1 height district, pursuant to variance granted by the Board under Cal. 330-42-BZ, for occupancy as follows: cellar—storage, 0 persons; 1st floor—stores, 60 persons; that it is now proposed to change the use and occupancy of the cellar from storage to retail stores and storage with an occupancy of ten persons; and

WHEREAS, the applicant states this appeal is to permit portion of the building having a width of approximately 40 feet to be used as a store with selling basement, as indicated on plans filed with Cal. 330-42-BZ, Vol. V; and

WHEREAS, the applicant states it is requested that the Board permit the proposed store to be used for retail sales both on street level and basement without requiring strict compliance with Sections C26-273.0 and C26-292.0 of the Administrative Code; and

WHEREAS, the applicant contends that in lieu of providing one exit to the fireproof passageway at the rear of the basement, two separate exits will be provided from basement of store in question to such fireproof passageway, each to be maintained with fireproof, ¾-hour test self-closing doors; that this fireproof passageway will lead to a stairway having direct access to street; that no part of the basement of the store will be more than 100 ft. from an exit leading to the fireproof passageway; that in addition to the two cellar exits leading to passageway there will be an accommodation stair leading to the 1st floor store area, located 8½ ft. from the street doorway of the store; that sprinkler heads will be provided on the cellar ceiling around the perimeter of the accommodation stair opening; illuminated signs will be maintained at both rear exits in the cellar; that approved fire extinguishers will be provided in the cellar and at first floor; that smoking will be prohibited throughout the first floor and cellar area of the store in question and signs to that effect displayed; and

WHEREAS, the premises was inspected by a committee of the Board.

MINUTES

Resolved, that the decision of the borough superintendent, dated April 6, 1956, acting on N.B. 2200/55, Objection 3a and 3b, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that there shall be no manufacturing in the cellar; that the exits from the cellar and first floor to the street shall be maintained as shown on plans filed with Cal. No. 330-42-BZ, Vol. V; that sprinkler heads and fire fighting appliances shall be maintained, where proposed and smoking shall be prohibited and that in all respects the resolution adopted by the Board this day under Cal. 330-42-BZ, Vol. V shall be complied with.

160-48-BZ—Vol. II

APPLICANT—Lathrop Douglass, for Alstores Realty Corp., owner (B. Gertz, Inc., lessee).

SUBJECT—Application reopened May 1, 1956 as Vol. II—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a class ½ height district, the erection of an extension to an existing building in excess of the height permitted by section 8(b) of the zoning resolution.

PREMISES AFFECTED—93-59 183rd street, east side, 62.35 ft. north of Liberty avenue, Block 10353, Lot 140, Hollis, Borough of Queens.

APPEARANCES—

For Applicant: Harry Agne and John H. Bennett.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly

Negative

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 3, 1956, after due notice by publication in the Bulletin of the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that Liberty Avenue is in unrestricted and manufacturing and residence use districts; 183rd Street is in an unrestricted use district; that 183rd Place is in a residence use district; that Dunkirk Street is in manufacturing and residence use districts; that 183rd Place and Henderson Avenue north of 104th Avenue are in a D area district; that the area bounded by 104th Avenue on the north and Liberty Avenue on the south is an E-1 area district; that the area bounded by Dunkirk Street on the west and Liberty Avenue on the north is in a G-1 area district; and

WHEREAS, the decision of the borough superintendent dated March 26, 1956, on Alt. App. 2731/56 reads:

"1—In a ½ height district no building shall be erected to a height in excess of ½ the width of the street (183rd Street is a 50 ft. street) sec. 8(b) Zoning Res."

and

WHEREAS, the applicant states the premises consist of a lot fronting 596 ft. on 183rd Street, with a depth of 530 ft., irregular, upon which there exists a 4-story, fireproof warehouse building 59 ft. 4½ in. in height, 275 ft. front by 175 ft. in depth, erected pursuant to a variance granted by the Board under Cal. No. 160-48-BZ, Vol. I, on May 4, 1948, and used and occupied pursuant to Certificate of Occupancy No. 58765 issued October 11, 1949, against N.B. App. 7212-47; and

WHEREAS, the applicant states that it is now proposed to erect two 4-story additions of 32,400 and 15,000 sq. ft., respectively, on each floor, to the same height as the existing building, without setbacks, as indicated on plans filed with this application; and

WHEREAS, the applicant contends that when the existing building was erected the premises were in a class One height district which has since been re-zoned and the premises are now located in a class ½ height district; that in 1948

when the building was erected the height legally permitted without setbacks was 43 ft. 9 in. and the Board granted a variance to permit the erection of the building to a height of 59 ft. 4½ in. without setbacks; and

WHEREAS, the applicant states that the building is set in a kind of a valley entirely surrounded by Long Island Railroad property; that along the north lot line there is the main track of the Long Island Railroad, 20 ft. above the curb passing over 183rd street, forming a tunnel cross the street 235 ft. in length and 32 ft. in width; that along the southeast lot there is another branch of the railroad 20 ft. above the curb passing over Liberty Avenue; that on the west side of 183rd Street and paralleling the entire frontage of the premises in question there is an open air storage and equipment yard of the railroad, which yard slopes away from the street line to a height of between 15 and 20 ft. above the curb of 183rd Street, which is a 50 ft. street; and

WHEREAS, the applicant states that it has always been the intention of the lessee to expand the warehouse and the footings along both the south and east walls were designed to support two- 4-story additions; and

WHEREAS, the applicant contends that if the owner were required to conform to the height regulations, the addition on the street line could only be 25 ft. in height as compared with the 59 ft. 4½ in. in height of the existing building; that required setbacks at the 2nd, 3rd, and 4th floors would represent a loss of 7,500 sq. ft. in floor area and thus constitute a severe hardship as the owner requires all of the available space; that the expanded warehouse building will serve both the Gertz store in Jamaica and the new 5-story building in the process of construction at the Mid-Island shopping center at Hicksville, Long Island; and

WHEREAS, the applicant contends that in view of the general surroundings, that the building with its proposed addition will, for an indefinite time, be entirely surrounded by railroad property averaging 20 ft. above the mean curb; that in view of the fact that the owners have always contemplated an expansion of the original warehouse and assumed that the class one height district regulations would remain; that in view of the fact that the proposed addition on 183rd street will increase the total street frontage less than 55%, it is requested that the height of the proposed addition on 183rd Street be permitted to be erected to the same level as the existing building.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 4, 1948 by adding thereto:

"in the event the owner desires to extend the building as permitted by the Board under the resolution above cited, and which building is now in use by the owner for the purposes as then proposed, so as to extend the building as now proposed and as shown on plans filed with this application marked "Received April 10, 1956", 7 sheets, such extension, may be permitted and the height may be as proposed and is hereby granted under Section 21 *on condition* that in all other respects the building and use as proposed shall comply with all laws, rules and regulations applicable thereto except as modified this day under Cal. No. 351-56-A; and that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within the requirements of Section 22A of the zoning resolution."

351-56-A

APPLICANT—Lathrop Douglass, for Alstores Realty Corp., owner (B. Gertz, Inc., lessee).

SUBJECT—Application April 10, 1956—Appeal from a decision of the borough superintendent re height of building, exits, etc.

APPEARANCES—

For Applicant: Harry Agne and John H. Bennett.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated March 26, 1956, on Alt. App. 273/56, reads:

"2. In a building 100% sprinklered every point in every floor area to be within 125 ft. of an exit door on an enclosed stairway, sec. 6.1.2.4."

and

WHEREAS, the applicant states the building is 4 stories, 59 ft. 4½ in. in height, 275 ft. front by 175 ft. in depth, of Class 1 construction, erected in 1949, on a lot 596 ft. front by 530 ft. irregular in depth, in an unrestricted use, B area, Class ½ height district; proposed to be increased in area to 425 ft. front by 425 ft. in depth, in class 1 construction, 4 stories, 59 ft. 4½ in. in height, used and occupied as a warehouse with 20 persons per floor; that the building is equipped with approved standpipe and interior fire alarm systems and an approved two-source sprinkler system throughout; there are five interior 3 ft. 8 in. wide steel stairs, enclosed in cinder block partitions, equipped with kalamein, self-closing doors, extending from roof bulkhead direct to street; and

WHEREAS, the applicant contends the existing building is completely sprinklered and has an area of 47,800 sq. ft. on each floor; that it is proposed to erect two 4-story additions, 32,400 sq. ft. and 15,000 sq. ft. respectively on each floor; that the construction and use of these additions will be similar to those of the existing building; that the existing building has three enclosed stairs; that two small areas about 320 sq. ft. and 900 sq. ft. respectively will be more than 125 ft. from exit doors to enclosed stairs; that the proposed south addition will be provided with one enclosed exit stair; that all points within this area are less than 125 ft. from the stair and in addition this stair eliminates an area in the northeast corner of existing building which was more than 125 ft. from an exit door; that in the proposed east addition two areas approximately 800 sq. ft. and 100 sq. ft. respectively are in excess of 125 ft. from doors to stairs; that the total area in existing building and the proposed two additions not within 125 ft. from exit doors to enclosed stairs is approximately 2,200 sq. ft. which represents less than 2½% of the total floor area of 95,000 sq. ft. per floor; that in view of this small occupancy and the generally desirable locations of the exit stairs, it is requested that the number and locations of the stairs be accepted.

Resolved, that the decision of the borough superintendent, dated March 26, 1956, acting on Alt. App. 273/56, Objection No. 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall be sprinklered throughout with a two-source sprinkler system and shall comply with the requirements of the resolution adopted this day under Cal. No. 160-48-BZ, Vol. II; and that the distance at all points from stairs shall not exceed the distances as shown on plans marked "Received April 10, 1956", 6 sheets.

a residence, business and unrestricted use district, the parking and storage of motor vehicles for a term of years with an entrance more than the permitted distance from the intersection.

THE RESOLUTION—

WHEREAS, on July 27, 1951 this application was granted by the Board on certain conditions, under sections 7f and 7A of the zoning resolution, to permit in a residence, business and unrestricted use district, in the residence use portion of the plot, the parking and storage of motor vehicles for a term of two years, with an entrance more than the permitted distance from the intersection; and

WHEREAS, on June 9, 1953 the term of variance was extended for a term of two years; and

WHEREAS, the applicant requested reopening of this application and a further extension of the term of variance which had expired by time limitation on June 9, 1955; and

WHEREAS, this application was reopened on June 5, 1956 and set for hearing on July 3, 1956 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated June 1, 1956 acting on Alt. Applic. 562-56, reads:

"1. Parking lot for more than 5 cars in party Bus. Unrestr. & Residence use district is contrary to Art. II Sect. 3 of the Z.R. Previously granted under Bd. S. & A. Cal. #256-51-BZ but expired June 9, 1955.

2. Proposed entrance to parking lot is contrary to Sect. 7-A of the Z.R."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 27, 1951, as thereafter amended by resolution adopted June 9, 1953, only so far as it refers to the term of the variance, so that as amended this portion of the resolution shall read:

"*granted* under Section 7h for a term of five years from the date of this amended resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within six months from the date of this *amended* resolution." (N.B. App. 1251/50 and Alt. App. 562/56.)

256-51-BZ

APPLICANT—Paul A. Berlowitz, for Alexander R. Di Lorenzo, Jr. and Sol Goldman, owners (Anthony Lazada, lessee).

SUBJECT—Application reopened June 5, 1956 for consideration as to extension of term of variance, expired June 9, 1955—re (decision of the borough superintendent) under sections 7h and 7A of the zoning resolution, permitting in the residence use portion of a lot, located in

621-54-BZ

APPLICANT—Leonard F. Rothkrug, for Soljak Realty Corp., owner (M. H. Murray Supply Corp., lessee).

SUBJECT—Application July 29, 1954—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the change in occupancy from public garage to the storage and sale of plumbing supplies.

PREMISES AFFECTED—1565-1567 Bergen street, north side, 225 ft. west of Utica avenue, Block 1348, Lot 62, Borough of Brooklyn.

MINUTES

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for applicant to correct his papers and for inspection and decision; hearing closed; then to July 3, 1956, for further consideration and for applicant to notify the Board as to the proposed tenancy of the building; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area class 1 height district; Bergen street is in residence and local retail use, C area, class 1 height districts; Utica Avenue is in local retail use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 28, 1956 acting on Alt. Applic. 1606-54, reads:

"1. Proposed change of occupancy from a public garage, to the manufacture and storage of industrial supplies (glaziers hardware) within a residential district, is contrary to Art. 2 Sect. 3 of Zone Resolution." and

WHEREAS, the applicant states that the premises consist of a plot, 62 ft. frontage, 114 ft. 5 in. in depth, on which is located a building covering entire plot, one story, 13 ft. in height, of class 3 construction, for which certificate of occupancy No. 33171-25 has been filed for public garage; that it is proposed to permit the storage and sales of plumbing supplies; and

WHEREAS, the applicant states that as of July 25, 1916 the property was in an unrestricted use district and changed to its present designation on November 4, 1940; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the city planning commission; and

WHEREAS, the applicant contends that the building is presently used for the storage of plumbing supplies and the manufacturing of metal picture frames; that zoning violation No. 61-54, dated April 1, 1954, superseding zoning violation 599-50, was issued by the department of buildings for the illegal occupancy; that it is proposed to discontinue the use of the building for the manufacture of metal picture frames and occupy the building solely for the storage of plumbing, heating and industrial supplies; that the building, which was erected when the premises was located in an unrestricted use district, could be occupied in accordance with the certificate of occupancy as a public garage; that however, after a long succession of garage tenants found the neighborhood with adequate public garage facilities (block 1349, lot 14; block 1349, lot 72, block 1348, lot 21; block 1342, lot 76; block 1342, lot 40), it became necessary to change the use to one which would yield a fair return on the investment made; that since the property was in an unrestricted use district until 1940 there are many legal non-conforming uses within the affected area; that particularly, near the site there are two motor vehicle repair shops in block 1348, lots 66 and 72, and opposite the site there is a wood cabinet making factory; that it is extremely unlikely that the premises could ever be developed with a conforming use and it is believed that the proposed use for the storage of plumbing supplies is the most desirable non-conforming use possible; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1, 1952; that the assessed valuation of land is \$8,000 and of the building

\$17,000 making a total of \$25,000; that the building was erected in 1929; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the proposed plumbing supply and metal picture frame occupancy has moved from the premises and the proposed occupancy is as herein permitted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e, for a term of ten (10) years, to permit the change of occupancy from public garage to manufacture and storage of industrial supplies (glazier's hardware), as proposed and indicated on plans filed with this application, marked "Received July 29, 1954", 1 sheet and "April 5, 1955", 3 sheets, on condition that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that any gasoline storage system and signs relating to gasoline sales shall be removed; and that all permits including a new certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

814-54-BZ—Vol. II

APPLICANT—Leonard Lazarus, for Lindenwood Realty Corp., owner.

SUBJECT—Application reopened April 24, 1956 as Vol. II—re (decision of the borough superintendent) under sections 21, 7h and 19B(d) of the zoning resolution, to permit in a residence use, F area, Class ½ height district, the erection of a two story garden apartment development without the required yards and with garage and parking spaces provided calculated on the basis of the entire development and to permit the calculation of height of building from an elected grade within the plots and the location of more than one building on a lot.

PREMISES AFFECTED—"Lindenwood" Sections 2, 2A, 7 and 7A; 155-03 to 155-09, 155-11 to 155-19 and 155-21 to 155-27 89th street and 89-02 to 90-04, 89-08 to 89-14, 89-16 to 89-30 and 89-32 to 89-38 155th avenue, southeast corner and 89-01 to 89-07, 89-11 to 89-35 Shore parkway, Block 11451, Lot 9; 90-02 to 90-24, 90-28 to 90-46 153rd avenue and 153-06 to 153-08 Cross Bay boulevard, southwest corner and 90-01 to 90-07, 90-09 to 90-25, 90-27 to 90-33 and 90-37 to 90-55 Shore parkway, Block 11451, Lot 50; 155-05 to 155-11 and 155-17 to 155-23 86th street and 86-06 to 86-08 and 86-20 to 86-42 155th avenue, southeast corner and 86-07 to 86-09, 86-15 to 86-21, 86-23 to 86-37 and 86-39 to 86-45 Shore parkway, Block 11466, Lot 1; 88-02 to 88-24 and 88-30 to 88-32 155th avenue and 155-06 to 155-12 and 155-18 to 155-24 89th street, southwest corner and 88-01 to 88-07, 88-09 to 88-25, 88-27 to 88-33 and 88-37 to 88-39 Shore parkway, Block 11466, Lot 25, Ozone Park, Borough of Queens.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 3, 1956, after due notice by publication in the Bulletin of the Board; and

MINUTES

WHEREAS, the district maps accompanying the zoning resolution show that the site and the affected area are in a residence use, class ½ height district, and that the site and all of the affected area north of Shore parkway and west of Cross Bay boulevard are in an F area district; that the portion of the affected area south of Shore parkway is in a G-1 area district and the portion east of Cross Bay boulevard is in an E-1 area district; and that the westerly side of 84th street is in an FF area district; and

WHEREAS, the applicant states the premises consist of Blocks 11466 and 11451, in their entirety, bounded by Shore parkway, Cross Bay boulevard, 153rd avenue, 155th avenue and 86th street, as indicated on plans filed with this appeal; and

WHEREAS, Objection 1M of the decision of the borough superintendent dated February 29, 1956, on N.B. App. 5083 to 5107 of 1955, inclusive, reads:

"1M. The erection of more than one building on a lot is contrary to Article 1, Sec. 1(v) Zoning Resolution."

and

WHEREAS, Objection 2M issued by the borough superintendent on N.B. App. 5083 to 5086, inclusive of 1955, dated February 29, 1956, reads:

"2M. Sideyards 15'0" in width not adequate as per Article IV, Sec. 16(b) Zoning Resolution."

and

WHEREAS, Objection 3M issued by the borough superintendent, February 29, 1956 on N.B. App. 5088/55 reads:

"3M. Sideyards 15'0" in width not adequate as per Art. IV, Sec. 16(b) Zoning Resolution."

and

WHEREAS, Objections 5M issued by the borough superintendent February 29, 1956, on N.B. App. 5089/55, 5091/55, 5094 to 5105/55, inclusive, and N.B. App. 5107/55, reads:

"5M. Sideyards 15'0" in width not adequate as per Art. IV, Sec. 16(b) Zoning Resolution."

and

WHEREAS, Objection 3M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5083 to 5086/55, inclusive, reads:

"3M. Parking areas located in required open spaces, contrary to provisions of Article IV, Sec. 19-B, Zoning Resolution, and Section 60 MDL."

and

WHEREAS, Objection 2M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5087/55 reads:

"2M. Parking areas located in required open spaces contrary to provisions of Art. IV, Sec. 19-B, Zoning Res. and Sec. 60 MDL."

and

WHEREAS, Objection 6M, issued by the borough superintendent, dated February 29, 1956, on N.B. App. 5090, 5092, 5093, 5095 to 5098/55 inclusive, and 5102 to 5104, inclusive of 1955, reads:

"6M. Parking areas located in required open spaces, contrary to provisions of Art. IV, Sec. 19-B, Zoning Res. and Sec. 60 MDL."

and

WHEREAS, Objection 4M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5083 to 5086/55, inclusive, and N.B. App. 5088/55, reads:

"4M. Elected grade for measuring the height of the building does not agree with contours on topographical survey. Sec. 4, subdiv. 33 MDL and Art. 1 Sec. 1(f) Zoning Resolution."

and

WHEREAS, Objection 3M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5087/55 reads:

"3M. Elected grade for measuring the height of the building does not agree with contours on topographical

survey. Sec. 4, sub. 33, MDL and Art. 1, Sec. 1(f), Zoning Res."

and

WHEREAS, the decision of the borough superintendent, dated February 29, 1956, Objection 2M on N.B. App. 5089 to 5107/55, inclusive, reads:

"2M. Elected grade for measuring the height of the building does not agree with contours on topographical survey. Sec. 4, subdiv. 33, MDL, and Art. 1, Sec. 1(f) Zoning Res."

and

WHEREAS, the decision of the borough superintendent, dated February 29, 1956, on N.B. App. 5086 and 5088/55 reads:

"5M. Rear yard less than 30'0" in depth, contrary to Article IV, Sec. 16(b), Zoning Res."

and

WHEREAS, the decision of the borough superintendent, Objection 5M issued February 29, 1956, on N.B. App. 5083/55, reads:

"5M. Garages and parking spaces in excess of one per family is contrary to Sec. 60, MDL and Sec. 19-B, Zoning Res."

and

WHEREAS, objection 8M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5090, 5093, 5095, 5100, and 5106/55, reads:

"8M. Garage and/or parking spaces in excess of one per family is contrary to Sec. 60 MDL and Sec. 19-B Zoning Res."

and

WHEREAS, Objection 2M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5088/55 reads:

"2M. Provide garage and/or parking spaces as per Art. IV, Sec. 19-B, Zoning Res."

and

WHEREAS, Objection 7M, issued by the borough superintendent, dated February 29, 1956, on N.B. App. 5089, 5091, 5094, 5101 and 5107/55, reads:

"7M. Provide garage and/or parking spaces as per Art. IV, Sec. 19-B Zoning Res."

and

WHEREAS, the applicant states that this application relates to a proposed two-story garden type apartment project consisting of 25 building units designed to accommodate 352 families with provision for 352 car spaces; that in general, the buildings which will be of class 3 construction, comply with the laws and other regulations relating thereto except for the several technical objections which are the subject of this application; and

WHEREAS, the applicant contends as to Objection 1M on N.B. App. 5083-5107/55, both inclusive, that arbitrary lot lines, subdividing the premises into nine lots, one for each building, are now shown on plan, in accordance with the order of the Commissioner of Buildings, upon recommendation of the Board, interpreting the meaning of Section 1(v); that each lot contains only one building, to be occupied as a multiple dwelling; that there is an unpierced party wall separating each of four-family unit; that each building has a central heating unit, a single sewer outlet and water, gas and electricity are supplied to the building as an entity; and

WHEREAS, the applicant contends as to N.B. 5083-5086, inclusive,—item 2M; N.B. 5088—item 3M; N.B. 5089, 5091, 5094-5105, inclusive, 5107—item 5M; N.B. 5086, 5088—item 5M, that side yards and rear yards of adequate width and in substantial compliance have been provided, and where such condition was otherwise unattainable, adequate light and air has been provided for all dwelling units in harmony with good zoning practice; and

WHEREAS, the applicant contends as to N.B. 5083-5086, inclusive,—item 3M; N.B. 5087, item 2M; N.B. 5090, 5092, 5093, 5095-5098 both inclusive, 5102-5104, inclusive, item

MINUTES

6M, that considerably more car storage space has been provided for than the law requires (352 car spaces for 352 families) in order to insure the use of streets on the periphery for normal traffic and fire fighting purposes; that the use of some of the "required open space" for car storage was thereby necessitated, not however, at the sacrifice of adequate light and air conditions required for dwelling units; that such space utilization is expressly recognized in Section 19-B subdivision (a); that this objection arises from the interpretation of the Department that required open space is measured from the rear lot line; that if the garage buildings were closer to the dwelling units, this objection would not have been raised; that the proposed layout is superior with respect to the occupants without detriment to neighboring property; that strict compliance with the zoning resolution would constitute an unnecessary hardship; and

WHEREAS, the applicant contends as to N.B. 5083-5086, inclusive, 5088—item 4M, N.B. 5087—item 3M, N.B. 5089-5107, inclusive, item 2M, that inasmuch as Section One, subdivision (f) specifically provides that for multiple dwellings, the "height of a building" shall be measured as provided in such law, and inasmuch as Section 4, subdivision 33 of such law permits the owner to select the curb level, if "coverage" is less than 35% of the area of the lot, the curb level herein has been properly selected in accordance with the Multiple Dwelling Law, and the zoning regulation has been complied with; and

WHEREAS, the applicant contends as to N.B. 5083—item 5M, N.B. 5090, 5093, 5095, 5100, 5106, item 8M, that the plans indicate a total of 352 car spaces for 352 families in the development, irrespective of the number of families in each building unit; that it is submitted that the project is a single development, the units of which with their accessories are used conjunctively; that the buildings will be held in one ownership with respect to each grouping within the several sections; and

WHEREAS, the applicant contends as to N.B. 508—item 5M; N.B. 5090, 5093, 5100, 5106—item 4M that each lot has frontage on a legally mapped street; that taking each structure as a separate building, each building fronts on a legally mapped street; that because of the separate entrances for each group of 4 dwelling units, the Department felt it necessary to raise this objection, which has technical validity only if each such group were considered as a separate building; that where this does occur, permanent private walks and roadways are provided, extending from fronts of buildings to the streets, entirely within the spirit and intent of Section 36, General City Law, and within the proper definition of a "lot" as defined by Article 1, Sec. 1(v); and

WHEREAS, the applicant contends as to N.B. 5088—item 2M; N.B. 5089, 5091, 5094, 5101, 5107—item 7M that this objection should be considered with the previous objection as to other lots having excess parking capacity; that the plans indicate a total of 352 car spaces for 352 families in the entire development, irrespective of the number of spaces or families in each building unit that the project is a single development, the units of which, with their accessories, are used conjunctively; and

WHEREAS, the applicant contends as to N.B. 5086, 5088—item 6M; N.B. 5087—item 4M; N.B. 5089-5094, inclusive, 5099-5101, inclusive, 5105-5107, inclusive, item 3M, that this objection should be considered in the light of the low density of population coverage compared with that permitted and consideration given to the low area coverage of 22.7%; that the layout of the buildings insures adequate light, air and ventilation for all living spaces; and

WHEREAS, the applicant further contends that the variances herein are respectfully requested based on the facts, generally, that the project is designed in keeping and in harmony with general zoning practice, and experience with similar developments heretofore approved by the Board; that otherwise it would cause unnecessary hardships rendering it difficult, if not impossible, to construct medium-priced

apartments for middle-income families in this City; that this would serve to increase the tendency of population shifts towards the suburban areas, at the expense of the City; that the applicant requests that the petition herein be granted as a proper exercise of the Board's powers in the interest of public health, public safety and general welfare; and

WHEREAS, the applicant states that as of July 25, 1916, the zoning of the property as to use was undetermined; that the portion of the property within 100' of Woodhaven Boulevard as then mapped was zoned as a business district; on November 28, 1938, the property was placed in a residence district; as of July 25, 1916, the property was in a One Times height district; as of November 28, 1938, the property was rezoned to a $\frac{1}{2}$ height district; the present height designation became effective on July 22, 1954; as of July 25, 1916, the property was in a D area District; and that as of November 28, 1938, the portion of the property east of 90th street and south of 151st Avenue as then mapped, was rezoned to an F area district; and

WHEREAS, the premises were previously inspected by a committee of the Board in connection with prior resolution as to Section 1 on March 29, 1955; and

WHEREAS, the Board finds that the proposed development is designed and arranged to meet the spirit and intent of the Zoning Resolution and generally provides greater light and air and other facilities including a low coverage of less than 23% and has been approved by the Federal Housing Administration under the National Housing Act as amended; and

WHEREAS, the Board finds that in several instances as to side yards proposed where two zoning lots are abutting and do not have parallel sides the widths while complying with the requirements of the Multiple Dwelling Law do not technically comply with the requirements of the Zoning Resolution and as to this the Board finds that as adequate light and air has been provided and that the side yards cooperate with each other to provide more space in total than would be required for a single multiple dwelling there is an unnecessary hardship in requiring technical compliance and that a variance as to such isolated points where the conditions are as above stated is warranted under Section 21.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 25, 1955, under Cal. No. 814-54-BZ, Vol. 1, to permit a continuation of the housing as now proposed and shown on plans marked "Received March 13, 1956", 20 sheets, and "June 28, 1956", 1 sheet, and the application be and it hereby is *granted*, as to Objection 1M on N.B. App. 5083 to 5107 of 1955, inclusive, under Section 21 of the Zoning Resolution, *on condition* that all the buildings in each section shall remain under single ownership and each multiple dwelling shall be on its own zoning lot, as indicated on plan marked "Received June 28, 1956", 1 sheet, showing such theoretical lot lines; as to Objection 2M on N.B. App. 5083 to 5086, of 1955, inclusive, Objection 3M on N.B. 5088/55; Objection 5M on N.B. 5089, 5071, 5094 to 5105/55, inclusive and N.B. 5107/55 and Objection 5M on N.B. 5086 and 5088/55, under Section 21 of the Zoning Resolution, *on condition* that the side yards shall be not less in width than required under the Multiple Dwelling Law and that in addition, open spaces as shown on plans filed with this application shall be maintained; *granted* as to Objection 3M issued by the borough superintendent under N.B. App. 5083 to 5086/55, inclusive, Objection 2M on N.B. App. 5087/55 and Objection 6M on N.B. App. 5090, 5092, 5093, 5095 to 5098, inclusive, and 5102 to 5104, inclusive, of 1955, pursuant to the power vested in the Board under Subdivision d of Section 19B of the Zoning Resolution, to permit the location and number of parking spaces as proposed and shown on plans filed with this application, *on condition* that driveways giving access thereto shall be maintained so as to alleviate traffic congestion and such parking spaces shall be graded and surfaced with suitable pavement and driveways thereto paved as required by the Administrative Code; and, *granted*, pursuant to the power vested in the Board by Section 21 of the Zoning Resolution as to Objection 4M on N.B. App. 5083 to 5086/55, inclusive and N.B.

MINUTES

5088/55, Objection 3M on N.B. App. 5087/55 and Objection 2M on N.B. 5089 to 5107/55, inclusive, so as to permit each multiple dwelling group on each zoning lot to be located as to establish street grade in front of such zoning lot as established on the city map, meeting the requirements of Section 4, Subdivision 33, Para. 2 of the Multiple Dwelling Law and Section 1, Subdivision f of the Zoning Resolution; *granted* as to Objection 5M on N.B. 5083/55 and Objection 8M on N.B. 5090, 5093, 5095, 5100 and 5106/55 under Section 19B, Subdivision (d) of the Zoning Resolution, *on condition* that the total capacity of parking spaces and garage spaces in the project under single ownership and control shall meet the number of such spaces as required and may exceed such required number of spaces for individual zoning lots, but the total number of spaces shall not exceed the total number of apartments for the sections involved as provided in Article 2, Section 3, subdivision 9, subdiv. (b) of the Zoning Resolution, and subdivision 60, subsection 2 (a) of the Multiple Dwelling Law; and *granted* as to Objection 2M of N.B. App. 5088/55 and Objection 7M of N.B. App. 5089, 5091, 5094, 5101 and 5107/55, pursuant to the power vested in the Board by Section 19B, subdivision (d) of the Zoning Resolution, to permit the 352 car spaces for 352 families in the development as proposed, *on condition* that in all other respects the buildings, their use and occupancies shall comply with all laws, rules and regulations applicable thereto other than as modified by the Board this day under Cal. 321-56-A, and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution; and *amended* as to extension of time under Section 21 of the Zoning Resolution, as to the obtaining of permits and completion of the work as permitted by the Board March 29, 1955, under Cal. No. 814-54-BZ, Vol. I, so that as amended the resolution will provide that the time within which to obtain such permits and complete the work shall be within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution."

321-56-A

APPLICANT—Leonard Lazarus, for Lindenwood Realty Corp., owner.

SUBJECT—Application March 13, 1956—filed pursuant to section 310 of the Multiple Dwelling Law for variations of sections 27, 28, 33 and section 60 of the Multiple Dwelling Law re height, minimum width of yards and courts, garages and parking spaces, and an application pursuant to Section 36 of the General City Law to permit the erection of buildings not fronting on legally mapped streets.

PREMISES AFFECTED—"Lindenwood" Sections 2, 2A, 7 and 7A; 155-03 to 155-09, 155-11 to 155-19 and 155-21 to 155-27 89th street and 89-02 to 89-04, 89-08 to 89-14, 89-16 to 89-30 and 89-32 to 89-38 155th avenue, southeast corner and 89-01 to 89-07, 89-11 to 89-35 Shore parkway, Block 11451, Lot 9; 90-02 to 90-24, 90-28 to 90-46 153rd avenue and 153-06 to 153-08 Cross Bay boulevard, southwest corner and 90-01 to 90-07, 90-09 to 90-25, 90-27 to 90-23 and 90-37 to 90-55 Shore Parkway, Block 11451, Lot 50; 155-05 to 155-11 and 155-17 to 155-23 86th street and 86-06 to 86-08 and 86-20 to 86-42 155th avenue, southeast corner and 86-07 to 86-09, 86-15 to 86-21, 86-23 to 86-37 and 86-39 to 86-45 Shore parkway, Block 11466, Lot 1; 88-02 to 88-24 and 88-30 to 88-32 155th avenue and 155-06 to 155-12 and 155-18 to 155-24 89th street, southwest corner and 88-01 to 88-07, 88-09 to 88-25, 88-27 to 88-33 and 88-37 to 88-39 Shore parkway, Block 11466, Lot 25. Ozone Park, Borough of Queens.

THE RESOLUTION—

WHEREAS, Objection 3M issued by the borough superintendent February 29, 1956, on N.B. App. 5083 to 5086, inclusive, Objection 2M on N.B. App. 5087, Objection 6M on N.B. App. 5089 to 5095 of 1955, inclusive, reads:

"Parking areas located in required open spaces, contrary to provisions of Art. IV, Sec. 19-B, Zoning Res. and Sec. 60 MDL."

and

WHEREAS, Objection 4M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5083 to 5086/55, inclusive, and 5088/55 reads:

"4M. Elected grade for measuring the height of the building does not agree with contours on topographical survey. Sec. 4, subdiv. 33 Multiple Dwelling Law and Article 1, Sec. 1 (f) Zoning Resolution."

and

WHEREAS, Objection 2M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5089 to 5107/55, inclusive, reads:

"2M. Elected grade for measuring the height of the building does not agree with contours on topographical survey. Sec. 4, subdiv. 33, M.D.L. and Art. 1, Sec. 1(f) Zoning Resolution."

and

WHEREAS, Objection 5M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5083/55, reads:

"5M. Garages and Parking spaces in excess of one per family is contrary to Sec. 60, M.D.L. and Sec. 19-B, Zoning Resolution."

and

WHEREAS, Objection 8M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5090, 5095, 5100 and 5106/55 reads:

"8M. Garage and/or parking spaces in excess of one per family is contrary to Sec. 60, M.D.L. and Sec. 19-B, Zoning Res."

and

WHEREAS, Objection 6M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5086 and 5088/55 reads:

"6M. Provide open space between this proposed building and rear building (N.B. 5087/55) equal to twice the depth required by Sec. 27, M.D.L. for the yard of a multiple dwelling of the height of the higher building." Sec. 28, subdiv. 2, M.D.L."

and

WHEREAS, Objection 4M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5087/55 reads:

"4M. Provide open space between this proposed building and front buildings. (N.B. 5086/55 and N.B. 5088/55) equal to twice the depth required by Sec. 27, M.D.L. for the yard of a multiple dwelling of the height of the higher building. Sec. 28, subdiv. 2, M.D.L."

and

WHEREAS, Objection 3M issued by the borough superintendent, February 29, 1956, on N.B. App. 5089 to 5094/55, inclusive, N.B. App. 5099, 5100, 5101, 5105, 5106 and 5107/55 reads:

"3M. Provide open space between front and rear buildings equal to twice the depth required by Sec. 27, M.D.L. for the yard of a multiple dwelling of the height of the higher building Sec. 28, M.D.L."

and

WHEREAS, Objection 5M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5087/55 reads:

MINUTES

"5M. Proposed building does not front on a legal mapped street, contrary to provisions of Art. 3, Sec. 36, General City Law."

and

WHEREAS, Objection 4M, issued by the borough superintendent, February 29, 1956, on N.B. App. 5090, 5093, 5100, and 5106/55 reads:

"4M. Proposed building does not front on a legal mapped street, contrary to provisions of Art. 3, Sec. 36, General City Law."

and

WHEREAS, the applicant states that the premises comprise all of Blocks 11451 and 11466, located in a residence sue, F area, $\frac{3}{4}$ height district, as more fully described in application for zoning variance filed under Cal. No. 814-54-BZ, Vol. II; and

WHEREAS, the applicant states that it is proposed to erect a two-story garden type apartment project, of class 3 construction, complying with all requirements applicable thereto except for certain technical objections justifiably raised by the borough superintendent; and

WHEREAS, the applicant contends as to N.B. 5083-7 (both inclusive) item 3M; N.B. 5090, 5092, 5093, 5095-8 (both inclusive), 5102, item 6M, that the parking areas and garages located within the required open spaces are sufficiently far from the dwelling units to permit adequate light and air for the dwellings and still permit the use of the surrounding streets for normal vehicular traffic and fire fighting purposes; that this objection arises primarily because of the interpretation of the Building Department; that the required open space is to be measured from the rear lot line; that strict compliance with the provisions of law would constitute an unnecessary hardship without any benefit to the future occupants of these dwellings or to the surrounding property owners; and

WHEREAS, the applicant contends as to N.B. 5083-6 (both incl.) 5088, item 4M; N.B. 5089-5107 (both incl.) item 2M, Section 4, Subdivision 33 of the Multiple Dwelling Law specifically permits the owner to select any legitimate grade within the property for the purpose of measuring the height of buildings where the buildings, exclusive of garage spaces, occupy 35% or less of the area of the plot; that the curb level has, therefore, been properly selected in accordance with the Multiple Dwelling Law and in compliance with the Zoning Resolution; and

WHEREAS, the applicant contends as to N.B. 5083, item 5M; N.B. 5090, 5093, 5095, 5100, 5106, item 8M, that as set forth with more particularity in the accompanying application for a variation of the zoning resolution, each section of the premises has 100% parking; that the project is a single development the units thereof will be used conjunctively as will the accessories and utilities; that all the multiple dwellings with the same section will be under common ownership; that compliance with Section 60, subdivision 2(a) of the Multiple Dwelling Law had been achieved; and

WHEREAS, the applicant contends as to N.B. 5086, 5088, item 6M; N.B. 5087, item 4M; N.B. 5089-5094 (both inclusive), 5099, 5100, 5101, 5105, 5106, 5107 item 3M, that in view of the small percentage of each plot which will be occupied by buildings, the requirements of the Multiple Dwelling Law have been met in spirit and purpose; that no plot will have more than 24% of its area covered by buildings and the distance between buildings guarantee adequate side yards and rear yards for all the light and air for healthy comfortable use of the dwelling units in conformity with good zoning practice; and

WHEREAS, the applicant contends as to N.B. 5087, item 5M; N.B. 5090, 5093, 5100, 5106, item 4M, that each lot has frontage on a legally mapped street; that taking each structure as a separate building each building fronts on a legally mapped street, that the building department apparently felt it necessary to raise this objection because of the separate entrance for each group of four dwelling units; that the objection has technical validity only if each such group were to be considered as separate building; that permanent private

walks and roadways are provided giving ingress and egress to each building, extending from the fronts of such buildings to streets entirely within the spirit and intent of Section 36 of the General City Law.

Resolved, that the decisions of the borough superintendent be and they hereby are *modified* and the application herein is *granted* as to Objection 3M on N.B. App. 5083 to 5086/55, Objection 2M on N.B. App. 5087/55 and Objection 6M on N.B. App. 5089 to 5095, inclusive, of 1955, pursuant to the power vested in the Board by Section 310 (2) (b) (1) of the Multiple Dwelling Law *on condition* that such additional open spaces as are shown on plans filed with application for zoning variance under Cal. No. 814-54-BZ, Vol. II, shall be maintained; granted as to Objection 4M on N.B. App. 5083 to 5086/55, inclusive; N.B. App. 5085/55, Objection 2M on N.B. App. 5089 to 5107/55, inclusive, under the power vested in the Board by Section 310(2)(b)(1) of the Multiple Dwelling Law so as to permit the election of grades as proposed within the property in accordance with the provisions of section 4, Paragraph 33 of the Multiple Dwelling Law when the proposed coverage is calculated on the basis of the entire parcel involved; *granted* as to Objection 5M on N.B. App. 5083/55 and Objection 8M on N.B. App. 5090, 5095, 5100, and 5106/55 to permit the number of parking and garage spaces as proposed not to exceed one such space for each apartment on the plot in compliance with the maximum spaces as permitted by Section 60 of the Multiple Dwelling Law; *granted* under Section 310(2)(b)(1) of the Multiple Dwelling Law as to Objection 6M on N.B. App. 5088/55, Objection 4M on N.B. App. 5087/55 and Objection 3M on N.B. App. 5089 to 5094/55, inclusive, and N.B. App. 5099, 5100, 5101, 5106 and 5107/55 to vary the application of Section 28(2) of the Multiple Dwelling Law *on condition* that each building located on its own zoning lot shall comply with the provisions of Section 27 of the Multiple Dwelling Law; *granted* pursuant to the power vested in the Board by Section 36 of the General City Law as to Objection 5M on N.B. App. 5087/55 and Objection 4M on N.B. App. 5090, 5093, 5100, 5106/55 so as to permit the erection of the proposed multiple dwellings, each on its own zoning lot, fronting on a legally mapped street as indicated on plan filed with application for zoning variance under Cal. No. 814-54-BZ, Vol. II, marked "Received June 28, 1956", one sheet, *on condition* that in all other respects the buildings, their use and occupancy, shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 814-54-BZ, Vol. II.

176-55-BZ

APPLICANT—John F. Fitzsimons, for Nicholas Desciscio, owner (Delta Precision Tool and Instrument Co., lessee).

SUBJECT—Application March 8, 1955—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a retail and residence use district, the use of the premises as a factory in the retail portion of the lot.

PREMISES AFFECTED—147-36 Brookville boulevard, west side, 68.25 ft. south of 147th road, Block 13729, Lot 33, Rosedale, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons and Nicholas Desciscio.

MINUTES

THE RESOLUTION

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; laid over to July 3, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 147th road are in residence and retail use, D and E-1 area, class ½ height districts; Brooklyn boulevard is in residence and retail use, D area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated February 25, 1955 acting on N.B. Applic. 1946-45, reads:

"1. The use of the premises as a factory in the retail portion of a lot located partly in a retail use district and partly in a residence use district is contrary to Art. II Sec. 4A of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 45.50 ft. frontage by 112.86 ft. in depth, on which is located a one story building of class 3 construction, 44.3 ft. front, 24 ft. depth; that it is proposed to permit a concrete block building originally erected for the sale of used auto parts, now to be used for light manufacturing; and

WHEREAS, the applicant states that the building was erected under N.B. 1946 of 1945 and used after its completion for the sale of used auto parts; that a certificate of occupancy was never obtained because of the failure of the owner to secure a cesspool permit; that by the time the cesspool permit had been obtained, the use of the premises for the sale of used auto parts had been changed to light manufacturing; that the present tenants manufacture precision, instrument and aircraft component parts, said parts weighing not more than 5 lbs., and, in most cases, less than a few ounces each; that the power consumption of the largest individual machine is one horsepower and the operation of all the machines at one time is almost noiseless; that practically 80% of the area of the building is devoted to the manufacturing; and

WHEREAS, the applicant contends that the immediate surrounding area is undeveloped; that there is an outstanding certificate of occupancy for the use of lot 41 in block 13729 as a junk yard; that the adjoining lot to the west, lot 42, is used for the storage of auto parts; that 147th drive is only a paper street, not cut through nor opened; that the building on the site is entirely within the retail use portion of the lot; that the type of activity presently carried on and proposed to be carried on is not offensive or noxious by reason of the omission of odor, dust, smoke, gas or noise; that this type of manufacturing is permitted in a retail use district but is limited to not more than 5% of the total floor space of the building; and

WHEREAS, the applicant states that the present owner has held title to the property since September 6, 1945; that the assessed valuation of land is \$600 and of the building \$4,100 making a total of \$4,700; that the building was erected in 1945; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e, for a term of five years, to permit in the existing building the continuation of the factory for the use as proposed and shown on plans filed with this application, marked "Received March 8, 1955". 2 sheets, *on condition* that the building shall not be increased in height and area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that such portable fire-fighting appliances shall be maintained as

the fire commissioner shall direct; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

232-55-BZ—Vol. II

APPLICANT—Burke, Green and Groh, for Freya Heintze, (owner under contract, Joseph Schneider).

SUBJECT—Application reopened February 21, 1956 as Vol. II—re (decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a residence and local retail use, D and G-1 area, district, the erection and maintenance of a supermarket, with required loading berth on the residence portion of the plot and the parking of more than 5 cars (patrons); proposed area of building is in excess of area permitted, with a side yard of less than 5 ft. in that portion of the lot in the G-1 area district.

PREMISES AFFECTED—232-15 Merrick boulevard, northwest corner of 233rd street, Block 12972 Lot 50, Laurelton, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Chairman Murdock and Commissioner Keating

Negative: Commissioner Kleinert and Deputy Chief Connolly

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 21, 1956 subject to regular procedure, to consider revised proposal; and

WHEREAS, a public hearing was held on this application on May 1, 1956 after due notice by publication in the Bulletin; laid over to May 29, 1956, for inspection if necessary and decision, hearing closed; then to June 5, 1956, for further consideration and decision; then to June 19, 1956, for further inspection and decision; then to June 26, 1956, for further consideration and decision; then to July 3, 1956, for further consideration and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and local retail use, D and G-1 area, class ½ height districts; Merrick boulevard is in local retail and retail use, D area, class ½ height districts; 233rd street is in local retail, retail and residence use, D area G-1 area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated March 27, 1956 acting on N.B. Applic. 642-55, reads:

"1. Proposed use of the residence portion of a plot partly in a Residence Use District and partly in a Local Retail use district for a Supermarket, a required loading berth, and the parking of more than 5 cars (patrons) is contrary to Art. II, Sec. 3 of the Zoning Resolution.

2. Proposed area of building is in excess of permitted area in a D district.

3. Proposed building with a side yard of less than 5 feet in that portion of the lot lying in a G-1 Area District is contrary to Art. IV Sec. 16C of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 90.59 ft. frontage by 198.37 ft. in depth, irregular, presently occupied as a dog kennel; that it is proposed to construct a supermarket, which store will be 90 ft. in width and 114 ft. in depth on the westerly side and 100 ft. in depth on the easterly side of the property; that the floor is designed to sustain a live load of 150 lbs., per sq. ft.; that the basement will contain men's and women's lavatories

MINUTES

and dressing rooms and the balance of the basement will be used for storage of products; that the main floor will contain a dairy and produce counter, grocery, meat, poultry and frozen food counters; that there will be a garbage disposal room in the rear and pick-ups of said garbage will be made from the parking area of the premises; that the building itself will contain 4 in. face brick and 4 in. block backing and the windows will be ¼ in. polished plate glass; that there will be a plaster ceiling and a built-up roof; that the basement will have a 4 in. concrete floor; that the remaining portion of the premises, irregular in size, will be used for the parking of patrons' automobiles with no fee to be charged; that the parking area will be leveled and graded with 6 in. porous cinder bed with asphalt binder and shall be enclosed with a chain link wire fence 5 ft. high with 9 ft. curb cut located on the 233rd street side of the property for ingress and egress to the parking area; and

WHEREAS, the applicant states that the property referred to is presently zoned as class ½ height district; that the portion of the property within 100 ft of Merrick boulevard is presently zoned as a local retail district and a D area district and the remainder as residence and G-1 area district; that as of July 25, 1916 the portion of the property within 100 ft. of Merrick boulevard was zoned as business and the present local retail designation of this portion became effective on January 21, 1947; that the residence designation of the remainder has existed since July 25, 1916; that as of July 25, 1916 the property was zoned as one times height district and D area; that on October 26, 1934 the portion of the property more than 100 ft. from Merrick boulevard was placed in an E area district and the present G-1 designation thereof became effective on June 30, 1952; that the present height designation became effective on June 30, 1952; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the property across 233rd street was changed by the City Planning Commission so as to provide local retail zoning for a depth of 150 feet for a use that did not materialize; that if similar spot zoning had been also established for the plot in question, the proposed public market would have substantially complied; that this condition caused a hardship and is an inequality of privilege; and

WHEREAS, the applicant contends that since the proposed parking area is insufficient for the minimum requirements of a supermarket store, a sister case is being presented to the Board on the easterly side of 233rd street for additional parking area and it is requested that these two cases be heard together so as to present to the Board the full picture of the operation to be conducted on these premises; that this case has been presented to the Board once before, at which time it involved a question of area coverage in the residential G-1 area; that this has been eliminated at this time so that the entire building covers 52% of the lot; that the rear yard requirements of a G-1 area are more than adequately complied with; that this corner is one of the busier corners in a growing business section of Queens county; that there has been a need for a large supermarket in this area for quite some time; that the building itself, when erected, will remove an eye-sore from this particular section and it is therefore requested that the Board favorably consider the erection of a supermarket in these premises allowing greater occupation of space than ordinarily permitted in a D area and without the required side yard restrictions necessary in a G-1 area; and

WHEREAS, the applicant states that the present owner has held title to the property since April 4, 1946; that the assessed valuation of land is \$26,000 and of the building \$1,000 making a total of \$27,000; that the building was erected prior to 1916; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the zoning resolution; and

WHEREAS, the Board found that the applicant failed to

substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 642/55, Objection Nos. 1, 2 and 3, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

233-55-BZ—Vol. II

APPLICANT—Burke, Green and Groh, for Carmine L. Calabro, owner (owner under contract, Joseph Schneider).

SUBJECT—Application reopened February 21, 1956 as Vol.

II—re (decision of the borough superintendent) under section 7h, 7A and 7c of the zoning resolution, to permit in a retail and residence use district, the proposed parking lot for supermarket's patron use, with curb cuts less than 75 ft. from the residence use district.

PREMISES AFFECTED—133-25 233rd street, east side, 97.25 ft. north of Merrick boulevard, Block 12973, lots 6 and 9 Laurelton, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application withdrawn at request of the applicant, in view of the Board's action denying Cal. No. 232-55-BZ, Vol. II.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

755-55-BZ

APPLICANT—Leonard F. Rothkrug, for 66-17 Grand Avenue Corp., owner (Times Square Corp., lessee).

SUBJECT—Application September 23, 1955—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a retail and residence use district, the proposed patrons and employees parking of more than 5 motor vehicles.

PREMISES AFFECTED—66-17 to 66-19 Grand Avenue, north side, 35.40 ft. east of Hamilton place and 66-02 Perry avenue, southeast corner of 66th street, Block 2724, Lots 8, 69 and 70, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Michael Senkiewicz, Mildred L. Mickalauskas and Maria Plask.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 1, 1956 after due notice by publication in the Bulletin; laid over to May 29, 1956, for inspection and decision; hearing closed; then to June 5, 1956, at the request of the applicant to file revised plan as requested by the Board; then to June 19, 1956, for applicant to give the matter further study and to file revised plans if he so desires; then to July 3, 1956, at request of the applicant to obtain a new denial of the borough superintendent; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 66th street are in retail and residence use, D area, class 1 height districts; Grand Avenue is in a retail use, D area, class 1 height district; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated August 25, 1955 acting on Alt. Applic. 1530-55, reads:

"1. Proposed patron and employee parking of more than five (5) motor vehicles on a plot located partly in a retail use and partly in a residence use district is contrary to Art. 2 Sec. 3 of the Zoning Resolution."

WHEREAS, the decision of the borough superintendent, dated June 28, 1956 acting on Alt. Applic. No. 1530-55, reads:

"1. Proposed patron and employee parking of more than five (5) motor vehicles on a plot located partly in a retail use and partly in a residence use district (lot 70) is contrary to Art. 2 Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25.02 ft. and 42.31 ft. frontage by 202.10 ft. and 173.77 ft. in depth, on which is located a one family house, to be demolished; that it is proposed to occupy the premises for accessory patron and employee parking in conjunction with the adjoining retail store use; and

WHEREAS, the applicant states that the use district maps shows Grand avenue and half of 66th street to be in a business use district and half of 66th street and Perry avenue to be in a residence use district; that the entire premises is in a D area, class 1 height district; that on July 25, 1916 the Grand avenue portion was in a business use district and was rezoned to its present use district on March 25, 1954; and

WHEREAS, the applicant contends that the owner of the subject premises is also the owner of the existing adjoining one story building on lot 70 in this same tax block, which has been leased under a long term lease to the Times Square stores; that the site was purchased for use in conjunction with the Times Square stores retail store use; that the site consists of two tax lots—69 and 8; that lot 69 is 25.02 ft. front on Grand avenue, adjoining the retail store entrance, by 100 ft. in depth and is in a retail use district; that therefore accessory patron and employee parking is permitted, in accordance, in accordance with the provisions of the zoning resolution, on this portion of the premises; that the balance of the plot, lot 8, is in a residence use district; that the legally available accessory parking area, 25 ft. front by 100 ft. in depth, is of insufficient size to permit adequate accessory parking; that Grand avenue is a heavily developed and trafficked street and there are only very limited parking facilities; that the adjoining Times Square store which has over 5,000 sq. ft. of sales area requires accessory parking for normal business operation and the proposed use is consonant with the City's efforts to provide off-street parking facilities; that it is proposed to have one 10 ft. curb cut on to Grand avenue (a permitted curb cut) to allow for the ingress of cars, and one 10 ft. curb cut on to 66th street to allow for exiting of cars; that the tax block is of irregular and unique shape so that the adjoining retail store building fronts on both Grand avenue and 66th street and adjoins the proposed accessory parking lot along its side lot line; that the site which fronts on two streets is divided into two use districts, Grand avenue which is in a retail district and 66th street which is in a residence district; that the use district zoning line runs through the center of 66th street, so that the premises opposite the site on 66th street is also in a retail district; that there is to be no over-night parking and no parking fees will be charged; and

WHEREAS, the applicant states that the present owner has held title to the property since November 3, 1949; that the assessed valuation of land is \$5,600 and of the building \$4,400 making a total of \$10,000; that the building was erected in 1890; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h, for a term of five years, to permit the premises to be occupied for the parking of cars belonging to patrons and employees of the adjoining store on Lot 70 as proposed and indicated on plans filed with this application, marked "Received September 23, 1955", 2 sheets, and "June 4, 1956", 1 sheet, *on condition* that the plot shall be leveled substantially to the grade of Grand avenue and 66th street, covered with steam cinders or clean gravel, treated with a binder and properly rolled; that a woven wire fence of the chain link type shall be maintained on the easterly lot line, where shown, and along the portion of the plot, where shown, from Perry avenue and 66th street, except where the masonry wall on 66th street exists; that there shall be an opening not over 10 feet for entrance on Grand avenue and of similar width on 66th street for exit with curb cuts opposite each not over 10 feet in width; that each opening shall be fitted with a gate which shall be kept closed when the adjoining store is not in operation; that there shall be a woven wire fence erected for at least 5 feet on either side of such opening to 66th street; that any existing entrance to Perry avenue shall be closed and there shall be no entrance to such avenue; that the sidewalks and curbing abutting the site shall be reconstructed or restored to the satisfaction of the Borough President; that signs advertising the private use for patrons and employees of the adjoining store may be installed on the fence at each entrance, provided such signs do not exceed 15 sq. ft. in area each, are not illuminated and do not extend beyond the building line; that such signs shall carry such information as may be required by the commissioner of licenses; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that all permits required shall be obtained, including a certificate of occupancy and all work completed within six months from the date of this resolution.

765-55-BZ

APPLICANT—Leonard F. Rothkrug, for Nicholas Esposito, doing business as Nick's Service Station, owner.

SUBJECT—Application September 28, 1955—re (decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a residence use, D area district, the extension of an existing gas station to include auto accessories, lubricatorium, motor repairs and auto laundry.

PREMISES AFFECTED—56-01 Main street, southeast corner of 56th avenue, Block 5165, Lot 28, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 22, 1956, after due notice by publication in the Bulletin; laid over to June 12, 1956, for inspection and decision; hearing closed; then to July 3, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Main street and 56th avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated August 25, 1955 acting on Alt. Applic. 1531-55, reads:

"1. Proposed extension of an existing gas station now located in a residence use district to include auto

MINUTES

accessories, lubritorium, gasoline station, motor repairs & auto laundry is contrary to Art. 2 Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 150.15 ft. and 89.41 ft. frontage by 132.94 ft. and 89.26 ft. in depth, irregular, on which is located a one story building of class 3 construction used as gasoline station, auto accessories, lubritorium, motor repairs and laundry; that it is proposed to alter the service building with an L-shaped extension 26 ft. front and 45 ft. in depth, of the same height, design and construction of the existing building; that it is not proposed to add any gasoline tanks or pumps, nor change the size of location of the curb cuts; and

WHEREAS, the applicant states that the premises was located in an unrestricted use district on July 25, 1916 and rezoned to its present use district designation on March 27, 1947; and

WHEREAS, the applicant further states that the premises consist of an irregular plot 150.15 ft. front on Main street and 89.41 ft. front on 56th avenue (unopened) by 132.94 ft. and 89.86 ft. (side lot lines) in area, on which is located a gasoline service station erected under N.B. Applic. 351-46, completed December 27, 1946, of class 3 construction and used since that date under certificate of occupancy No. Q37961 issued January 15, 1947, as follows: cellar—boiler room; 1st floor—auto accessories, lubritorium, gasoline station, motor repairs and auto laundry; and

WHEREAS, the applicant contends that the premises was purchased by the same owner when the premises was located in an unrestricted use district; that he erected the gas station and has personally conducted his business at these premises; that the owner subsequently purchased additional land from the Salvation Army for the purpose of adding the small extension as proposed; that although the premises is located on two street fronts, there are curb cuts only on to Main street, which is 100 ft. wide; that the other street, 56th avenue, is unopened and unpaved and is part of a large vacant area set aside for park department use; that the premises adjoin property owned by the Salvation Army on which a hospital is under construction; that the gas station is several hundred feet away from the hospital building under construction and is separated in part by the proposed hospital parking lot; that the premises adjoining the gas station was purchased by this owner from the Salvation Army for the avowed purpose of extending the station as proposed and with the promised consent of the seller to the extension; that there is an existing grease pit on the proposed extension portion of the premises; that the extension is small in area and is part of the natural expansion of an owner-controlled business started prior to the change in zone, to provide additional storage space and outboard motor repair space; and

WHEREAS, the applicant states that the present owner has held title to the property since September 1, 1944 and May 14, 1947; that the assessed valuation of land is \$17,000 and of the building \$11,000 making a total of \$28,000; that the building was erected in 1946; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the accessory building, substantially as proposed and indicated on plans filed with this application, marked "Received September 28, 1955", 5 sheets, *on condition* that there shall be no cellar in the accessory building and no outdoor pits shall be constructed; that any existing outdoor pits shall be removed; that the premises shall be maintained in accordance with all requirements therefor; that the sidewalk and curbing in front of the premises shall be recon-

structed or repaired to the satisfaction of the Borough President; that the premises where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that existing gasoline pumps may be continued and if changed they shall be of a low approved type, erected not nearer than 15 ft. to the street building line; that no additional curb cuts shall be constructed; that the existing brand sign extending beyond the building line may be continued; that under section 7i, there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; and that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

408-56-BZ

APPLICANT—John F. Fitzsimons, for William Gottfried, owner (conditional vendee: Atlas Terminals, Inc.).

SUBJECT—Application June 6, 1956—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit partly in a manufacturing and partly in a retail use district, the erection and maintenance of a milk bottling and distributing plant with accessory uses of loading, parking, garage for more than 5 motor vehicles, automobile washing and motor vehicle repairs.

PREMISES AFFECTED—51-40 59th street, 58-27 52nd avenue, northwest corner, 51-19 58th lane and 58-35 Tyler avenue, Block 2344, Lot 4, Woodside, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons, John V. Baptiste, Miles Gordon, William Gottfried and Louis Winokur.

For Opposition: Mrs. R. Drost.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 3, 1956, after due notice by publication in the Bulletin of the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the Brooklyn-Queens expressway is in a business and residence use district; Tyler avenue is in a manufacturing, retail and residence use district; 58th lane and 59th street are in a manufacturing use district and that the site is located in a manufacturing and a retail use district; and

WHEREAS, the decision of the borough superintendent, dated June 2, 1956 on N.B. App. 2159-56 reads:

"1. Proposed use of premises located partly in a manufacturing and partly in a retail use district for milk processing, bottling, and distributing plant, storage, off-street loading, parking, garage for more than five motor vehicles, repair of motor vehicles and auto washing is contrary to Art II, Sections 4-A and 4-F of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a lot 200 ft. front on 52nd avenue, 473.19 ft. front on 59th street, 123.03 ft. front on Tyler avenue and 359.82 ft. front on 58th lane; and that the portion of the plot located within 100 ft. of Tyler avenue is located in a retail use district and the balance of the plot is in a manufacturing use district; that it is proposed to erect thereon a one-story building 28 ft. in height, 200 ft. by 212 ft. irregular in area, of fireproof construction, for use as a milk processing, bottling and distributing plant for storage of milk products,

MINUTES

for off-street loading, for parking, for garage for more than five motor vehicles, office, motor vehicle repairs and auto washing; and

WHEREAS, the applicant states that the present owner acquired title to the premises October 19, 1954; and

WHEREAS, the applicant states that as of July 25, 1916, the block in question was zoned for unrestricted use, B area, class 1½ height district; and in 1927 the zoning map shows business within 100 ft. of Tyler avenue and residence for the balance of the block; that business zoning was changed to residence December 23, 1940; that the present zoning became effective July 22, 1954; and

WHEREAS, the applicant contends that the non-conforming uses for which a variance is sought are proposed to be conducted entirely within the manufacturing use district portion of the premises; that the proposed building will front on the north side of 52nd avenue and will be entirely within the manufacturing use district; that only those accessory uses which in themselves would be permitted in a retail use district will be carried on in the retail portion of the premises; and

WHEREAS, the applicant contends that the area bounded by New Calvary Cemetery on the connecting highway and Tyler avenue on the northwest and northeast and Mt. Zion Cemetery on the east and south is sparsely improved; that most of the streets and avenues are not cut through and the premises in question is obviously in a pristine state; that south of 53rd avenue there is an incinerator plant located in an unrestricted use district; that this plant more or less sets the whole character of the neighborhood; and

WHEREAS, the applicant requests, in view of the facts above stated that this application for a variance be granted to permit the proposed erection and maintenance of the building and uses in question for a term of 20 years pursuant to the power vested in the Board by Section 7, subdivision e of the zoning resolution; and

WHEREAS, the surrounding area has been inspected by a committee of the Board.

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e, for a term of twenty years, to permit the construction and use of the proposed milk processing and bottling and distributing plant with accessory use of loading, parking and garage for more than five motor vehicles, automobile washing and repairs, substantially as proposed and indicated on plans filed with this application, marked "Received June 28, 1956", 5 sheets and "June 6, 1956", 1 sheet, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the processing and distributing plant shall distribute milk mainly in paper cartons; that the parking garage and motor vehicle repairing shall be only in connection with the motor vehicles owned and operated by the milk company; that where proposed buildings do not occur, there shall be erected on all interior and exterior lot lines, woven wire fences of the chain link type with a masonry base to a total height of not less than 5 ft. 6 in. except for openings on 58th lane and 59th street, where shown, with curb cuts opposite not exceeding 30 ft. in width; that paving of streets and sidewalks and curbing in front of the premises shall be constructed to the satisfaction of the Borough President; that such fire-fighting equipment shall be maintained in such portions of the building as the fire commissioner shall deem necessary; that any materials stored or used requiring a permit from the fire commissioner shall be subject to such a permit; that the open space proposed for parking and loading shall be paved with concrete or asphalt; and that all permits required shall be obtained, including a certificate of occupancy and all

work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 3:10 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, JULY 3, 1956, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

160-49-SM—Vol. II

APPLICANT—Flexible Connector Company of America, owner.

SUBJECT—Application for consideration—reopened May 29, 1956 for report as to additional trade name—re Long-Flex Gas Stove Connector; previously approved.

APPEARANCES—

For Applicant: Earl Longfellow.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 160-49-SM Vol. II

Subject: Amendment to resolution as to trade names.

Flexible Connector Company of America Boston, Massachusetts requested by letter dated April 26, 1956 that the resolution adopted June 7, 1949 and amended at various times through November 1, 1955 under Cal. No. 160-49-SM Vols. I & II be amended to permit the approved flexible connectors to be marketed under additional trade names. The application was reopened by a vote of the Board May 29, 1956.

Description

There has been no change in the construction of the connector.

Recommendation

The Committee on Test recommends that the resolution adopted June 7, 1949 and amended at various times through November 1, 1955 under Cal. No. 160-49-SM Vols. I and II be amended so as to permit the approved connector to be marketed under the following trade names by the Liberty Brass & Copper Company under the trade name Salflex, Jamaica Mfg. Company under the trade name Jamico, Acme Plumbing Specialties Company under the trade name Myrna; International Plumbing Mfg. Company; Durst Mfg. Company; Franklin Metal and Rubber Company; Dormont Mfg. Company; Wilkoff under the trade name E-Z-Flex; Carlson Connector Company under the trade name Rangeflex and S. H. Leggitt Company under the trade name Flexease on condition that the requirements of the resolution adopted June 7, 1949 under Cal. No. 160-49-SM Vol. I be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amended* the resolutions of June 7, 1949 through November 1, 1955 in accordance with the above report.

MINUTES

470-53-SA

APPLICANT—Star Sprinkler Corp., owner.

SUBJECT—Application June 11, 1953—Star Dry Pipe Valve, 4 in. Model C, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 470-53-SA

Subject: Star Dry Pipe Valve 4 inch, Model C.

The Star Sprinkler Corp., Philadelphia, Pa., filed June 11, 1953 an application with the Board of Standards and Appeals for approval of their Star Dry Pipe Valve, Model C under the provisions of Article 16, Administrative Building Code and the Sprinkler Rules of the Board.

Purpose

A water flow control valve for dry pipe sprinkler systems.

Description

The Model C dry pipe valve is a 4" valve of the differential type designed to automatically admit water into a dry pipe system of automatic sprinklers which it controls.

It consists of a body, a built in water valve and air valve. The body encloses the water and air valves and their respective seats. These are so designed and proportioned and when set, offer such a leverage between pressures exerted on their respective surfaces, that the valves are held closed by relatively low air pressures exerted on the air valve.

The dry pipe valve operates when air pressure in the sprinkler piping above the valve is reduced as would occur when a sprinkler head fused or a test valve was opened. When the air pressure is reduced sufficiently to overcome the differential due to the difference in areas of the air and water valves and the difference in the length of the lever arms affecting the two valves, it will permit them to open. Water then enters the dry pipe valve and flows to the sprinkler system. The water also passes through the outlet ports to sound connected alarm devices or signals.

The Model C is a type A valve as classified in Section C26-1365.O.h Administrative Code.

Inspection and Test

All data submitted was examined at the offices of the Board of Standards and Appeals by Asst. Engr. G. F. Sklenarik, Committee on Test.

The Model C, 4 inch Dry, Pipe Valve has been approved by the Underwriter's Laboratories under application #40C403 dated April 8, 1940.

Recommendation

On the basis of the data submitted by the applicant, the Committee on Test recommends the approval of the 4 inch, Star Dry Pipe Valve, Model C for use in dry pipe sprinkler systems when installed in accordance with the provisions of Article 16, Administrative Building Code and the sprinkler Rules of the Board provided each valve will bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 470-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

876-55-SA

APPLICANT—Gilbert and Barker Manufacturing Company, owner.

SUBJECT—Application October 25, 1955—Gilbarco Submerged Turbine Pump, Model STP, Approval of.

APPEARANCES—

For Applicant: William Keay and R. C. Beckman.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connolly 3

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 876-55-SA

Subject: Gilbarco Submerged Turbine Pump, Model STP.

The Gilbert and Barker Mfg. Company, West Springfield, Mass., filed October 25, 1955 an application with the Board of Standards and Appeals for the approval of the Gilbarco Submerged Turbine Pump, Model STP under the provisions of C19-69.C Administrative Code.

Purpose

A submerged type of pump for pumping motor fuels.

Description

The Model STP submerged turbine pump is a special centrifugal type for use with underground storage tanks in conjunction with remote dispensing units in service stations. The pump is assembled with integral explosion proof $\frac{3}{4}$ HP motor, 230 volt, 60 cycle AC single phase, capacitor start and run type which is shielded from the liquid being pumped. The motor is sealed in oil for lifetime lubrication.

The pump is a three stage centrifugal unit equipped with three bronze impellers, Ni-resist diffusers and a monel shaft.

Pump and motor are combined in a single unit which is submerged in the storage tank through a 4" threaded opening.

An explosion proof electrical junction box is located above the discharge head on top of the pump. It is secured to a seamless metal conduit which serves to carry the wires to the pump motor. The junction box and discharge head are kept accessible by construction a reinforced concrete manhole, extending from storage tank level to ground level, around each STP pump installed. The space below the junction box is filled with clean sand.

The discharge head contains a line check valve with a built in relief valve. The line check valve is of bronze material with a Buna N synthetic rubber "O" ring acting against a tapered bronze seat. It is equipped with a built in relief valve to protect the dispensers, discharge lines and discharge head from abnormal pressures due to temperature rise of liquid content.

Air separation is provided by means of a return air release opening to the storage tank from the discharged head.

A control box of heavy gage steel containing a magnetic starter with overload protection, running and starting capacitors and a relay to cut the starting capacitor out at proper motor speed is provided for each installation. Such control box is installed in the service station building.

A John Crane Mechanical Seal is installed in the sealing block to prevent the product being pumped from entering the motor. The prime purpose of using a John Crane Mechanical Seal in the Gilbarco Submerged Turbine Pump is to prevent contamination of the oil with gasoline, so as to insure maximum efficiency and performance of the motor. A bellows-shaped expansion sleeve attached to the top of the motor provides a simple method to maintain equal pressures on both sides of the John Crane Mechanical Seal. This prevents any possibility of product leakage.

The John Crane Mechanical Seal has been approved by Underwriter's Laboratories, Inc. It has been used widely in its application for sealing volatile products such as hydro

MINUTES

carbons and also refrigerants. The John Crane Seal is recognized by the Petroleum Industry as a reliable seal having extremely long life and is the finest available.

Inspection and Test

A sample pump was tested and inspected at the plant of the applicant and found to operate as designed. Present were G. F. Sklenarik, Asst. Engr., Committee on Test, Wm. Keay and others of Gilbert and Barker Mfg. Company.

The Model STP pump is listed by the Underwriter's Laboratories under file MH-6262.

Recommendation

On the basis of the data submitted and the inspection and test, the Committee on Test recommends the approval of the Gilbarco Submerged Turbine Pump, Model STP under the provisions of Section C19-69.C Administrative Code when installed in service stations only and in accordance with this report and provided further that all electrical work will be in accordance with the Electrical Code of the City of New York and that each pump will bear a label reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 876-55-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

990-55-SA

APPLICANT—Gilbert and Barker Manufacturing Co., owner.

SUBJECT—Application November 9, 1955—Gilbarco Single Gasoline Dispensing Pump, Model 104, approval of.

APPEARANCES—

For Applicant: William Keay and R. C. Beckman.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 990-55-SA

Subject: Gilbarco Gasoline Dispensing Pumps, Model 104
and Gilbarco Remote Control Gasoline Dispensers,
Model 104RC.

The Gilbert and Barker Mfg. Company, West Springfield, Mass. owner-manufacturer filed November 9, 1955 an application with the Board of Standards and Appeals for approval of the Gilbarco Gasoline Dispensing Pumps, Model 104 and the Gilbarco Remote Control Gasoline Dispensers, Model 104RC under the provisions of C26-191.0 and C19-69.C Administrative Code.

Purpose

Gasoline dispensing units for garage and service station use.

Description

The model 104 is an electrically driven metering pump with a computer type registering mechanism. A $\frac{1}{3}$ HP explosion-proof electric motor drives a positive displacement type of rotary pump to raise gasoline from the tank and

at a pressure of just under 20 lbs. for proper metering. The Model 104 dispenser is equipped with a motor, a combination pump unit-air separator, an air separator sump, a meter, a computer with a built in interlock and a single visigage sight glass on the hose side of the pump. The motor is turned on and off by means of a control lever device on the side of the dispenser. The control lever operates a rod which is directly connected to a switch in the motor. The control lever is also interlocked with the computer.

The pump unit-air separator separates any air or vapor which may be admitted to the system through a leaky suction line or through improper manipulation. The air separator also has the function of providing room for expansion of the liquid in the system due to temperature rise. The meter used is four piston positive displacement type.

A valve is incorporated between the meter and visible discharge indicator assembly to maintain the liquid under a slight pressure at all times to prevent vaporization while the unit is standing idle. Vapor formation at this point would cause false measurements in hot weather.

Flow rates are controlled at the nozzle and maximum rate of flow is 15 gallons per minute. The nozzle control valve cannot be locked in an open position.

The Model 104 is equipped with an external hose connected directly to the visigage outlet on a side panel which extends 13 ft. from outlet to nozzle spout.

The Model 104RC is similar in outward appearance to the Model 104. It is built for remote control operation with the motor, pump unit-air separator, and sump removed. Air separation takes place at the remote pumping unit which pumps product to the 104RC dispenser.

Delivery of product to the hose nozzle is accomplished by means of a lever on the side of the dispenser which is used to start and stop the remote pump unit motor. The lever is also connected to a feed line valve operated by a rod which opens and closes the valve in sequence with the start and stop of the remote pump unit motor. The feed line valve is equipped with a built-in relief device which prevents excessive pressure in the visigage, meter and hose as may be caused by expansion of gasoline during hot weather. The feed line valve also prevents pressure in the hose of other dispensers connected to the same supply line which are not in operation at the time.

The dispenser is also equipped with a combination strainer-check valve with a built-in relief set at 35 psi to prevent excessive pressure in the system. This valve is located at the line connection at the base of the dispenser.

In the Model 104RC hose length has been increased to a total length of 15 ft.

Inspection and Test

These dispensers were inspected and tested at the plant of the applicant and were found to operate satisfactorily as designed. Present were G. F. Sklenarik, Asst. Engr., Committee on Test, Wm. Keay and others representing the Gilbert and Barker Mfg. Co.

The Models 104 and 104RC are listed by the Underwriter's Laboratories under File MH. 1941.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Gilbarco Gasoline Dispensers, Models 104 and 104RC for use in New York City under the provisions of C26-191.0 and C19-69.C Administrative Code provided all electrical work will conform to the Electrical Code of the City of New York and further that each dispenser will bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 990-55-SA."

229-56-SA

APPLICANT—The Webster Engineering Co., owner (Oilfield Equipment Co. Agent).

SUBJECT—Application March 21, 1956—Webster Series R Gas and Oil Burner, Model RD-19W-GOS, Open Register Model, approval of.

APPEARANCES—

For Applicant: Thomas E. Ward, Jr.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 229-56-SA

Subject: Webster, Series R Gas and Oil Burner, Model RD-19W-GOS, Open Register Model

Oilfield Equipment Co., New York, filed for the Webster Engineering Company, Tulsa, Okla. on March 21, 1956 an application with the Board of Standards and Appeals for approval of the Webster, Series R Gas and Oil Burner, Model RD-19W-GOS Open Register Model under the provision of Article 12 Administrative Building Code C-19-57.0 Administrative Code and the Oil Burner Rules of the Board.

Purpose

A combination burner for gas or oil fuel, designed for industrial use.

Description

The Webster Model RD-19W-GOS combination burner consists of an open register assembly which is inserted into a wall opening in the furnace and is secured to the furnace with bolts. Provision is made for the insertion of a tubular gas burner into the combustion chamber through a guide tube in a center opening in the register assembly. The oil burner gun is then inserted through the hollow gas gun making a combination burner for either gas or oil firing using natural draft manually controlled.

The Webster RD-19W-GOS is custom built for each application. Fuel guns and air register guide tube are fabricated in the proper lengths with respect to furnace wall thickness and the desired angle of fuel discharge. Fuel nozzles are finally adjusted in the field.

Natural gas fuel is supplied to the combustion chamber at pressures up to 5 lbs. per sq. inch through a line of circumferential ports at the end of the gas burner. Ignition of gas is by pilot light which is first ignited by an electric spark, manually operated. Upon proof of pilot flame as established by a flame rod operating through a protecto-relay system, the operator of the burner may then open an electric safety shut-off valve (Western Safety Valve) which will permit the flow of gas to the main burner. In case of flame failure, this valve and pilot solenoid valve will shut-down in 2 to 4 seconds.

When the gas burner is in use the oil gun is set back away from the furnace heat or it may be disconnected and removed entirely.

For use as an oil burner a manually operated switch is provided which will lock out the gas burner and permit the use of the oil gun after its proper placement by the operator.

Preheated No. 6 fuel oil is supplied to the oil gun from a remote pump or pumps at a pressure of approximately 50 lbs. per sq. inch maximum and steam is supplied for oil dispersion at pressures of 5 to 10 lbs. per sq. inch higher than oil pressure.

Ignition of oil is accomplished by means of a torch when oil flow is started by the operation of a foot switch. This switch will not remain in the open position unless ignition has been established and proven by means of a photoelectric cell that operates through a protecto-relay system. Flame failure will cause a shut-down of oil supply in 2 to 4 seconds.

In addition an interlock is provided to shut-off oil supply to the burner in case of steam failure.

The manufacturer recommends that before starting up on either fuel, the register door and up take damper be opened wide for 5 minutes to allow the furnace to vent itself after which proper draft should be established before ignition; .05-1 inch W.C. furnace draft.

Inspection and Test

A typical installation of the RD-19W-GOS burners was inspected at the North Philadelphia power plant of Sears-Roebuck & Co. Present were G. F. Sklenarik, Asst. Engr. Committee on Test, T. Ward, Jr., Oilfield Equipment Company and Messrs. G. Lindberg and F. Morris of Sears-Roebuck & Company. The burners, on gas fuel, functioned satisfactorily as designed.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the Webster, Series R Gas and Oil Burner, Model RD-19W-GOS for use with natural gas and No. 6 fuel oil when installed and operated in accordance with this report and the provisions of Article 12, Administrative Building Code, Sections C26-213.0 and C-19-57.0 Administrative Code and the Oil Burner Rules of the Board of Standards and Appeals and provided further that all electrical work will conform to the Electrical Code of the City of New York and that each appliance will bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 229-56-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

620-45-A—Vol. II

APPLICANT—Harry G. Savran, for Yeshivah Chofetz of Radum, owner.

SUBJECT—Application reopened November 29, 1955 as Vol. II—re Appeal from a decision of the borough superintendent—construction and exits.

PREMISES AFFECTED—346 West 89th street and 170 Riverside drive, southeast corner, Block 1250, Lot 61, Borough of Manhattan.

APPEARANCES—

For Applicant: H. G. Savran, Emerich Feigelstock and Hirsch Zaks.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough-Superintendent dated June 6, 1956 on Alt. App. 184/56 reads:

"1. Request for the issuance of a new Certificate of Occupancy in continuance of the temporary C.O. 380-84

MINUTES

with a change of use on the 1st, 2nd and 3rd floors and new occupancy should be referred back to the Board of Standards and Appeals.

Application not further considered.

Reconsideration of this objection was denied on March 20, 1956. It will not be further considered."

and
WHEREAS, the applicant states the building is 5 stories, and cellar, 58 ft. in height, 65 ft. by 65 ft. in area at street level, 40 ft. by 65 ft. in area at typical floor level, of class 3 construction, erected 1916, located on a lot 145 ft. 5 3/4 in. front by 100 ft. 8 1/2 in. in depth, in a residence use, B area, class 1 1/2 height district, and used and occupied since 1916; cellar—boiler room and storage; basement—offices and classrooms, 100 persons; 1st floor—dance and art studios, 75 persons; 2nd floor—dance and art studios, 75 persons; 3rd floor—studio and custodian, 75 persons; 4th floor—offices and caretaker's rooms, 15 persons; and now proposed to be used and occupied as follows: cellar—boiler room and storage; basement—offices and class rooms, 100 persons; 1st floor—class rooms, offices, dining room, 75 persons; 2nd floor—class rooms, 75 persons; 3rd floor—class rooms, 75 persons; 4th floor—offices and caretaker's rooms, 15 persons; the building is provided with two interior fireproof enclosed stairs, equipped with fireproof self-closing doors, and leading direct to street and provided with a ladder and scuttle to roof; and

WHEREAS, Certificate of Occupancy No. 38084, temporary, issued January 16, 1951, against Alt. App. 1559/48, describes the building as a public building of Class One fireproof construction and permits the following use and occupancy: cellar boiler room and storage; basement—offices and class rooms, 100 persons; 1st floor—dance and art studios, 75 persons; 2nd floor—dance and art studios, 75 persons; 3rd floor—studios and custodian, 75 persons; 4th floor offices and caretaker's rooms, 15 persons; to be occupied by the Heckscher Foundation for Children, a philanthropic and eleemosynary institution, pursuant to a variance granted by the Board under Cal. No. 620-45-A, Vol. I, for a period of five years commencing November 8, 1950; and

WHEREAS, under date of November 8, 1950, the Board extended the term of a variance previously granted October 23, 1945, to Heckscher Foundation for Children, for a term of five years from November 8, 1950, for use of the building by the Whitman School of Interior Decoration, Inc., lessee; and

WHEREAS, the applicant states that this is an appeal to the Board's discretion to permit the use of the building as a parochial school, subject to the conditions previously permitted for occupancy by a philanthropic and eleemosynary foundation which was similar to the functions of class room activity proposed by the Rabbinical and Yeshivah school; and

WHEREAS, the applicant contends that the proposed use will be the same as the prior use except that where dance and art studios were permitted, classrooms with the same number of occupants will prevail; that the actual difference between the proposed use and the previous use is the type of instruction.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 23, 1945, as thereafter *amended* by resolutions adopted through November 8, 1950, by adding thereto:

"that the occupancy of this building may be as now proposed and as shown on plans filed with this application marked "Received June 7, 1956", (3 sheets), for a term of five years *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, and with the requirements of the resolution above cited where not inconsistent with the terms of this *amended* resolution; and that a new certificate of occupancy shall be obtained and that the building shall not be extended in height or area."

155-55-A

APPLICANT—Stanley H. Klein, for Gotham Enterprises, Inc., owner.

SUBJECT—Application for consideration—reopening as to consider revised plans and amendment of resolution—re Appeal from a decision of the Borough superintendent; previously granted on condition.

PREMISES AFFECTED—45-10 83rd avenue, west side, 3195 ft. south of 45th avenue, Block 1536, Lot 215, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Peter Nargusian.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly

Negative

THE RESOLUTION—

WHEREAS, this application was granted by the Board on May 22, 1956, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 22, 1956, only so far as it refers to the date of plans so that as *amended* this portion of the resolution shall read:

"as shown on plans filed with this appeal marked 'Received May 3, 1956' (4 sheets), as modified by revised plans marked 'Received June 3, 1956' (one sheet)." (Alt. 297/54)

378-56-A

APPLICANT—Robert G. Zetsche, for Missionary Sisters of The Sacred Heart, owner.

SUBJECT—Application May 23, 1956—Appeal from a decision of the borough superintendent, re fire tower and exterior walls.

PREMISES AFFECTED—227-235 East 19th street, north side, 166 ft. west of 2nd avenue and 218-238 East 20th street, Columbus Hospital, Block 900, Lots 18, 47 and 48, Borough of Manhattan.

APPEARANCES—

For Applicant: Robert G. Zetsche, Caesar L. De Sina and Vincent Pellegrino.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly

Negative

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 15, 1956 on Alt. App. 542/56 reads:

"1. New extension brings height of bldg. over 75 ft. Therefore a fire tower will be required under 6.1.2.2.3 B.C.

"2. Exterior walls as indicated fail to have a 2-hour fire resistive rating as required by 3.2.1 B.C."

and

WHEREAS, the applicant states the building varies in height from two to nine stories, 27 to 104.5 ft. respectively in height, of fireproof construction, 113 ft. front by 184 ft. in depth, located in a business use, B area, class 1 1/2 height district, and that it is proposed to add an additional (8th story) to the northwest wing which was erected in 1949, and to use and occupy the entire northwest wing as follows: sub-cellar—autopsy, morgue and pharmacy room, 7 persons; cellar—emergency engineers and laundry, 20

MINUTES

persons; 1st floor—chapel, waiting offices, 122 persons; 2nd floor—interns, wards, and general hospital, 35 persons; 3rd, 4th and 5th floors—solarium, wards, nurses restrooms, 37 persons each floor; 6th floor—bed-, living- and dining rooms, 24 persons; 7th floor—bedrooms and infirmary, 30 persons; the new 8th floor—obstetric and nursing department, 40 persons; and

WHEREAS, the applicant states the building is equipped with an approved standpipe system, an interior fire alarm system and regular monthly fire drills are maintained; that there are two 3 ft. 8 in. wide steel stairs with cement treads located in the northwest wing, enclosed in 6 in. cinder block plastered both sides, equipped with hollow metal self-closing doors, and there are two exterior stairs, one of which extends to roof and both extend to yard by stair, with egress through driveway or parking lot to street; and

WHEREAS, Certificate of Occupancy No. 40206 issued September 3, 1952, against Alt. App. 2030/47 for the northwesterly wing permits the present use and occupancy; and

WHEREAS, the applicant states that the hospital was established in 1891 and consists of a single nine story building on East 19th Street known as the southerly wing together with four structures on East 20th street, all connected by corridors or bridges, and a parking area on 20th street; that the building in question, on 20th street, was constructed in 1949, is 7 stories in height and is called the northwesterly wing and it is located directly north of the 19th street wing; and

WHEREAS, the applicant contends that due to overcrowding, particularly in the maternity ward, the Health Department has made certain recommendations covering this section of the hospital, and in order to conform to these recommendations more room must be provided for the new-born service and obstetrics department; that due to requirements as to non-contaminated elevators and corridors, the only feasible place to place this extension is on the new eighth floor addition on the northwesterly wing; that the present steel will permit only the lightest construction above the present roof of this wing, and it is therefore requested that Objection #1, issued by the Borough Superintendent, be so modified as to permit the use of the present stairs use of the present stairs extended to the new roof, since it would require almost one-quarter of the area of the ambulance garage to accommodate a fire tower adjoining the present westerly stairway and this course would be prohibitive; that this westerly stairway is the only one that would be feasible to replace as it is seldom used by hospital personnel; that in the future in connection with contemplated extensions to the west of the building in question a fire tower will be constructed to replace the present stairs; that the Board is therefore requested to permit the egress conditions as proposed and as indicated on plans filed with this appeal; and

WHEREAS, the applicant contends as to Objection #2, issued by the Borough Superintendent, that because of the limited permissible deadload the architects propose to use the light weight H. H. Robertson two-hour fire resistive insulated Q Panel of stainless steel for the walls of the eighth floor addition; that the practical difficulties and unnecessary hardships inherent in strict compliance with the requirements of the Code necessitate a variance in this case; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated May 15, 1956, acting on Alt. App. 542/56, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the existing stair shall be continued in height as required and need not be of the fire tower type, as proposed and shown on plans filed with this appeal, marked "Received May 23, 1956" (17 sheets), and "July 2, 1956" (3 sheets); as to Objection 2, that the exterior wall construction may be permitted as shown on such plans, *on condition* that it shall be erected and maintained to the satisfaction of the Borough Superintendent; that the standpipe and interior fire alarm

systems and fire drills shall be maintained in accordance with requirements therefor; that this action by the Board shall be for this specific appeal and not be deemed a precedent for any future installations; and that an application shall be filed by the H. H. Robinson Company for general approval of their vertical construction material.

411-56-A

APPLICANT—Fred C. Dahlem, for Patrick H. and Helen L. Ricci, owners.

SUBJECT—Application June 7, 1956—filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Section 34(6) re cellar occupancy and Section 218, re egress.

PREMISES AFFECTED—316 East 58th street, south side, 224 ft. east of 2nd avenue, Block 1350, Lot 43 (formerly 43 and 143), Borough of Manhattan.

APPEARANCES—

For Applicant: Fred C. Dahlem and Helen Ricci.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated June 6, 1956 on Alt. App. 1709/55 reads:

"A11. (1) Before the department will accept this as a corner lot in relation to locating fire-escapes, the consent of the Authority to a permanent easement of light and ventilation must be obtained.

"A12. (2) For cellar occupancy file plans showing compliance with Sec. 34 sub 6 (new) M.D.L.

"A13. (3) As plans show an increase in occupancy a bulkhead to the roof over the main stairs is mandatory under Sec. 218 M.D.L."

and

WHEREAS, the applicant states the building is 4 stories, 40 ft. in height, 21.10 ft. front by 60 ft. 2 in. in depth, of class 3 construction, erected 1890, located on a lot 26 ft. front by 100.5 ft. in depth in a business use, B area, class 1½ height district, used and occupied since 1890, cellar—boiler room and storage and office; 1st floor—one apartment; 2nd floor—one apartment; 3rd floor—one apartment; 4th floor—one apartment; and proposed to be used and occupied upon completion of the alteration herein involved as follows: cellar—boiler room, kitchen and dining room, 4 persons; (in connection with a first floor duplex apartment) for owner occupancy; 2nd floor—two apartments; 3rd floor—two apartments; 4th floor—two apartments; the building is provided with one 3 ft. wide interior steel stairs with marble treads, enclosed in fire retarded partitions, equipped with one-hour test self-closing doors, leading direct to street and provided with a ladder and scuttle to roof; and two fire escapes, one front and one side, extending to roof by ladder. Egress from the lower termination of the fire escape is by ladder; and

WHEREAS, the applicant states that the building is an old law tenement erected about 1890 and was purchased in 1948 by the present owners who have occupied the first floor apartment since 1949; that it is now proposed to improve the building by removing the entire interior stairway and replacing the same with a new steel and marble stairs and a new vestibule with new letter boxes and new lighting; that it is also proposed to double the number of apartments on the 2nd, 3rd, and 4th floors and to provide new bathrooms, kitchens and kitchenettes; that the entire building will be rewired and repainted; that the owners have decided to make the first story, and the rear portion of the cellar, a single apartment with the living rooms and bedrooms on the first floor; and

MINUTES

WHEREAS, the applicant contends that the rear portion of the cellar faces a deep rear yard which will be landscaped and excavated for a distance of 14 ft. to a level of 6 in. below the cellar floor, and a 30 in. retaining wall will be erected with steps leading to the garden; that the owner has purchased from the City a strip of land 4 ft. 2 in. wide by 100 ft. 5 in. in depth to provide additional light and ventilation for windows on the west wall; and

WHEREAS, the applicant contends as to Objection 1, issued by the Borough Superintendent that it is requested that the Board permit the change of the location of the proposed new fire escape from the front to the west wall, which property has recently been acquired from the City; that the thoroughfare being an arterial highway, under the zoning law, makes the building a corner building even though the City maintains a high brick wall separating the passage from the rear lot line to the building line of 58th street; that it would greatly improve the appearance of the front of the building by placing the 60° fire escape on the side and would in no way interfere with the exit facilities as required by the Multiple Dwelling Law; that lots 43 and 143 will be combined into a single lot by reapportionment in the Tax Department; and

WHEREAS, the applicant contends as to Objection 2, that the Borough Superintendent has refused to permit the kitchen and dining area in the cellar as part of a duplex apartment; that this portion of the cellar will be provided with ample windows and ceiling height and will be renovated into a beautiful and convenient dining area, with laundry and kitchen; that the existing kitchen facilities on the first floor have proved inadequate; that this duplex apartment will be used solely by the owners and their family and will afford a great convenience and privacy from the remainder of the building; and

WHEREAS, the applicant contends as to Objection 3, the Board is requested to grant relief to omit the new steel stairs and bulkhead to the roof as required by section 218 of the Multiple Dwelling Law and not required by Section 233 of the Multiple Dwelling Law; a variance is requested as to this bulkhead as it seems unnecessary due to the fact that the buildings to the east are one story higher, therefore, blocking egress to the east and as there is no egress to the west as the premises abut the Queensborough bridge approach.

Resolved, that the decision of the Borough Superintendent, dated June 6, 1956, acting on Alt. App. 1709/55, Objection No. 1 be and it hereby is *modified* and that the appeal be and it hereby is *granted* that in view of acquisition by the owner from the City of the open space approximately 4 ft. in width, running parallel to the Queensborough Bridge approach which abuts the building, may be considered, for the purposes of light and ventilation, a corner building; as to Objection No. 2, that the cellar occupancy as proposed may be occupied as proposed provided that no sleeping rooms are located within the cellar; and *denied* as to Objection No. 3 to comply.

102-55-A

APPLICANT—Robert Rubin, for Boak and Raad (Rockwood Realty Corp., owner).

APPLICANT—Leonard F. Rothkrug, for Halsam Real Estate Corporation, owner.

SUBJECT—Application November 6, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the change in occupancy from garage for more than five motor vehicles to warehouse and light manufacturing.

PREMISES AFFECTED—228-230 Putnam avenue, south side, 450 ft. west of Nostrand avenue, Block 1827, Lot 31, Borough of Brooklyn.

APPEARANCES—

For Applicant: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application withdrawn, without prejudice.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

Adjourned: 5:00 P.M.

JOSEPH J. DOYLE, Chief Clerk.

PUBLIC HEARING

PROPOSED AMENDMENTS OF OIL BURNER RULES

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on Friday morning, September 14, 1956 at 10 A.M., in Room 1013, Municipal Building, Manhattan, on Proposed Amendments of Oil Burner Rules.

Matter in *italics* is new; matter in brackets [] old matter to be deleted. Only such rules as are proposed to be amended are published.

OIL BURNER RULES (217-21-SR)

RULES COVERING THE INSTALLATION AND USE OF OIL BURNING EQUIPMENT AND THE STORAGE OF OILS USED IN CONNECTION THEREWITH

Adopted by the Board of Standards and Appeals June 15, 1934, Amended July 12, 1935, January 28, 1936, December 4, 1936, July 1, 1941, June 15, 1948 and July 13, 1951, effective August 13, 1951.

(Superseding Fuel Oil Rules adopted by the Board of Standards and Appeals, November 6, 1919; amended January 6, 1922; January 18, 1924; November 3, 1926; September 11, 1928; January 11, 1929; March 20, 1931; May 12, 1931; November 24, 1931; May 10, 1932; June 24, 1932; November 4, 1932).

Authority: Section 666, paragraph 2 of the New York City Charter and C19-57.0 Administrative Code.

Rule 2. Definitions.

- 2.6 CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous *or intermittent* operation.
- 2.10 ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth *outside of buildings*, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:
- 2.14 INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes[.] *under same requirements as for Commercial Installations.*

Rule 3. Oil Permitted.

- 3.1 Oil permitted under these rules shall be any hydrocarbon oils free from acid, grit and fibrous or other foreign matter. The fuel oils shall be classified as provided in *current* Commercial Standard [CS12-38] published by the U. S. Department of Commerce, and shall have a flashpoint not lower than 100 degrees Fahrenheit when tested in a Pensky-Martens closed cup tester (American Society for Testing Materials Method D-93-36) and marketed under the following commercial grades:

{	Range Oil
{	No. 1 Fuel Oil
	No. 2 " "
	No. 4 " "
	No. 5 " "
	No. 6 " "

Rule 4. Standards for Approval of Oil Burners by the Board.

- 4.1 Approved burners, including oil-burning heaters, shall be an assembly of approved parts *and electrical controls* suitable for use with each other for the service intended, as approved, such burners shall be provided with suitable safeguards to prevent abnormal discharge of oil.

Rule 6. Location of Tanks.

6.1 Inside of Buildings, Above Ground.

- 6.1.2 Storage tanks having a capacity of more than two hundred and seventy-five (275) gallons, when installed inside of buildings shall be located on the lowest floor level and all portions of such tanks above the floor shall be protected by [a continuous jacket of] not less than four inches (4") of *masonry* [Portland cement concrete reinforced with not less than No. 20 gauge steel wire cloth 2" x 2" mesh, and extending at least four inches (4") beyond the horizontal outline of tank in all directions], with weep holes along the bottom one inch in diameter not more than 3 ft. apart. *The masonry walls of a structure may be used as part of the protection.*

[Each storage tank] *Storage tanks* may be placed in a protective enclosure having solid masonry walls not less than eight inches (8") in thickness and of dimension not less than fifteen (15") greater on all sides than the outside dimensions of the storage [tank] *tanks*. The walls of enclosure shall be carried up to a height not less than two feet (2') above the top of the tank[.] *or to the ceiling where the ceiling is less than two feet (2') above the top of the tank.* A fireproof access door shall be installed in the enclosure above the point where the enclosure has a capacity equal to the largest tank[;] *installed*, and for each additional 10 feet or fraction thereof by which the longest inside dimension of the enclosure exceeds 35 feet an additional fireproof access door shall be similarly installed at one or more intervals of not less than 10 feet.

6.3 Outside of Buildings, Below Ground.

- 6.3.3 All buried storage tanks [larger than two hundred and seventy-five (275) gallons,] prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting material. All tanks shall be electrically grounded.

Columns, pipes, or similar obstructions, may project into the required fifteen inches (15") of space within the enclosure, provided that access door or doors are so arranged that all portions of the enclosure are accessible. The ceiling above the tank enclosure shall be either fireproof or fire-retarded.

6.4 Outside of Buildings, Above Ground.

- 6.4.1 Storage tanks of a capacity greater than 275 gallons located outside of buildings above ground shall be not less than one and one-quarter (1¼) tank diameters and in no case less than ten feet (10') from the line of adjoining property, the nearest building or adjacent tank. Such tanks shall be electrically grounded. The maximum capacity of individual tanks located outside of buildings

PUBLIC HEARING

above ground shall be fixed by the following schedule:

If distant 25 feet from line of adjoining property which may be built upon.....	16,000 gallons
If distant 30 feet.....	24,000 "
If distant 40 feet.....	36,000 "
If distant 50 feet.....	48,000 "
If distant 60 feet.....	60,000 "
If distant 75 feet.....	96,000 "
If distant 85 feet or more..	100,000 "

6.4.1.1 *Two hundred and seventy-five (275) gallon tanks shall be located so as not to interfere with or obstruct any means of egress.*

6.4.3 All above ground storage tanks [larger than two hundred and seventy-five (275) gallons], prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting materials. All tanks shall be electrically grounded. *All above ground two hundred and seventy-five (275) gallon tanks shall be protected against injury in a manner satisfactory to the Administrative Official.*

6.5 Tanks Located Along Line of Subways.

6.5.1 Along the line of subways no buried tank shall be placed within twenty feet (20') [of any wall,] *from the outside line of the subway wall, [separating a building from the subway,] and, where practicable, tanks shall be placed in a lower position than the roadbed of the subway, except as may be modified in specific instances by the Board of Standards and Appeals. Where an above ground tank within a building is located within the outer lines of the subway, or within twenty feet (20') from the outside line of the subway wall, such tank shall be placed within a welded steel oil-tight pan of not less than 18 gauge metal of adequate capacity to contain the contents of the tank.*

Rule 7. Piping.

7.2. Relief Valves.

7.2.2 Oil preheaters shall be of approved type and provided with a relief or pressure regulating valve in the piping system to prevent excessive oil pressure. Oil preheaters shall not be installed in the steam or water space of the boiler and shall be so designed that in the event of oil leakage within the preheater, the oil shall be prevented by an approved method from entering the water or steam circulation system. *Water piping connection shall be equipped with a blow-down system providing positive flushing of the water side of the preheater. Two (2) thermometers shall also be installed, one on the intake oil line of the preheater and the other on the discharge oil line.*

7.2.3 Relief valves shall be set to discharge at not more than one and one-half (1½) times the maximum working pressure of the system. The discharge from relief valves shall be returned to storage tank or to the supply line. *Pressure regulating valves and viscosity valves are not included within the scope of this subdivision. There shall be no shut-off valve in the line of relief.*

7.3 Vent Pipes.

7.3.4 Vent pipes shall be provided with an approved weatherproof hood having a free area of not

less than the pipe size area and shall terminate outside the building not less than two feet (2') from any building opening and not less than two feet (2') nor more than twelve feet (12') above the fill pipe terminal, except as may be otherwise approved by the Board. When such openings are fixed and constructed of incombustible materials they shall not be deemed openings within the intent of this rule. If the vent pipe terminal is not visible from the fill pipe terminal location, a one-inch (1") line shall be connected to tank and shall parallel the fill pipe and terminate at the fill pipe terminal with unthreaded end. Such tell-tale lines shall be provided with a check valve set to prevent flow of surface water to storage tank.

Rule 7.4 Fill Pipes.

7.4.1 Fill pipe shall terminate outside the buildings with the fill pipe terminal located at or above grade at least two feet (2') [of] *from any building opening [or] and five feet (5') from any subway grating, at or below the level of the fill pipe terminal. No fill pipe shall be less than two inches (2") in diameter [.] and no fill pipe for #6 oil shall be less than three inches (3") in diameter. The fill pipe terminal shall be located within three feet (3') of the curb, unless otherwise required by the Highway Department or the Transit Authority. Where there are facilities for the delivery tank truck to drive onto the premises, the fill pipe terminal may be located elsewhere than at the curb provided that the location complies with the other requirements of this rule.*

7.4.3 Where the top of the storage tanks is above the fill pipe terminal the fill pipe shall be connected to the top of the tank and be provided with a shut-off valve and swing check valve which shall be located at the fill pipe terminal [.] *or the shut-off valve may be located inside the building at or below the level of the fill pipe terminal, in an accessible location.*

Rule 8. Valves and Control of Oil Flow.

8.2 Each supply line for storage tanks of more than two hundred and seventy-five (275) gallons' capacity, shall be provided with a shut-off valve at the burner and where the top of the tank is above the oil inlet connection to the burner and/or transfer pump, shall be provided with an approved anti-syphon device located at the highest point in the supply line, except that where heavy oil (No. 6 Commercial Standard Grade) having a viscosity of one hundred (100) seconds or more Saybolt Furol at one hundred and twenty-two degrees Fahrenheit (122° F.) is used, the anti-syphon device shall not be required. *No anti-syphon device shall be required where a foot valve is installed at the inlet of the suction line.*

Rule 10. Permits, [Plants], Plans, Inspection and Tests of Storage Tanks and Piping.

10.1 Permits.

10.1.2 Application for permit shall be made *and fee covering the permit as per Rule 10.4.1 be paid within ten days after the completion of the installation* by the installer who holds a certificate of license issued by the Fire Commissioner, on forms furnished by the Fire Commissioner [and] *which shall [provide for] include the location of the building in which the installation [is to be] has been made, name and address of owner and/*

PUBLIC HEARING

or occupant, name and address of installer, make and approval number of burners, pumps and other devices, capacity, number and location of storage tanks, together with approval of such [proposed] installation by the Borough Superintendent of Buildings when required under Rule 10.2.

- 10.1.3 No permit shall be issued by the Fire Commissioner until [the installation has been inspected by his representative and the installer has furnished an affidavit] *the installer has furnished an affidavit that the installation complies with all requirements*, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 per cent without smoking.

10.3 Inspection and Tests of Installations of Storage Tanks and Piping.

- 10.3.1 All fuel oil storage tanks and piping installed as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and to the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A sworn statement by the installer in proper affidavit form attesting to such installation and test shall be filed with the Fire Commissioner. [and a copy thereof be posted in the boiler room.]

(See Sections of the Administrative Code C19-19, as amended by Local Law 46 of 1951 and C19-152).

Rule 12. Ventilation.

- 12.1 No burner shall be installed in any boiler, heater, range or stove unless each boiler, heater, range or stove be connected to a legal chimney, complying with Article [11] 12 of the [Administrative] Building Code, except that [in high pressure mercantile and industrial plants] several units may be connected to a *common* [boiler room stack] chimney.
- 12.2 Adequate ventilation, at least equivalent to area of the smoke pipe at the point where it enters the flue, shall be provided in all rooms in which burners are installed[.], *except that in commercial installations the area for natural fixed ventilation shall be at least equivalent to eight (8) square inches for each gallon of oil for which the fuel burning equipment is rated. Where the fixed ventilation is supplied mechanically and electrically interlocked with the burner, at least the equivalent of two (2) square inches for each gallon of oil for which the fuel burning equipment is rated, shall be provided.*
- 12.3 Dampers shall be so constructed that they cannot completely cut off the passage of flue gases at any time[.]. [and on all installations in one and two family dwellings on approved automatic draft control of the same size as the cross-sectional area of the pipe or breaching shall be installed in the breaching or flue pipes.] *Approved automatic draft controls may be installed when necessary to provide proper draft where the draft is excessive.*

Rule 14. Fire Protection.

- 14.6 Oil burning devices designed for installation with storage of not more than six (6) gallons shall be

[firmly anchored to the floor,] set level and *firmly anchored*. The floor beneath [the] stoves or any such heating devices *shall be* protected by a shield of 1/2" asbestos or equivalent extending at least twelve inches (12") beyond the projected area of such device where required within the specific approval of each burner. Approved safety cans only shall be used for the storage and filling of oil containers. The fuel oil used for these burners shall be range oil or No. 1 or No. 2 fuel oil. The manufacturer or installer of these burners shall within 48 hours after each installation notify the Fire Department in writing of the name of the person to whom this burner is sold and the address of the premises where installed.

- 14.7 Near each boiler, [or] furnace *or suspended* [of a] fuel oil-burning unit there shall be [kept ready for use fire extinguishing equipment of not less than two quart capacity approved as suitable for oil fires or not less than two pails of sand, the pails to have rounded bottom.] *immediately available one (1) approved hand fire extinguisher of not less than two quart capacity suitable for oil fires or two (2) rounded bottom pails filled with sand.*

Rule 15. Instruction Cards and Certificate of Fitness.

- 15.2 *Except as provided in Rule 15.2.1 every* [Every] heating system in which the oil is preheated or systems not fully automatic when operating shall be under the direct supervision of a person holding a certificate of fitness issued by the Fire Commissioner and who shall be in the building at all times while the burners are in operation, except, that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941, under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burners" shall not be required to obtain such certificate.

15.2.1 *The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, while in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who is regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner" shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the Fire Commissioner for the installation of such oil burning equipment.*

(Continued from page 1157)

vary the application of the use district regulations. On this record, Special Term could not supplant the duly constituted municipal authority (*People ex rel. Werner v. Walsh*, 212 App. Div., 635, aff'd 240 N. Y., 689; *Matter of Holy Sepulchre Cemetery v. Board of Appeals, Greece*, 271 App. Div., 33). Special Term could not find that the respondent was illegally oppressed by the denial of his application (cf. *Matter of Reed v. Board of Standards and Appeals*, 255 N. Y., 126). The Board was not obliged to find that the change of the adjoining use district from

business to manufacturing peculiarly affected respondent, or that he could not profitably conform to the requirements of the zoning conditions because of the shape of his property. The Board had before it evidence of residence construction on a parcel very similar in dimensions and shape on the same street." (N.Y.L.J. June 17, 1952, p. 2401.)

Court of Appeals affirmed the Order with costs. No Opinion. All concur except Justice Burke, taking no part. (N. Y. Law Journal, May 1, 1956, page 6.)

NOTICE

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority CHAPTER 508 OF 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

MINUTES

APPEARANCES—

For Applicant: Arthur A. Schiller and Joseph B. Cavallaro.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 11, 1955 subject to regular procedure, to consider change of use; and

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East End avenue and East 80th street are in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated March 19, 1956 acting on Alt. Applic. No. 1295-55, reads:

"1. Proposed change of use from administrative locker rooms, clinics, etc., as listed in C.O. 26201-40 to offices for use by the Bd. of Higher Education, is contrary to Art. II Sec. 3 of Z.R. since premises is located in a residence district."

and

WHEREAS, the applicant states that the premises consist of a plot, 148 ft. frontage by 102.2 ft. in depth, on which is located a five story building of class 1 construction, 139 ft. front, 70 ft. and 89 ft. in depth, formerly used as Department of Hospitals clinics, building now closed; that it is proposed to change use of building from administrative locker rooms, clinics, etc., to offices for use by the Board of Higher Education; and

WHEREAS, the applicant contends that the Board of Estimate has assigned the subject property to the Board of Higher Education for use as its administrative headquarters; that this property, which is improved with a five story limestone building, was formerly a clinic operated by the department of hospitals; that the City decided to transfer these facilities to the new Metropolitan Hospital and use the building for the administrative offices of the Department of Hospitals; that an appeal was filed with the Board by the Department of Public Works for the proposed use, and the reopening of the case was approved on October 11, 1955; that on February 23, 1956 the Board of Estimate transferred the building to the Board of Higher Education for its administrative headquarters in order to save the cost of a new site and building; that revised plans were filed with the Building Department for this proposed use; that due to the fact that this is now a residence area, a variance is requested; that the number of persons using the building will be far less than during its former occupancy and will therefore be an improvement of the neighborhood; that it is also requested that this appeal by the Board of Higher Education be considered as a continuation of the appeal started by the Department of Public Works and that the material already filed be accepted as part of this appeal; and

WHEREAS, the applicant states that the present owner has held title to the property since November, 1935 and that the land is tax exempt.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on April 12, 1921 by adding thereto:

"that the building as proposed and as indicated on plans filed with this application marked 'Received September 8, 1955', 4 sheets, and 'April 25, 1956', 5 sheets, may be occupied as proposed by the Board of Higher Education on condition that the building shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained, including a cer-

tificate of occupancy, and all work completed within the requirements of Section 22A of the zoning resolution."

956-27-BZ—Vol. III

APPLICANT—Fred C. Dahlem, for Max Meyers. owner (Al Goldman, lessee).

SUBJECT—Application reopened April 24, 1956 as Vol. III—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, proposed extension and erection of a gasoline service station, sales of accessories, car washing, lubricatorium parking and storage of more than 5 motor cars, and addition of motor vehicle repair shop and ignition service.

PREMISES AFFECTED—1508-1510 Jerome avenue, east side, 105.41 ft. north of East 172nd street, Block 2846, Lot 6, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem and Al Goldman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on April 24, 1956 subject to regular procedure, to consider extension of area and reconstruction; and

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Jerome avenue are in a business use, B area, class 1½ height district; East 172nd street is in business and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 1, 1956 acting on N.B. Applic. 1758-55, reads:

"1. Proposed extension and erection of a gasoline service station, sale of accessories, car washing, lubricatorium, parking and storage of more than five motor vehicles, repair shop with hand tools only, brake and ignition service on a lot in a business use district is contrary to Art. 2, Sec. 4a, items 29 & 46 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 ft. frontage by 100 ft. in depth, on which is located a gasoline service station and lubricatorium, car wash, parking and storage of motor vehicles; that it is proposed to reconstruct same with a new building which will be an improvement to the neighborhood in spite of the elevated structure on Jerome avenue; and

WHEREAS, the applicant states that the subject site is 150 ft. front on Jerome avenue and 100 ft. in depth; that the southerly portion of the site is occupied as a gasoline service station and the northerly 50 ft. by 100 ft. as a parking lot for more than five motor vehicles; and

WHEREAS, the applicant contends that the present station was erected in 1932 under N.B. 513-32 and certificate of occupancy No. 205-34 was obtained; that the present office and gas station are inadequate for present conditions and the station is obsolete and an eyesore; that the property does not lend itself for apartments on account of the noise from the elevated structure on Jerome avenue; and

WHEREAS, the applicant states that the present owner has held title to the property since June 4, 1940; that the assessed valuation of land is \$58,000 and of the building \$10,000 making a total of \$68,000; that the building was erected in 1932.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 26, 1934 by adding thereto:

"that in the event the owner desires to reconstruct the accessory building permitted under the resolution above cited such reconstruction may be permitted, *on condition* that such accessory building shall be removed and a new accessory building constructed substantially in the same location and with three bays as proposed and as shown on plans filed with this application marked 'Received March 12, 1956' 4 sheets, and 'June 1, 1956', 2 sheets, *on condition* that in all other respects the requirements of the resolution above cited where not inconsistent with this amended resolution shall be complied with; that the front and ends of the accessory building shall be of face brick; that there shall be no cellar under the building; that the building shall in all other respects comply with all laws, rules and regulations applicable thereto; that the doors to the toilet rooms shall be so arranged as not to be contiguous; that under Section 7i there may be minor repairing with hand tools only for adjustments provided such repairing is maintained solely within the accessory building; and that all permits shall be obtained, including a certificate of occupancy, and all work completed within the requirements of Section 22A of the zoning resolution."

1115-40-BZ Vol. II

APPLICANT—William H. Altman, for Joseph Mayo, owner.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 6, 1956 subject to regular procedure, to consider proposed extension of use and area; and

WHEREAS, a public hearing was held on this application on June 19, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in business and residence use, C area, class 1 height districts; West 22nd street and West 21st street are in business-1, residence and local retail use, C area, class 1 height districts; Surf avenue is in a business-1 use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated January 27, 1956 acting on Alt. Applic. 22-56, reads:

"1. Proposed parking on lot extending into a residential district is contrary to Art. 2 Sect. 3 of zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 135 ft. 4 1/8 in. frontage by an average of 373 ft.

in depth, irregular, now used for parking of transient pleasure cars on southerly portion of the lot; that it is proposed to use entire vacant lot as a transient parking lot for more than five motor vehicles; and

WHEREAS, the applicant states that under Cal. No. 1115-40-BZ the Board granted a variance permitting the use of the southerly portion of this lot as a parking lot for transient pleasure cars for a period of two years; that the resolution, adopted April 15, 1941 granted the use of that portion of this lot fronting on Surf avenue between West 21st and West 22nd streets and extending north to the southerly lot line of lots 26 and 52; that the resolution further required that a fence be erected along these lot lines, thereby excluding the use of the northerly portion of lot 27 for parking; that in 1953 a building, to be used as a post office, was erected on the southwest corner of the lot; that the lot on which this building was erected measures 108 ft. by 100 ft. and is designated as lot 42; that on February 14, 1954 the resolution was amended to exclude this lot from the variance and in accordance with this amendment, certificate of occupancy No. 138827 was issued; that the diversion of this area from parking use materially reduced the capacity of this lot and available parking space in the neighborhood in general; that the southwest corner of Surf avenue and West 21st street which was formerly a parking lot is now occupied by "Carvel", a place making and selling frozen custard; that this lot (No. 107, Block 7071) is now used exclusively by patrons of "Carvel" thus further reducing the available space for parking in this area; and

WHEREAS, the applicant contends that the tremendous increase in the number of automobiles in the past 15 years has created a much greater demand for parking space by people visiting Coney island; that in a reapportionment for the 1956-1957 tax roll, lot 27 as presently constituted is assessed at \$56,000; that the northerly portion of the lot is approximately 25% of the total area of the lot; that since there is no street or thoroughfare along the northerly boundary of lot 27, access to the northerly portion of this lot can be had only from Surf avenue; that denial of the use of the northerly portion of this lot would create a hardship in that the owner would be required to pay taxes on the entire lot while permitted the use of only 75% of the property; and

WHEREAS, the applicant states that the present owner has held title to the property since March 17 1947 and that the assessed valuation of land is \$56,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the Board is aware of the record that when this matter was first presented it was the opinion of the Board at that time that the parking should not be permitted in the space now proposed because of the nuisance to the adjoining owners, and upon further consideration the committee recommends that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. App. 22/56, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

208-46-BZ—Vol. IV

APPLICANT—Ferdinand Savignano, for 1500 McDonald Avenue Corp., owner.

SUBJECT—Application reopened November 15, 1955 as Vol. IV—re (decision of the borough superintendent) under section 7i of the zoning resolution, to permit in a business use district, the proposed change in occupancy from yarn manufacturing, gasoline selling station, auto laundry, lubricatorium office and showroom to yarn manufacturing, gasoline selling station, auto laundry, lubricatorium, auto repairs, office and addition of boiler room.

MINUTES

PREMISES AFFECTED—1500-1546 McDonald avenue and 14-24 Avenue M, southwest corner, Block 6563, Lot 6, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph Luca.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on November 15, 1955 subject to regular procedure, to consider changes in the use; and

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, C area, class 1 height district; McDonald avenue and Avenue M are in business and unrestricted use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 30, 1955 acting on Alt. Applic. 2995-55, reads:

"1. Proposed change in occupancy to yarn manufacturing, gasoline selling station, auto laundry, lubritorium, automobile repairs and office and addition of boiler room is not in accordance with Bd. of Standard and Appeals variance under Cal. #208-46-BZ and contrary to Article II, PP. 40, subsection 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 400 ft. in depth, on which is located a one story building of class 1 construction, 100 ft. front by 359 ft. 3 in. in depth; that it is proposed to discontinue the showroom portion at the Avenue M part of the building and to have automobile repairs and storage of automobile parts; that it is also proposed to maintain automobile repairs in the lubritorium and auto laundry facing Avenue M; and

WHEREAS, the applicant states that the lot has a side court of 9 ft. 6 in. which diminishes the rear portion of the building to 89 ft. 6 in.; that the use is yarn manufacturing, gasoline selling station, auto laundry, lubritorium, offices and showroom, for which certificate of occupancy No. 135999 was issued July 3, 1953 under Alt. Applic. 758-52; that this condition was granted under resolution 208-46-BZ, amended and adopted February 25, 1953; that the Board had granted a use for motor vehicle repair shop under Cal. No. 208-46-BZ, Vol. II, adopted April 27, 1948, for an area which consisted of 7,500 sq. ft., which was also to be used for storage of more than five motor vehicles; and

WHEREAS, the applicant contends that the area now proposed consists of 3,125 sq. ft. which will also include within the area mentioned storage of auto parts, lubritorium and auto laundry and it is therefore self-evident that the area used for motor vehicle repairs will be of a small amount; that this building is a class 1 structure with a voluntary sprinkler system throughout; that there are other gas stations and motor vehicle repair shops in the vicinity, such as block 9495, lot 61, block 6537, lot 49—second hand lumber yard and materials; block 6447, lot 40—1 story gas station and garage; block 6563, lots 36 and 39—gas station; that the immediate neighborhood has not shown a marked improvement in the past 9 years; that there have not been any substantial residential structure limit within the affected area; that the owner of the subject building has purchased the adjacent property which is known as block 6563, lots

1, 71, 69, 67 and 63 thus assuring the Board that this area is not subject to sale and possible building of residential structures adjoining to the proposed motor vehicle repair shop; and

WHEREAS, the applicant states that the present owner has held title to the property since January, 1952; that the assessed valuation of land is \$82,500 and of the building \$157,500 making a total of \$240,000; that the building was erected in 1946; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on April 27, 1948, as thereafter amended by resolution adopted through April 25, 1950, under Vol. II, by adding thereto:

"that instead of locating the heater room in the cellar, of fireproof construction, as previously proposed and approved, the heater room may be located on the street floor as indicated on plans filed with this application marked 'Received, October 14, 1955', one sheet, 'December 12, 1955', one sheet, and 'June 20, 1956', 2 sheets, on condition that the heater room shall be located where shown and separated from the balance of the building by fireproof construction, with fireproof doors as an entrance thereto as now existing, and provided that the partitions separating the portion of the building occupied by the yarn manufacturer from the gasoline service station shall be as shown on such plans marked 'Received June 20, 1956' and to permit the arrangement of the gasoline selling area as shown on such plans and including under Section 7i motor vehicle repairing, as proposed, with hand tools only for adjustments in the spaces as indicated and to permit the space formerly proposed as showroom for use as office; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and the resolution above cited where not inconsistent with the terms of this amended resolution; that all permits shall be obtained and all work completed and a new superseding certificate of occupancy obtained within six months from the date of this amended resolution."

947-55-A

APPLICANT—Ferdinand Savignano, for 1500 McDonald Avenue Corp., owner.

SUBJECT—Application October 14, 1955—Appeal from a decision of the borough superintendent—re boiler room in garage area.

PREMISES AFFECTED—1500-1546 McDonald avenue and 14-24 Avenue M, southwest corner, Block 6563, Lot 6, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph Luca.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated September 30, 1955, on Alt. App. 2995/55 reads:

"2. Proposed boiler in same building with automobile repairs and not separated by an unpierced fireproof wall is contrary to C19-72.0."

and

WHEREAS, the applicant states the building is one story, 13 ft. 4 in. in height, 100 ft. front by 359 ft. 3 in. in depth, of Class 1 construction, erected in 1951 on a lot 100 ft. front by 400 ft. deep, in a business use, C area, Class 1 height district; used and occupied since 1953 as follows:

MINUTES

yarn manufacturing, gasoline selling station, auto laundry, lubritorium, office and showroom and motor vehicle repairs, 300 persons; that no change in use or occupancy is now proposed; that the building is equipped with a one-source sprinkler system; and

WHEREAS, Certificate of Occupancy #135999 issued July 3, 1953, against Alt. App. 758/52 describes the building as Class 3 construction and permits its use and occupancy for yarn manufacturing, gasoline selling station, auto laundry, lubritorium, office and showroom; and

WHEREAS, the applicant states it is now proposed to add the use of motor vehicle repair shop to the uses permitted by the certificate of occupancy; and

WHEREAS, the applicant states the boiler in question is used for heating purposes and was installed in 1953, inspected by the Fire Department and the Department of Air Pollution Control, and Fire Department approval issued June 22, 1953 and Certificate No. A-2273/52 issued to permit operation of the boiler and approval of its location and type of construction; that there has been no change in the boiler room openings; that the only opening which exists between the boiler room and the gasoline station consists of a 1½ hour sliding door and a 1½ hour swinging door which enters the office portion, approximately 100 ft. from the boiler; and

WHEREAS, the applicant contends that the opening between the yarn mill and the gasoline station was objected to previously and was submitted to the Board and permitted under reopening of Cal. 208-46-BZ on July 22, 1952, and it is therefore requested that the existing conditions as to location and openings to boiler room be granted.

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the borough superintendent, dated September 30, 1955, acting on Alt. App. 2995/55, Objection 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the amended resolution adopted this day under Cal. No. 208-46-BZ, Vol. IV shall be complied with; and that the boiler room shall not be closer to the portion of the building occupied for automobile repairs than as shown on such plans and that the sprinkler system shall be maintained throughout the building in accordance with the requirements therefor.

843-46-BZ—Vol. II

APPLICANT—Robert Gottlieb, for Lillian F. Corp., owner.

SUBJECT—Application reopened January 24, 1956 as Vol. II—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, store, storage, parking and storage for more than 5 motor vehicles, car washing, lubritorium, motor vehicle repair shop, accessory sales and office.

PREMISES AFFECTED—857 East 169th street, northwest corner of Lyman place, Block 2970, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Conolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 24, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 19, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 169th street, Lyman place and Stebbins avenue are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated November 9, 1955 acting on N.B. Applic. 1673-55, reads:

"1. Proposed use of storage, store, gasoline service station, parking & storage for more than 5 motor vehicles, car washing, lubritorium, motor vehicle repair shop, accessory sales and office in a business use district is contrary to Art. II Sect. 4 of the ZR."

and

WHEREAS, the applicant states that the premises consist of a plot, 143.6 ft. frontage by 50 ft. in depth, now occupied as a parking lot for more than five motor vehicles; that it is proposed to erect a gasoline service station, with accessory uses as preposed, for a term of 10 years; that the owner would erect a modern service building, 27 ft. by 50 ft., pumps 15 ft. from the building line and properly pave the lot; and

WHEREAS, the applicant states that the premises consist of a triangular, vacant lot fronting 143.6 ft. on 169th street and 142.6 ft. on Lyman place; that the plot is in a business, 1½B district and is presently occupied as a parking lot for more than five motor vehicles under certificate of occupancy No. 5862 issued July 21, 1949; that originally the property was improved by one 1-story taxpayer in 1922 and as it never paid the mortgagee took it over in 1928 and at a later date demolished it to the ground leaving the back walls; that the present owner purchased the property in January 1949 and has been using it as a parking lot; that he recently took a small piece (50 ft. frontage of the original 185.60 frontage) and erected one store for his own use; that on the balance of the property he now proposes to erect a modern gas station with room for parking cars; that it is proposed to limit the entrances to the station solely to 169th street, a busy traffic artery, and put a 5 ft. high chain link fence along the entire Lyman place frontage; and

WHEREAS, the applicant contends that since the building on the site was demolished, the neighborhood has not improved; that the erection of a gas station at this location would in no way be detrimental to any of the adjoining properties; that there is a definite need in this section for a gas station as there are no stations in the immediate vicinity; that the use of the plot for stores or multiple dwelling, due to its triangular shape, is impracticable; and

WHEREAS, the applicant states that the present owner has held title to the property since January 27, 1949 and that the assessed valuation of land is \$12,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f, for a term of fifteen years, to permit the premises to be occupied for a gasoline service station and accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received November 10, 1955", 4 sheets, *on condition* that all existing uses and structures shall be removed and the premises leveled substantially to the grade of the adjoining streets; that the premises shall be constructed and arranged as indicated on such plans; that the accessory building shall be faced with face brick, shall have no cellar and in all other respects comply with the requirements of the Building Code; that the doors to the toilets shall be arranged so as not to be contiguous; that pumps shall be of a low approved type, erected not nearer than 15 ft. to the street building line of East 169th street; that the number of gasoline storage tanks shall not exceed five 550 gallon approved tanks; that there shall be erected on the interior lot lines to the north and east a woven wire fence of the chain link type on a masonry base to a total height of at least 5 ft.

MINUTES

6 in.; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that curb cuts shall be restricted to two on East 169th street, each not over 30 feet in width, located where shown; that the sidewalks and curbing abutting the site shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire fighting appliances shall be installed and maintained as the fire commissioner shall direct; that under section 7i, for a similar term, there may be minor repairs maintained solely within the accessory building with hand tools only for adjustments; that under section 7h for a similar term there may be parking of motor vehicles toward the westerly fence, as shown; that suitable bumpers shall be maintained against such fence for protection thereof; that signs shall be restricted to permanent signs attached to the front facade of the accessory building and to the end facade facing 169th street, to the illuminated globes of the pumps, excluding all temporary signs and roof signs, but permitting the erection within the intersection of a post standard supporting a sign, which may be illuminated, advertising only the brand of gasoline, which sign may extend beyond the building line not over 4 feet; that there shall be a suitable terminating post for supporting the fence at such intersection; that there shall also be erected within such intersection a block of concrete not less than 12 in. in height extending for 5 feet along either street line; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

1130-48-BZ—Vol. II

APPLICANT—Ingram S. Carner, for Teeson Realty Corp., owner.

SUBJECT—Application reopened February 21, 1956 as Vol. II—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence and local retail use district, the proposed extension in area of a plot and additional use of miniature golf course, in local retail portion of the plot.

PREMISES AFFECTED—231-05 Northern boulevard, northeast corner of 231st street, Block 8084, Lots 71, 92, 102, 112 and 122; Block 8086, Lots 1, 9 and 50; Block 8087, Lots 1, 4, 20, 25, 30, 50, 64 and 63; Block 8088, Lots 1, 9, 34, 76, 84, 105 and 111; Block 8089, Lot 7, Douglaston, Borough of Queens.

APPEARANCES—

For Applicant: Ingram S. Carner, William Raymond Buck and Irving Teplitsky.

For Opposition: S. Bodian, for Park Dep't.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 21, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and local retail use, G and D area, class ½ height districts; Northern boulevard is in a local retail use, D area, class ½ height district; 230th street, 231st street, 232nd street, 233rd street and McNight drive are in local retail and residence use, G and D area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 9, 1955 acting on N.B. Applic. 6319-48, reads:

"1. The use of the proposed increased size of plot is contrary to the decision of the B. S. & A. of Nov. 4, 1953 (Cal. 1130/48/BZ).

2. The proposed increase in use to include miniature golf course in the Loc. Retail portion of the plot, is contrary to Art. 2 Sec. 4C of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 555.37 ft. frontage by 880 ft. in depth, irregular, on which is located a golf driving range, office, golf ball distribution and parking for more than five cars (no fee charged); that it is proposed to extend the area of the present gold driving range as shown on plan of existing conditions to include additional area of 50,000 sq. ft. (irregular) as shown on proposed conditions and include a miniature golf course, approximately 150 ft. by 75 ft., in the southwest corner of the property and permit these uses together with present uses for an additional period of 10 years; and

WHEREAS, the applicant states that the premises are presently zoned as a local retail and residence use district, G and D area district and ½ height district; that the portion of the property within 100 ft. of Northern boulevard is zoned as a local retail use district and a D area district and the remainder is zoned as a residence use, G area district; that as of March 31, 1937 the property was zoned as a 1 times height district and a D area district; that the portion of the property within 100 ft. of Northern boulevard was zoned as a business use district and the remainder as an unrestricted district; that on December 19, 1938 the portion of the property more than 100 ft. from Northern boulevard was zoned as a residence use district, ½ times height district and an E area district; that the present zoning designations became effective on August 2, 1945; and

WHEREAS, the applicant contends that the proposed extension of area is only to the northeast of the present improved property, and the area is completely unimproved and has been used as a dump for many years; that there will be no extension along Northern boulevard; that the owner had attempted to acquire the land at the time of the original variance but was unable to do so until the present; that the use of a miniature golf course, at the southeast corner of the property, within the heretofore area granted by the Board, will enable the owner to render to his clientele a service and a sporting outlet within his premises; that this miniature golf course will adjoin the miniature golf course granted by the Board to the adjoining owner to the west; and

WHEREAS, the applicant states that the present owner has held title to the property since September 1948; that the assessed valuation of land is \$60,900 and of the building \$11,900 making a total of \$72,800; that the building was erected in September, 1948; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted for the duration of the present term of the variance, which expires in 1958 as to the extension of the driving range and the rearrangement of the driving tees, but that the additional use as a miniature golf course should not be granted.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 22, 1949, as thereafter amended on December 4, 1953, to extend the term of the five year variance granted thereunder to expire November 4, 1958, by adding thereto:

"that in the event the owner desires to extend the area of the driving range and locate the driving tees as proposed and indicated on plans filed with this application, marked 'Received January 10, 1956,' 3 sheets, such extension and rearrangement may be permitted as to objection 1 on condition that the requirements of the resolutions above cited shall be complied with; that similar additional fences shall be erected and maintained for the increased area; and denied as to the request for a miniature golf course at the southwest corner of the plot; that in the event the premises are taken

MINUTES

over by the city for park purposes, the term of this variance shall cease but in no event shall extend beyond the termination date above cited; and that in all other respects the resolutions above cited shall be complied with, where not inconsistent with the terms of this amended resolution; and that all permits required shall be obtained and all work completed and a superseding certificate of occupancy obtained within six months from the date of this amended resolution and denied as to objection 2."

809-52-BZ

APPLICANT—John J. Tricarico, for Celia Kenney, owner.
SUBJECT—Application reopened June 12, 1956 for consideration as to extension of time to complete, expired June 2, 1954—re (decision of the borough superintendent) previously granted on condition under section 7e of the zoning resolution, permitting in a residence use district, the erection and maintenance of a business building (stores).

PREMISES AFFECTED—10301-10307 Glenwood road and 665-675 East 103rd street, northeast corner, Block 8172, Lot 8, Borough of Brooklyn.

APPEARANCES—

For Applicant: John J. Tricarico.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, on June 2, 1953 this application was granted by the Board under certain conditions, under section 7e of the zoning resolution, to permit in a residence use district the erection and maintenance of a business building (stores); and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation; and

WHEREAS, this application was reopened on June 12, 1956 and set for hearing on July 10, 1956 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent dated June 8, 1956 acting on N.B. Applic. 1175-56, reads:

"1. Proposed bldg. located in a residential use district and to be occupied for store use is contrary to Art. 2 Sect. 3 of Zoning Resolution.

2. Proposed bldg. exceeds area for a 'D' area district & is contrary to Art. 4 Sect. 14(a) of zone resolution."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 2, 1953, only so far as it refers to obtaining permits and completion of the work so that as amended this portion of the resolution shall read:

"that all permits, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution."

435-53-BZ

APPLICANT—Leonard F. Rothkrug, for Concetta Tuozzo, owner.

SUBJECT—Application June 2, 1953—re (decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a retail use district, the change in occupancy from five car garage to storage and baling of scrap paper and rags.

PREMISES AFFECTED—6712 11th avenue, west side, 60 ft. south of 67th street, Block 5765, Lot 44, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 22, 1956, after due notice by publication in the Bulletin; laid over to June 12, 1956, at request of objector, applicant concurring; then to June 19, 1956, at the request of an objector; hearing previously closed; then to July 10, 1956, for applicant to obtain a new decision in connection with the new amendment to the zoning resolution as to junk yards, and for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 11th avenue and 67th street are in retail use, C area and Class 1 height districts; and

WHEREAS, the decision of the borough superintendent dated July 3, 1956, acting on Alt. App. 2160-53, reads:

"1. Proposed change of occupancy from a 5 car garage to scrap paper and rag baling and storage, in a building located in a retail district violates Art. 2, Sect. 4A of the zoning resolution.

2. Proposed use as scrap paper, rag baling and storage within 50 ft. of a residential district is contrary to Art. 2, Section 7b of the zoning resolution."

and

WHEREAS, the applicant states the premises consist of a plot 60 ft. front by 100 ft. in depth on which is a 1-story garage for 5 cars 60 ft. by 26.5 ft. in area; that it is proposed to change the occupancy to scrap paper and rag baling and storage; and

WHEREAS, the applicant contends that the two buildings are comprised of a 2-story semi-attached dwelling of frame construction, 20 ft. front by 44 ft. in depth, irregular, located on extreme southeasterly portion of lot; the other a one-story Class 3 garage, 60 ft. front by 26.5 ft. in depth is located on the rear lot line; and

WHEREAS, the applicant further states that the adjoining lot, 47, was purchased as vacant land in 1910 by the father-in-law of present owner and the real party in interest herein; that he likewise purchased subject site in 1912; that after its purchase, the premises were used as one lot for rag, scrap paper baling and storage, that being the occupation of the father-in-law at that time and up to his retirement four years ago; that in 1914 or 1915 he constructed two semi-attached 2-story frame dwellings on front of the plots and continued in the baling and storage business on entire rear portion of the two lots; that then horse-drawn carts were used to collect the paper and rags which were then deposited in sheds located along the rear lot lines, for baling; that Certificate of Occupancy 697 was issued June 5, 1922 for the adjoining lot 47, premises: 6716 11th avenue as follows: "To use open shed on rear of lot for storage of rags."; that when said certificate was issued and for over 10 years prior thereto, both rear portions of lots 44 and 47 were used for same purpose, baling and storage of rags and scrap paper; that, however, the father-in-law of present owner, who does not read or write English did not realize that a certificate of occupancy was necessary for lot 44 and none was obtained; that Certificate of Occupancy #57477

MINUTES

dated August 22, 1929 for the subject site permits a 5-car garage (accessory use only) and was issued after completion of work under N.B. 8077/29; that this garage was constructed in 1929 and used in conjunction with the rag and paper storage and baling and only used for a short period as a garage and the remainder leased; that at no time was the use of the rear of the premises, neither in the garage or the area between it and the dwelling or in the area between the two lots ever discontinued for rag and paper storage and baling; and

WHEREAS, the applicant further states that it is significant to note that at no time since premises was purchased was there ever any fence or partition between the rear portion of the lot for which a certificate of occupancy was issued and for the premises under consideration; that Violation #713/43 was issued by the Department of Buildings for illegal occupancy at rear of lot "inconsistent with the certificate of occupancy"; this violation was later withdrawn by the Department; that Violation #2559/49 was issued July 25, 1949, for an alleged change in occupancy from 5-car garage to storage of baled paper and oil truck, contrary to the certificate of occupancy; that the present owner was fined \$25 on May 23, 1951 and \$35 on February 6, 1952; the violation was dismissed March 16, 1953; that it is now proposed to legalize the occupancy of rear portion for scrap paper and rag baling and storage; that the storage and baling will take place only on rear portion and entirely within the existing building; that three years ago the owner installed an expensive baling machine by cementing it into the ground inside the garage and it is practically impossible to move it to the adjoining lot and it would be a considerable hardship to change its location; that further, since the two lots have always been used conjunctively, to limit the use to the area of the adjoining lot, in this type of business where a large area is necessary and has always been available, would work a considerable hardship; and

WHEREAS, the applicant contends there is no deleterious affect to any adjoining owners or the neighborhood, since the use is confined to the extreme rear portion and within the enclosure; that there is presently existing a high cement block wall along the front building line and there are no openings in the rear structure along the building lines; that there is also existing a 12 ft. curb cut to 11th avenue and no new curb cuts or structural changes will be necessary; and

WHEREAS, the applicant states the present owner has held title to the property since 1912; that the assessed valuation of the land is \$8,100 and of the building \$6,900, making a total of \$15,000; that the building was erected in 1930; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years to permit the former five car accessory garage to be occupied for the storage and baling of scrap paper and rags as has existed and as used in connection with the occupancy of the rear of the premises on the adjoining lot No. 47 for which certificate of occupancy for the junk shop thereon is outstanding *on condition* that all storage and baling shall be maintained within the building and none in the open yard and no use of the open yard in connection with such storage and baling shall be maintained except for necessary entrance and exit with the present curb cut on 11th avenue; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the existing fences as now existing shall be maintained; and modifying the decision of the borough superintendent as to

a new decision rendered under Alt. App. 2160/53, dated July 3, 1956, as to use and waiving the requirement for additional fences and the requirement as to being 50 ft. from a residential district in view of the existence of the use for a number of years, hereby legalized; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this resolution.

507-55-BZ

APPLICANT—William B. Lichtner, for H. and M. Morris, owners.

SUBJECT—Application June 20, 1955—(decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence and business use district, the erection of a building for the storage and sale of floor covering material.

PREMISES AFFECTED—36-19 Rockaway Beach boulevard, southwest corner of Beach 35th street, Block 315, Lots 13, 14, 15, 21, 30, 32 and 35, Edgemere, Borough of Queens.

APPEARANCES—

For Applicant: William Lichtner.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Conolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 29, 1956 after due notice by publication in the Bulletin; laid over to June 19, 1956, for inspection and decision; hearing closed; then to July 10, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Rockaway Beach boulevard are in residence and business use, D area, class 1 height districts; Beach 35th street is in a business use, D area, class 1 height district; Beach 36th street and Beach 37th street are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 9, 1955 acting on N.B. Applic. 2453-55, reads:

"1. The proposed construction of a building for the storage & sale of flooring materials coverings on the res. portion of a plot partially in a bus. use district & partially in a res. use district, is contrary to Art. 2 Sec. 3 of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 561.14 ft. frontage by 29.34 ft. in depth, at present vacant, except one 1-story, 3-car garage; that it is proposed to remove the existing 3-car garage and erect a new class 3 building 125 ft. in length and 20.5 ft. deep for the storage and sale of floor covering materials such as asphalt tile, rubber tile, linoleum, etc.; and

WHEREAS, the applicant states that on December 29, 1939 the zoning use was changed from unrestricted over the whole area, to residence and business up to 100 ft. west of Beach 35th street; that presently there is a petition before the city planning commission to further change the use of the above mentioned business area to a retail use as per their map #C.P. 11533; that the height and area zoning remain the same; and

WHEREAS, the applicant contends that this parcel is very undesirable for residence use due to the lack of depth and the proximity of the railroad; and

WHEREAS, the applicant states that the owners have held title to the property since November 12, 1952; that the assessed valuation of land is \$6,800 and of the building \$300 making a total of \$7,100; and

MINUTES

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommends that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c for a term of ten years to permit the erection and use of the building as proposed for the sale of floor covering material as indicated on plans filed with this application marked "Received June 20, 1955", 4 sheets, and "April 12, 1956", one sheet, *on condition* that all existing buildings and uses shall be removed; and that the building in all other respects shall comply with all laws, rules and regulations applicable to the construction and occupancy; that any signs erected shall be such as would be approved if the premises were located in a local retail use district; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

583-55-BZ

APPLICANT—John F. Fitzsimons, for Emilio Longo, owner.

SUBJECT—Application July 15, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—168-39 93rd avenue, north side, 90.98 ft. east of 168th place, Block 10211, Lots 77, 78 and 272 Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly .. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 29, 1956 after due notice by publication in the Bulletin; laid over to June 19, 1956, for inspection and decision; hearing closed; then to July 10, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 92nd road are in a residence use, C area, class 1½ height district; 93rd avenue is in residence and unrestricted use, C area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 28, 1955 acting on Alt. Applic. 1298-55, reads:

"1. Proposed parking and storage of motor vehicles in a Residence Use District is contrary to Art. II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 66.44 ft. frontage by 122.45 ft. in depth, irregular, now vacant; that it is proposed to fence in the plot with at least a 4 ft. woven wire fence with 12 ft. gate therein for ingress and egress; that the plot will be graded to level surface and maintained so as not to cause drainage to flow on the sidewalk or adjoining property; that it will be surfaced with cinders or gravel with a binder to prevent dust; and

WHEREAS, the applicant states that as of July 25, 1916 the property was zoned as an unrestricted district and the present residence designation became effective on December 7, 1923; that the height and area designations have not been

changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states that the interior lot lines abut the garages and the rear lot lines of all premises fronting on 168th place, 92nd road, 170th street and 93rd avenue; that the owner of the premises lives at 168-31 93rd avenue immediately to the east of lot 77 and his westerly lot line and rear lot line coincide with lot lines of the subject premises; and

WHEREAS, the applicant contends that parking area is in great demand in Jamaica and the premises, while not being suitable for economical residential development, is ideally suited for parking purposes; and

WHEREAS, the applicant states that the present owner has held title to lot 272 since August 25, 1947 and to lots 77 and 78 since March 19, 1951; that the assessed valuation of land is \$3,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the matter has been given careful consideration in view of the fact that it is within the knowledge of the Board that parking facilities are desirable in the Jamaica area but in view of the nuisance that this would cause to the adjoining owners on 82nd Road the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. App. 1298-55, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

679-55-BZ

APPLICANT—Lama, Proskauer, and Prober, for Pauline and William Hinderstein, owners.

SUBJECT—Application August 30, 1955—(decision of the borough superintendent) under sections 7c and 7h of the zoning resolution, to permit in a residence use district, the proposed erection of a structure for storage, stores, loading and unloading, parking of patron cars (no fee to be charged).

PREMISES AFFECTED—13-55 to 13-63 Beach Channel drive and 2201-2217 Birdsall avenue, southwest corner, Block 158, Lot 14, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and William Hinderstein.

For Opposition: Murray Fox, Alice Maddalena, William Fischman and M. Francis Snowber.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly ... 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 5, 1955 after due notice by publication in the Bulletin; laid over to June 19, 1956, for applicant to file revised plans as to Lot No. 4; hearing closed; then to July 10, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Birdsall avenue are in a residence use, D area, class 1 height district; Beach Channel drive is in residence and business use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated August 23, 1955 acting on N.B. Applic. 3035-55, reads:

"1. Proposed erection of a structure for storage, stores, loading & unloading, parking of patron cars (no fee charged) in a residence district is contrary to Art. II, Sec. 3 of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 185 ft. in depth, on which are

MINUTES

located two 1½ story frame family dwellings; that it is proposed to demolish the buildings and secure a variance for a period of 15 years in order to erect a new one story store building of class 3 construction having a frontage of 95 ft. on Beach Channel drive and a depth of 100 ft. on Birdsall avenue, being the southwest corner of said streets; that it is proposed to use the balance of the site fronting 85 ft. on Birdsall avenue for one loading and unloading berth for the stores and the parking of patrons' cars, no fee to be charged; and

WHEREAS, the applicant states that as of July 25, 1916 that part of the premises within 100 ft. of Beach Channel drive was in a business use district and received its present use designation on July 24, 1951; and

WHEREAS, the applicant contends that within the affected area, Beach Channel drive from a point approximately 53 ft. south of the site, is zoned on both sides as a business zone, as was the zoning of 100 ft. in depth of the site until July 24, 1951; that the business zoned part of Beach Channel drive has developed along business lines as follows: block 159, lots 30 and 15—store and store and parking; block 11, lots 6, 9, 11 and 12—animal clinic, auto laundry, stores; block 10, lot 1—gas station; that the auto laundry in block 11, lot 9 and the gas station in block 10, lot 1, are non-conforming uses in the present business zone and certainly less in keeping in a business zone than the proposed stores on the premises; that block 51, lot 1, now in a residence zone and within the affected area, is used for stores and parking; that the dwellings on lots 31 and 28 of block 158, in which the site is located, could be removed and this land also developed with stores, which would place a greater hardship on the site in a residence zone; that the buildings on the site are obsolete and cannot return sufficient income on the investment to continue their use and pay real estate taxes; that the erection of new dwellings on the site on a street that is business and unrestricted in character, bearing in mind the high value of the land and present day construction costs, would not be feasible as the street is definitely not suitable for residence use; that this highly developed area is in need of additional stores and the site is entirely suitable to such use; that the City proposed to widen Birdsall avenue at some future date and acquire 5 ft. of the northerly part of the site; that to date the City does not have title to said land and no proceedings are pending to acquire title; that in any event no part of the proposed stores will be erected within the bed of Birdsall avenue as proposed under the widening; and

WHEREAS, the applicant states that the present owner has held title to parcel A since October 10, 1952 and to parcel B since January 27, 1954; that the assessed valuation of land is \$9,300 and of the building \$9,500 making a total of \$18,800; that the buildings was erected in 1904; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; the Board also received an amended application from the applicant to reduce the area of his proposal so as to construct stores and parking area at the rear, on Beach Channel Drive but to leave undisturbed the existing frontage of the lot of 66 ft. on lot 8; with this amended application the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of 20 years to permit the erection of a one story store building substantially as proposed and as indicated on plans filed with this application marked "Received August 30, 1955", 5 sheets, as amended by revised plans marked "Received June 11, 1956", one sheet, and "June 27, 1956", 2 sheets, *on condition* that all buildings and uses on this portion of the premises shall be removed and the building shall be constructed as shown on such revised plans for five stores, provided the partitions between the stores to suit the

tenants' requirements are in compliance with the Building Code and shall extend up to the underside of the roof boarding; that the rear for a width varying from 29 ft. to 34 ft., as shown, on such revised plans may be used for parking patrons cars and loading and unloading for the stores, with a curb cut to Birdsall avenue not exceeding fifteen feet; that along the westerly and southerly lot lines where walls of adjoining buildings do not occur there shall be erected, a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 ft. 6 in.; that in all other respects the proposed building and occupancy shall comply with all laws, rules and regulations applicable thereto including the use of the cellar for storage as proposed with stairways from the cellar to the stores and an engineer's ladder beyond the building line accessible from such cellar space to all storage areas; that the parking and storage area shall remain vacant but may be used for parking and loading and unloading as hereinbefore permitted; that such space shall be graded substantially to the grade of Birdsall avenue and shall be treated with clean gravel or steam einders and treated with a binder and properly rolled; that there shall be no lights constructed in this space; that signs shall be restricted to a sign not over 15 sq. ft. in area attached to the fence and not extending beyond the building line and not illuminated, advertising the restricted use of parking on the premises as proposed and such other information as may be required by the Commissioner of Licenses; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

911-55-BZ

APPLICANT—Leonard F. Rothkrug, and Samuel Gardstein, for Bangor Realty Corp., owner.

SUBJECT—Application November 16, 1955—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit parking in a business use district and partly in a residence use district, the proposed use of the unbuilt upon portion of a lot for a parking lot and also for accessory parking for employees.

PREMISES AFFECTED—1674-1678 Broadway, south side, 59 ft. 4 in. west of Decatur street, and 747-755 Decatur street. Block 1503, Lot 31, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Samuel Gardstein.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly

Negative

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; laid over to June 19, 1956, at request of objector, applicant concurring; then to July 10, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Decatur street and McDonough street are in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 27, 1955 acting on Alt. Applic. 3716-55, reads:

"1. On a lot located partly in a business use district and partly in a residence use district the proposed use of the unbuilt upon portion of the lot for a parking lot and also for accessory parking for employees and customers is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

MINUTES

WHEREAS, the applicant states that the premises consist of an irregular plot, 141 ft. 10 in. frontage on Decatur street and 67 ft. 4 in. frontage on Broadway, on which is presently erected a one story building 67 ft. 4 in. front on Broadway and 50 ft. front on Decatur street, erected as a motion picture theatre and three stores under certificate of occupancy No. 1664; that the building is of class 3 construction and the rear vacant portion fronting on Decatur street was occupied under certificate of occupancy No. 1663 as an open air movies theatre and altered to its present occupancy under Alt. 3489-54, certificate of occupancy No. 145532 issued October 5, 1955, as follows 1674-78 Broadway, 1st floor, storage and shipping of ladies wearing apparel and two stores; 745-755 Decatur street the unbuilt upon portion of plot to remain vacant and unoccupied; and

WHEREAS, the applicant contends that this application for a term of five years only affects the vacant portion of the premises formerly occupied as an open air movie theatre and now proposed to be occupied as a parking lot and also for accessory parking for employees and customers; that the part of the premises to be used for parking is partly in a business and partly in residence use district; that 3,351 sq. ft. or 47½% of the premises is in a business use district, which permits the occupancy of a parking lot as proposed; that the balance of the vacant land or 3,683 sq. ft. or 52½% is in a residence use district; that the proposed parking is to be principally accessory to the storage building and retail stores fronting on Broadway; that however, there is an extreme shortage of available parking facilities for the residential dwellings on Decatur street and so it is proposed to make parking space available to these residents; that this neighborhood was very heavily developed before the use of automobiles became popular and as a result none of the residences have accessory garages and there is an absence of vacant land which may be used for parking; that this area was developed when the premises was being used as an open air theatre, a non-conforming use established prior to the zoning resolution; that Broadway is a heavily developed shopping center with the elevated railway of the Broadway-Canarsie line running down its center, making parking impracticable and dangerous; that the lack of parking accessory to the Broadway stores prevents the economic use of the business property; that zoning, which does not allow for parking accessory to business uses, is not consonant with good city planning; that the absence of parking facilities in this area adversely affects the property owners and a grant of this appeal will benefit the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since December 23, 1953; that the assessed valuation of land is \$15,500 and of the building \$24,500 making a total of \$40,000; that the building was erected in 1914; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee noted that a large percentage of the lot is in a business use district where parking use may be approved as a matter of right; this application is for the extension of such use to include a small portion of the premises located in the residence use district; the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision b of the Zoning Resolution.

Resolved that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7 h for a term of five years to permit the extension of the permitted use within the business use district to be extended into the portion of the plot zoned for residence and for use in both zoned areas for parking and storage, substantially as shown on plans filed with this application marked "Received November 16, 1955." 3 sheets, on condition that the premises shall be levelled substantially to the grade of Broadway and shall be graded with clean gravel or steam cinders and treated with a binder

and properly rolled; that there shall be erected on all lot lines where walls of adjoining buildings do not occur a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 ft. 6 in.; that entrances to the premises shall be limited to one to Decatur street, where shown, not exceeding 12 ft. in width, with curb cut opposite not exceeding fifteen ft. in width; that such opening shall be fitted with gates of similar construction to the fence which shall normally be kept closed when the premises are not being used by the patrons and employees of the adjoining stores; that suitable terminating posts shall be constructed where such gate occurs so as to provide the necessary strength for support; that the corridor as proposed to permit direct exit from such building to the street may be constructed as shown and shall be enclosed with a similar fence and gate which shall not swing beyond the building line; that no signs shall be constructed except one sign not over 5 sq. ft. attached to the fence and not extending beyond the building line and not illuminated advertising the restricted use of the parking lot as proposed and such other information as may be required by the Commissioner of Licenses; and that all permits shall be obtained including a new certificate of occupancy and all work completed within six months from the date of this resolution.

954-55-BZ

APPLICANT—Charles M. Spindler, for 2112 Knapp Realty Corp., owner.

SUBJECT—Application December 2, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—2133-2145 Brigham street, east side, 113 ft. 11 in. south of Avenue U, Block 7370, Lot 58, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 19, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class 1 height district; Brigham street is in business and residence use, D area, class 1 height districts; Avenue U is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated November 28, 1955 acting on Alt. Applic. 4093-55, reads:

"1. The proposed parking and storage of motor vehicles in a residence use district is contrary to Art. II Sec. 3 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 ft. frontage by 100 ft. in depth, now vacant; that it is proposed to permit parking and storage of more than five motor vehicles, for a term of 5 years; and

WHEREAS, the applicant states that the site consists of a vacant interior plot of ground with a frontage of 120 ft. on Brigham street and a depth of 100 ft.; that the level of this plot is a number of feet below street grade and it is proposed to fill in the lot to the grade of Brigham street; that it is proposed to construct a woven wire fence along the two side lot lines and along the building line of

MINUTES

Brigham street; that there are existing fences and the wall of an existing building along the rear lot line which, with the new fences, form a complete enclosure; that the lot will be surfaced with clean steam cinders, rolled or tamped and provided with a binder; that two curb cuts are proposed on Brigham street with gates in the fence opposite these cuts; that a small frame attendant's shelter, not exceeding 100 sq. ft. in area, will be provided; that adjoining the rear of the site, there is an existing garage and gas station on lot 14 and an existing parking lot on lot 17, both of which lots are under the same ownership as the site; that the other lot that abuts the rear of the site (lot 19) is an existing store building; that all of these uses that abut the rear of the site are non-conforming, since this property along Knapp street is now zoned for residence use; that adjoining the site to the north extending along Brigham street to Avenue U and for the entire block front on Avenue U from Brigham street to Gerritsen avenue (Block 7370, Lot 10) is a gas station and high speed auto laundry, which was the subject of a zoning variance granted by the Board under Cal. No. 249-29-BZ; that to the south of the site, just beyond the adjoining dwelling, there are six story multiple dwellings on both sides of Brigham street; that these buildings were also the subject of a zoning variance by the Board as to height, under Cal. No. 317-52-BZ; and

WHEREAS, the applicant contends that there is considerable demand for parking space in this immediate area due to a group of apartment houses to the south and to the business development along Avenue U; that in addition to this public parking, a small portion of the parking lot will be used for the parking of school buses used for the transportation of children to parochial schools; that the site was in an undetermined use district from July 25, 1916 to June 19, 1925 on which date the zoning was changed to its present residence designation; that the height and area districts have remained unchanged since 1916; that in view of the fact that the site adjoins non-conforming uses along the entire north and east lot lines and in view of the need for additional parking space, it is felt that this proposal will be beneficial to the residents of the area and will not adversely affect surrounding property; and

WHEREAS, the applicant states that the present owner has held title to the property since April 1, 1955 and that the assessed valuation of land is \$7,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h, for a term of two years, to permit the parking and storage of motor vehicles limited to pleasure cars and not more than five school buses, *on condition* that all uses on the site shall be removed and the plot filled, leveled and graded to the grade of Brigham street; that there shall be erected on all lot lines where masonry walls of adjoining buildings do not occur, a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height, with no openings therein except two to Brigham street, not exceeding 12 ft. in width each, with curb cuts opposite not exceeding 16 ft. in width each, including splays; that such openings shall be fitted with gates which shall be kept closed when the parking lot is not in operation; that during the term of this variance, the premises shall be occupied for no other use and no buildings shall be erected thereon except there may be a building not over one story in height and 100 sq. ft. in area, for use solely as an office for the attendant; that signs shall be restricted to a permanent sign attached to the fence at each entrance, advertising only the parking and storage use, rates charged and additional information required by the commissioner of licenses; that such signs shall not exceed 10 sq. ft. in area each and shall not be illumi-

nated or extend beyond the building line; that the premises shall be graded with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be no connection between this parking lot and the existing parking lot on lot 17 under the same ownership and control; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; and that all permits, including a certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

1022-55-BZ

APPLICANT—Paul Friedman, for Marflu Servicenter Inc., owner (General Outdoor Advertising Co., Inc., lessee).

SUBJECT—Application December 30, 1955—(decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, minor repairs (hand tools only), auto laundry (non-automatic), office, storage and sale of auto accessories and parking for more than 5 cars waiting to be serviced, for a term of 15 years.

PREMISES AFFECTED—305-319 Oakland street, west side, from India street to Huron street, 222-226 India street and 193-197 Huron street, Block 2533, Lot 33, Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert

Commissioner Keating and Deputy Chief Connolly ... 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, C area, class 1¼ height district; Oakland street and Huron street are in business and unrestricted use, C area, class 1¼ height districts; India street is in business, unrestricted and residence use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 15, 1955 acting on N.B. Applic. 2728-55, reads:

"1. Proposed building and premises, in a Business zone, to be used for gasoline service station, lubritorium, minor repairs (hand tools only), auto laundry (non-automatic), office, storage and sales of auto accessories, parking for more than 5 cars waiting to be serviced is contrary to Article II, PP. 4a, subsections 29 and 46 of the zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200.13 ft. frontage by 60 ft. in depth, now vacant; that it is proposed to construct a gasoline service station and accessory uses; that the building is proposed to have a frontage of 60 ft., irregular and a depth of 28 ft., one story, 13 ft. and 15 ft. 6 in. in height, to be used as office, storage and sales of auto accessories, lubritorium, minor repairs, hand tools only and non-automatic auto laundry; that curb cuts on Oakland street, Huron street and India street are proposed; and

WHEREAS, the applicant states that the property is presently zoned as a business use district, class 1¼ height and a C area district; that these designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; that no previous application for the same or similar relief has been made to the Board; and

MINUTES

WHEREAS, the applicant contends that there is no economic demand for the construction of any use on the subject premises other than a gas station but there is an economic demand for the construction of a modern gas station with the customary accessory uses; that a grant of this application would not adversely affect the neighborhood; that on the east side of Oakland street, within the area of notification, the premises are zoned for unrestricted use and are used for miscellaneous uses such as garage for more than 5 motor vehicles in block 2552, lot 5; motor vehicle repair shop, block 2542, lot 3; gas station and accessory uses, block 2542, lot 7; factory, block 2534, lots 1 and 4; junk shop, block 2524, lot 1 and gas station and accessory uses in block 2524, lot 4; that on India street, east of Oakland street, there are a junk yard in block 2542, lots 11 and 13 and loft and factory buildings in block 2542, lots 15, 16 and 17; block 2534, lot 47; that on Huron street, east of Oakland street, the properties are largely old 2, 3 and 4 story frame and brick tenements, except for a garage for more than 5 motor vehicles in block 2533, lot 16; that the west side of Oakland street, south of Huron street is zoned for business use to a depth of 100 ft. and for residence use beyond that depth and consequently, the properties abutting the site and opposite the site on the south are in a business use district; that the properties east of Oakland street are all in an unrestricted use district, also the properties on the west side of Oakland street are zoned for unrestricted use and consequently the properties opposite the site on the north and east are in an unrestricted use district; that Huron street is one way westbound while India street is one way eastbound; that consequently, southbound motor vehicles on Oakland street which enter the site via the curb cut on Huron street or Oakland street will leave the premises via Oakland street or India street, so that the proposed use will not increase traffic in the residential area west of Oakland street; that the grant of this application will increase motor vehicular and pedestrian safety because the proposed structure, being set back from the intersection of Oakland and India streets, would give clear visibility to traffic, while a conforming use built at the corner (without a variance) would create a blind intersection, thus endangering public safety; that a grant of this application would improve the appearance of the neighborhood by the elimination of a refuse-strewn lot which is unsightly by day and dangerously dark at night, and it would eliminate the existing billboard signs; that the tenements abutting to the west have no windows opening on their easterly walls and the proposed building which is small both in area and in height, will afford more light and ventilation for their rear windows than would be possible if a larger multiple story building were built on the site in conformity with the zoning resolution; that the proposed limitation of the variance to a term of 15 years gives assurance that the future development of the area along lines incompatible with the present use will not be deterred; and

WHEREAS, the applicant states that the present owner has held title to the property since December 28, 1955 and that the assessed valuation of the land is \$16,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee noted the widened condition of Oakland street, also that on the adjoining plot to the north there is now under construction a gasoline service station in the area which is zoned for unrestricted; the committee also noted that the district is unrestricted across Oakland Street and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as

proposed and as indicated on plans filed with this application marked "Received December 30, 1955", 3 sheets, and "February 14, 1956", one sheet, on condition that all buildings and uses shall be removed from the premises and the premises shall be graded substantially to the grade of Oakland Street; that the premises shall be constructed and arranged and designed substantially as indicated on plans above cited; that there shall be erected on the westerly lot line where the unpunctured wall of the accessory building does not occur and returning on India Street for a distance of approximately 25 feet, and similarly on Huron street, a woven wire fence of the chain link type on a masonry base for a total height of not less than 5 ft. 6 in.; that the accessory building shall have no cellar underneath and shall be constructed as shown with the front and two exposed ends of face brick; that the rear portion of the building may be of common brick against the adjoining house on lot 42; that the curb cuts shall be restricted to three curb cuts each 30 ft. in width, located where shown, to Oakland street, and one 25 ft. in width to India street and one of similar width to Huron street within the first 25 ft. from the intersection of Oakland street; that gasoline pumps shall be of a low approved type erected not nearer than 15 ft. to the street building line of Oakland street; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that the balance of the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that the curbing and sidewalks abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the front facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection of two post standards one at each intersection where shown at right angles to the building line of Oakland street each for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such signs to extend beyond the building line for a distance of not over four feet; that under Section 7i there may be minor repairing with hand tools maintained for adjustments only within the accessory building; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

Adjourned: 4:15 P.M.

JOSEPH J. DOYLE, Chief Clerk.

REGULAR MEETING

TUESDAY AFTERNOON, JULY 10, 1956, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

894-51-SA

APPLICANT—L. J. Mueller Furnace Co., owner-manufacturer (Clewett Eq. Co. agent).

SUBJECT—Application reopened September 14, 1954—re amendment to resolution as to additional models of Mueller Oil Burners—re Mueller Climatrol Oil-Fired Conversion Burner, Models 450 and 460; previously approved.

APPEARANCES—

For Applicant: Jack H. Beck and Paul E. Stephenson.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 894-51-SA

Subject: Amendment to resolution as to additional models of Mueller Oil Burners.

L. J. Mueller Furnace Company, Milwaukee, Wisconsin requested by letter that the resolution adopted July 13, 1954 under Cal. No. 894-51-SA be amended to include additional models of Mueller Oil Burners. The application was reopened by a vote of the Board September 14, 1954 under Cal. No. 894-51-SA.

Description

The requested models 470, 487 and 489 are basically the same as the models 450 and 460 approved by the Board under Cal. No. 894-51-SA, the only difference being the capacity. The appliance has been approved by the Underwriter's Laboratory.

Recommendation

The Committee on Test recommends that the resolution adopted July 13, 1954 under Cal. No. 894-54-SA be amended so as to include additional models of Mueller Oil Burners so that the models recommended for approval under this resolution, including those previously approved are the Mueller Oil Burners, Models 450, 460, 470, 487 and 489 on condition that the requirements of the resolution adopted July 13, 1954 under Cal. No. 894-54-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of July 13, 1954 in accordance with the above report.

70-53-SM

APPLICANT—Vermiculite Industrial Corp., owner.

SUBJECT—Application December 17, 1952—V.I.C. Brand Vermiculite, approval of.

APPEARANCES—

For Applicant: Abraham Bramson.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 70-53-SM

Subject: V.I.C. Brand Vermiculite.

Vermiculite Industrial Corp., Port Newark, New Jersey filed December 17, 1952 an application with the Board of Standards and Appeals for approval of the material known as V.I.C. Brand Vermiculite under the provisions of C26-312.0.L, C26-463.0 C26-464.0 and C26-466.1 Administrative Building Code.

Purpose

The material is to be used in lieu of sand in gypsum plaster.

Description

Vermiculite, generic term is a micaceous mineral also known as hydrous silicate, derived generally from mica. The

ore is found in various places and the main deposits are to be found in northwestern and southeastern parts of the United States and also South Africa. The vermiculite subject of this report is from South Africa.

The ore is processed and after processing the vermiculite is expanded 12 to 15 times its original size. This expanding is accomplished in a furnace when the processed ore is subjected to heat of 2000°F.

The expanded vermiculite is then bagged in 4 e. ft. bags; each bag weighing approximately 32 lbs. each.

Inspection and Test

The plant of the applicant was inspected by Asst. Engr. J. A. Darts Committee on Test. Sample Bags of Vermiculite were identified and marked. The identified samples were tested at the Gulick-Henderson Laboratories in accordance with the requirements of C26-466-1. Administrative Building Code. The report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the Committee on Test recommends the approval of the material known as V.I.C. Brand Vermiculite for use in New York City under the provisions of C26-463.0, C26-464. and C26-466.1 Administrative Building Code as having met the requirements of C26-312.0.L and C26-466.1 Administrative Building Code on condition that each bag of V.I.C. Brand Vermiculite be marked or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 70-53-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

492-53-SA

APPLICANT—McDowell Sprinkler Corp., for Star Sprinkler Corp. owner.

SUBJECT—Application June 18, 1953—Star Exhauster, Model B (device for dry pipe sprinkler system), approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

THE RESOLUTION—

REPORT OF COMMITTEE ON TEST

Re: Cal. 492-53-SA

Subject: Star Exhauster, Model B (device for dry pipe Sprinkler system).

The McDowell Sprinkler Corp., of New York filed for Star Sprinkler Corp. of Philadelphia, owner-manufacturer, on June 18, 1953 an application with the Board of Standards and Appeals for approval of the Star Exhauster, Model B under the provisions of Article 16, Administrative Building Code and the Sprinkler Rules of the Board.

Purpose

A device to speed the release of air pressure within a dry pipe sprinkler system.

MINUTES

Description

The Star Exhauster, Model B is an automatic device through which the compressed air in a standard dry pipe system of automatic fire sprinklers is exhausted to atmosphere prior to the release of water into the piping by the dry pipe valve. Its purpose is to reduce the time interval for the arrival of and discharge of water at a fused sprinkler.

The device consists of an upper air chamber bolted to a lower air chamber between which is a flexible rubber diaphragm which seals off the two area from each other. Attached to the center of the diaphragm is a hollow stem extending upward into the upper chamber area to the top of which is secured an assembly to form a restricted orifice or passage for air travel from the lower air chamber into the upper air chamber. Also, attached to the center stem is the means for operating or tripping a valve closure, which during the operating cycle of the exhauster releases air confined in the upper chamber to the atmosphere.

Attached to the center stem, but extended downward into the lower air chamber is a second hollow stem at the lower end of which is attached a rubber valve which seats to a closure under limited spring tension, to normally retain system air pressure from escape.

Under normal conditions, air pressures in the upper air chamber are balanced with that in the lower air chamber which in turn is connected to a large opening to the sprinkler system piping so that system pressures prevail within the exhauster.

When a sprinkler head fuses by fire, compressed air in the system escapes lowering the air pressure in the lower air chamber. Because of the restricted orifice previously described, the initial compressed air in the upper air chamber is only free to be equalized with that in the lower air chamber at a slow pre-determined rate. That rate is considerably less than the continuing drop in air pressure in the lower air chamber caused by the open sprinkler. This difference eventually depresses the diaphragm opening the special valve in the upper air chamber releasing its air to the atmosphere.

In so doing, the remaining air pressure in the lower air chamber immediately flexes the diaphragm upward which in turn carries the valve closure from its seated position and the system air pressure is thus allowed escape to atmosphere through an opening equal to about 15 open sprinklers.

This sudden release of the compressed air quickly overcomes the pneumatic principle holding the dry pipe valve closed and water is released into the system and also enters the exhauster to close off the discharge port against water loss at that point.

Inspection and Test

All data submitted was examined at the offices of the Board by Asst. Engr. G. F. Sklenarik, Committee on Test.

The Star Exhauster, Model B has been approved by the Underwriter's Laboratories under application No. 48C3403, dated January 12, 1949.

Recommendation

On the basis of the data submitted by the applicant, the Committee on Test recommends the approval of the Star Exhauster, Model B for use in dry pipe sprinkler systems when installed in accordance with the provisions of Article 16 Administrative Building Code and the Sprinkler Rules of the Board provided each device shall bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 492-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

544-53-SA

APPLICANT—McDowell Sprinkler Corp., for Star Sprinkler Corp., owner.

SUBJECT—Application July 9, 1953—Star 6" Dry Pipe Valve, Model C (for dry pipe sprinkler systems), approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 544-53-SA

Subject: Star 6 Inch Dry Pipe Valve, Model C (for dry pipe sprinkler systems).

The McDowell Sprinkler Corp., New York filed for Star Sprinkler Corp., Philadelphia, owner-manufacturer, on July 9, 1953 an application with the Board of Standards and Appeals for approval of the Star 6 Inch Dry Pipe Valve, Model C for use in New York City under the provisions of Article 16, Administrative Building Code and the Sprinkler Rules of the Board.

Purpose

A valve to control the flow of water into a dry pipe sprinkler system.

Description

The Model C dry pipe valve is a differential type valve designed to automatically admit water to a dry pipe system of automatic sprinklers.

It consists of a body, a built-in water valve and an air valve. The body encloses the water and air valves and their respective seats. These are so designed and proportioned and, when set, offer such leverage between pressures exerted on their respective surfaces, that the valves are held closed by relatively low air pressures in the sprinkler system exerted on the air valve.

The dry pipe valve operates when air pressure in the sprinkler piping above the valve is reduced as would occur when a sprinkler fused by fire. When the air pressure is reduced sufficiently to overcome the differential due to the difference in areas of the air and water valves and the difference in length of the lever arms affecting the two valves it will permit them to open. Water then enters the dry pipe valve and flows to the sprinkler system. The water also passes through the outlet ports to sound connected alarm devices of signals.

The Model C 6 Inch valve is classed as type A in Section C26-1365.0.h Administrative Code.

Inspection and Test

All data submitted was examined at the offices of the Board by Asst. Engr. G. F. Sklenarik, Committee on Test.

The Model C, 6 Inch Dry Pipe Valve has been approved by the Underwriter's Laboratories under application No. 32C2095, dated September 16, 1932.

Recommendation

On the basis of the data submitted by the applicant, the Committee on Test recommends the approval of the 6 Inch Star Dry Pipe Valve, Model C for use in dry pipe sprinkler systems when installed in accordance with the provisions of Article 16, Administrative Building Code and the Sprinkler Rules of the Board, provided each valve shall bear a label permanently affixed reading as follows: "Approved

REPORT OF COMMITTEE ON TEST

Re: Cal. 915-53-SA

Subject: Amendment to resolution as to additional trade names.

General Oil Heating Corp., West New York, New Jersey requested by letters dated May 5, 1954 and July 30, 1954 that the resolution adopted March 23, 1954 under Cal. No. 915-53-SA be amended so as to permit the Geneco Oil Burner, Model B-3 to be marketed under additional trade names. The application was reopened by a vote of the Board on June 2, 1954.

Recommendation

The Committee on Test recommends that the resolution adopted March 23, 1954 under Cal. No. 915-53-SA be amended so as to permit the Geneco Oil Burner, Model B-3 to be marketed under the following trade names by the companies listed. Norge Heat Division, Borg-Warner, Corp., Norge Oil Burner, Thatcher Furnace Company, Thatcher Oil Burner, on condition that the requirements of the resolution adopted March 23, 1954 under Cal. No. 915-53-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 246-54-SA

Subject: Amendment to resolution as to additional model.

Quiet Automatic Burner Corp., New Jersey requested by letter dated February 3, 1956 that the resolution adopted July 13, 1954 under Cal. No. 246-54-SA be amended so as to include an additional model of suspended furnace namely model 180SU. The application was reopened by a vote of the Board February 28, 1956.

Description

The appliance is similar to the approved unit differing only as to BTU capacity, overall dimensions, blower wheel diameter and the gallonage per hour. The gallonage being 1.65 gallons per hour in all other respects the unit is similar to the previously approved models.

Recommendation

The Committee on Test recommends that the resolution adopted July 13, 1954 under Cal. No. 246-54-SA be amended so as to include the model 180SU Furnace so as the models recommended for approval under this recommendation are as follows: 80SU, 100SU, 125SU, 150SU, 180SU, 224SU and 300SU on condition that the requirements of the resolution adopted July 13, 1954 under Cal. No. 246-54-SA be complied with.

Re: Cal. 497-54-SA

Subject: Amendment to resolution as to use in garages.

John J. Nesbitt Inc., Philadelphia, Pa., requested by letter dated December 31, 1954 that the resolution adopted De-

MINUTES

cember 14, 1954 under Cal. No. 497-54-SA be amended so as to permit the use of the heater in garages. The application was reopened by a vote of the Board January 25, 1955.

Description

The appliance is identical to the appliance approved December 14, 1954 under Cal. No. 497-54-SA except that a 40-40 mesh bronze screen covers the entire combustion air intake. This screen is affixed to the bottom pan by sheet metal screws in accordance with DWG L-452-A marked Rec'd November 7, 1955.

Recommendation

The Committee on Test recommends that the resolution adopted December 14, 1954 under Cal. No. 497-54-SA be amended so as to permit the use of this appliance in garages on condition that the base of the unit is at least 8'-0" above floor level and the combustion air intake be covered with a 40-40 mesh screen as herein described and further that all other requirements of the resolution adopted December 14, 1954 under Cal. No. 497-54-SA be complied with and further that the unit shall be vented to the outer air in accordance with the requirements of Article 12, Chapter 26 Administrative Building Code.

REPORT OF COMMITTEE ON TEST

Re: Cal. 667-54-SA

Subject: Berger Gas-Fired Warm Air Furnaces, Models BGA140F, BGA160F, BGB75R, BGB135R, BGB65G, BGB85G, BGB105G, BGA120G, BGB140G, BGB75F, BGB95F, BGB120F and V.

Berger Furnace Corp., Belle Vernon, Penna., filed July 29, 1954 an application with the Board of Standards and Appeals for approval of the appliance known as the Berger Gas-Fired Warm Air Furnace, Models BGA140F, BGA160F, BGB75R, BGB135R, BGB65G, BGB85G, BGB105G, BGA120G, BGA140G, BGB75F, BGB95F, BGB120F and V under the provisions of Article 12, Chapter 26 Administrative Building Code.

Purpose

The appliance is a gas-fired warm air furnace for domestic installation.

Description

The BGAF series furnaces are gravity warm air furnaces. The cabinet is of die formed steel with a baked enamel finish.

The burner is of cast iron, circular in shape with radial arms, the burner has multiple ports, individually drilled. The manifold section consists of the main and pilot valve, automatic gas valve, automatic safety pilot and automatic pressure regulator.

The furnace is also provided with an overheat protectostat and a draft diverter.

Inspection and Test

A Berger furnace was inspected and tested by Asst. Engr. J. A. Darts Committee on Test at Keansburg, New Jersey. The appliance operated as designed and the controls functioned as required.

The furnace has been approved by the American Gas Association under Certificate Numbers 4-750.311, 4-750-20.001, 4-750-24.00, 4-750-22.011, 4-(1158.0 & .01).001, 4-1158.201, 4-1221.101, 4-1221.201, 4-1221.001, 4-1158.111, 4-1221.301 and 4-1221.401.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Berger Gas-Fired Warm Air Furnace, Models BGA140F, BGA160F, BGB75R, BGB135R, BGB65G, BGB85G, BGB105G, BGA120G, BGA140G, BGB75F, BGB95F, BGB120F and V for use in New York City in places other than garages and/or places of explosive atmospheres when installed in accordance with the requirements of Article 12, Chapter 26 Administrative Building Code on condition that the furnace bears a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 667-54-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman

JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

12-55-SA

APPLICANT—The Uni-Mac Company, owner (Fowler Equipment Co., Agent).

SUBJECT—Application January 10, 1955—Uni-Mac Twin Washer, Model #202, approval of.

APPEARANCES—

For Applicant: James E. Cox.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 12-55-SA

Subject: Uni-Mac Twin Washer, Model 202.

The Uni-Mac Company, Ft. Lauderdale, Florida filed January 10, 1955 an application with the Board of Standards and Appeals for approval of the Uni-Mac Twin Washer, Model 202 under the provisions of the Submerged Inlet Rules of the Board.

MINUTES

Purpose

The appliance is a semi automatic clothes washing machine.

Description

The washer is a semi automatic machine consisting of three compartments; two of which contain agitators for washing and the other an extractor for rinsing and extracting operations. The capacity of the washing compartments is twelve pounds per compartment and the extractor has a capacity of 12 pounds. All compartments are of stainless steel.

The machine has a net weight of 450 pounds, is 60 inches long by 28 inches wide by 40½ inches high, the tubs are 36 inches from the floor.

The machine has three motors, two ⅓ HP motor in the washers and one ½ HP motor in the extractor.

The hot and cold water inlet are ¾" hose connections. The drain is 1". The appliance is also equipped with a 1" dump valve for the washer compartment and are of the plunger type, operated from the panel.

Inspection and Test

The appliance was examined by Asst. Engr. J. A. Darts Committee on Test. The applicant has submitted a letter in which he states that all installations shall be equipped with a check valve and approved vacuum breaker. In view of this statement, no back-siphonage test was conducted.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the Uni-Mac Twin Washer, Model 202 for use in New York City on condition that when installed all installations shall be equipped with a check valve and approved vacuum breaker installed in accordance with the requirements of the Submerged Inlet Rules of the Board.

The Committee further recommends that connections to the waste line shall be in accordance with the following:

Maximum No. Per Battery	Waste Line Diameter
3	2"
12	3"
30	4"

Slop requirements:

Water line diameter 2½" to 4" slop sink 3 ft. x 3 ft. x 3 ft. All slop sinks to have mushroom strainers having a diameter the same size as the waste line.

The foregoing table is based upon there being no specific provisions for this type of equipment in C26-1291.0 wherein the fixture equivalent can be determined from the table contained therein for this equipment when connected in batteries and in addition, the discharge pump on each individual washing machine unit greatly facilitates the rate of discharge to the waste line. In all cases the size of the trap and branch to the soil stack from the slop sink to be one commercial size larger than the branch line header connection in the battery units. The requirements of the Electric Code shall be met.

It is further recommended that each unit bear a label reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 12-55-SA" and that all installations in batteries be submitted to the Department of Buildings and Department of Water Supply, Gas and Electricity for inspection in order that the requirements of this approval be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman

JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

545-55-SA

APPLICANT—Erich Loeb, for Samuel Stamping and Enameling Company, owner.

SUBJECT—Application reopened February 15, 1956—re amendment to resolution as to additional model gas ranges—re Samco or Chef's Delight High Broiler Gas Ranges, Models 3636, 3636A, 3736 and 3736A; previously approved.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 545-55-SA

Subject: Amendment to resolution as to additional model gas ranges.

Erich Loeb for Samuel Stamping and Enameling Company requested by letter dated January 4, 1956 that the resolution adopted December 13, 1955 under Cal. No. 545-55-SA to include additional models of gas ranges. The application was reopened by a vote of the Board February 15, 1956.

Description

There has been no change in the range or in the controls, the only change is in model designation.

Recommendation

The Committee on Test recommends that the resolution adopted December 13, 1955 under Cal. No. 545-55-SA be amended so as to include additional models of gas ranges so that the models recommended for approval including those models previously approved are as follows: Models 3636, 3636A, 3736, 3736A, 3536 and 3536A on condition that the requirements of the resolution adopted December 13, 1955 under Cal. No. 545-55-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution of December 13, 1955 in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. 758-55-SA

Subject: Gilbarco Gasoline Dispensing Pumps, Models CFP1D-1, CFP1D-3, CFP1D-13, CFP1D-22, CFP1D-23, CFP2D-7, CFP2D-13, CFP2D-22, CFP2D-23 and CFP2D-24.

The Gilbert and Barker Mfg. Company filed September 7, 1955 an application with the Board of Standards and Appeals for approval of the Gilbarco Gasoline Dispensing Pumps, Series CFP1D and Series CFP2D under the provisions of C26-191.0 and C19-69.C, Administrative Code.

Purpose

Gasoline dispensing pumps designed for commercial vehicle use.

Description

Model CFP1D-1 Basic Model. This model has a $\frac{1}{3}$ HP explosion proof motor which drives a positive type of rotary pump at 600 RPM to raise the gasoline from the storage tank and to impose a pressure of just less than 20 pounds per square inch for proper metering.

Between the pump unit and the meter is placed an air separator and sump which separates any air or vapor that may enter with the product. The air separator also provides room for expansion of the liquid in the system due to temperature rise. The meter is a four piston positive displacement type.

A pressure regulating valve is incorporated between the meter and visible discharge assembly to maintain the liquid under a slight pressure at all time thus preventing vaporization while the pump is idle. Also incorporated into the pressure regulating valve is a small pressure relief valve to prevent excessive pressure in the hose due to hot weather.

The pump has a roller type register with a $\frac{1}{10}$ gallon wheel and will register up to 9999 $\frac{9}{10}$ gallons. The register also has a 1,000,000 gallon totalizer. The flow is controlled at the nozzle, and the pump has a maximum rate of flow of 15 gallons per minute. An external standard $\frac{3}{4}$ inch hose extends from the discharge outlet connection 12 ft. to the nozzle tip. The nozzle valve control is designed to be held open manually whenever fuel is dispensed.

The motor is turned on and off by means of a handle on the outside of the dispensing pump. The handle operates a rod which is directly connected to a switch in the motor. The operating handle and switch rod assembly is also interlocked with a special mechanism so that after a delivery has been made and the handle is turned to the off position a second delivery cannot be made until the register numerals have been reset at zero.

Model CFP1D-3. This model is identical in outward appearance and is equipped with the same components as the model CFP1D-1. It differs only in that it has an accumulative ticket printer and register and is designed for bus and truck terminal installation.

Model CFP1D-13. This model is identical in outward appearance and is equipped with the same components as the model CFP1D-1. It differs only in that it has a zero start ticket printer and register and is designed for bus and truck terminal installation.

Model CFP1D-22. This model is identical in outward appearance and is equipped with the same components as the model CFP1D-1. It differs in that it has a zero start ticket printer and register. The special interlock mechanism has been incorporated and the pump therefore is designed for both bus and truck terminal installation and for installations to dispense to the public.

Model CFP1D-23. This model is identical in outward appearance and is equipped with the same components as the Model CFP1D-1. It differs only in that it has a register only. The special interlock mechanism has been incorporated and the pump therefore is designed for both bus and truck terminal installations and for installations to dispense to the public.

Model CFP2D Basic Model. This model is identical both in outward appearance and interior construction as the model

CFP1D-1 basic model, except that a $\frac{3}{4}$ HP motor is used instead of a $\frac{1}{3}$ HP motor and the pump speed is 850 RPM instead of 600 RPM. The CFP2D-7 is equipped with an external standard 1 inch hose which extends from the outlet connection 12 ft. to the nozzle tip. The rate of flow at the nozzle is 20 to 22 gallons per minute. Nozzle control is manual as in the case of the CFP1D-1.

Model CFP2D-13 is identical in outward appearance in interior construction as the model CFP2D-7. It differs only in that it has a zero start ticket printer and register and is designed for bus and truck terminal installations.

Model CFP2D-14 is identical in outward appearance and interior construction as to the model CFP2D-7. It differs only in that it has an accumulative ticket printer and register and is designed for bus and truck terminal installations.

Model CFP2D-22 is identical in outward appearance and interior construction as the model CFP2D-7. It differs in that it has a zero start ticket printer and register. The special interlock mechanism has been incorporated and the pump therefore is designed for both bus and truck terminal installations and for installations to dispense to the public.

Model CFP2D-23 is identical in outward appearance and interior construction as the model CFP2D-7. It differs in that it has an accumulative ticket printer and register. The special interlock mechanism has been incorporated and the pump therefore is designed for both bus and truck terminal installations and for installations to dispense to the public.

Model CFP2D-24 is identical in outward appearance and interior construction as the model CFP2D-7. It differs in that it has a register only. The special interlock mechanism has been incorporated and the pump therefore is designed for both bus and truck terminal installations and for installations to dispense to the public.

Inspection and Test

These pumping units were examined at the premises of the applicant, by Asst. Engr. G. F. Sklenarik, Committee on Test. Present were Wm. Keay, and other representatives of the applicant. The units operated as designed. All of the above pumping units comply with Underwriter's Laboratories requirements and are listed under File MH1941.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the Gilbarco Gasoline Dispensing Pumps, Models CFP1D-1, CFP1D-3, CFP1D-13, CFP1D-22, CFP1D-23, CFP2D-7, CFP2D-13, CFP2D-22, CFP2D-23 and CFP2D-24 for use in New York City under the provisions of C19-69.C Administrative Code on condition that all electrical work will comply with the Electrical Code of The City of New York and that each unit bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 758-55-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

845-55-SA

APPLICANT—Gilbert and Barker Manufacturing Co., owner.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 845-55-SA

SUBJECT: Gilbarco Remote Control Gasoline Dispensing
Pump Units, Models RCP1, RCP2, RCP3 and
RCP400.

Gilbert and Barker Mfg. Company, filed October 19, 1955 an application with the Board of Standards and Appeals for approval of the Gilbarco Remote Control Gasoline Dispensing Pumps, Units, Models RCP1, RCP2, RCP3, and RCP400 under the provisions of C26-101.0 and C19-69.c Administrative Code.

Purpose

Remote controlled pumps for dispensing gasoline.

Description

The Model RCP1 is equipped with a $\frac{1}{3}$ HP explosion-proof motor and pump unit and is designed for use with one or two remote control dispensers.

The RCP1 pump is equipped with a built-in air separator which removes automatically any air or vapor that may be present so that only solid product passes into the pressure lines feeding the dispensers. A vent line running from the top of the air separator to within 4 to 6 inches from the bottom of the storage tank vents the air or vapor while also providing means of expansion relief.

At installation, a check valve and pressure relief by pass valve are used in the discharge line. The pressure relief valve should be adjustable (25-50 psi) to relieve expansion pressure that may be built up between the check valve and the dispenser at the station island. The pressure is relieved to the air separator back to the tank through the air separator vent line. A check valve is installed in the suction line above the tank to maintain prime at the pump unit.

An electric switch interlocked with the operating handle of the dispenser at the station island, stops and starts the RCP1 pump unit. The dispenser measures meters and computes the delivery of product to the consumer.

The function of the RCP1 unit is to push product under pressure to the dispenser at the island and to separate any air or vapor before the product enters the pressure line.

The model RCP2 is designed to supply not more than three remote control dispensers. The RCP2 pump unit contains the same basic components as the RCP1 with the exception that the pump unit is operated at 850 RPM and powered by a dual voltage explosion-proof $\frac{3}{4}$ HP continuous duty motor. Air separation and installation of the equipment are identical to that for the RCP1 remote control system.

The model RCP3 is in effect two separate RCP2 units within a single housing. It is designed primarily to deliver two grades of product with not more than 3 dispensers for each product. In other ways it is identical in respect to the components and air separation to the model RCP2 unit.

The model RCP400 is a high capacity twin remote pump unit designed for serving a single product. The unit operates a zoned system. Six or more island dispensers can be connected to the manifolded discharge of this pump with half of the island dispensers wired to operate each side of the twin pump.

It is similar in outward appearance to the model RCP3. It is equipped with two pumping units operated at 800 RPM and powered by two dual voltage explosion proof $\frac{3}{4}$ HP motors. The suction side of each pumping unit has a $1\frac{1}{2}$ " opening. The product from each pumping unit enters indi-

vidual air separators. The discharge side of each air separator is joined in a common manifold within the pump housing. A single 2" discharge line leaves the manifold, terminating with a 2" union at the base level. Each inlet side of the manifold has a check valve with built in relief. The incorporation of these valves eliminates the necessity of a check valve with pressure relief device between the RCP4 and the dispensers at the island to keep the pressure line full. Air discharge vent tubes from the air separators are joined in a valve block. This valve block has two ball check valves (one for each air separator) and a common air return tube.

As in the other models the pumps in the RCP-400 are operated remotely from the island dispensers.

Inspection and Test

These pumping units were examined at the premises of the applicant, by Asst. Engr. G. F. Sklenarik, Committee on Test. Present were Wm. Keay, and other representatives of the applicant. The units operated as designed. All four models and their components comply with the requirements of the Underwriter's Laboratories and are listed; File MH 174.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Gilbarco Remote Control Gasoline Dispensing Pump Units, Models RCP1, RCP2, RCP3 and RCP400 for use in New York City under the provisions of C19-69.C Administrative Code on condition that all electrical work will comply with the Electrical Code of the City of New York and that each unit bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 845-55-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

881-55-SA

APPLICANT—Hoyt Manufacturing Corp., owner.
SUBJECT—Application October 21, 1955—Dryerette, Jr.
(gas-fired laundry dryer), approval of.

APPEARANCES—

For Applicant: Philip Griminger.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 881-55-SA

Subject: Dryerette Jr. (laundry dryer).

Hoyt Mfg. Corp., Westport, Mass. filed October 21, 1955 an application with the Board of Standards and Appeals for approval of the appliance known as the Dryerette, Jr. (laundry dryer) under the provisions of Article 12, Chapter 26, Administrative Building Code.

Purpose

The appliance is used for drying laundry, using gas heat as the drying medium.

MINUTES

Description

The appliance is a down draft, open end, and door loading once through type and of a type that does not recirculate the heated air. Incoming air, however, is preheated before passing over heat exchanger. The control and safety equipment consists of the following:

The burner is fabricated from 1½" black-iron pipe of the drilled port type, plug welded at one end and threaded at the other end for make-up to the gas controls. A McKee atmospheric injector and mixer is used with the pipe burner.

The appliance is equipped with both a Besoid Automatic gas valve which provides a 100% gas shut-off and in addition there is a manually operated gas cock in the main gas line between the automatic gas valve and the mixer and another in the pilot-burner supply line between the pilot burner and the automatic gas valve.

Heating temperature control; this control shuts off main gas burner when a pre-determined temperature is reached.

Door limit switch, this switch is in the control circuit and automatically shuts-off tumbler and gas burner when the door is open.

The rating of the appliance is 55,000 BTU per hour.

Inspection and Test

The appliance was inspected by Asst. Engr. J. A. Darts Committee on Test and it was noted that the appliance was basically the same as the Hoyt Tumbler, Model GFD except that the present model is a smaller unit.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Dryerette, Jr. (laundry dryer) for use in New York City under C26-191.0 Administrative Building Code, when installed in accordance with this report and the requirements of Article 12 Sub-Article 1 of the Administrative Building Code on condition that each unit bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 881-55-SA" and further that all orifices and ports shall be arranged for use with whatever kind of illuminating gas used; and further provided that this appliance shall not be used for drying or tumbling clothes which have been taken from an appliance having a flammable cleaning fluid.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 989-55-SA

Subject: Gilbarco Dual Gasoline Dispensing Pump, Model 104D and Gilbarco Dual Remote Control Gasoline Dispenser, Model 104DRC.

The Gilbert and Barker Mfg. Co., West Springfield, Mass., owner-manufacturer filed November 9, 1955 an application with the Board of Standards and Appeals for approval of the Gilbarco Dual Gasoline Dispensing Pump, Model 104D and the Gilbarco Dual Remote Control Gasoline Dispenser, Model 104DRC under the provisions of C26-191.0 and C19-69.C Administrative Code.

Purpose

Gasoline dispensing units for garage and service station use.

Description

The model 104D dual dispenser is two complete separate dispensers in one housing. It is equipped with two motors, two combination pump unit air separators, two air separator sumps, two meters, two computers with built-in interlocks and two single visagage sight glasses one on each opposite side.

Each of the dispensers within the model 104D housing is an electrically driven metering pump with a computer type of registering mechanism. Two 1/3 HP explosion proof, electric motors drive two positive displacement type rotary pumps to raise gasoline from the storage tank and furnish pressure just under 20 pounds per sq. inch for proper metering. The motors are turned on and off separately by means of a control lever device on each side of the dispensing unit. Each control lever operates a rod which is directly connected to a switch in each motor. The control lever is also interlocked with the computer.

The pump unit air separators separate any air or vapor which may be admitted to the system through a leaky suction line or through improper manipulation. The air separator also has the function of providing room for expansion of the liquid in the system due to temperature rise. The meter used is a four piston positive displacement type.

A valve is incorporated between the meter and visible discharge indicator assembly to maintain the liquid under a slight positive pressure at all times to prevent vaporization while the unit is standing idle. Vapor formation at this point would cause false measurement in hot weather.

Flow rates are controlled at the nozzle and maximum rate of flow is 15 gallons per minute. The nozzle control valve cannot be locked in an open position.

The Model 104D dual dispenser is equipped with two external hoses which are connected directly to each visagage outlet located on opposite sides of the pump housing panels. Each hose extends from the visagage outlet 13 ft. to the tip of the nozzle spout.

The model 104DRC is a dual dispenser, similar in outward appearance to the model 104D except that it is built for remote control operation and the two motors, two pumps, two air separators and sumps are removed. Air separation takes place at the remote pumping unit which would be used to pump product to the model 104DRC.

Delivery of product to the hose nozzles is accomplished by means of levers on both sides of the dispenser which are used to start and stop the remote pump unit motor. The levers are also connected to feed line valves operated by rods which open and close the valves in sequence with the start and stop of the remote pump motor. The feed line valves are equipped with a built in relief device which prevents excessive pressure in the visagage, meter and hose as may be caused by expansion of gasoline during hot weather. The feed line valves also prevent pressure in the hose of other dispensers connected to the same supply line which are not in operation at the time.

The dispenser is also equipped with combination strainer-check valves with built-in reliefs set at 35 psi to prevent

MINUTES

excessive pressure in the system. These valves are located at the line connections at the base of the dispenser.

In the model 104DRC hose length has been increased to a total length of 15 ft.

Inspection and Test

These dispensers were inspected and tested at the plant of the applicant and were found to operate satisfactorily as designed. Present were Asst. Engr. G. F. Sklenarik, Committee on Test, Mr. Wm. Keay and others representing the Gilbert and Barker Mfg. Company.

The Models 104D and 104DRC are listed by Underwriter's Laboratories under file MH 1941.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Gilbarco Dual Gasoline Dispensers, Models 104D and 104DRC for use in New York City under the provisions of C26-191.O and C19-69.C Administrative Code provided all electrical work will conform to the Electrical Code of the City of New York and further that each dispenser will bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 989-55-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman

JOHN A. DARTS,

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. II, on July 17, 1951, on certain conditions; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted by the Board on July 17, 1951, only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"granted for a term of five years from the date of this *amended* resolution; otherwise the resolution above cited shall be complied with; and that a new certificate of occupancy shall be obtained" (Alt. 1842/49).

275-49-A

APPLICANT—Gerta Friedlander, for Richard Scheuer and Gerta Friedlander, co-partners, d/b/a Lafayette Gardens Nursing Home Company, owner.

SUBJECT—Appeal from a decision of the borough superintendent—relating to construction and egress, reopened May 22, 1956 to consider amendment as to omission of boiler room partition.

PREMISES AFFECTED—447 Clinton avenue, east side, 151 ft. north of Gates avenue and 438 Waverly avenue, west side, 15 ft. north of Gates avenue, Block 1961, Lot 8, Borough of Brooklyn.

APPEARANCES—

For Applicant: Renato H. Sobotka.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 27, 1956, on Alt. Applic. 3310/55, reads:

"2. Proposed omission of boiler room partition not in conformity with Resolution of Bd. of Stds. & Appeals, Cal. #275-49-A."

and

WHEREAS, the applicant states that by its resolution adopted June 7, 1949, the Board permitted an existing boiler room to be divided into a boiler and storage room; that the storage room was never built; that an amendment was filed showing the existing condition and the decision of the Borough Superintendent dated April 27, 1956, was issued thereon; and

WHEREAS, the applicant contends that since the storage room was not necessary, the owner would prefer not to build it; that the boiler room is not being used for any other purpose and is completely enclosed in brick walls; the ceiling is fire-retarded; the sprinkler is installed in the rear of the boiler room where the storage room was intended to be constructed.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 7, 1949, only so far as it refers to the boiler room by adding thereto:

"that the partitions proposed and required to be constructed to separate the boiler room in the cellar from the storage room may be omitted as now proposed and as shown on revised plans marked 'Received June 22, 1956' (one sheet), *on condition* that there shall be no storage of materials in such enlarged room; that such room shall be used only as a boiler room as proposed; and that in all other respects the requirements of the resolution as adopted by the Board on June 7, 1949, shall be complied with.

THE RESOLUTION

WHEREAS, the decision of the Borough Superintendent dated November 30, 1954, on Alt. App. 626/52 reads:

"1. Stairway must continue to roof as per section 270 of the labor law.

2. Capacity of stairway is inadequate as per section 278 of the labor law."

and
WHEREAS, the applicant states the building is 2 stories, 28 ft. in height, 100 ft. front by 99 ft. 11¼ in. in depth, of Class 3 construction, erected May, 1922, now located on a lot 100 ft. front by 112 ft. 11¼ in. and 116 ft. 9¾ in. in depth, in a business use, B area, Class 1½ height district; used and occupied since 1952; 1st floor—store, 30 persons; 2nd floor—factory—30 persons. Proposed to be used and occupied the same except factory to have occupancy of 100 persons. The building is provided with two 3 ft. 8 in. wide interior stairs of iron construction, brick enclosed, equipped with fireproof, self-closing doors, leading direct to street and equipped with ladder and scuttle to roof. There is one fire escape at the rear extending to roof and yard by stair with egress through adjoining building; window and door openings on course thereof are not fireproof, self-closing; and

WHEREAS, Violation C-407 was issued March 10, 1953, for changing the occupancy after alteration from storage to factory employing more than 30 persons without a certificate of occupancy; and

WHEREAS, Certificate of Occupancy #512 issued May 13, 1922, against N.B. App. 1786/21, permits the use of the building as store and light manufacturing with a 120 lb. liveload and 30 persons on each floor; and

WHEREAS, the applicant states the building is now used as store on the 1st floor and factory on the 2nd floor. It is proposed to increase the occupancy of the factory on the 2nd floor from 30 to 100 person. The second floor is now used as an apparel manufacturer; and

WHEREAS, the applicant contends as to Objection 1, that a variance is requested to omit the continuance of the stairway to the roof, as the building is only two stories in height and is provided with two interior brick-enclosed stairs running direct to street, with no opening on the 1st story; and

WHEREAS, the applicant contends as to objection 2, that an occupancy of 100 persons is requested and there exist three means of egress, two interior stairs and one rear stairway with a large rear platform and stair; and

WHEREAS, the applicant states that a computation of the capacity of the exits is as follows:

	South Stair	North Stair	Rear Stair
Stair	28	28	28
Over 10' height ..	2	2	2
Bottom landing ..	4 (20 sq. ft.)	3 (16 sq. ft.)	
Top landing	2 (12.6 ")	2 (11.8 ")	10 (50 sq. ft.)
Total	26 persons	35 persons	40 persons

Note: Area of Rear Stair landing taken from North Door; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the Board hereby *make a variation* of the Labor Law as cited in the decision of the Borough Superintendent, dated November 30, 1954, acting on Alt. App. 626/52, Objection 1, and that the appeal be and it hereby *granted on condition* that the stairs in all other respects shall comply with all laws, rules and regulations applicable thereto, as indicated on plans filed with this appeal, marked "Received December 10, 1954", (2 sheets), "December 21, 1955", (1 sheet), and "June 12, 1956", (1 sheet), *on condition* that the hallways shall be enlarged as shown on such plan marked "Received June 12, 1956" to accomodate the occupancy proposed and *on the further condition* that the chute now maintained in the northerly stairway from 2nd floor to

street shall be entirely removed and there shall be no hindrance of any kind installed in such stairway for any purpose that will prevent the full use of the stairway for exit purposes; that the required handrail shall be put in good condition; that the building shall not be increased in height or area; that the existing fire escape at rear may be continued without credit therefor as to occupancy, provided the means of exit from such fire escape stairway to adjoining property which leads to the street is furnished; and *withdrawn* as to Objection 2, to comply.

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 14, 1953 subject to regular procedure, to consider reconstruction and extension of use; and

WHEREAS, a public hearing was held on this application on January 17, 1956 after due notice by publication in the Bulletin; laid over to February 7, 1956, for inspection and decision; hearing closed; then to February 15, 1956, for applicant to file revised plans showing pumps back 15 ft. from building line and curb cut at southerly end separate from lumber yard curb cut; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and New Utrecht avenue are in a business use, C area, class 1 height district; 84th street is in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated July 31, 1954 acting on N.B. Applic. 613-53, reads:

"1. Proposed retail gas selling station, lubritorium, office & sales, car repairs & parking and washing of cars, within a business district, is contrary to Art. 2 Sect. 4a.29 & Art. 2 Sec 4a-46 of the Zone Resolution." and

WHEREAS, the applicant states that the premises consist of a plot, 227 ft. 5¼ in. frontage by 148 ft. 5 in. by 95 ft. 5¾ in. in depth, triangular, on which is located a gasoline service station of brick construction, one story, class 3, consisting of office, open hydraulic lift for lubrication and frame storage sheds adjacent to the office, and three gas pumps and three 550 gallon storage tanks; that it is proposed to demolish the present office and sheds and to build a new class 3, one story office which will include the sale of auto accessories, a new lubritorium, auto laundry and automobile repair shop; and

WHEREAS, the applicant further states that the existing certificate of occupancy No. 57492 dated 1929 was issued for gas station and office in conjunction with the station, together with 5 Mugler auto pits and three 550 gallon buried tanks in connection with an application filed and a variance granted by the Board under Cal. No. 9-28-BZ and approved under N.B. Applic. 23624-29; that original permit No. 304177 was issued by the fire department on August 26, 1929 and at the present time the gas station operates under permit No. 134756 issued May 29, 1952; and

WHEREAS, the applicant states that the property at the present time is in a business use, C area, 1 times height district, and that no zoning amendment is pending; and

WHEREAS, the applicant contends that the extension of the nonconforming use as proposed will not encroach into the residential area but will be confined within the boundaries of the existing gas station and that the erection of the new building will in no way be detrimental to the district but will safeguard, maintain and improve the character of the district; that in view of the fact that the present office is inadequate in size and that all work must be done outdoors, the enlarged buildings will permit all work to be done indoors in the new buildings and improve the facilities for the rendering of better and more efficient and quiet service, in addition to improving the surrounding area with a modern gas station; and

WHEREAS, the applicant states that the present owner has held title to the property since October 25, 1948; that the assessed valuation of land is \$13,000 and of the building \$4,000 making a total of \$17,000; that the building was erected in 1929; and

WHEREAS, Section 7c of the zoning resolution is not applicable; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the committee recommended that the application should be granted to permit the re-arrangement of the existing gasoline service station.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 26, 1929 to permit the reconstruction and re-arrangement of the gasoline service station as proposed and as indicated on plans filed with this application marked, "Received August 28, 1953" (5 sheets), "January 9, 1956" (one sheet) and "February 9, 1956" (one sheet) *on condition* that all buildings and uses now not proposed to be retained shall be removed; that the buildings shall be erected and the plot rearranged as indicated on revised plans marked, "Received February 9, 1956"; that the buildings for the uses as proposed shall be in compliance with the Building Code and shall be *faced with* face brick; that the pumps shall be of a low approved type and relocated so as to be not nearer than 15 ft. to the street building line of New Utrecht Avenue; that curb cuts shall be as shown, namely, one 20 ft. curb cut toward the north, one center cut 30 ft. 6 in. in width, and one curb cut toward the south 10 ft. in width, as shown, together with the existing curb cut toward the south 31 ft. in width, where shown; that the premises where not occupied by the proposed buildings and pumps shall be paved with concrete or bituminous pavement; that the number of gasoline storage tanks shall not exceed ten approved 550 gallon tanks; that the sidewalk and curbing in front of the premises shall be restored or repaired to the satisfaction of the Borough President; that along the rear lot line where walls of existing or proposed buildings do not occur there shall be constructed a masonry wall, as proposed, to a height of not less than 5 ft. 6 in.; that there shall be no cellar or boiler room or other excavation under the accessory building; that under Section 7i there may be repairing within the accessory building with hand tools only for adjustment; that there may be parking of cars awaiting service provided such parking does not interfere with the serving of the station; that there may be a post standard at either end of the premises, where indicated, each for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that all roof signs and temporary signs are prohibited and that signs shall be restricted to a permanent sign attached to the facade of the proposed accessory building and the illuminated globes of the pumps and to the brand sign herein permitted; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that all Fire Department permits in force to date shall be paid to date; and that all permits required and all work shall be completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 23, 1953 after due notice by publication in the Bulletin; laid over to July 7, 1953, for inspection and decision without further argument; applicant to submit information re lawfully permitted use of all parts of the premises including a portion 20 feet in width adjoining the portion on which gasoline station was permitted; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Liberty avenue are in a business use, C area, class 1 height district; Barbey street is in business and unrestricted use, C area and class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated March 4, 1953, acting on Alt. Applic. 331-53, reads:

"1. Extension of use of existing gasoline station, office, motor vehicle repair shop & parking storage, display & sale of more than 5 motor vehicles to include greasing and auto laundry in a business use district is in violation of Art. 2 P. 4(a) Subds. 15, 29 & 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, on which is located a gasoline service station with an office, an open lift and grease pit and a building used for motor vehicle repair shop (old lot No. 10), a storage shed and office (old lot No. 11) and the parking, storage and display of more than five motor vehicles (old lots 12 and 13); that it is proposed to consolidate these properties and uses and to modernize the existing office building; that it is further proposed to build an extension for a lubritorium and auto laundry, so as to provide up-to-date facilities for carrying on the business; that it is also proposed to relocate the pumps and install four new gasoline tanks, and to continue the use of the repair shop for motor vehicle repairs; and

WHEREAS, the applicant contends that on December 9, 1926 plans were approved for a gas station and office, salesroom, grease pits and for the erection of a garage located on lot 10 at the southeast corner of Liberty avenue and Barbey street, for which certificates of occupancy No. 43951 and

43952 were issued; that on February 26, 1946 lot 11 was purchased and on May 20, 1948 lots 12 and 13 were purchased, and certificate of occupancy 122608 was issued for the parking, storage and sale and display of more than five motor vehicles, and certificate of occupancy 111978 was issued for the use of the premises as a motor vehicle repair shop; that conditions on this street have not changed since the original gas station was erected; that Barbey street, north and south, is occupied by dwellings, garages and factories; that Liberty avenue also has not changed since this gas station was erected; that there is a gas station directly opposite the subject site, on Liberty avenue; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and e, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, subdivision c, to permit extension in area of the legally existing gasoline station on lot #10, so as to include lot #11, 12 and 13, for the uses as proposed and as indicated on plans filed with this application marked "Received March 12, 1953," 7 sheets, *on condition* that the premises shall be rearranged as indicated on revised plan showing proposed conditions; that all existing pumps shall be removed and relocated so that no pumps shall be nearer than 10 ft. to the street building line of Liberty avenue; that existing curb cuts as shown may be continued, provided proper permits have been obtained therefor; that the extension of the accessory building to contain laundry and greasing rack may be constructed as proposed and as indicated on plans showing proposed arrangement and design; that all existing signs shall be removed and signs shall be limited to a sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not over 4 ft.; that the sidewalks and curbing around the premises shall be reconstructed or restored to the satisfaction of the Borough President; that within the intersection, there shall be a block of concrete not less than 12" in height and extending for a distance of approximately 5' from the intersection; that such block may be segmental in shape; that the balance of the premises were not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that the number of gasoline storage tanks shall not exceed nine 550 gallon tanks; that on lot 13 of the premises there may be under section 7e, the parking *and storage* of motor vehicles and the sale and display of motor vehicles; that signs in connection therewith shall comply with the requirements therefor; that there shall be erected on the interior lot lines, where walls of buildings on adjoining lots do not occur, a woven wire fence of the chain link type not less than 5 ft. 6 in. in height; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that all permits shall be obtained and all work completed within the requirements of section 22A of the zoning resolution.

*Correction—In relation to the use of motor vehicles on the premises, such portion reading "parking of motor vehicles awaiting service" corrected to read "parking *and storage* of motor vehicles and the sale" etc. as indicated in italics.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Beach Channel drive and Beach 60th street are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated September 29, 1955 acting on Alt. Applic. 1844-55 reads:

"1. Proposed use of vacant land in a Residence Use District for an open parking lot for more than 5 motor vehicles and boats is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 109.26 ft. frontage by 228.35 ft. in depth, irregular, now vacant; that it is proposed to use the premises for the open parking and storage of motor vehicles and boats; and

WHEREAS, the applicant states that the property was zoned underdetermined use from July 25, 1916 until December 28, 1939, when it was changed to a residence use district; and

WHEREAS, the applicant contends that James Cappell, owner of lot 130, operates the boat yard at the foot of Beach 60th street and his son, Louis Cappell, owner of lot 140, operates the gasoline service station across the street at the northeast corner of Beach Channel drive and Beach 60th street; that it is their intention to operate this parking lot jointly for the patrons of the boat yard and for cars and trucks waiting to be serviced at the gasoline station; that the need for off-street parking is particularly acute during the summer resort season; that the Cappell Boat yard, one

of the largest in the Rockaways, will soon lose to the City, for the new Edgemere housing project their property on Beach 59th street, lots 96 and 102 in block 482; that they have used this property for parking for boat patrons' cars for over 30 years; that the proposed site will replace this lost property; and

WHEREAS, the applicant states that the Chamber of Commerce of the Rockaways, which is greatly concerned with the private boating activities in Rockaway, is in receipt of a letter from the department of parks recommending that the Cappell boat yard relocate its facilities nearby when the City takes its existing facilities; and

WHEREAS, the applicant states that the present owners have held title to lot 130 since January 29, 1953 and to lot 140 since November 12, 1954 and that the assessed valuation of land is \$3,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles as shown on plans filed with this application marked "Received October 6, 1955", 3 sheets *on condition* that all structures and uses on the premises shall be removed and the site leveled substantially to the grade of Beach Channel drive and Beach 60th street, graded with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height with no openings therein except one to Beach 60th street, toward the north, not over 15 ft. in width with curb cut opposite of similar width and two curb cuts to Beach Channel Drive; that all such openings in the fence shall be fitted with gates which shall be kept closed when the parking lot is not in operation; that signs shall be restricted to a permanent sign attached to the fence near the entrance, advertising the parking and storage use, rates charged and such other information required by the Commissioner of Licenses; that such sign shall not extend beyond the building line or be illuminated; that during the term of this variance, the 5 feet along Beach 60th street proposed to be taken for widening may be included in the premises as long as no building is erected on that portion; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that in all other respects the occupancy shall comply with all laws, rules and regulations applicable thereto other than as amended this day by resolution adopted under Cal. 794-55-A; *that storage of boats may also be permitted, as referred to under Objection 1* and that all permits required, including a certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

* Correction—Permission for the storage of boats, inserted in the resolution, as indicated in italics.

PUBLIC HEARING

PROPOSED AMENDMENTS OF OIL BURNER RULES

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on

Friday morning, September 14, 1956 at 10 A.M., in Room 1013, Municipal Building, Manhattan, on Proposed Amendments of Oil Burner Rules.

Matter in *italics* is new; matter in brackets [] old matter to be deleted. Only such rules as are proposed to be amended are published.

PUBLIC HEARING

OIL BURNER RULES (217-21-SR)

RULES COVERING THE INSTALLATION AND USE OF OIL BURNING EQUIPMENT AND THE STORAGE OF OILS USED IN CONNECTION THEREWITH

Adopted by the Board of Standards and Appeals June 15, 1934, Amended July 12, 1935, January 28, 1936, December 4, 1936, July 1, 1941, June 15, 1948 and July 13, 1951, effective August 13, 1951.

(Superseding Fuel Oil Rules adopted by the Board of Standards and Appeals, November 6, 1919; amended January 6, 1922; January 18, 1924; November 3, 1926; September 11, 1928; January 11, 1929; March 20, 1931; May 12, 1931; November 24, 1931; May 10, 1932; June 24, 1932; November 4, 1932).

Authority: Section 666, paragraph 2 of the New York City Charter and C19-57.0 Administrative Code.

Rule 2. Definitions.

- 2.6 CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous or intermittent operation.
- 2.10 ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth *outside of buildings*, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:
- 2.14 INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes[.] *under same requirements as for Commercial Installations.*

Rule 3. Oil Permitted.

- 3.1 Oil permitted under these rules shall be any hydrocarbon oils free from acid, grit and fibrous or other foreign matter. The fuel oils shall be classified as provided in *current Commercial Standard [CS12-38] published by the U. S. Department of Commerce*, and shall have a flashpoint not lower than 100 degrees Fahrenheit when tested in a Pensky-Martens closed cup tester (American Society for Testing Materials Method D-93-36) and marketed under the following commercial grades:

{	Range Oil
{	No. 1 Fuel Oil
	No. 2 " "
	No. 4 " "
	No. 5 " "
	No. 6 " "

Rule 4. Standards for Approval of Oil Burners by the Board.

- 4.1 Approved burners, including oil-burning heaters, shall be an assembly of approved parts and *electrical controls* suitable for use with each other for the service intended, as approved, such burners shall be provided with suitable safeguards to prevent abnormal discharge of oil.

Rule 6. Location of Tanks.

- 6.1 Inside of Buildings, Above Ground.
6.1.2 Storage tanks having a capacity of more than

two hundred and seventy-five (275) gallons, when installed inside of buildings shall be located on the lowest floor level and all portions of such tanks above the floor shall be protected by [a continuous jacket of] not less than four inches (4") of *masonry* [Portland cement concrete reinforced with not less than No. 20 gauge steel wire cloth 2" x 2" mesh, and extending at least four inches (4") beyond the horizontal outline of tank in all directions], with weep holes along the bottom one inch in diameter not more than 3 ft. apart. *The masonry walls of a structure may be used as part of the protection.*

[Each storage tank] *Storage tanks* may be placed in a protective enclosure having solid masonry walls not less than eight inches (8") in thickness and of dimension not less than fifteen (15") greater on all sides than the outside dimensions of the storage [tank] tanks. The walls of enclosure shall be carried up to a height not less than two feet (2') above the top of the tank[.] *or to the ceiling where the ceiling is less than two feet (2') above the top of the tank.* A fireproof access door shall be installed in the enclosure above the point where the enclosure has a capacity equal to the *largest tank[;] installed*, and for each additional 10 feet or fraction thereof by which the longest inside dimension of the enclosure exceeds 35 feet an additional fireproof access door shall be similarly installed at one or more intervals of not less than 10 feet.

6.3 Outside of Buildings, Below Ground.

- 6.3.3 All buried storage tanks [larger than two hundred and seventy-five (275) gallons,] prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting material. All tanks shall be electrically grounded.

Columns, pipes, or similar obstructions, may project into the required fifteen inches (15") of space within the enclosure, provided that access door or doors are so arranged that all portions of the enclosure are accessible. The ceiling above the tank enclosure shall be either fireproof or fire-retarded.

6.4 Outside of Buildings, Above Ground.

- 6.4.1 Storage tanks of a capacity greater than 275 gallons located outside of buildings above ground shall be not less than one and one-quarter (1¼) tank diameters and in no case less than ten feet (10') from the line of adjoining property, the nearest building or adjacent tank. Such tanks shall be electrically grounded. The maximum capacity of individual tanks located outside of buildings above ground shall be fixed by the following schedule:

If distant 25 feet from line of adjoining property which may be built upon.....	16,000 gallons
If distant 30 feet.....	24,000 "
If distant 40 feet.....	36,000 "
If distant 50 feet.....	48,000 "
If distant 60 feet.....	60,000 "
If distant 75 feet.....	96,000 "
If distant 85 feet or more.....	100,000 "

- 6.4.1.1 *Two hundred and seventy-five (275) gallon tanks shall be located so as not to interfere with or obstruct any means of egress.*

PUBLIC HEARING

6.4.3 All above ground storage tanks [larger than two hundred and seventy-five (275) gallons], prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting materials. All tanks shall be electrically grounded. *All above ground two hundred and seventy-five (275) gallon tanks shall be protected against injury in a manner satisfactory to the Administrative Official.*

6.5 Tanks Located Along Line of Subways.

6.5.1 Along the line of subways no *buried* tank shall be placed within twenty feet (20') [of any wall,] *from the outside line of the subway wall*, [separating a building from the subway,] and, where practicable, tanks shall be placed in a lower position than the roadbed of the subway, except as may be modified in specific instances by the Board of Standards and Appeals. *Where an above ground tank within a building is located within the outer lines of the subway, or within twenty feet (20') from the outside line of the subway wall, such tank shall be placed within a welded steel oil-tight pan of not less than 18 gauge metal of adequate capacity to contain the contents of the tank.*

Rule 7. Piping.

7.2. Relief Valves.

7.2.2 Oil preheaters shall be of approved type and provided with a relief *or pressure regulating valve in the piping system* to prevent excessive oil pressure. Oil preheaters shall not be installed in the steam or water space of the boiler and shall be so designed that in the event of oil leakage within the preheater, the oil shall be prevented by an approved method from entering the water or steam circulation system. *Water piping connection shall be equipped with a blow-down system providing positive flushing of the water side of the preheater. Two (2) thermometers shall also be installed, one on the intake oil line of the preheater and the other on the discharge oil line.*

7.2.3 Relief valves shall be set to discharge at not more than one and one-half ($1\frac{1}{2}$) times the maximum working pressure of the system. The discharge from relief valves shall be returned to storage tank or to the supply line. *Pressure regulating valves and viscosity valves are not included within the scope of this subdivision. There shall be no shut-off valve in the line of relief.*

7.3 Vent Pipes.

7.3.4 Vent pipes shall be provided with an *approved* weatherproof hood *having a free area of not less than the pipe size area* and shall terminate outside the building not less than two feet (2') from any building opening and not less than two feet (2') nor more than twelve feet (12') above the fill pipe terminal, except as may be otherwise approved by the Board. When such openings are fixed and constructed of incombustible materials they shall not be deemed openings within the intent of this rule. If the vent pipe terminal is not visible from the fill pipe terminal location, a one-inch (1") line shall be connected to tank and shall parallel the fill pipe and terminate at the fill pipe

terminal with unthreaded end. Such tell-tale lines shall be provided with a check valve set to prevent flow of surface water to storage tank.

Rule 7.4 Fill Pipes.

7.4.1 Fill pipe shall terminate outside the buildings with the fill pipe terminal located at or above grade at least two feet (2') [of] *from any building opening [or] and five feet (5') from any subway grating*, at or below the level of the fill pipe terminal. No fill pipe shall be less than two inches (2") in diameter [.] *and no fill pipe for #6 oil shall be less than three inches (3") in diameter. The fill pipe terminal shall be located within three feet (3') of the curb, unless otherwise required by the Highway Department or the Transit Authority. Where there are facilities for the delivery tank truck to drive onto the premises, the fill pipe terminal may be located elsewhere than at the curb provided that the location complies with the other requirements of this rule.*

7.4.3 Where the top of the storage tanks is above the fill pipe terminal the fill pipe shall be connected to the top of the tank and be provided with a shut-off valve and swing check valve which shall be located at the fill pipe terminal [.] *or the shut-off valve may be located inside the building at or below the level of the fill pipe terminal, in an accessible location.*

Rule 8. Valves and Control of Oil Flow.

8.2 Each supply line for storage tanks of more than two hundred and seventy-five (275) gallons' capacity, shall be provided with a shut-off valve at the burner and where the top of the tank is above the oil inlet connection to the burner and/or transfer pump, shall be provided with an approved anti-syphon device located at the highest point in the supply line, except that where heavy oil (No. 6 Commercial Standard Grade) having a viscosity of one hundred (100) seconds or more Saybolt Furol at one hundred and twenty-two degrees Fahrenheit (122° F.) is used, the anti-syphon device shall not be required. *No anti-syphon device shall be required where a foot valve is installed at the inlet of the suction line.*

Rule 10. Permits, [Plants], Plans, Inspection and Tests of Storage Tanks and Piping.

10.1 Permits.

10.1.2 Application for permit shall be made *and fee covering the permit as per Rule 10.4.1 be paid within ten days after the completion of the installation* by the installer who holds a certificate of license issued by the Fire Commissioner, on forms furnished by the Fire Commissioner [and] *which shall [provide for] include the location of the building in which the installation [is to be] has been made, name and address of owner and/or occupant, name and address of installer, make and approval number of burners, pumps and other devices, capacity, number and location of storage tanks, together with approval of such [proposed] installation by the Borough Superintendent of Buildings when required under Rule 10.2.*

10.1.3 No permit shall be issued by the Fire Commissioner until [the installation has been inspected by his representative and the installer has furnished an affidavit] *the installer has furnished an affidavit that the installation*

PUBLIC HEARING

complies with all requirements, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 per cent without smoking.

10.3 Inspection and Tests of Installations of Storage Tanks and Piping.

10.3.1 All fuel oil storage tanks and piping installed as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and to the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A sworn statement by the installer in proper affidavit form attesting to such installation and test shall be filed with the Fire Commissioner. [and a copy thereof be posted in the boiler room.]

(See Sections of the Administrative Code C19-19, as amended by Local Law 46 of 1951 and C19-152).

Rule 12. Ventilation.

12.1 No burner shall be installed in any boiler, heater, range or stove unless each boiler, heater, range or stove be connected to a legal chimney, complying with Article [11] 12 of the [Administrative] Building Code, except that [in high pressure mercantile and industrial plants] several units may be connected to a *common* [boiler room stack] chimney.

12.2 Adequate ventilation, at least equivalent to area of the smoke pipe at the point where it enters the flue, shall be provided in all rooms in which burners are installed[.], *except that in commercial installations the area for natural fixed ventilation shall be at least equivalent to eight (8) square inches for each gallon of oil for which the fuel burning equipment is rated. Where the fixed ventilation is supplied mechanically and electrically interlocked with the burner, at least the equivalent of two (2) square inches for each gallon of oil for which the fuel burning equipment is rated, shall be provided.*

12.3 Dampers shall be so constructed that they cannot completely cut off the passage of flue gases at any time[.]. [and on all installations in one and two family dwellings on approved automatic draft control of the same size as the cross-sectional area of the pipe or breaching shall be installed in the breaching or flue pipes.] *Approved automatic draft controls may be installed when necessary to provide proper draft where the draft is excessive.*

Rule 14. Fire Protection.

14.6 Oil burning devices designed for installation with storage of not more than six (6) gallons shall be [firmly anchored to the floor,] set level and firmly anchored. The floor beneath [the] stoves or any such heating devices shall be protected by a shield of 1/2" asbestos or equivalent extending at least twelve inches (12") beyond the projected area of

such device where required within the specific approval of each burner. Approved safety cans only shall be used for the storage and filling of oil containers. The fuel oil used for these burners shall be range oil or No. 1 or No. 2 fuel oil. The manufacturer or installer of these burners shall within 48 hours after each installation notify the Fire Department in writing of the name of the person to whom this burner is sold and the address of the premises where installed.

14.7 Near each boiler, [or] furnace *or suspended* [of a] fuel oil-burning unit there shall be [kept ready for use fire extinguishing equipment of not less than two quart capacity approved as suitable for oil fires or not less than two pails of sand, the pails to have rounded bottom.] *immediately available one (1) approved hand fire extinguisher of not less than two quart capacity suitable for oil fires or two (2) rounded bottom pails filled with sand.*

Rule 15. Instruction Cards and Certificate of Fitness.

15.2 *Except as provided in Rule 15.2.1 every* [Every] heating system in which the oil is preheated or systems not fully automatic when operating shall be under the direct supervision of a person holding a certificate of fitness issued by the Fire Commissioner and who shall be in the building at all times while the burners are in operation, except, that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941, under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burners" shall not be required to obtain such certificate.

15.2.1 *The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, while in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who is regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner" shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the Fire Commissioner for the installation of such oil burning equipment.*

NOTICE

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority CHAPTER 508 OF 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

SUBJECT—Application reopened May 8, 1956 as Vol. III—re (decision of the borough superintendent) under sections 21, 7i and 7h of the zoning resolution, to permit in a business use district, the reconstruction and maintenance

MINUTES

of an existing building for use as storage garage, gasoline station and office, and for lubrication, car washing and 6 additional gasoline storage tanks and under 7i minor motor vehicle repairs with hand tools and under 7h parking and storage of more than 5 cars.

PREMISES AFFECTED—1522-1528 Southern boulevard, northeast corner of East 172nd street, Block 2982, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Keating 3

Negative: 0

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 8, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 172nd street and Southern boulevard are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated March 8, 1956 acting on Alt. Applic. 227-56, reads:

"1. Proposed use of storage garage, gasoline service station, office, minor motor vehicle repairs with hand tools only, accessory car wash, lubrication and sale of used cars in a business use district is contrary to Art. II Sect. 4 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, on which is located a one story storage garage and gasoline service station; that it is proposed to maintain the storage garage and gasoline service station, office and sales, lubrication, car washing, minor motor vehicle repairs, sale of used cars, parking and storage of more than five motor vehicles; and

WHEREAS, the applicant states that the present building is now being used as a storage garage, gasoline station and office; that the existing uses of said premises were established by the Board under Cal. No. 644-20-BZ and Cal. No. 534-22-A; that permits for 72 ft. of curb cuts on Southern boulevard were issued by the borough president under permit numbers 1166-21, 13686-34 and 14017-34; that it is proposed to demolish the projecting, open lubritorium, fill in the three pits and cover this area with a new concrete pavement; straighten the front wall and finish the facade to harmonize with the present masonry; that it also proposed to locate the lubritorium inside of the building and install two overhead doors to the lubritorium in front of the building, and to install six additional underground tanks, making a total of 13 tanks; that there will be no basic change in occupancy and no increase in area of the non-conforming use; that no part of any opening will be nearer than 20 ft. from the corner; that the wall on 172nd street will remain; that the lubritorium would be placed inside of the garage and the number of pits will be decreased from three to one and be mechanically vented; that all lubrication, car washing and minor motor vehicle repairs would be done indoors; and

WHEREAS, the applicant contends that under present conditions the lubritorium is never closed and the three grease pits are exposed and open to the public; that the depth of the lubritorium is only 16 ft., which is incompatible with present day service station design; that it is totally inadequate because it is too small to accommodate the late model automobiles; that the tight working conditions make operation awkward, inconvenient and unsafe; that the lubritorium would be properly closed by overhead doors and properly drained so as to keep the station and sidewalk clean at all

times and it would provide much better working conditions for the mechanics; that it is quite evident that since 1921 gas station operation has changed radically and one of the many reasons is the larger turning radius of the car; that the present station was designed as a one car station and therefore just one car at the pump blocks up the entire station; that the urgent need for the additional 16 ft. for driveway use is obvious and this additional space would be a major factor in reducing accidents and insure greater convenience and safety for the public; and

WHEREAS, the applicant requests a permanent variation under section 7i to permit minor motor vehicle repairs with hand tools only and that all work would be done on the inside of the building; that request is also made for a temporary variation under section 7h so as to permit the use of the premises for the parking and storage of more than five motor vehicles so that all required permits may be obtained and it is also requested that sale of used cars be included in the resolution so that required permits may be obtained; that it is further requested that the pump island be permitted to remain at its present location as granted by previous resolution of the Board; that the proposed reconstruction would improve the circulation through this rear aisle and make it more accessible and safer; that to narrow this rear aisle in any way would deprive the operator of its normal use; and

WHEREAS, the applicant states that the present owner has held title to the property since August 12, 1952; that the assessed valuation of land is \$23,000 and of the building \$24,000 making a total of \$47,000.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on November 16, 1920 as thereafter amended by resolution adopted October 2, 1934 by adding thereto:

"that in the event the owner desires to remove the open lubricating pits on the front of the premises and to construct a room within the garage with fireproof wall separating same from the balance of the garage for such lubricating use as shown on plans filed with this request for amendment marked 'Received March 19, 1956,' 3 sheets, and 'March 28, 1956,' 4 sheets, and to increase the number of 500 gallon approved gasoline storage tanks by five, such changes may be permitted on condition that the resolutions above cited shall be complied with where not inconsistent with this amended resolution; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within the requirements of Section 22A of the zoning resolution."

1197-23-BZ—Vol. III

APPLICANT—Frederick A. Ketcher, for 728 Southern Blvd. Corp., owner (Commodore Garage Corp., lessee).

SUBJECT—Application reopened April 24, 1956 as Vol. III—re (decision of the borough superintendent) under sections 21, 7i and 7h of the zoning resolution, to permit in a business and unrestricted use district, the reconstruction and maintenance of an existing building as a storage garage, stores, motor vehicle repairs, brake service and gasoline service station with customary accessory uses.

PREMISES AFFECTED—729 Bruckner boulevard, west side, 200 ft. south of East 156th street and 728 Southern boulevard, Block 2729, Lot 12, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Keating 3

Negative: 0

Absent: Deputy Chief Connolly 1

MINUTES

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on April 24, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in business and unrestricted use, B area, class 1½ height districts; Bruckner boulevard is in an unrestricted use, B area, class 1½ height district; Southern boulevard is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated February 20, 1956 acting on Alt. Applic. 201-56, reads:

"1. Proposed demolition of part of existing storage garage and change the use from storage garage, showroom and stores to storage garage, showroom, stores, gasoline service station, office and sales, accessory car washing, lubrication, the storage and parking of more than 5 motor vehicles, sale of used cars and motor vehicle repair shop on a lot which is partly in a business use district and partly in an unrestricted use district is contrary to Art. 2, Sec. 4a, items 29, 46 and 15 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 ft. frontage by 200 ft. in depth, irregular, on which is located a storage garage, showrooms and stores; that it is proposed to alter the building to storage garage, showrooms, stores, gasoline service station, office and sales, lubrication, car wash, minor motor vehicles repairs, sale of used cars, parking and storage of more than five motor vehicles; and

WHEREAS, the applicant states that the present building is now being used for a storage garage, motor vehicle repairs and brake testing, and stores; that it is proposed to demolish about 25% of the existing public garage facing Bruckner boulevard and reconstruct this part of the building for use as a one story masonry gasoline service station with lubrication, car wash and minor motor vehicle repairs with hand tools only; that the open area will be paved with concrete and properly drained, and engineered controlled lighting will be installed; that the facade will be finished in white enamel or selected face brick; that the building has been designed to provide modern rest rooms and only the latest modern safety equipment will be installed and the pit will be mechanically vented; that all lubrication, car washing and motor vehicle repairs will be done indoors; that the part of the building set aside for the gas station will lie entirely within the unrestricted zone and there will be no change in occupancy for the remaining portion of the building; that curb cut permits No. 3229-24 and No. 10006-30 for 44 ft. on Southern boulevard and No. 3230-24, No. 3231-24 and No. 11529-31 for 102 ft. on Bruckner boulevard were obtained; that the uses of adjoining premises are as follows: to the south—automatic laundry; to the west—Southern boulevard; that the Southern boulevard facade will remain unchanged but the motor vehicle repair shop and brake testing in the store will be relocated and moved to the interior of the garage; to the north—a storage garage; to the east—Bruckner boulevard; the New York, New Haven & Hartford freight yards, the future elevated highway; that all the properties 100 ft. east of Southern boulevard are in an unrestricted district; and

WHEREAS, the applicant contends that since the building was erected in 1924 there has been a tremendous expansion of auto traffic movement along Bruckner boulevard; that the building is 32 years old, outmoded and out of date; that today's customers are such that the average motorist dislikes driving into a garage for gas and this applies even more so to women drivers; that it is not only the inconvenience caused by the cluttered interiors but the attending safety factors created by backing out; that the present building is improperly arranged to take care of the demands made by this new volume of traffic and because this garage does not have these proper gas selling facilities, over 80% of

gasoline sales is lost; that the public demand for this service prompts the owner to rearrange and convert a part of the building facing Bruckner boulevard to a gas station which would contribute towards the general efficiency of the premises and be in keeping with the character of the neighborhood; that the granting of this application would permit the owner to make a reasonable use of the premises and enable him to earn a fair return on his investment without affecting anyone adversely; that a permanent variation is requested under section 7i so as to permit minor motor vehicle repairs with hand tools only, but all work will be done inside of the gas station, and to permit motor vehicle repairs and brake testing without acetylene welding inside of the garage, but limiting the area where such work shall be done to that part of the garage which lies entirely within the unrestricted use district; that the area in the garage set aside for motor vehicle repairs shall be no larger than the area of the store for which brake testing was granted by the Board by resolution of October 19, 1933; that a temporary variation is requested under section 7h so as to permit the use of the premises for parking and storage of more than five motor vehicles be included in the resolution so that all permits required may be obtained, and also the sale of used cars; that it is requested that the southerly pumps be permitted to remain as shown at 11 ft. from the building line so that the aisle between the building and the pump island, which is 10 ft., can be used; that this is the absolute minimum width for a safe driveway in gas station operation; that it is also requested that the northerly pumps in front of car wash may be permitted to remain as shown at 12 ft. from the building line so that cars backing out will have just enough room to turn out and swing out to avoid hitting the pump island; that the proposed modernization will result in a decided improvement in the general appearance of the premises; and

WHEREAS, the applicant states that the present owner has held title to the property since August 12, 1947; that the assessed valuation of land is \$52,000 and of the building \$46,000 making a total of \$98,000; that the building was erected in 1924.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 17, 1925, as thereafter amended by resolutions adopted through December 15, 1933, by adding thereto:

"that in the event the owner desires to alter the building for the same use but to demolish the portion of the building in the unrestricted district along Bruckner Boulevard and to install a gasoline service area and other uses substantially as proposed and as indicated on plans filed with this application for amendment marked 'Received March 5, 1956', 2 sheets, and as later amended by revised plans marked 'Received March 19, 1956', 6 sheets, such changes may be permitted as shown on such plans *on condition* that in all other respects the building and occupancy shall comply with the requirements of all laws, rules and regulations applicable thereto and to the resolution above cited where not inconsistent with this amended resolution, and to permit the arrangement and uses as shown including motor vehicle repairing under Section 7i and sale of used cars; that the gasoline selling area where proposed and not built upon shall be paved with concrete; that the number of curb cuts to Bruckner Boulevard shall not exceed three curb cuts each 30 ft. in width, where shown, with no portion of any curb cut nearer than five feet to a side lot line as prolonged; that on the side lot lines where walls of adjoining buildings occur such walls shall be faced to a height of not less than 5 ft. 6 in. with face brick; that the sidewalks and curbing in front of the premises on Bruckner Boulevard shall be reconstructed or repaired to the satisfaction of the Borough President; and that all permits shall be obtained and all work completed and a new certificate of occupancy obtained with the requirements of Section 22A of the zoning resolution."

MINUTES

253-34-BZ—Vol. II

APPLICANT—Ralph E. Leff, for S.P.R. Realty Corp., owner.

SUBJECT—Application reopened April 24, 1956 as Vol. II—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, motor vehicle repairs, car wash, storage and sale of accessories, office, heater room, toilets, parking of more than 5 motor vehicles.

PREMISES AFFECTED—2275-2299 Westchester avenue, north side, from Doris to Glover streets; 1400-1408 Doris street and 1401-1409 Glover street, Block 3965, Lot 35, Borough of The Bronx.

APPEARANCES—

For Applicant: Ralph E. Leff and G. Lazerus.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 24, 1956 subject to regular procedure, for consideration under sections 7e, 7f and 7i, previously denied under section 21; and

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; laid over to July 17, 1956, for applicant to report as to the private easement and also to file revised plans showing retaining wall and grading of plot, for further consideration by the Board; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Westchester avenue are in a retail use, D area, class 1 height district; Doris street and Glover street are in retail and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated February 14, 1956 acting on N.B. Applic. 287-56, reads:

"1. In a retail district the proposed 'Gasoline service station, lubritorium, motor vehicle repairs, car wash, storage & sale of accessories, office, heater rm., toilets, parking of motor vehicles on unbuilt portion of lot', is contrary to Sect. 4-A of the Zon. Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 190 ft. frontage by 66.21 ft. in depth, now vacant; that it is proposed to construct a one story building for office and sales of auto accessories, lubritorium, car wash and incidental motor vehicle repairs, with hand tools only; that no welding or spraying will be done on the premises; that it is also proposed to construct and maintain for a term of 15 years, a gasoline service station with curb cuts and with incidental parking of more than five motor vehicles while awaiting servicing; that all of said uses will be located entirely within the retail district; and

WHEREAS, the applicant states that the affected premises consist of a vacant plot of ground situated on the north side of Westchester avenue between Doris avenue and Glover street; that the property has a frontage of 190 ft. on Westchester avenue and a depth of 66 ft. 2 in. on Doris street, and 67 ft. 1 1/4 in. on Glover street; that the property is presently zoned as a retail use district, D area and class 1 height district; that prior to April 26, 1945 the property was zoned as a business district and the present use designation became effective on April 26, 1945; and

WHEREAS, the applicant contends that Westchester avenue is a principal traffic artery carrying a heavy volume of through traffic in a northerly and southerly direction; that the existing gas stations on the northerly side of West-

chester avenue are not now sufficient to meet the demands of the area; that in fact, there are no stations on the northerly side of Westchester avenue in the neighborhood in which this property is located; that existing conditions in the area indicate that the granting of this application will not adversely affect the area; that an elevated subway traverses Westchester avenue where the property is located; that the southeasterly corner of Havemeyer avenue and Westchester avenue, which is directly opposite the property in question on the other side of Westchester avenue is now used for a gas station; that the triangular parcel of property located on the southwesterly corner of Westchester avenue and Havemeyer avenue, which is diagonally across the street from the property in question, is also used for a gas station; that the property along the northerly side of Westchester avenue between Glover and Parker streets, which is the blockfront immediately to the east of the property in question, is devoted principally to factory and store buildings; that the property on the southerly side of Westchester avenue between Munn avenue and Parker street also contains factory and store buildings; that almost all of the other property along Westchester avenue in the immediate neighborhood is vacant; that there is no demand for the construction of residences at this location because the elevated structure on Westchester avenue is not conducive to residential purposes, nor is there any demand whatever for additional stores; that the shopping centers along Westchester avenue are bunched at the subway stations, several blocks to the east and west of the property in question and even there, there are store vacancies; and

WHEREAS, the applicant further contends that an application for a gas station on behalf of the present owner of record was made under section 21, in 1934; that it was denied at that time because there was no showing of practical difficulties and unnecessary hardship within the meaning of section 21 and because it was believed at that time that once the then unsettled conditions became settled, there would be no difficulty in financing and constructing a conforming use; that although more than 20 years have elapsed since that time, this owner has not found it possible or economically desirable to construct and finance a conforming use; that the land has remained vacant for 22 years without any income whatsoever; that since that time the Board has permitted the property diagonally across the street at the southeast corner of Westchester avenue and Havemeyer avenue to be used for a gas station; that since 1934 the traffic on Westchester avenue has become greater with a consequently greater need for a gas station, while the value of the property and its possibility for a conforming purpose has decreased; that the City of New York, which assessed the property for \$36,100 in 1934 has now assessed it for but \$25,100, thereby recognizing the trend of land values along Westchester avenue in this area; and

WHEREAS, the applicant further contends that the proposed structure will be erected and maintained under such conditions as will safeguard the character of the area; that the exterior will be constructed entirely of face brick, metal trim and plate glass; that the pumps will be of the approved parkway type and will provide an open and attractive area; that the pumps and curb cuts will be located entirely on Westchester avenue so as not to affect any residential character which Doris or Glover streets may have; that the proposed structure will be one story in height, thus insuring to owners of surrounding properties permanent light, which such structures would not derive from a large conforming structure; that a 3 ft. high steel picket fence will be constructed over a 3 ft. high brick base along the entire perimeter of the property on Doris street, Glover street and at the rear boundary, other than the portion of the rear boundary on which the one story building will abut; that shrubbery and landscaping will be provided along the inner sides of the entire brick wall and steel picket fence; that all open areas, other than the portion devoted to landscaping will be covered with black top paving; that the proposed motor vehicle repairing will consist of minor repairs with hand tools only and will be confined to the interior of the

MINUTES

building; that the limitation of the term of the proposed use to 15 years will serve as a protection to the neighborhood in the future in the event that its present character should change, although such change would appear to be most unlikely; and

WHEREAS, the applicant states that the present owner has held title to the property since 1932 and that the assessed valuation of land is \$25,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f and i of the zoning resolution; and

Resolved, that the decision of the borough superintendent, dated February 14, 1956, acting on N.B. Applic. 287/56, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

165-48-BZ—Vol. IV

APPLICANT—Paul Trapani, for Estate of Victor and Concetta Minichiello (Eledeliza Oliver, Executrix), owner.

SUBJECT—Application reopened December 6, 1955 as Vol. IV—re (decision of the borough superintendent) under sections 7a, 7c and 7e of the zoning resolution, to permit in a business use district, the extension of existing gasoline service station and repair shop (hand tools only) to include automatic car wash (granted by the Board under Cal. 165-48-BZ Vol. II) but not built, and store for accessories, and reconstruction and extension of existing 2 car garage and conversion of same to auto repair shop.

PREMISES AFFECTED—2580 Gunther avenue and 1738 Gunhill road, southeast corner, Block 4494, Lots 44 and 46, Borough of The Bronx.

APPEARANCES—

For Applicant: Paul Trapani.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on December 6, 1955 subject to regular procedure, to consider extension of uses; and

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; laid over to July 17, 1956, for further inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, D area, class 1 height district; Gunther avenue is in business, local retail and residence use, D area, class 1 height districts; Gunhill road is in business and local retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 18, 1956 acting on Alt. Applic. 972-54, reads:

"1. In a business district the extension of the existing gas station & repair shop (hand tools only) to include car washing (granted by Bd. of S & A Cal. No. 165-48-BZ, Vol. II, N.B. 696/53 but not built), and store for auto accessories is contrary to Art. II, Sect. 4 (46) & (52) Zoning Resolution and to the Bd. of S & A Cal. #165-48-BZ and 165-48-BZ, Vol. II."

and

WHEREAS, the decision of the borough superintendent, dated May 18, 1956 acting on Alt. Applic. 898-55, reads:

"1. In a business district the reconstruction and extension of an existing 2-car garage and the conversion

of same to a repair shop is contrary to Sect. 4, Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 122.16 ft. frontage by 84.13 ft. in depth, irregular, on which are located a gasoline service station, repair shop and restaurant, a 2-car garage and a 2-family dwelling; that it is proposed to extend existing gasoline service station and repair shop and erect and maintain an automatic car wash; and

WHEREAS, the applicant states that this corner plot is irregular in shape, 122 ft. on Gunther avenue, 165 ft. on Gunhill road, with an average depth of 100 ft.; that there now exist three buildings on this plot, all accessory to each other; that they consist of a one story brick building used as a gas station and restaurant and motor vehicle repair shop, a one story residence where owner lives and a two car garage; that the use zone has been unrestricted since the zoning resolution was enacted, but on November 28, 1938 the zone was changed to business; that in 1948 under Cal. No. 165-48-BZ the Board granted permission to tear down the existing gas station and open grease pit and erect a new modern gas station, restaurant and lubritorium; that this has been built and certificate of occupancy No. 6461-49 obtained; that on November 1953 an application was filed as Cal. No. 165-48-BZ, to erect a one story brick building 16 ft. 8 in. wide by 40 ft. deep, to be used as an auto laundry, as accessory to the present gas station, repair shop and diner; that this application was granted on July 13, 1954 but the building was not erected; that on December 21, 1954 under Cal. No. 165-48-BZ, Vol. III an additional application was filed to alter present building to be used for repair, an auto laundry as accessory to present gas station, repair shop and diner; that this application was granted January 18, 1955; that however, this building also has not yet been erected; that the original owner has since passed away and new owners find that they need a larger repair shop in conjunction with their work and they therefore now propose to erect the auto laundry and alter present two car garage for the new repair shop; and

WHEREAS, the applicant contends that the section is about 95% undeveloped; that within the 500 ft. radius there are only 10 buildings most of them non-conforming use, as follows: block 4806, lots 1, 6 and 7—gas station and auto washing; lots 44 and 46—blacksmith; lot 42—gas station and lot 38—auto wrecking yard; that Gunhill road is the only street in the area which is cut through; that it is the truck and passenger road for cars going to and leaving Bruckner boulevard and Hutchinson River parkway, both to the east; that since last application was filed, two new garages and gas stations are locating near him; that one of these is operating and the other is under construction; that the owner's business consists mainly in servicing trucks and while the drivers stop off at his lunchroom, they want their trucks washed and repaired; that the gas station across the street has this facility, and the owner needs this use to keep his customers; that he also needs more work space in repairing cars and trucks and rather than continue to do so on the vacant land, would like to cover the space between the proposed laundry and the present building; that in view of the fact that the owner's father has had possession of the major part of the property since 1928, 10 years before the zone change, and it is now being used as a gas station and repair shop, a non-conforming use, the proposed additional use for car washing and motor vehicle repair shop would in no way change the character of the neighborhood; that none of the adjoining streets are cut through or graded and it will be years until this section is ready for development and the owner therefore feels that he needs this additional use to supplement the income he now gets from the main use of the lot; that it is proposed to modernize the front of the present building and tie it in with the proposed extension so that it will present a unified appearance; and

WHEREAS, the applicant states that the present owner has held title to lot 46 since November, 1928 and to lot 44 since

MINUTES

September, 1952; that the assessed valuation of land is \$13,000 and of the building \$12,000 making a total of \$25,000; that the building was erected in 1929; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board, and the Board has considered what is now proposed.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 26, 1948, under Vol. I, as thereafter amended by resolutions adopted through June 14, 1955, by adding thereto:

"that in the event the owner desires further changes in the arrangement of the premises, such arrangement may be permitted as indicated on revised plans marked 'Received November 14, 1955,' 5 sheets, on condition that other than as to arrangement, the requirements of the resolution adopted June 14, 1955, shall be complied with in all respects where not inconsistent with the terms of this amended resolution; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution."

942-54-BZ

APPLICANT—Mathew Manes, for Vanlib Realty Corp., owner.

SUBJECT—Application reopened April 24, 1956 and restored to docket in accordance with the order of the Court, previously denied—re (decision of the borough superintendent) under sections 7f and 7A of the zoning resolution, to permit in a business use district for a term of fifteen years, the erection and maintenance of a gasoline service station, lubritorium, auto washing (non automatic), storage and sale of accessories and office, with a curb cut nearer the residence use district than is permitted.

PREMISES AFFECTED—144-21 Liberty avenue and 138-34 to 138-52 Lloyd road, northwest corner, Block 10020, Lot 114, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Frederick L. Flynn.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 21, 1955 after due notice by publication in the Bulletin; laid over to July 19, 1955, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Liberty avenue are in a business use, D area, class 1 height district; Lloyd road is in residence and business use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated November 23, 1954 acting on N.B. Applic. 3768-54, reads:

"1. The use of the premises as a gasoline service station, auto washing (non-automatic), lubrication, office and accessory sales in a Business Use District is contrary to Art. II Sec. 4a & 4C of the Zoning Resolution.

2. Any entrance to or exit from a business located less than 75 ft. from a residence zone is contrary to Art. II Sec. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 221.91 ft. frontage by 109.42 ft. in depth, irregular, presently vacant, except for billboards, to be removed; that it is proposed to develop the site with a modern gas station; that the proposed building will be located at the westerly portion of the site, abutting the vacant land under

the same ownership; that a steel picket fence, together with planting and shrubbery, will be provided along the west lot line and this fence and shrubbery will be returned along the Lloyd road building line down to the front of the proposed building; that planting and shrubbery, protected by a concrete curb, will also be provided at the intersection of the two streets; that pumps will be confined to the Liberty avenue frontage of the property and these pumps will be set back 18 ft. from the building line; that it is proposed to provide two small curb cuts along Lloyd road to facilitate ingress and egress; that permission to maintain one of these cuts within 75 ft. of the residence use district is the only question involved under section 7A, and since the abutting property is under the same ownership, this modification is requested; and

WHEREAS, the applicant contends that Liberty avenue in this area is a heavily travelled traffic artery with many properties within the affected area devoted to industrial uses; that there is a building material storage yard in block 10041, lot 6 and there are also open contractors' storage yards in block 10046, lots 4, 6 and 8; that the next property to the east of the site on Liberty avenue, in block 10019, lot 39, is a wire rope factory with open storage yards on both sides of the building; that there are also a number of lots with large advertising billboards, as well as other factories within the affected area; that although the tax maps show lot numbers assigned to portions of Lloyd road, this street is actually physically opened and paved for its entire length within the affected area, but there is no sidewalk or curb on Lloyd road abutting the site; that if this application is granted, sidewalks and curbs will be provided, which will benefit surrounding owners; that there has been little or no construction in this area in many years and there is therefore no demand for additional retail stores in this area; that since the only abutting property is under the same ownership as the site, and since the pumps will be confined to the Liberty avenue frontage of the property, it is felt that the proposal will not adversely affect the surrounding area; and

WHEREAS, the applicant states that the present owner has held title to the property since July 25, 1945 and that the assessed valuation of land is \$7,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision f and A of the zoning resolution; and

WHEREAS, on July 19, 1955 this application was denied by the Board under sections 7f and 7A of the zoning resolution, to permit in a business use district, for a term of 15 years, the erection and maintenance of a gasoline service station, lubritorium, auto washing (non-automatic), storage and sale of accessories and office, with a curb cut nearer the residence use district than is permitted; and

WHEREAS, on February 21, 1956, Special Term, Part I of the Supreme Court, vacated the determination of the Board, because it was claimed that objections filed were not made available to the applicant—such objections were available and would have been furnished for perusal had the applicant applied to the Chairman, and remitted proceedings to the Board for further hearing in accordance with the opinion of the Court; and

WHEREAS, the application was reopened and restored to the docket in accordance with the order of the Court, set for hearing April 24, 1956; public hearing held on April 24, 1956, then laid over to May 22, 1956 for inspection and decision; hearing closed; then to May 29, 1956, for applicant to file seven complete sets of plans; then to June 12, 1956, for inspection and decision; applicant to file additional plans, showing original conditions; then to July 3, 1956, for inspection and decision; then to July 17, 1956, for applicant to file revised plans showing a masonry wall 5 ft. 6 in. high along Lloyd road, planting on the corner and with a steel picket fence along the lot line adjoining the property of the same owner at the end toward the west; and

MINUTES

WHEREAS, on the prior application denied on July 19, 1955, the applicant showed no safeguards to protect owners on Lloyd Road but proposed entrances to the gasoline station from such residential street and proposed no walls on the building line to protect the owners from noise, lights and fumes; and

WHEREAS, on the latest application the defects of the prior application denied have been corrected as far as possible; and

WHEREAS, the objections filed have been available at all times for the applicant's persusal; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant filed revised plans designed to add protection to the owners along Lloyd road by elimination of curb cuts thereto and construction of face brick walls on the building line; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as proposed as a gasoline service station and accessory uses, substantially as proposed and indicated on plans marked "Received May 25, 1956," 4 sheets, "July 6, 1956," 1 sheet, *on condition* that all uses on the site shall be removed and the premises graded substantially to the grade of Liberty avenue, constructed and arranged substantially as indicated on above cited plans; that the accessory building shall be arranged as indicated, faced with face brick on all sides and have no cellar; that on the Lloyd road building line there shall be erected a masonry wall not less than 5 ft. 6 in. in height of face brick agreeing with brick on the accessory building on both sides and properly coped; that there shall be erected along the building line to the west from Lloyd road to Liberty avenue a woven wire fence of the chain link type, with a masonry base erected to a total height of at least 5 ft. 6 in.; that such fence shall have suitable terminating posts at either end on Lloyd road and Liberty avenue; that pumps shall be of a low approved type, erected not nearer than 15 ft. to the street building line; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that curb cuts shall be restricted to four, each 30 ft. in width to Liberty avenue, located where shown, with no portion nearer than 5 ft. to a side lot line as prolonged; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the borough president; that the premises where not occupied by accessory building, pumps and planting shall be paved with concrete or asphalt; that planting shall be of suitable material, maintained in good condition at all times and located where shown; that such planting areas shall be protected with curbing not less than 8 in. in height and 6 in. in width; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, eliminating all roof signs and temporary signs, but permitting the erection at the intersection of a post standard to support a sign which may be illuminated, advertising only the brand of gasoline sold, which sign may extend beyond the building line not more than 4 feet; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that sidewalks and curbing abutting the premises shall be constructed or repaired as the Borough President shall require; that where unbuilt upon the premises shall be paved with concrete or asphalt pavement; and that under Section 7A any curb cuts or signs nearer to the residence district than permitted are hereby granted as proposed and indicated on plans; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

953-55-BZ

APPLICANT—Moritz Simon, for Pem Realty Corp., owner (Seymour Chasanoff, lessee).

SUBJECT—Applicat.on December 2, 1955—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the maintenance of an existing dry cleaning establishment in the first story corner of a 5 story Class A Multiple Dwelling. THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height ditrict; Wadsworth avenue and West 175th street are in business and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 23, 1955 acting on Alt. Applic. 984-55, reads:

"A1. Dry cleaning establishment in the 1st Sty. corner store is contrary to Art. II Sec. 3 of the Zoning Resolution as building is located in a Residence Zone."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, on which is located a five story, class A, multiple dwelling and stores; that it is proposed to maintain dry cleaning establishment in 1st story store of five story, class A multiple dwelling; and

WHEREAS, the applicant states that a five story, non-fire-proof structure was erected in 1910 under N.B. 236-10 as a class A multiple dwelling with a total of 24 apartments and one store on the first floor; that as the result of the adoption of the zoning resolution in 1916 the premises were placed in a residence use zone with 1½ height district and a B area district; and

WHEREAS, the applicant contends that in the past the store has been used by various retail trades and since 1947 as a tailor store with a class A dry cleaning establishment; that an approved dry cleaning unit was installed by the Secomatic Corporation for the use of non-flammable and non-combustible solvent with a flash point less than 138°F; that in 1953 the present occupant of the cleaning store replaced the Secomatic dry cleaning unit by a Detrex dry cleaning process Model 526, approved by the Board under Cal. No. 681-51 SA, using solvent which is also non-flammable and non-combustible; that the occupant has complied with all rules covering dry cleaning establishments pursuant to the zoning resolution of the City of New York, adopted by the Board on July 15, 1955, effective August 10, 1955; that the occupant does not own any other dry cleaning establishments and performs his services directly for consumers, who deposit their garments for cleaning and repair; that since the use of this store is permissible in a non-conforming use district, the owner and lessee have acted in good faith and assumed that this store can be used for the same purpose and use allowable for stores located in retail and restricted retail districts; that no certificate of occupancy was issued; and

WHEREAS, the applicant states that the present owner has held title to the property since 1940; that the assessed valua-

MINUTES

tion of land is \$25,000 and of the building \$50,000 making a total of \$75,000; that the building was erected in 1910; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the owner states that the presently used dry-cleaning unit is of a make approved by the Board and has a capacity of sixty pounds; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e for a term of five years to permit the continuation of the existing use as a neighborhood dry cleaning store complying with the rules of the Board and using a dry cleaning fluid having a flash-point of not less than 138°F on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this resolution for such uses as shown on plans filed with this application marked "Received December 2, 1955", 9 sheets.

999-55-BZ

APPLICANT—Leonard F. Rothkrug, for Eugene Flotteron, doing business as E. Flotteron and Sons Lumber Co., owner.

SUBJECT—Application December 20, 1955 (decision of the borough superintendent), under sections 7c and 21 of the zoning resolution, to permit in a business use district the maintenance of existing uses of display and sales and storage of building materials, with proposed extension to the existing building for off-street loading and unloading, using more than the area permitted, also the maintenance of a proposed carpenter and woodworking shop, equipped with power saws, spindler, drill press and joiner.

PREMISES AFFECTED—97-107 Lancaster avenue, 2596-2608 Coney Island avenue and 820-830 Avenue W, southwest corner, Block 7184, Lot 26, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Joseph A. Russo.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; laid over to July 17, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Lancaster avenue and Avenue W are in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated December 7, 1955 acting on Alt. Applic. 1357-52, reads:

"13. Repeated—proposed use of premises for display & sales of bldg. materials, storage of two trucks, open yard for storage of bldg. materials, no lumber stored in open yard. One loading berth 36'-2" x 39'-2" & carpenter and woodworking shop equipped with power saws, spindler, drill press and joiner, violates Art. II sect. 4a, par. 31 of Zoning Resolution.

14. Repeated—aggregate area of structures on lot (with a permitted deduction of a maximum of 396 sq. ft. for a truck loading berth) located in a "D" area district, exceeds permissible area and is contrary to Art. IV sect. 14 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. 8¾ in. frontage on Coney Island avenue, 100 ft. 4¾ in. on Avenue W and 100 ft. 2 in. frontage on Lancaster avenue, on which is located a one story building of class 3 construction, 30 ft. front on Coney Island avenue by 60 ft. front on Lancaster avenue, 10 ft. 6 in. in height, used independently occupied by a tenant of the owner (and not affected by this appeal) under certificate of occupancy No. 125977, issued April 4, 1950 after completion of work under N.B. 2098-46 for light manufacturing of tailoring line and office, with an occupancy of 30 persons; that there is another one story building located on the premises, of class 3 construction, 28 ft. 3 in. front by 100 ft. irregular in depth, 13 ft. and 14 ft. 11 in. in height, erected under N.B. 573-47 and occupied by the owner under certificate of occupancy No. 127096, issued August 22, 1950, as follows: carpenter shop, display, sales and storage of building materials; storage of 2 trucks, boiler room; (note—gasoline pump for owners use only—no gasoline to be sold. No lumber to be stored in open space. No power driven saw or planer to be used); that there is another one story building located on the premises 39 ft. 10½ in. front on Coney Island avenue by 100 ft. irregular in depth, 15 ft. and 12 ft. in height, erected by the owner under N.B. 254-51 and occupied in accordance with certificate of occupancy No. 132055 issued April 2, 1952, as follows: office, showroom, storage and sales of building materials, lumber, hardware, cabinets—no storage of lumber in open yard; that on the vacant portion of the land the owner obtained certificate of occupancy No. 140784 after completion of work under Alt. Applic. 5042-53 issued September 10, 1954 as follows: storage of building materials (brick, sand, blocks); no lumber stored in open yard; that it is now proposed to consolidate the three last described certificates of occupancy (all affecting the owner and his use of the premises in the operation of his business) and to permit in addition to the uses permitted, the use of power tools; and

WHEREAS, the applicant contends that the owner purchased this land originally for use in conjunction with his building contracting business; that subsequent to the purchase in 1946, the owner went into the business of selling builders' and contractors' supplies; that all the uses proposed are conforming uses in a business use district, except the accessory use of power tools; that there is no lumber to be stored in the open yard and any and all use of power tools are to be confined to a small area within the building; that there are no openings along the lot lines; that the business conducted is not the business ordinarily understood as a "saw mill"; that for the most part, the lumber that is purchased is already cut to size and sold without further cutting; and

WHEREAS, the applicant states that it is proposed to erect an extension to the existing building for off-street loading and unloading; that this area is presently vacant; that in accordance with Art. IV section 19h where provision is made for parking or unloading within a building, the area of such parking and unloading facilities may be added to the area permitted to be occupied by the first floor of the building; that the area of the plot is 20,000 sq. ft.; allowable coverage—12,500 sq. ft.; existing coverage—12,377 sq. ft.; area of proposed loading berth—1132 sq. ft.; that if the rule of the department of buildings is to be given effect then only 396 sq. ft. is permitted coverage and the proposed construction is 613 sq. ft. in excess of the permitted coverage; that the nature of the business conducted on the premises is such as to require more than the minimum sized loading berth; that it would be uneconomical and unattractive to erect an irregularly shaped extension and

WHEREAS, the applicant states that the present owner has held title to the property since November 13, 1946 and June 17, 1950; that the assessed valuation of the land is \$22,000 and of the buildings \$32,000 making a total of \$54,000; that the buildings were erected in 1947; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section

MINUTES

7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is *granted* under Section 7c as to use and Section 21 as to area, to permit the extension of the building for off street loading and unloading, substantially as proposed and indicated on plans marked "Received December 20, 1955", 4 sheets, and "June 26, 1956", 1 sheet, *on condition* that the extension shall be limited to the proposed one story addition at the rear of the site facing Lancaster avenue; that such construction and use shall comply with all laws, rules and regulations applicable thereto other than as herein modified and shall be used solely for an unloading and shipping space in connection with the adjoining woodworking establishment; that the said woodworking establishment now existing on the premises may be continued with the use of a swing saw and other woodworking tools as proposed and shown on above cited plans; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

18-56-BZ

APPLICANT—Robert Teichman, for Broadway-Lafayette Corp., owner.

SUBJECT—Application January 3, 1956—(decision of the borough superintendent) under section 7f of the zoning resolution, to permit in a business use district, proposed use of a cellar and basement as a garage for parking and storage of more than 5 motor vehicles, in a 12 story and basement office building.

PREMISES AFFECTED—346-348 Broadway, east side, from Leonard street to Catherine lane and Lafayette street and 50 Lafayette street, Block 170, Lot 6, Borough of Manhattan.

APPEARANCES—

For Applicant: Robert Teichman and Eugene M. Seccia.

For Opposition: Karl W. Glugatch.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 3

Negative 0

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Broadway and Catherine lane are in a business use, B area, class 2½ height district; Leonard street and Lafayette street are in a business and residence use, B area, class 2½ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 19, 1955 acting on Alt. Applic. 1398-55, reads:

"2. Garage for more than 5 motor vehicles is not permitted in a business use district, Art. II, PP. 4a(15)." and

WHEREAS, the applicant states that the premises consist of a plot, 60 ft. frontage by 400 ft. in depth, on which is now located a 12 story and basement office building of class 1 construction, 60 ft. front by 400 ft. depth; that it is proposed to use cellar and basement for the parking and storage of more than five motor vehicles; and

WHEREAS, the applicant states that this structure was erected as a fireproof building in 1895 for the New York Life Insurance company as their main office and was used and occupied by them as such for a good many years, and after they vacated the premises the building was occupied by various city departments until the early 1950's, when the present owner bought the building; that the office use was continued throughout the building with the exception of the cellar and west half of the basement, which is and has been used for storage space; that the present tenants in the building, the Navy department, are anxious that the owner provide parking space in the building for themselves and their clientele; that the owner has had plans prepared and approved by the department of buildings under Alt. No. 1398-55 to provide such parking space for more than five cars by the tenants, their employees, customers or patrons in the former storage space located in the cellar and west half of the basement; that in order to make this space available for the use of parking cars will require an expenditure of approximately \$100,000, which expenditure would not justify a limited use of the parking space for only the tenants, unless outside parking is permitted; that the owner is compelled to make this appeal in order that the proposed space so converted to parking use for the tenants shall also be available to outside parking; and

WHEREAS, the applicant contends that the proposed parking entrance and exit for this building is to be located on Leonard street where two elevators will provide service to the cellar; that the traffic on Leonard street is westerly and comes in from Lafayette street, and the proposed exit will be westerly on Leonard street toward Broadway; that in 1916 all the streets bounding this property were in an unrestricted use district and remained so until June 30, 1952 when the use was changed to business and this use remains the same to date; that the proposed parking space will be sprinklered and provided with mechanical ventilation and all work done will comply with building department and fire department rules and regulations; that the granting of this appeal will relieve the street parking situation and will also obviate the parking problem of the tenants in this building and enhance the business potentialities of the immediate neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since March 3, 1952; that the assessed valuation of land is \$900,000 and of the building \$1,550,000 making a total of \$2,450,000; that the building was erected in 1895; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant changed the basis of his application from Section 7e to 7f of the Zoning Resolution; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f, for a term of fifteen years, to permit part of the basement and the cellar of subject premises to be occupied as a garage, substantially as proposed and indicated on plans filed with this application, marked "Received January 3, 1956", 9 sheets, *on condition* that the construction of this part of the building where garage use is proposed shall be fireproof throughout and protected with a sprinkler system; that the entrance shall be as proposed only from Leonard street with three doors located where indicated and with elevators for taking cars to the lower level located as shown; that there may be three curb cuts opposite such doors for entrance and egress, each not over 20 feet in width; that no sign shall be erected on the building, except there may be signs at the entrance, not illuminated and not extending beyond the building line, advertising the storage use for motor vehicles and such other information required by the Commissioner of Licenses; that any boiler room in the subcellar shall be separated from the cellar floor by fireproof construction and enterable only

MINUTES

from the exterior; that there shall be no sale of gasoline or other motor vehicle supplies and no servicing or repairing done on the premises; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

77-56-BZ

APPLICANT—Goldwater and Flynn, for Eighty East End Corp., owner.

SUBJECT—Application February 1, 1956—(decision of the borough superintendent) under sections 21 and 7c of the zoning resolution, to permit in a residence use, B area district, the proposed use of the cellar and first floor of a proposed 19 story and penthouse, class A multiple dwelling, for banking quarters, also the area of the new building exceeding the permitted coverage at the first floor.

PREMISES AFFECTED—80-86 East End avenue and 535-539 East 83rd street, northwest corner, Block 1580, Lots 21-26 inclusive, Borough of Manhattan.

APPEARANCES—

For Applicant: L. R. Colman and Samuel Rosenblum.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; laid over to July 17, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East End avenue and East 83rd street are in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated January 13, 1956 acting on amendment to N.B. Applic. 175-55, reads:

"1. Proposal to use the cellar and first floor for banking quarters in a bldg. located in a Residence District is contrary to Sec. 3 Art. II Zoning Resolution.

2. Area of new building at first floor exceeds the permitted coverage as per Sec. 12(b) Art. IV Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 102 ft. 2 in. frontage by 148 ft. in depth, on which are located five 5-story tenement houses and stores, now being demolished; that two of the seven lots are already vacant; that it is proposed to erect a bank on the 1st floor which will cover an area of about 40 ft. by 130 ft. fronting on East End avenue and East 83rd street, respectively; that it is also proposed that the bank use a portion of the cellar covering an area of approximately 79 ft. by 54 ft. on the East 83rd street and East End avenue sides, respectively; that negotiations have already been completed with a recognized New York banking institution for a 21 year lease with options to renew for an additional 20 year period, subject of course to the granting of a variance by the Board; and

WHEREAS, the applicant states that the plot comprises a total of 7 city lots, of which two, on East 83rd street, are at present vacant; that the buildings which had been erected on these two lots were demolished prior to the filing of the plans for the proposed multiple dwelling; that the remaining buildings on East End avenue and on East 83rd street have non-conforming uses on the street floor consisting of retail stores; that although the area along East End avenue, including the premises in question are in residence district, most of all of these premises have non-conforming uses; that the proposed fireproof dwelling is to be of a type com-

parable to the many new residential dwellings which have been erected in this area; and

WHEREAS, the applicant further states that the existing multiple dwellings and stores were erected in 1889; that they were renovated in 1933 and new store fronts provided; that after completion, certificates of occupancy were issued for each unit numbered 19252, 19253, 19254 and 19255, each providing for stores on 1st floor and apartments on 2nd to 5th stories; that there have therefore been business uses in these premises for a period of over 60 years; that the area of the lot 148 ft. by 102 ft. 2 in. equals 15,120.67 sq. ft.; that the allowable area is 10,578.43 sq. ft.; that the unoccupied area required is 4,542.24 sq. ft.; that the actual unoccupied area is 4,574.43; that the excess area requested on the 1st floor for two courts on the East 83rd street side in order to have a straight alignment for the bank's street wall, is as follows: Court I. 30' x 14.25'—427.50 sq. ft. and, Court H., 8.67' x 4'—34.68 sq. ft., or a total of 462.18 sq. ft. on 1st floor only; and

WHEREAS, the applicant contends that the bank will serve a very important public need in this area and should be most welcome to all of its residents as banking facilities are not conveniently accessible; that it is believed that the proposed bank, which will be designed in such architectural fashion as to fit in with the proposed multiple dwelling, will substantially improve the neighborhood and will present a far more attractive site than the many types of retail stores now in existence such as grocers, markets, dry cleaning establishments, etc.; that the excess coverage referred to in item 2 of the objection received from the department of buildings merely relates to two courts on the 1st floor; that this excess coverage is proposed in order to permit a uniform alignment with the walls of the bank; that above the 1st floor, the courts will be maintained for the multiple dwelling; that the excess coverage, limited to such 1st floor, in all is under 500 sq. ft.; and

WHEREAS, the applicant states that the present owner has held title to the property since September 30, 1955; that the assessed valuation of land is \$156,500 and of the buildings \$63,500 making a total of \$220,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that Section 12(b) is not applicable as the building is not proposed to be occupied for residence use throughout, as the lower story is proposed to be occupied for business purposes; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is granted under Section 7c as to use and Section 21 as to extension of area, to permit the one-story addition of the proposed building to accommodate the banking quarters, as proposed and as indicated on plans filed with this application, marked "Received February 1, 1956", 3 sheets, "March 20, 1956", 2 sheets, "May 16, 1956", 5 sheets, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

107-56-BZ

APPLICANT—Abraham Grossman, for 119 East 75th Street Corp., owner.

SUBJECT—Application February 15, 1956—(decision of the borough superintendent) under sections 7a, 7c and 21 of the zoning resolution, to permit in a restricted retail and

MINUTES

residence use district, the proposed reconstruction and use of the roof of an existing public garage, for parking of more than 5 motor vehicles.

PREMISES AFFECTED—115-119 East 75th street, north side, 85 ft. west of Lexington avenue, Block 1410, Lot 11, Borough of Manhattan.

APPEARANCES—

For Applicant: Abraham Grossman and David Hammer.
For Opposition: David Robbins, W. L. Sperry, Nathan Strunsky and Gilbert T. Shanles.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly .. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 75th street are in restricted retail and residence use, B area, class 1½ height districts; Lexington avenue is in a restricted retail use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated January 18, 1956 acting on Alt. Applic. 1715-55, reads:

"1. Proposed use of roof for garage purposes in residence and restricted retail use districts is an extension of a non-conforming use contrary to Art. II, Sec. 3 and 4B of Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 70 ft. frontage by 102 ft. 2 in. in depth; that it is proposed to remove the existing penthouse, extend the present elevator to the roof, remove the present wooden roof beams and construct a fireproof roof; that the roof is to be used for the parking of more than five motor vehicles; and

WHEREAS, the applicant states that this building is a three story, cellar and penthouse structure, erected in 1889, with a frontage of 70 ft., depth 98 ft. and a height of 44 ft., to be used as a stable; that it was converted from a stable into a public garage in 1912 and certificate of occupancy No. 3750-23 was issued January 10, 1923 for this use; and

WHEREAS, the applicant contends that the additional, parking garage facilities are needed to accommodate motor vehicles due to the urgent need of parking space in this locality; that the added storage and parking is a need recognized by the mandatory requirements of section 19B of the zoning resolution; that the building will not be increased in height and only passenger cars will be stored and parked on the roof; that the juvenile population in this neighborhood is very low so that any increase in the traffic caused by the increased parking facility will not constitute a serious hazard; and

WHEREAS, the applicant states that the present owner has held title to the property since February 18, 1947; that the assessed valuation of land is \$100,000 and of the building \$50,000 making a total of \$150,000; that the building was erected in 1889; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision a and c of the zoning resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on Alt. App. 1715-55, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

108-56-A

APPLICANT—Abraham Grossman, for 119 East 75th Street Corp., owner.

SUBJECT—Application February 15, 1956—Appeal from a decision of the borough superintendent re non-fireproof construction.

PREMISES AFFECTED—115-119 East 75th street, north side, 85 ft. west of Lexington avenue, Block 1410, Lot 11, Borough of Manhattan.

THE RESOLUTION

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Sterling place are in a residence use, C area, class 1 height district; Kingston avenue is in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated March 26, 1956 acting on Alt. Applic. 385-56, reads:

"1. The extension of a non-conforming use is contrary to Art. II Sec. 3 of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 ft. frontage by 74 ft. 8 in. in depth, on which is located a 3 story building of class 3 construction, 20 ft. front by 55 ft. in depth, occupied by a store on the 1st floor and two families, one on 2nd and one on 3rd; that it is proposed to extend store on 1st floor and alter building for use by 4 families, 2 on 2nd floor and 2 on 3rd floor; and

WHEREAS, the applicant states that under F.E. Applic. 1260-1942 the building was accepted as a heretofore converted dwelling because the store tenant resided in the rear of the store, but under P & D Repair Slip No. 703-1944 the building was again occupied as 2 families and store; that small store keepers years ago were required to devote long hours to their business and in order to cut down expenses arranged to reside on the premises, usually in back

MINUTES

of the store; that the housing department in their "Cycle" therefore accepted this as a converted 3-family dwelling and required the additional means of egress; that the owner, in his innocence of the requirements of law, complied with this requirement, never realizing that he might jeopardize his rights to business use on the entire floor; that the legal occupancy is 3-family and store; that however, since the entire first floor was erected for business purposes and since the P & D repair slip in the building department indicated that the building was again occupied by two families and store in 1944, the owner felt that he was within his legal rights to use the entire 1st floor for business; that when plans were filed under Alt. Applic. 385-56 to maintain the store on the entire 1st floor, as an existing condition, and create 4 apartments on the upper 2 floors, the department of buildings objected on the ground that the extension of a non-conforming use is contrary to article 2, section 3 of the zoning resolution; and

WHEREAS, the applicant contends that the store in question has been occupied by the present tenant for over 10 years as a grocery with fixtures throughout and it would be an extreme hardship on the part of the owner and tenant to comply with the requirements of the building department; that it is felt that the owner never gave up his legal rights of store and storage when a tenant resided in the rear of the store for a short time and that it is within the province of the Board to grant a modification to permit the maintenance of the existing use; that if necessary the owner will reinforce the rear portion of the 1st tier of beams and fire-retard the entire 1st floor ceiling; and

WHEREAS, the applicant states that the present owner has held title to the property since May, 1933; that the assessed valuation of land is \$4,200 and of the building \$8,300 making a total of \$12,500; that the building was erected in 1910 under N.B. Applic. 3343-10; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the grocery store use to be extended throughout the first floor as proposed and as indicated on plans filed with this application marked "Received April 19, 1956", 5 sheets, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within the requirements of Section 22A of the zoning resolution.

Adjourned: 4:50 P.M.

Joseph J. Doyle, *Chief Clerk*

REGULAR MEETING

TUESDAY AFTERNOON, JULY 17, 1956, 2 P. M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of July 9, 1946 in accordance with the above report.

557-39-SA

APPLICANT—Harold Massey, for American-Radiator and Standard Sanitary Corp., owner.

SUBJECT—Application reopened June 2, 1954—re 2 GA Standard Ideal Gas-fired Boiler, approval of.

APPEARANCES—

For Applicant: H. D. Balsinger.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 557-39-SA.

Subject: 2 GA Standard Ideal Gas-fired Boiler.

Harold Massey filed for American Radiator and Standard Sanitary Corp., owner-manufacturer, an application with the Board of Standards and Appeals on May 3, 1939 for approval of the 2 GA Standard Ideal Gas-Fired Boiler under the provisions of Article 12, Administrative Building Code. The application subsequently was up for dismissal at various times for lack of prosecution but was removed from the dismissal list at the request of the applicant and restored to the docket by a vote of the Board June 2, 1954.

Purpose

A gas fired boiler for hot water heating system.

MINUTES

Description

The 2-GA Standard Ideal Gas-fired Boiler is a vertical cast iron sectional boiler manufactured for use with a domestic hot water house heating system. Sections are assembled at the factory with push nipples and tie rods. Basic equipment consists of raised drilled port burners with gas valve electrically operated from a room thermostat and mechanically controlled by a water temperature regulator. Gas burners are completely surrounded by cast iron water-backed surfaces. Combination altitude gauge and thermometer is standard equipment. Thermostatic safety pilot and draft diverter furnished on all models.

Boiler is insulated with 1" asbestos air-cell insulation. Entire boiler insulation is enclosed within gray vitreous enamel jacket. Throttling, limit and safety pilot controls function independently of current supply, and are integrated so as to function automatically. The boiler has been approved by the American Gas Association, Certificate No. 4(131.0.1&6) .001, .002, .003, & .004.

Inspection and Test

The appliance was inspected at the premises of the applicant, 50 West 40th Street, by Asst. Engr. G. F. Sklenarik, Committee on Test and H. D. Balsinger of American Standard. The details of construction were compared with the data submitted and found to conform.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the 2-GA Standard Ideal Gas Fired Boiler for use in New York City when installed and operated in accordance with this report and the provisions of Article 12, Administrative Building Code provided each boiler bears a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 557-39-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

REPORT ON COMMITTEE ON TEST

Re: Cal. 620-39-SM

Subject: Amendment to resolution as to additional plants.

United States Gypsum Company, New York requested by letter dated January 10, 1956 that the resolution adopted April 22, 1941 and amended at various times through June 2, 1954 be amended so as to extend the approval of the material as manufactured as additional USG plants.

Description

The Board approved under Cal. 620-39-SM was manufactured at the USG New Brighton, Staten Island plant. The requested plants are located at Oakfield, New York; Stony Point, New York; Philadelphia, Pa.; Boston, Mass. and Fort Dodge, Iowa. There is no change in the material or construction of the board and all the board complied with the ASTM and Federal Specifications for Sheathing Board.

Recommendation

The Committee on Test recommends that the resolution adopted April 22, 1941 and amended at various times through June 2, 1954 under Cal. No. 620-39-SM be amended so as to extend the approval granted to the board manufactured at the applicants, New Brighton plant to the board manufactured at the applicants additional plants located at Oakfield, New York; Stony Point, New York; Philadelphia, Pa.; Boston, Mass. and Fort Dodge, Iowa on condition that the requirements of the resolution adopted April 22, 1941 and as amended through June 2, 1954 under Cal. No. 620-39-SM be complied with.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of April 22, 1941 through June 2, 1954 in accordance with the above report.

1439-39-SM—Vol. II

APPLICANT—Imperial Brass Manufacturing Co., owner.
SUBJECT—Application reopened November 15, 1955 as Vol. II—Imperial Vacuum Breaker, Model M-1314 (to be used in conjunction with direct flushing valves), approval of.

APPEARANCES—

For Applicant: None.
ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 1439-39-SM Vol. II

Subject: Amendment to resolution as to additional model M-1314.

Imperial Brass Manufacturing Company, Chicago, Illinois requested by filing an application dated June 23, 1955 that the resolution adopted June 2, 1940 under Cal. No. 1439-39-SM Vol. I be amended to include the model M-1314 Vacuum Breaker to be used in conjunction with a flush valve. The application was reopened by a vote of the Board November 15, 1955 under Cal. No. 1439-39-SM Vol. II.

Purpose

The appliance is a vacuum breaker used for the prevention of back siphonage.

Description

The vacuum breaker consists of 1½" tubing tail piece, a 1½" compression nut and an insert which is fitted into the lower portion of the nut.

At the upper end of the tail piece is arranged four elongated holes ¼" in width and 13/16 inches in length which act as air inlet holes.

MINUTES

The insert consists of a concave brass washer having four holes for the waterway and a synthetic rubber unit fitted adjacent to the bottom of the brass washer. The rubber unit is also fitted around the edge of the brass washer which is notched on opposite sides to hold the rubber washer in its proper position. The center of the concave rubber washer has a four way slotted portion to allow water to flow through the unit. When water ceases to flow or when a vacuum may occur the slotted portion returns or is drawn back against the brass washer forming a check valve.

Within the upper part of the tail piece an insert is arranged with the lower end of the insert soldered into the tail piece just below the four air inlet holes. Extending upward $\frac{1}{4}$ " is a $\frac{15}{16}$ " orifice having a $\frac{1}{8}$ " seat. The rubber member travels between the bottom of the brass washer and the periphery of the seat which closes off the air inlet holes when water is flowing.

The $\frac{1}{2}$ " nut having an extended skirt to cover the air inlet holes is designed inside with a shoulder which acts as a stop for the outlet of the flushometer valve. Below the stop is a recess which retains the concave brass washer and rubber unit. The stop is designed to prevent the nut from screwing onto the valve an excessive distance which would distort the rubber check valve and would prevent its proper travel for the function of the air inlet for the vacuum breaker.

Inspection and Test

Details of the vacuum breaker were examined by Asst. Engr. J. A. Darts Committee on Test and J. Finnerty and E. Bauman Dept. of Water Supply, Gas & Electricity. The present model was compared with the model previously approved.

Recommendation

On the basis of the inspection the Committee on Test recommends that the resolution adopted June 2, 1940 under Cal. No. 1439-39-SM Vol. I be amended so as to include the model M-1314 Vacuum Breaker on condition that the requirements of the resolution adopted June 2, 1940 under Cal. No. 1439-39-SM Vol. I be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,

190-47-SM

APPLICANT—Detroit Steel Products Company, owner.
SUBJECT—Application reopened September 14, 1954—re amendment to resolution as to additional sections of Detroit Steel Roof Sections—re Fenestra Holorib Roof Deck; previously approved.

APPEARANCES—

For Applicant: Robert J. Knopf and Ralph H. Stoos.
ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 190-47-SM

Subject: Amendment to resolution as to additional sections of Detroit Steel Roof Sections.

Detroit Steel Products Company, New York requested that the resolution adopted December 16, 1947 and amended November 1, 1949 under Cal. No. 190-47-SM be amended so as to include additional sections of Detroit Steel Roof Deck. The application was reopened by a vote of the Board September 14, 1954.

Description

The material is similar to the material approved under Cal. No. 190-47-SM.

The section properties of the requested sections are as follows:

1. 18 Gauge Econorib—
Section Modulus = 0.178; Moment of Inertia = 0.198
2. 20 Gauge Econorib—
Section Modulus = 0.132; Moment of Inertia = 0.142
3. $4\frac{1}{2}$ E 14 Galvanized—
Section Modulus = 2.04; Moment of Inertia = 5.37
4. $4\frac{1}{2}$ E 16 Gauge Galvanized—
Section Modulus = 1.61; Moment of Inertia = 4.01
5. $4\frac{1}{2}$ E 18 Gauge Galvanized—
Section Modulus = 1.26; Moment of Inertia = 2.99

Inspection and Test

Samples of the materials were tested in the presence of Comm. E. W. Kleinert Committee on Test. The samples were tested in accordance with the requirements of C26-626.0 Administrative Building Code and the test was used as a check to see if the design complied with the requirements of the American Iron & Steel Institute for the Design of Light Gage Steel Members. Results were as follows:

1. 18 Gauge Econorib 7'-0" Span—40 lbs./sq. ft.
2. 20 Gauge Econorib 6'-8" Span—33 lbs./sq. ft.
3. $4\frac{1}{2}$ E—14 Gauge Galv. .. 22'-0" Span—40 lbs./sq. ft.
4. $4\frac{1}{2}$ E—16 Gauge Galv. .. 20'-0" Span—43 lbs./sq. ft.
5. $4\frac{1}{2}$ E—18 Gauge Galv. .. 16'-0" Span—43 lbs./sq. ft.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends that the resolution adopted December 16, 1947 and amended November 1, 1949 under Cal. No. 190-47-SM be amended so as to include the sections as herein described for spans and loads as described under Inspection and Test on condition that the requirements of the resolution adopted December 16, 1947 under Cal. No. 190-47-SM be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman
EDWIN W. KLEINERT,
Commissioner,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of December 16, 1947 and November 1, 1949 in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 735-48-SA Vol. II

Subject: Mettler Fan-Air Packaged Gas Burner, Models 4FR through 42F3.

Gale Engineering Company, New York for Mettler Company, Inc., Division of Eclipse Fuel Engr. Company, Los Angeles, California requested by filing an application dated February 24, 1955 that Cal. No. 735-48-SA Vol. I be reopened for consideration of the Mettler Fan-Air Packaged Gas Burner, Models 4FR through 42F3. The Board reopened the application March 15, 1955 under Cal. No. 735-48-SA Vol. II as Cal. No. 735-48-SA Vol. I was dismissed October 5, 1954 for lack of prosecution.

Purpose

The appliance is a gas burner for domestic or commercial installation.

Description

The burner is of the motorized mechanical draft automatic type embodying a low pressure burner manifold of multi jet, multi port type with refractory facing for application in the horizontal manner.

The burner is complete with valves, fan, air register, control mechanism, pilot and pressure regulator.

The gas valve is of the electric diaphragm governor type, and is electric solenoid operated which assures a slow opening acting.

The burner is also equipped with an ignition transformer with a 6000 volt secondary voltage to ignite burner pilot. The burner is also equipped with an electronic flame failure system embodying the following features. Electronic safety pilot employing rectification principle and so installed as to provide spark ignition, 100% fuel-shut-off in the event of pilot flame failure. By employing the solenoid in the pilot line, the flow of gas to the pilot is secured preventing the admittance of gas to the furnace unless pilot flame is established.

Inspection and Test

The appliance was inspected and tested by Asst. Engr. J. A. Darts Committee on Test at 176 Remsen Street, Brooklyn, New York. The appliance operated as designed and the controls functioned as designed.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Mettler Fan Air Packaged Gas Burner, Models 4FR through 42F3 for use in New York City when installed in accordance with the requirements of Article 12, Chapter 26 Administrative Building Code and further each appliance shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 735-48-SA."

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 427-52-SM

Subject: Amendment to resolution as to installation in sprinklered locations.

MINUTES

Marlux Corp., Somerville, Mass., requested by letter dated January 6, 1956 that the resolution adopted October 5, 1954 under Cal. No. 427-52-SM be amended so as to permit the installation of the material Marlux (light diffuser) in sprinklered locations. The application was reopened by a vote of the Board January 31, 1956.

Description

The material and method of installation is identical to that approved October 5, 1954 under Cal. No. 427-52-SM.

Recommendation

The Committee recommends that as C26-1354.0 Administrative Building Code was amended by Local Law 105 of 1955 to allow the use of this type of light diffusers in locations as permitted under C26-1351.1 Administrative Building Code as amended by Local Law 91 of 1954 the resolution adopted July 13, 1954 under Cal. No. 427-52-SM wherein the Board approved Marlux for use in New York City under certain specified conditions as to the restriction as to use in sprinklered locations, be amended so as to permit the use of this material under the above mentioned sections of the Administrative Building Code as amended by Local Laws 105 of 1955 and 91 of 1954 on condition that all other requirements of the resolution adopted October 5, 1954 under Cal. No. 427-52-SM be complied with.

The Committee further recommends that all plans filed with the Department of Buildings shall show the proposed occupancy so that the use of this type of ceiling may be checked as to its use in the type of hazard occupancy and that in the event of change of occupancy the installation shall be reexamined under C26-1354.0 Administrative Building Code as amended by Local Law 105 of 1955.

This recommendation does not permit the use of Marlux light diffusers in such sprinklered locations where the installation of light diffusers is prohibited by the Administrative Code.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 982-54-SM

Subject: Amendment to resolution as to change of name.

National Gypsum Company, Buffalo, New York requested by letter dated December 13, 1955 that the resolution adopted June 28, 1955 under Cal. No. 982-54-SM be amended so as to permit a change in name of the approved acoustical system. The application was reopened by a vote of the Board on January 17, 1956.

Recommendation

The Committee on Test recommends that the resolution adopted June 28, 1955 under Cal. No. 982-54-SM be amended so as to permit the Gold Bond Acoustipanel System; approved June 28, 1955 under Cal. No. 982-54-SM to be marketed under the name of Gold Bond Panelcoustic System on condition that the requirements of the resolution adopted June 28, 1955 under Cal. No. 982-54-SM be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of June 28, 1955 in accordance with the above report.

297-55-SA

APPLICANT—Besser Metal Products, Corp., owner.

SUBJECT—Application March 30, 1955—Besser Horizontal Oil Burning Furnaces, Z-90, Z-125, Z-190, Z-250 and Z-400 approval of.

APPEARANCES—

For Applicant: J. Gordon Kaveny.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 297-55-SA

Subject: Besser Horizontal Oil Burner Furnaces Models Z-90, Z-125, Z-190, Z-250 and Z-400.

The Besser Metal Products Corp. of Charlotte, N. C., filed March 30, 1955 by their agent, J. Gordon Kaveny PE, an application with the Board of Standards and Appeals for approval of the Besser Horizontal Oil Burning Furnaces Models Z-90, Z-125, Z-190, Z-250 and Z-400 under the provisions of C19-570 administrative code and the Oil Burner Rules of the Board of Standards and Appeals.

Purpose

Oil fired furnaces for domestic and commercial heating.

Description

These furnaces consist of a sheet steel cabinet approximately ten feet in length and 30 inches in width and height arranged to be suspended horizontally from the ceiling and insulated on the inside and containing a blower. 1/2 HP motor and air filters, on the outside and attached to the cabinet is an approved Quiet Automatic oil burner with a fan and limit switch control and stack switch, thermostat, T86, Minneapolis-Honeywell or White Rogers controls. A test of the flue gas indicated 11.5% CO₂.

Inspection and Test

A model of the furnace was inspected and tested and test at 17 to 19 Grove St., Montclair, N. J. and found to operate as designed. Present at the Test were Chief Engineer Leslie V. Huber of the Committee on Test and J. G. Kaveny representing the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Besser Horizontal Oil Burner furnace, Models Z-90, Z-125, Z-250 and Z-400, for use in New York City with fuel oil not heavier than #2 U. S. Dept. of Commerce standards, provided each furnace has a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. #297-55-SA." The Committee further recommends that these units shall not be installed in garages or places of explosive atmospheres.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 314-55-SM

Subject: Permon (wall covering).

Fredrick Blank and Company, Inc., New York filed April 11, 1955 an application with the Board of Standards and Appeals for approval of the material known as Permon (wall covering) under the provisions of C26-667.0.7.b Administrative Building Code.

Purpose

The material is to be used as a veneering material when placed upon an incombustible backing.

Description

The material is basically a woven cotton fabric and having a facing of vinyl film bonded to one face of the fabric. The total weight is 25 oz. per sq. yd. and the overall thickness is 0.035 inches.

Inspection and Test

The material was tested at the office of the Board by Asst. Engr. J. A. Darts Committee on Test and was found to comply as to thickness. The material will burn in itself when not applied to an incombustible backing.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Permon (wall fabric) 0.035 inches in thickness for use as a veneering material under the provisions of C26-667.0.7.b Administrative Building Code on condition that each container or wrapper in which the material is marketed shall be stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 314-55-SM."

The Committee further recommends that nothing in this recommendation shall permit the use of this material in public halls in Multiple Dwellings as prohibited under Section 101, 142, 146, 148 and 149 of the Multiple Dwelling Law.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer.

GEORGE F. SKLENARIK,
Assistant Engineer.
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report *on condition* that the fabric shall not support combustion and shall be attached to plaster or other approved material by an approved method.

835-55-SA

APPLICANT—S. J. Dowling, for Eureka Williams Co., Division of Henney Motor Co., Inc., owner.

SUBJECT—Application October 17, 1955—Williams Oil-O-Matic Hi-Pressure Oil Burner, Model 5520F, approval of.

APPEARANCES—

For Applicant: Stephen J. Dowling.

ACTION OF BOARD—Applicance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 835-55-SA

Subject: Williams Oil-O-Matic Hi Pressure Oil Burner, Model 5520F.

S. J. Dowling for Eureka Williams Company, Division of Henney Motor Company, Inc., Bloomington, Illinois filed October 17, 1955 an application with the Board of Standards and Appeals for approval of the Williams Oil-O-Matic Hi Pressure Oil Burner, Model 5520F under the provisions of the Oil Burner Rules of the Board.

Purpose

The appliance is a conversion oil burner.

Description

This is a mechanical draft gun type oil burner for use with hot water or steam boilers or warm air furnaces in domestic and commercial installations and consists of the following assembly Fan Motor, Blower Housing, Fuel Unit and Transformer. The fuel Unit consist of a Tuthill or equal pump, having strainer and pressure regulating valve. The ignition Transformer is a 10,000 volt of the Dongan Type. The fan used on this model was of the squirrel-cage type. The fuel oil used is not heavier than No. 2 U. S. Dept. of Commerce Standard. The capacity ranges from 0.60 to 2.25 gal. per hr. The controls consist of Minneapolis Honeywell Stack Switch RA-117, White Pressuretrol and Minneapolis Honeywell aquastat.

Inspection and Test

A model of the burner was inspected and tested at 739 Logan Avenue, Bronx, in the presence of Asst. Engr. J. A. Darts of the Engineering Division of the Committee on Test and Messrs. Spindler, Haus and Alexander representing the manufacturer. With the oil supply cut off and a cold combustion chamber the burner was put into operation and the controls functioned and shut the burner down in 70 seconds. The burner was then put into operation and during the period of test the controls functioned as designed. There were no flarebacks and the flame was free from smoke and soot. The combustion chamber showed no undue carbon deposits and analysis of the flue gases with a stack temperature of 400° F. showed a CO₂ content of 9.2%. The burner was also approved by the Underwriters Laboratory under Miscellaneous Petroleum 1133. Application No. 46C 1655 July 12, 1955.

Recommendation

On the basis of the foregoing data and test the Committee on Test recommend the approval of Williams Hi-Pressure Oil Burner 5520F for use in domestic and commercial installations in N. Y. C. with fuel oil not heavier than No. 2 U. S. Dept. of Commerce Standards when installed in accordance with this report and the Oil Burner Rules of the Board of Standards and Appeals, provided the burners have a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in N. Y. C. under Cal. 835-55-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 152-56-SM

Subject: Celanese Corp of America Drapery Fabric, Type 10/5824-1.

D. M. Goerg for Celanese Corp. of America filed February 14, 1956 an application with the Board of Standards and Appeals for the approval of the material known as Celanese Corp. of America Drapery Fabric Type 10/5824-1 under the provisions of the Flameproofing Rules of the Board.

Purpose

The material is to be used for draperies, curtains, etc. in places of public assembly.

Description

The material is basically a pure acetate yarn and part of the yarn by an injection method is the compound identified as TECP which is basically a phosphate.

Inspection and Test

Samples of the material were tested at the Better Fabrics Testing Bureau in the presence of Asst. Engr. J. A. Darts Committee on Test, D. M. Goerg representing the applicant and W. H. Masterson of the Laboratory.

The tests were conducted in accordance with the requirements of the Flameproofing Rules of the Board.

There was no flashing, flaming or glow in any of the samples tested. The material showed a melting or fusing.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test concludes that the material identified as Celanese Corp. of America Drapery Fabric, Type 10/5824-1 possesses inherent flameproofing properties and accordingly recommends its approval.

Tests for each specific installation or any retests thereof shall be made by the Fire Commissioner or in a Laboratory approved by him, in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that each wrapper or container in which the material is marketed shall be stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 152-56-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 242-56-SM

Subject: Kreolite Flexible Strip End Grain Wood Block Size 1½" and Kreolite (creosoted) End Grain Wood Block Sizes 2", 2½", and 3".

Jennison-Wright Corp., New York filed March 8, 1956 an application with the Board of Standards and Appeals for approval of the material known as Kreolite Flexible Strip End Grain Wood Block 1½" and Kreolite (creosoted) End Grain Wood Block Sizes 2", 2½" and 3" under the provisions of C26-191.0 Administrative Building Code.

Purpose

The material is to be used for gym flooring and flooring in industrial areas.

Description

The Kreolite Flexible Strip End Grain Wood Block Flooring is manufactured of kiln dried Southern Yellow Pine 2" x 4" cross section assembled in flexible strips two feet to eight feet in length, 1½" in depth, parallel to the grain of the wood and approximately 3½" in width. The strips show end grain only on both the bottom and top surfaces.

The individual blocks are bonded into strips by galvanized steel wire trusses imbedded within their side surfaces at right angles to the grain, and milled for tight fitting, galvanized crimped steel wire splines. The assembled strips are then dressed square and are impregnated with a transparent preservative to protect against absorption of moisture.

The installation is as follows: The blocks are installed on a thoroughly seasoned concrete base which has been finished smooth and level, exactly the depth below the finished floor level corresponding with the depth of the block. The blocks are installed over a membrane of 15 lbs. tarred felt or ⅛" thick flexible cork-board underlayment which is cemented to the concrete base in emulsified adhesive, the top surface of the membrane is given a coating of adhesive about 1/16"

MINUTES

thick. The strip block flooring is then laid in the adhesive with each strip interlocked to the adjoining strip by steel wire splines. The flooring is then finished.

The Creosoted blocks are of Southern Yellow Pine treated with Kreolite Creosote Oil so there remains in the blocks 6 lbs. of oil per cu. ft. of timber. The blocks are manufactured with two or three lugs on one side and one lug on one end of each block and these lugs are integral part of the wood.

The blocks are installed on a seasoned concrete base. This base is cleaned, given a prime coat of priming oil and then coat of pitch, $\frac{1}{8}$ " thick, after this pitch dries the blocks are then laid. After laying the floor, the surface is flushed with a pitch filler, after the pitch filler has cooled and settled a filler is then applied.

Inspection and Test

Samples of the flooring were inspected by Asst. Engr. J. A. Darts Committee on Test and the construction of the strip flooring was noted. The applicant has also submitted a test result showing the amount of wear resulting when subjected to a rolling load of from 500 lbs. to 750 lbs. At the end of 643,000 revolutions, the wear averaged 0.065 inches.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Kreolite Flexible Strip End Grain Wood Block, Size $1\frac{1}{2}$ " for voluntary use where wood floors are permitted in New York City as a flooring to be placed over a structural floor in Gymnasiums and places of similar usages and the material Kreolite (Creosoted) End Grain Wood Block for uses in shops and industrial areas on condition that this flooring shall not be considered as a structural floor and the cartons in which the material is marketed shall be marked or stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 242-56-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 8, 1956, on Alt. App. 644/55 reads:

"1. The proposed use of offices in a frame building on the second floor is contrary to Sect. 4.2.1.

"2. The use of bearing partitions in a commercial building is contrary to Sect. 8.7.1(d).

"3. Provide two means of egress as per Sect. 6.4.1.2(b)."

and

WHEREAS, the applicant states the building is 2 stories, 25 ft. in height, 57.5 ft. front by 40 ft. and 64 ft. in depth, of class 4 construction, erected 1906, on a lot 57.88 ft. front by 80.78 ft. and 108.16 ft in area, in a business use, B area, class 1¼ height district and used and occupied since 1950 as follows: Cellar—storage and boiler room, no persons; 1st floor—4 stores, 8 persons; 2nd floor—vacant, for which no certificate of occupancy has been issued. It is now proposed to change the use and occupancy of the building as follows: Cellar—storage and boiler room, no persons; 1st floor—4 stores, 8 persons; 2nd floor—offices, 17 persons; the building is provided with two interior stairs of wood construction, 2 ft. 7 in. and 3 ft. in width, enclosed in partitions of wood studs covered with 26 gauge metal; doors to stairhall enclosure are wood not self-closing; stairs lead direct to street and are provided with a ladder and scuttle to roof; and

WHEREAS, the applicant states that the building was erected in 1906 for use as stores on the first floor and dwelling on the second floor; that in 1926 under Alt. App. 445 of 1926, the second floor was extended to the depth of the then existing first floor with two stairs as indicated on plans, including a rearrangement of partitions and addition of toilet facilities; that in 1943 plans were filed on behalf of a prior owner to change the use of the second floor to factory; that this application was approved after examination of the Department records showing the occupancy to be lofts under Alt. App. 445/26; that the plans having been approved, the owner employed a contractor to do the work and the contractor received the permit and the alteration was completed and application filed for certificate of occupancy; that upon checking the record the Borough Superintendent discovered that Alt. App. 445/26 had not been approved as originally proposed but that objections had been raised and amendments filed with the result that the permitted occupancy of the second floor for lofts was not changed and remained for the dwelling use and the application for certificate of occupancy denied and the previously issued permit revoked; that the owner then attempted to obtain approval of the Board under Cal. No. 487-49-A, Vol. I, and such application was denied by the Board October 3, 1950 and the factory use was vacated from the second floor and the second floor has remained unoccupied since; that the present owner took title on December 20, 1953 and is now desirous of obtaining use of the second floor for offices; and

WHEREAS, the applicant contends that the present arrangement of partitions and lighting make the premises highly desirable for offices on the second floor; that there are two remote stairways leading to the first floor with stairhalls leading direct to the street; that the stairs and halls are well lighted and the enclosures are of wood stud covered with 26 gauge metal; that the second floor area is less than 2,500 sq. ft. and the building is less than 75 ft. in height and the easterly stair is 3 ft. in width with one inch projections of strings thereby conforming to Section C26-292.0 and the exits from the second floor are in accordance with the Code; and

WHEREAS, the applicant requests that in view of the fact that the arrangement of rooms and the location of the

MINUTES

building make the proposed use as offices desirable, that to be required to rearrange for occupancy as a dwelling would cause practical difficulty for the owner, by arranging for ventilation of any interior room and attempting to rent the space as a dwelling, due to the business nature of the neighborhood it is requested that the Board grant a variance as herein proposed; and

WHEREAS, the premises was inspected by a committee of the Board; the committee noted that this matter was before the Board previously and was denied for the reason that the proposal was for manufacturing, the present proposal is for office use only and the committee recommended that the appeal should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated February 8, 1956, acting on Alt. 644/55, Objections 1, 2 and 3 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall not be increased in height or area; that the building shall be maintained in accordance with plans filed with this appeal marked "Received February 17, 1956" (2 sheets); that the space on the second floor shall be occupied for offices only; that there shall at no time be any manufacturing carried on; and that such portable fire-fighting appliances shall be maintained throughout such second floor as the Fire Commissioner shall direct.

447-55-A—Vol. II

APPLICANT—Harry Moskowitz, for Putnam Theatrical Corp., owner.

SUBJECT—Application reopened June 19, 1956 as Vol. II—re Appeal from a decision of the borough superintendent re construction and egress.

PREMISES AFFECTED—17-21 Smith street, east side, 150 ft south of Fulton street and 394-396 Fulton street, Block 155, Lot 5, Borough of Brooklyn.

APPEARANCES—

For Applicant: Theodore Jung.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 18, 1956 on Alt. App. 1629/56 reads:

"1. Proposed change of use to a commercial school in a class 3 (non-fireproof) structure 4 stories and 59' high violates Sec. 4.2.1 Bldg. Code.

"2. Proposed use of building for school use on 2nd, 3rd, and 4th floors with only one enclosed stair and a fire escape as shown is in violation of Sec. C26-273.0 and Sec. C26-292.0.

"Note—Previous consideration of conjunctive use of fire escape by adjoining theatre—Call 447-55-A Bd. Stds & Appeals."

and

WHEREAS, the applicant states that the building is four stories, 59 ft. in height, 56 ft. 8 in. front, 74 ft. 8 in. in depth at first floor and 36 to 62 ft. in depth at typical floor, of class 3 construction, erected prior to 1913, located in a restricted retail use, and business use, B area, class 2 height district, and used and occupied since prior to 1913 as follows: basement—boiler room, coal room, store room, and motor room; 1st floor—store, building entrance, theatre lobby and theatre exit, 3 persons; 2nd, 3rd and 4th floors—factory, 40 persons, per floor; no change in use or occupancy is proposed except for the 2nd, 3rd and 4th floors, which will be changed to commercial school with 40 occupants per floor; the building is provided with one interior 3 ft. 8 in. wide steel stairs, enclosed in brick and in partitions of metal lath and cement plaster equipped with kalemien self-

closing doors and leading from roof bulkhead direct to street and one exterior stairs located in the court; and

WHEREAS, under Cal. No. 447-55-A, Vol. I, the Board modified a decision of the Borough Superintendent on N.B. App. 534/55 so as to permit the existing rear fire escape on the theatre to be used as a secondary exit from the building in question which was then used as a factory, such variance to continue so long as both buildings are under the same ownership, management and control and are not structurally separated, and

WHEREAS, the applicant states that in addition to the existing 3 ft. 8 in. wide interior steel stair with fire retarded enclosure leading from bulkhead to street, all ceilings throughout the building are fire retarded with wire lath and gypsum plaster; and

WHEREAS, the applicant contends that the entire building has been vacant since 1935 when the previous tenant vacated due to the widening of the street and the taking of a portion of the property by the City and it has been impossible to secure a tenant for the premises except that a commercial school has now proposed to rent the building and to use the entire 2nd, 3rd and 4th floors as a business and commercial type school; that the students in the proposed school will not at any time be children of kindergarten or grade school age; that the size of the classes will be of a restricted nature since the total of any floor will be limited to 40 persons, as at present; that the premises are completely separated from the theatre portion by a fire wall; and

WHEREAS, the applicant contends that Section 6.1.2.3 of the Building Code requires 15 sq. ft. per person for classrooms in schools and as the total number of occupants on any floor will be 40 and as the area of the second floor is 1750 sq. ft. and the 3rd and 4th floors 1900 sq. ft. each, this will provide approximately 44 sq. ft. per person on the 2nd and 48 sq. ft. per person on the 3rd and 4th floors; that under the provisions of Section 6.1.2.2.3. (a) 2 of the Code, only one exit is required for structures with floor areas of less than 2500 sq. ft. having a height of 75 ft. with an occupancy of 50 sq. ft. or more per person, that the total number of persons that may be accommodated in classrooms is exceeded only by 2 sq. ft. on the 3rd and 4th floors and 6 sq. ft. on the second floor; that the existing interior steel stairs has a capacity of 47 persons per floor as against the proposed occupancy of 40 persons per floor; that in addition to this normal exit stairs the fire escape exits at the rear providing direct passage to the roof and to the street; that this fire escape is under constant supervision and maintenance by the theatre management; that in addition the building is equipped with an elevator; and

WHEREAS, the applicant contends that since the building was designed 120 lbs. per sq. ft. liveload that it is more than adequately structurally safe for the proposed use which requires only 60 lbs. per sq. ft.; that the proposed occupancy is more closely related to an ordinary office, business or commercial use and the number of occupants proposed is less than would be permitted in office or business buildings; that under Sec. C26-254 a commercial building could be 50 ft. and 4 stories in height; that the existing building exceeds the height limitation by only 9 ft.; it is therefore requested that this appeal be granted so as to permit the use and occupancy as herein proposed; and

WHEREAS, the representative of the applicant states that the permission granted by the Board by resolution adopted November 29, 1955, to occupy the building throughout above the first floor as a factory has not been put into use; that the building is still vacant and is now under consideration by a proposed tenant for a business and commercial school.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 29, 1955 by adding thereto:

"that in the event the owner finds it impracticable to rent the premises for factory use, such floors may be permitted for business and commercial school as proposed and as indicated on plans marked 'Received May 22, 1956' (5 sheets), and as passed on by the Borough Superintendent under Alt. App. 1629/56, dated May 18,

MINUTES

1956, Objections 1 and 2, *on condition* that the building shall not be increased in height or area; and that the requirements as permitted for factory use by resolution adopted November 29, 1955 shall be adhered to as to the proposed use as a business school."

156-56-A

APPLICANT—Howard H. Snyder, for Terin Garage Corp., owner.

SUBJECT—Application for consideration—reopening as to amendment as to location of stairs—re Appeal from a decision of the borough superintendent; previously granted on condition.

PREMISES AFFECTED—234-240 East 54th Street, south side, 100 ft. west of 2nd avenue, Block 1327, Lot 29, Borough of Manhattan.

APPEARANCES—

For Applicant: Howard H. Snyder.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on May 22, 1956, on certain conditions; and

WHEREAS, the application requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 22, 1956, only as to the location of the stair, so that as *amended* this portion of the resolution shall read:

"in the event it is desired to change the location of the stair so as to permit such stair to be moved against the west wall of the building, as now proposed and shown on plans filed with this request for amendment marked 'Received July 3, 1956', (3 sheets), and as acted on by the Borough Superintendent under Alt. App. 142/55, objection dated June 29, 1956, such change may be permitted, *on condition* that in all other respects the resolution above cited shall be complied with."

459-56-A

APPLICANT—Goldwater and Flynn, for Fifty West Forty-Fourth Corp., owner.

SUBJECT—Application June 21, 1956—Appeal from a decision of the borough superintendent, re fire windows.

PREMISES AFFECTED—48-76 West 44th street, 51-75 West 43rd street and 1120-1136 Avenue of The Americas, east side, from West 43rd to West 44th streets, Block 1259, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: L. R. Colman and D. Ehresman.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 28, 1956, re Alt. App. 580/56 reads:

"1. Provide fire windows—Sec. 263 L.L."

and

WHEREAS, the applicant states the building is 5 stories, 59 ft. 2 in. in height, 200 ft. 10 in. front by 240 ft. in depth, Class 1 construction, erected in 1953 in a retail use, D area

Class 2 height district, used and occupied since 1954: cellar—garage and mechanical equipment, 10 persons; 1st floor—garage, 50 persons; stores, 300 persons; 2nd and 3d floors—garage, 10 persons each; 4th floor—offices and factory, 412 persons; 5th floor, offices—412 persons, for which Certificate of Occupancy No. 42079 was issued February 15, 1954; the building is now proposed to be increased to 8 stories, 99 ft. 1½ in. in height, Class 1 construction, used and occupied without change except for the new stories which will be occupied as follows: 6th floor—offices, 360 persons; 7th and 8th floors, offices, 360 persons each; roof—elevator machine rooms, cooling tower and water tanks, 10 persons. The building is provided with a 2-source sprinkler system in cellar and on the 4th floor; there is an approved interior fire alarm system; there are three interior stairs and one fire tower; and

WHEREAS, the applicant states this appeal is for a variance to permit aluminum windows on the street front of the proposed extension in height of subject premises and to permit the continuance of the existing street front windows on existing portion of the building; and

WHEREAS, the applicant contends that to be required to comply with the provisions of the Labor Law will result in practical difficulty and unnecessary hardship on the owner and it is therefore requested the Board grant a variance to permit the construction of the windows as proposed and shown on filed plans and to permit existing windows to remain on existing portion on the street front of the building.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. App. 580/56, Objection No. One and that the appeal be and it hereby is *granted*, to permit metal windows as proposed for the new stories as shown on plans filed with this appeal marked "Received July 9, 1956", (9 sheets), *on condition* that the building shall not be increased beyond the presently proposed height of approximately 99 ft.; that there shall be no factory occupancy in the building except that the present factory occupancy on the fourth floor may be continued; and that the building in all other respects shall comply with all laws, rules and regulations applicable thereto.

453-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Francis Formica, owner.

SUBJECT—Application June 6, 1955—re (decision of the borough superintendent), under sections 7f, 7i and 7A of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, minor auto repairs, sales and storage room, parking and storage of motor vehicles with proposed curb cuts and show windows closer to the residence use district than is permitted.

PREMISES AFFECTED—1003-1013 Utica avenue and 5001-5009 Tilden avenue, northeast corner, Block 4722, Lots 40, 43 and 44, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application withdrawn in view of Public Library branch opposite.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

Adjourned: 7:00 P.M.

Joseph J. Doyle, Chief Clerk.

PETITIONS AND ORDERS OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On July 17, 1956, Copy of Order and Affidavit was served on the
Board by Thaddeus E. Owens, attorney for James Gardner, an
objecting property owner, seeking a review of the Board's determina-
tion on June 12, 1956, granting a variance under Section 7, subdivi-
sions e, f, i and 7A of the Zoning Resolution, to permit for a term of
fifteen years, in a residence and business use district the erection and
maintenance of a gasoline service station, lubritorium, auto wash, motor
vehicle repairs, storage and sale of accessories and an office; Cal. No.
60-55-BZ; premises 1111-1113 Bedford Avenue, Borough of Brooklyn.

* * * * *

On July 18, 1956, Copy of Petition and Order of Certiorari was
served on the Board by Yoswein & Zimmerman, attorneys for M.
Kenneth Boss et al., objecting property owners, seeking a review of
the Board's determination on June 12, 1956, granting a variance under
Section 7, subdivision h, of the Zoning Resolution, for a term of
five years, to permit in a residence and restricted retail use district,
the parking of more than five cars; Cal. No. 630-55-BZ; premises 73-83
Henry Street, 92 Orange Street, southeast corner, and 89-93 Pine-
apple Street, Borough of Brooklyn.

COURT DECISIONS

COURT DECISIONS

Matter of Park Ave.-Fifty-Ninth St. Corporation vs. Murdock:—On May 8, 1956, the Board denied an appeal under Cal. No. 164-55-A, affirming decision of the Borough Superintendent, acting on Alt. Application 1642-52; also denied an appeal under Cal. No. 816-55-A, affirming decision of the Borough Superintendent, acting on Alt. Application 1127-55—affecting premises 487-495 Park Avenue and 100-108 East 59th Street, southeast corner, Borough of Manhattan.

The premises and surrounding area were inspected by a Committee of the Board and following is the Report of Committee, covering both appeals:

Re: Cal. No. 164-55-A
Cal. No. 816-55-A
Premises: 487-495 Park Avenue, Manhattan

Appeal Cal. No. 164-55-A is to review a decision of the Borough Superintendent, dated January 20, 1955, revoking that provision of the permit which granted permission to reconvert a portion of the building to a theatre.

Appeal Cal. No. 816-55-A is to review a decision of the Borough Superintendent, dated September 13, 1955, refusing permission to reconvert a portion of the building to a theatre as being in violation of the Zoning Resolution. No application for a zoning variance has been filed.

The building is four stories in height, originally erected about 1886. In 1922 it was converted from showrooms and offices to bank use for part of first floor, basement and cellar, and the balance—offices and showrooms. At that time, the building was in a business use district, later in a retail use district, and while in the retail district, the building was altered in 1946 to include a theatre for 500 seats on the street floor, for which Certificate of Occupancy No. 32222 was issued on October 25, 1946. Thereafter the zoning was changed to restricted retail, and a superseding Certificate of Occupancy, issued because of certain changes not affecting the theatre use on April 10, 1947 records the building as in the restricted retail district. In a restricted retail district, adopted as Section 4B in 1935, and amended in 1940, a theatre or motion picture theatre is a prohibited use.

On October 29, 1952, the Park-Fifty-Ninth Corporation, owner, filed an application—Alt. 1642-52—as to theatre and lobby to carry out a temporary revamping to make the premises suitable for the branch bank quarters for a term of two years, pending the erection of a new building across Park Avenue, to which the Bank would later move. Plans were approved November 24, 1952, and the work completed and a Temporary Certificate of Occupancy was issued April 23, 1952, No. 14081 for a term of ninety days. Subsequently, Temporary Certificates of Occupancy were issued every ninety days, each under another number, and the last Temporary Certificate for ninety days was issued January 19, 1955, and this has expired. The following day, January 20, 1955, the Borough Superintendent revoked that part of the approved application Number Alt. 1642 of 1952 and Permit No. 2135-1952, insofar as they permitted reconversion to use as a theatre, stating, "that part of the above proposal for the reconversion, after two years, of the bank space for use as a theatre has been approved in error since these premises are located within a restricted retail use district, where theatres are prohibited by Section 4B (c) of the Zoning Resolution." This decision is the basis of Appeal Cal. No. 164-55-A.

In the opinion of the Committee, the Borough Superintendent unjustifiedly agreed to the proposal to permit a return of the theatre use after the tenancy of the Bank had ended. Undoubtedly the owner may have hoped to be able to rely on this permission, but being beyond the powers of the Borough Superintendent to grant the privilege of re-establishing the former non-conforming use, the permission to do so was ineffective under the terms of Section C26-186.0 of the Administrative Code. Alteration Application No. 1642-1952, since it contained a condition contrary to the Zoning Resolution, was illegally approved.

On July 7, 1955, Alteration No. 1127-55 was filed to restore the premises to theatre use. It is the decision of the Borough Superintendent that is subject to review Cal. No. 816-55-A, his decision reading:

"The proposed conversion of a space within the above subject premises, which is located within a restricted retail district, which has been temporarily approved for use as a bank to that of a motion picture theatre, is in violation of Section 4B (c) of the Zoning Resolution."

The applicant claims that there has never been an abandonment of the right to use the premises for theatre purposes. There can be no question that there was physical abandonment, as a conforming use as a bank was substituted for the non-conforming theatre use.

On the question of intention to abandon, it is clear that both parties to the lease anticipated that the owner might lose its Certificate of the theatre in view of the tenant's conforming occupancy as it is evidenced by the provision in the lease for the tenant to pay the owner a substantial sum in the event he lost the Certificate of Occupancy for the theatre use, but that in the event the lease was renewed for three six-month periods, no such additional payments for loss of Certificate of Occupancy for the theatre was required. The owner actually anticipated the possible loss of his theatre Certificate of Occupancy and provided in the lease for compensation therefor. This, in the opinion of the Committee, indicates an intention to abandon the theatre use.

In the opinion of the Committee, the Appeal—Cal. No. 164-55-A should be denied, and the Appeal under Cal. No. 816-55-A should be denied and the decision of the Borough Superintendent sustained.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

SEAN P. KEATING,
Commissioner,

P. JOSEPH CONNOLLY,
Deputy Chief, Fire Department.

Resolved that the decision of the Borough Superintendent, acting on Alt. App. 1127/55, Objection No. 2 and 4 be and it hereby is *affirmed* and that the application be and hereby is *denied*.

At Special Term, Supreme Court, Mr. Justice Conlon dismissed the petition of Certiorari and sustained the Board. (New York Law Journal July 26, 1956, page 3). Both appeals were decided by the Court simultaneously, in the following decision:—

"In view of the dismissal of the petition upon a companion motion, decided simultaneously herewith, this motion is denied.

Park Ave.-Fifty-Ninth St. Corporation v. Murdock—At the time the petitioner leased the property in question to National City Bank, for a use conforming with the zoning regulations then applicable thereto, it had the right to continue to use the premises for the non-conforming use which had existed prior to the amendment of the zoning regulations. The lease was for about two years, with options to renew in the tenant, for four periods of six months each. The petitioner apparently recognized that the lease for a conforming use might forfeit its existing right to continue the prior non-conforming use, for the lease expressly provided that, if such contingency occurred, the lessee was to pay additional amounts specified in the lease. Petitioner thus took the calculated risk that it might lose its right to revert to the earlier non-conforming use at the expiration of the lease. The question presented on the present application is whether the petitioner, though its intention, as clearly expressed, was to retain the right to resume the non-conforming use after the end of the demised term, could legally effectuate that intention, not withstanding the change in the use for the period of the lease. ¶It seems to be settled that a mere failure to use premises for a prior non-conforming use (i.e., vacancy) does not, in the absence of clear evidence, of a contrary intent, constitute a forfeiture or abandonment of the right to continue the non-conforming use (City of Binghamton v. Gartell, 275 App. Div., 457, 9; 114 A. L. R., 984 et seq.; People ex rel. Westwood Nurseries v. Krentler, N. Y. L. J., January 11, 1946, p. 149). It does not necessarily follow, however, that a change to a conforming use has no effect upon the right subsequently to revert to the non-conforming preceding use merely because the property owner attempts to impose such a qualification upon the grant of the right to the conforming use (see Darien v. Webb, 115 Conn., 581; State ex rel. Turner v. Baumhauer, 234 Ala., 286; People, &c., v. Sheil, 26 N. Y. S., 2d, 188). A holding that a property owner could from time to time lease its property for a conforming use and, nevertheless, retain the right to subsequently revert to an earlier non-conforming use, would be calculated to seriously curtail, if not destroy, the much to be desired possibility that non-conforming uses will ultimately be eliminated. The right to use property for a non-conforming use is likely to grow increasingly valuable. If a property owner could, whenever the opportunity presented itself, lease the property for a conforming use without giving up the right to the non-conforming use, a heavy premium would be placed on the use of that device to perpetuate the non-conforming use in a locality where such use had ceased to be desirable from the standpoint of the public interest. If a two-year lease (with options to renew for an additional two years) for a conforming use, does not affect the lessor's right to revert, at the end of the lease, to an earlier non-conforming use, merely because the lessor, at the time of the lease, expresses its intent to revert, the same conclusion would be necessary even if the lease were of much longer duration and even if a series of such leases were entered into from time to time. In this court's opinion, the proposition contended for by petitioner would, if accepted as valid, do serious damage to the efficacy of our zoning regulations and to the objects which they are designed to attain. ¶The approval by the superintendent of buildings of the application to alter the premises for use by the lessee does not require a holding in favor of petitioner, merely because the application stated "on completion of the new quarters, bank will vacate and space will revert to theatre use." Nor does the fact that an earlier certificate of occupancy permitted the use of the property for theatre purposes prevent the board of standards and appeals, or the court, from preventing the reverter to a non-conforming use notwithstanding the forfeiture of the right to such reverter. The later certificates of occupancy for a conforming use superseded the earlier certificate relied upon by petitioner. ¶The motion to dismiss the petition is granted."

* * * * *

Matter of Cangialosi vs. Murdock:—On December 13, 1955, Board granted a variance under Section 7, subdivisions f and i, of the Zoning Resolution, for a term of fifteen (15) years, to permit in a business use district the erection and maintenance of a gasoline service station, lubricatorium, motor vehicle repairs, sale and storage of ac-

COURT DECISIONS

cessories, and permitting the parking and storage of motor vehicles on unbuilt-upon portion of lot, with a curb cut more than the permitted distance from the intersection; Cal. No. 674-52-BZ; premises 21-04—21st Avenue, 21-01 to 21-09—21st Street, southeast corner, Astoria, Borough of Queens.

At Special Term, Supreme Court, Mr. Justice Stier sustained the Board in the following decision:

"Motions by respondent board and the intervenor-respondents to vacate the order of certiorari, dismiss the petition upon which it was granted and to confirm the determination of respondent board. The hearing before the board disclosed a conflict of fact, the resolving of which against the petitioners may not be said to be arbitrary, there being evidence in the record to support the determination. Under such circumstances this court is without power to substitute its judgment for that exercised by the board, to whom the statute has given the power to act (cf. *Matter of Rubel Corp'n v. Murdock*, 255 App. Div., 224, aff'd 280 N. Y., 839). Subdivisions (e) and (f) of section 7 of the zoning resolution have previously been sustained (*Eckerman v. Murdock*, 276 App. Div., 927, 928; *Matter of Thomas v. Board of Standards and Appeals*, 263 App. Div., 352, reversed on other grounds 290 N. Y., 109). Accordingly, the court must grant the respective motions and confirm the determination under review. Submit orders."

(New York Law Journal, July 23, 1956, page 4.)

Matter of Bruckenstein vs. Murdock:—On July 26, 1955, the Board granted a variance under Sections 7e and 7h of the Zoning Resolution, to permit in a restricted retail use district the erection and maintenance of a gasoline service station, lubricatorium, car washing, motor vehicle repairs, storage and sale of accessories and an office, and permitting the parking and storage of motor vehicles on unbuilt-upon portion of lot; Cal. No. 170-55-BZ; Premises 701-707 Soundview Avenue and 700-708 St. Lawrence Avenue, intersection of Soundview, St. Lawrence and Seward Avenues, The Bronx.

At Special Term, Supreme Court, Bronx County, Mr. Justice Spector sustained the Board in a decision, reading, in part, as follows:

"Petitioners allege that the gasoline service station to be erected pursuant to the variance granted by the board is within 200 feet of a 'school' and is therefore barred by section 21-A of the zoning resolution. This contention is untenable for two reasons: (1) The section, by its terminology, only applies to 'elementary, junior high or high schools,' whether maintained by public authorities, private individuals or religious groups. The section has never been applied, nor can it be extended to include, from its language, any schools giving part time religious training without academic instruction, as is the case here. (2) The 'school' in question is in a building which has a certificate of occupancy for neither a 'school' nor a synagogue but merely for a 'community building.' Since, under the circumstances, no 'school' could legally be operated on those premises, it cannot be said that the zoning resolution was intended to extend to the petitioners' establishment."

(New York Law Journal, July 23, 1956, page 3)

Matter of Fred C. Trump, et al., vs. Murdock:—On May 26, 1953, the Board denied application under Section 7, subdivisions e and h, of the Zoning Resolution, to permit in a residence use district the erection and maintenance of a gasoline service station, lubricatorium, car washing, motor vehicle repairs, storage and sale of accessories, and an office, and also to permit the parking and storage of motor vehicles, for a term of fifteen years; Cal. No. 852-52-BZ; Premises 8786-8812—20th Avenue, and 1969-1979 Cropsey Avenue, northwest corner, Borough of Brooklyn.

At Special Term, Supreme Court, Mr. Justice Morrissey, Jr., sustained the Board.

Matter of Rosedale Civic Assn., Inc. vs. Beard of Standards and Appeals:—On January 24, 1956, the Board granted a variance under Section 7, subdivision f, of the Zoning Resolution, to permit in a retail use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, lubricatorium, car wash (non-automatic), minor repairs, office, sales and storage of auto accessories and the parking of cars awaiting servicing; Cal. No. 419-55-BZ; Premises 244-04 to 244-08 Francis Lewis Boulevard, 243-02 to 243-06 South Conduit Avenue, 139-11—243rd Street, Rosedale, Borough of Queens.

At Special Term, Supreme Court, Mr. Justice Kusnetz sustained the Board in the following decision;

"Application pursuant to article 78 of the Civil Practice Act for an order reviewing the determination of the respondents granting a variance. Petitioners are a civic organization and several residents of the affected area. While there are preliminary motions and objections of a procedural nature, the court prefers to make its decision on the merits rather than on procedural technicalities. The principal complaint of the petitioners is that respondents have permitted the erection of a gasoline station within 200 feet of a school. This argument is based on the fact that certain classes of religious instruction are held in a community hall owned by the Veterans of Foreign Wars. It appears that this building does not have a certificate of occupancy for use as a school and that, therefore, said building may not legally be used as a school. Under these circumstances, the principal argument of the petitioners is without merit (*Matter of Bruckenstein v. Murdock*, Supreme Court, Bronx County, Spector, J., N. Y. L. J., July 23, 1956). The remaining issues raised by the petitioners are such as reside within the discretion of the respondents. On the record here, it cannot be said that respondents have been arbitrary or capricious in the exercise of their discretion. Accordingly, the application is denied and the petition dismissed. Submit order."

(New York Law Journal, July 27, 1956, p. 6)

Matter of Campbell vs. Murdock:—The Board on January 31, 1956, granted a variance under Section 7, subdivisions f and e, of the Zoning Resolution, to permit for a term of fifteen years, partly in a retail use district and partly in a residence use district, the erection and maintenance of a gasoline service station, auto washing (non-automatic), lubrication, office and accessory sales, minor repairs with hand tools only, and parking of motor vehicles awaiting service; Cal. No. 675-55-BZ; premises 116-32 (116-14 to 116-46 official) Merrick Boulevard, west side, 124.94 ft. south of 116th Avenue, St. Albans, Borough of Queens.

At Special Term, Supreme Court, Mr. Justice Stier sustained the Board in the following decision:

"Separate motions by the respondents constituting the Board of Standards and Appeals of the City of New York and intervenors, William Spiller and Benjamin Siegel, to vacate the order of certiorari, dismiss the petition upon which it was granted and confirm the determination of the respondent board which granted the intervenors a zoning variance pursuant to sections 7(e) and 7(f) of the zoning resolution of the City of New York so as to permit them to establish and maintain for a temporary period of fifteen years a gasoline service station, non-automatic auto washing, lubrication, office and accessory sales, minor repairs with hand tools only and the parking of motor vehicles awaiting service at premises Nos. 116-14 to 116-46 Merrick boulevard in the Borough of Queens, City of New York. ¶The site upon which this gasoline station with accessory uses is to be erected consists of vacant land, irregular in shape. It has a frontage of 365.59 feet on Merrick boulevard and 360 feet in the rear thereof. From a depth of 137.99 feet it narrows down to a depth of 3.97 feet on the northerly lot line. The premises are presently zoned as a 'D' area district and the portion which is within 100 feet of Merrick boulevard is zoned for retail use, the remainder for residence use. ¶Objections to the proposed variance were filed by the owners of eighteen one-family brick dwellings located immediately adjacent to the subject premises, by the owner of a lot adjacent to the site on the south, and by others. After due notice and a complete hearing with an opportunity for those appearing in opposition to interpose any and all objections, an inspection of the site and the neighborhood was made by a committee of the board which thereupon granted the variance under review with certain safeguards. ¶The hearing before the board disclosed a conflict of fact, the resolving of which against the petitioners may not be said to be unreasonable and arbitrary, there being substantial evidence in the record to support the determination. Under these circumstances this court is powerless to substitute its judgment for that exercised by the board to whom the statute has given the power to act (cf. *Matter of Rubel Corp'n v. Murdock*, 255 App. Div., 224, aff'd 280 N. Y., 839). ¶In addition to challenging the determination upon the ground of unreasonableness petitioners claim that subdivisions (e) and (f) of section 7 of the zoning resolution are unconstitutional in that they unlawfully delegate powers to an administrative body without setting up adequate standards. The constitutionality of both subdivisions, however, has already been sustained, of subdivision (e) in *Eckerman v. Murdock* (276 App. Div., 927, 928) and of subdivision (f) in *Matter of Thomas v. Board of Standards and Appeals* (263 App. Div., 352, reversed on other grounds, 290 N. Y., 109). Accordingly, the court must grant the respective motions and confirm the determination under review. ¶Submit order."

SEPTEMBER 11, 1956, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday morning*, September 11, 1956, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

807-55-BZ

APPLICANT—Paul Trapani, for Peter and Patrick De Salvo, owners.

SUBJECT—Application October 17, 1955—re (decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district the extension and maintenance of an existing gasoline service station, to include auto laundry and minor repairs.

PREMISES AFFECTED—4116 White Plains avenue, southeast corner of East 230th street, Block 4843, Lot 45, Borough of The Bronx.

Laid over from June 19, 1956 to July 10, 1956 for inspection and decision; hearing closed; then to July 24, 1956, for inspection and decision; then to September 11, 1956 for applicant to file revised plans as to new accessory building.

910-54-BZ

APPLICANT—Maxfield Blaufeux, for Aaron and Michael Berg, owners (Herman and Barney Antonoff, lessees).

SUBJECT—Application December 1, 1954—re (decision of the borough superintendent) under sections 6, 7A, c, d and 21 of the zoning resolution, to permit partly in a residence use district and partly in a retail use district the change of occupancy and rearrangement of facilities from auto laundry and greasing pit on the outside to lubricatorium in the building and omission of auto laundry.

PREMISES AFFECTED—1847-1851 East 5th street, east side, 80 ft. 2½ in. north of Kings highway, Block 6662, Lot 42, Borough of Brooklyn.

Laid over from July 10, 1956 to July 24, 1956, for inspection and decision; hearing closed; then recessed from July 24, 1956, to July 26, 1956, for inspection and decision; then to September 11, 1956, for applicant to file revised plans, eliminating the two greasing pits and the repair work on inside of the building, reduce the curb cut; and show on plan the erection of the two new pumps set back 15 feet, if possible.

698-52-BZ

APPLICANT—Michael A. Cardo, for Silvestro Castelli, owner.

SUBJECT—Application reopened July 17, 1956 for consideration as to extension of time to complete, expired November 4, 1954—re (decision of the borough superintendent) previously granted on condition under section 7c of the zoning resolution, permitting in a residence use district the change in occupancy and extension of existing dwelling to a restaurant and refreshment stand for a term of five years.

Resolved, that the application be and it hereby is withdrawn.

253-56-BZ

APPLICANT—George B. Duckowney, for Edith Linnea Jacobson, owner.

SUBJECT—Application March 28, 1956—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the construction of a one story building to be occupied as retail stores.

PREMISES AFFECTED—160-02 to 160-10 Horace Harding Expressway and 61-13 to 61-15 160th street, southeast corner, Block 6756, Lot 109, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: George B. Duckowney.

For Opposition: A. J. Lovecky, A. Niebur and Louise Schlier.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application withdrawn.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which took under consideration the unfinished condition of Horace Harding boulevard; and

WHEREAS, the Board found that no action should be taken on this application until further development of this area is completed, particularly since the area along this side of Horace Harding boulevard is zoned for residence use and the Board finds it undesirable to grant a variance for business use as before the work is done the City Planning Commission might conceivably change the area zoning; and

WHEREAS, the view of this statement by the Board, the applicant expressed a desire to withdraw the application.

Resolved, that the application be and it hereby is withdrawn.

263-19-BZ—Vol. III

APPLICANT—Reginald S. Hardy, for Pilot Associates, Inc., owner.

SUBJECT—Application reopened September 20, 1955 as Vol. III—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the change of occupancy from storage garage for more than 5 motor vehicles, lubricatorium, motor vehicle repair shop, for motor vehicles dealt in by automobile agency, to warehouse, packaging, mailing and office.

PREMISES AFFECTED—564-592 (722-746 old numbers) St. John's place, south side, 333 ft. 8 in. east of Classon avenue, Block 1178, Lot 26, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on September 20, 1955 subject to regular procedure, to consider change of use; and

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

MINUTES

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1¼ height district; St. John's place is in business and residence use, B area, class 1¼ height districts; Classon avenue and Franklin avenue are in a business use, B area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated July 19, 1955 acting on Alt. Applic. 2175-55, reads:

"1. Changing occupancy from storage for more than 5 motor vehicles, lubritorium, motor vehicle repair shop for servicing of motor vehicles owned and dealt in by the tenants (an automobile agency), to warehouse, packaging, mailing and office, in a Residential use district, is contrary to Art. II Sect. 2 of Zone Resolution. (Refer to B.S. & A. Cal. No. 263-19-BZ)."

and
WHEREAS, the applicant states that the premises consist of a plot, 261 ft. 4 in. frontage by 129 ft. 1¾ in. in depth, on which is located a one story building of class 3 construction, 261 ft. 4 in. front, 129 ft. 1¾ in. in depth, occupied as garage and motor vehicle repair shop; that it is proposed to use the building as a warehouse and offices and for the packing and storage of merchandise, the premises being in a residence use district; and

WHEREAS, the applicant states that under Cal. No. 263-19-BZ the Board granted permission to erect a one story, class 3 building upon the subject premises on July 22, 1919 to be used as a garage for more than five motor vehicles; that on March 7, 1944 the resolution of the Board was varied so as to permit the property to be used as a garage for more than five motor vehicles and a motor vehicle repair shop operated by a sales agency of the Cadillac Motor car company; that the building has been so used until March 1955; that when the tenant vacated the premises, it was found impossible to rent it for that use and ultimately another tenant was obtained to use the premises as a warehouse and offices and for the packing and storage of general merchandise; and

WHEREAS, the applicant contends that the use presently maintained in the property is far less obnoxious than the prior use; that there are no hazardous materials handled or stored in the premises and inasmuch as they are operated only during the conventional business periods, there are no objectionable uses at night and the Board is therefore requested, under section 7e of the zoning resolution, to modify its former determination so as to permit the premises to be used as stated above during the occupancy of the present tenant, which has approximately five years to run, the building to revert to its former use at the conclusion of that period; and

WHEREAS, the applicant states that the present owner has held title to the property since May 22, 1948; that the assessed valuation of land is \$78,000 and of the building \$42,000 making a total of \$130,000; that the building was erected in 1920; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the committee recommended that the application should be granted on condition.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 7, 1944, under Vol. II, as thereafter amended by resolutions adopted through March 4, 1953 by adding thereto:

"that in the event the owner desires to change the use as now proposed and as shown on plans filed with this application marked 'Received August 8, 1955', 3 sheets, such change of use as therein proposed to warehousing, packaging, mailing and office, substantially as proposed may be permitted under section 7e for a term of five years *on condition* that the resolutions above cited where applicable and where not inconsistent with this amended resolution shall be complied with and that the requirements of the resolution as adopted this day under Cal. No. 766-55-A shall be complied with; that the building shall not be extended in height or area; and in all other respects the building and uses shall

comply with all laws, rules and regulations applicable thereto, and that such fire fighting equipment shall be installed and maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this amended resolution."

766-55-A

APPLICANT—Reginald S. Hardy, for Pilot Associates, Inc., owner.

SUBJECT—Application August 8, 1955—Appeal from a decision of the borough superintendent—re exits.

PREMISES AFFECTED—564-592 (722-746 old numbers)
St. John's place, south side, 33 ft. 8 in. east of Classon avenue, Block 1178, Lot 26, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-

ert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated July 19, 1955, on Alt. App. 2175/55 reads:

"2. Provide two legal exits from each portion of bldg. as per sect. 270 Labor Law."

and

WHEREAS, the applicant states the building is 1 story, 12 ft. 6 in. in height, 260 ft. 4 in. front by 129 ft. 1¾ in. irregular in depth, of class 3 construction, erected in 1920 in a residence use, B area, class 1¼ height district; used and occupied since March 1955 as follows: storage garage for more than five motor vehicles, lubritorium, motor vehicle repair shop dealt in by tenants, 20 persons; for which certificate of occupancy 140674 was issued September 2, 1954, against Alt. App. 253/54, pursuant to variance granted by the Board under Cal. 263-19-BZ; that it is now proposed to change the use of the building to warehouse, packaging and mailing of general merchandise and offices and increase the occupancy to 40 persons; and

WHEREAS, the applicant states the building is divided into three portions, two of which are approximately 100 feet in width and the remainder 60 feet in width; that each of the partition walls have two openings, one equipped with a fireproof self-closing sliding door, the other by fireproof, self-closing swinging doors; that exit from the building to the street may be had by means of four doorways, one from each of the warehouse and packaging spaces and one from the office; that the borough superintendent requires two exits from each section of the building; and

WHEREAS, the applicant contends that in view of the fact access can be had from any one section to the adjoining section, the present exits are adequate and requests that the decision of the borough superintendent be modified to permit conditions as to egress to remain.

Resolved, that the decision of the borough superintendent, dated July 19, 1955, acting on Alt. App. 2175/55, Objection #2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the additional means of exit shall be constructed and maintained in the form of additional 3 ft. openings in the subdividing fire walls as proposed and as indicated on plans filed with this appeal marked "Received August 8, 1955," one sheet; that such openings and the existing openings shall be maintained in accordance with the requirements therefor; and that in all other respects the building and occupancy shall comply with the requirements of the resolution adopted this day under Cal. No. 263-19-BZ, Vol. III.

For Applicant: Gerald Levy.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on March 6, 1956 subject to regular procedure, to consider a change of use; and

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; and for applicant to file revised plans, blocking up present opening from the building to the present gasoline station under same ownership, and to provide for off street loading; also to submit a new decision as to such changes from the borough superintendent; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in business and retail use, C area, class 1¼ height districts; Jerome avenue is in a business use, C area, class 1¼ height district; East 213th street is in business, retail and residence use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated February 1, 1956 acting on Alt. Applic. 807-55, reads:

"1. Proposed use of more than 5% of the total floor area in the portion of the bldg. which is located in a retail use district and more than 25% of the total floor area or more than the area of the lot in the portion of the bldg. which is located in a business use district for manufacturing purposes, is contrary to Sec. 4c and Sec. 4-A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 ft. frontage by 200 ft. in depth, on which is located a two story building of class 1 construction 125 ft. front by 195 ft. in depth occupied as follows: cellar—boiler room garage; 1st floor—storage garage; 2nd floor—factory showroom; that it is proposed to temporarily discontinue the garage use on the first floor rear and cellar and rent the space for a factory complying with the requirements of sections 4a and 4b and 4c of the zoning resolution; that the lot area is 27,750 sq. ft. and this total will not be exceeded for the proposed manufacturing; and

WHEREAS, the applicant states that in 1955, 213th street was rezoned from business to retail; that as this building is 35 ft. north of 213th street and as it is 195 ft. deep, a portion about 95 ft. by 43.5 ft. average is now located in a retail zone, where manufacturing of over 5% of the area is prohibited; that it is proposed to allow the legal use in the business district to carry over into the small portion in the retail district; that the area of the lot is 27,750 sq. ft., the area of the building is 26,850 sq. ft., the portion in the retail district is approximately 95 ft. by 43.5 ft. average or equal to 4,142 sq. ft., which is about

15% of the area of the building; that the portion of floor to be used for factory use will be 8,000 sq. ft. per floor; and

WHEREAS, the applicant contends that as the building was erected at a time when it was in a business zone and as the proposed use for light manufacturing would not be more hazardous than the present garage use on the first floor and cellar, and as the adjoining properties would not be affected by the change, a variance is requested to permit the portion in the retail district to be used as though in a business district, as it originally was; and

WHEREAS, the applicant requests that the owner be allowed to reconvert to the original garage use as permitted under Vol. I, in the event that the demand for garage space, now negligible, becomes great enough for him to use the building again as a garage instead of the proposed factory; and

WHEREAS, the applicant states that the present owner has held title to the property since October 29, 1936; that the assessed valuation of land is \$45,000 and of the building \$190,000 making a total of \$235,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on April 25, 1950, under Vol. II, by adding thereto:

"that in the event the owner desires to change the occupancy of the first floor of building to factory work, such additional space may be permitted, provided the area of the building is such that the additional repairing shall not exceed 25% of the total floor area, which may include for determination the area of adjoining gasoline station in the same ownership; that the opening between this building and the gasoline service station under same ownership may be continued in order to permit off street loading and unloading, all as indicated on plans filed with this application, marked 'Received February 7, 1956', 6 sheets, and 'June 1, 1956', 3 sheets and 'July 19, 1956', 1 sheet, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, including the State Labor Law; that the requirements for off street loading may be as indicated on plan marked 'Received July 19, 1956', on condition that all loading and unloading shall be maintained through the street opening and opening to adjoining the gasoline station, as shown on such plan, as in compliance with the requirements of the Zoning Resolution, as passed on by the borough superintendent under objection dated July 18, 1956, acting on Alt. 807-55, Objection 2, modifying such objection under the powers granted to the Board by Section 19A, subdivision j of the Zoning Resolution; that all loading and unloading shall be within the building and that other than as herein amended the resolution above cited shall be complied with in all respects where not inconsistent with the terms of this amended resolution; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

496-32-BZ—Vol. III

APPLICANT—David Kraus, for Nathan Temares, owner.

SUBJECT—Application reopened January 31, 1956 as Vol. III—re (decision of the borough superintendent) under sections 7a, 7c and 21 of the zoning resolution, to permit in a residence use district, the proposed extension of building at roof level to create a new fifth floor same height as the present penthouse, using more than the area permitted, previously withdrawn.

PREMISES AFFECTED—283 East Broadway, south side, 45.6 ft. west of Gouverneur street, Block 287, Lot 13, Borough of Manhattan.

ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 1, 1955 subject to regular procedure; and

WHEREAS, on November 22, 1955 the application was withdrawn; and

WHEREAS, application was reopened as Vol. III on Janu-
ary 31, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 19, 1956 after due notice by publication in the Bulletin;

Laid over to July 3, 1956, at request of the applicant; then to July 17, 1956, at request of attorney for the appli-
cant; then to July 24, 1956, for decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class 1 height district; East Broadway and Gouverneur street are in residence and local retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 7, 1956 acting on amendment to Alt. Applic. 231-55, reads:

"7. Revised.

Proposal to extend the existing rear penthouse to cover the entire roof area is contrary to Art. IV Sect. 14 and Sect. 19e of the Zon. Resol."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 ft. 5 in. frontage by 85 ft. 11½ in. in depth, irregular, on which exists a five story (four story and penthouse) building of class 1 construction; that it is proposed to extend building at roof level to create a new 5th floor, same height as the present penthouse, using more of the area than permitted in a residential, D area district; and

WHEREAS, the applicant further states that the premises submitted under this application consist of a four story and penthouse, class 1 fireproof building; that the building at the typical floor has an area of 1472 sq. ft. and is on a very limited and irregular plot, having an area of 1506 sq. ft.; that at the roof level the area of the building is slightly less than that at the typical floor; that the area of the building at the roof level is 1456 sq. ft.; that it is proposed to extend the present penthouse to cover the entire roof area and thus create a fifth floor for the building; that the present roof area is now occupied by a three room penthouse approved for nurses' room and offices; that there is also a masonry stair bulkhead and an elevator bulkhead and motor room, which projects about 20 ft. above the present roof; that the elevator bulkhead and motor room is located at the rear of the building, against the rear lot line, and occupies the full width of the lot and building at this point; that the stair bulkhead is towards the front of the building, located against the westerly side lot line; that the present three room penthouse is towards the rear of the building against the westerly side lot line and is separated from the elevator and stair bulkhead by an open roof area at each side; and

WHEREAS, the applicant contends that the building is entirely occupied as a duly licensed nursing home, catering to about 10% private patients and about 90% of patients referred and sent by the department of welfare of the City of New York; that the type of patients handled are post-operative, convalescent cases and those convalescing for many other reasons; that all types of diseases are treated, except mental cases; that all beds are constantly occupied and

the demand for additional hospital beds is far in excess of the supply; that the penthouse rooms can only be approached by means of the stair bulkhead and the elevator which has a landing at this level; that to get to these rooms it is necessary to walk across an open roof area; that this is at times hazardous, especially in wet weather and during cold seasons, when the roof is obstructed by snow or covered by ice; that as a result of the physical conditions these rooms have never been able to serve an adequate and useful purpose and represents space that is absolutely wasted; that the proposed extension of the building at the roof level to create a new fifth floor will be of class 1, fireproof construction; that it will be approximately the same height as the present penthouse and will be far below the roof of the present elevator motor room; and

WHEREAS, the applicant further contends that the building is bounded on the east by a public children's playground which faces Gouverneur street and occupies the entire block front from East Broadway to Henry street; that this playground has been in existence for a great many years and may never be built upon as it is under control of the Board of Education and is owned by the City; that the adjacent property at the rear of this building is a fire station, controlled by the fire department and owned by the City; that the adjacent building on the westerly side is a structure whose light and ventilation will not be affected by the proposed change, as the westerly portion of the roof in question is now almost entirely occupied by structures having a height similar to that of the proposed fifth floor; that the proposed construction is only slightly in excess of the requirements for a D zone; that the relationship of the present occupied and unoccupied roof areas, as related to the total roof coverage is as follows: area of building at roof—1456 sq. ft.; present occupied roof area—632 sq. ft.; unoccupied area of lot at roof level—872 sq. ft.; permitted coverage at 55% of unoccupied area as provided in zoning resolution for a D zone—479 sq. ft.; excess proposed coverage at roof level—345 sq. ft.; and

WHEREAS, the applicant requests that the Board grant this application so that the work may proceed as proposed, planned and submitted; that this will result in the removal of an undesirable and dangerous roof occupancy and the nursing home will gain additional highly needed hospital beds and be in a position to render the welfare department and the people of the City of New York a better service; that it is felt that the work proposed can have no adverse effect on surrounding properties or other portions of the neighborhood and community as the use is a highly controlled, clean and select one and the existing ground coverage has been established for many years; that all work will be done in accordance with the rules and regulations of the department of hospitals of the City of New York and all other department and agencies having jurisdiction; and

WHEREAS, the applicant states that the existing occupancy of this building is a duly licensed nursing home supervised and approved by the department of hospitals of the City of New York under present license No. 998 and certificate of occupancy No. 38895-51 issued by the department of buildings; that there is no intent under this application to create a new occupancy for the premises; that it is proposed to extend the present penthouse to cover the entire roof area and to extend the present use of the building to the newly created area on the 5th floor; that the proposed work and arrangement of spaces on the 5th floor has been submitted to the department of hospitals and meets with their approval; that plans for the 5th floor call for three nursing rooms; that each of these nursing rooms, in addition to having lot line windows opening upon a public playground, has legal light and ventilation by means of at least one window opening upon a court or public street; that no new nursing rooms will be created using lot line windows as the sole means of light and ventilation; that although additional means of egress are not required by law for a building of this size, it is proposed to improve the egress facilities by providing the stair halls on all floors with an approved type sprinkler

MINUTES

system; that the present hall on the 1st floor extending from the front to the rear of the building will be provided with approved type one hour test fireproof self-closing doors towards the front of the building to cut down its unprotected length and to localize the enclosure for the stair hall at this level; and

WHEREAS, the applicant states that the present owner has held title to the property since December 14, 1953; that the assessed valuation of land is \$7,000 and of the building \$48,000 making a total of \$55,000; that the building was erected in 1928; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions a and c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Sections 7a and 7c, to permit the extension of use of existing building and the construction over the entire roof where existing penthouse occurs, as proposed and indicated on plans filed with this application, marked "Received December 28, 1955", 2 sheets, *on condition* that all patients' rooms throughout the building shall be provided with ventilation by means of windows opening on a lawful street yard or court; that the main hall on the first floor shall have a separating door of fireproof construction to separate such hall from the balance of the building toward the rear, as indicated on said plans; that the use of the building may be as proposed as a nursing home in place of the previous occupancy by a private hospital and shall be maintained in accordance with all the requirements applicable thereto of the Departments having jurisdiction; that any windows opening on the adjoining public playground may be considered as compliance with the requirements for windows required for light and ventilation; that this provision may continue only so long as the nursing home is maintained; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

176-35-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Church of Our Lord Jesus Christ of the Apostle Faith, Inc., owner.

SUBJECT—APPLICATION reopened April 3, 1956 as Vol. III—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, office, sales room, lubritorium, car washing, storage, minor repairs, with hand tools only, parking and storage of motor vehicles.

Negative 0

THE RESOLUTION

WHEREAS, this application was reopened as Vol. III on April 3, 1956 subject to regular procedure, for rehearing on

the basis of new facts, there appearing to be no conflict with section 21A of the zoning resolution; and

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Prospect avenue and Home street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 20, 1955 acting on N.B. Applic. 1685-55, reads:

"1. Proposed erection of a gasoline service station, office, salesroom, lubritorium, car washing, storage, minor repairs with hand tools only, parking and storage of motor vehicles, on a lot in a business use district is contrary to Sec. 4a, items 29 and 46 of the Z. R.."

and

WHEREAS, the applicant states that the premises consist of a plot, 84.54 ft. frontage by 102.93 ft. in depth, now vacant; that it is proposed to secure a variance of the building zone resolution for a period of 15 years in order to erect and maintain a modern gasoline service station consisting of ten 550 gallon gasoline tanks and six dispensing dual type pumps; that the contemplated accessory building will be one story in height, of class 3 construction, with a frontage of 74 ft. 6 in., a depth of 27 ft. 8 in. and contain the conjunctive uses of lubritorium, minor auto repairs with hand tools only, car washing, storage, office and sales; that part of the open portion of the plot will be used for the parking and storage of motor vehicles which is a permitted use in this business district; that on the lot line where the building does not occur, it is proposed to erect a 5 ft. high woven wire fence on a 6 in. high concrete curb to a total height of 5 ft. 6 in.; and

WHEREAS, the applicant contends that the highly modern design of the premises will point the way for rehabilitation greatly needed in this area; that Prospect avenue is a main auto thoroughfare leading across The Bronx and as such the proposal is entirely in keeping at this point and a required service; that there are sufficient stores in the affected area for public requirements so that the erection of additional stores would not only be unfeasible for the site in question but would work a hardship on all store owners in the community by having a surplus of stores; that since before 1935 various owners of the site have been unable to erect a conforming use and have applied for relief; that the area has steadily deteriorated for business purposes and it is now mandatory in view of the high value of the land that the present owner be enabled to develop the site in the manner as proposed so that an equitable return on the investment may be realized; that the present owner purchased the property for development with a church, but ever since its purchase in 1951 the area has further deteriorated so that a church would now be out of place at this point; that the present non-conforming uses within the affected area, a gas station on lot 1, block 2693 and a garage on lot 55, block 2680, also preclude the use of the site for any other development but a similar non-conforming use of a gas station as proposed; that although the used car lot on lot 41, block 2680 and the parking lot on lot 12 in block 2693 are conforming uses, they are not conducive to raising the standards of a business street and are more in keeping with the use as proposed; and

WHEREAS, the applicant states that the present owner has held title to the property since May 9, 1951 and that the assessed valuation of land is \$26,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received December 22, 1955", 4 sheets, *on condition* that all buildings and uses on the premises shall be removed and that the premises shall be graded substantially to the grade of Prospect Avenue and Home Street; that the premises shall be constructed and arranged substantially as indicated on such plans; that the accessory building shall have no cellar below; that there shall be no windows opening on the rear lot line to the adjoining premises; that the accessory building shall be of the design and arrangement as proposed; that such building shall be faced with face brick on the front and two ends; that gasoline pumps shall be of a low approved type and shall be erected not nearer than 15 ft. to the street building line of Prospect Avenue; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that along the interior lot line to the east and south, except where walls of adjoining buildings occur there shall be erected in a woven wire fence of the chain link type not less than 5 ft. 6 in. in height erected on a masonry base with suitable terminating posts at the building lines of Home Street and Prospect Avenue; that the balance of the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to two curb cuts to Prospect Avenue each not over 30 ft. in width and one of similar width to Home Street where shown; that at the intersection there shall be erected a block of concrete extending for a distance of not less than five feet along either building line and not less than 12 ins. in height; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing north and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under section 7e for a similar term there may be parking of cars provided such parking is maintained in open spaces where not interfering with the servicing of the station; that under Section 7i for a similar term there may be minor repairing with hand tools only maintained solely within the accessory building for adjustments; that the area as shown to be landscaped toward the east and toward the south shall be landscaped and maintained in good condition with suitable planting material and properly protected with curbing not less than eight inches in height and not less than six inches in width; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

461-37-BZ—Vol. IV

APPLICANT—Sylvan Bien, for 260 Madison Avenue Corporation, owner.

SUBJECT—Application reopened May 22, 1956 in accordance with the order of the Court in view of minutes being missing of hearing of June 1, 1955—re (decision of the borough superintendent) under sections 7c and 7h of the zoning resolution, to permit in a residence and restricted retail use district, the use of unbuilt upon plot for right of way and for the parking and storage of motor vehicles previously granted by the Board—see action of 354-51-A), previously denied.

PREMISES AFFECTED—22B East 39th street, south side, 98 ft. east of Madison avenue and 23 East 38th street, north side, 98 ft. east of Madison avenue, Block 868, Lot 53, Borough of Manhattan.

APPEARANCES—

For Applicant: J. Jacques Stone, A. Brody and John P. Fox.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Conolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on July 20, 1954 subject to regular procedure, to consider proposal for parking on vacant portion of plot; and

WHEREAS, a public hearing was held on this application on May 10, 1955 after due notice by publication in the Bulletin; laid over to June 1, 1955, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 38th street and East 39th street are in residence and restricted retail use, B area, class 1½ height districts; Madison avenue is in a restricted retail use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated June 24, 1954 acting on Alt. Applic. 65-54 and superseded by amendment to Alt. Applic. 65-54 dated October 8, 1954, reads:

"1. Proposed use of area in this application located partly in a Residence Use District and partly in a Restricted Retail Use District as (a) a parking lot for more than 5 motor cars in a Restricted Retail Use District and parking for motor vehicles in a Residence Use District; (b) a Right of Way between E. 38 and E. 39 sts. is contrary to Sec. 3 and 4B Art. II Zoning Resolution.

Note the proposed use of this area is contrary to B.S. & A. Resolution Cal. No. 354-51-A—Vol. II."

and

WHEREAS, the applicant states that the premises consist of a plot, 17 ft. and 24 ft. frontage by 197 ft. 6 in. in depth, irregular, presently vacant; that it is proposed to use the unbuilt upon plot and the right of way for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that this plot with a frontage of 17 ft. on East 39th street and 24 ft. on East 38th street is open from street to street; that for 2 ft. of its entire depth and parallel to Madison avenue it is in a restricted retail use district and the remainder of the plot is in a residence use district; that it will be kept as a vacant piece of land for the life of the adjoining new building between its east lot line and Madison avenue; that this plot and the land that the adjoining building was erected upon were at one time one parcel of several tax lots under single ownership involved in a variance action before the Board under Cal. No. 461-37-BZ, Vols. I, II and III, for a parking lot for more than 5 cars and later for the erection of a fireproof building on practically the entire plot extending into the residence use district; that this building was never built; that this entire plot was also involved in another appeal under Cal. No. 354-51-A, Vols. I and II where permission was granted to reapportion the plot into two separate tax lots, one for a building to be erected entirely within a restricted retail use district and the other lot to become a separate entity; that this is the tax lot as the site in this appeal; that the 1st floor of the adjoining building and the site are shown on drawing No. 2; that the adjoining building and the subject site are still in single ownership; that the adjoining building, a class 1, 27-story office and bank building with a parking garage for 75 cars in its sub-cellar, has a Madison avenue frontage of 197 ft.

MINUTES

6 in. and 98 ft. on both East 38th and East 39th streets and is 309 ft. in height; that it is entirely in a restricted retail use, B area, 1½ height district; that this building was erected under N.B. 177-49 on a variance under Cal. No. 354-51-A and is now occupied under certificate of occupancy No. 42518; that permission is requested to occupy this vacant land for parking lot for more than 5 cars; that the zoning boundary line divides this property under single ownership; that the tax lot line does not extend to the allowable 25 ft.—only 15 ft. and 22 ft. within the residence use district; that permission is requested that the parking garage use in the sub-cellar of the existing building have the use of this open area as an overflow space, as an extension of permitted use; that the character of the district will not be affected; that this land, as a vacant plot, may deteriorate into a catchall for all debris in the neighborhood but as a parking lot it will be well kept; that this site must be kept vacant as the northeast section of the site, 15 ft. by 98 ft. 9 in., abutting the Williams Club, 24-26 East 39th street, in block 868, lot 51, has a covenant for maintenance of light and air; that the adjoining new building has to have the remainder of the site also available for light and air; that as part of the resolution under Cals. 90-53-A and 311-53-A, the right was granted to modify the lot line windows of the adjoining building on the understanding that the site was to be maintained as a vacant piece of land; that this site is completely divorced from the adjoining building and any property or structures, and therefore not a required open space or yard, and will stay in this condition as a separate entity; that as such it will be a non-income producing parcel; that the assessed value has been set at \$125,000 even though as part of the entire plot its cost was much greater; that it cannot be sold or disposed of in any way; that as a source of income, to defray part of its cost to the owner, it will be leased to the operator of the sub-cellar garage in the adjoining building as an overflow parking area and right of way for access to the East 39th street parking garage entrance by driving through the site from East 38th street, where this lessee has another sub-cellar parking garage in 13 East 38th street, block 868, lot 16; and

WHEREAS, the applicant contends that there is no school, playground, park, hospital, library or museum within 200 ft. of the site in any direction; that this site, to be occupied in a non-conforming use for a period of 10 years as a right of way and parking lot for more than 5 cars, is a method of easing a financial hardship with regard to the use of a non-productive parcel of land; that traffic from 5th or Madison desiring to enter the parking garage in 261 Madison avenue (the adjoining building) would have to travel easterly the entire block to Park avenue, then north on Park avenue for one block and then westerly for the entire block to the garage entrance; that this would mean almost 1/5 mile of additional travel and waiting for several traffic light changes in an area that is quite heavily congested with car and truck traffic; that by permitting this right of way, a car would enter the site at East 38th street, drive through the site, and at East 39th street make a 180 degree turn which would bring it into the parking garage; that cars waiting admittance to the garage could wait on the right of way for traffic to ease off and then be taken into the garage; that all this is conducive to easing a bad traffic condition in a heavily congested area where parking facilities are at a premium; that the parking garage entrance is contiguous to the proposed right of way and side entrance to the building; that the certificate of occupancy notes that the garage in this building is for the exclusive use of tenants of building or their employees, customers or patrons; and

WHEREAS, the applicant states that the present owner has held title to the property since May 29, 1951 and that the assessed valuation of land is \$125,000; and

WHEREAS, further inspection has been made of these premises; and

WHEREAS, on June 1, 1955 this application Vol. III was denied by the Board under sections 7c and 7h of the zoning resolution, to permit in a residence and restricted retail

use district, the use of unbuilt upon portion of the plot for right of way and storage of motor vehicles; and

WHEREAS, upon review by Special Term, Part II of the Supreme Court, April 20, 1956 the determination made by the Board was annulled and proceedings remitted to the Board for reconsideration in accordance with its regular procedure, with leave to the petitioner and all affected property owners to submit such other and further proof before the Board as they may be advised; and

WHEREAS, this application was reopened and restored to docket on May 22, 1956 and set for hearing on June 12, 1956, at 10 A. M.; and

WHEREAS, a public hearing was held on this application on June 12, 1956, after due notice by publication in the Bulletin; laid over to July 3, 1956, for inspection and decision; hearing closed; then to July 24, 1956, for inspection and decision; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted on the basis of parking only; and

WHEREAS, the applicant has amended his application so as to request parking only and filed revised plans; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of ten years, to permit the premises to be occupied for parking of cars belonging to the owners, tenants and patrons of the office building on the adjoining lot, as proposed and shown on plans filed with this application, marked "Received July 18, 1956", 1 sheet, *on condition* that on the interior lot lines where walls of adjoining buildings do not occur, there shall be erected a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height; that at the entrance to 38th and 39th streets there shall be gates of similar construction, which shall be closed when the premises are not in operation for parking; that the plot shall be leveled substantially to the grade of the abutting streets and paved with concrete or asphalt; that where walls occur on lot lines, the woven wire fence hereinbefore required need not be constructed, provided such walls are of a height as herein required for the fence; that all permits required and a certificate of occupancy shall be obtained and all work completed within six (6) months from the date of this resolution.

66-38-BZ—Vol. IV

APPLICANT—Lama, Proskauer and Prober, for First Leasing Corp., owner.

SUBJECT—Application reopened February 28, 1956 as Vol. IV—re (decision of the borough superintendent) under sections 7A, 7c and 21 of the zoning resolution, to permit in a local retail use district, G area district the erection of a one story building of class 1 construction, with stores on the first floor, parking and storage on the roof using more than the area permitted, with curb cut and ramp less than 75 ft. from the residence use district.

PREMISES AFFECTED—88 Washington place and 346-354 Avenue of the Americas, southeast corner, Block 552, Lot 5, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on February 28, 1956 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; laid over to July 17, 1956, for inspection and decision; hearing closed; then to July 24, 1956, for applicant to file revised plans and new decision of the borough superintendent, omitting the proposed roof parking; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Avenue of the Americas is in a local retail use, C area, class 1¼ height district; Washington place and West 4th street are in local retail and residence use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated January 13, 1956 acting on N.B. Applic. 179-55, reads:

"1. Proposed building and use is contrary to Board's Resolution 66-38-BZ.

2. Proposed roof car parking and storage, in a Local Retail use district is contrary to Article II Section 4c of the Zoning Resolution.

3. Proposed curb cut and ramp is within 75 feet of Residence Use District and is contrary to Sec. 7A of the Zoning Resolution.

4. Proposed 100% lot coverage in a C district is contrary to Article IV of Section 13(b) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 131 ft. 11⅞ in. frontage by 79 ft. 4 in. in depth, irregular, on which is located a frame structure, to be demolished, and parking and storage of more than 5 motor vehicles; that it is proposed to secure a variance for a period of 20 years in order to demolish the present frame structure, remove the parking lot and erect a new building, one story in height, of class 1 construction, having a frontage of 79 ft. 4 in. on Washington place, 131 ft. 11⅞ in. on Avenue of the Americas, 67 ft. 2⅜ in. on the southerly lot line, 120 ft. 4¼ in. and 6 ft. 9 in. on the easterly lot line; that the proposed building will be occupied as follows: cellar—meter rooms and general storage; 1st floor—stores; roof—parking and storage of motor vehicles; that the proposed stores without roof parking are permissible in a local retail use district; that the roof parking is necessary to replace the present parking lot on the site that has served this area since 1938; that the parking situation in this area is still acute and it is mandatory that the services that have been rendered by the existing parking lot be carried on as proposed; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in a business use district, class 1½ height district and class B area district; that the present use, height and area designations became effective on July 12, 1945; and

WHEREAS, the applicant states that the premises are presently being used for parking and storage of more than 5 motor vehicles; that this use was established under Alt. No. 208-54 and the Board's conditional variance Cal. No. 66-38-BZ; that certificate of occupancy No. 43313 was issued on November 13, 1954 for said use; and

WHEREAS, the applicant contends that the Board, under Cal. No. 66-38-BZ granted the right to use the premises at grade level for the parking and storage of more than 5 motor vehicles and it is requested that this same use be permitted at the usual 2nd floor level; that the site is adjoined to the east on lot No. 10 by a 6-story building, having a blank wall on the lot line and an interior court for ventilation so that said building will not be affected; that the lot adjoining to the south, known as lot No. 1 is developed with a bank building which measures 28 ft. from grade to the 1st floor parapet wall of said building, and as the proposed parking will occur on the roof of the proposed building, having only 12 ft. height, said building cannot be affected; that the curb cut within 75 ft. of the

residence zone on Washington place is required in order to get a 10% ramp for the roof parking which cannot be accomplished without using valuable frontage on the Avenue of the Americas; that the advantage that will occur to the residential aspect of Washington place by the proposed parking and storage of motor vehicles as proposed will offset any possible inconvenience from the proposed curb cut; that the site, exclusive of the subway easement, has an area of 8,040 sq. ft.; that the proposed stores will occupy an area of 8,040 sq. ft. and as the permissible coverage is 5,574 sq. ft., the proposal is 2,466 sq. ft. in excess of the permissible coverage; that inasmuch as the land is very high in assessed value and the depth of the stores are only 67 ft., it is necessary for the owner to occupy the entire lot in order to get an equitable return on his investment and make the stores rentable; that the assessed value of the land has been proportioned to the total value of lots 1 and 5, which were formerly lot No. 1; that inasmuch as these lots have now been reapportioned, the separate assessed value for lot No. 5 is not indicated on the tax books at this time; and

WHEREAS, the applicant states that the present owner has held title to the property since October 31, 1955 and that the assessed valuation of land is \$145,000; and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board; and the matter was laid over for applicant to file a revised proposal omitting the garaging, such plans have been filed showing stores only; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision A and c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is granted under Section 21 as to extension of area and under Section 7A as to store entrances near the residential area, as passed on by the borough superintendent under amended decision rendered on July 19, 1956 under N.B. App. 179-55, Objections 1, 2 and 3, and to permit the erection of one story stores with partial basements as proposed and as indicated on plans filed with this application marked "Received January 24, 1956", 7 sheets, and revised plans marked "Received July 19, 1956", 3 sheets, *on condition* that the building as proposed shall be occupied for store use only with no manufacturing maintained therein; that subdividing partitions shall be carried up as fire stops to the under side of the roof beams; that there shall be no openings in any of the exterior walls to the adjoining premises; that in all other respects the building and occupancy shall comply with the requirements of the Building Code and with all other laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

1501-39-BZ—Vol. III

APPLICANT—James R. Curreri, for Rosa Marinelli, owner.

SUBJECT—Application reopened April 27, 1954 as Vol. III —re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, to consider use of existing garages formerly accessory, for rental purposes, and parking on the unbuilt upon portion of the plot.

PREMISES AFFECTED—2012 Daly avenue, east side, 66 ft. south of East 179th street, Block 3127, Lot 11, Borough of The Bronx.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on April 27, 1954 subject to regular procedure, to consider use of existing garages, formerly accessory, for renting purposes; and

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over, date to be set, applicant to send out notices to affected property owners; then set for hearing July 3, 1956; and then laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Daly avenue and East 179th street are in a residence use, B area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated March 22, 1956 acting on Alt. Applic. 37-54, reads:

"Proposed three car garage non-accessory to a single or two family dwelling and parking lot in a residence use district is contrary to Art. II Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 37.53 ft. frontage by 171.83 ft. in depth, on which is located a steel two car garage and a steel three car garage, formerly accessory to a three family dwelling, for which certificate of occupancy No. 237-34 was issued; that the buildings have been demolished; that it is proposed to rent the garages to car owners in the neighborhood; and

WHEREAS, the applicant states that the property has been in the possession of the owner of record since June, 1933; that during the years of depression the said dwelling became untenanted because of the difficulty in renting, and the garages were also empty; that in the several years that the premises were vacant, the property deteriorated to the extent that it was pronounced unsafe and the owner was ordered thereafter to raze the building to the ground; that this was in 1938; that however the garages were not effected under the order and remained standing, but vacant; that during those years arrears in taxes had begun to accumulate and continued to accumulate to the point that the property was on the verge of being sold to satisfy the tax lien and in order to save the property the owner began to borrow and gradually reduced the arrears; that the owner looked forward to erecting another dwelling thereon but was unable to obtain a loan; that the character of the neighborhood had begun to change and with rising costs and difficulty in obtaining materials, building even a small dwelling was made impossible; that despite this early hardship the owner managed to save the property, but the hardship continued for the reason that the property, without the dwelling thereon, was assessed at \$9,000 plus an additional \$500 for the existing garages, which were bringing in no income; that pressed by automobile owners in the neighborhood to rent the garages, the owner finally yielded because she felt it was the only way sufficient income could be derived to meet expenditures necessary to save and maintain the property; that in 1939 the owner applied for a variance to build stores on the premises and this was denied under Cal. No. 1501-39-BZ and a variance under Cal. No. 1501-39-BZ, Vol. II was also denied, for permission to erect a number of individual garages; that the owner now makes another effort to save the property and forestall a continuing hardship and requests that the Board grant a variance to permit the continuance of the existing use, namely, to permit the five car private garages to remain as non

accessory to any dwelling; that denial of this application will mean the loss of the property in time; and

WHEREAS, in an amended statement the applicant requests permission to use the site for the parking of automobiles and to allow the three car garage in the rear of the lot to remain; that the two car garage will be demolished; that the garages are of metal construction; that the three car garage in the rear of the lot is in better condition than the two car garage, and for this reason the owner will demolish same to utilize the added space for parking along with the rest of the lot; that a variance is requested for a limited time, namely, 5 years; that the neighborhood has worsened and is continuing to deteriorate and the use of the site as a parking lot for a limited period will not harm or degrade the affected area; that granting the variance is at most a temporary affair which can be terminated at the end of the stated period and the site cleared of the use with no harm to the neighborhood; that it is incongruous to see vacant land which can be put to some fruitful use go to waste because of inflexible zoning laws; and

WHEREAS, the applicant states that the present owner has held title to the property since June 1, 1933; that the assessed valuation of land is \$9,500 and of the buildings \$500 making a total of \$10,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years, to permit the premises to be occupied for parking and storage of motor vehicles of the pleasure car type only, *on condition* that the site shall be leveled substantially to the grade of Daly avenue, graded with clean gravel or steam cinders, treated with a binder and properly rolled; that along the westerly lot line where court of adjoining apartment house occurs at a lower level, there shall be erected a masonry or other suitable barricade for the full depth of the court and yard to prevent danger by automobiles; that the existing garages on the premises at the rear may be retained for parking, but those toward the center of the site shall be removed; that signs shall be restricted to a permanent sign attached to the fence at the front of the premises, shall not be illuminated or extend beyond the building line or exceed 15 sq. ft. in area advertising the parking use and rates charged and such other information as required by the Commissioner of Licenses; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

762-41-BZ—Vol. II

APPLICANT—Fred C. Dahlem, for Alge Holding Corp., owner.

SUBJECT—Application reopened June 7, 1955 as Vol. II—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a restricted retail use district, the proposed use of the basement of a 5 story hotel of class 3 construction, located in the residence use portion of the plot, for a restaurant.

PREMISES AFFECTED—82-84 Pierpont street and 178 Henry street, southwest corner, Block 242, Lot 37, Borough of Brooklyn.

APPEARANCES—

For Applicant: Fred C. Dahlem and Mrs. Allen.

For Opposition: Joseph G. Glass, Edward Handelman and Stewart W. Richards.

Negative; Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly ... 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 7, 1955 subject to regular procedure, to consider new use; and

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Henry street are in restricted retail and residence use, B area, class 2 height districts; Pierrepont street is in a residence use, B area, class 2 height district; and

WHEREAS, the decision of the borough superintendent, dated May 15, 1956 acting on Alt. Applic. 232-55, reads:

"1. The proposed change to business use in the basement of present Hotel located in a residential district is contrary to Art. II Sec. 3 of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 37 ft. 6 in. frontage by 110 ft. in depth, on which is located a five story building of class 3 construction, 37 ft. front by 103 ft. in depth, used as a hotel; that it is proposed to establish a public restaurant on the basement floor, with a bar and to permit the sale of wines, beer and liquors and serve business men's lunch and dinner; that the restaurant will be operated in a high class manner in conjunction with the hotel; that it is also proposed to locate the main entrance to the restaurant where the garage is located, namely in the business district, and the required other doorways will be for emergency exits in the residence portion; that no signs will be displayed in the residence portion; that all openings in the lot line wall and the wall adjoining No. 80 Pierrepont street will be blocked up with glass block and mechanical ventilation; and

WHEREAS, the applicant contends that the operation of a public restaurant in the basement of this building will in no way harm the neighborhood; that the surrounding buildings in the area are mostly furnished rooms and apartments on Pierrepont street, and stores on Henry street; and

WHEREAS, the applicant states that the zone was changed from business to restricted retail on July 25, 1952; and

WHEREAS, the applicant states that the present owner has held title to the property since August 22, 1952; that the assessed valuation of land is \$40,000 and of the building \$60,000 making a total of \$100,000; that the building was erected in 1896; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board, which is of the opinion that there should not be a public restaurant in this residential district, and recommended that the application be denied; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 232/55, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

420-48-BZ—Vol. I

APPLICANT—Ervin Palmer, for Douglas Baker, owner (Ruby Harris, lessee).

SUBJECT—Application for reopening and amendment of resolution as to the parking of cars and the sale of new and used cars—previously granted under section 7c of the zoning resolution, to permit in a residence use district, the

extension to existing gasoline service station to include lubrication, auto washing, storage and sale of automobile accessories and office.

PREMISES AFFECTED—53-13 to 53-19 Beach Channel drive and 378-384 Beach 54th street, southeast corner (Block 377, Lot 58), Arverne, Borough of Queens.

APPEARANCES—

For Applicant: Ervin Palmer.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application under section 7c of the zoning resolution, to permit in a residence use district, the extension to existing gasoline service station, to include lubrication, auto washing, storage and sale of automobile accessories and office was granted by the Board on July 13, 1948, under certain conditions; and

WHEREAS, the applicant requested reopening of this application and an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 13, 1948 by adding thereto:

"that on lot 58 occupied as a gasoline service station, as permitted by resolution above cited, there may also be permitted the parking of cars and the sale of new and used cars on that portion of the gasoline service station where it will not interfere with the operation of the station."

420-48-BZ—Vol. II

APPLICANT—Ervin Palmer, for Douglas Baker, owner (Ruby Harris, lessee).

SUBJECT—Application reopened March 13, 1956 as Vol. II—re (decision of the borough superintendent) under sections 7c and 7h of the zoning resolution, to permit in a residence use district, the proposed change of use from a gasoline service station, auto washing, lubrication, office, accessory sales, storage of auto accessories and parking lot for more than 5 motor vehicles; 2 new curb cuts in residence zone for business use is contrary to Art. II, Sect. 3 of Zoning Resolution.

PREMISES AFFECTED—53-01 to 53-19 Beach Channel drive and 378 to 384 Beach 54th street, southeast corner, Block 377, Lots 58, 62, 64 and 66, Arverne, Borough of Queens.

APPEARANCES—

For Applicant: Ervin Palmer.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 13, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, applicant to file revised plans as to fences and curb cuts and for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Beach 54th street are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated February 8, 1956 acting on Alt. Applic. 2378-55, reads:

MINUTES

"1. Proposed change of use from gasoline service station, auto washing, lubrication, office, accessory sales, storage of auto accessories to gasoline service station, auto washing, lubrication, office, accessory sales, storage of auto accessories and parking lot for more than 5 motor vehicles in a residence zone is contrary to Art. II Sec. 3 of the zoning resolution and contrary to Bd. of Stand. & Appeals action under 420-48-BZ.

2. New curb cuts in residence zone for business use is contrary to Art. II Sec. 3 of Zoning Res." and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 106 ft. in depth, on which is located a building 74 ft. by 35 ft., one story, 14 ft. in height, occupied as a gasoline service station, car washing and lubritorium, sale of auto accessories; that it is proposed to occupy the premises as gasoline service station and parking lot, car washing, sale of auto accessories, lubritorium and used car lot; and

WHEREAS, the applicant states that the premises under consideration consists of two plots, one, an existing gas station having an 80 ft. frontage on Beach Channel drive, the other an adjacent vacant land to the east with 120 ft. front; that the combined property fronts 200 ft. on Beach Channel drive and its depth is about 106 ft. on the two side streets; that the gas station was erected under N.B. Applic. 715-28 and it was extended and enlarged when an appeal was granted by the Board in 1948 under Cal. No. 420-48-BZ; and

WHEREAS, the applicant states that the entire property is in a residence, D-1 zone; that the use zone was changed from undetermined to residence on December 28, 1939; that the existing station consists of an enlarged building housing the office, auto laundry, lubritorium, storage space and space for the sale of auto accessories; that it has six approved gasoline tanks and two pumps; that the balance of the property is vacant, unused land under one ownership; that the lessee, operating the service station under a long term lease, is desirous of making use of this part of the land for parking and possibly for an outdoor sales space for used cars; and

WHEREAS, the applicant contends that Beach Channel drive, formerly called Amstel boulevard, has become an automobile highway between Long Beach and the Rockaways and from both to Brooklyn and New York; that the property to the west is sparsely occupied by public housing, and immediate areas to the north, east and south are undeveloped; that the northeastern plots are used as an airfield and flying school; that all pedestrian and local traffic from the houses is to the west and south, away from the subject property; that in the ten years since this owner and lessee are here, the entire area has shown little or no private development and improvement; that the additional property which it is proposed to use, is toward the undeveloped side, away from where the housing units were erected and the service station buildings actually shield the vacant lot from the housing plot; that the proposed use would however be to the advantage of the tenants of these houses as well as to the traveling public; and

WHEREAS, the applicant states that the present owner has held title to lot 58 since July, 1946 and to the balance of the property since September, 1949; that the assessed valuation of land is \$16,300 and of the building \$8,650 making a total of \$24,950; that the building was erected in 1928; and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Sections 7 c and h for a

term of five years to permit the use of lots 62, 64 and 66 for parking in conjunction with the gasoline service station existing on lot 58 on condition that these lots shall be levelled substantially to the grade of Beach Channel Drive and 53rd Street and surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on the street building line a woven wire fence of the chain link type not less than 5 ft. 6 in. in height with an opening therein for entrance and exit to Beach Channel drive with a curb cut opposite not exceeding 20 ft. in width exclusive of splays; that entrance to the parking lot may also be through the curb cut of the gasoline service station as no fence or walls are required on the westerly side of these lots 62, 64 and 66 but may be open for access to the gasoline service station; that signs shall be restricted to one sign attached to the fence near the exit advertising the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed 20 sq. ft. in area, shall not be illuminated and shall not extend beyond the building line; that during the term of this variance the premises shall be occupied for no other use and shall be maintained under the supervision of the operator of the gasoline service station on lot 58; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing surrounding the premises shall be repaired or restored to the satisfaction of the Borough President; as shown on plans filed with this application marked "Received February 9, 1956" 3 sheets and revised plans marked received "July 20, 1956", one sheet; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this resolution.

436-49-BZ—Vol. II

APPLICANT—Samuel Miller, for Esso Standard Oil Company, owner.

SUBJECT—Application reopened June 12, 1956 as Vol. II —re (decision of the borough superintendent) under sections 7c, 7i and 7h of the zoning resolution, to permit in a business use district, the reconstruction of an existing gasoline service station, accessory building and parking and storage lot covered by certificate of occupancy #124829 together with conjunctive uses of lubrication, car washing, and to include the additional uses of minor auto repairing with hand tools only and the sale of new and used cars.

PREMISES AFFECTED—1550 Bedford avenue, west side, from Eastern parkway to Union street, Block 1266, Lot 36, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph B. Lynch and Sal Perla.

For Opposition: S. Bodian for Dept. of Parks.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 12, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Bedford avenue are in a business use, B area, class 1¼ height district; Eastern parkway is in a residence use, B area, class 1¼ height district; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated May 29, 1956 acting on N.B. Applic. 2811-55, reads:

"1. The reconstruction of an existing gasoline service station, lubritorium, auto laundry (non automatic), and the parking of motor vehicles on the vacant portion of the lot and the addition of the uses of minor auto repairing with hand tools only and the sale of new and used cars in a Business Zone is contrary to Art. II paragraph 4a, subsections 29 & 46 of the Zoning Resolution and the variance granted by the Board of Standards & Appeals under Cal. No. 436-49-BZ.

2. Curb cuts and show windows within 75 ft. of the Residence Zone in a transition from non residential to residential zone is contrary to Art. II paragraph 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 192 ft. frontage by 100 ft. in depth, on which is located a building 101 ft. by 33 ft. irregular, one story, 14 ft. 4 in. in height, occupied as a gasoline service station and parking lot; that it is proposed to occupy the premises as a gasoline service station, lubritorium, non automatic auto laundry, minor auto repairs with hand tools only, licensed parking lot; and

WHEREAS, the applicant states that under date of September 20, 1949 under Cal. No. 436-49-BZ, the Board adopted a resolution permitting the parking of motor vehicles on the vacant portion of the lot of the existing gas station, lubritorium and auto laundry; that the parking storage of motor vehicles was granted for a term of 10 years and this variance expires on September 20, 1959; that certificate of occupancy No. 124829 was issued on November 15, 1949 and this certificate superseded certificates No. 30073 and No. 56453; that section 7c is substantiated in the records of the 1949 application and the aforementioned certificates of occupancy; that the gas station was established in 1924 and was in operation prior to the prohibition of such use in a business use district; that section 7i is requested for the additional use of minor auto repairing with hand tools only as said use is necessary to the proper operation of a modern servicenter; that section 7A is required due to the fact that the business use zone abuts residence on both Union street and Eastern parkway; that the existing curb cuts on Eastern parkway were prior to the amendment to the zoning resolution to include section 7A and there will be no change on this street and no change from present conditions in the required 30 ft. restriction or setback along Eastern parkway; that a modification of section 7A is requested along the Union street frontage inasmuch as it is proposed to rearrange and increase in size the two existing curb cuts; that the two existing cuts along this street were also in existence prior to the amendment for section 7A; and

WHEREAS, the applicant states that building department records show that the gas station was established in 1924 under approved-N.B. Applic. 14959-24 and building permit N.B. 11994-24 as approved August 11, 1924; that certificate of occupancy No. 30073 was issued on November 8, 1924 and metes and bounds were 192 ft. on Bedford avenue and 100 ft. on both Union street and Eastern parkway and present curb cuts are covered by permit B-126875 as issued by the borough president's office; that fire department records, folder No. 32315.05 show that 10 tanks having a capacity of 550 gallons each are now in use; that it is proposed to test to the satisfaction of the fire commissioner, 6 additional 550 gallon gasoline tanks, presently not in use; that these 6 tanks together with the 10 tanks now in use, for a total of sixteen 550 gallon tanks will be used for the marketing of the three grades of gasoline; that the tanks, as well as the proposed additional gasoline dispensing pumps are shown on the revised plan of proposed conditions; that fire department plan 653-24 was approved on April 12, 1925 for eight 550 gallon gasoline tanks with metes and bounds being 192 ft. on Bedford avenue and 100 ft. on both Union street and Eastern parkway; that fire department plan 1679-28 was approved June 18, 1928 for ten additional 550 gallon gas tanks with the same metes and

bounds of the property; that the two remaining tanks of the total of 18 now installed will not be used; and

WHEREAS, the applicant states that the proposed work provides for the removal or demolition of the two present accessory buildings and the erection of a new six-bay building for use as office, rest rooms, storage and heater room, lubritorium, non automatic car washing and minor auto repairing; that the building will be of modern design and the sides fronting on the three streets will be finished with face brick and porcelain enamel trim; and

WHEREAS, the applicant contends that Eastern parkway is classified as a parkway with restrictions on either side; that legislative restrictions in Chapter 631 of Laws of 1868 provide that no buildings or other erections except porches, piazzas, fences, fountain and statuary, shall remain or be at any time within 30 ft. from the line (buildings or lot line) of said Eastern parkway; that within the affected area there now exists a Socony-Vacuum oil company gas station on the southwest corner of Union street and Bedford avenue; that this site is immediately opposite the subject plot and a variance was granted by the Board for the additional use of parking of motor vehicles; that on the southeast corner of Bedford avenue and Union street and running through to President street is a city owned State Armory; that on the east side of Bedford avenue, covering the entire block front between Union street and Eastern parkway, there exists the Seven Santini Bros. warehouse; that on the northeast corner of Eastern parkway and Bedford avenue there is a gas station owned and operated by The Texas company and immediately adjoining this station to the north there is a garage and gas station; and

WHEREAS, the applicant further contends that the sale and display of new and used automobiles will be limited to three or four cars; that competitive demands require that this old gas station be modernized and it is requested that the Board will grant favorable consideration; and

WHEREAS, the applicant states that the present owner has held title to the property since April 2, 1945; that the assessed valuation of land is \$110,000 and of the building \$10,000 making a total of \$120,000; that the building was erected in 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which was of the opinion that the new accessory building will be an improvement to the site and the adjoining area, and recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the construction of the new accessory building, substantially as proposed and indicated on plans filed with this application, marked "Received June 12, 1956", 2 sheets, and "July 13, 1956", 2 sheets, *on condition* that the new accessory building shall be of the arrangement, design and area indicated on such plans, shall be faced with face brick, but may have porcelain enamel trim; that no windows shall open in the rear to yards or courts of adjoining apartment houses; that the arrangement of said accessory building shall be as shown, except that the toilet room doors shall be relocated so as not to be contiguous; that the existing accessory buildings shall be removed as proposed and if any cellar exists thereunder, same shall be filled to grade; that the existing uses heretofore permitted on the lot may be continued except the sale of new or used cars; that the curb cut on Bedford avenue shall be reduced from 45 feet to 35 feet, as shown; that the westerly curb cut on Union street shall be reduced so as not to exceed 30 ft. in width and not nearer than 5 ft. to the side lot line as prolonged; that the easterly curb cut on Union Street may be combined with the new curb cut so as not to exceed 30 ft. in width; that the northerly pump island facing Bedford avenue may

MINUTES

be increased to have three pumps instead of two and the pump islands toward the center of the site may be relocated as shown; there may be an additional brand sign erected on the frontage at right angles to Bedford avenue, which sign may be illuminated and extend over the building line not more than 4 feet, as shown on such plans; that where the plot is not occupied by accessory building, pumps and planting along Eastern parkway, as required, such spaces not already paved with concrete or asphalt shall be so paved; that the sidewalks and curbing abutting the site shall be reconstructed or repaired to the satisfaction of the Borough President; that under section 7i there may be minor repairs for adjustments with hand tools only, maintained solely with the accessory building; and that in all other respects where not inconsistent with the requirements of this resolution, the resolutions previously adopted by the Board under this calendar number shall be complied with; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

781-50-BZ—Vol. II

APPLICANT—Paul Friedman, for Empire Chevrolet, Inc., owner (G and G Auto Sales of Brooklyn, Inc., lessee; Volkswagen, contingent lessee).

SUBJECT—Application reopened November 22, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7h and 7i of the zoning resolution, to permit in a retail use district, the erection and maintenance of an automobile showroom and sales (Franchised Volkswagen dealer), gasoline service station, lubritorium, auto washing (non-automatic), minor repairs (hand tools only), office, storage and sale of auto accessories, parking and storage for more than 5 cars waiting to be serviced, and outdoor display and sales for more than 5 motor vehicles for a term of 15 years.

PREMISES AFFECTED—68-92 Remsen avenue and 9-35 East 51st street, southwest corner, Block 4592, Lots 1 and 4, Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 22, 1955 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on April 17, 1956 after due notice by publication in the Bulletin; laid over and set for hearing on June 19, 1956, 10 A.M.; notices to be sent out in accordance with the regular procedure; then to July 10, 1956 for inspection and decision; hearing closed; then to July 24, 1956, for further inspection by full membership of the Board and for further consideration and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 51st street are in a retail use, C area, class 1 height district; Remsen avenue and East 52nd street are in retail and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 20, 1955 acting on N.B. Applic. 2342-55, reads:

"1. Proposed building and premises in a Retail zone, to be used for auto show room and sales (franchise Volkswagen dealer) Gas service station, lubritorium, minor repairs with hand tools only, auto washing, (non-

automatic), storage and sales of auto accessories, parking and outdoor sales and display for more than five (5) motor vehicles and parking for more than five (5) cars waiting to be serviced is contrary to Article II, I'P. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 224 ft. 1 in. frontage by 192 ft. 3/8 in. in depth, irregular, now occupied for the use of parking and storage and sales and display of more than 5 cars; that it is proposed to erect and maintain for a stated term of 15 years the following uses: automobile showroom and sales (franchised Volkswagen dealer), gasoline service station, office and sales of auto accessories, lubritorium and minor repairs (hand tools only), auto washing (non-automatic), parking for more than 5 cars waiting to be serviced and outdoor display and sale of more than 5 cars; and

WHEREAS, the applicant states that as of July 25, 1916 the property was zoned as a business use district and was changed to its present retail designation on March 25, 1954; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant further states that on October 31, 1950 and application under Cal. No. 781-50-BZ was filed to permit in a business use district the erection and maintenance of a gasoline service station, lubritorium, motor vehicle repair shop and office and to permit the parking and storage of more than five motor vehicles, for a term of 15 years; that this application was withdrawn without prejudice on April 10, 1951 after public hearing; and

WHEREAS, the applicant contends that the proposed incidental uses of gasoline service station, lubritorium and minor repairs (hand tools only) are the only non-conforming uses for which a limited variance is sought; that the main use of the premises is for an automobile showroom and sales, which is a conforming use; that other proposed incidental uses, such as office and sales of auto accessories, non-automatic auto washing, parking and outdoor display and sale of more than 5 cars also are conforming uses; that the proposed use of part of the subject premises for an incidental gasoline service station, lubritorium and minor repairs is a use now frequently incident to the business of an authorized automobile dealer and will not adversely affect anyone; that the nature of the authorized automobile dealer's business is such that the supplementary income from the gas station is an important and necessary adjunct to enable the amortization of the substantial investment involved; that there is an economic demand for the establishment of a gas station and accessory uses at the subject premises as it is located on Remsen avenue, which is a major traffic artery and sustains a heavy volume of automobile traffic at all times; that the fact that the southwesterly side of Remsen avenue, including the subject premises, is zoned for retail use while the northeasterly side of Remsen avenue is zoned for residence gives rise to the opposition from the owners of said residences who oppose any commercial use of the other side of the avenue; that the proposed use would not in any way affect their fire insurance rates; that the proposed use of the premises offers greater protection to the neighborhood than would be available through conforming use of the property because the conforming use of the premises would not be subject to the numerous safeguards customarily imposed by the Board as a condition to the granting of variances nor would they be subject to the safeguards here volunteered by the owner to induce favorable action by the Board; that the proposed use of the premises would be in harmony with the general character of the neighborhood which is developed with parking lots, used car lots, motor vehicle repair shops, automobile laundries, automobile showrooms and gas stations; that the limitation of the term of the variance sought will serve as a protection to the neighborhood if its character should so change as to make the proposed use incompatible therewith; and

MINUTES

WHEREAS, the applicant states that the present owner has held title to lots 1 and 4 since May 30, 1950; that the assessed valuation of lot 1 is \$800 and of lot 4, \$8,000 making a total of \$8,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as a sales room for Volkswagen and as an accessory gasoline service station with additional accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received October 25, 1955", 4 sheets, *on condition* that all uses now existing on the premises shall be removed; that the premises shall be levelled substantially to the grade of Remsen Avenue; that the accessory building and sales room shall be of the design and arrangement as proposed and shown on such plans; that the building shall be faced with face brick or natural stone; that there shall be no cellar under the building; that there shall be no windows opening on the lot line to the south and that in all other respects the accessory building shall comply with the requirements of the Building Code; that pumps shall be of a low approved type and shall be erected not nearer than 15 ft. to the street building line of Remsen Avenue; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that along the lot line of East 51st Street and continuing the wall of the proposed accessory building on the lot line and extending to the intersection of Remsen Avenue there shall be erected a masonry wall to a total height of not less than 5 ft. 6 in.; that the last 10 ft. of such wall toward Remsen Avenue may be ramped down to a height of three feet at such termination; that such wall shall be properly coped; that curb cuts shall be restricted to four curb cuts to Remsen Avenue, three 30 ft. in width, located where shown, and one 25 ft. in width, where shown; that along the interior lot line to the south from the accessory building to Remsen Avenue there shall be erected a woven wire fence of the chain link type not less than 5 ft. 6 in. in height on a masonry base, with suitable terminating posts; that from such fence along Remsen Avenue for a distance of approximately 15 ft. there shall be maintained a landscaped area, where shown, with suitable planting and protected with curbing, where shown, not less than six inches by six inches; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the sales building and the end to the accessory building facing toward the north, and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line at the intersection of a post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7h there may be parking of motor vehicles in the open spaces on the plot so as not to interfere with the servicing of the station; that there may be outdoor display and sale of not more than ten motor vehicles; that under Section 7i there may be minor repairing with hand tools maintained solely within the accessory building for adjustments only; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

229-53-BZ—Vol. II

APPLICANT—Maxfield Blaufeux, for Eva Jocknowitz and DeKalb Properties, Inc., owners (Waldbaum, Inc., lessee.)

SUBJECT—Application reopened May 24, 1955 as Vol. II—re (decision of the borough superintendent) under sections 19Aj and 7c of the zoning resolution, to permit in a building located partly within a business and residence use district, a proposed market with provision for off street loading and unloading.

PREMISES AFFECTED—876-880 DeKalb avenue, south side, 175 ft. west of Sumner avenue and 353 Kosciusko street, north side, 205 ft. 2½ in. west of Sumner avenue. Block 1782, Lots 27 and 51, Borough of Brooklyn.

APPEARANCES—

For Applicant: Maxfield Blaufeux.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly

Negative

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 24, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; applicant to correct application as to proper sections of the Zoning Resolution; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in business and residence use, C area, class 1 height districts; DeKalb avenue and Sumner avenue are in business and retail use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated April 20, 1955 acting on Alt. Applic. 3187-54, reads:

"1. Changing occupancy as noted in accompanying schedule, in a Residential use district is contrary to Art. II Sect. 3 of Zone Resolution."

and

WHEREAS, the decision of the borough superintendent, dated May 2, 1955 acting on Alt. Applic. No. 440-53, reads:

"1. Proposed market in a bld'g. located partly within a business use district & partly within a residential use district is contrary to Art. 2 Sect. 3 of the Zone Resolution.

2. Provisions for offstreet loading & unloading required as in Sect. 19A of zone resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 ft. frontage by 120 ft. in depth, 1 story, 15 ft. in height and 2 stories 25 ft. in height, 24 ft. 9½ in. by 65 ft. in area, at present used as a public market; and that it is proposed to use premises as an auto showroom for more than five cars and a self-service market with retail sales, in conjunction with No. 353 Kosciusko street; and

WHEREAS, the applicant states that the premises in question comprises two adjoining plots and structures and are under different ownership; that one plot fronts on DeKalb avenue and the other on Kosciusko street; that the DeKalb avenue plot known as 876-80 is located on the south side, 175 ft. west of Sumner avenue, and is presently improved with a one story brick non-fireproof, class 3 structure erected in 1920, for which certificate of occupancy No. 51910 was issued, stipulating the following uses: part cellar—ordinary use; 1st floor—auto show room and public garage for more than 5 cars; that the Kosciusko street plot, known as 353, is located on the north side, 205 ft 2½ in. west of Sumner avenue and is also improved with a two story brick, non-fireproof, class 3 structure erected in 1888, for which certificate of occupancy No. 65582 was issued stipulating the following uses; part cellar—boiler room; 1st floor—

MINUTES

storage room for milk distributing station and storage for butter, eggs and milk products and garage for more than 5 cars; 2nd floor—office for owner's private use, no employees; and

WHEREAS, the applicant contends in connection with objection No. 1, disapproved Alt. Applic. 440-53, it is proposed to use the premises 876-80 DeKalb avenue as a self-service supermarket; that this change from a non-conforming use, with the resurfacing of the front facade, will be a definite improvement to the neighborhood and enhance the appearance of the street; that furthermore, the change to a supermarket will eliminate congestion of auto traffic crossing the sidewalk; that the extension portion of said structure, which projects into the residential area, is not altered in any way whatsoever and therefore the change of use to storage will not affect the residences at the rear and to the side, as no openings in the roof or walls are proposed except the new opening with fire door at the rear lot line connecting with premises 353 Kosciusko street; and

WHEREAS, the applicant contends as to objection 2 disapproved Alt. Applic. 440-53, the requirements of a loading berth would work an extreme hardship due to the rather narrow frontage along DeKalb avenue and also the fact that the structure 876-80 DeKalb avenue faces only on one street and such a loading berth would consume valuable street frontage so desirable to the proposed use; that unloading for a supermarket dealing in many grocery items, is impractical through the main entrance and it is proposed to unload at premises 353 Kosciusko street; that said unloading process would be carried on without interference to the customers and patrons shopping within the supermarket; and

WHEREAS, the applicant contends as to objection No. 1, disapproved Alt. Applic. No. 3187-54 affecting premises 353 Kosciusko street, it is proposed to rent to the tenant of premises 876-80 DeKalb avenue, which is the adjoining building, space on the 1st floor so that he can unload and stock groceries; that this too is a non-conforming use for a building within a residential use area; that however, this new use would be insignificant, since the already storage purpose the structure has would not be revised in the least; that in addition, no change is contemplated physically for the exterior of the building and therefore its present industrial front facade will be retained and in keeping with the existing surrounding character of the block; that it will also reduce the hazardous and noisy part occupancy of garage for more than 5 cars, to the periodic and weekly unloading of groceries within the building, which is of a much quieter nature; and

WHEREAS, the applicant states that both structures now have a present illegal occupancy, being occupied without new certificate of occupancy; that the department of buildings issued violations No. 3259 and No. 3526/53 against premises 876-80 DeKalb avenue resulting in a fine on March 7, 1955 in Brooklyn Magistrate's Court and it is now desired to remedy this illegal situation without delay; and

WHEREAS, the applicant states that the present owner has held title to the property since August 12, 1953; that the assessed valuation of land is \$20,000 and of the building \$14,000 making a total of \$34,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c to permit an extension of use consisting of the existing building on lot 51 facing Kosciusko street and to permit the street floor of such building to be used, in conjunction with the building on lot 27, now occupied as a public market, for off-street loading and unloading as shown on plans marked "Received May 2, 1955", six sheets, on condition that all loading and unloading shall be maintained in such building with the

existing entrance on Kosciusko street and with the existing curb cut opposite; that the second floor shall remain as for the present use; that the building shall not be increased in height or area; that such fire fighting equipment shall be maintained throughout the entire building as the Fire Commissioner shall direct; that any use made of the cellar of building shall be for storage only without human occupancy; that the building and occupancy shall in all other respects comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of his resolution.

749-53-BZ

APPLICANT—A. H. Salkowitz, for William E. Greene and David H. Bass, owners.

SUBJECT—Application October 16, 1953—re (decision of the borough superintendent) under sections 7e, 7A and 7h of the zoning resolution to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repairs and office, and to permit the parking of cars waiting to be serviced, with a business entrance (curb cut) nearer the residence use district than is permitted.

PREMISES AFFECTED—222-19 Linden boulevard, northwest corner of 223rd street, Block 11323, Lot 1, Springfield Gardens, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: F. L. Starke.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
er, Commissioner Keating and Deputy Chief Con-
nolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; laid over to July 17, 1956, for inspection and decision; hearing closed; then to July 24, 1956, for further consideration; applicant notified; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Linden boulevard are in a local retail use, D area, class ½ height district; 233rd street is in local retail and residence use, D area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 7, 1953 acting on N.B. Applic. 3399-53, reads:

"1. Use of premises located within a local retail use district as gasoline selling station, automobile service (minor motor vehicle repairs), lubritorium, car washing and parking for more than 5 cars is contrary to Art. II Sect. 4 of the zoning resolution.

2. Business entrance more than 75' from residence use district is contrary to Sec. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 97.44 ft. in depth, now vacant; that it is proposed to erect and maintain a gasoline service station, minor repairs, lubritorium, car washing, parking of cars waiting to be serviced; and

WHEREAS, the applicant states that the building proper is to be constructed of poured concrete foundations, exterior approved type solid masonry walls, steel girders, wood beams and approved type ruberoid roofing; that the property had recently been purchased by the present owner for development of a store building but it has been found impossible to interest any prospective lessees in such a building; that the existing residential section does not require

MINUTES

additional store facilities and the owners had not been able to obtain mortgages for residential buildings; and

WHEREAS, the applicant states that as of July 25, 1916 the property in question was in a business district and a class 1 height district; that the present use designation became effective on June 30, 1952; that the area designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that Linden boulevard is a heavily traveled upon main street; that various companies are interested in leasing the property for a gas station and it is deemed by the owners that only such use would bring a satisfactory return of the original investment; that it is proposed to erect a 4 ft. high masonry fence wall along the rear line of the lot adjacent to the residential section and a 5 ft. wide planting strip to separate the dwellings directly behind from the gas station; and

WHEREAS, the applicant states that the present owner has held title to the property since June 2, 1952 and that the assessed valuation of land is \$16,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received October 16, 1953, one sheet, and May 15, 1956", 2 sheets, *on condition* that all buildings and uses on the premises shall be removed and the premises shall be levelled substantially to the grade of Linden Boulevard and to 223rd Street and shall be constructed and arranged substantially as indicated on such plans except that there shall be erected on the interior lot line and street line of 223rd Street where walls of adjoining buildings do not occur a masonry wall not less than 5 ft. 6 in. in height with suitable terminating posts; that where the wall of the adjoining building on lot 6 is exposed such wall for a reasonable height shall be faced with brick or stucco; that such wall on 223rd Street shall continue for a distance of approximately 60 ft. from the northerly lot line; that pumps shall be of a low approved type erected not nearer than 15 ft. from the street building line of Linden Boulevard; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved storage tanks; that the accessory building shall have no cellar below and in all other respects shall comply with the requirements of the Building Code and shall be of the design as indicated and with exterior of face brick; that the toilet doors shall be rearranged so as not to be contiguous; that the balance of the premises where not occupied by the proposed accessory building and pumps shall be paved with concrete or asphaltic pavement; that sidewalks and curbing abutting the premises shall be reconstructed or restored to the satisfaction of the Borough President; that curb cuts shall be restricted to two curb cuts to Linden Boulevard each 30 ft. in width, where shown, and one to 223rd Street within the first 25 ft. from the intersection; that under Section 7A any curb cut or store window within the proscribed distance from the residence district is hereby permitted; that under Section 7h there may be parking of motor vehicles in such portion of the premises not interfering with the servicing of the station; that signs shall be restricted to permanent signs attached to the front facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting within the intersection the erection of a post standard for supporting a sign, which

may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to Linden Boulevard for a distance of not more than four feet beyond the building line; that at such intersection there shall be erected a block of concrete extending for a distance of not less than five feet along either building line and not less than 12 in. in height; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

826-53-BZ—Vol. II

APPLICANT—David Postal, for Post Bayside #1, owner.
SUBJECT—Application reopened February 21, 1956 as Vol.

II—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, auto washing, lubrication, office and accessory sales, minor repairs with hand tools only, parking and storage of cars awaiting service.

PREMISES AFFECTED—260-02 to 260-22 Union turnpike, southeast corner of 260th street, Block 8677, Lot 61, Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: G. Lazerus.

For Opposition: G. Redleaf.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly .. 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 21, 1956 subject to regular procedure, previously withdrawn; and

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; laid over to July 3, 1956, for inspection and decision; hearing closed; then to July 24, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Union turnpike, 79th avenue, 260th street and 261st street are in a residence use, G-1 area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated December 30, 1955 acting on N.B. Applic. 3958-53, reads:

"1. Proposed use as a gas service station, auto washing, lubrication, office and accessory sales, minor repairs with hand tools only, parking and storage of cars awaiting service within a Residential Use District is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 211.62 ft. frontage by 143.10 ft. in depth, now vacant; that it is proposed to construct and maintain for a term of 15 years, a gasoline service station with incidental car washing, lubrication, motor vehicle repair service with hand tools only (no welding or spraying); that it is also proposed to erect a one story office building; that it is further proposed to maintain the parking of more than five motor vehicles belonging to customers whose cars are awaiting service or have been serviced; and

WHEREAS, the applicant states that the affected premises consist of a vacant triangular plot having a frontage of 211.62 ft. along Union turnpike, 140.10 ft. along 261st street, 200 ft. along 79th avenue and 73.94 ft. along 260th street; that the property referred to is presently zoned as a residence district, class 1 height district and G-1 area district; that as of July 25, 1916 the portion of the property within 100 ft. of Union turnpike was in a business district and the remainder was zoned for residence purposes; that on July 28, 1939

MINUTES

the business portion of the property was rezoned to its present residence designation; that as of July 25, 1916 the property referred to was zoned as a D area district and on January 27, 1949 it was rezoned to a G-1 area district; that the height designation has not been changed since July 25, 1916; and

WHEREAS, the applicant contends that existing conditions indicate that the granting of this application would not adversely affect the area; that Union turnpike is a principal traffic artery carrying a heavy volume of through traffic; that there are no existing gas stations in the immediate neighborhood to meet the demands of traffic traveling along Union turnpike at this location and the plot in question is therefore ideally suited for a gas station; that in addition, the site would not be suitable for the development of one or two family houses or of a multiple dwelling because of the high cost of the land, fronting as it does on Union turnpike and because the amount of traffic is not conducive to residential purposes; that in addition, the property diagonally across the corner and located at the southwest corner of Union turnpike and 260th street is devoted entirely to store purposes; that the triangular shape of the plot would make its devotion to any conforming use uneconomical for the reason that the construction of a conforming building on the plot would leave a substantial portion necessarily unbuilt upon and completely wasted; that the proposed structure would be erected and maintained under such conditions as will safeguard the character of the area; and

WHEREAS, the applicant states that the proposed gas station will have a peaked roof and will be faced with face brick on all four sides and will face on Union turnpike only; that the building will be set well back from all building lines; that parkway type pumps will be installed only along the Union turnpike frontage and will be set 15 ft. back from the building line; that a 3 ft. 6 in. high iron picket fence on a 2 ft. high brick base will be provided along the entire 260th street frontage, along the entire 79th avenue frontage and along the major portion of the 261st street frontage; that shrubbery and planting will be provided along all of the above mentioned fencing, thus enclosing the site on all three sides; that four 30 ft. curb cuts will be provided along Union turnpike and only one 25 ft. curb cut along 261st street, near its intersection with Union turnpike; that the entire site, where not occupied by the building or devoted to shrubbery or concrete, will be paved with concrete or bituminous paving; that the entire structure will be of modern design; that the proposed use will provide an open and attractive area and will insure to the owners of the adjacent properties permanent light and air, which such properties would not derive from a large conforming structure; and

WHEREAS, the applicant states that the present owner has held title to the property since May 22, 1951 and that the assessed valuation of land is \$8,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the application given careful study by the Board; and the Committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 3958/53, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

121-54-BZ—Vol. II

APPLICANT—Otto J. and Warren A. Sambach, for Elanef Machine Tool Co., owner.

SUBJECT—Application reopened October 25, 1955 as Vol. II—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection of a building for the pro-

posed use of locker and rest rooms for adjoining machine shop.

PREMISES AFFECTED—97-09 50th avenue, north side, 80 ft. east of 97th street, Block 1880, Lot 43, Corona, Borough of Queens.

APPEARANCES—

For Applicant: Warren A. Sambach.

For Opposition: Nicholas Clampay, Greta Boos, Marcella Balestrieri, Carmella Calise, R. DeSerone, Andani DeSerone, Giuseppino Nato, Anna Rapuano, Antonetta Coscia, Phyllis Grauso, Florence Guglielmo and Laura Campay.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Conolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 25, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1¼ height district; 50th avenue is in residence and unrestricted use, C area, class 1¼ height districts; 97th street is in residence and business use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated September 21, 1955 acting on N.B. Applic. 5014-53, reads:

"1. The proposed N.B. for locker & rest rooms for adjoining machine shop in a res. use district, is contrary to Art. 2 Sect. 3 of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 ft. frontage by 100 ft. in depth, on which is located a partly constructed building of class 3 construction, 20 ft. front, 55 ft. in depth, one story, 13 ft. 6 in. in height; that it is proposed to erect a one story, 20 ft. front by 55 ft. deep masonry type building, to be used as locker and rest rooms in conjunction with the existing building adjoining the lot in question; and

WHEREAS, the applicant states that the existing land was vacant until three years ago when the owner decided to erect a one story building on the property; that a stop order was received from the building department which stated to file plans, secure approval and obtain permit; that he was commissioned by the owner to design, draw plans and secure approval, but before he started, he found out that this property is zoned for residence; that he was finally told to go ahead and file for this building; that the owner is actively engaged in sub-contract work for aircraft companies; that the existing building is now crowded with all types of machinery and extra men and women have been employed; that the existing locker rooms are overcrowded and larger locker and rest rooms are needed; that the existing locker room will be used for production purposes; that other plans have been filed with the building department and approval has been secured for a two story extension to the east of the existing building; that at the present time these plans are in the hands of contractors for bidding, and construction of this extension will start some time this fall; and

WHEREAS, the applicant contends that the proposed building is needed for men's and women's locker rooms; that no more buildings can be added to the east of the existing building as the owner will be exceeding the area of the property; that what vacant land is left will be used for parking space for employees of the company; that the proposed locker rooms will be recessed from the front

MINUTES

property line and will enhance the surrounding property with shrubbery planted on the front property line; and

WHEREAS, the applicant states that the present owner has held title to the property since May 4, 1951; that the assessed valuation of land is \$500 and of the building \$2,200 making a total of \$2,700; that the building was erected in 1952; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years to permit the completion of construction of the existing uncompleted building substantially as proposed and as indicated on plans filed with this application marked "Received February 5, 1954", 3 sheets, and "October 5, 1955", one sheet, *on condition* that the building shall not be increased in height or area but shall be of the dimensions as shown, namely, 20 ft. in width and 55 ft. in depth; that there shall be no windows opening on the side lot lines to the adjoining premises; that the building shall open exclusively into the adjoining factory; that this building shall be used only as proposed for locker room, toilet rooms and rest rooms with no manufacturing at any time; that the front of this building shall be reconstructed with face brick, without doorway therefrom to the front portion of the yard, and with windows as proposed not less than 8 ft. above grade; that the front portion of the premises shall have along the side lot line an ornamental iron fence as is now existing; that such fence shall continue along the street building line with no opening therein except a small gate for access for an attendant; that such portion of the plot shall be maintained in good landscaped condition at all times and shall be used for no other use; that the building shall not be increased in height or area; that this variance shall extend for the term above set forth but only while the premises are occupied by the present owner; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed within six months of this action and a certificate of occupancy shall be obtained.

403-54-BZ

APPLICANT—Simeon Heller, for John F. Danko, owner.
SUBJECT—Application May 21, 1954—(decision of the borough superintendent), under sections 7c and 7A of the zoning resolution, to permit in a retail and residence use district, the alteration and extension in area of an existing gasoline service station, auto repair shop and the sale and display of used cars, and the additional uses of auto laundry (non-automatic), and parking of motor vehicles awaiting service, with business entrance within 75 ft. of the residence use district.

PREMISES AFFECTED—30-51 81st street, northeast corner of 31st avenue, Block 1130, Lot 40 Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Joseph B. Lynch, John F. Dango and Sidney J. Sherman.

For Opposition: John W. Baer and Roy Blessing.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Conolly 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 31st avenue and 81st street are in retail and residence use, C and D area, class 1½ and class ¾ height districts; and

WHEREAS, the decision of the borough superintendent, dated May 31, 1956 acting on Alt. Applic. 2645-53, reads:

"1. The alteration and extension in area of an existing gasoline service station, an auto repair shop and the sales and display of used cars and the additional uses of lubritorium, auto laundry (non-automatic) and parking of motor vehicles awaiting service partly in a retail use district and partly in a residence use district is contrary to Art. II sections 3 & 4A of the Zoning Resolution.

2. The use of a business entrance or exit less than 75 ft. from a residence zone is contrary to Art. II section 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 175 ft. frontage by 131.78 ft. and 199 ft. in depth, on which is located a gas station, motor vehicle repair shop, sale and display of used cars; that it is proposed to permit, partly in residence district and partly in retail use district, the alteration and extension in area of existing accessory building at present gasoline service station, auto repair shop and sales and display lot for used motor vehicles; that it is also proposed to permit the additional uses of lubritorium, non-automatic auto laundry, the parking of motor vehicles awaiting service and a review of the records so that the aforementioned uses may cover the entire plot; that the additional uses requested are conjunctive to the proper operation of a modern service-center; that while these uses are not included in the present certificate of occupancy, they have been part of the operation of the gas station and repair shop since its inception; and

WHEREAS, the applicant states that on July 25, 1916 the zoning maps show that 31st avenue (Patterson avenue) was zoned for business use to a depth of 100 ft. parallel to same with the balance of the plot zoned for residence use; that the entire block bounded by 31st avenue, 30th avenue, 81st street and 82nd street, wherein the plot under appeal is located, was zoned class 1 height and class C area on July 25, 1916; that on December 24, 1924 the entire block was rezoned from part business and residence to all business use; that on June 10, 1926 same was rezoned to business and residence; that on July 31, 1947 C.P. 4693A the plot was rezoned to retail use for 100 ft. parallel to 31st avenue, with the balance of the plot remaining in residence use; that the zoning maps of 1916 do not show the existence of Trains Meadow road as being part of the city street system; that a thorough search of this road shows same to be an Old Dutch road or Farm road; that a certification from the Borough President's office, Bureau of Highways, on Alt. Applic. No. 1421-19 indicates that this so-called Trains Meadow road is not part of the city street system; and

WHEREAS, the applicant contends that on November 23, 1949, Alt. Applic. No. 1421-49 was approved for minor repairs and a certificate of occupancy was issued for the gas station and auto repair shop; that an amendment on Alt. Applic. No. 1421-49 was also approved on November 23, 1949 and same clearly indicates the legal non-conforming uses existing prior to effective zoning; that subsequently the department of buildings, on February 17, 1950 issued certificate of occupancy No. Q-61793 on Alt. Applic. No. 1421-49 for the continuance of the gas station and auto repair shop, and the fire department certified to the gas station and the repair shop on February 3, 1950; that the premises at the time were in both residence and retail use and there has been no change in zoning since the certificate

MINUTES

was issued; that this approval and certificate show the metes and bounds to be irregular, with the plot being 130 ft. by 124 ft. by 100 ft. by 139 ft.; that it is proposed to construct an additional curb cut on 81st street, which will be located partly in the residence use zone; that at the present time there is no curb or sidewalk along 81st street; and

WHEREAS, the applicant states that the present owner has held title to the property since May 14, 1945; that the assessed valuation of land is \$20,000 and of the building \$15,000 making a total of \$35,000; that the building was erected prior to 1916; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the portion of the plot facing 31st avenue to have gasoline pumps of the low approved type, erected as shown on plans filed with this application, marked "Received June 5, 1956", 1 sheet, "July 5, 1956", 5 sheets, and "July 20, 1956", 1 sheet; that there may be six additional tanks in connection with such pumps on 31st avenue; and to permit the reconstruction and extension in area and height of one portion of the existing accessory building, substantially as proposed and indicated on such plans; that there shall be erected along the southerly lot line for a distance of approximately 60 feet but for the full depth of the adjoining lot No. 32, except for the portion that may be in the old Trains Meadow road, a masonry wall not less than 5 ft. 6 in. in height; that in the event the old road, not a city road is closed at the lot line of these premises, there shall be erected on such lot line a masonry wall similar to that herein required, to a total height of 5 ft. 6 in., with no openings therein; that the premises where not already paved, including the bed of the old road now owned by this owner shall be paved with concrete or asphalt; that under Section 7A, curb cuts may be permitted as shown, limited to two on 81st street, not over 30 ft. in width each and two of similar width on 31st avenue, located where shown; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that there shall be no windows opening from accessory building to the adjoining premises; that the accessory building shall have no cellar and in all other respects comply with the requirements of the Building Code; that on the rear lot line to the north and east there shall be constructed where shown a masonry wall not less than 5 ft. in height, agreeing with the masonry of the accessory building; that the sidewalks and curbing abutting the site shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the building line near the intersection of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend on 31st avenue not more than 4 feet; that such sign may be erected toward the center of the premises opposite the new gas pumps therein permitted; that under section 7i, there may be repairing done within the accessory building with hand tools only for adjustments, provided that under the existing permit such repairing may be continued as therein permitted, except there shall be no heavy collision work done; that under section 7c, there may be parking of cars awaiting service, so arranged as not to interfere with the general servicing of the station and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

915-54-BZ—Vol. III

APPLICANT—Reuben A. Lazarus, for Double Jack Realty, Inc., owner.

SUBJECT—Application reopened March 20, 1956 as Vol. III—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the proposed extension in area of an existing parking lot, for parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—233-245 West 22nd street, north side, 260 ft. 9½ in. west of 7th avenue, Block 772, Lots 22, 23, 24, 25, 26, 27 and 28, Borough of Manhattan.

APPEARANCES—

For Applicant: Reuben A. Lazarus, I. Alan Harris and P. Tompkins.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on March 20, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection if necessary and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; West 22nd street is in residence and retail use, B area, class 1½ height districts; Seventh avenue and Eighth avenue are in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated February 16, 1956 acting on Alt. Applic. 106-56, reads:

"2. Proposed extension in area of present parking and storage of more than five (5) motor vehicles in a Residence use district is contrary to Article II Section 3 of the Z.R. and also contrary to resolution adopted by the B. of S. and A. under Cal. #915-54-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 139 ft. 2½ in. frontage by 98 ft. 9 in. in depth, on which are located two buildings, to be demolished, on lots 22 and 24; that lots 25, 26, 27 and 28 are now occupied as a parking lot; that it is proposed to utilize the entire 75 ft. of space as a parking lot after demolition of the two buildings; and

WHEREAS, the applicant contends that the affected part of said premises consist of the entire square footage thereof, that is, an area having a frontage on West 22nd street of 75 ft. and a depth of 98 ft. 9 in.; that there are two buildings on the subject property, one 3 stories in height and the other 5 stories in height, one on each side of a vacant parcel 25 ft. wide; that eviction orders have been issued against the tenants in both these buildings; that inasmuch as this application is for permission to use lots 22, 23 and 24 in conjunction with lots 25, 26, 27 and 28 as a single parking lot, which permission has been granted as to said latter four lots in decisions rendered at hearings held on June 14, 1955 and November 22, 1955, a reiteration of the principal points set forth in statements filed under Cal. Nos. 915-54-BZ and 915-54-BZ, Vol. II is omitted as such statements are annexed and made a part of this application; and

WHEREAS, the applicant states that the present owner has held title to the property since August, 1955; that the assessed valuation of land is \$108,000 and of the building \$12,000 making a total of \$120,000.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 14, 1955, as thereafter amended by resolution adopted November 22, 1955, by adding thereto:

"that the additional lots may be occupied for parking when the buildings have been removed, under similar conditions as in the resolution above cited; that an additional curb cut may be permitted, not over 14 ft. in width, as shown on plans filed with this application marked 'Received February 21, 1956' 4 sheets, *on condition* that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution."

265-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Milton Arkin, Charles Korman and Maurice S. Kapplow, owners.

SUBJECT—Application April 4, 1955—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in the local retail use portion of a plot located in a residence, local retail and business use district, the parking and storage of motor vehicles and the erection of an office, for a term of 10 years.

PREMISES AFFECTED—22-16 to 22-52 (22-30 official) Mott avenue, north side, 79.50 ft. east of McBride street, Block 159, Lot 12 and Block 162, Lots 1, 6, 11 and 39, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama, Milton Arkin and Charles Korman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, application was withdrawn on November 9, 1955; and

WHEREAS, planning commission declined application, re, public parking facility on November 23, 1955; and

WHEREAS, application was reopened and restored to docket on December 20, 1955; and

WHEREAS, a public hearing was held on this application on June 19, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956 for inspection and decision; hearing closed; then to July 24, 1956, for investigation by the Board as to removal of Long Island Railroad station in this area, to be developed with a public market and a large parking space, and for decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence, local retail and business use, D area, class 1 height districts; Mott avenue is in business and residence use, D area, class 1 height districts; Beach Channel drive is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated April 27, 1956 acting on N.B. Applic. 824-55, reads:

"1. The use of the premises as office, parking and storage of motor vehicles in the Local Retail portion and Residence portion of a plot in a Business, Local Retail and Residence use districts is contrary to Art. II Sect. 3, and Art. II Sect. 4-c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 383.39 ft. frontage by 418.39 ft. in depth, irregular, on which is located a 2½ story frame dwelling and three private garages; that it is proposed to use the premises for parking and storage of motor vehicles; that it is also pro-

posed to erect an office of class 4 construction, 11 ft. in height, 20 ft. front and 10 ft. in depth; and

WHEREAS, the applicant contends that the parking situation in this area is acute and the proposal will help to alleviate this condition; that the many large apartments and stores in the area without parking facilities have created an acute need for additional parking space; that the proposed parking lot will be graded to the level of Mott avenue and paved with cinders and will be entirely enclosed with a 5 ft. high woven wire fence, except for two 20 ft. openings on Mott avenue; and

WHEREAS, the applicant states that the present owner has held title to the property since July 19, 1954; that the assessed valuation of land is \$49,700 and of the buildings \$12,500 making a total of \$62,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee also investigated the proposed market and parking lot to be constructed where the Long Island Railroad station is now located and finds that it will be at least a year before such parking lot is in operation; the committee recommended that the application should be granted under certain conditions.

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied in part for parking and storage of motor vehicles substantially as proposed and as indicated on plans filed with this application marked "Received September 30, 1955," 3 sheets, "November 1, 1955, one sheet, and "July 19, 1956", one sheet, *on condition* that there shall be erected on all lot lines including the street line a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, including a masonry base; that along all interior lot lines there shall be maintained a planted area not less than ten feet in width planted with suitable material and protected with curbing; that the balance of the premises shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there may be two entrances to Mott avenue each not over 15 ft. in width; that there shall be erected a woven wire fence along the building line of Mott avenue similar to the fence heretofore required except that there may be two entrances, opposite the curb cuts herein permitted, which shall be fitted with gates and kept closed when the parking lot is not in operation; that signs shall be restricted to a sign at each entrance advertising the parking and storage use and the rates charged and such other information as the Commissioner of Licenses; that such signs shall not exceed 20 sq. ft. in area, shall not be illuminated and shall not extend beyond the building line; that parking on the site shall be restricted to motor vehicles of the pleasure car type only; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that a toilet building shall be erected where proposed and there may also be a building as shown solely as an office and shelter for the attendant; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

266-55-A

APPLICANT—Lama, Proskauer and Prober, for Milton Arkin, Charles Korman and Maurice S. Kapplow, owners.

SUBJECT—Application April 4, 1955—filed pursuant to section 35, General City Law re premises in bed of mapped streets—Mott avenue and Dix avenue an Appeal from a decision of the borough superintendent—frame construction within fire limits.

MINUTES

PREMISES AFFECTED—22-16 to 22-52 (22-30 official)
Mott avenue, north side, 79.5 ft. east of McBride street,
Block 159, Lot 12 and Block 162, Lots 1, 6, 11 and 39,
Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama, Milton Arkin and
Charles Korman.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent
dated March 29, 1955, on N.B. App. 824/55 reads:

"2. The use of the premises partly in the bed of a
mapped street is contrary to Art. 3, Sect. 35 of Gen-
eral City Law.

3. The erection of a 20' x 10' frame office building
inside the fire limits is contrary to 4.1.2. B.C. and
contrary to 4.1.3 (5a) B.C."

and

WHEREAS, the applicant states the premises consist of a
lot fronting 383.37 ft. on Mott avenue with a depth of 418.05
ft. irregular therefrom located in residence, local retail and
business use, D area, Class 1 height which it is proposed
to use for the parking and storage of motor vehicles and
erect thereon one-story 11 ft. high, Class 4 constructed office
building 20 ft. by 10 ft. in area; and

WHEREAS, the applicant contends as to Objection 2 issued
by the Borough Superintendent, that part of the premises
lies within the bed of Mott avenue and Dix avenue, which
are indicated on the City maps as streets but not physically
opened or widened; that the City does not have title thereto
and there are no proceedings pending at this time to acquire
such title; that the owner agrees to remove or not to claim
damages for any fences, buildings or improvements that
may be installed in the bed of the mapped streets, and con-
tends as to Objection 3, that the building proposed will be
one story in height, of Class IV construction, having a
frontage of 20 feet and a depth of 10 feet and its use will
be of a non-hazardous nature; and

WHEREAS, this appeal was withdrawn November 9, 1955,
in conjunction with Cal. No. 265-55-BZ, pending a decision
by the City Planning Commission on a simultaneous ap-
plication filed for the same use as requested herein; and

WHEREAS, this appeal was restored to the docket De-
cember 20, 1955, for consideration by the Board; and

WHEREAS, the applicant has filed a new decision of the
borough superintendent dated April 27, 1956, on N.B. App.
824/55, reading:

"2. The use of the premises partly in the bed of a
mapped street is contrary to Art. 3, Sect. 35 of General
City Law.

3. The erection of a 20' x 10' frame office building
inside the fire limits is contrary to 4.1.2 B.C. and con-
trary to 4.1.3 (5a) B.C."

WHEREAS, the premises was inspected by a committee of
the Board

Resolved, that the decision of the borough superintendent,
dated April 27, 1956, acting on N.B. App. 824/55, Objection
No. 2 be and it hereby is *modified* and that the appeal be
and it hereby is *granted* under the powers vested in the
Board to permit the use as permitted this day under Cal.
No. 265-55-BZ, to occupy the bed of the street where pro-
posed to be widened or constructed under the conditions as
set forth in such resolution; and as to Objection No. 3,
to permit the construction of the building as a toilet and
shelter for attendant of frame as permitted under the reso-
lution adopted this date under such Cal. No. 265-55-BZ.

327-55-BZ

APPLICANT—Samuel Miller, for Morton Pickman and
Samuel M. Berley, owners (purchaser under contract:
Esso Standard Oil Co.).

SUBJECT—Application April 20, 1955—re (decision of the
borough superintendent) under section 7e of the zoning
resolution, to permit in a local retail use district, the
erection and maintenance of a gasoline service station,
lubritorium, auto laundry (non automatic) minor auto
repair shop (with hand tools only) and the parking of
motor vehicles awaiting service, for a term of 15 years.

PREMISES AFFECTED—202-06 Hillside avenue, south-
east corner of 202nd street, Block 10496, Lot 52, Hollis,
Borough of Queens.

APPEARANCES—

For Applicant: J. I. Isaacs, Joseph B. Lynch and Samuel
M. Berley.

For Opposition: Fred Clind.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, application was previously withdrawn on De-
cember 13, 1955; and

WHEREAS, application was reopened and restored to the
docket on April 3, 1956; and

WHEREAS, a public hearing was held on this application
on June 26, 1956 after due notice by publication in the
Bulletin; laid over to July 17, 1956, for inspection and deci-
sion; hearing closed; then to July 24, 1956, for further
consideration; applicant notified; and

WHEREAS, the district maps accompanying the zoning
resolution show that the site is in a local retail use, D
area class ½ height district; Hillside avenue and 202nd
street are in residence and local retail use, E-1 and D area,
class ½ height districts; and

WHEREAS, the decision of the borough superintendent,
dated February 27, 1956 acting on N.B. Applic. 1088-55,
reads:

"1. Proposed erection and maintenance of a gaso-
line service station, lubritorium, auto laundry (non-
automatic), minor auto repair shop with hand tools
only and the parking of motor vehicles awaiting service
for a term of fifteen (15) years in a local Retail Use
District is contrary to Art. 2, section 4C of the Zon-
ing Resolution."

and

WHEREAS, the applicant states that the premises consist
of a plot, 100.08 ft. frontage by 98.35 ft. in depth, vacant
except for two billboards erected under building department
permits; that it is proposed to erect a one story building
of class 3 construction, 61 ft. front, 30 ft. in depth, 14 ft.
in height, and to occupy the premises as a gasoline service
station, lubritorium, non-automatic auto laundry, minor auto
repair shop with hand tools only, and the parking of motor
vehicles awaiting service, for a period of 15 years; and

WHEREAS, the applicant states that on July 25, 1916 the
plot was zoned for business use abutting residence use; that
an amendment dated July 17, 1947, C. P. 4883, rezoned the
business use to local retail use abutting residence use; that
also in 1916 the plot was zoned for class 1 height and class
D area; that under amendment dated June 30, 1952, C. P.
9011, the height class was changed from 1 to ½; that the
class D area remains unchanged for the plot in question;
that however, the abutting residence use property was
rezoned from D to E-1, also on June 30, 1952, C. P. 9011;
and

WHEREAS, the applicant further states that existing con-
ditions, in addition to the presently legally permitted bill-
boards, show that the plot is about an average of 2 ft.
below grade and that there is no sidewalk or curb along
Hillside avenue, or along 202nd street; that Slip Applies.

MINUTES

10097-28 and 10379-28 were approved on November 20, 1928 and November 28, 1928, respectively; that the plot will be graded substantially to the level of the two streets, retaining walls along the easterly and southerly lot lines will be erected as required, new sidewalk and curb to legal city grade and width will be constructed along Hillside avenue and new sidewalk along 202nd street; that the proposed accessory building will be one story in height, with no cellar, and will be finished on the two street fronts with face brick and porcelain enamel bands; that the two interior sides will be completed with common brick; that the building will be located along the rear or southerly lot line and there will be no openings therein, in the rear wall; that the building will be set back about 26 ft. from the 202nd street lot line so that the windows in the porch of the adjoining residence to the south will not be obstructed; that along the interior lot lines there will be erected masonry and wrought iron picket walls to a total height of 5 ft. 6 in.; that the masonry wall, finished with face brick similar to the finish of the accessory building, will be 2 ft. in height and the wrought iron pickets will be 3 ft. 6 in. in height; that a return wall with a total height of 4 ft. consisting of 2 ft. masonry and 2 ft. wrought iron pickets, will be erected along the lot line of 202nd street for a distance of 33 ft.; that suitable planted areas protected with 6 in. concrete curbing will be provided as shown on plan submitted with this application and the yard area will be paved with asphaltic concrete paving; that there will be ten 550 gallon gasoline tanks and four low type gasoline pumps set back a minimum distance of 15 ft. from the Hillside avenue lot line, one 550 gallon waste oil tank and one 550 gallon fuel oil tank together with a Gilbert & Barker approved type ceiling suspended furnace in the store room; that in addition to the new sidewalks and curb as aforementioned, there will be two 30 ft. curb cuts, including splays, on Hillside avenue and one 20 ft. cut on 202nd street; that there will be no cut nearer than 5 ft. to any lot line as prolonged; that the cut on 202nd street will be within 25 ft. from the intersection and section 7A does not apply; that there will also be erected one post standard with an "Esso" brand sign in the location as shown and overhanging the lot line of Hillside avenue 4 ft.; that the macadam paving on Hillside avenue ends about 15 ft. from the legal curb line and this so-called shoulder will be graded and paved in front of the property; and

WHEREAS, the applicant contends that under Cal. No. 780-51-BZ the Board granted a variance for a gas station on a plot of ground approximately 100 ft. by 100 ft. located at the southeast corner of 201st street and Hillside avenue; that this plot was located in a residence use district; that under Cal. No. 673-53-BZ, Vol. II, the Board recently granted a variance for a gas station in a residence use district at the northwest corner of Hillside avenue and 197th street at Foothill avenue; that it is to be noted that the plot under consideration in this application is located in a local retail use district; and

WHEREAS, the applicant further contends that the shopping center and customer parking lot located in block 10532, lot 120 and block 10533, lot 1, located across Hillside avenue from the proposed site, extends from 202nd street easterly, a distance of about 800 ft. to the west side of Francis Lewis boulevard; that in so-called spot zoning, the City Planning commission adopted an amended zoning resolution on March 24, 1952 under C. P. 8869 rezoning the aforementioned property from residence and local retail to restricted retail use and from E district to D district for area; that the rezoning application was granted at the property owner's request to facilitate the erection of the shopping center with accessory off street parking facilities; that there was no objection to this rezoning and the commission deemed the proposed rezoning warranted and desirable; that the center has been completed and numerous stores for various items are now in operation; that the erection of this shopping center has a tendency to discourage small store and shop owners and there is no need or demand for such use at the property under appeal; that Esso Standard Oil Company

had maintained a gasoline service station on the south side of Hillside avenue near the intersection of 207th street for over 15 years; that this station was permitted by the Board for 2 and 5 year terms under Cal. No. 641-30-BZ, Vols. I, II and III; that however, this property has been taken by the City and the gas station has been demolished; that the Board of Education has erected a public school playground along the block front of Hillside avenue between 207th and 208th streets; that the work has recently been completed; that the Board's consideration is requested in this present application for the replacement of the gas station at the former 207th street location; and

WHEREAS, the applicant contends that the owners have held this property since March 10, 1950; that they have been unable to develop the property in conformity with the existing local retail use, although they have made diligent efforts to do so; that efforts to sell this property for a conforming use at a fair market price have proved fruitless; that however, a purchase contract has been entered into with the Esso Standard Oil company, subject to a favorable zoning variance and in the event the variance is granted, the Esso company will erect the proposed modern gasoline service station; that Hillside avenue is a main traffic artery and principal route for both commercial and pleasure type vehicles extending from about the Kings County line to the Nassau County line and there is a definite need for an Esso modern gasoline servicenter; and

WHEREAS, the applicant states that the present owner has held title to the property since March 10, 1950 and that the assessed valuation of land is \$12,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received May 17, 1956", 5 sheets, *on condition* that all buildings and uses on the premises shall be removed and the premises shall be levelled substantially to the grade of Hillside Avenue and 202nd street; that the premises shall be constructed and arranged substantially as proposed and as indicated on such plans; that there shall be no cellar under the accessory building; that the accessory building shall be of the design and arrangement as proposed; that the exterior walls shall be of face brick, with no windows opening at the rear to the adjoining premises; that pumps shall be of a low approved type erected not nearer than 15 ft. to the street building line of Hillside avenue; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline tanks; that along the easterly lot line there shall be erected a masonry wall not less than 5 ft. 6 in. in height from the street building line to the rear lot line and running along the rear lot line to the accessory building and continuing from the accessory building to the street building line of 202nd street and along 202nd street for a distance of approximately 30 ft. with suitable terminating posts; that where not occupied by accessory building and pumps and proposed planting the premises, where unbuilt upon, shall be paved with concrete or asphaltic pavement; that the planting area shall be maintained where shown with suitable planting and protected with curbing not less than 8 in. in height and 6 in. in width above grade; that curb cuts shall be restricted to two curb cuts to Hillside avenue where shown not over 30 ft. in width and one curb cut to 202nd street within the first 25 ft. from the intersection; that sidewalks and curbing abutting premises shall be reconstructed or repaired to the satisfaction of the Borough President; that

MINUTES

signs shall be restricted to permanent signs attached to the facade of the accessory building, facing Hillside avenue, and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line of one post standard at the intersection for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to Hillside avenue for a distance of not more than four feet; that any lights for illumination shall be on metal standards with metal reflectors so arranged as to reflect toward the center of the premises and away from the adjoining occupancies; that there may be under Section 7e minor repairing with hand tools only maintained solely within the accessory building; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7e for a similar term there may be parking of motor vehicles awaiting service; that all premises shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin; laid over to May 22, 1956, for inspection and decision; hearing closed; then to June 12, 1956, for applicant to file more complete plans showing the arrangement proposed, full size of the lot with spaces to be taken for the widening of Conduit Boulevard, all dimensions and location by dotted lines of the subways below and the tanks shown to be located in compliance with the requirements, at least not nearer than 25 ft. to the subway wall; then to June 19, 1956, for consideration and decision; then to July 3, 1956, for applicant to file adequate plan; hearing previously closed; then to July 24, 1956, for applicant to file revised plan in order to give sufficient room for proposed pumps; applicant to consult with the Board of Transportation for their approval before submitting such revised plans to the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Conduit boulevard, Sheridan avenue, Belmont avenue and Grant avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 24, 1955 acting on N.B. Applic. 1467-55, reads: "Examination for zone only.

1. Proposed building and premises, in a Residence use zone, to be used for Gas service station, Lubritorium, car wash, auto repairs, office for sale of accessories,

storage of auto accessories, storage and parking of more than 5 motor vehicles (including commercial vehicles) is contrary to Article II, Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 228 ft. frontage by 196 ft. in depth, irregular, vacant at present; that it is proposed to erect a gasoline service station with an accessory building of colonial design to contain conjunctive uses of lubritorium, car washing, minor auto repairs and storage and sale of automobile accessories, with office; that this building will be located on the northeasterly corner of the plot; that it is also proposed to install six sets of dispensing pumps facing on Conduit boulevard and one set facing on Sheridan avenue, all constructed on concrete islands; that it is also proposed to use the balance of this plot for open air commercial parking of more than 5 motor vehicles; that the plot will be levelled substantially to grade and paved with asphaltic paving; that the entire plot will be enclosed with a woven wire fence of the type and quality and to the extent required by the Board; and

WHEREAS, the applicant contends that Conduit boulevard, variously known as Southern parkway, Sunrise highway, etc., is one of the main traffic routes connecting points along the south shore of Nassau and Suffolk counties with New York city; that its route adjoins Idlewild airport and Aqueduct race track, about a mile to the east; that it intersects several important cross county highway, such as New York, Rockaway, Cross County boulevards, as well as the Van Wyck expressway, along its route; that it is expected that automobile traffic on this highway will increase tremendously during the next few years, so much so that Conduit boulevard is being widened along this point to a width of 260 ft.; that the City has already condemned and taken title to a substantial strip on both sides of this highway; that about 60 ft. has been taken from the northern end of the subject site, reducing its size to the present dimensions, as indicated on plan herewith filed; that there are no gas stations within the immediate vicinity, the nearest one is a Mobiloil station on the northwest corner of Euclid and Liberty avenues; that there was a station about a block away from the present site which was torn down to make way for the street widening of Conduit boulevard; that the subject site is unadaptable for any other improvement than the one proposed because of the existence of an easement on this plot in favor of the New York City transit authority; that the transit authority will extend the Fulton street line of the IND division of its subway lines from the present terminus of the Euclid avenue station and there will be a new subway station at Grant and Pitkin avenues directly in front of the site; that at the same time, a spur from this new line will pass beneath the site to the Pitkin avenue subway yards, 2 blocks south of the site; that this easement restricts the size and type of structures which may be erected on the plot; that the uses and structure proposed would not violate any of the covenants in this easement; that fully two thirds of the surrounding area consists of vacant land; that due no doubt to the presence of the terminal subway station at Euclid avenue, a few blocks to the west, passenger cars are parked on every available vacant lot and along the sidewalks; that most of these cars belong to owners who reside outside the city who park their cars as near the subway station as possible and then travel the rest of the way by subway to their destination; that therefore there is urgent need for off street parking facilities in this neighborhood and the present site is ideally located for this purpose; and

WHEREAS, the applicant states that the present owner has held title to the property since May 28, 1953 and that the assessed valuation of land is \$23,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and h of the Zoning Resolution.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and as indicated on plans marked "Received July 5, 1955", 4 sheets and "July 18, 1956", 1 sheet, *on condition* that the plot be leveled substantially to the grade of the surrounding streets, constructed and arranged in accordance with filed plans, particularly revised plan marked "Received July 18, 1956", 1 sheet; that the accessory building shall be of face brick on all sides, have no cellar, be designed and arranged as proposed and in all other respects comply with the requirements of the Building Code; that pumps shall be of a low approved type, located where indicated on such revised plan; that gasoline storage tanks shall be located at least 25 feet away from the subway under the plot as shown on such revised plan, and shall consist of six approved tanks toward the west and six approved tanks toward the east; that along the interior lot lines of Belmont and Grant avenues there shall be erected a woven wire fence of the chain link type erected on a masonry base to a total height of 5 ft. 6 in.; that a similar fence shall be continued along Sheridan avenue from the intersection of Belmont avenue for a distance of approximately 75 feet, with suitable masonry terminating posts; that curb cuts shall be restricted to two on Conduit boulevard, each not over 30 ft. in width and two not over 21 ft. each; that along Sheridan avenue there may be two curb cuts, one 30 ft. in width and one 20 ft. in width, located where shown on plans; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that the sidewalks and curbing abutting the site on all four streets shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that at the intersection of Conduit boulevard, Sheridan and Grant avenues there shall be erected at each intersection a block of concrete 12 in. high, extending for 5 feet along each street line; that signs shall be restricted to permanent signs attached to the front of the accessory building and the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the intersection of Sheridan avenue and Conduit boulevard of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line not more than 4 feet; that any lighting installed shall be on metal standards with metal reflectors so arranged as to reflect toward the center of the plot and away from adjoining occupancies; that under section 7h for a similar term there may be parking of cars on such space as will not interfere with the servicing of the station; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

556-55-BZ

APPLICANT—Fred C. Dahlem, for Louis J. Sonderlich, owner.

SUBJECT—Application June 7, 1955—(decision of the borough superintendent, under section 7h of the zoning resolution to permit in a residence use district, proposed parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—2875-2877 Briggs avenue, west side, 182.96 ft. south of East 199th street, Block 3302, Lot 50, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem.

For Opposition: P. A. Wilson.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murlock, Commissioner Klemert,

Commissioner Keating and Deputy Chief Connolly... 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 199th street are in a residence use, B area, class 1½ height district; Briggs avenue is in business and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 23, 1955 acting on Alt. Applic. 124-55, reads:

"1. In a residence district the proposed parking and storage of more than 5 motor vehicles is contrary to Sect. 3, Art. II of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 190 ft. in depth, now vacant; that it is proposed to permit parking and storage of more than five motor vehicles on said premises; and

WHEREAS, the applicant contends that the new owner finds it difficult to erect a new building as the lot is too small for an apartment house; that it is therefore requested that the Board permit the parking and storage of more than five motor vehicles on same in order to derive some income; that the lot will be properly graded and fenced in with a chain link fence and each car owner will have a key to the lock on the gate; that the lot will be closed and locked at all times except when a car is to be taken in or out; that there are no public garages near, and the use of this lot will take some 25 cars off the streets; that the owner will plant hedges along the building line inside of the chain link fence and will keep the lot in keeping with the surrounding properties, so that the neighbors will not find cause to complain; and

WHEREAS, the applicant states that the present owner has held title to the property since December 4, 1954 and that the assessed valuation of land is \$12,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and consideration has been given to the adjoining residential occupancies and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 124/55, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

559-55-BZ

APPLICANT—Burke, Green and Groh, for National Seating Co., Inc., owner.

SUBJECT—Application June 30, 1955—re (decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a retail and residence use, D and E-1 area district, the proposed change in occupancy from a lumber yard, office and saw mill to factory, office and paint spraying, using more than the area permitted.

PREMISES AFFECTED—138-13 Springfield boulevard, east side, 130.50 ft. north of 138th road, Block 13034, Lot 34, Springfield Gardens, Borough of Queens.

APPEARANCES—

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956, at the request of attorney for objectors; no further requests for adjournment to be entertained; then to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Carson street are in retail and residence use, D and E-1 area, class ½ height districts; Springfield boulevard is in retail and residence use, D area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 1, 1955 acting on Alt. Applic. 806-55, reads:

"1. The proposed change in occupancy from a lumber yard, office and saw mill to a factory, office, storage and paint spraying on a plot located partly in a Retail and partly in a Residence use district is contrary to Art. II Sec. 3 and Sec. 4A of the Zoning Resolution."

3. The occupancy of more than 55% of the area of the lot in a D district is contrary to Art. IV Sec. 14(c) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 52.20 ft. frontage by 336.30 ft. in depth, irregular, on which are located three buildings, of which one is 51.55 ft. by 146.28 ft.; the second is 50.6 ft. by 70 ft., one story in height, and the third is 12 ft. by 10 ft.; that it is proposed to change occupancy to factory, office and paint spraying, using more than the are permitted, and to construct a one story masonry spray room in the open yard; and

WHEREAS, the applicant states that the property referred to is presently zoned as a class ½ height district; that the portion of the property within 100 ft. of Springfield boulevard is presently zoned as a retail district and a D area district and the remainder is zoned as a residence, E-1 area district; that as of July 25, 1916 the property was zoned as an unrestricted district, a one times height district and a D area district; that on June 25, 1937 the portion of the property within 100 ft. of Springfield boulevard was placed in a business district and the remainder was placed in a residence district; that on January 21, 1947 the business portion of the property was changed to its present retail designation; that the present height and area designations became effective on June 30, 1952; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states that the owner of this property sells movie seats to various theater owners; that he employs 4 men and has on the premises an 8 in. cross-cut saw, an 8 in. table saw and a 30 in. Benz saw; that these saws are very rarely used; that they are used at times to shorten the legs of movie seats one or two inches; that it is to be noted that the owner does not manufacture theater chairs but purchases the raw theater chairs, which are always stock size with one or two variations, sprays them according to order and upholsters said chairs; that the bulk of the owner's work is upholstering; that the spraying apparatus may be used once a month at the most; and

WHEREAS, the applicant contends that the property in question was formerly a saw mill and lumber yard backing on the Long Island railroad; that when the property was purchased it was in a partial business and residence district; that the present owner, at the time of the purchase of the property, received certificate of occupancy No. Q20843 from the seller for a saw mill and lumber yard; that the spraying at the present time is conducted in an open shed at the rear of the property facing the railroad; that it is proposed to construct a one story masonry spray room, 10 ft. by 12 ft.

in size, in the open yard, at the rear of the plot adjoining the railroad right-of-way; that it is also proposed to demolish a large one story frame shed, approximately 13 ft. by 110 ft.; that the surrounding uses of the various properties lend to the general tenure of the work being conducted herein; that immediately adjacent to the owner's property is the storage of gasoline pumps, etc., and other business properties are located on either side of the owner's place of business; that the existing building was erected in 1924 and the mapped widening was mapped on April 12, 1935; and

WHEREAS, the applicant states that certificate of occupancy No. Q20843 was obtained on previous owner's affidavit that he constructed the existing building in 1924, when use zoning was unrestricted; and

WHEREAS, the applicant states that the present owner has held title to the property since March 16, 1946; that the assessed valuation is as follows: old lot No. 34—land \$2,000, building \$8,500; old lot No. 55—land \$2,500; old lot No. 57—land \$2,000, building \$3,000; total assessed valuation \$18,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the use of the existing buildings, except for the building to be demolished, substantially as proposed and as indicated on plans filed with this application marked "June 30, 1955" 9 sheets, and "February 10, 1956" one sheet, for the use as proposed to be occupied by the National Seating Co., Inc., for storage and repair of seatings *on condition* that the building at the rear along the lot line shall be removed and that the existing or a new woven wire fence of the chain link type shall be maintained on all lots lines where walls of adjoining buildings do not occur; that the furnace for burning waste shall be enclosed on all sides with fireproof partitions with proper flue through the roof; that during the term of this variance the premises shall be used for no other use; that the existing wood working machinery may be continued; that the buildings shall not be increased in height or area and shall be fire retarded as may be required by the borough superintendent; that in the rear where proposed there may be a spray booth in a separate building as indicated properly vented above the roof with a flue to a proper height to prevent fumes interfering with neighboring uses; that the unbuilt upon portion of the premises shall be properly surfaced; that no signs shall be erected in the residence use district; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and a new certificate of occupancy obtained.

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated June 1, 1955, on Alt. App. 806/55 reads:

"2. The proposed use of frame buildings for business purposes is contrary to Sec. 4.b B.C.

4. The construction of the exterior walls of frame construction is contrary to 4.1.3(b) of Building Code." and

WHEREAS, the applicant states the building is one story, 20 ft. in height, 51.50 ft. and 50.6 ft. front by 146.28 and 70 ft. in depth, of Class 3 construction, erected in 1941 on a lot 52.20 ft. front by 336.30 ft. irregular in area, now in a retail and residence use, D and E-1 area, Class ½ height district; used and occupied since 1946 as follows: 1st floor—office, storage of theater seats, paint spraying and upholstering, 5 persons; that no change in use or occupancy is proposed; and

WHEREAS, the owner was fined in Magistrate's Court on charge of violating the Administrative Code; and the applicant further states that the owner sold seats to various theatres and employs four men and maintains on the premises an 8 in. cross-cut saw, an 8-in. table saw and a 30 in. Benz saw; that these saws are rarely used; that the owner does not manufacture the theater chairs but purchases raw chairs, sprays and upholsters them to order; the bulk of the work is upholstering; that the spraying apparatus may be used once a month; that the owner at the time of purchase of the property received a Certificate of Occupancy #Q20843 for a saw mill and lumber yard; that the spraying is now conducted in an open shed on the rear, facing the railroad; that it is proposed to construct a one-story masonry sprayroom, 10 ft. by 12 ft. in area in the rear adjoining the railroad right of way and to demolish a large one-story frame shed approximately 13 ft. by 110 ft. in area as shown on plans filed with Cal. 559-55-BZ; that in view of conditions in surrounding neighborhood and the fact that the use carried on is less obnoxious than a saw mill and lumber yard, it is requested the Board grant a variance permitting the new use; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the borough superintendent, dated June 1, 1955, acting on Alt. App. 806/55, Objections 2 and 4 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted this day under Cal. No. 559-55-BZ shall be complied with; and that such fire fighting equipment shall be installed as the Fire Commissioner shall direct.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin;

laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, D area, class 1 height district; Beach 25th street is in retail and residence use, D area, class 1 height district; Brookhaven avenue is in retail and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated July 19, 1955 acting on N.B. Applic. 2664-55, reads:

"1. The construction of a public garage, service station & auto repair shop in a retail use dist. is contrary to Art. 2 Sec. 4A of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 159.62 ft. frontage by 189.8 ft. in depth, irregular, on which is located a frame garage to be demolished; that it is proposed to construct a modern garage with repair shop and gasoline service station, with two curb cuts on Brookhaven avenue and two curb cuts on Aztec place; that it is also proposed to install one pump island with two dual pumps and six 550 gallon buried gasoline storage tanks; that the entire open area will be paved with concrete and 5 ft. high masonry walls will be constructed on the unbuilt portions of the westerly and southerly lot lines to complete the enclosure of the plot; and

WHEREAS, the applicant states that height and area designations have been unchanged since 1916; that the use district was changed from business to retail May 26, 1955; and

WHEREAS, the applicant states that the plot contains a two story frame building, date of construction unknown, which was being used as a public garage at the time of purchase by the present owner in 1918; that there was also on the plot a 550 gallon gasoline storage tank; that there is no record of permits having been issued for either the garage or the gas station, but the owner possesses ample evidence that the property was being used for both of these purposes for many years, as follows: that the Sanborn atlas of 1912, Vol. 8, page 37, shows the building as an auto building with a "525 gallon gasoline tank buried"; that photos taken on May 25, 1955 show this tank after removal by the City, the portion of this owner's property containing the tank having been acquired by the City for the construction of Brookhaven avenue; that a survey dated March 23, 1922 shows this building to be a frame garage 89.85 ft. by 34.25 ft.; that fire insurance policies, leases, etc., dating back to 1922 show this building to be used as a public garage; and

WHEREAS, the applicant contends that the proximity of the site to the Wavecrest station of the Long Island Railroad at Beach 25th street, which will shortly become part of the New York City rapid transit system, makes it well adaptable for the proposed uses as it will fill a need of the community; that the character of the neighborhood will not be adversely affected; and

WHEREAS, the applicant states that the present owner has held title to the property since September 15, 1918; that the assessed valuation of land is \$3,300 and of the building \$200 making a total of \$3,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions, c, f and i of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N. B. Applic. 2664/55, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly .. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; laid over to July 3, 1956, for inspection and decision; hearing closed; then to July 24, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Belmont avenue and Pine street are in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated August 3, 1955 acting on N.B. Applic. 1657-55, reads:

"1. Proposed gasoline service station, lubritorium, car washing, minor auto vehicle repairs, office & sales, storage, parking and storage of motor vehicles in a residence use district is contrary to Art. II, Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 119 ft. 10 $\frac{1}{4}$ in. frontage by 47 ft. 2-5/8 in. in depth, irregular, now vacant; that it is proposed to secure a variance for a period of 15 years in order to erect and maintain a modern gasoline service station consisting of eight 550 gallon gasoline storage tanks and four dispensing pumps; that the proposed accessory building will be one story in height, of class 3 construction, having a frontage of 48 ft., a depth of 27 ft. and will contain the conjunctive uses of car wash, lubritorium, motor vehicle repairs, storage, office and sales; that a portion of the open area will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in a business use district and received their present use designation on April 7, 1953; and

WHEREAS, the applicant contends that Belmont avenue is a main auto lane leading across Brooklyn and that fact, together with the large home development in the area, makes the proposal entirely in keeping and a required service at this point; that there are no other gas stations within the affected area; that although Belmont avenue is zoned as residence, the street is not residential in character due to the many non-conforming uses, as follows: block 4250, lot 21—store; block 4251, lot 26—store; block 4234, lots 34 and 43—stores; block 4233, lot 39—store; block 4232, lots 36 and 1—stores; that the building will be highly modern in design and will help improve the appearance of the community; that it would be far better to have this vacant land developed in a modern manner than the picture it now presents to Belmont avenue; that it would be impractical to develop the site with residence use to the non-conforming uses above described; that the present day cost of construction would raise the price of a dwelling to such an extent that it would not be saleable in this community; that the erection of a gas station would increase the assessed value of the site, thereby rendering a greater tax to the city and also enable the owner to retain possession of his property,

continue to pay taxes and receive an equitable return on his investment; and

WHEREAS, the applicant states that the present owner has held title to lot 23 since August 6, 1951 and to lot 29 since February 1, 1952; that the assessed valuation of land is \$5,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 1657/55, Objection No. 1, be and it hereby is affirmed and that the application be and it hereby is denied.

719-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Isaac V. Cohen, owner.

SUBJECT—Applicant August 19, 1955—(decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection of a gasoline service station, lubritorium, minor auto repairs, car washing, storage room, office and sales and parking and storage of motor vehicles.

PREMISES AFFECTED—1202-1224 Prospect avenue, east side, 180 ft. north of Stebbins avenue, and 1153-1163 Stebbins avenue, Block 2693, Lot 12, Borough of The Bronx.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 167th street and Home street are in a business use, B area, class 1 $\frac{1}{2}$ height district; and

WHEREAS, the decision of the borough superintendent, dated July 20, 1955 acting on N. B. Applic. 1066-55, reads:

"1. Proposed use of gasoline service station, lubritorium, minor auto repairs, car washing, storage room, office & sales, & parking & storage of motor vehicles in a business use district is contrary to Art. II Sect. 4 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 ft. frontage on Stebbins avenue, 82.64 ft. on the southerly lot line and 114.90 ft. on the northely lot line, presently developed with a parking lot; that it is proposed to erect a modern gasoline service station consisting of ten 550 gallon gasoline tanks and four dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, with a frontage of 62 ft., a depth of 62 ft., irregular, and contain the conjunctive uses of lubritorium, car washing, minor auto repairs, storage room, office and sales; that the open portion of the plot will be used for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the building will be erected in a modern manner and will improve the appearance of the community; that Prospect avenue is a main auto

MINUTES

lane leading across the Bronx and as such the proposal is entirely in keeping at this point; that all entrances and exits to the gas station will be confined to Prospect avenue; that there are sufficient stores in the area for public requirements and the high value of the land makes it mandatory that it be developed at this time as proposed so that the owner may retain his property and continue to pay taxes; that it would not be feasible to erect additional stores at this time; that there are non-conforming uses in the affected area showing that the proposal would also be in keeping at this point; that these non-conforming uses are as follows: block 2680, lot 55—garage; block 2693, lot 1—gas station; block 2691, lot 77—motor vehicle repair shop; and

WHEREAS, the applicant states that the present owner has held title to the property since April 14, 1951 and that the assessed valuation of land is \$33,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board in connection with existing gasoline stations in the general area and specifically in connection with Cal. 176-35-BZ, Vol. III, which has been granted this day; and the committee recommended that this application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received August 19, 1955", 4 sheets, *on condition* that all buildings and uses on the site shall be removed and the premises leveled substantially to the grade of Prospect and Stebbins avenues, arranged and constructed as indicated on such plans, including the section for car washing; that along Stebbins avenue, the windows shown on plans for such car washing section shall either be eliminated or installed not less than 8 ft. from the sidewalk; that the accessory building shall be faced with face brick, including the car washing section, and shall have no cellar and comply in all other respects with the requirements of the Building Code; that pumps shall be of a low approved type, erected not nearer than 15 ft. to Prospect avenue; that there shall be no openings on the side to Stebbins avenue; that along the interior lot lines to the north and south there shall be erected a masonry wall not less than 5 ft. 6 in. in height with proper terminating posts at the building lines; that curb cuts shall be restricted to two, each 30 ft. in width to Prospect avenue and none nearer than 5 ft. to a side lot line as prolonged; that the sidewalks and curbing abutting the site shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that under section 7i for a similar term there may be minor repairs maintained solely within the accessory building with hand tools only for adjustment; that the premises where not occupied by by accessory building, car washing building and pumps shall be paved with concrete or asphalt; that signs shall be restricted to permanent signs attached to the accessory building, excluding all roof and temporary signs, but permitting the erection of one post standard erected toward the middle of the premises opposite the pumps for supporting a sign, which may be illuminated, advertising only the brand of gasoline sold and which sign may extend beyond the building line not more than 4 feet; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

831-55-BZ

APPLICANT—Burke, Green and Groh, for Edward J. Riesbeck and Dr. Andrew Presto, owners.

SUBJECT—Application October 20, 1955—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the proposed erection of a drive-in restaurant and free parking for patrons' cars.

PREMISES AFFECTED—85-15 Astoria boulevard, northwest corner of 86th street, Block 1097, Lot 8, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: Sidney J. Sherman, Jean Bustruc, Lillian Marone, Vincent Zago, Evelyn Greenberg, Violet Payclos, Guisseppina Orfeo, Franklin K. Marone, M. D., Lillian Melega, Mary K. Farrell and Josephine Gonzalez.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly... 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class ½ height district; Astoria boulevard is in residence, business, manufacturing and local retail use, D area, class ½ height districts; 86th street is in residence and business use, D area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated May 25, 1956 acting on N.B. Applic. 3458-55, reads:

"1. Proposed diner in a residence use district and free parking of patrons' cars is contrary to Art. 2 Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 106.75 ft. frontage by 113.14 ft. in depth, irregular, now vacant; that it is now proposed to construct a one story and cellar building, 50 ft. by 30 ft., to be used as a diner; that the front half of the building, the dining portion, will be standard steel framing and stainless steel exterior construction; that the rear half, kitchen, office and toilet facilities, will be constructed of 8 in. masonry; that the building will be centered on the plot near the Astoria boulevard building line, and the remainder of the plot will be used for free parking of patrons' cars and will receive a cinder or gravel surface treated with a binder; that a 5 ft. 6 in. high woven wire fence will be on both interior lot lines and a 5 ft. wide strip of planting and shrubbery will be provided along the entire north lot line; that two 30 ft. curb cuts will be installed along the Astoria boulevard frontage and there will be no curb cuts on 86th street; that a post standard and sign will be installed at the corner; and

WHEREAS, the applicant states that the property referred to is presently zoned as a residence district, class ½ height district and a D area district; that as of July 25, 1916 the portion of the property within 100 ft. of Astoria boulevard was in a business district and the remainder, if any, was in a residence district; that the entire property was zoned as a business district on December 14, 1934 and the present residence designation became effective on November 17, 1952; that as of July 25, 1916 the property was zoned as a one times height district and a C area district; that the present height designation became effective on August 31, 1938 and the present area designation became effective on November 17, 1952; and

WHEREAS, the applicant contends that the original application was for a custard refreshment stand; that however, the owners of the airport diner located on 82nd street and Astoria boulevard were having their property condemned by the Port Authority of New York for the purposes of an

MINUTES

extension of the beam lights to LaGuardia field; that they pleaded with the owner of the subject property to sell the piece to them so that they could move their diner to this position; that the Port authority interceded for them and the owner of this property therefore changed the application to read proposed diner rather than a refreshment stand; that there is a letter submitted by the Port authority to verify these facts and it is trusted that, due to the extenuating circumstances of the hardship inflicted upon the present owners of the diner, plus the business-like arrangement not only on Astoria boulevard but on 86th street as well, that the Board will exercise their discretion favorably in this instance; and

WHEREAS, the applicant states that the present owner has held title to the property since July 3, 1953 and that the assessed valuation of land is \$24,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 3458/55, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

901-55-BZ

APPLICANT—Henry J. Nurick, for 16-20 Halsey Street Garage Corp., owner.

SUBJECT—Application November 7, 1955—(decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a business and residence use district, the parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—10-18 Halsey street, south side, 80 ft. east of Bedford avenue, Block 1842, Lots 11 and 14, Borough of Brooklyn.

APPEARANCES—

For Applicant: Henry J. Nurick.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and business use, B and C area, class 1¼ height districts; Bedford avenue and Fulton street are in a business use, B area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated October 31, 1955 acting on Alt. Applic. 3255-55, reads:

"1. The proposed parking & storage of motor vehicles partly in a business use district & partly in residence use district is contrary to Art. II Sec. 3 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 67 ft. 6 in. frontage by 100 ft. in depth, at present occupied for the parking and storage of more than five motor vehicles; that it is proposed to legalize the use of this property as a parking lot for more than five motor vehicles; and

WHEREAS, the applicant further states that the subject property is owned by the operators of the public garage adjoining this property to the east, on lot 15; that this garage was erected under permit No. 2250-06 and has been used as such since then; and

WHEREAS, the applicant contends that the development on the south side of Halsey street, looking west, is business and residential to Bedford avenue, and to the east the development is residential; that on the north side of Halsey street there are dwellings and business property to the west and dwellings to the east; that Halsey street is an automobile thoroughfare leading from Bedford avenue to Ridgewood and has considerable vehicular traffic; that both sides of the streets in the neighborhood are filled with parked cars and it is felt that this parking lot will help somewhat to relieve the congested condition; that this property is not suitable for a conforming use as most of the business is on Bedford avenue and a development of new dwellings, with a garage adjoining, would not be practical; and

WHEREAS, the applicant states that the present owner has held title to the property since December 1, 1948 and that the assessed valuation of land is \$8,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c as to extension of the existing gasoline service station to include parking on lots 11 and 14 as proposed and as indicated on plans filed with this application marked "Received November 7, 1955", 2 sheets, *on condition* that such lots shall be graded to the grade of Halsey Street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that on the front lot line and on the rear lot line where shown there shall be erected an woven wire fence of the chain link type not less than 5 ft. 6 in.; that in addition to the entrances to the gasoline service station now existing, there may be an additional curb cut herein shown to Halsey street not over 20 ft. in width; that such opening on the lot line shall be fitted with a gate which shall be normally kept closed when the parking lot is not in operation; and that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within six months from the date of this resolution.

928-55-BZ

APPLICANT—Gabriel Nathan, for David Koss, owner.

SUBJECT—Application November 21, 1955—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—158-166 Beach 54th street, east side, 401.41 ft. south of Edgemere avenue, Block 343, Lot 4, Edgemere, Borough of Queens.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly .. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the

MINUTES

Bulletin; laid over to July 17, 1956, for inspection and decision; hearing closed; then to July 24, 1956, for further consideration; applicant notified; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Beach 54th street are in a residence use, D area, class 1 height district; Edgemere avenue is in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 24, 1955 acting on Alt. Applic. 2291-55, reads:

"1. A parking lot in a residential district is contrary to the zoning resolution, Art. II, Sect. 3."

and
WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 129.5 ft. in depth, now vacant; that it is proposed to use the premises for the open parking and storage of more than five motor vehicles, with a 10 ft. by 10 ft. frame shelter; and

WHEREAS, the applicant states that on December 28, 1939 the use was changed from business to residence; and

WHEREAS, the applicant contends that this plot is located in the center of a highly congested summer resort area and is surrounded by rooming houses, hotels and summer bungalows; that being on the beach block of the Atlantic Ocean, this area is crowded in the summertime, not only with cars of summer residents but with cars of thousands of daily visitors; that these summer visitors and residents have no parking facilities on their premises and police regulations prohibit parking in the public streets; that the city operates a public parking lot immediately to the rear of this property in block 343, lot 50; that the use of the plot for parking will be of great benefit to the area, to the visitors and residents and will help keep the streets clear of congestion, which is a hazard in case of fire; and

WHEREAS, the applicant states that the present owner has held title to the property since April 29, 1955 and that the assessed valuation of land is \$12,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. App. 2291-55, Objection No. One be and it hereby is affirmed and that the application be and it hereby is denied.

929-55-A

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 29, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for applicant's presence at public hearing; then to July 3, 1956, for inspection and decision; hearing closed; then to July 24, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Linden boulevard and Milford street are in a residence use, FF area, class 3/4 height district; and

WHEREAS, the decision of the borough superintendent, dated November 18, 1955 acting on N.B. Applic. 2198-55, reads:

"1. Proposed buildings and premises, in a Residence Zone, to be used for Gasoline service station, lubritorium, minor repairs (with hand tools only), auto washing (non-automatic), office, storage and sales of auto accessories, parking for cars waiting to be serviced, is contrary to Article II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 ft. frontage by 100 ft. in depth, now vacant; that it is proposed to erect a parkway type gasoline service station, lubritorium, minor repairs with hand tools only, non-automatic auto washing, office, storage and sales of auto accessories and parking for cars awaiting service; and

WHEREAS, the applicant states that the subject premises is presently zoned as a residence use, class 3/4 height and FF area district; that as of July 25, 1916 the portion of the property within 100 ft. of Logan street was zoned as an unrestricted district and the remainder was in a residence district; that the unrestricted portion was changed to its present residence designation on May 10, 1928; that as of July 25, 1916 the subject premises was in a class 1 height and a D area district; that the present height and area designations became effective on July 22, 1954; that no petition is pending before the city planning commission for a zoning amendment relating to this property; and

WHEREAS, the applicant contends that there is no economic demand for the use of the subject premises for residential development as it is situated on Linden boulevard which sustains a substantial volume of automotive traffic, it adjoins a gas station, garage and motor vehicle repair shop and is opposite a lumber yard; that there is a demand for a parkway type service station at this location as Linden boulevard is a main thoroughfare linking Brooklyn with all parts of Queens and Long Island; that a grant of this application would not adversely affect any of the nearby properties because the property adjoining the subject premises is developed with a gas station, garage and auto repair shop; that the adjoining property to the rear of the subject premises (lot 58) fronting on Milford street is vacant and the adjoining property (lot 13) to the rear fronting on Logan street is developed with a one story loft building;

MINUTES

that the property on the southerly side of Linden boulevard, east of and opposite the subject premises is vacant and the property opposite the subject premises, on the northerly side of Linden boulevard, is developed with a lumber yard and vacant; that other properties in the area are sufficiently remote from the subject premises so as not to be adversely affected; that the proposed fence wall and landscaping arrangement will adequately safeguard and buffer the adjoining properties; that the proposed parkway type design of the building with peaked roof and brick facade is attractive in appearance and would enhance the appearance of the neighborhood; that the premises is situated on a service road and all cars entering and leaving the gas station would do so into the service road; that a grant of the instant application would result in the elimination of a vacant plot which is overrun with weeds during the summer and is dangerously dark at night; and

WHEREAS, the applicant states that the present owner has held title to the property since October 25, 1955; that the assessed valuation of lot 1 is \$7,500 and lot 6 is assessed at \$3,500 making a total of \$11,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e for a term of fifteen years, to permit the premises to be occupied for a gasoline service station and accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received November 22, 1955", 2 sheets, "February 14, 1956", 1 sheet, and "June 7, 1956", 2 sheets, on condition that all buildings and uses on the site shall be removed and the premises filled, graded and leveled substantially to the grades of the abutting street and constructed and arranged substantially as indicated on such plans; that the exterior of the accessory building shall be of face brick; that the accessory building shall have no windows or other openings at the rear, shall have no cellar, shall be of the design and arrangement proposed, and in all other respects comply with the requirements of the Building Code; that on the interior lot lines to the east and south there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 ft. 6 in.; that on a portion of the walls at the lot line to the south there shall be erected a masonry wall agreeing with the masonry of the accessory building to a total height of 5 ft. 6 in., where shown, and along the lot line of Milford street there shall be erected a fence as proposed, consisting of masonry and steel pickets to a total height of 5 ft. 6 in.; that pumps shall be of a low approved type, erected not nearer than 15 ft. to the street building line of Linden boulevard, where shown; that gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that planting with suitable landscaping material shall be maintained along the interior lot lines, where shown, properly protected with a concrete curbing not less than 8 in. in height and 6 in. in width; that the balance of the site where not occupied by pumps, planting and building shall be paved with concrete or asphalt; that curb cuts shall be restricted to three on Linden boulevard, each 30 ft. in width, with no portion of any curb cut nearer than 5 ft. to a lot line as prolonged; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to a permanent sign attached to the facade of the accessory building, and the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the building line at the intersection of Milford street and Linden boulevard of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, which sign may extend beyond the building line not more than 4 feet; that such portable fire-fighting appliances shall

be installed as the fire commissioner shall direct; that under section 7h for a similar term there may be parking of cars awaiting service, on condition that such cars shall be parked on the easterly side of the premises; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

981-55-BZ

APPLICANT—Leonard F. Rothkrug, for F. H. D. Corporation, owner (Par-Mar Motors, Inc., lessee).

SUBJECT—Application December 13, 1955—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business district, the change of occupancy from storage garage for more than 5 cars and office to storage of more than 5 cars, office, motor vehicle repair shop, welding, painting and spraying in a building located partly within a business district.

PREMISES AFFECTED—63 Pennsylvania avenue, east side, 185 ft. 4½ in. north of Atlantic avenue and 132 New Jersey avenue, west side, 227 ft. 3 in. north of Atlantic avenue, Block 3670, Lot 9, Borough of Brooklyn.

For Applicant: Milton Ritter.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-

ert and Commissioner Keating 3

Negative 0

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 17, 1956, at request of objector, applicant concurring, then to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and New Jersey avenue are in business and residence use, C area, class 1 height districts; Pennsylvania avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 25, 1956 acting on Alt. Applic. No. 1479-55, reads:

"1. Proposed change of occupancy from storage garage for more than 5 motor vehicles & office to storage of more than 5 motor vehicles, office, motor vehicle repair shop, welding, painting and spraying in a bldg. located partly within a residential district & partly within a business district, also accessory parking on the un-built portion of lot, is contrary to Art. 2 Sect. 3 & Art. 2 Sect. 4a-4, 15 & 29 of zone resolution."

and

WHEREAS, the applicant states that the premises consist of an irregular plot, 74 ft. frontage on Pennsylvania avenue and 50 ft. frontage on New Jersey avenue, running 210 ft. through from street to street which was formed by combining a lot fronting on New Jersey avenue 50 ft. front by 100 ft. in depth, on which is located a two story and attic frame dwelling, proposed to be demolished, and a lot fronting on Pennsylvania avenue 74 ft. front by 110 ft. in depth, on which is located a one story building, 74 ft. front by 110 ft. in depth, erected in 1916 under N.B. permit No. 434-1916, approved February 1, 1916, of fireproof construction, used and occupied as a storage garage, motor vehicle repair shop, including welding, painting and spraying; that it is proposed to demolish an existing dwelling at the rear of the garage building to permit accessory parking and exiting from the garage building; that this owner has been in business at this location for many years, using the vacant corner lot at Atlantic and Pennsylvania avenues for accessory parking; that the loss of this lot

MINUTES

by reason of condemnation for a post office building, has created a need for accessory parking facilities; that the accessory parking will be principally in the day time; that it is the owner's practice to keep all cars being serviced within the garage building at night, but during the day the limited space within the building for repair work, makes this parking essential; that Pennsylvania avenue at this point is one of the most heavily trafficked streets in Brooklyn and leads to the Interborough parkway and it is necessary that exiting be permitted on New Jersey avenue to avoid traffic congestion; and

WHEREAS, the applicant contends that the building has been used by the present owner continuously since 1938 as an automobile servicing station for several of the new car dealers in the area; that the owner is also the lessee of the large vacant lot at the northeast corner of Pennsylvania and Atlantic avenues; that this large lot, being approximately 155 ft. front on Pennsylvania avenue, 211 ft. front on Atlantic avenue and 149 ft. front on New Jersey avenue, was used in conjunction with the parking for the East New York savings bank and for the parking of cars awaiting servicing, and in conjunction with the garage; that this large lot has been lost by way of condemnation for a new United States post office; that the owners acquired title to the premises at the rear of their building fronting on New Jersey avenue; that the public garage was erected under N.B. 434-16 after completion of work on September 1, 1916 and certificate of occupancy No. 11096 was issued December 16, 1921 as public garage; that it can be claimed that the garage building was substantially completed before July 25, 1916 when the zoning resolution became effective; that at the time the plans were approved in February, 1916 the proposed uses would have been permitted uses; that the distinctions between types of garages and the uses conducted therein was not definite in 1916 and it is felt that the proposed motor vehicle repair shop uses were intended to be encompassed by the terms public garage; that the existing garage has been used as proposed herein, by this owner, since 1938 and to his knowledge for many years prior thereto; that the development of Pennsylvania avenue in this immediate vicinity has many non-conforming uses of this nature, as follows: block 3669, lot 22—motor vehicle repair shop and garage; block 3669, lot 20—gas station; block 3670, lot 18—gas station; that all of the proposed automobile service uses will be conducted within the existing fireproof building and no additional curb cut or construction is proposed for the Pennsylvania avenue frontage; and

WHEREAS, the applicant states that the present owner has held title to the property since June 2, 1938; that the assessed valuation of land is \$19,000 and of the building \$34,500 making a total of \$53,500; that the building was erected in 1916; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted under certain conditions, including no access to New Jersey avenue from Lot 31; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c, to permit the extension of use into the more restricted district, substantially as proposed and indicated on plans filed with this application, marked "Received December 13, 1955", 4 sheets, and "July 3, 1956", 1 sheet, on condition that all buildings and uses on lot 31 shall be removed, except such building as may be proposed to be retained and consolidated with a building one story in height as proposed on the rear of lot 31, and which may be connected by a door to the existing garage on lot 9 and used in conjunction therewith for storage, painting, spraying and welding and motor vehicle repairing, as indicated on above referred to plans; that under section 7i such motor vehicle repairing may be per-

mitted; that there may be a door from such building leading easterly to the balance of lot 31, which may be occupied for the parking of cars awaiting service; that on the interior lot lines where the walls of proposed building do not occur, there shall be erected a masonry wall not less than 5 ft. 6 in. in height, including the street line of New Jersey avenue, with no openings of any kind therein to New Jersey avenue; that there shall be no windows opening from the proposed one story building to the adjoining premises; that there may be a skylight constructed, provided such skylight is not nearer than 10 ft. to a side lot line; that the parking area shall be graded with clean gravel or steam cinders, treated with a binder and properly rolled; that the building shall not be increased in height or area; that all permits required including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution; and that until such certificate of occupancy is obtained, no parking use may be maintained on the premises.

APPLICANT—Samuel Rosenblum, for Estate of Leo Schlesinger (Gustave M. Minton, Jr., owner of ground) for 637 Madison Avenue Corp., lessee of ground and owner of building under long term lease.

SUBJECT—Application January 12, 1956—(decision of the borough superintendent) under section 19A of the zoning resolution, to permit in restricted retail use district, B area 2 time height district, the erection of a 19 story fireproof office building with no warehousing and no loading or unloading of merchandise, eliminating the required loading berth.

PREMISES AFFECTED—633-643 Madison avenue and 31-39 East 59th street, northeast corner, Block 1374, Lot 21, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum.

For Opposition: S. Bodian, City Construction Coordinator.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection if necessary and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Fifth avenue, East 60th street and East 58th street are in a restricted retail use, B area, class 2 height district; and

WHEREAS, the decision of the borough superintendent, dated January 6, 1956 acting on amendment to N.B. Applic. 71-55 reads:

"1. Omission of loading berth is contrary to Sec. 19A Art. IV Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. 4¾ in. frontage by 90 ft. 6 in. in depth, on which is located a 4 story business building, dance hall and stores; that it is proposed to demolish the present building and erect a 19 story fireproof office building with stores on the 1st story, and to omit the loading berth required; and

WHEREAS, the applicant contends that there will be no manufacturing and no warehousing, only an office occupancy, with no loading or unloading of any merchandise; that it is further limited by the zoning restrictions, limiting the use to that of a restricted retail district; that the entire gross area of the building, including the cellar, is 147,642 sq ft.

MINUTES

and of this a great deal is taken up by elevators, stairs, mechanical equipment and other utility essentials, so that the total usable floor space is about 113,442 sq. ft.; that setbacks start at the 11th floor, so that the 19th floor has a gross area of 4,357 sq. ft. which is reduced by the stairs, elevator, etc.; that in a building of this type there will be no loading or unloading of merchandise and any deliveries in the original occupancy of the building can be limited to the night time; that concerning the limitations as to zoning, which prohibits any manufacturing or warehousing and the purpose for which the entire building is to be used, namely offices and retail stores on grade floor, the character of the Madison avenue district and the fact that the total usable area is small, it is requested that a variation be granted for the elimination of a loading berth in this structure; and

WHEREAS, the applicant states that the present lessee has held title to the property since January 26, 1955 on 75 year lease; that the assessed valuation of land is \$1,000,000 and of the building \$35,000 making a total of \$1,035,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which has taken full account of the provisions of 19A, which give the Board complete jurisdiction to waive such requirements or to accept such substitutes as the Board may deem desirable; that the occupancy of the building is to be for office occupancy throughout except for the first floor; that the applicant has stated that there will be no need for loading or unloading throughout the building in view of this occupancy, except for occasional delivery of miscellaneous furniture and supplies and in the Board's opinion, under those conditions, instead of blocking the street during the daytime with trucks which would have to enter an unloading space, it would be far better from the traffic standpoint to grant this application on condition, and require as a substitute as provided in Section 19A, Subdivision j all unloading to be done at night after office hours, as the Board has required in other similar applications; that it is the usual practice and probably will be in this building that the terms of the leases are for at least five years if not longer, in which event there will not be much need for loading or unloading furniture except occasionally; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 19A, Subdivision j of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 19A, Subdivision j, to permit the omission of the unloading berth, as proposed and indicated on plans filed with this application, marked "Received January 12, 1956", 4 sheets, *on condition* that the building shall be occupied as proposed solely for office occupancy; that whenever there is any loading or unloading of office furniture or supplies necessary for such office tenancy such loading or unloading shall be done at night only.

42-56-BZ

APPLICANT—Paul Friedman, for Carmine A. Ventiera and Anne Reimer, as Executors of the Estate of Catherine J. Hautt, owner.

SUBJECT—Application January 23, 1956—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs (hand tools only), auto washing (non-automatic), office, storage and sales of auto accessories, parking for more than 5 motor vehicles.

PREMISES AFFECTED—1-9 Euclid avenue and 790-794 Jamaica avenue, southeast corner, Block 4105, Lot 30, Borough of Brooklyn.

APPEARANCES—

For applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Euclid avenue are in a business use, C area, class 1 height district; Jamaica avenue is in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 9, 1956 acting on N.B. Applic. 2861-55, reads:

"1. Proposed building and premises, in a Business zone, to be used for Gasoline service, lubritorium, minor repair (hand tools only) auto washing (non automatic) office, storage and sales of auto accessories; parking for more than 5 cars waiting to be serviced, is contrary to Article II, P. 4-a, subsections 29 & 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 53 ft. 3 in. frontage by 78 ft. 6 in. in depth, on which is located a one family dwelling and garage, to be demolished; that it is proposed to erect a modern gasoline service station, lubritorium, minor repairs with hand tools only, auto washing, non-automatic, office, storage and sales of auto accessories and parking for more than five cars awaiting service; and

WHEREAS, the applicant states that the subject premises consists of a corner lot having a frontage of 53 ft. 3 in. on Jamaica avenue and 78 ft. 6 in. on Euclid avenue, on which is constructed an old dilapidated and vacant two story frame building and garage; that the frame building was erected prior to 1906 and was used for store and hotel; that in 1906 under Alt. 146-1906 an extension was added to the existing building and the building was used for store and boarding house; that on July 23, 1928 certificate of occupancy No. 51716 was issued for a one car private garage as accessory to dwelling on front of plot; that the premises have been vacant and in an uninhabitable condition for at least the past five years; and

WHEREAS, the applicant contends that there is no economic demand for the use of the subject premises for a conforming use store development as the store facilities located nearby adequately serve the neighborhood, and the area to the north and opposite the subject premises is used for cemetery purposes, which precludes any residential support; that there is a demand for the use of the subject premises as proposed, because it is located along Jamaica avenue which sustains a substantial volume of through traffic and also because Jamaica avenue and Cypress Hill road, which commences where Euclid avenue terminates at Jamaica avenue, are heavily trafficked streets, and because the proposed use would yield a reasonable return on the owner's investment; that a grant of the instant application would benefit the surrounding neighborhood because it would result in the removal of the existing, uninhabitable frame building which is an eyesore and represents a potential fire hazard; that a grant of this application would not adversely affect the surrounding area; that to the north and opposite the subject premises the area is devoted to cemetery purposes; that the balance of the block front, Block 4105, to the east of the premises is zoned for business and unrestricted use, the unrestricted use being within 100 ft. on Crescent street, and is largely developed with uses which would only be permitted as a matter of right in an unrestricted or manufacturing use district, such as cemetery monument works on lots 32, 41, 43 and 44 and garage and gas station on lot 34, so that the use as proposed would be harmonious

MINUTES

with the existing uses; that to the west and opposite the subject premises the property is zoned for business use and is extensively used for cemetery monument works, block 4104, lots 30, 31, 32 and 35, and factory on lot 24; that the adjoining property to the south, which is located in a business use district, will be buffered and protected by the proposed erection of a 5 ft. 6 in. high brick fence wall along the entire southerly lot line of the subject premises and for a distance of 10 ft. along the easterly lot line, to the wall of the proposed building; that both sides of Euclid avenue, south of Jamaica avenue are zoned for business use for the entire block, except within 100 ft. of Etna street; that a grant of this application would provide more light and ventilation for surrounding properties because the proposed structure would occupy considerably less area and bulk than a conforming use structure; that it would promote public safety because the proposed structure would decrease traffic hazards which are incident to the development of buildings flush to the building lines at corners and which thereby create blind intersections; that the proposed structure would be set back from the Jamaica and Euclid avenue building lines, giving clear visibility to traffic at the intersections; and

WHEREAS, the applicant requests that this application be granted for a term of 15 years subject to such conditions as the Board may deem appropriate; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1, 1926; December 4, 1934; April 18, 1953 and April 5, 1955; that the assessed valuation of land is \$8,500 and of the building \$1,500 making a total of \$10,000; that the building was erected prior to 1906; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee noted the peculiar zoning of Pitkin avenue and recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does not hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f, for a term of 15 years to permit the site to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received January 23, 1956", 4 sheets, and "January 27, 1956", one sheet, *on condition* that all buildings and uses on the premises shall be removed; that the premises shall be levelled substantially to the grade of Jamaica avenue and Euclid avenue; that the premises shall be constructed and arranged as indicated on such plans; that the accessory building shall be of the design and arrangement as shown and faced with face brick; that there shall be erected on the interior lot lines where walls of adjoining buildings or of the proposed building do not occur, a woven wire fence of the chain link type erected on a masonry base to a total height of 5 ft. 6 in. with suitable terminating posts at the building line, except that on the side lot line to the east as shown there shall be erected a masonry wall not less than 5 ft. 6 in. in height and such wall shall be continued along the southerly lot line; that there shall be no windows in the accessory building facing the adjoining premises; that in all other respects the building shall comply with the requirements of the Building Code; that pumps shall be of a low approved type and erected not nearer than 15 ft. to either street building line; that gasoline storage tanks shall not exceed eight 550 gallon approved tanks; that curb cuts shall be restricted to two curb cuts on Jamaica avenue, each 15 ft. in width and two curb cuts to Euclid avenue each 25 ft. in width; that no portion of any curb cut shall be nearer than 5 ft. to a side lot line as prolonged; that at the intersection of Jamaica avenue and Euclid avenue there shall be a block of concrete extending for a distance of five feet along the lot

line from such intersection and not less than 12 inches in height; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that where not occupied by accessory building and pumps, the open area where not built upon shall be paved with concrete or asphaltic pavement; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the intersections of a post standard for supporting a sign, which may be illuminated, advertising the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that under Section 7i there may be minor repairing maintained solely within the accessory building with hand tools for adjustments only; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

43-56-BZ

APPLICANT—Lama, Proskauer and Prober, for Meyer Berfond, owner.

SUBJECT—Application January 24, 1956—re (decision of the borough superintendent) under sections 7c and 7h of the zoning resolution, to permit in a business, local retail and residence use district the erection of 2 buildings of class 1 and class 3 construction to be used for storage, boiler room, compressor room, refrigerator, store, loading and unloading, men's and women's toilets, restroom, air conditioning equipment, and parking of patrons' cars, no fee to be charged.

PREMISES AFFECTED—2127-2183 Coyle street and 3045-3067 Avenue V, northeast corner and 2128-2184 Bragg street, Block 7368, Lots 17, 19, 22, 25, 27, 29, 31, 36, 46, 53 and 61, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Charles Modica.

For Opposition: Irving Lew and C. Krause.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Conolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, at request of objector; application concurring; then to July 3, 1956, for inspection and decision; hearing closed; then to July 24, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that it is in local retail, business and residence use, D area, class 1 height districts; Coyle street is in local retail and business use, D area, class 1 height districts; Bragg street and Avenue V are in local retail and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated December 30, 1955 acting on N.B. Applic. 2753-55, reads:

"1. The proposed stores, loading and unloading, parking of patrons cars (no fee), on a premises located partly in a local retail district, partly in a business district and partly in a residence district is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the decision of the borough superintendent, dated December 30, 1956 acting on N.B. Applic. 2754-55, reads:

MINUTES

"1. The proposed storage, boiler rm., compressor rm., refrigerators, loading and unloading, store, parking of patrons cars (no fee), men and women's toilets, rest rooms and air conditioning equipment on a premises located partly in a local retail district, partly in a business district and partly in a residence district is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 480 ft. frontage by 200 ft. in depth, now vacant; that it is proposed to erect two buildings of class 3 and class 1 construction, the open area of the plot to be used for parking of patrons' cars, no fee to be charged, and loading and unloading; that the building designated as A will be one story in height, of class 3 construction, having a frontage of 120 ft., a depth of 80 ft. and 60 ft. to be used for stores; that the building designated as B will be one story in height, of class 1 construction, having a frontage of 120 ft., a depth of 135 ft., and proposed to be used as follows: cellar—storage, boiler room, compressor room and refrigerator; 1st floor—store; mezzanine—women's toilets, rest rooms and air conditioning equipment; and

WHEREAS, the applicant states that part of the premises within 100 ft. of Avenue V is in a local retail district; that part of the premises within 100 ft. of Coyle street, starting 100 ft. north of Avenue V, is in a business use district; that part of the premises within 100 ft. of Bragg street, starting 100 ft. north of Avenue V is in a residence use district; that as of July 25, 1916 the entire premises was in an unrestricted use; that on June 19, 1925 the entire premises was changed to a business use district except that portion within 100 ft. of Bragg street starting 100 ft. north of Avenue V which was kept in a residence use district; that on April 25, 1949 the premises received the present use designations; and

WHEREAS, the applicant contends that the proposed uses are permitted in the business use and local retail district portion of the premises and it is only requested that the uses be extended to the entire site; that the proposal is surrounded by a six story housing development and many small homes that are now depending upon the stores in block 7637, lots 1, 29 and 36 and block 7368, lot No. 1 for supplying the necessary and required service to a large community such as this; that the proposal, with its large parking area, will be a self contained unit and will not impose any parking or traffic problems to the area; that the stores as proposed will have all the show windows in the business portion of the site facing the business use district across Coyle street, so that the residential aspect of Bragg street will be maintained; that the buildings are highly modern in design and will be in keeping with the surrounding architecture; that the entire site, where not occupied by buildings, will be enclosed with a 4 ft. high woven wire fence except for small openings for egress and ingress of shoppers' cars; that off street loading and unloading space has been provided on the site so that all service required by the stores will not create a parking problem and keep all trucking off the streets; that the proposal could have been erected in the business district but has been pushed back into the residence area so as to provide proper parking in front of the stores entirely in line with modern present day design of shopping centers; that the residence use part of the entire block is a small percentage of said block; that of the entire block outside of the owner's portion of land in the residence part, there is only one 20 ft. lot known as lot 15, devoted to residence use and said lot is adjoined to the north by a parking lot on lot 13 and by a business zone at its rear; and

WHEREAS, the applicant states that the present owner has held title to lots 17, 19, 22, 25, 27, 46, 53 and 61 since September 9, 1952; lot 29 since August 29, 1952; lot 31, since June 9, 1952; lot 36 since March 4, 1954; that the assessed valuation of land is \$64,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended

that with certain changes the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Sections 7c and 7h to permit the extension of the building into the residence use district and to permit parking in the residence use portion of site, substantially as proposed and indicated on plans filed with this application, marked "Received January 24, 1956", 6 sheets, *on condition* that in all other respects the buildings and occupancy shall comply with all laws, rules and regulations applicable thereto; that the area proposed for parking shall be properly paved; that suitable fences shall be erected on all lot lines, including lot lines of Bragg street and the curb cuts shown on plan to Bragg street shall be omitted, so that there shall be no entrance or exit on Bragg street; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

72-56-BZ

APPLICANT—Robert Gottlieb, for Milton Posmentier, owner.

SUBJECT—Application February 1, 1956—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district the parking and storage of 15 motor vehicles of passenger car type for a term of 5 years.

PREMISES AFFECTED—3305-3307 Parkside place, west side, 45 ft. north of East 209th street, Block 3355, Lot 154, Borough of The Bronx.

APPEARANCES—

For Applicant: Gerald Levy and Phil Asch.

For Opposition: Ella G. Johnson, Kate Gapretson, and Fred Klepper.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Parkside place are in a residence use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated January 20, 1956 acting on Alt. Applic. 32-56, reads:

"1. In a residence district the proposed parking and storage of motor vehicles is contrary to Sect. 3, Art. II of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 90 ft. in depth, now vacant; that it is proposed to occupy the plot for a term of 5 years for the parking and storage of pleasure type automobiles; and

WHEREAS, the applicant contends that there is a definite need for parking facilities in this area; that there are six apartment houses on the two nearest corners and more nearby and there are no parking or garage facilities in the immediate neighborhood; that the large garage on Webster avenue caved in and is now being completely demolished; that the owner proposed to clear the lot, fence it in, surface it properly and rent it out for parking with assigned spaces; that a gate would be provided at the front; and

MINUTES

WHEREAS, the applicant states that the present owner has held title to the property since July 15, 1948 and that the assessed valuation of land is \$6,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision 1 of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 32/56, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application by the Board on Tuesday, July 17, 1956, after due notice by publication in the Bulletin of the Board; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the use district maps accompanying the zoning resolution indicate that West 57th street is in a restricted retail use district West 56th street is in a retail and business use district; that Broadway is in a retail use district and 7th avenue is in a retail and restricted retail use district; and

WHEREAS, the decision of the borough superintendent, dated January 27, 1956, on amendment to Alt. Applic. 1981/55, reads:

"Disapproved. Proposed non-storage garage for more than five cars with cellar and cellar roof parking, located partially in Business and partially in Restricted Retail use district is contrary to Article II, Section 4(a) (15) and 4B(i) of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a lot 120 ft. front by 106 ft. 9 in. irregular in depth, located in a restricted retail and business use, Class 1½ and class 2 height and B area districts, upon which there exists a store and office building erected in 1916 now proposed to be demolished to grade level and to use the first floor and cellar for parking more than five motor vehicles of the pleasure car type; and

WHEREAS, the applicant states the premises were located in a business use district from 1916 to 1936 when the district was changed business and restricted retail; that the height and area districts have not been changed since 1916; and

WHEREAS, the applicant states the existing building was originally used as a 3-story and cellar office building and subsequently the first floor and cellar were changed to

restaurant; that it is proposed to remove the entire building to street level using the 1st floor and cellar for parking of more than five motor vehicles; and

WHEREAS, the applicant states the premises at rear #886 Seventh avenue and 201-209 West 56th street are used as a legal parking lot for more than five motor vehicles under the same ownership as premises now in question; and

WHEREAS, the applicant states it is proposed to extend the ramp down from existing parking lot at 886 Seventh avenue for access to cellar of subject premises; that the first floor of building at 212-218 West 57th street is approximately at same level as the parking lot at 886 Seventh avenue and both lots will be operated as one; that it is proposed to install a 25 ft. curb cut on West 57th street, located at approximately at the center of the lot; and

WHEREAS, the applicant contends that the immediate neighborhood lacks sufficient parking facilities; that it is built up with large apartments, hotels, office buildings and theatres, all requiring parking space for their tenants and guests; that the present parking lots in immediate vicinity are not sufficient to take care of the demand for off street parking; and contends further that if this application is granted it will relieve the nearby parking situation by providing such space for occupants of the neighborhood and enhance the business potentialities of the district; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the parking use was granted by the Board and after 1948, was subject to a certificate of occupancy issued by the Building Department, as the premises are in a business use district; that the 2nd story platform permitted under Cal. No. 459-37-BZ—Vol. II has not been constructed.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 15, 1955 under Cal. No. 459-37-BZ, Vol. II to permit the use of the premises for parking and storage of motor vehicles in conjunction with the parking lot on lot 29, previously granted by the Board under Cal. No. 459-37-BZ, Vols. I and II, *on condition* that there shall be erected an ornamental fence not less than 5' 6" in height without opening therein along the 57th Street building line; that for access to the cellar proposed for parking there shall be constructed a ramp from such lot 29, as shown, with a stairway from such cellar to grade, as indicated, which may exit across the parking lot so to provide a means of escape to Broadway or West 56th Street; that walls of adjoining buildings where exposed by the demolition of this building shall be faced with brick or stucco for a reasonable height; that in all other respects the requirements of the resolution, where applicable, as required by the Board under Cal. No. 459-37-BZ, Vols. I and II shall be complied with; that there shall be no signs on West 57th Street advertising the parking and storage use; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution; as shown on such plans marked "Received February 1, 1956", 9 sheets.

136-56-BZ

APPLICANT—Leonard F. Rothkrug, for Florence Meyer, owner.

SUBJECT—Application February 24, 1956—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, D area, Class 1 height district, the erection of a one story building 43 ft. front on Woodhaven boulevard by 31 ft. and 27 ft. in depth irregular 12 ft. and 13 ft. in height of Class 3 construction proposed to be occupied by 3 retail sales stores.

PREMISES AFFECTED—83-83 to 83-89A Woodhaven boulevard, east side, 157.18 ft. north of Park Lane South, Block 8890, Lot 1, Glendale, Borough of Queens.

APPEARANCES—

For Applicant: Milton Ritter.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; laid over to July 17, 1956, for inspection and decision; hearing closed; then to July 24, 1956, for further consideration; applicant notified; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Woodhaven boulevard and Park lane are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated February 17, 1956 acting on N.B. Applic. 213-56, reads:

"1. Proposed retail stores and parking of motor vehicles on a plot located in a residence use district is contrary to Art. 2 Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of an irregular plot 69.18 ft. frontage on Woodhaven boulevard, 36.44 ft. along the northerly lot line and 28.26 ft. along the southerly side lot line and 69.36 ft. along the rear lot line, presently vacant; that it is proposed to erect a one story building 43 ft. front on Woodhaven boulevard by 31 ft. and 27 ft. in depth, irregular, 12 ft. and 13 ft. in height, of class 3 construction, proposed to be occupied by three retail stores in accordance with the limitations as set forth in Art. II Sect. 4A of the zoning resolution, 19 ft. 4 in., 10 ft. and 11 ft., with accessory parking on the unbuilt upon portion of premises; and

WHEREAS, the applicant contends that there is a vital immediate need for retail stores in this area; that the premises adjoin a tract of land used by the New York Water Service Supply company which in turn adjoins several large six story cooperative apartment houses with several hundred families; that there is no convenient shopping center in this area except for Park stores (Cal. 796-55-A and 390-47-BZ); that Park stores are located on the west side of Woodhaven boulevard near its intersection with Myrtle avenue (Block 3866, Lot 160) and were constructed after action by the City Planning commission on September 9, 1953 under C.P. 10100, changing the use district from residence to local retail; that the purpose of this change was to permit the erection of vitally needed retail stores; that Park stores are located on the opposite side (west) of Woodhaven boulevard from the apartment house development; that Woodhaven boulevard is one of the most heavily trafficked streets in the borough and is 150 ft. in width, and although Park stores are necessary to supply the major shopping needs of this community, there is an ever-present traffic hazard in getting to the stores for the every day purchasers; that in addition to the apartment house development, there is an older private home development east of Woodhaven boulevard that also has a vital need of shopping facilities; that the Woodhaven boulevard frontage on this tax block only recently has been developed with a small one story medical center building; that the balance of the frontage is vacant and unimproved; that because of its small size the site cannot be economically developed with any conforming use; that the proposed use cannot have any adverse effect upon any of the property in the community; that to the rear of the site are the garages of the homes fronting on 94th street; that the proposed parking for 3 or 4 cars will be solely accessory to the retail stores; that the parking space would be permitted in accordance with the provisions of the zoning resolution if it was accessory to the adjoining medical center building; that it is proposed to comply with the area district limitations; and

WHEREAS, the applicant states that the present owner has held title to the property since July 27, 1955 and that the assessed valuation of land is \$2,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 213-56, Objection No. One be and it hereby is affirmed and that the application be and it hereby is denied.

181-56-BZ

APPLICANT—Joseph Lau, for A. L. Eastmond and Sons, Inc., owner.

SUBJECT—Application February 15, 1956—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence and retail use district, a parking lot for more than 5 motor vehicles.

PREMISES AFFECTED—313-315 West 142nd street, north side, 64 ft. 11 in. east of Bradhurst avenue, Block 2043, Lots 32 and 33, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph Lau.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; and laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and retail use, B area, class 1½ height districts; Bradhurst avenue is in a residence use, B area, class 1½ height district; Eighth avenue is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated February 1, 1956 acting on Alt. Applic. 1481-55, reads:

"1. Proposed parking lot for more than 5 motor vehicles in a residence district is contrary to Art. II, Sec. 3 of Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 99 ft. 11 in. in depth, now vacant; that it is proposed to occupy the premises as a parking lot for more than five motor vehicles; and

WHEREAS, the applicant states that Alt. No. 1481-55 was filed with the building department for the use of the vacant lot in a retail and residence use district for a parking lot for more than five motor vehicles; that the vacant property proposed to be used for parking purposes is composed of two lots, each of which is 25 ft. by 99 ft. 11 in., thus forming a combined area of 50 ft. by 99 ft. 11 in.; that this property is located 35 ft. 1 in. in a residence district and 13 ft. 11 in. in a retail district; and

WHEREAS, the applicant states that the use district from Bradhurst avenue to 100 ft. east along West 142nd street is residence use; that the use district along West 142nd street from a point 100 ft. east of Bradhurst avenue was changed from residence to business in December 1926 and further changed to retail by an amendment dated August 26, 1954, which is its present designation; that there is no petition before the planning commission to change the use; and

MINUTES

WHEREAS, the applicant contends that this entire neighborhood is densely populated and there is a great need for parking lots to aid in reducing the parking on the adjacent over-crowded streets; that this property was used for dumping of refuse; that the owner has recently removed all the rubbish and has erected a protective fence and a locked gate to eliminate the trespassers and the hazards; that this lot will be leveled, graded, surfaced and clean gravel or steam cinders treated with a binder and properly rolled; that there shall be erected on the lot lines, where required, a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height with no openings except 12 ft. wide at the building line and have a gate directly on a line with the curb cut; that proper bumpers shall be maintained against all walls and fences for protection; that the curbing and sidewalk are in new condition at present and the lot will be graded to meet it; that a sign not exceeding 15 sq. ft. will be attached to the fence at the entrance advertising parking use, the rates charged and such other information as required by the commissioner of licenses; that the sign will not be illuminated nor extend beyond the building line; that owner is paying taxes for these lots without benefit of income and since the adjoining neighborhood consists of old residential buildings and not too profitable business possibilities, he is unable to determine the ultimate development in this section; that the owner of the properties under appeal also owns the property adjacent to the east, that is, block 2043, lots 34, 36 and 20, thus making him an interested owner in the future development of this neighborhood; that the owner intends to hold this property together with his other property adjacent, so that when the neighborhood shows development in one substantial manner or another, he will then be in a position to properly develop his property in accordance with the general trend; that the use of these two lots for a period of 10 years for a parking lot is believed by the owner to be a reasonable request as it will be beneficial to the public for parking and will help to alleviate the blocking up of the street in the adjacent neighborhood by passenger cars; that the lot will be maintained in a manner to comply with all requirements for a parking lot and that a certificate of occupancy will be obtained; that no servicing of cars or other non-conforming uses will be conducted on the premises; and

WHEREAS, the applicant states that the present owner has held title to lot 33 since November 20, 1952 and to lot 32 since October 28, 1954; that the assessed valuation of lot 32 is \$7,500 and of lot 33, \$7,500 making a total of \$15,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions-h and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Sections 7h and 7e to permit the use of lots 32 and 33 as proposed for the parking and storage of motor vehicles as indicated on plans filed with this application marked "Received February 15, 1956, 2 sheets, on condition that all buildings and uses on the premises shall be removed and the plot graded substantially to the grade of West 142nd Street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that on all lot lines where walls of adjoining buildings do not occur there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 ft. 6 in.; that on the street building line such fence may have an opening not over 15 ft. in width fitted with gates which shall normally be kept closed when the premises are not in operation; that suitable terminating posts shall be erected at either side of the gate for support; that opposite such entrance there may be a curb

cut not exceeding 15 ft. in width; that during the term of this variance the premises shall not be occupied for any other use; that signs shall be restricted to a permanent sign attached to the fence near the entrance advertising the parking use and the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed 15 sq. ft. in area, shall not be illuminated and shall not extend beyond the building line; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Montgomery avenue and West 176th street are in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated February 28, 1956 acting on Alt. Applic. 200-56, reads:

"1. Existing two car garage granted as accessory to dwelling is now contrary to C.O. 1411-40.

2. Proposed parking lot for more than five motor vehicles in a residence use district is contrary to Art. II Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 ft. frontage by 100 ft. in depth, on which is now located a two car garage, accessory to dwelling; that it is proposed to maintain existing two car garage, contrary to certificate of occupancy No. 1411-40, and proposed parking lot for more than five motor vehicles; and

WHEREAS, the applicant contends that the plot is too small to build a substantial sized apartment house due to economic factors; that the lot is well graded and with little work, surfacing and proper fencing will provide much needed space for off street parking for the tenants in the surrounding apartment houses, especially now that the police are invoking the alternate parking system for the department of sanitation; and

WHEREAS, the applicant states that the present owner has held title to the property since September 10, 1955; that the assessed valuation of lot 477 is \$11,000 and of lot 479 \$5,500 and that the building is assessed for \$500, making a total of \$17,000; that the building was erected in 1939; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

MINUTES

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 200/56, Objection Nos. 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

267-56-BZ

APPLICANT—Rochelle Ricca, owner.

SUBJECT—Application April 10, 1956—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, G-1 area district, the erection and maintenance of a one family dwelling, without required side yards, without required parking space, and located in rear yard.

PREMISES AFFECTED—221-22 110th avenue, south side, 271.79 ft. west of 223rd street, Block 11203, Lot 22, Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: None.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 110th avenue are in a residence use, G-1 area, class ½ height district; 223rd street is in a residence use, D and G-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated April 9, 1956 acting on Alt. Applic. 157-56, reads:

"1. To erect building in rear yard in a G-1 district is contrary to section 16C(d) of the Zoning Resolution.

2. Side yards are contrary to section 16C(c) of the Zoning Resolution.

3. Provide open parking space as per sect. 19-B of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 ft. frontage by 100 ft. in depth, on which is located a partially constructed, one family dwelling, 2½ stories, 24 ft. ½ in. front by 26 ft. 8 in. in depth; that it is proposed to complete construction of one family dwelling, without required side yards, without required parking space and located in rear yard; and

WHEREAS, the applicant states that on December 13, 1951 she purchased the affected building and land at a City of New York tax sale for the sum of \$1,505 and deed was acquired November 9, 1955; that taxes and assessments are paid to date making her net investment in this property \$3,000; and

WHEREAS, the applicant contends that the building on this land was started in 1936 and abandoned by the original owner-builder in its present incompleated state several years later; that this condition led to eventual deterioration of parts of the roof making it unsafe and for which a violation was issued in March, 1952; that on June 30, 1952 this area was changed from an F area to a G-1 zone; that after the expenditure of considerable time and effort, it was found impossible to dispose of this property in its incompleated state without suffering a complete loss; that completion of this dwelling according to submitted plans will lift

a blight that has been in this neighborhood for more than fifteen years, which fact has been verified by the ready consent to its completion, given by every home owner in the area concerned; and

WHEREAS, the applicant states that the present owner has held title to the property since November 9, 1955; that the assessed valuation of land is \$1,000 and of the building \$1,500 making a total of \$2,500; that the building was partially erected in 1936; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which found that the existing building was started in 1936 and substantially completed at a time when the zoning permitted the building to be practically on the lot line or at least on one side, and while the zoning has been changed from time to time, and was an F area, and is now zoned as G-1 area, it is the opinion of the committee that the building should be permitted to be completed and lived in as proposed; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21, *on condition* that the building shall not be increased in height or area and shall be completed for occupancy as a single family dwelling, substantially as proposed and indicated on plans filed with this application, marked "Received April 10, 1956", 8 sheets; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

359-56-BZ

APPLICANT—Voorhees, Walker, Smith and Smith, for Sealantic Fund, Inc., owner of land (The Protestant Center—owner of building and lessee of land).

SUBJECT—Application May 11, 1956—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, B area, Class 1½ height district, the erection of an 18 story office building of class 1 construction, exceeding the permissive coverage, height limit exceeding the permissive height limit.

PREMISES AFFECTED—470-476 Riverside drive, east side, 621-635 West 119th street, 620-634 West 120th street and 61-79 Claremont avenue, Block 1991, Lot 1, Borough of Manhattan.

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Riverside drive, Claremont avenue and West 119th street are in a residence use, B area, class 1½ height district; West 120th street is in business and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated April 11, 1956 acting on N.B. Applic. 43-56, reads:

MINUTES

"1. The area of proposed building exceeds the permissive coverage provided for in Sec. 12(b) Art. IV Zoning Resolution.

2. The height of proposed building exceeds the permissive setback requirements provided for in Sec. 8 Art. III Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 161 ft. 10 in. frontage by 200 ft. in depth, on which are located temporary buildings and tennis courts; that it is proposed to construct an 18 story, class 1 building, 224 ft. in height to the roof, 161 ft. by 200 ft. in area, to be used as executive offices for the National Council of the Churches of Christ in the United States of America; that it is proposed to exceed the permissive class 1½ height limit on all frontages; that the Board's attention is called to the fact that dormer privilege, which could be applied above the permissive height, would have permitted some frontage above the height limit; that section 12(b) provides that no non-residential building in a residence use, B area, shall at the curb level, occupy more than 65% of the lot, if an interior lot, or 80% if a corner lot; that this lot has a total area of 32,366 sq. ft. with a maximum permitted coverage of 74-1/3% or 24,038 sq. ft.; that the proposed building will occupy 100% of the lot at the curb level and up to the 14th floor or 8,238 sq. ft. in excess of the maximum coverage permitted by section 12b; that however, at the level of the 15th floor above the curb level, the building will occupy the maximum permitted coverage; and

WHEREAS, the applicant states that this plot was donated to the Protestant Center by a public benefactor in conformity with the purposes and objects of the Protestant center to establish an interdenominational center in New York city to assist the work of various religious denominations and to promote cooperation among them; that no use question is involved in this appeal; that the premises is located in a residence use district, class 1½ height district and B area district; that there has been no change in use, height or area district designations since July 25, 1916 and there is no petition pending before the City planning commission for any change; and

WHEREAS, the applicant contends that in order to properly house all the facilities of the religious denominations and organizations, the proposed building with the height and area as indicated is necessary; that the donor of this plot has placed a limitation on the height of the building in order that the building not exceed that of the Riverside church; that the structure will be treated architecturally in conformity with the pattern set by the Riverside church and the Union Theological seminary and also the character as set by Cathedral of St. John The Divine, Columbia University, Jewish Theological seminary and others that have given distinction to Morningside heights and have made it one of the great educational and religious centers of the country; that a strict interpretation of the zoning law would result in a practical difficulty; that the rental cost of these organizations at another location would exceed what they would consider would be a proper rate and unless this variance is granted, this great effort for church cooperation on which many church leaders have been working for two decades will be jeopardized and probably rendered impossible; and

WHEREAS, the applicant states that the present owner has held title to the property since June 16, 1955; that the assessed valuation of land is \$446,000 and of the building \$9,000 making a total of \$455,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board finds hardship on these owners in having a block smaller than usual on which to build a building of the type proposed for the proposed use, and in the Board's opinion, nothing will be gained by strict compliance with the law in leaving part of the plot unbuilt upon and which will benefit no one; the Board also finds hardship as to the height required because of dormers and is of the

opinion that these height requirements would produce a saw-edge design not in keeping with the architecture proposed and that the design proposed is more in keeping with the design of the surrounding buildings; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the zoning resolution and that the application be and it hereby is granted under Section 21, to permit the extension in height and area of the proposed building, as proposed and indicated on plans filed with this application, marked "Received May 11, 1956", 1 sheet and "May 29, 1956", 10 sheets, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be further increased in height or area; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

407-56-BZ

APPLICANT—Paul Friedman, for Richmond Hill Savings Bank and Joseph Boesch, owners (Vendee under contract—Richmond Hill Savings Bank).

SUBJECT—Application June 4, 1956—(decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a residence use district, the erection of an extension to an existing bank building located on the business use district portion of the plot and to permit in a C area district the coverage of a greater area of the lot than is permitted by Sec. 13(b) of the zoning resolution.

PREMISES AFFECTED—115-20 Jamaica avenue, southwest corner of 116th street, Block 9305, Lot 9 (formerly lots 9 and 12), Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution indicate that Jamaica Avenue, 116th Street and Myrtle avenue are in a business use district and 116th street, south of a point 100 ft. south of Jamaica Avenue, is in a business and partly in a residence use district; and

WHEREAS, the decision of the borough superintendent dated May 24, 1956, on Alt. App. 241/56 reads:

"1. The extension of the use of the premises as a savings bank on a lot which is partly in a business zone and partly in a residence zone into the residence portion is contrary to Art. II, Sec. 3, Z.R.

"2. The area of the proposed extension which is in a 'C' area district exceeds percentage permitted under Art. IV, Sec. 13(b) Z. R."

and

WHEREAS, the applicant states that the premises consist of a lot 52.63 ft. front on Jamaica avenue, 151.46 ft. front on 116th street, upon which there exists two buildings, one occupied as a savings bank and the other as a health sta-

MINUTES

tion by the New York City Board of Health, a store, a frame laboratory and shed. The entire premises are now proposed to be used and occupied as a savings bank by the erection of an addition fronting 35 ft. 6 in. on 116th street to the north of the existing building; and

WHEREAS, certificate of occupancy 53184, issued against N.B. App. 2783/35 to premises 115-18 and 20 Jamaica avenue describes the building as one story in height of brick construction and permitted its use and occupancy on the first and mezzanine stories as a bank; and certificate of occupancy Q59076 issued October 21, 1949, against Alt. App. 2860/48, describes the building as two-stories, 29 ft. in height located at 115-20 Jamaica avenue, Block 9305, lot 9, located in a business and residence use district and permitted its use and occupancy as follows: basement—on ground, boiler room, storage vault and toilet; 1st floor—100 lb. liveload, bank; 15 persons; 2nd floor—50 lb. liveload, bank, 20 persons; and

WHEREAS, the applicant states that the use and area district designations have not been changed since July 25, 1916 and no zoning amendment is pending at the present time relating to the premises; and

WHEREAS, the applicant states that the premises consist of an irregular lot consisting of two tax lots, 9 and 12; that lot 9 consists of a corner lot fronting 52.63 ft. on Jamaica avenue and 126.46 ft. on 116th street, upon which there is a two-story brick bank building; that lot 12 is an interior parcel, adjoining lot 9, having a frontage of 25 ft. and a depth of 99.21 ft. irregular, upon which there exists a 2½ story frame building used as a Board of Health station and a plumbing and heating shop and, at the rear, there is a 2-story frame laboratory building and one story shed; and

WHEREAS, the applicant states that it is proposed to remove the existing structures on lot 12 and to erect a 3-story extension to the existing bank building using more than the permitted area, all in accordance with plans filed with this application; and

WHEREAS, the applicant contends that the existing facilities of the bank are inadequate; that it is proposed to remove the existing non-conforming business uses located partly in a business and partly in a residence use district and to erect an addition to the existing bank building extending into the residence use district; that the proposed extension to the existing bank will safeguard the character of the residence district as it will result in the removal of the old frame commercial building and the erection of a modern bank building of attractive colonial design in keeping with the architecture of the present bank building; that the proposed extension to the bank building will have no adverse effect upon the nearby property as it will not result in the introduction of a new commercial use into a residence district; and

WHEREAS, the applicant contends as to Objection 2 issued by the borough superintendent that this is an appropriate case for the Board to exercise its discretion and grant relief under Section 21 of the Zoning Resolution; that the strict criteria enunciated by the courts in *Otto v. Steinhilber* have been held to be inapplicable district variances; that the variance sought will cause no change in the character of the district other than to substitute an attractive and modern addition to the existing bank instead of the present outmoded and unattractive non-conforming buildings; that the proposed addition will have no substantial adverse effect upon the light and ventilation available to adjoining property; that the denial of this application would create an unnecessary hardship since it would require the bank to confine its operation to its present inadequate structure or abandon its present building which is usable only for bank purposes; that the proposed excess coverage is comparatively small; that in computing permissible area of coverage of the plot as if it were all in a business use district the coverage permitted would be 7032 sq. ft. whereas the coverage requested is only 7575 sq. ft., an excess of 543 sq. ft. or about 7%; and

WHEREAS, the applicant contends that the granting of this application will do substantial justice in that it will

benefit the owner without adversely affecting anyone while a denial of the application would cause unnecessary hardship to the owner without benefiting anyone; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is *granted* under Section 7c as to use and Section 21 as to extension of area, to permit the extension of the bank building, substantially as proposed and indicated on plans filed with this application, marked "Received June 4, 1956", 8 sheets, *on condition* that the building shall not be further increased in height or area; that the building shall be used only as proposed by the Richmond Hill Savings Bank or its successors in the same business; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required, including a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

683-29-BZ—Vol. II

APPLICANT—Vincent Piampiano, owner (Esso Standard Oil Company, lessee).

SUBJECT—Application reopened March 20, 1956 as Vol. II—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district, the reconstruction and extension in area of existing gasoline service station, lubricatorium and auto laundry, previously granted by the Board under Cal. 683-29-BZ—Vol. II, also the additional uses of minor auto repairing (hand tools only), used car lot, and parking of motor vehicles awaiting service, all for a term of 15 years.

PREMISES AFFECTED—50-56 Sand lane, southwest corner of Hylan boulevard, Block 3266, Lot 29, Arrochar, Borough of Richmond.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 20, 1956 subject to regular procedure, to consider reconstruction and extension; and

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed and recessed from July 24, 1956, to July 26, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Sand lane are in a retail use, B and E-1 area, class 1 height district; Hylan boulevard is in retail and residence use, B and E-1 area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated February 2, 1956, acting on N. B. Applic. 233-54, reads:

MINUTES

"1. The reconstruction and extension in area of existing gasoline service station, lubritorium and auto laundry previously granted by the Board of Standards & Appeals under Cal. 683-29-BZ, and the additional uses of minor auto repairing with hand tools only; the parking of motor vehicles awaiting service and a used car lot in a Retail Use District is contrary to Art. II Section 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 133.28 ft. frontage by 97.75 ft. in depth, irregular, on which is located a gasoline service station; that it is proposed to permit for a term of 15 years, in a retail use zone, the reconstruction and extension in area of existing gas station, lubritorium and non-automatic auto laundry and to include the additional uses of minor auto repairing with hand tools only, a used car sales lot on a portion of the plot and the parking of motor vehicles awaiting service; and

WHEREAS, the applicant states that on April 7, 1931 the Board adopted a resolution under section 7f permitting the major portion of the premises now under consideration to be used as a gas station for a term of 2 years; that the plot approved at that time provided for a frontage of 106.96 ft. on Sand lane and a frontage of 93.28 ft. on Hylan boulevard; that the present application would include an extension in area of 40 ft. on Hylan boulevard and an irregular increase of 21.36 ft. on Sand lane; that the term of the variance was renewed by the Board for two year periods through April 3, 1951, with the last two year term expiring April 3, 1953; that on April 28, 1953 the variance was extended for a term of 5 years and same now expires on April 28, 1958; that the present owner, doing business as Jim's service station, purchased the property on which the present gas station, existing by virtue of a term variance from the Board for a period of 5 years, on May 21, 1951, and the proposed extended area was purchased on March 1, 1955; and

WHEREAS, the applicant states that on July 25, 1916 the zoning maps showed that Sand lane was zoned for business use for a depth of 100 ft., class 1 height and class C area for a depth of 100 ft., with the balance class D; that at that time Hylan boulevard was not constructed; that an amendment, effective June 9, 1927, after Hylan boulevard was constructed, provided for a business use zone along both Sand lane and Hylan boulevard for a depth of 100 ft., with the balance of the entire block being in residence use; that a further amendment effective January 21, 1942 rezoned the entire block bounded by Sand lane, Hylan boulevard, Major avenue and Linwood avenue to business use; that under C. P. 11311, effective January 27, 1955 the plot under consideration as well as the entire block as hereinbefore described was rezoned to retail use; that there has been no change in the class 1 height since 1916; that under C. P. 9681, effective April 20, 1953 the area districts were changed from C and D, to class B, for a depth of 100 ft. along Sand lane from Hylan boulevard to Linwood avenue, with the balance of the proposed plot and the block rezoned to E-1; and

WHEREAS, the applicant contends that the existing gas station, granted by the Board under section 7f for a term of 2 years on April 7, 1931, was erected under approved N.B. Applic. 517-31; that this new building application superseded N.B. Applic. 24-29 on which the application was before the Board; that as hereinbefore mentioned, the term of the variance was granted through 1951 for successive two year terms; that the term of the variance for a period of 5 years was granted on April 28, 1953 with same expiring on April 28, 1958; that certificate of occupancy No. 12882 was issued February 2, 1956 on N.B. 517-31 for the gas station use and same expires on April 28, 1958; that the certificate permits a gas station; that at the time of the issuance of the original certificate in 1931 it permitted a gas station; that however, at that time lubrication and car washing was considered a conjunctive use and occupancy certificates were very rarely issued for a break-down of conjunctive uses similar to the practice at this time; that

the present outside grease pit for lubricating cars as well as car washing has been in continuous operation since 1931; and

WHEREAS, the applicant states that in view of the fact that the original variance was granted for a term of years under section 7f of the zoning resolution, the present application is now amended to omit section 7c, and the Board is requested to consider same under sections 7f and 7i; and

WHEREAS, the applicant further contends that since the time of the original variance Sand lane has been widened about 10 ft. and new side walks and curbs erected; that this street widening reduced the area of the station and necessitates the requirement for additional property, and therefore the application now before the Board requests an extension in area so that additional space can be provided for the station operation as well as the erection of a new building which will be used for office, rest rooms, heater and storage room, lubrication, car washing and minor repairs with hand tools only; that the proposed conditions will eliminate the present unsightly grease pit and outside lift; that the new building, which will be of modern design, will be finished in face brick with porcelain enamel trim on three sides and a woven wire fence with suitable planted area will be provided along the rear line to protect adjoining owners; that the pump islands will be arranged so that the pumps will be set back a minimum distance of 10 ft. from any street line; that it would be a practical difficulty to set the pumps back any further due to the unusual shape of the property and the small size of the plot at the point where the pump islands are located; that in view of the capital investment required in the rehabilitation of this site, the Board is requested to grant the variance for a term of 15 years; that Hylan boulevard is a main traffic artery in this section of Staten Island and competitive demands require the erection of a modern station; and

WHEREAS, the applicant states that the present owner has held title to the property since 1951; that the assessed valuation of land is \$5,000 and of the building \$2,000 making a total of \$7,000; that the building was erected in 1931; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; the committee noted that the station is greatly in need of reconstruction, substantially as now proposed, and recommended that the application should be granted on condition; the existing station was granted by the Board on April 7, 1931, for a temporary term, which has been extended from time to time.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 7, 1931 by adding thereto:

"that in the event the owner desires to extend the area of the station and to reconstruct the premises substantially as proposed and as indicated on plans filed with this application marked 'Received, February 24, 1956' (5 sheets), and 'June 26, 1956' (one sheet), such extension and reconstruction may be permitted under Section 7f for a term of fifteen years from the date of this amended resolution *on condition* that all buildings and uses on the premises shall be removed and the premises shall be reconstructed and arranged substantially as indicated on plans above cited; that the accessory building shall be of the arrangement and design as indicated on such plans; that it shall be faced with face brick on all sides; that there shall be no cellar under such building; that the toilet rooms shall be so arranged so that the doors thereto shall not be contiguous; that gasoline pumps shall be erected not nearer than 15 ft. to the building line of Sand Lane or Hylan boulevard, but otherwise in the general location as shown; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that all such existing tanks shall be tested by the Fire Commissioner for safety as to continued use but if the report is adverse the tanks shall be removed and new ones substituted; that on the new rear lot line to the south there shall be erected a woven wire fence of the chain

MINUTES

link type to a total height, including a masonry base, of 5 ft. 6 in.; that at the building lines there shall be suitable terminating posts; that along such fence there shall be a planted area not less than 5 ft. in width and extending along the full length which shall be planted with suitable planting material and properly protected with a curb not less than 8 in. in height and 6 in. in width; that where not occupied by accessory building and pumps and planting the premises shall be paved throughout with concrete or asphaltic pavement; that curb cuts shall be restricted to two on Sand lane, one 26 ft. in width and one 40 ft. in width, located where shown, and two curb cuts to Hylan boulevard to be reconstructed of the width as shown, namely, one 30 ft. and one 35 ft. in width located where shown, and one curb cut at the northerly end not over 30 ft. in width, where shown; that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to a permanent sign attached to the facade of the accessory building facing north and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line, where shown, of two post standards each for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such signs to extend beyond the building line for a distance of not more than four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be repairing with hand tools only for adjustments maintained only within the accessory building; that under Section 7e, for a similar term, there may be parking and storage of cars awaiting service and for the display and sale of used cars on condition that such sale of used cars and parking shall not interfere with the general servicing of the station; and that all permits shall be obtained, including a new certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution."

448-46-BZ—Vol. IV

APPLICANT—Reginald S. Hardy, for Edward Senft and Arthur Senft, owners.

SUBJECT—Application reopened March 13, 1956 as Vol. IV—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the proposed change of occupancy from public garage for more than 5 cars to warehouse for toys. PREMISES AFFECTED—2354-2372 East 19th street, west side, 100 ft. north of Avenue X, Block 7403, Lot 29, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy, E. Senft and Harvey Davis.
For Opposition: Maurice Kreinon.

For Administration: Samuel L. Becker, Dep't of Buildings.
ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly .. 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on March 13, 1956 subject to regular procedure, to consider a changed type of use; and

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection, further consideration and decision; and for applicant to file revised plans, eliminating ramp to second floor; hearing closed; and recessed from July 24, 1956, to July 26, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area,

class 1 height district; East 19th street is in residence unrestricted use, D area, class 1 height districts; Avenue X is in residence and business use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 26, 1956 acting on Alt. Applic. 128-56, reads:

"1. Proposed change of occupancy from public garage for more than 5 cars to warehouse for toys in a bldg. located within a residential district, is contrary to Art. 2 Sect. 3 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 166' 3¾" frontage by 100 ft. in depth, on which is located a garage for more than five motor vehicles, 166 ft. 3¾" front., 100 ft. in depth, class 3, 1 story and basement, 24 ft. in height; that it is proposed to change occupancy of the building from garage for more than five motor vehicles, to warehouse for the receipt, storage and shipment of toys; and

WHEREAS, the applicant further states that the premises in question consist of an irregular plot of land having a frontage of approximately 166 ft. and a uniform depth of 100 ft., the rear lot line being approximately 143 ft.; that they are improved with a building used as a garage for more than five motor vehicles which was erected at a time when the premises were within an unrestricted use district; that the building is one story and basement in height, both the basement and the 1st floor having been heretofore used as a garage for more than five motor vehicles; that the property in question is in a residence use district, D area, class 1 height district; that prior to July 29, 1939 the premises were included within an unrestricted use district; that on that date they were changed to their present zoning; and

WHEREAS, the applicant states that it is proposed to remove the existing windows on the basement floor and to fill the openings with glass brick of an approved type; that the present gasoline storage tank will be filled and the vending pump removed and thereafter the building will be used for the receipt, storage and shipment of toys; that inasmuch as the property is located within a residence district, this change cannot be accomplished without a variance of the use district restrictions; and

WHEREAS, the applicant contends that the present occupancy of the premises as a public garage has failed to yield a sufficient income to cover carrying charges and the continuance of this use will involve substantial losses; that the proposed occupancy is one which will be of benefit to the area, generally; that delivery of toys to and from the building will be by trucks, and the maximum number of trips in any day will be relatively few; that the building will be operated only during conventional business hours and not on a 24 hour basis, as at present; that there will be no work performed within the building other than office work and consequently there will be no obnoxious features to the operation; that while the remainder of the block front along the westerly side of East 19th street now conforms to the use district restrictions, the easterly side of the street is devoted to many uses which are permitted only in an unrestricted or manufacturing district, such as public garages, gas stations, motor vehicle repair shop and a lumber yard; and

WHEREAS, the applicant states that the present owner has held title to the property since June 12, 1945; that the assessed valuation of land is \$23,000 and of the building \$48,000 making a total of \$71,000; that the building was erected in 1930; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; the committee has taken account of the type of use of the building and with the provisions shown on the revised plans for providing off-street parking space and closing down the ramp in such a way that it could not be used for the cars reaching the upper floor, the committee recommended that on this basis it believes this use would be less objectionable to the neigh-

MINUTES

borhood than the former garage use and recommended that the application should be granted.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 23, 1946, as thereafter amended by resolutions adopted through November 23, 1948, by adding thereto:

"that in the event the owner desires to change the use of the building from garage to the use as now proposed for warehouse for toys throughout and offices for such use, such change of use may be permitted under Section 7e for a term of ten years provided there is no storage of motor vehicles; that the building shall be maintained in accordance with plans marked 'Received February 3, 1956' (9 sheets), as amended by revised plans marked 'Received July 11, 1956,' (3 sheets); that under such revised plans the present ramp to the second floor shall be blocked off so as to be used only for exit and entrance use and not for motor vehicles; that the present entrance to the building shall be arranged as proposed to provide for loading and unloading and all loading and unloading in the entire building shall be within the building line in such loading areas; that the building shall not be increased in height or area; that the standpipe system shall be maintained throughout; that no additional windows shall be constructed on the side lot lines; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 201-56-A; that signs shall be restricted to such signs as would be permitted for such building when located in a local retail district; that, as to the gasoline storage system, all tanks shall be either removed or filled to the satisfaction of the Fire Commissioner and any and all gasoline pumps and other equipment for selling gasoline shall be removed; that windows, where proposed, shall be removed and the openings filled with glass blocks, as approved, when installed in exterior walls and that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within six months from the date of this amended resolution."

201-56-A

APPLICANT—Reginald S. Hardy, for Edward Senft and Arthur Senft, owners.

SUBJECT—Application February 3, 1956—Appeal from a decision of the borough superintendent—re egress.

PREMISES AFFECTED—2354-2372 East 19th street, west side, 100 ft. north of Avenue X, Block 7403, Lot 29, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy, E. Senft and Harvey Davis.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated January 26, 1956, on Alt. App. 128-56 reads:

"2. Means of egress from 1st and 2nd floors to comply with C26-273 through C-26-292 of the Bldg. Code." and

WHEREAS, the applicant states the building is one story, 24 ft. in height, 166 ft. 3¾ in. front by 100 ft. in depth, of class 3 construction erected 1930, located on a lot 166 ft. 3¾ in. front by 100 ft. in depth, now in a residence use, D area, class One height district and used and occupied since 1930 as follows: cellar—boiler room; basement and 1st floor combined—garage for more than five motor vehicles; and proposed to be used and occupied—cellar—boiler

room; basement and 1st floor combined—offices, warehouse for storage and shipping of toys, 12 persons; the building is provided with an approved standpipe system; that the building with one interior 3 ft. 8 in. wide fireproof stairs enclosed in 8 in. masonry walls equipped with fireproof self-closing doors leading direct to street and provided with a ladder and scuttle to roof; and

WHEREAS, certificate of occupancy 125318 issued January 11, 1950 against Alt. App. 1087/47 describes the building as one story and basement and permits the following use and occupancy: cellar boiler room; basement—garage for more than five motor vehicles and storage of empty motor vehicles used in conjunction with the oil business of the owner; office for sale of fuel oil; 1st floor—public garage for more than five motor vehicles; that this certificate of occupancy was issued pursuant to variance granted by the Board under Cal. No. 448-46-BZ, and expires May 25, 1958; and

WHEREAS, the applicant states that it is now proposed to change the use of the building to offices and warehouse for the storage and shipping of toys; and

WHEREAS, the applicant contends that the building contains several exits from the lower floor but not a single exit complying with the Code for the first or upper floors; that the proposed use will involve an occupancy of 12 persons, all of whom will be stationed on the lower floor or basement; that there will be no persons regularly employed on the upper floor except in the course of loading and unloading merchandise; that the present exit facilities consisting of the stairway at the southeasterly corner of the building and the ramp at the northerly side constitute adequate exit facilities for this upper floor and it is therefore requested that the Board modify the decision of the borough superintendent so as to permit the use and occupancy as herein proposed with the existing exits; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal should be granted under certain conditions.

Resolved, that the decision of the borough superintendent, dated January 26, 1956, acting on Alt. App. 128/56, Objection No. 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the exits from the second floor shall be in accordance with the exits as shown on plans filed with Cal. No. 448-46-BZ, Vol. IV, and in accordance with the resolution adopted thereunder this day.

711-53-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Linden Operating Corp., owner.

SUBJECT—Application reopened December 13, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7i and 21 of the zoning resolution, to permit in a retail use district, the erection and maintenance of a refreshment stand, gasoline service station, lubritorium, auto repairs, car washing, office and sales, car washing, storage, parking of motor vehicles (no fee to be charged), proposed erection of 2 buildings (not accessory to each other) on 1 lot.

PREMISES AFFECTED—114-01 to 114-19 (114-05 official) Farmers boulevard, east side, from 114th road to Murdock avenue; 191-01 to 191-07 114th road and 191-02 to 191-08 Murdock avenue, Block 11007, Lot 1, St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Negative: Chairman Murdock 1

MINUTES

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on December 13, 1955 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and recessed from July 24, 1956, to July 26, 1956, for further consideration and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, D area, class 1½ height district; Farmers boulevard is in retail and local retail use, D area, class 1½ height districts; 114th road is in retail, local retail and residence use, D area, class 1½ height districts; Murdock avenue is in retail and residence use, D area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 6, 1955 acting on N.B. Applic. No. 3535-55, reads:

"1. Proposed erection of a gasoline service station, lubritorium, minor auto repairs, car washing, office and sales, storage rm., and parking and storage of motor vehicles on a plot located within a Retail use district is contrary to Art. II Sect. 4-A and sect. 4(a) (29) (46) of the Zone Resolution.

2. Proposed erection of two (2) buildings which are not accessory to each other on one (1) lot is contrary to Art. I sect. 1(v) of the Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200.10 ft. frontage by 85.64 ft. in depth, irregular presently vacant, and it is proposed to develop the southerly portion of the site having a frontage of 80.05 ft. on Farmers boulevard and 85.64 ft. on 114th road, with a 25 ft. by 32 ft. refreshment stand of class 3 construction, one story in height, and also provide parking of patrons' cars with no fees to be charged; that said use is a conforming and legal use in the retail use district within which the site is located; that it is proposed to secure a variance for a period of 15 years in order to develop the northerly part of the site having a frontage of 110.05 ft. on Farmers boulevard and 79.29 ft. on Murdock avenue, by erecting a modern gasoline service station consisting of twelve 550 gallon gasoline storage tanks and four dispensing pumps; that the proposed accessory building will have a frontage of 57 ft. 8 in. and a depth of 28 ft. 4 in., one story in height, of class 3 construction and contain the conjunctive uses of car wash, lubritorium, minor auto repairs, office and sales and storage; that a part of the open site will be reserved for parking and storage of motor vehicles; that the proposed accessory building will be of modern design with brick facades and will be highly in keeping and in harmony with the area as it has developed; that a 5 ft. 6 in. high woven wire fence will be erected on the easterly lot line and also partly along Murdock avenue and partly along 114th road in order to preserve the residential aspect of those streets; that a 10 ft. wide landscaped area will be maintained on the easterly lot line and will act as a buffer between the proposed use and the residential area to the east; that said 10 ft. planted area will also afford permanent additional light and ventilation to the adjoining property; that all openings in the rear wall of the accessory building will receive glass blocks, so that no noise or odors can possibly emanate from the building; that a 5 ft. 6 in. high woven wire fence will separate the gas station from the refreshment stand use; and

WHEREAS, the applicant states that the premises are located in a retail use district, class 1½ height district and class D area district; that as of July 25, 1916 the premises were located in a business use district and class 1 height district; that the present use designation became effective on January 21, 1947 and the present height designation became effective on June 30, 1953; and

WHEREAS, the applicant contends that Farmers boulevard and Murdock avenue are heavily traveled auto lanes and as such the proposal is entirely in keeping at this point; that Farmers boulevard is now sufficiently developed with stores for public requirements and the gas station as proposed is the only feasible use at this time; that within the affected area and diagonally opposite in block 10431, lot 1 is now developed with a gas station; that the premises directly opposite the site in block 10397, lot 25 is being developed with a gas station under variance granted by the Board under Cal. No. 728-49-BZ, Vol. II; that as shown, of the four corners, two are developed with these non-conforming uses and the site cannot be put to any other use; that the land is high in assessed value and it would be a hardship to deny the owner the right to develop the site as the other two corners have developed; that Murdock avenue is to be widened at some future date, but the City does not have title to said land and no proceedings are pending to acquire title; that no part of the proposed structures or development will be in the bed of Murdock avenue as widened; and

WHEREAS, the applicant states that the present owner has held title to the property since December 10, 1945 and that the assessed valuation of land is \$16,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and careful consideration has been given to the revised proposal under which half of the site is proposed for gasoline service station and the other half for a conforming use as a restaurant building as against the previous application which was for the entire site; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied substantially as proposed and as indicated on plans filed with this application marked "Received October 7, 1955" (2 sheets), *on condition* that the plots shall be separated by a woven wire fence of the chain link type erected on a masonry base between the proposed uses, namely, a gasoline service station to the north and a conforming use of restaurant to the south; that the gasoline station area shall be levelled substantially to the grade of Farmers Boulevard; that all buildings and uses thereon shall be removed and the gasoline station portion of the premises shall be **constructed** and arranged as indicated on such plans above referred to; that the accessory building shall be of the design and arrangement as indicated and faced with face brick; that there shall be no cellar under such building; that the area at the rear of such building shall be landscaped to a width of ten feet and for the full distance of the gasoline station area from back of the accessory building to the lot line from which there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 ft. 6 in., turning along the side street for a distance of 10 ft. and extending along the side lot line of Murdock avenue for a distance of approximately 40 ft.; that for the protection of such landscaped area there shall be erected a masonry curbing not less than 8 in. in height and 6 in. in width; that pumps shall be erected not nearer than 15 ft. to the street building line of Farmers Boulevard; that curb cuts shall be restricted to two curb cuts to Farmers Boulevard from the gasoline selling area not over 30 ft. in width and one on Murdock avenue within the first 25 ft. from the intersection; that the number of gasoline storage tanks shall not exceed five 550 gallon approved storage tanks; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing Farmers Boulevard and to the illuminated globes of the pumps, excluding all roof signs and tem-

MINUTES

porary signs but permitting the erection of one post standard within the building line, either toward the south or the north at the intersection within the gasoline service area near the intersection of Murdock avenue for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under Section 21 there may be the two uses as proposed on the plot provided such lot is so subdivided so that each use has its own lot number; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

922-55-BZ

APPLICANT—Burke, Green and Groh, for Sam Rosenberg, owner.

SUBJECT—Application November 18, 1955—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station, office, accessory sales, minor repairs with hand tools only, and automatic auto laundry.

PREMISES AFFECTED—113-46 to 113-76 Springfield boulevard, northwest corner of Colfax street, Block 11134, Lot 1, Springfield Gardens, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh and John W. McClancy, Jr.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and recessed from July 24, 1956 to July 26, 1956, for decision; applicant to ascertain purpose of excavation on premises; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Colfax street are in local retail and residence use, D and E-1 area, class ½ height districts; Springfield boulevard is in local retail and residence use, D area, class ½ height districts; 113th drive and 114th avenue are in local retail and residence use, D and G-1 area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 21, 1955, acting on N.B. Applic. 4210-55, reads:

"1. Proposed auto laundry, gasoline service station, office and accessory sales, minor repairs with hand tools only located partly in a Local Retail use district and partly in a Residence use district is contrary to Art. II Sec. 4-c & Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 245.40 ft. frontage by 128.79 ft. in depth, irregular, now vacant; that it is proposed to construct a modern gasoline service station and modern high speed auto laundry; that the accessory building will be set back the usual depth from the street (Springfield boulevard) and the auto laundry portion will be attached to the rear of the accessory building; that both of these buildings will be faced with face brick and the gas station accessory building will have a false mansard roof; that both the gas station and auto laundry will be located entirely within the local retail use district portion of the plot; that the residence use district

portion of the site will be devoted entirely to shrubbery and seeded area; that it is proposed to fence the entire site with either a 5 ft. 6 in. high brick fence wall, or 5 ft. high woven wire fence on a 6 in. high concrete base; that it is also proposed to provide shrubbery along a portion of the Colfax street building line and a portion of the north lot line; that Colfax street will have no curb cuts; that a 5 ft. 6 in. high brick fence wall will be provided along the Colfax street building line to protect this street; that it is proposed to install two concrete islands with 3 gas pumps each, along the Springfield boulevard frontage only, to be set back 15 ft. from the building line; that five 30 ft. curb cuts will be installed along this frontage; that the entire site, where not devoted to buildings or shrubbery, will be paved with concrete or bituminous paving; and

WHEREAS, the applicant states that the property is presently located in a local retail district for the first 100 ft. of depth and the balance is located in a residence use district; that the property is located in a D area district for the first 100 ft. and an E-1 district for the balance; that the property is in a ½ height district; that from July 25, 1916 to January 21, 1947, the first 100 ft. of the property was in a business district and the balance in a residence district; that on January 21, 1947 the business portion was changed to local retail; that as to area, the entire parcel was in a D area district from July 25, 1916 to June 3, 1947; that after June 3, 1947 all that property beyond 100 ft. in depth was changed from a D area to an E-1 area district; that as to height, from July 25, 1916 to June 30, 1952 this area was classified as a 1 height area; that the present height became effective on June 30, 1952; that there are no amendments pending before the city planning commission at this time; and

WHEREAS, the applicant contends that directly across the street from this area are stores within 400 ft.; that on block 11231, lot 81 there is a bowling alley; that in block 11136, lot 23 is a further group of stores and the property immediately adjacent to the site is a vacant piece of land; that this area is entirely built up with the exception of two or three vacant parcels along Springfield boulevard; that the area is in need of a gas station and auto laundry; that the plot as presented extends 245 ft.; that the entire gas station and auto laundry are within the local retail district; that the entire residential portion of the property will be devoted to shrubbery acting as a buffer between it and the residential area to the rear; that this buffer zone at its widest point is 45.73 ft. in depth and at its narrowest point is 28.79 ft. in depth, providing an exceedingly large shrubbery area which would adequately shield the premises from the residential area; that shrubbery will also be provided along the Colfax street side of the building; that there will be no curb cuts provided for the residential streets; and

WHEREAS, the applicant states that the present owner has held title to the property since October 27, 1952 and that the assessed valuation of land is \$20,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the property can be developed with a conforming use and that application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 4210/55, Objection No. One be and it hereby is affirmed and that the application be and it hereby is denied.

949-55-BZ

APPLICANT—Herman E. Horwood, for H. J. B. Service, Inc., owner.

SUBJECT—Application December 1, 1955—re (decision of the borough superintendent) under sections 7c and 21 of

MINUTES

the zoning resolution, to permit in a business use district, a new curb cut, accessory to gasoline service station.

PREMISES AFFECTED—794 East 183rd street and 2315 Southern boulevard, southwest corner, Block 3113, Lot 30, Borough of The Bronx.

APPEARANCES—

For Applicant: Herman E. Horwood.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and laid over from July 24, 1956 to July 26, 1956, for applicant to obtain statement indicating position of Park Department as to this application; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 183rd street are in a business use, B area, class 1¼ height district; Southern boulevard is in business and residence use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 3, 1955 acting on N. B. Applic. 461-55, reads:

"1. Gas station in a business district is a non-conforming use and new curb cut in addition to existing curb cut cannot be granted as per Sect. 6 & Sect. 4 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 98.72 ft. frontage by 75.89 ft. in depth, on which is located a gasoline service station, lubrication pits, office, storage shed, parking of cars awaiting service; that it is proposed to permit an additional curb cut at the south end of these premises on the Southern boulevard front, which has been denied by the building department as being an extension to the gasoline service station; and

WHEREAS, the applicant contends that this additional curb cut is badly needed for the reason that cars entering and leaving have to use the same curb cut and thus interfere with each other, which is not good practice; that with the natural growth of Southern boulevard, which is a heavy traffic artery, and the change of East 183rd street to a one way street, westbound, the requested curb cut is an actual necessity and the lack of same is an extreme hardship to the proper conduct of this service station which has been under the present ownership and operation since 1939; and

WHEREAS, the applicant states that the present owner has held title to the property since June 15, 1939; that the assessed valuation of land is \$33,000 and of the building \$5,000 making a total of \$38,000; that the building was erected in 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the application for the additional curb cut be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit one additional curb cut, substantially as proposed and as indicated on plans filed with this application, marked "Received December 1, 1955," (5 sheets) and as indicated on revised plans marked "Received July 20, 1956", (3 sheets), *on condition* that such additional curb cut to Southern boulevard shall be

not over 25 ft. in width, located as shown on revised plan showing proposed conditions, marked "Received July 20, 1956"; that no other changes to the existing gasoline station shall be made without authorization of this Board; and that all permits required shall be obtained and all work completed within six months from the date of this resolution.

951-55-BZ

APPLICANT—Kenneth W. Milnes, for Socony Mobil Oil Co., Inc., owner.

SUBJECT—Application December 2, 1955—re (decision of the borough superintendent) under sections 7a and 7i of the zoning resolution, to permit in a business use district, the reconstruction of legally existing non conforming gasoline service station, to include a new one story service station building, sales office, lubritorium, minor motor vehicle repairs, and new gasoline pump island.

PREMISES AFFECTED—1098 Richmond road, southwest corner of Targee street, Block 3181, Lot 1, Concord, Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

ert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and laid over from July 24, 1956, to July 26, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, D area, class 1 height district; Targee street is in business and local retail use, D area, class 1 height districts; Richmond road is in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated November 3, 1955 acting on N.B. Applic. 1092-55, reads:

"1. The reconstruction of a legal non-conforming existing gasoline service station to include a new one story service station building, sales office, lubritorium, minor motor vehicle repairs and new gasoline pump island is contrary to Art. II Sect. 4(a), 29, 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 163 ft. and 116 ft. frontage by 83 ft. in depth, on which is located a gasoline service station and a one and one-half story frame dwelling, which is to be demolished; that it is proposed to completely rehabilitate and reconstruct this service station both to better satisfy the demands of the motoring public and to make the premises more attractive to the neighborhood; that it is also proposed to demolish the existing 1½ story dwelling which is on the same lot, to the rear of the present service building, and to build a new masonry one story service building on approximately the rear lot line; that immediately on the lot to the rear of the proposed building is a garage and a pickle factory; that it is also proposed to remove one pump from the present three pump island, leaving that as a two pump island and to install a new two pump island with 8 new 550 gallon tanks; that the entire open area will be paved with asphalt and the open part of the rear lot line will have a 5 ft. high chain link type or equal fence; that the existing banjo type sign on the very point of the property will be moved back of the adopted widening line indicated and swung to face both ways on Richmond road; that there are to be three 30 ft. curb cuts on Richmond road and two 30 ft. curb cuts

MINUTES

on Targee street; that at present the curb cut on Richmond road is 70 ft. and the entire Targee street curb is depressed as there are no curbs on Targee street; that it is requested that the usual service station building uses be granted such as car washing, sales office, minor motor vehicle repairs and the parking of cars waiting to be serviced; and

WHEREAS, the applicant contends that the existing premises and building owned by Socony Mobil Oil Co. Inc., are at present and have been for many years devoted to use as a gasoline service station and accessory uses; that this use was granted a certificate of occupancy for N.B. 934-26 on August 13, 1926, to the Standard Oil company, the present owner; that the granting of this application will have no adverse effect upon the neighborhood but will indeed be of definite service and improvement; and

WHEREAS, the applicant states that the present owner has held title to the property since July 6, 1926; that the assessed valuation of land is \$4,500 and of the building \$5,500 making a total of \$10,000; that the building was erected August 12, 1926; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of the lawfully existing gasoline service station substantially as proposed and as indicated on plans filed with this application marked "Received December 2, 1955" (5, sheets), *on condition* that all buildings and uses on the premises shall be removed; that the premises shall be reconstructed and arranged as indicated on such plans; that the accessory building shall be located where shown, without cellar, and shall be arranged and designed as indicated on such plans except that the doors to the toilet rooms shall be so arranged as not to be contiguous; that the building shall be faced with face brick and may have a porcelain band course; that there shall be no windows in the accessory building in the walls toward the rear lot line; that along the rear lot line, to the north, from the accessory building to the building line of Richmond Road there shall be a woven wire fence of the chain link type erected on a masonry base not less than 5 ft. 6 in. in height, with suitable terminating posts at the building line; from the accessory building southerly along Targee street there shall be a masonry wall to meet the grade and as may be required, on which may also be erected a chain link fence to a total height of 5 ft. 6 in. above street grade, with suitable terminating posts; that pumps shall be not nearer than 15 ft. to the street building line; that at the intersection there shall be a block of concrete extending for a distance of not less than 5 ft. along either building line and not less than 12 in. in height; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved new tanks; that where not occupied by building and pumps the premises shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to three curb cuts to Richmond road, each 30 ft. in width, located where shown, and two curb cuts of similar width to Targee street located where shown; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing south, and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection, where shown, of one post standard, toward the intersection, for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that under Section 7i there may be minor repairing with hand tools only for

adjustments maintained solely within the accessory building; that in the event the proposed street widening is carried out which would involve the removal of a portion of the premises at the intersection of Richmond road and Targee street, that portion of the premises may be removed provided that there is erected at the widened line a block of concrete extending across the frontage not less than 12 in. in height; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall require; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

1010-55-BZ

APPLICANT—Albert Melniker, for Southcrest Realty Corp., owner.

SUBJECT—Application December 22, 1955—re (decision of the borough superintendent) under sections 7f, 7i and 7A of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, car washing, lubritorium, sale of accessories, minor motor vehicle repairs, with hand tools only, and parking for more than 5 motor vehicles, with proposed curb cut within 75 ft. of the residence use district.

PREMISES AFFECTED—4124 Arthur Kill road and 600 Clay Pit road, southeast corner, Block 7293, Lot 240, Prince Bay, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker and H. Hausknecht.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 26, 1956 after due notice by publication in the Bulletin; laid over to July 17, 1956, for inspection and decision; hearing closed; then to July 24, 1956, for further consideration; applicant notified; and recessed from July 24, 1956, to July 26, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, D area, class 1 height district; Arthur Kill road is in business and manufacturing use, D area, class 1 height districts; Clay Pit road is in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated December 13, 1955 acting on N.B. Applic. 1234-55, reads:

"1. Proposed use of premises as a gasoline service station, car washing, lubritorium, sale of accessories, minor motor vehicle repairs with hand tools only and parking for more than five motor vehicles on a lot located in a business use district is contrary to Art. II Sect. 4(a) (15) (29) (46) (52) of the Zoning Resolution.

2. Proposed curb cut on Clay Pit Rd. is located within 75' of a Residence use district and is contrary to Art. II Sect. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 174 ft. frontage by 100 ft. in depth, now vacant; that it is proposed to erect a gasoline service station, car wash, lubritorium, sale of accessories, minor motor repairs with hand tools and parking for more than five motor vehicles; that it is felt that this building and its services are necessary for this general area as well as for through traffic; and

WHEREAS, the applicant contends that Arthur Kill road is a main connecting artery on the west shore of Staten Island from the Outerbridge crossing to the Goethals and

MINUTES

Bayonne bridges; that the proposed west shore expressway is planned in the immediate vicinity and will also act as a connecting highway between the Outerbridge crossing and the bridges; that the general increase in the population of Staten Island indicates a need for this facility; that the proposed building has been designed of a simple architectural character and has been located to the rear of the property in order to provide an unobstructed corner; that pump islands have been located a comfortable distance from the front property line and curb cut locations placed so as to eliminate traffic congestion or hazard; that the very rural character of this area will be followed through with landscaping and fencing arranged between this site and the adjacent property; that signs will be of such a nature as to enhance the corner and arranged so as not to conflict with street and traffic conditions; that this building will be erected by a major oil company who will operate this station; that the variance to section 7, if granted, must be for a stated period of 15 years; that the total cost of the proposed building and property in question will represent about \$45,000; that amortization and depreciation over a period of less than 15 years would create a financial burden in making equitable arrangements with a lending institution and to properly amortize the investment; and

WHEREAS, the applicant states that the present owner has held title to the property since May 20, 1955 and that the assessed valuation of land has not been determined; and

WHEREAS, the applicant states that the zone was changed from unrestricted, D area, class 1 height, to business, D area, class 1 height in 1942; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received December 22, 1955" (5 sheets), *on condition* that all existing buildings and uses shall be removed and the plot shall be leveled substantially to the grade of Arthur Kill road, constructed and arranged as indicated on such plans; that the proposed accessory building shall be of the design and arrangement indicated, with front and end facades of face brick; that there shall be no cellar in such building and in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that pumps shall be of a low approved type, erected not nearer than 15 ft. to the street building line of Arthur Kill road; that along the side lot lines and the line of Clay Pit road there shall be erected a woven wire fence of the chain link type, erected on a masonry base to a total height of 5 ft. 6 in.; that curb cuts shall not exceed three, each not over 30 ft. in width, one of which may be to Clay Pit road, as shown; that curbing and sidewalks abutting the premises shall be constructed along Arthur Kill road up to the curb cut along Clay Pit road; that where not occupied by accessory building and pumps, the premises shall be paved with concrete or asphalt; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the building line toward the south of one post standard to support a sign, which may be illuminated advertising only the brand of gasoline sold, permitting such sign to extend not more than 4 feet beyond the building line; that such portable fire-fighting appliances shall be installed as the Fire Commissioner shall direct; that under section 7i for a similar term, there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under 7A curbs herein referred to may be permitted; and

that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

45-56-BZ

APPLICANT—Lama, Proskauer and Prober, for Besmer Realty Co., owner.

SUBJECT—Application January 24, 1956—re (decision of the borough superintendent) under sections 7A, 7c, 7e and 7i of the zoning resolution, to permit in a business and residence use district, the proposed reconstruction of an existing auto laundry, gas station, grease pits, and sale of used cars (5 cars only), to gasoline service station, lubricatorium, auto repairs, office and sales, storage and boiler room, parking and storage of motor vehicles, high speed auto laundry, with proposed signs, entrances, show window and curb cut within 75 ft. of the residence district.

PREMISES AFFECTED—5202-5218 18th avenue and 1776-1780 52nd street, southwest corner and 1769-1781 53rd street, Block 5473, Lots 32, 34, 36 and 52, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: William H. Flax.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 3, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and recessed from July 24, 1956, to July 26, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 18th avenue, 53rd street and 52nd street are in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated February 20, 1956 acting on N.B. Applic. 2813-55, reads:

"1. Proposed reconstruction of the existing auto laundry, gas station, grease pits, and sale of used cars (five cars only); to gasoline service station, lubricatorium, auto repairs, office and sales, storage and boiler room, parking and storage of motor vehicles, high speed auto laundry, on a premises located partly in a residence use district and partly in a business use district, is contrary to Art. II, Sec. 3 and Art. II, Sec. 4(a), PP. 29, 46 & 52 of the Zoning Resolution.

2. Proposed entrances, show window, curb cut and signs facing on 52nd St. and 53rd St. are contrary to Art. II, Sec. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 144.77 ft. frontage by 128.75 ft. in depth, presently developed with a gas station consisting of four 550 gallon gasoline tanks, four dispensing pumps on the building line of 18th avenue, four open grease pits, a frame shed one story in height, being 12 ft. 9 in. by 16 ft. 9 in. and a one story accessory building of class 3 construction, having a frontage of 78 ft. 2 in. by 43 ft. 2 in. in depth; that the open area is being used for sales of used cars and parking and storage of motor vehicles; and

WHEREAS, the applicant states that the premises are located in a class D area district and a class 1 height district; that part of the premises within 100 ft. of 18th avenue is in a business use district and the balance of the premises is

MINUTES

in a residence use district; that as of July 25, 1916 that part of the premises forming the triangle bounded by 52nd street, 18th avenue and the former Old New Utrecht Road was in a class C area district and the balance of the premises was in a class D area district; that the present area designation became effective on July 1, 1924; and

WHEREAS, the applicant further states that fire department records show that in 1923 under Plan No. 1064-23 an application was approved to use that part of the premises having a frontage of 150 ft. on 18th avenue, 90 ft. on 52nd street, 180 ft. on the northerly lot line and 20 ft. on the westerly lot line for an oil selling station with three 550 gallon gasoline tanks; that in 1929 under Alt. No. 2694-29 permit was issued by the fire department to install two additional 550 gallon gas tanks; that building department records show that in 1923 under Alt. 9729-23 permit was issued to erect a one story building having a frontage of 25 ft. 1 in. by 20 ft. 3 in. in depth for use as a store; that certificate of occupancy No. 23126 was issued for said use; that in 1929 under Alt. 1083-29 permit was issued to install two grease pits; that in 1931 under Alt. 9063-31 permit was issued to erect a one story building of class 3 construction, having a frontage of 53 ft. 1 in. by 43 ft. 2 in. in depth, for use as cellar—ordinary; 1st floor—store, auto laundry, gas station, grease pits and sales of used cars (5 cars only); that certificate of occupancy No. 115-50 was issued for said use; that in 1933 under Alt. 2392-33 permit was issued for two additional grease pits; that all of the above uses were approved on a plot size having a frontage of 144 ft. 9½ in. on 18th avenue, 91 ft. 7½ in. on 52nd street, 206 ft. ⅞ in. on the northerly lot line and 19.06 ft. on the westerly lot line; that no record was disclosed for the frame one story building; and

WHEREAS, the applicant states that the premises are presently being used for a gas station, lubritorium, minor auto repairs, office and sales, storage, boiler room, parking and storage of motor vehicles, auto laundry and sales of used cars on a plot having a frontage of 128.75 ft. on 52nd street, 144.77 ft. on 18th avenue, 73.21 ft. and 71.95 ft. on 53rd street and being irregular on the northerly lot line; that it is proposed to demolish all the existing buildings, remove the open grease pits and rebuild the now legal gas station on the same size plot as now exists and as described above; that the contemplated accessory building will be one story in height, of class 3 construction, having a frontage of 85 ft., a depth of 48 ft. and contain the conjunctive uses of lubritorium, minor auto repairs, office and sales, storage room, boiler room and high speed auto laundry; that it is also proposed to add six new 550 gallon buried gas tanks in addition to the present 4 tanks, making a total of 10 tanks; that it is also proposed to relocate the gasoline pumps to 15 ft. back of the 18th avenue building line, rearrange the curb cuts so as to have one 20 ft. curb cut on 52nd street, three 30 ft. curb cuts on 18th avenue and one 30 ft. wide curb cut on 53rd street; that the entire plot within the confines of the business use district will be repaved with concrete or tarvia and a 5 ft. 6 in. high woven wire fence will be erected on the lot and building line of that portion of the site within the residence use district; that it is further proposed to erect a concrete island, sign and light standards at the intersection of 52nd street and 18th avenue and 53rd street and 18th avenue; that the open portion of the site, where not used for the gas station and auto laundry, will be used for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that 18th avenue is a main auto lane and as such the proposal is entirely within keeping and a required service at this point, as is also proven by the continuous operation of the present gas station since its inception in 1923; that the removal of the present buildings and unsightly open grease pits and the replacement by a new modern building will improve the appearance of the entire area; that the setting of the proposed building entirely within the confines of the business use portion will provide permanent light and ventilation to adjoining premises; that that portion of the site within the

residence use district will be landscaped and planted and will act as a buffer to adjoining properties; that the north wall of the building will have three glass block panels in said north wall openings so as to subdue any noise that may emanate from the auto laundry; that there are non-conforming uses within the affected area as follows: block 5479, lots 31 and 42—cleaners and gas station; block 5474, lot 9—gas station; block 5480, lots 14 and 1—motor vehicle repair shop and gas station; that although the site is in a business zone, its present legal non-conforming use and those additional non-conforming uses above stated, in the affected area, have definitely changed the aspect of the area so that it is now unrestricted in character; that the depressed railroad in blocks 5468, 5474, 5479 and 5486 certainly are not in keeping in the present residence and business zones in the affected area and lend an unrestricted appearance to the entire community; that the auto laundry entrance, office windows and signs set a minimum of 40 ft. distant to 52nd street and 53rd street building lines, and cannot possibly affect the residential aspect of said streets; that the curb cuts on 52nd and 53rd streets are necessary for the proper operation of the gas station and auto laundry; and

WHEREAS the applicant states that the present owner has held title to the property since October 1, 1954; that the assessed valuation of land is \$53,900 and of the building \$10,500 making a total of \$64,400; that the building was erected in 1923; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee recommended that the application should be granted under certain conditions.

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension and reconstruction of the lawfully existing gasoline service station substantially as proposed and as indicated on plans filed with this application marked "Received January 24, 1956", (4 sheets), and "March 16, 1956", (2 sheets), and "July 3, 1956", (one sheet), *on condition* that all buildings and uses shall be removed from the premises and the premises shall be reconstructed and arranged substantially as shown thereon; that the northerly portion of the area shall be unbuilt upon and shall be planted and maintained as a planted area with suitable landscaping and with a woven wire fence of the chain link type erected on a masonry base to a total height of 5 ft. 6 in. maintained on lot lines except the proposed wall of the accessory building and laundry occur; that the accessory building and laundry shall be constructed and arranged as therein proposed on such plans above cited; that the building shall be faced with face brick and shall be of the design as indicated; that pumps shall be erected not nearer than 15 ft. to the street building line of 18th avenue; such pumps shall be of a low approved type; that the number of gasoline tanks shall not exceed ten 550 gallon approved tanks; including four existing tanks which shall be tested by the Fire Commissioner and not used unless found to be in good condition by him; that the balance of the premises where not occupied by accessory buildings and pumps shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to three curb cuts to 18th avenue each 30 ft. in width and one curb cut to 52nd street within the first 25 ft. from the intersection of 18th avenue eliminating all other curb cuts on 52nd street, and one curb cut on the splay within ten feet of 18th avenue; that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection of a sign advertising the laundry use attached to the front wall of the auto laundry

MINUTES

section; that under Section 7i there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that the doors to the toilet rooms shall be so arranged as not to be contiguous; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that at the intersection of 52nd street and 18th avenue and at the westerly portion of the splay there shall be erected a block of concrete at each location extending for a distance of not less than 5 ft. along either building line and not less than 12 in. in height; that under Section 7e and Section 7h for a similar term there may be parking and storage of motor vehicles provided such parking is maintained so as not to interfere with the servicing of the station and entrance and exit from the auto laundry; that under Section 7A show windows, curb cuts and signs deemed by the Borough Superintendent as contrary to Section 7A may be permitted as above set forth; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

86-56-BZ

APPLICANT—Andrew DiCamillo, for Jean and Betty Sternbach, owners.

SUBJECT—Application February 7, 1956—(decision of the borough superintendent) under section 7i of the zoning resolution, to permit in a retail use district, the proposed change of occupancy from store and storage to auto repair shop and parking of cars waiting to be serviced.

PREMISES AFFECTED—8818 4th avenue, west side, 40 ft. north of 89th street, Block 6062, Lot 40, Borough of Brooklyn.

APPEARANCES—

For Applicant: Andrew DiCamillo.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and recessed from July 24, 1956, to July 26, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, C area, class 1 height district; 4th avenue is in retail and business use, C area, class 1 height districts; 89th street is in retail and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated February 3, 1956 acting on Alt. Applic. 68-56, reads:

"1. The proposed change of use from store and storage to auto repairing, of these premises located in retail use district is contrary to the Zoning Res., Art. II, Sect. 4-A."

and

WHEREAS, the applicant states that the premises consist of a plot, 30 ft. frontage by 100 ft. in depth, on which is now located a one story brick and block structure, 30 ft. front, 60 ft. in depth, used for the sale of floor covering; that it is proposed to occupy said premises for use as a motor vehicle repair shop and parking of cars waiting to be serviced; and

WHEREAS, the applicant states that the subject site consists of an interior plot 30 ft. wide and 100 ft. deep; that the building located thereon was erected under N.B. 1238-47 and certificate of occupancy No. 120850 was issued July 14, 1948; that the legal occupancy is auto showroom and glazing and the actual present occupancy is the sale of floor covering; and

WHEREAS, the applicant contends that the type of repair shop proposed is actually for the testing and replacement of brakes, wheel alignment, testing of auto safety features, replacing of springs and other hand tool work; that this will be a clean and neat appearing shop; that the proposed use will in no way adversely affect surrounding properties; that there are non-conforming uses in the affected and surrounding area as follows: block 6062, lot 41, auto laundry and shop; lot 52—auto parking; block 6065, lot 6—gas station; block 6066, lots 10 and 1—gas stations; block 6064, lot 28—gas station; that the use of the present structure at the present time for a retail store is economically unsound; that any conditions set by the Board will be scrupulously adhered to; and

WHEREAS, the applicant states that the present owner has held title to the property since October 4, 1954; that the assessed valuation of land is \$6,000 and of the building \$6,500 making a total of \$12,500; that the building was erected in July, 1948; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7i, for a term of ten years, to permit the premises to be occupied as a repair shop and the parking of cars awaiting service, *on condition* that such repair work shall be of a light type, excluding all heavy and demolition type and excluding the use of any forge or anvil; that there may be an oxygen or acetylene torch, if under proper permit from the fire department; that the sidewalks and curbs abutting the site shall be reconstructed or restored to the satisfaction of the Borough President; that there may be one curb cut opposite the entrance door, not over 12 feet in width; that the premises shall be maintained in accordance with these requirements and as shown on plans filed with this application, marked "Received February 7, 1956", (4 sheets); that such portable fire-fighting appliances shall be installed as the Fire Commissioner shall direct; that the fence at the rear of the plot shall be maintained in good structural condition and any opening or gate in such fence shall be for exit purposes only and not for conjunctive use with the adjoining property now under the same ownership; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required, including a new certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

94-56-BZ

APPLICANT—Albert Melniker, for Chain Store Realty Corp., owner.

SUBJECT—Application February 9, 1956—re (decision of the borough superintendent) under section 7f of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubricatorium, car wash, parking of vehicles awaiting service, minor adjustments of motor vehicles with hand tools only, office and sales.

PREMISES AFFECTED—1970 Victory boulevard and 5 Perry avenue, southeast corner, Block 722, Lot 1, Castleton Corners, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

For Opposition: Mrs. E. L. Stabford and Mrs. Fox.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; laid over, to July 3, 1956, for applicant to file revised plans giving consideration to the grade of plot; date for inspection to be set; hearing closed; then to July 24, 1956, for inspection and decision; and recessed from July 24, 1956, to July 26, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, D area, class 1 height district; Victory boulevard is in retail and local retail use, D area, class 1 height districts; Quinlan avenue is in residence, retail and local retail use, D area, class 1 height districts; Perry avenue is in residence and retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated February 8, 1956 acting on N.B. Applic. 69-56, reads:

"Proposed gasoline service station, lubritorium, car wash, parking of vehicles awaiting service, minor adjustments of motor vehicles with hand tools only, office and sales located in a retail use district is contrary to Art. II, Sec. 4A of the zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 201.18 ft. frontage by 113.30 ft. in depth, now vacant, except for billboards; that it is proposed to erect a gas station, car wash, lubritorium, motor vehicle repairs, sale of accessories, parking for more than five motor vehicles, and the sale of fuel oil; that it is also proposed to install curbs, new sidewalks and develop the entire site; that the owners will also conform with the widened lines of Victory boulevard; and

WHEREAS, the applicant contends that this general area has grown continually since World War II and with the growth of business along Victory boulevard and the development of residential areas surrounding this property, it is felt that this improvement represents a definite asset to this location; that the design of this station will be modern and in keeping with the latest in commercial structures; that the property will be fenced and landscaped in order to protect adjoining areas and will be in harmony with the development of this section; that aside from the neighborhood need of this station, Victory boulevard is the major east-west thoroughfare on Staten Island and the volume of traffic going through the Castleton Corners, both east and west, is such as to make this facility an essential part of the Victory boulevard development; that the financial analysis of this improvement indicates that if a variance is granted, it will be necessary to have a term of not less than 15 years; that the total cost of the proposed building and property in question will be an investment of over \$100,000; that amortization and depreciation of a period of less than 15 years will create a financial burden and it will also make lending arrangements with a financial institution quite difficult; that the modern design of this building was determined not only by the large size of the property but also by the location of this property in an expanding business area; and

WHEREAS, the applicant states that the present owner has held title to the property since April 23, 1952 and that the assessed valuation of land is \$10,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the premises can be developed with a conforming use and that the application for a gasoline service station should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision f and i of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 69-56, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

236-56-BZ

APPLICANT—Albert Melniker, for Hanco Realty and Finance Corp., owner.

SUBJECT—Application March 26, 1956—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, minor motor vehicle repairs, hand tools only, sale of accessories and parking for more than 5 motor vehicles.

PREMISES AFFECTED—455 Forest avenue and 489 Hoyt avenue, northeast corner, Block 135, Lot 1, West New Brighton, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief
Connolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and recessed from July 24, 1956, to July 26, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Forest avenue are in a retail use, D area, class 1 height district; Hoyt avenue is in retail and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated March 15, 1956 acting on N.B. Applic. 163-56, reads:

"1. The erection of a gasoline service station, lubritorium, car washing, minor motor vehicle repairs with hand tools, and parking of more than 5 motor vehicles is contrary to Art. II, Sect. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 105.01 ft. frontage by 70.95 ft. in depth, now vacant; that it is proposed to erect a gasoline service station with accessory uses of car wash, lubritorium, minor motor vehicle repairs with hand tools, sale of accessories and parking for more than five motor vehicles; and

WHEREAS, the applicant contends that there is a great need for a gasoline service station in this location; that Forest avenue, being a main artery for local traffic as well as a State designated highway No. 439, carries a great deal of commercial traffic from the beginning of Forest avenue at the intersection of Victory boulevard to this location; that this location would be the first service station on Forest avenue and would be located on a level stretch with easy visibility in both directions, east and west; that it would represent a continuation of a growing business trend on Forest avenue; that the design of this station has respected the residential area north of the property and as such is in a character that reflects the residential neighborhood; that the exterior walls and the rear fence will be of stone veneer, the roof of a hipped domestic scale design and the show windows of small divisions in scale with the residential character of this structure; that fencing and landscaping has been considered to both enhance this structure as well as the im-

MINUTES

mediate neighbors; that the property in question is owned by the Hanco Realty and Finance corporation and if a variance is granted this facility will be erected by the Narrows-bridge Development Corporation, Inc., and the building will be leased by a major oil company; that the variance if granted is for a stated number of years; that the financial analysis of this improvement indicates that if a variance is granted, it will be necessary to have a term of not less than 15 years; that the total cost of the proposed building and property in question will be an investment of over \$50,000; that amortization and depreciation of a period of less than 15 years will create a financial burden and will also make lending arrangements with a financial institution quite difficult; and

WHEREAS, the applicant states that the present owner has held title to the property since December 8, 1949 and that the assessed valuation of land is \$8,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f and i of the zoning resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 163/56, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and recessed from July 24, 1956, to July 26, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Amboy road, Ruggles street and Philip avenue are in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 14, 1956 acting on N.B. Applic. 225-56, reads:

"1. Proposed construction of a Telephone Exchange (Commercial Bldg.) located in a residence use district is contrary to Art. II, Sect. 3 of the Zoning Resolution.

2. Parking of cars for employees in conjunction with a non-conforming use in a residence use district is contrary to Art. II, Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 185 ft. frontage by 200 ft. in depth, now vacant; that it is proposed to construct, in a residence use district, a one story central telephone exchange building with no basement, 124.5 ft. front by 103.67 ft. in depth, of class 1 construction, in order to provide a new dial center to serve the southerly part of Staten Island; that no area or height question is involved in this appeal; that the property referred to is presently zoned as a residence district, class 1 height and an E area district; that as of July 25, 1916 the property was zoned as a business district and the present residence designation became effective on March 25, 1938; that the present height designation has not been changed since July 25, 1916; that as of July 25, 1916 the property was zoned as a D area district and the present E area designation became effective on August 2, 1943; and

WHEREAS, the applicant states that the premises involved herein are situated on the south side of Amboy road commencing at a point 201.58 ft. east of Ruggles street and extending eastward along Amboy road for a distance of 185 ft., thence southerly for a distance of 200 ft., thence westerly for a distance of 185 ft. and thence northerly for a distance of 200 ft. to the point of beginning; that the plot is not subject to any restrictive covenant and at the present time is unimproved; that the owner purchased these premises on October 28, 1955 as being a logical site for a telephone center to serve the southerly part of Staten Island; that it is suitably located with respect to the main cable facilities of the company and affords the most economical and practical site for a central telephone exchange in this area; that at present southerly Staten Island is served by two central telephone exchanges, one at 39-17 Richmond avenue, Eltingville and the other at 7255 Amboy road, Tottenville; that both of these buildings are equipped with manual switchboards and will be replaced by the proposed new dial center; that the Tottenville exchange is now congested and the Honeywood exchange will soon reach its capacity and it is therefore necessary for the company to increase its central office facilities in order to meet the estimated demand for telephone service at the time the proposed building will be completed; that it is expected that new housing construction in the area will increase the demand for telephone facilities; that present schedules contemplate the completion of the proposed exchange building by January 15, 1957 and completion of the installation of the initial dial equipment by September 14, 1957, provided that the company is permitted to proceed with construction promptly; that at that time it is estimated that there will be 300 customers waiting for telephone service in this area; and

WHEREAS, the applicant contends that the proposed building will be architecturally and structurally in keeping with the residential buildings in its vicinity; that it will be of brick, fire resistant construction with reinforced concrete floors and columns; that the building will be faced with brick and ornamented with limestone sills and copings; that the exchange equipment to be installed in this building will be automatic, which will reduce the number of employees using the building to a maximum of 12 at any one time; that there will be a parking area at the rear of the building which will provide adequate off street parking space for the cars of these employees; that there is an urgent need for increasing and improving telephone facilities in this area; and

WHEREAS, the applicant states that the present owner has held title to the property since October 28, 1955 and that the assessed valuation of land is \$7,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions d and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application

be and it hereby is *granted* under Section 7d, to permit the erection of the building as proposed for a telephone exchange, as indicated on plans filed with this application, marked "Received April 9, 1956", (7 sheets), and *granted* under section 7h for a term of ten years, to permit the rear portion of the plot to be occupied for the parking of motor vehicles belonging to the employees of the building, *on condition* that the entire area of site where not occupied by the building shall be enclosed with chain link fences of the woven wire type on all lot lines, provided with driveways for access to the rear portion, which shall be paved with asphalt; that along the side lot lines there shall be suitable planting; that the curb cut to Amboy road on the southerly side may be ten feet in width; that the sidewalk and curbing in front of the premises shall be reconstructed or restored along the present building line to the satisfaction of the Borough President; that in the event Amboy road is widened and the building line extended southerly, curbs and sidewalks shall be constructed at that point to the satisfaction of the Borough President; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

300-56-BZ

APPLICANT—Harry A. Yarish, for Macdonald Holding Corp., owner.

SUBJECT—Application April 20, 1956—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business and residence use district, the proposed parking and storage of motor vehicles.

PREMISES AFFECTED—405-517 McDonald avenue, east side, 300 ft. south of Albermarle road and 298-306 East 2nd street, Block 5334, Lots 26 and 84, Borough of Brooklyn.

APPEARANCES—

For Applicant: Harry A. Yarish.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

recessed from July 24, 1956, to July 26, 1956, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 2nd street are in business and residence use, C area, class 1 height districts; McDonald avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated April 9, 1956 acting on Alt. Applic. 356-56, reads:

"1. The proposed parking & storage of motor vehicles partly in a Business use district & partly in a residence use district is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 116 ft. 8 in. frontage by 250 ft. in depth, irregular, on which is now located a two car garage and parking for more than five cars; that it is proposed to extend the parking use into the portion of the plot in the residence use district; that at present there is a certificate of occupancy for auto parking and for a two car garage on the business portion of lot 26; that lot 84 is being used without a permit; and

WHEREAS, the applicant states that in 1924 the business area extended back 125 ft. to the center of the block and

in 1937 the line of demarcation between the business and residential area was set back to 100 ft. from MacDonald avenue, making it 100 ft. business on MacDonald avenue and 150 ft. residential on East 2nd street; and

WHEREAS, the applicant contends that the area is densely populated with car owners and because of the lack of parking space their cars are parked on the street; that except for the subject area and the adjoining plot, which is operated by the same people on McDonald avenue, there are no parking lots or garages in the area; that by arrangement, the subject lot is used for parking for patrons of the bank on the corner of Church and McDonald avenues and also for patrons of the theatre on Church avenue; that there is a dire need for additional parking space in this area; that except for lot 6 in Block 5332, the entire area is built up and therefore it may be reasonably declared that the character of the area is already established; that by extending the parking use the area would be enhanced, because at the present time the vacant lot to the rear of the present parking area is strewn with rubbish and is used as a dumping ground by unknown persons; that should there be any objection to the wire fence and curb cut on East 2nd street, this will be changed to meet the conditions recommended by the Board; and

WHEREAS, the applicant states that the present owner has held title to lot 26 since October 20, 1945 and to lot 84 since January 6, 1947; that the assessed valuation of land is \$21,300 and of the building \$500 making a total of \$21,800; that the building was erected in 1936; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of the parking area into the residence use district, substantially as proposed and indicated on plans filed with this application marked "Received April 20, 1956". (4 sheets), and "July 31, 1956", (one sheet), *on condition* that all building and uses on this portion of the premises shall be removed and the plot leveled substantially to the grade of McDonald avenue; that there shall be erected on the interior lot lines and street building line of East 2nd street a woven wire fence of the chain link type, erected on a masonry base to a total height of 5 ft. 6 in., with no openings therein to East 2nd Street; that along such fence at the building line there shall be a planted area, properly protected by curbing to prevent damage by cars; that such planted area shall be maintained with suitable planting for the full width of the lot and shall be not less than 10 feet in depth; that proper bumpers shall be maintained against such fences and curbing for protection thereto; that this portion of the plot shall be under the control of the operator of the existing lot facing on McDonald avenue; that any portion of the subject lot not already protected with suitable fences shall be so protected; that such portable fire-fighting appliances shall be installed as the Fire Commissioner shall direct; that the applicant shall file with the Board revised plans for the record, showing the conditions as herein required; and that all permits required shall be obtained, including a certificate of occupancy, and all work completed within six months from the date of this resolution.

262-32-A—Vol. I

APPLICANT—Joseph A. Marck, for Rosemarie Millford, owner.

SUBJECT—Application for consideration—reopening and extension of term—re Appeal from a decision of the borough superintendent, re maintenance of Nursing Home for a term of years.

MINUTES

PREMISES AFFECTED—154-34 Riverside drive, south side, 60 ft. east of Riverside drive, Block 4543, Lots 5 and 7, Beechhurst, Borough of Queens.

APPEARANCES—

For Applicant: Joseph A. Marck.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. I, on September 29, 1936, on certain conditions; and

WHEREAS, the resolution was amended on March 17, 1942; and

WHEREAS, the term of variance was extended on April 8, 1947 and July 17, 1951; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 29, 1936, as thereafter *amended* by resolutions adopted through July 17, 1951 only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"... *granted* for a term of five years from the date of this *amended* resolution, to permit the premises to be occupied as proposed; that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within three months from the date of this *amended* resolution." (Alt. App. 930/42.)

483-49-A—Vol. II

APPLICANT—Leonard F. Rothkrug, for Gregory Majzlin, owner.

SUBJECT—Application reopened May 22, 1956 as Vol. II—re Appeal from a decision of the borough superintendent—re extension of nursing home.

PREMISES AFFECTED—1480-1490 New York avenue, northwest corner of Farragut road, Block 4996, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Milton Ritter.

For Administration: Samuel L. Becker, Dep't of Buildings.
and Joseph A. Sweeney, Dep't of Hospitals.

ACTION OF BOARD: Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 6, 1956, on N. B. App. 2819/55 reads:

"1. These premises were the subject of a conditional variance by the Board of Standards and Appeals under Cal. No. 483-49-A. The proposed structure on the same premises interconnected with the existing structure on the first and cellar floors is contrary to the terms of the conditional variance."

and

WHEREAS, the applicant states the building is two stories and attic, 31 ft. in height, 38 ft. front by 41 ft. 4 in. irregular in depth, of class 3 construction, erected 1921, located on a lot 100 ft. front by 102 ft. 6 in. in depth, in a residence use, C area, class 1¼ height district and used and occupied since 1947; cellar—boiler room, kitchen and laundry; 1st floor—nursing home, 25 persons; 2nd floor—nursing home, 19 persons; attic—caretaker's apartment; and proposed to be increased in area at the first floor by the addition of a one story extension of class 3 construction 38 ft. by 80 ft. in

area, which extension will be used and occupied cellar—morgue and pantry; 1st floor—nursing home, 34 persons; and

WHEREAS, the applicant states that the existing building, erected in 1921, has been used and occupied under certificate of occupancy #128686 issued February 13, 1951, pursuant to resolution adopted by the Board October 11, 1949, under Cal. No. 493-49-A, as a nursing home, with 25 persons on the first floor and 19 persons on the second floor; and

WHEREAS, the applicant states that it is now proposed to erect a new one story building on the same lot meeting all the requirements of the Building Code and the Department of Hospitals for occupancy by 34 persons and that no variance is required except that it is proposed to connect the new building to the building previously considered by the Board for use on the cellar and first floor levels; and

WHEREAS, the applicant contends that at the first floor level the two buildings will be six feet apart, each with independent exterior walls except for the connection by means of the communicating passage 6 ft. in width; that ramps will extend from this passage to the front and rear through one hour fireproof self-closing doors; that the ceiling of the passage will be covered with ¾ in. portland cement mortar on wire lath and the passage will have a 4 in. concrete floor; that there will be no increase in the number of occupants in the existing nursing home as permitted by the Board; that at the cellar level there will be a minor rearrangement of the service areas and a connection to the small cellar area of the new one story building by way of a 3 ft. opening in the masonry foundation wall protected with 1½ hour automatic fireproof door; and

WHEREAS, the applicant states that the public hall in the existing building is now sprinklered in accordance with the resolution adopted by the Board October 11, 1949 requiring that within the stairhall and the attic a sprinkler system shall be installed of a type as permitted under the Multiple Dwelling Law for a converted dwelling and the building is equipped with an approved interior fire system; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated April 6, 1956, acting on N.B. 2819/55. Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the erection of an additional one story building, substantially as proposed and indicated on plans filed with this appeal, marked "Received April 18, 1956". (4 sheets), and "June 14, 1956". (1 sheet), "July 19, 1956". (2 sheets) on condition that the requirements of the resolution adopted by the Board on October 11, 1949, applying to the existing building shall be complied with and in addition the sprinkler system formerly permitted for protection to the stairhall and attic shall be reconstructed so as to cover the entire building; that the new extension shall also be fully sprinklered and the communicating corridor thereto from the existing building shall have fireproof, self-closing doors; that in the proposed building the number of beds shall not exceed 31; that the requirements of the Department of Hospitals shall be complied with in all respects; and that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto.

637-50-A—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Mid-wood Manor Nursing Home, owner.

ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 19, 1956 on Alt. App. 994/56 reads:

"1. Proposed public use in a frame building more than one story in height and more than 600 sq. ft. in area is contrary to 4.2.1 of the Administrative Code.

"2. Egress from all floors of entire premises to comply with Sec. 273 and 292 of Administrative Code.

"Note: These premises were the subject of a conditional variance by the Board of Standards and Appeals under Cal. 637-50-A. Under its terms the variance continued only so long as no additional bldgs. were erected. The proposed use of the adjoining frame building and the connection therewith requires that the entire premises be resubmitted to the Board for all conditions not in accordance with the requirements of the Administrative Code."

and

WHEREAS, the applicant states that the premises consist of lots 59 and 61, totalling 115 ft. front by 144 ft. 9¼ in., irregular, in depth, located in a residence use, E area, class one height district, upon which there exists a 2½ story, 30 ft. high building, 35 ft. front by 56 ft. 10 in. in depth at first floor, 35 ft. front by 40 ft. in depth at typical floor, of class 3 construction, erected in 1911, and used and occupied since 1951, cellar—ordinary use; 1st floor and 2nd floor combined nursing home, 40 persons; attic—vacant; for which certificate of occupancy No. 131257 was issued December 26, 1951, against Alt. App. 3191/50, pursuant to variance granted by the Board by resolution adopted September 26, 1950 and amended April 24, 1951, and said certificate of occupancy permits the following use and occupancy: cellar—ordinary use; 1st floor—nursing home, 17 beds; 2nd floor—nursing home, 15 beds; attic—no human occupancy. This building is provided with a one-source sprinkler system in the halls connected to the domestic water supply, and in addition, there is a 2½ story, 28 ft. high, class 4, constructed building, 24 ft. 8 in. front by 55 ft. in depth, erected in 1924 and now used and occupied as a one family dwelling, proposed to be used and occupied as follows: cellar—ordinary use; 1st floor—nursing home; 2nd floor—nursing home; attic—vacant; occupancy on the 2nd and 3rd floor combined to be 30 persons; and

WHEREAS, the applicant states that the premises are now developed with four buildings designated as buildings A, B, C and D; that building A is a two story and attic, class 3 building, erected in 1911 as a two family dwelling and altered under Alt. App. 3191/50, pursuant to conditional variance granted by the Board under Cal No. 670-50-A, Vol. I, for use as a nursing home, for which certificate of occupancy 131257 was issued; that building B is a two story and attic, class 4, one family dwelling, erected under N. B. App. 1787, 1924, for which certificate of occupancy 28648 was issued; that building C is a one-story, class 3 constructed building, 20 ft. by 20 ft. in area, erected under N. B. App. 8664/24 for use as an accessory garage for which no certificate of occupancy has been issued; building D is a two story, class 3 constructed building, 23 ft. 3 in. front by 21 ft. 8 in. in depth, erected under N. B. App. 3541/12 for use as an accessory garage and chauffeur's quarters for which no certificate of occupancy has been issued; and

WHEREAS, the applicant states that it is proposed to maintain the legal use of Building A as a nursing home, to erect a new connecting extension between buildings A and B and convert building B from a one-family dwelling to a nursing home in conjunction with the existing nursing home in building A; the new connection between the two buildings

will be of fireproof construction, 2 stories in height, 22 ft. 10½ in. wide by 13 ft. deep; that there are no contemplated changes in buildings C and D and there will be no change for building A except for the connection to the new fireproof passage leading to building B; and

WHEREAS, the applicant contends as to Objection 1 issued by the Borough Superintendent that building B has a floor area of 1356 sq. ft. on each floor and the total permitted area is 600 sq. ft. and this building exceeds the allowable tabular height limit by one story; that the first floor is constructed of brick veneer and as the occupancy will not exceed that permitted the Department of Health the acceptance of this building for use not any more hazardous than a dwelling will provide much needed service to the community; and

WHEREAS, the applicant contends as to objection 2 issued by the Borough Superintendent that the second floor of building A has a 3 ft. wide wood stair to the first floor hall and thence to the street, as a second means of egress there is a 3 ft. 8 in. wide steel open outside stair leading to the yard and thence to the street, as a third means of egress there is a 2 ft. 8 in. wide wood stair leading to the first floor kitchen and thence to the rear yard and to the street; that the second floor of building B is provided with a 3 ft. wide wood stair leading to the first floor hall and thence to the street; that both buildings will be connected with a fireproof passage which will be used as a reception room, and it is proposed to install an elevator from the second floor to the cellar; that the halls of building B will be provided a sprinkler system connected to the domestic water supply, similar to the sprinkler system now provided in the halls of building A; that the first floor is now provided with three 3 ft. exits leading direct to the street and two 2 ft. 6 in. exits leading to the rear yard and thence to the street; and

WHEREAS, the applicant contends that in view of the fact that the occupancy will be non-hazardous and will not exceed the number of patients as permitted by the Department of Hospitals, it is felt that the exits are ample and it is, therefore, requested that this application be granted; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated April 19, 1956, acting on Alt. Appl. 994/56, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the use of an additional building to be connected to an existing building, substantially as proposed and indicated on plans filed with this appeal, marked "Received May 17, 1956", (8 sheets), "July 13, 1956", (4 sheets), and "July 19, 1956", (3 sheets), *on condition* that such two buildings when joined as proposed shall be deemed one building and located on one lot, superseding the numbers of the existing two lots; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and to the requirements of the Department of Hospitals; that a sprinkler system shall be maintained from cellar to attic throughout the combined building with connection to fire headquarters through an approved central station; that an interior fire alarm system shall be maintained in the combined building; that there shall be self-closing fireproof doors at the entrance to the connecting link between portions of the combined building; that the building shall not be increased in height and area; that there shall be no non-ambulatory patients permitted above the first floor.

724-51-A—Vol. III

APPLICANT—Selig Kaplan, for Pennsylvania Nursing Home, lessee (Pennsylvania Home, Inc., owner).

SUBJECT—Application reopened June 7, 1955 as Vol. III —re Appeal from a decision of the borough superintendent—re increase in occupancy of existing nursing home.

PREMISES AFFECTED—452 Pennsylvania avenue and 658 Dumont avenue, southwest corner, Block 3805, Lot 26, Borough of Brooklyn.

MINUTES

APPEARANCES—

For Applicant: Selig Kaplan and Aaron I. Berk.

For Administration: Samuel L. Becker, Dep't of Buildings and Joseph A. Sweeney, Dept. of Hospitals.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 13, 1955 on Alt. App. 211/55 reads:

"1. Rearrangement of 1st fl. & increase in number of beds and room for patients & also elimination of registered nurse during specified hours & provisions for bedridden patients on 1st floor is contrary to variance granted by Bd. of St. & Appeals under 724-51-A."

and

WHEREAS, the applicant states the building is one and two stories, 14 and 27 ft. in height, 39.37 ft. front by 67.22 ft. in depth at first floor, 28.05 ft. front by 57.08 ft. in depth at second floor, on a lot 60 ft. front by 100 ft. in depth in a business use, C area, class one height district, used and occupied since June 1953—Cellar—boiler room, kitchen, recreation and staff dining room, pantry and morgue, 6 persons; 1st floor—patients' rooms and office, 16 beds, 20 persons; 2nd floor—patients' & rooms, 11 beds, 15 persons, and proposed to be used and occupied—Cellar—boiler room, kitchen, recreation and staff dining room; pantry, morgue and office, 6 persons; 1st floor—patients' rooms, 17 beds; 21 persons; 2nd floor—patients' rooms, 11 beds, 15 persons. The building is provided with an approved interior fire alarm system and regular monthly fire drills are maintained; there is one interior 3 ft. wide wood stairs enclosed in fire retarded partitions equipped with fireproof self-closing doors; stairhall does not lead to roof, but to street but is provided with a ladder and scuttle to roof; there is one exterior steel stair on the south side of the building extending to yard by stair with egress through yard to street; window and door openings on the course of the exterior stair are fireproof self-closing; and

WHEREAS, Certificate of Occupancy #135909, issued June 25, 1953 against Alt. App. 3073/51 pursuant to resolution adopted by the Board December 9, 1952, under Cal. No. 724-51-A, Vol. II, permits the following use and occupancy: Cellar—boiler room, kitchen, recreation and staff dining room, pantry and morgue, 6 persons; 1st floor—patients' rooms and office, 16 beds, 20 persons; 2nd floor—patients' rooms, 11 beds, 15 persons and contains the note, "No bedridden nor contagious disease persons to be harbored, no surgery. A registered nurse to be in attendance day and night." This certificate also contains the notation that Fire Department approval was issued May 21, 1953 for sprinkler system and interior fire alarm. Certificate of Occupancy #135909, expires March 4, 1962; and

WHEREAS, the applicant states that the present owner who entered into possession of the premises September 21, 1954 seeks to amend the certificate of occupancy to permit him to move the office to the cellar and install a bed in the present office, to permit bedridden patients to be kept on the ground floor and to allow a licensed practical nurse to be on duty during night and days off of the registered nurse; and

WHEREAS, the applicant contends that the proposed change will not only aid the owner to better utilize the premises but will also relieve a present shortage of space for convalescents; that no changes in construction and no alterations are needed to effectuate the changes requested; that the owners are facing hardship due to changes in the neighborhood resulting in the inability of the Department of Welfare to place patients in this building by reason of the restriction against bedridden patients; that when the appeal was originally granted by the Board, permission was granted to maintain 25 beds on the ground floor and this was later changed to 17 beds by resolution adopted Decem-

ber 9, 1952, and due to the requirements of the Department of Hospitals the number of beds finally permitted by the certificate of occupancy was 16 beds and an office; it is now proposed to move the office to the basement or cellar floor and utilize the present office space for one bed; that the granting of this request will not impose any burden on the existing exits or cause any overcrowding of any rooms now containing beds; that to permit the use of a licensed practical nurse for night duty and on the days off for the registered nurse will not affect the efficiency of the operation of the premises and will alleviate a real hardship due to the present shortage of registered nurses; that the inability to take in patients who may become bedridden and bedridden patients creates a real hardship due to the change in the character of the neighborhood and the downgrading in the financial status of persons applying for admission; that persons admitted to nursing homes of the medium or low-price class are generally referred by the Welfare Department which either pays the full cost of maintenance and care or contributes to this cost; that the Department of Welfare has objected to placing their patients in this building in question due to the owners' inability to keep bedridden patients; that due to the fact that there are three exits in the first floor and that the building is completely covered by an automatic sprinkler system, 17 patients can easily be removed from the premises in a matter of a few minutes since no point on the first floor is more than 35 ft. from the nearest exit; it is therefore requested that the Board permit the increase in the number of beds on the first floor from 16 to 17 to permit the removal of the office to the cellar; to eliminate the requirement for a registered nurse for night duty and to permit a licensed practical nurse at night and during the days off of the registered nurse and to allow keeping of bedridden patients on the first floor; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated April 13, 1955, acting on Alt. App. 211-55, Objection 1, be and hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the rearrangement of the first floor as proposed and indicated on plans filed with this appeal, marked "Received July 13, 1956", (3 sheets), *on condition* that the number of beds shall not exceed 16 on the first floor and 11 beds on the 2nd floor, making a total of 27 beds; that the requirements of the Hospital Code and regulations shall be complied with, particularly as to Regulations Nos. 1 and 10; that the building shall not be increased in height or area and in all other respects comply with all laws, rules and regulations applicable to the building and occupancy; that other than as herein permitted, the resolutions adopted by the Board on March 4, 1952, through December 9, 1952, shall be complied with where not inconsistent with this resolution; and that the sprinkler system, interior fire alarm system and fire drills shall be maintained.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 19, 1953, acting on Alt. Applic. 1000/53, reads:

MINUTES

"1. Public building not be permitted in Class 3 bldgs. exceeding two stories in height, 4.2.1 B.C. (table)."

and

WHEREAS, the applicant states that the building is 3 stories, 27 ft. in height; of class 3 construction; 20 ft. by 38 ft. in area; erected 1953; located on a lot 20 ft. front by 100 ft. in depth; in a residence use, D area, Class 1 height district, and used and occupied since 1952—1st floor, boiler room and 2 rooms for tutoring, 16 persons; 2nd and 3rd floor combined, dwelling, one family, and now proposed to be used and occupied: 1st floor, boiler room and 2 rooms for tutoring, 20 persons; 2nd and 3rd floor combined, dwelling, one family; that the building is provided with one 3 ft. wide interior wood stairs, enclosed in partitions of wood studs, wood lath and plaster, equipped with wood doors which are not self-closing; that stair hall does not lead direct to street, and is provided with a ladder and scuttle to roof; and

WHEREAS, Certificate of Occupancy #Q84750 issued October 23, 1952, upon completion of work under Alt. Applic. 2702/50 describes the building as non-fireproof construction classification, 3 stories, 27 ft. in height; located in a residence use district, and classified as to occupancy as a residence building and permits the following use and occupancy; 1st floor on ground, boiler room and two rooms for tutoring, number of occupants not stated; 2nd and 3rd floors, dwelling, 40 lbs. live load, 1 family; and

WHEREAS, Violation No. 1101/53 was issued March 19, 1953, by the Borough Superintendent, for violation of Sec. C26-185.0 of the Administrative Code, for "conducting a school for children (about 15) on first floor with desks, and arranged as a school is Contrary to Certificate of Occupancy Q-84750"; and

WHEREAS, the owner was prosecuted in Municipal Term, Magistrates Court, July 7, 1953, on a charge of violation of Section 643a-9.0 of the Administrative Code, and the complaint was marked "withdrawn-dismissed without prejudice"; and

WHEREAS, the applicant states that the building is one of a row of attached building, indistinguishable in frontal appearance from similar dwellings on both sides of Francis Lewis boulevard, except for a small sign similar to a doctor's professional type sign permitted in a residence use district, reading "Christopher Robin Elementary School"; that the owner and his wife are professional teachers, who prior to 1952 occupied the premises as a private dwelling and occasionally engaged in the practice of their profession by tutoring a few children in the living room on the ground floor; that the rear room was formerly their private garage; that their work gained recognition and to expand their facilities they filed Alteration Application 2702/50 to convert the ground floor to its present use as two classrooms for tutoring as was indicated on the approval plan; that relying upon the validity of the approval of the application, and acting in good faith, the owners let contracts to perform the necessary alteration work which was completed September 12, 1952, and Certificate of Occupancy #Q-84750 was issued; that however this certificate does not specify the number of students; that the owner does not contemplate having more than 20 students on the ground floor at any one time; that under normal conditions there are only 12 students in the building during instruction period and it is only during mid-day recess that there may be 20 students present for a brief interval; that the application of Section C26-254.0 of the Administrative Code to this building would require it to be class 1 construction as a public building for use as a school and would impose an undue hardship causing abandonment and considerable financial loss; that the space on the ground floor used for tutoring has two remote means of egress; that it is proposed to conduct regular fire drills at least once each month and to maintain a 2½ gallon fire extinguisher on the ground floor; and

WHEREAS, the premises was inspected on several occasions by a committee of the Board and the committee noted that unquestionably the school teaches academic subjects and the committee found approximately 25 children

being so taught, all limited to the first floor and to the wire enclosed play area in the rear yard; the committee realizes the necessity of the enclosure in order to keep the students from trespassing on the yards of the other owners, as there appears to be a right of way which is common to all owners and which cannot be blocked off with a fence, that the Board found that a school for teaching academic subjects is permitted in a residence use district.

Resolved, that the decision of the borough superintendent, dated Alt. App. 1000/53, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* as to Objection No. 1, that the building shall not be increased in height or area; that the school use shall not be above the first floor; that no children shall be permitted above the first floor; that the second or upper floor shall be used only as a residence by the persons in charge of the school; that the number of children being taught shall not exceed 25; that there shall be no signs erected on the premises except that there may be a sign as now exists advertising the name of the school; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed and a new certificate of occupancy obtained to supersede Certificate of Occupancy Q84750 revoked this day under Cal. No. 659-53-A within three months from the date of this resolution; all as shown on plans filed with this appeal marked "Received June 18, 1953", (2 sheets).

659-53-A

APPLICANT—John T. Kelleher, Borough Superintendent, Department of Housing and Buildings.

OWNERS OF PREMISES—George B. and Cecil A. Donus.

SUBJECT—Application August 18, 1953—Revocation of Certificate of Occupancy #84750-52 issued re Alt. 2702-52.

PREMISES AFFECTED—133-18 Francis Lewis boulevard, west side, 160 ft. south of 133rd avenue, Block 12969, Lot 8, Laurelton, Borough of Queens.

APPEARANCES—

For Applicant: Aaron Halpern.

For Owner: James H. Cook and Milton Ritter.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted revoking Certificate of Occupancy #84750.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the applicant states that this application is filed to revoke Certificate of Occupancy #Q84750, dated October 23, 1952, based on approved Alt. Applic. 2702 of 1952, for the reason that through inadvertence no limitation was set forth thereon with respect to the number of persons to be accommodated on the 1st story in conjunction with the use of two rooms for tutoring; and

WHEREAS, the Borough Superintendent contends that in the application for Alt. Permit 2702 of 1952, and in the subsequent application for certificate of occupancy Q84750, representations were made that the number of persons to be accommodated on the 1st story in conjunction with tutoring would be a total of four persons; and

WHEREAS, the applicant states that recent inspection of the 1st story of the premises disclosed a school occupancy with 15 children accommodated at desk; that the operator of the school claims there is no limitation in the certificate of occupancy as to the number of persons to be accommodated and therefore the department is bound by the certificate of occupancy; that the owner of the premises realizes the use of the 1st story may be illegal and accord-

MINUTES

ingly has filed Alt. Applic. 1000 of 1953 accurately describing the proposed occupancy to be a total of 20 persons in conjunction with tutoring in a private school; that this alteration application has been disapproved on May 19, 1953 for the reason that a public building is not permitted in a Class 3 building exceeding two stories in height under Section C-26.254.0 of the Administrative Code; and appeal has been taken to the Board from this disapproval under Cal. 541-53-A; and

WHEREAS, the applicant requests that in order that the situation presented be clarified it is requested that this application to revoke certificate of occupancy 84750 should be heard by the Board at the same time as the application for variance under Cal. 541-53-A, filed by the owner; and

WHEREAS, Violation No. 1101-1953 was issued by the Borough Superintendent March 19, 1953, citing a violation of Section C26-185.0 of the Administrative Code in that the owner was conducting a school for children (about 15) on the 1st story with desks, and arranged as a school contrary to certificate of occupancy Q84750.

Resolved, that the Board of Standards and Appeals does hereby *revoke* Certificate of Occupancy No. Q84750.

16-55-A

APPLICANT—Sidney Daub, for 47 Walker Street Corp., owner.

SUBJECT—Application January 6, 1955—Appeal from a decision of the borough superintendent—re egress.

PREMISES AFFECTED—47 Walker street, south side, 189 ft. 2 3/4 in. east of Church street, Block 193, Lot 32, Borough of Manhattan.

APPEARANCES—

For Applicant: Sidney Daub.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated January 3, 1955 on BN App. 2880/54 reads:

"1. Provide two lawful means of egress from cellar as per Sec. 271 of Labor Law."

and

WHEREAS, the applicant states the building is five stories 67 ft. in height, 38 ft. 1 in. by 98 ft. 6 in. in area, at first floor, 38 ft. 1 in. front by 90 ft. in depth at typical floor, of class 3 construction, erected prior to 1888, on a lot 38 ft. 1 in. front by 107 ft. 6 in. in depth, now in an unrestricted use, B area, class 2 height district, and used and occupied since 1935 as follows: Cellar—newspaper printing, 7 persons; 1st floor—stenotyping, 2 persons; 2nd floor—mailing newspapers, 12 persons; 3rd floor—composing room, 6 persons; 4th floor—sales room (for textiles), 5 persons; 5th floor—composing room, 12 persons; no change in use or occupancy is now proposed; the building is equipped with a dry sprinkler system in the cellar; there is an approved interior fire alarm system and regular monthly fire drills are maintained; there is one 4 ft. 6 in. wide interior wood stairs enclosed in fireproof partitions at the cellar and with fire retarded partitions above; doors to stairs are fireproof, self-closing; stairhall leads direct to roof bulkhead, in addition there is one fire escape extending to roof by stair and to street by stair; window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, the applicant states no no certificate of occupancy has been issued for this building; and

WHEREAS, Violation No. 4888 of 1954 was issued by the Borough Superintendent August 17, 1954 for failure to maintain proper exits as required by Section 271 of the Labor Law; and

WHEREAS, the applicant states that the building has been in use as a factory building since prior to 1915; that the cellar and first floor will be occupied by one tenant engaged in the printing of newspapers with presses located in the cellar, with an occupancy of 7 persons, and for stenotyping work on the first floor with an occupancy of two employees; that cellar exits consist of a 4 ft. 6 in. wide wood stairway located at the east side near the front of the building which leads to the first story enclosed at the cellar with fireproof partitions and with fire retarded partitions at the first story provided with fireproof self-closing doors at top and bottom of the stairway; that persons using this stairway have only a short distance to travel at the first story to reach the street by a 3 ft. wide fireproof self-closing door opening to the fire retarded entrance hall direct to the street; that in addition there are a pair of exit doors at the first story opening directly to the street; that at the front of the cellar there is a fireproof boiler room with fireproof self-closing door opening to the cellar proper; that in the boiler room there is a wrought iron stationary engineer's ladder leading to a 2 ft. by 3 ft. steel hinged trap door in the sidewalk which it is proposed to equip with an easy opening device consisting of a torsion spring actuated slipbolt arranged with pull chain to within 4 ft. of the cellar floor, no locking device to be provided on either side of this sidewalk door, heating coil will be provided at the sides of the door opening to prevent any freezing of the door; that at the rear of the cellar there are four double hung windows opening to the rear yard which is 9 ft. in depth and extends across the entire width of the building with egress from this yard by 22 in. wide 45° wrought iron ladder extending to a party wall fire escape balcony with windows opening into the adjoining building to the east at No. 49 Walker street; that this balcony is located at the first story; that the cellar ceiling is covered with pressed metal and the entire cellar is equipped with a dry non-automatic sprinkler system connected to a Fire Department siamese at the sidewalk at the front of the building and there is an approved interior fire alarm system throughout the building and regular monthly fire drills are maintained; and

WHEREAS, the applicant contends that the occupancy is very light and is of a non-hazardous nature and it is therefore requested that the Board grant a variation of the provisions of the Labor Law so as to accept the existing cellar exits; and

WHEREAS, on August 16, 1917 the Board granted a variation of the requirements of Section 79(b) 1 of the Labor Law so as to permit the omission of the extension of the stairs to the roof on condition that a gooseneck ladder be erected on the front fire escape from the top story balcony to the roof; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on B.N. 2880/54, Objection No. One and that the appeal be and it hereby is *granted, on condition* that the means of exit from the cellar shall be as shown on revised plans marked "Received July 18, 1956" (2 sheets), and plans previously filed marked "Received January 6, 1955" (3 sheets); that the window at the rear of the first floor shall be hinged so as to permit exit to the rear yard and the exterior fire escape from which access is available to the roof and by means of a balcony to the adjoining premises; that the engineer's ladder in the cellar shall be maintained with an easy opening device as proposed; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the dry sprinkler system shall be maintained in the cellar; that the interior fire alarm system and monthly fire drills shall be maintained; that the building shall not be increased in height or area; and that the rear fire escape shall be maintained in accordance with the requirements therefor.

APPLICANT—Sidney Daub, for Harriet Fybush, owner.
SUBJECT—Application February 28, 1955—Appeal from a decision of the borough superintendent, re egress.

PREMISES AFFECTED—93 Crosby street, east side, 195 ft. south of Prince street, Block 496, Lot 8, Borough of Manhattan.

APPEARANCES—

For Applicant: Sidney Daub.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 25, 1955, on B.N. App. 3436/55 reads:

"1. Provide 2 means of egress from cellar. Sec. 271 L.L.

"2. Provide 2 means of egress from all floors (fire escape unacceptable from 6 story bldg.) Sec. 271 L.L."

and

WHEREAS, the applicant states the building is six stories, 67 ft. in height, 25 ft. 10 in. front by 69 ft. in depth, at first floor, 25 ft. 10 in. front by 64 ft. in depth at typical floor, of class 3 construction erected prior to 1917, located in an unrestricted use, B area, class 1½ height district and used and occupied since erection as follows: cellar—storage of auto accessories and boiler room, one persons; 1st floor—motor vehicle repair shop, 4 persons; 2nd floor—manufacturing metal boxes, 2 persons; 3rd floor—manufacturing cloth buffers, 2 persons; 4th floor—manufacturing hair brushes, 5 persons; 5th floor—manufacturing jewelry, 5 persons; 6th floor—vacant; no change in use or occupancy is proposed except that the sixth floor will be used for manufacturing, with an occupancy of 5 persons; the building is provided with an approved interior fire alarm system and regular monthly fire drills are maintained; there is one 2 ft. 8 in. wide interior wood stairs enclosed in partitions of wood studs, covered both sides with metal lath and cement mortar, equipped with fireproof self-closing doors, and extending to roof bulkhead and one fire escape on the rear extending to roof by stair and to yard by stair, with egress from the rear to a gasoline station fronting on Lafayette Street. Window and door openings on the course of the fire escape are fireproof; and

WHEREAS, Violation 379/54 was issued for failing to provide egress from the premises as required by Section 271 of the Labor Law; and

WHEREAS, the applicant states that the fire escapes in question are at the rear of the building and have 4 ft. wide balconies with 60°, 22 in. wide connecting stairways from 2nd floor to roof and a 45° stationary stair from 2nd floor to the adjacent gasoline service station premises fronting on Lafayette street; that the gasoline station fronting on Lafayette street is in the same tenancy as the first story of the building in question; that the owner of the gasoline service station has given consent under date of April 2, 1936, to use the station as a means of egress from the termination of the rear fire escape of the building in question; that the fire escape balconies and stairways have 4 ft. 6 in. high railings on the outside and 3 ft. railings on the inside of the stairs and well openings; that openings on the course of the fire escapes are fireproof, wire-glass automatic closing; and

WHEREAS, the applicant contends that in addition to the fire escapes the building has a 2 ft. wide wood stairway from the first story to roof enclosed in wood studs covered both sides with metal lath and cement plaster, equipped with fireproof self-closing doors at the openings and a fire retarded hallway at the first floor leading directly to the street; that the first story is used as a motor vehicle repair shop by the same tenant using the gasoline service station at the rear; that this tenant also uses the cellar

of the building in question for the storage of automobile accessories; that no manufacturing will be conducted in the cellar; that the ceiling of the first story is fire retarded with metal lath and cement plaster and the floor is finished with cinder deafening and cement finish; that the front portion of the cellar is the boiler room; that cellar exits consist of a 3 ft. wide stairway enclosed at the cellar with fireproof block equipped with fireproof self-closing door at the cellar level; that this stairway extends to the first story office of the motor vehicle repair shop which has a door opening into the service station; that there is also a fireproof door opening in the front portion of the cellar from which there exists a stationary iron engineer's ladder and a 2 ft. by 3 ft. steel hatchway trapdoor in the sidewalk, which the owner will equip with an easy opening device consisting of a spring actuated slip bolt arranged with a pull chain to within 4 ft. of the cellar floor and no locking device will be provided on the sidewalk door; that heating coils will be provided at the sides of the opening to prevent freezing of the door, and the owner will erect 8 in. cinder block enclosure at the cellar to provide unobstructed egress to the ladder; that the building is equipped with an interior fire alarm system and monthly fire drills are maintained; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on B.N. App. 3436/55, Objection Nos. 1 and 2, and that the appeal be and it hereby is granted, on condition that the cellar shall be used for storage only; that the exits shall be maintained as shown on plans filed with this appeal marked "February 28, 1955" (6 sheets), and as to Objection No. 2, to permit the existing means of exit consisting of enclosed stair leading direct to Crosby street and fire escape on the rear leading to the existing gasoline station at the rear from which unimpeded access can be had to Lafayette Street; that the enclosed stair shall be put in a proper state of repair; that the occupancy of each upper floor shall not exceed five; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto.

619-55-A

APPLICANT—Raymond Irrera, for Long Island City Savings and Loan Association, owner.

SUBJECT—Application July 22, 1955—Appeal from a decision of the borough superintendent—re connecting frame building to brick building.

PREMISES AFFECTED—37-08 to 37-10 Broadway, south side, 50 ft. east of 37th street, Block 655, Lots 36 and 37, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Raymond Irrera.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 30, 1955, on Alt. Applications 976 and 977/55 reads:

"1. The connecting of a frame building to a brick building on the 1st floor and cellar is contrary to Sec. 4.2.3 of the Building Code."

and

WHEREAS, the applicant states the buildings are 3 stories, 38 ft. and 40 ft. in height, 53 ft. 8½ in. front by 100 and 55 ft. in depth on 1st floor; 53 ft. 8½ in. front by 60 and 55 ft. in depth at typical floor, of class 3 and 4 construction.

MINUTES

erected in 1898 and 1905 in a business use, B area, class 1½ height districts; used and occupied since 1929 as follows: Frame building—cellar—storage, boiler room, toilets and rest room, 5 persons; 1st floor—bank, 50 persons; 2nd floor—vacant; 3d floor—dwelling, 2 families. No change in use or occupancy is proposed for this building. Brick building used as follows: cellar—storage, 0 persons; 1st floor—vacant store; 2nd floor—dwelling, 1 family; 3d floor—dwelling, 1 family; proposed to be used: cellar—storage and record room, 5 persons; 1st floor—bank, 20 persons; 2nd and 3d floors—same as at present. The building is provided with one 3 ft. wide wood stairs, enclosed in partitions of wood lath and plaster, equipped with wood, self-closing doors; stairhall leads direct to street and to roof bulkhead. In addition there is a fire escape at rear extending to roof and yard by ladder with egress to street through 1st story; and

WHEREAS, the applicant states that the building at 3708 on lot 36, is a 3-story brick building erected under N.B. 1587/1905 with a frontage of 25 ft. 5¾ in. and a depth of 100 ft. and used on 1st floor as a store with 3-room apartment at rear and one apartment on the 2nd and one on the 3rd floor; that the building known as 3710 Broadway, located on lot 37 is a 3-story frame building, erected prior to 1898 and used as a store on 1st floor with an apartment on the rear and two apartments on the 2nd and two on the 3rd story; this building has a frontage of 28 ft. 3½ in. and a depth of 100 feet; and

WHEREAS, the applicant states that under Alt. App. 507/47 the 1st story of the frame building was converted to banking facilities and a class 3 one-story extension erected at rear covering the balance of the lot; the upper floors remained unchanged with exception of relocation of stair from 1st to 2nd floors; that the work was completed in 1949; that since this was an old-law tenement, no certificate of occupancy was issued but a letter of completion was issued August 24, 1949; and

WHEREAS, the applicant states that since the frame multiple dwelling cannot be extended, an application was filed under Alt. 2416/54 to remove the building from the multiple dwelling class by the removal of plumbing fixtures in kitchens and bathrooms of the two apartments on the 2nd floor which were then vacant, the 2nd floor to remain vacant until some future date when the bank will alter the 2nd floor for its own use as offices for its mortgage department; that work was completed under this alteration application and a letter of completion dated February 21, 1955, issued by the Department of Buildings; that in similar manner, the store and apartment on the 1st floor of the brick building became vacant and an Alt. Applic. 2649/54 was filed for removal of plumbing fixtures in the kitchen and bathroom on 1st floor rear apartment, thereby removing this building from the multiple dwelling classification; that this work was completed and a letter of completion issued February 21, 1955; and

WHEREAS, the applicant states it is now proposed to connect both buildings on the 1st floor by removing existing walls and extending the banking facilities now in the frame building to the brick building, as indicated on plans filed herewith and to connect the cellars of both buildings by cutting a new opening into foundation walls toward the front portion of the cellar; and

WHEREAS, the applicant states that the existing store front and front wall of the 1st story will be completely removed and new brick and limestone erected; the front wall of 1st stories of both buildings will have new aluminum windows replacing those of wood and the entire exterior surface of these walls will be finished in white cement stucco imitating stone work and affecting the appearance of one building; that the interior of upper floors of both buildings will remain unchanged; that the present flat wall neon sign now located on the frame building will be relocated in the center of both buildings and the existing vertical sign now on brick building will be relocated on the center pier of both buildings; and
